Park opens youth hockey league registration

The Oak Lawn Park District's Ice Arena is proud to announce plans for their youth hockey league which traditionally has been a favorite fall-winter sport in the southwest suburban area. The 1979-80 league fee is $25 for Mites and $35 for Squirts thru Bantams for Oak Lawn residents.

Non-resident rates are $45 for Mites and $55 for Squirts thru Bantams.

The fee includes pre season game, instructional clinics and practices, 18-20 regular season games, playoffs, all star games, hockey jersey and awards. Ability is not important as all players are divided equally (according to their ability level) to provide an opportunity for everyone to play. For more information call 424-7300.

District 126 presents budget

The District 126 School Board will consider the 79-80 budget at the Wednesday, September 19, at 7:30 pm public hearing at the Administrative Center, 9291 W 115th Street. The budget will total $3,986,000 according to Clark Alford, board president. He noted that the School District 126 tax rate in 1980 should be close to the recent $2.52 rate.

1978-79 expenditures by funds are: Educational, $2,880,470; Building, $284,200; Special Education Building, $10,000; Liability Insurance, $80,000; Transportation, $135,000; Illinois Municipal Retirement, $70,000; Rent, $77,000; Life Safety, $35,000; $35,000 and Bond and Interest, $300,000.

Projections done by Rose Strese, District Financial Secretary, indicate that in June, 1980, five funds will be in the red, with a grand total deficit of minus - $730,000. The largest deficit will be - $632,000 in the Educational Fund. Four funds will have black balances totalling +270,000.

The 1979-80 expenditures will be +$300,000 higher than last year. "Even though enrollment is down, minus 6 per cent, the total cost of operating District 126 in 1979-80 is up by 9 per cent more than 78-79," said Superintendent William Smith.

The greatest increase in the budget is in the Educational Fund where expenditures are up +330,000 or +12 per cent. The increase is caused by salary increases averaging 7 or 8 per cent, added special education services required by Federal Law, 94-142, increased materials and text book costs and much higher energy costs. Estimated Early Retirement costs of $33,000 is another additional expense projected in the budget. A $70,000 CETA program is included in the budget but has not yet received State and County approval, according to Donald Zickert, Lane Principal and CETA Coordinator.

STOP
THE BYRNE-THOMPSON RIP-OFF!
SAVE CHICAGO'S CROSSTOWN

WHY DOES MAYOR BYRNE WANT TO GIVE AWAY NEARLY $2 BILLION OF YOUR TAXES ALREADY COMMITTED TO CHICAGO?

●●●

THE RIP-OFF
This past June, Mayor Byrne and Gov. Thompson proposed a "package deal" to to end the legislative stalemate in Springfield on a Transportation Program. Mayor Byrne, not only scrapped one of the most important industrial projects in Chicago's history, but is giving away $1.6 billion of Federal money earmarked for Chicago!! **Our money is being used to help Politicians get re-elected!**

THIS RIP-OFF MUST BE STOPPED!
A comprehensive Transportation Program can be developed without Chicago being robbed blind by Thompson and Byrne and without scrapping Mayor Daley's dream for revitalized Chicago.

HERE'S WHAT THE CROSSTOWN MEANS TO YOU:

JOBS
Conservative estimates are that 10,000 NEW skilled & semi-skilled jobs would be created just during the construction of the Crosstown. By relieving the traffic bottlenecks along Cicero Avenue and the development of 5-10 industrial parks throughout the Southwest side, another 30-40,000 NEW factory jobs would be created. Include the revitalization of Midway Airport and you have another 10,000 jobs. **The Crosstown must be the centerpiece of an economic boom for Chicago.** With key mass transit along the Crosstown, the unemployment problem in the depressed West side would come to a halt.

The Crosstown Expressway is in the Chicago tradition....It offers another opportunity to add dramatically to the quality of life for all our citizens.

Richard J. Daley

ENERGY
Anyone who has driven to or from work on one of Chicago's four expressways knows to one of Chicago's four expressways knows the frustration of these massive daily tie-ups. But besides causing headaches for the driver, millions of gallons of gasoline are wasted by idling cars. The savings to both Chicagoans and suburbanites who must drive to work would be enormous if we had a Crosstown Expressway to take up some of the traffic now overloading our other highways.

CHICAGO BENEFITS
Every major city in the U.S. is undergoing some form of economic austerity due to dwindling tax bases...except for Chicago. Because of city-builders like Mayor Richard J. Daley, individuals who had the vision to think of the needs of Chicago in the future, we do not suffer the problems of a New York, or Cleveland or Detroit.
Now we are at a turning point. If we allow the funds for Crosstown to be ripped-off for some politician's short-term gains, then Chicago will suffer in the long run. Without efficient, available transportation, more and more industries will move out of Chicago and Illinois. As industry moves out, tax revenues decrease and unemployment/welfare payments rise. City services are cut back due to the lack of funds.
Our future depends upon a strong and vital Chicago. Whether you live in the suburbs or downstate, the economic health of Chicago determines the health of the entire state of Illinois.
We absolutely cannot afford to make such a drastic mistake by letting this golden opportunity to revitalize our city's industrial strength go down the drain!

HERE'S WHAT CHICAGO SAYS

"The killing of the Crosstown is one of Mayor Byrne's worst blunders. It would create thousands of jobs, add to the tax base, and generously repay those people displaced by the Expressway."
Alderman Clifford Kelley
Aug. 10, 1979

"Several private transportation experts say that it looks to them as if Chicago's neophyte negotiators had their pockets picked by the more experienced hands representing Thompson. There has been little discussion of this subject around City Hall lest Mayor Shake-up hears about it. Privately, though, at least two key Byrne staffers have cast doubts about how well the city fared.
Basil Talbot
Political Editor
Chicago Sun-Times

"...the major purpose of the Crosstown is purely economic: to open up a vast and decaying part of the city to modern industry and the jobs that it will create and the tax benefit it will produce."
Chicago Tribune Editorial
Feb. 28, 1977

"Some suburban people think that they have little stake in this issue...This is disastrously short sighted. The suburbs have as much to gain by the construction of the Crosstown as the city has. The welfare of the suburbs is tied to that of the city in many ways."
Father William H. Barr
Emmanuel Episcopal Church

Traffic committee announces signal priority

Norm Bacon, Director of Engineering, issued a release stating the findings of the Traffic Review Committee with regards to priority traffic signalization in the village.

Trustee Ron Stancik, chairman of the committee, [illegible] the memorandum which was a culmination of review and special requests. The signals were also categorically listed in the order of importance.

1. 99th Street & Central Avenue; 2. 91st Street & Cicero Avenue; 3. Southwest Highway & Kilbourn Avenue; 4. 103rd Street & 52nd Avenue; 5. 111th Street & Kostner Avenue; 6. 95th Street & Melvina Avenue.

The traffic committee also requested an ordinance for a "NO LEFT TURN" for westbound traffic on 95th turning south on 51st Avenue. The purpose is to restrict this turning move after the "Brandt Coal Yard Commuter Center" is in operation.

Trustee Lester Anderson was opposed to the priority list because the traffic committee had not taken the area of 95th & Ridgeland into consideration where the Sears complex is being built.

Although Mayor Ernie Kolb tried to convince Anderson that it would be taken into consideration at the proper time and that the priority list is flexible, Anderson voted against the memorandum.

Free energy cost saving program offered

How to cut your heating and air conditioning bills is important today. Widowed persons are cordially invited to attend a free program October 5 where two experts will discuss the subject and offer helpful advice.

All indications are pointing to a minimum of 15% increase each year for the next five (5) years in the consumer cost of electrical, and natural gas energy. These two (2) basic energy applications directly affect all of us when it comes to paying our bills. This seminar will deal with the basic approaches that can be applied to conserve energy and to save dollars.

Presentors will be Charles Varner, Vice President for engineering applications of State Automatic Corp., and Howard Dwan, Technical Advisor for energy conservation for the E.C.S. Corp. (Energy Conservation Services Corp.).

Varner, in his technical capacity has for the past 25 years been providing energy conservation services to people whose needs have been to save dollars. These varied approaches applies to residential, commercial, and industrial applications. He is a recognized authoritive individual in the applications of natural or conditioned air and its movement.

Dwan has for many years been consulting with individuals and business concerns in the applications of energy cost saving equipment as presently available on the market.

The meeting, which is, free of charge, is sponsored by Blake-Lamb Funeral Homes as a public service. It is a part of regular monthly T.H.E.O.A.R. (To Help Each Other Accept Reality) program. All widowed people are invited. The October 5th meeting begins at 7:30 pm and ends at 9:30 pm at St. Xavier College, 103rd and Central Park Avenue, Chicago. Refreshments will be served. For more information call Rosemary Bradley at 735-4242.

$1,253,830 cut from Public Works budget request.

Canning: If you don't give us the horses we can't do the work

The budget process was in the second session when Don Canning, Director of Public Works, dropped the bomb on Mayor Ernie Kolb and the trustees. Canning's budget request for the department was $2,863,300 and the amount recommended by Village Manager Dick O'Neill was $1,609,470 or $1,253,830 less than the amount requested. O'Neill admitted that his figure was for the barest necessities.

"If you don't give us the horses we can't do the work!" Canning said, "Every item in the budget is for essential programs that the trustees have passed on to us. If you want these things done," he said, "we must have the equipment and the manpower. Give us the personnel and we'll get your building programs, light programs and traffic programs finished!"

Canning told the board that when the tree trimmers start to work they have to pull them off to put up signs and when they have a few signs up they have to move them from there to work on the streets or sewers.

"We are only doing preventative maintenance," Canning said, "and then are questioned as to how other programs are going. We have to shift the money from other departments and give us a part of the pie."

O'Neill then said that Cannings budget did include five (5) additional employees and equipment. "This is the reason you have a levy," he said.

Trustee Ron Stancik noted that there is a "sharp" difference between Canning's request and O'Neill's figures.

"It is critical," O'Neill replied.

At the first budget session Fire Chief Elmore Harker's total budget was $2,852,030. Of this 67.86% of the increase from last years budget of $2,509,285 is for "fixed costs". The total Personal Service of the above, and is "fixed cost", is $2,312,130 and there is a new cost of $60,7000 in overtime.

Harker requested 6 additional firefighters, 1 dispatcher and 2 clerk typist 11. None of these were recommended by O'Neill as he said he was trying to maintain the budget as it was last year.

Harker said that they were operating at less than 50% manpower on the trucks.

"No communities operate at a full level but we would like to be comparable or better," Harker said. "We are not jeopardizing the community the way we stand but it is the personnel."

Trustee Jay Bergamini said that he believed this was a very serious problem and would support an increase in manpower. First, however, he would like to see some figures on absences and such. "What are we doing about checking," he asked.

Stancik suggested that they look at the overtime request of $60,000 and perhaps put in two men instead.

O'Neill reminded them that the salaries would then be included in the "fixed costs" for the next year. O'Neill added that he believed that new men hired should be omitted from the Kelly Day benefits that are costing the village "thousands of dollars".

E. Karl Faltz, Director of Building & Zoning, presented the budget for his department and there was very little change over 1979.

Faltz when speaking to the trustees said that the community is no longer growing in the manner it had been and that Oak Lawn should now be considered a "mature" community.

"Something like urban conservation," Faltz said, "and we should now convince the people that maintenance should be taken care of today."

Bergamini, who has been very verbal about homes and businesses in disrepair, said that he had talked to village attorney Pat Lucansky on the subject of an ordinance to control abuses and that Lucansky brought them back to Faltz and he has had no response.

Trustee John Hardek objected to this procedure at this point saying that we can't tell people how to care for their property.

"We have to revise that thinking," Bergamini said, "and establish a new orientation as to how our village will look twenty years from now."

Hardek replied, "You are on very dangerous grounds. A man's home is his castle and we cannot tell them how to keep their houses."

"We must not concern ourselves with the minority when his property is detrimental to "our" castles," Bergamini said. He spoke of businesses also where the people didn't live here and do not care.

"There has to be something for the rest of us," he concluded.

Book Covers Galore from Heritage Standard Bank

"Back-to-School" days were commemorated again this year for all the children in the community at Heritage Standard Bank, 2400 W 95th Street, Evergreen Park. On Friday and Saturday, September 7 and 8, all students and parents of school children who came into the bank lobby or drive-in received a colorful book cover FREE.

Instructing grade school children (l to r) Andrew Sherman, Michael O'Grady, John Clemens, David Sherman, John O'Grady, and Colleen O'Brien is Mary Johnston, (far right) assistant cashier. Attentively watching as the students learn how to cover books are bank employees (l to r) Anthony O'Grady, auditor, Russell Hollender, assistant vice president of Personal Banking, and Robert Kennedy, president.

The attractive and educational book covers given at Heritage Standard Bank are patriotically colored in red, white, and blue. Decorated with stars and stripes, they show pictures and terms of office for the presidents of our country. Historic sights such as the United States Capitol and the White House are illustrated on them. In addition, students become familiarized with the "Pledge of Allegiance" listed on the covers.

These special gifts from Heritage Standard Bank can be used to preserve favorite books or protect valued works as they are passed down in the family or loaned to friends.

Antique cars exhibit at Evergreen Plaza

Beautiful antique cars dating back to 1908 will be on exhibit in Evergreen Plaza at 95th and Western Avenue on October 12-14. Sponsoring the Antique Car Show will be the Mid-Continental Region of the Lincoln-Continental Owners Club.

Twelve of this area's most beautiful classic automobiles will be on display thruout the Evergreen Plaza. A few of the outstanding cars that will be on exhibit include a 1908 one-cylinder Brush, a 1940 Lincoln Continental Convertible, a 1941 Cadilac and a 1948 Packard Convertible.

Members of the organization will be on hand with their cars to answer any questions you may have. If you are interested in becoming a member of the club there will be information available.

Director of the Lincoln-Continental Owners Club, Charles Fabian, states that these cars are strickly a hobby for the owners.

The Anitque Car Show is open to the public and is free of charge. The cars will be on display during regular mall hours. If you admire fine cars or are a collector yourself, this show is sure to offer a great afternoon of enjoyment.

Grajek named State Commander of Disabled American Veterans

Alfred W. Grajek of Worth, resident and businessman, was recently elected State Commander of the Disabled American Veterans.

Grajek, owner of the Veterans Barber Shop and Renaissance Beauty Salons in Worth and Palos Heights, has been actively involved in the DAV since returning from the far-east theater of operation in 1946, where he served as S/sgt with the U.S. Air Force.

He is active in many civic and business organizations, and an Air Force Assn charter member. He belongs to the VFW, American Legion, Polish Legion of American Veterans and the China-Burma-India Veterans Assn U.S.A. Grajek also has been named the honorable Royal Scribe for the Ancient Order of the Royal Domain of King Neptune.

Grajek, has been awarded many citations and awards. He has been named three times as the Veteran of the Year. He also is a holder of the two highest National Awards that can be bestowed upon DAV members.

Al Grajek has always been on the top in recruitment of new DAV members. He organized ten DAV chapters in one single year. He has been named the Veterans Veteran, by the Northern District DAV in 1973-74. Al was elected to the highest National Position, that of the National Chief Executive, of the Honored Degree Org of the Disabled American Veterans, the N OTR Imperial Golden Rodent.

In briefing the press in Rockford, Illinois recently, Grajek said that as the State Commander, he will continue to strengthen Illinois DAV membership, there is a potential of over 70,000 of disabled veterans in the State of Illinois, and the DAV in every corner of the State will be contacting the eligible veterans with War Connected Disabilities to join the DAV.

Grajek said that every veteran with a service connected disability should contact the DAV office immediately by calling 312-275-2353 or 312-448-0282. Vietnam veterans contact the same numbers.

Grajek also stated that he will continue to strengthen the DAV public relations between the congressional legislators, senators and the Illinois state representatives.

Commander Grajek assured the veterans, that the time is coming fast where the veterans in Illinois must form and organize a strong voting block telling their representatives that 2 million veterans with their families is nothing to be fooling around with.

Grajek told the DAV convention delegates that the members of the Disabled American Veterans in Illinois are irate, over the Carter administration's continuous attack on veteran's benefits and for declaring a total war against VA appropriations and the institutions, where the veterans are seeking assistance in hospitalization and veterans care.

Grajek added that 1980 state and national elections are fast coming upon us, and the 30 million veterans and their families will be urged to vote out of office, all those congressmen, senators or local legislators whose principles are not in contact with the veterans benefits and his dependents.

State Commander Al, also announced, that this year he will be looking for a contribution of a building to be suitable for a permanent DAV State Home and Headquarters.

Offers may be directed to Alfred W. Grajek, State Commander, Disabled American Veterans, 5526 N Lincoln Avenue, Chicago, IL, phone 312-275-2353 or Alfred W. Grajek, State Commander, Disabled American Veterans, 6435 W 111th Street, Worth, IL 60482, 312-448-0282.

Grajek told the media that the Illinois DAV is looking for industries and companies who are employing disabled veterans and handicapped persons. Management may contact Grajek at 6435 W 111th Street, Worth, IL 60482, 312-448-0282.

Pearson named General Chairman Lion's Candy Day campaign

Len Pearson, Oak Lawn, has been named General Chairman of the Candy Day campaign for the Oak Lawn Lions Club.

As general chairman, Pearson has responsibilities for coordinating the fund-raising drive here. The local goal is $10,000, as part of the state-wide effort on Friday, October 12 to raise $1,000,005 to fund a variety of humanitarian projects. Candy Day benefits the blind, visually handicapped, deaf, and hearing impaired.

Funds are retained for local use and also are sent to the Lions of Illinois Foundation, the charitable arm of Illinois Lions.

Among programs administered by the foundation with the cooperation of all Lions in the state are a Social Services and Referral Department; a Mobile Glaucoma Screening Unit; a Mobile Hearing Services Unit; a camping program for handicapped children; and collection and redistribution of used eyeglasses and hearing aids.

Candy Day funds also support grants to various agencies approved by state Lions.

Other Candy Day committee chairmen named were Roger Hannapel, manpower; Dale Clinkman and Bill Cummens, publicity. Mary Giokas, President of the Leo Club will be recruiting the Leos to work in the drive.

Mangan to Board of Directors

Robert T. Mangan has been named to the board of directors of Chesterfield Federal Savings, it was announced by William A. DeHaan, president and chief executive officer of the association.

Mangan has been active in the general contracting and development business in Chicago and the south suburbs for over 25 years. He is a partner in Mangan Builders, Inc., with officers at 10735 S Cicero Avenue, Oak Lawn. He and family reside in Olympia Fields.

Park District taking names for referees and scorekeepers

The Oak Lawn Park District is now accepting applications from high school and college students for basketball referees and scorekeepers for the fall.

General knowledge and understanding of basketball is necessary. Schedules are flexible – two to five nights per week. Applications and more information may be obtained at the park district office, 9400 Kenton.

Energy conference planned at IU

The major petroleum and natural gas issues facing government, industry and the American consumer will be examined in depth at a 3-day conference on energy planned by Illinois U at Chicago Circle (UICC).

The October 9-11 conference, the seventh annual energy meeting conducted by UICC's Energy Resources Center (ERC), will be held in the Pick-Congress Hotel. It is co-sponsored by the Department of Energy (DOE), the Illinois Energy Resources Commission and the Illinois Institute of Natural Resources.

Major topics to be covered include deregulation and its impact on supply and demand, incremental pricing, taxation policies, natural gas production, the United States position in the world oil market, consumer-related issues, the development of alternative future technologies and alternatives to the latter.

Keynote speakers are Rep John Anderson (R-IL), ranking member of the House Rules Committee and former member of its ad hoc Energy Committee (12 noon Tuesday, Oct 9); Leslie Goldman, DOE's assistant secretary for policy and evaluation (12 noon Wednesday, Oct 10), and M. King Hubbert, formerly associated with the U.S. Geological Survey (7 pm Wednesday, Oct 10).

The conference registration fee of $80 covers the cost of three luncheons, one dinner and a copy of the full proceedings. For additional information and a conference program, phone UICC's Energy Resources Center at 996-4490.

commentary

Everyone out of step but Governor James Thompson .

It would seem that the forces building up against Governor James Thompson, on his proposal of a reduction of one cent of the sales tax on food and medicine, are growing stronger as the time grows closer to settle the issue.

Thompson vetoed a plan to phase out the state sales tax on food and medicine over the next four years claiming that the state cannot afford the program and that the cities and municipalities would suffer as a result.

This hardly seems plausible when Chicago Democrats and suburban Republicans have critized Thompson's reasoning along with State Comptroller Roland W. Burris who announced that the state "can easily afford the sales tax relief since it has a half billion dollars in surplus".

Following is a letter from William A. Redmond, Speaker of the House in Springfield, that in the printing as suggested by Redmond, is evidence of our support of the override necessary to support the passing of legislation that would ultimately remove the sales tax from food and medicine.

Dear Editor:

The recently completed session of the General Assembly was the most productive in the twenty-one years that I have served as a member of that body. Our foremost accomplishment was the passage of legislation exempting food and drugs from the sales tax. This was the culmination of a forty-five year struggle consisting of more than thirty attempts to remove these basic items from this unfair, regressive tax.

Governor Thompson defended his veto of this legislation with the charge that the General Assembly was politically motivated in adopting this reform. This charge is absolutely false. There is no other change in Illinois' tax laws that would more significantly improve the equity of our tax system than would removal of the sales taxes on food and drugs, as many of you have written on your editorial pages.

The General Assembly would not have approved this legislation if it were not fiscally responsible. In fact, there never has been a time when the State of Illinois could better afford this tax relief. The balances in the state's general funds at the end of July were the highest in the state's history. In addition, the legislation phases-out the tax on food and drugs over a five-year period. If economic conditions threaten the state's finances the phast-out schedule can easily be extended over a longer period of time.

Enacting this legislation now is timely because the exemption of food and drugs from the sales tax is one of the most anti-inflationary actions the General Assembly could take. As you know, there have seldom been times where the need for anti-inflationary measures has been greater than the present.

The enclosed position paper elaborates on the reasons why the General Assembly passed this important legislation. (A petition paper entitled "Why Override HB2564?" was enclosed to VILLAGE VIEW.) It includes facts not available at the time the sales tax bill was introduced. Although the legislation was initiated by the Democratic members of the General Assembly, many Republican Representatives and Senators also voted for it. The override of Govenor Thompson's veto of this measure will be the most important matter to come before the fall session of the General Assembly, which begins October 3. Only seven additional votes in the House are needed to override the governor's veto, and the Senate had more than enough votes for an override when it initially passed the legislation.

Please study our reasons for enacting this landmark legislation. If you agree with them, I urge you to lend your editorial support toward making this override effort a success.

Thank you for your consideration of this important matter.

/s/ William A. Redmond,
Speaker of the House

Winter increases dangers

Below are several safety tips to Oak Lawn residents to prevent tragic fires in their home.

Before the winter winds start blowing, have your furnace checked by an authorized serviceman. The homeowner should check dirty filters and chimneys clogged with a bird's or squirrel's nest,

With high cost of energy many people are installing fireplaces and wood burning stoves. The major risks associated with wood burning equipment are inadequate clearances between combustible material and stoves and chimney connectors, improper installation and improper maintenance of equipment including chimney systems. The chimney must be inspected and cleaned periodically by a professional chimney sweep for the buildup of creasole. The National Fire Protection Association states that there have been reports of complete blockage of chimneys because of creasole deposits within 72 hours of installation.

Also precautions should be taken when you store barbeque grills and any other appliances that have portable L.P. tanks.

These tanks should be stored in a cool area. The reason for this is when the gas is heated it expands releasing the vapors into the room. These vapors can and will be ignited by the pilot light on water heaters, furnaces, cloths, dryers, and smoking materials.

ASSISTANCE THRU GRANT PROCESS

Assistance is available for many worthwhile activities and programs through the grant process. My office frequently received requests for information on how to get federal assistance for projects, so outlined below are some fundamentals of the grant process to help you.

Remember that a considerable amount of federal assistance is in the form of money, but there are nearly 500 federal programs that offer non-financial rather than financial assistance.

TYPES OF ASSISTANCE: Grants. . .Loans. . .Contracts . . .Insurance. . .Scholarships. . .Loan guarantees. . .Subsidies.

TYPES OF NON-FINANCIAL ASSISTANCE: Counseling; Training; Technical Assistance; Investigation of complaints; Publication and distribution of information; Sale, exchange or donation of federal real and personal property; and Use of federal facilities, equipment and goods and services.

We do not write grants or prepare them in any way. But my office is available to provide guidance and information and we are anxious to assist you.

If you or your organization are in need of any of the assistance listed above, I suggest you:

1) Contact my office, describe your needs and tell me about your organization, what your project is designed to do and how much you think it will cost;

2) We will send you a response, which will usually include descriptions of various federal programs that may apply to you as well as a more detailed summary of the grant process;

3) Check the Applicant Eligibility section of the program description to determine eligibility (applicants who are still uncertain of their eligibility under a program should contact the appropriate federal agency);

4) Contact the federal headquarters, regional or local office, as appropriate to determine the following:

—The current availability of funds and the likelihood of receiving assistance within a given period.

—If there are any restrictions on the use of the program funds, the time permitted to use the funds and the timing of disbursements (quarterly, etc.).

—What pre-application and application forms are required (request these forms and, where necessary, find out whether consultation and assistance is available to preparation of the applications.).

—What applications should be sent and by what date(s).

—Whether there are matching requirements that must be met.

Commendation

WHEREAS, The Oak Lawn Police Department, as in many municipal Police Departments, are sometimes ridiculed by the public, criticized by their superiors, scrutinized in the judicial process, questioned by their friends and notarized in the process; and

WHEREAS, the family life tempos are often disrupted by changing shifts around the clock, working while many are resting; and

WHEREAS, their physical persons and their very lives are in constant jeopardy in protecting our families lives and property;

BE IT, THEREFORE, resolved by the Oak Lawn Village Board of Trustees that all members of our Oak Lawn Police Department be commended for their ever-improving professional police service to our community and gratefully thank them and honor them for their deligence, bravery and perseverance in the performance of their duties for us, often in the face of relentless forces that sometimes work against them.

Dated this 28th day of August A.D. 1979

Earnings for Many Approaching Limit

This is the time of year when the earnings of many working people who receive social security benefits are approaching the point where their benefits may be affected, a social security representative said recently.

Once a person's earnings exceed the annual limit, $1 in benefits is generally withheld for each $2 of earnings. The 1979 annual limits are $3,480 for people under 65 and $4,500 for people 65 or over.

Many people getting benefits plan to earn no more than the limit but for one reason or another, their earnings exceed it and they have to repay benefits that were incorrectly paid.

That is the reason, the spokesperson said, people should take a little time to review their earnings for the first part of 1979 and make sure of where they stand.

One thing people should keep in mind is that gross earnings, not just take home pay, count towards the annual limit. Remembering this point will keep many people from going over the limit.

Another important point is that it is when wages are earned, not paid, that decides whether they should be counted. For example, wages earned late in 1979, but not paid until 1980, count toward the 1979 annual limit. By the same token, wages earned late in 1978 but not paid until 1979, do not count toward the 1979 limit.

More information about how earnings affect social security benefits can be found in the leaflet, *If you work after you retire.* Copies can be obtained at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory.

LCMH introduces cardiac education program

One of the most frightening aspects of being a cardiac patient is not knowing the severity of one's illness or when the next attack may strike. In order to ease some of the apprehension that cardiac patients may experience, Little Company of Mary Hospital has developed an extensive cardiac patient education program for in-patients and out-patients.

The response to the out-patient program has been so positive that Little Company of Mary Hospital is now offering it to community residents who have recently suffered a heart attack. Family and friends are also invited to attend these sessions. There is no charge for this program.

Classes are held every Friday evening from 7 till 8 pm in the Education Building. Topics for each week of the month include anatomy and function of the heart, risk factors related to heart disease, diet management and resuming selected activities with guidelines to medication therapy.

The first phase of the teaching program consists of one nurse and dietitian assigned to each patient and family during hospitalization. The program begins after the patient is transferred from the Intensive Care Unit and concludes prior to the patient's discharge from the hospital.

The second phase of the teaching program is done on an out-patient basis and is attended by the patient approximately six weeks after returning home, and with his/her physician's approval. This program is a group meeting designed to help the recent cardiac patient and his/her family learn more about heart disease. The program's objective is to help people make appropriate adjustments in their lifestyle.

For further information or if you wish to sign up for the program, please call Patient Education Coordinator, Joan Murphy, R.M., at the LCM Inservice Education Department, 422-6200, ext 5830.

Park Lawn celebrates 25th Year

The Park Lawn Association recently announced the observance of its 25th year of service to the mentally retarded.

Having been organized in 1955 with 10 families for the purpose of providing activities and a training program for their handicapped children, Park Lawn has grown to its present membership of 150 families with an enrollment of 130 students and adult clients in school and workshop programs.

To celebrate this Silver Jubilee year, Park Lawn, under the general chairmanship of Gordon Woods, will mark this milestone with special emphasis at various events through June of 1980.

Heading the list of Silver Jubilee features will be the Fall Dinner Dance, participation in parades sponsored by some of the local communities, contests, a Silver Jubilee Christmas Card and an Open House to be held on May 18, 1980.

The members of the Board of Directors and the Silver Jubilee Committee invite the many friends of Park Lawn to join them in this momentous celebration.

Your ideas and participation are most welcome. For further information, please call Dorothy Durante, Director of Public Relations at Park Lawn School, 425-3344.

Property owners invited to "Project Reach-Out"

Evergreen Savings is helping co-sponsor "Project Reach-Out" for property taxpayers, Tuesday, October 2 from 9 am to 1 pm at the Evergreen Park Community Center.

Two representatives from the Cook County Assessor's office will be at the free meeting. All interested property owners are invited to sit down with the representatives and personally discuss their property tax assessment. Questions concerning the procedures in assessing property will be answered. And, information on a variety of exemptions will be made available, including exemptions for senior citizens, home improvements and assessment increases. The representatives will even assist citizens in filing complaints on their property assessment.

Representing the assessor's office at the Evergreen Savings co-sponsored "program Reach-Out" will be Leroy E. Johnson of Evergreen Park, and Jim Moody, a resident of Chicago's southwest side.

Johnson has worked in the Correspondence Dept of the Cook County Assessor's office since 1975, answering letters from property owners and problems addressed to "Action Line" and "Action Time" columns of the metropolitan newspapers.

Moody, a Hearing Officer in the Taxpayer Assistance Dept of the Cook County Assessor's office, advises taxpayers as to the procedures in filing a formal complaint regarding property assessments.

Evergreen Savings President Eugene Lyons stated, "Because Evergreen Savings handles so many home mortgages, people often come to us for advice on property tax assessments. We're happy to help co-sponsor "Program Reach-Out" for all homeowners in the Evergreen Park community. We hope it will answer many of our neighbor's questions and possibly even save them some tax money."

Asthma education program for parents

A special asthma education program for parents will be held by Chicago Lung Association in Oak Lawn on four Thursdays, October 18, 25, November 1 and 8, from 7 - 9 pm. All sessions will be held at the Haroid Richards High Schooi, 10601 Central.

Purpose of this educational series for parents, grandparents, schooi nurses and teachers of asthamatic children is to help them understand what happens when a child has an asthmatic attack and how to deal with the physical, emotional and environmental factors which contribute to such a condition.

John Hyde, M.D., a leading Chicago area specialist in pediatric allergy and asthma, will be the featured speaker at the opening session. He will discuss the nature and causes of asthma and offer suggestions for preventing asthmatic attacks.

De Hyde teachers at Rush Medical College and is on the staff at Rush Presbyterian St Luke's Hospital.

Subsequent sessions will deal with how to handle an acute asthamatic attack, the emotional aspects of asthma, postural drainage and physical activities for asthmatics. To insure that the subjects covered are clearly understood by all the parents the workshop sessions will be followed by time for questions and discussion with the speaker.

To allow maximum participation by all those in attendance enrollment is limited to 40 and advance registration is required. There is a $10 refundable fee which will be returned to those attending three sessions.

For more information and registration call Chicago Lung Association at 243-2000, ext 65. Registration will close October 8.

Christ Hospital Debutante Nancy Lough

Nancy Lough, a debutante bowing in the 1979 Christ Hospital Cotillion, spends much of her spare time as a candy striper at Christ Hospital.

Nancy's favorite sports include swimming and water skiing. She competes for the Oak Lawn High School Swim Team, and serves as a swim timer. Nancy also served on the Junior Class Advisory Board during the past school year. Her other interests lie in music, as Nancy sings in the Treble Choir.

As a senior this fall, Nancy is making plans for post-graduation. She intends to enroll in the School of Nursing at Loyola U. She is the daughter of Mr and Mrs Robert T. Lough of Oak Lawn.

Mrs Walter Lipinski and Mrs Donald Forsyth, both of Oak Lawn, are the chairman and co-chairman of the 1979 Cotillion.

McNamara named Chief Engineer

Production Engingering Company, Elmhurst announced the appointment of John J. McNamara to its newly created position of Chief Engineer.

Richard P. Haegele, President, states that McNamara will assume responsibility for manufacturing operations audits conducted by Production Engineering Company and will develop training programs for customers' line supervision and manufacturing engineering personnel. In addition, he will serve as project manager over the more complex metal-forming systems sold by Production Engineering Company.

Before joining Production Engineering, McNamara served for 19 years in manufacturing research, tool engineering and manufacturing engineering management positions with Continental Can Company, Amplenol Industrial Division of Bunker Ramo Corporation, and Reflector Hardware Corporation.

Still time to be queen of Roses Stardust float

There is still time to enter Farmers Insurance Group of Companies' contest to select a queen for its "Stardust" float in Pasadena's 91st annual Tournament of Roses parade, according to Agent Bob Kane at 5253 W 95th Street, Oak Lawn.

Farmers Insurance Group will give the national winner an all-expense-paid trip to Pasadena to take part in the parade on January 1.

The contest is open to women who are at least 18 years of age on the closing day of the contest, October 9, 1979.

Winner of the local contest will be entered in the national finals. The national winner will ride on the companies' "Stardust" float, which will honor the famous song.

Judging will be on the basis of photographs submitted by contestants.

Entry blanks and contest rules are available at Bob Kane's office at 5253 W 95th Street, Oak Lawn, IL 60453.

O'Malley Clan plan Second Annual Dinner at Holiday Inn-OL

It's that time of year again! The O'Malley Clan Committee of Chicagoland is presenting their Second Annual Dinner, on Sunday, October 21, 1979.

The O'Malleys will be gathering at the Oak Lawn Holiday Inn, 4140 W 95th St. The cash bar will be open at 3 pm. A succulent prime rib dinner will be served later in the afternoon.

The guest of honor will be Patrick L. O'Malley, Chairman of the Board of the American Canteen Corp, and President of the Chicago Park District. This will be his first appearance before the O'Malley Clan as the permanent Honorary Chieftain. At the first dinner, Patrick gave a scintillating speech which was reprinted in full in The Irish American News.

Traditional Irish and American music will be featured. You will be able to dance, to sing along and to enjoy your heritage thru participation in the arts of Ireland. There will be plenty of time to visit and reminisce with both old and new friends.

You will be surprised that all of this can be offered for a modest amount of $15 per person. Tickets are going fast. Last year's event was sold out early. Please confirm your reservation soon to insure your place at the O'Malley fest. Tables will be available for groups of 10; of course they will be delighted to see you -- one or twenty. Send a check payable to The O'Malley Clan, c/o Bee O'Malley, 6247 S Pulaski Rd, Chicago, IL 60629, to secure tickets. Tickets can only be purchased in advance. If you have any questions, contact Bee at 582-9500 during office hours.

Historical Society offers Oak Lawn bus tour

The Oak Lawn Historical Society will give residents a chance to see the town of Black Oaks Grove on September 30, as they offer a guided bus tour of the original area of Oak Lawn. The buses will leave from Cook Avenue School, 9526 S Cook Avenue, beginning at 2:30 pm and running until 5 pm. There will be no charge for the tour.

The Historical Society is offering this bus tour to introduce their new series of historic bicycle trails. The first trail, the Black Oaks Tour, covers many of the important historic sites and buildings in the area of the original boundaries of Oak Lawn before its expansion. Other trails are now in preparation. The bus tour will closely follow the Black Oaks Tour route.

Brochures for the self-guided bicycle tours will be available after the conclusion of the bus tour from the Historical Society. As new trails are researched and completed, they will also be available from the Society. Membership in the Oak Lawn Historical Society is open to any person with a sincere interest in Oak Lawn's unique local history. Interested parties may phone the Society at 425-3424 for details.

WORTH SENIOR HOLIDAY FAIR

GARDEN SCHOOL DINNER AND FASHION SHOW

This year, the Annual Garden School Mothers' Dinner and Fashion Show will be held on Tuesday evening, October 23 at the Sabre Room in Hickory Hills. A prime rib dinner will be served, and the fashion show will be presented by the House of Mary, Oak Lawn. Tables will be set up to accommodate 8 persons, and all door prizes will be distributed equally among the tables. There will also be a grand raffle for many fine items.

This is the first of two fund-raisers the parents sponsor each school year to help defray the operating expenses of our school for handicapped children and adults. For many years they have been aided in their efforts by many concerned friends, neighbors, local officials and business people so that they have been able to carry on this vital education program.

Garden School would greatly appreciate any support you can give to make this affair a success. Donation for the dinner and fashion show is $12.50, and raffle books are $5 each. For tickets and reservations call Marion E. Vail, 636-0064.

GALA FALL DINNER DANCE PLANNED

Autumn is many things to many people. However, it has a special meaning to the members of Park Lawn and their loyal friends.

To them it means the Fall Dinner Dance which is held each year at the beautiful Martinique in Evergreen Park. This year the Association will hold this lovely affair there on Friday, November 9 with Don Maty, Ways and Means Chairman, also doing the honors as general chairman of the event.

Mark the "Park Lawn Dinner Dance" in red letters on your calendar and plan to join them for a really festive evening.

For tickets or information, please call Mrs Patt Pratt, ticket chairperson at 597-1997.

Plan Third Annual Croation Open

The Third Annual "Croation Open" held by David Beran (Oak Lawn attorney) and jointly sponsored by the Evergreen Park Sertoma Club, will be held on September 30 at the Palos Country Club from 12 noon until 12 midnight.

The cost at $20 per person includes golf, professional entertainment and "gourmet food", beer and Croation Red Wine. A roast round of beef and two lamb roasts done outside on an open spit will serve as the entree, Pulenta (Pavletic Style), salads (Jewel Style) and desert of Croation Nut Roll will complete the menu.

There will be prizes for everyone including the low gross/net for a Sertoma member, a Croation member and the minority guest and all others.

Chairman of the Committee for the fun affair is Joe Vogrich assisted by Tony Koludrovic and Leo Pavletic.

Please call 499-3313 for ticket and reservation information.

Musical Extravaganza at Prairie Junior HS

Try-outs have been held for the musical extravaganza to celebrate the 10th anniversary of Prairie Junior High School, 11910 Kostner, District 126. Charles Wilkinson has released the names of those students who will be putting on the performance at 2 pm Sunday, October 14 in the school gym.

The Great All-American Musical Diaster

The cast has been chosen for "The Great All-American Musical Disaster," the fall production to be performed in October at Harold L. Richards High School in Community High School District 218.

This hilarious, fast-paced production will be performed at 8 pm both October 26 and 27 at Richards Campus, 107th Street & Central. To obtain tickets, which are $2 and $2.50 for reserved seating, call Activities Director Robert Guenzler at 499-2550, ext 630.

Major roles in this production, which is about a film producer who devises a scheme to get major stars interested in his new film, will be played by HLR students Jane Flynn, Marge Jamroz and Bob Bergquist, all of Oak Lawn.

Other performers include Karen Flynn, Pam Panos, Cathy Baltzer, Deneen Kaly, Diane Chrisler, Annette Bilhorn, Lisa Mayer, Craig Rucin, Dave Slanika, Tony Caputo, John Klatt, Melinda Felton, Jeff Gilles, Nancy Jamroz, Jeanne Wagner and Glenn Leszcak, all of Oak Lawn.

Also, Nancy Jakuta, Julie Ritchey, Paul O'Tooie, and Bill Landry, all of Chicago Ridge and Melanie Barnes of Robbins.

New Sky Show features Space Storms

New moons, new rings and new understanding of the giant ringed planet Saturn will be highlights of "Space Storms," the fall Sky Show which will run thru November 26 at The Adler Planetarium.

Pictures and information sent to Earth on the first of September by Pioneer II, the first space mission to Saturn, will give Sky Show audiences the most up-to-date Saturn report available anywhere.

Mars and Jupiter will also be included in the Sky Show survey of the violent worlds beyond the seemingly peaceful night sky seen from Earth.

"Earth's weather looks pretty tame compared to the stormy weather in space," Associate Astronomer Dr James S. Sweltzer commented. "Even hurricane David was far milder than the 400-year cyclone which we see as Jupiter's red spot, or the incredible force of particles blasted into space by dying stars."

Four familiar weathercasters who usually describe the weather on our own planet will tackle a different challenge as they make "on location" weather reports to the Astro Weather Center on current conditions farther afield in the universe.

WMAQ-TV weatherman Jerry Taft will report from the sun; WBBM-TV's John Coughlin will call in from Jupiter; WLS-TV meteorologist Dr Frank Sechrist will describe the weather one million light years from Earth high above the Milky Way galaxy and WGN-TV's Tom Skilling will report from 60 million light years away in the Virgo cluster of galaxies.

Sky Shows are presented Monday thru Thursday at 2 pm; Friday at 2 and 8 pm and Saturday, Sunday and holidays at 11 am, 1, 2, 3, and 4 pm. Admission is $1.50 for adults and 75¢ for children 6 to 17. Senior citizens with identification and Planetarium members are admitted free. Children under six are not admitted to Sky Shows but are welcome to the building and exhibit areas.

The Adler Planetarium is located at 1300 South Lake Shore Drive.

Memories of the King

What does an average teenager do for kicks nowadays? One Oak Lawn teen has a truly interesting pass time; impersonating Elvis Presley.

Don "Elvis" Sterna has been doing it for five years now, three as a professional. Don has admired "The King" for as long as he can remember. His clothing also is slightly reminiscent of the Elvis age, nevertheless, he leads a double life.

"I don't think he's Elvis, I don't think he sounds like Elvis, the only thing I gotta do is give him credit for doing it out of his heart!", quotes his manager.

"You have to be in touch with reality, when you're doing Elvis," states Don. Don is in touch. He's now attending Moraine Valley Community College, and is studying Law Enforcement. He hopes someday to become a Police Officer. After all impersonating is for kicks.

Don will be appearing at the Beer-Garden in the Old Chicago Amusement Park, November 10. Show time is at 9 pm. Call 759-3393 for reservations.

HAVE A W.C. FIELDS DAY AT MVCC

Ron Fields, grandson of the great comedian W.C. Fields, presents "Have a W.C. Fields Day" at Moraine Valley College at 8 pm Friday, October 5.

The program includes a slide story with never-before-released pictures of W.C. Fields. Anecdotes and comments by Ron Fields accompany the story. Short film clips and film outtakes are shown also.

Ron Fields is a graduate of Loyola U with a degree in English and political science. After graduation he wrote his first book "W.C. Fields by Himself."

He wrote the play "W.C. Fields: 80 Proof" that is scheduled to open on Broadway in the near future.

Tickets, at $2 per person, are available the night of the show at the MVCC gym door, 10900 S 88th Avenue, Palos Hills.

International Year of the Child celebration

Parents throughout the Chicagoland area will have a unique opportunity to celebrate 1979 as the International Year of the Child, Sunday, October 21, reports Mindy Nusinow, a member of Michael Reese Hospital's Medical Research Institute Council Junior Board.

"Michael Reese and Ringling Brothers and Barnum & Bailey Circus will host a benefit performance at the Chicago Amphitheater, 4300 S Halsted, 5:30 pm October 21," Miss Nusinow said. "By taking a child to 'The Greatest Show on Earth,' parents will not only give their child a treat he or she will never forget, they also will help support medical research at Michael Reese, much of which is directed at furthering our knowledge of childhood illnesses and the best way to combat them."

Tickets for the MRIC Junior Board benefit are $10 for adults and $7.50 for children and should be purchased through the hospital. For reservations or more information call the Medical Research Institute Council office at 791-3115.

WORLD WAR II EXHIBIT AT LIBRARY

An exhibit of World War II artifacts collected during the March for the Rhine between 1944 and 1945 are now on display at the Oak Lawn Public Library.

Former Staff Sargeant Anthony Franceschini, who served with the 95th Infantry Engineering Battalion, collected the material in such places as Metz and Saarlautern during the Ruhr Valley Campaign.

Included in the display is the Bronze Star he won, a Nazi flag, Wehrmacht helmet, a key to a fort in the Maginot Line, shells, maps, and an old Eisenhower uniform jacket.

Francheschini, who has lived in Oak Lawn for more than 20 years, was a reconnaissance photographer during the war with a unit that "built bridges and then blew them up."

The artifacts will be on display during the month of September.

Senior Citizen Talent Show October 27

Tickets are now on sale for the "Senior Citizens Talent Show" to be held on Saturday, October 27 at the Reavis High School Auditorium, 77th and Austin, Burbank, at 2 pm.

The performance is being directed by Irene Meyers, a former show business personality, who will be assisted by Muriel Wadhams and Gertrude Krol, residents of Stickney Township. Talented seniors have been recruited from all corners of the township and include singers, dancers, instrumentalists, comedians, and vaudeville performers.

Tickets can be purchased for $1 and 50¢ for children under 12 at any of the three convenient Stickney Township Administration Buildings: South - 5635 State Road; Central - 4949 S Long Avenue; and North - 6721 W 40th Street, or by calling Diana Uros or Muriel Wadhams at 424-9200, ext 60.

Evergreen Park Kiwanis Peanut Day helps the needy

The Kiwanis Club of Evergreen Park is holding its annual Peanut Day sale on Thursday and Friday, September 27 and 28. Reaching out for your contribution (l to r) are Joseph Fanelli, Peanut Day Chairman; Robert Conlan, Treasurer; Evergreen Park Mayor Anthony Vacco; Reverend Timothy Reeves, Vice President; and John Chesta, Past President. The funds raised from the sale of peanuts are used to aid handicapped and needy children and senior citizens. Over 100 volunteers will be out selling peanuts in the Evergreen Park area for this worthy cause.

Womanpower employment program

The Womanpower Project, a unique employment assistance program for the increasing numbers of women job seekers, is expanding services. The existing Job Listing Service will be supplemented with a Woman's Talent Bank of resumes and applications to hook-up employers and applicants, along with monthly Job Readiness Workshops held at community locations.

The Job Listing Service is a resource center with job listings and career data for the Chicago metropolitan area. WERC: Women's Employment Resource Companion is a free publication of the project.

The Job Readiness Workshops are one-day seminars which include skills assessment and job search skills. Area employers appear as guest lecturers to provide women an opportunity to meet with personnel professionals.

All of the programs are free to employers, women job seekers and community groups. The service is a program of the Midwest Women's Center, 53 W Jackson, Room 623. Hours: 9 - 5, Monday - Friday.

MVCC WILL HELP YOU GET ORGANIZED

I've Got to Get Organized is the theme of an all-day workshop scheduled for 9 am - 3 pm Thursday, October 4 at Moraine Valley College, 10900 S 88th Avenue, Palos Hills.

Fee for the workshop is $15 per person. This includes lunch.

According to college personnel, the workshop is geared to help participants take the clutter out of their lives. The program includes organizational skills which can help those involved to control their time, manage their money and home responsibilities more effectively and clarify their values and goals.

Registrations may be made with the MVCC Community Services Center, 8900 W 111th Street, Palos Hills, 974-4300, ext 360-361-362.

ASSERTION TRAINING AT MVCC

Assertion Training for Managers and Supervisors, a 4 week seminar, is scheduled at Moraine Valley College starting Wednesday, Oct 17.

The program is sponsored by the college's Community Services Division to help supervisors build self-confidence, motivate others and win co-workers' respect.

Fee for the seminar is $60 per person. Registrations are due by October 3.

Additional information is available from the Community Services Center, 974-4300, ext 360-361.

MORAINE VALLEY
974-4300

The board of trustees of Moraine Valley Community College rejected an offer by Phillip C. Goldstick to buy the college's Lownik Building for $625,000.

The board has set a sale price of $750,000. The action was taken at a special board meeting at 7 pm Monday, September 10.

The Lownik Building, 3628 W 95th Street, Evergreen Park, formerly housed the MVCC health sciences classes. These were moved to the college campus in Palos Hills three years ago. Since that time the Lownik Building has been used only for short-term and community services projects.

AUCTION! AUCTION!
Vehicles for Auction September 21, 1979

The Village of Oak Lawn has announced they will be holding an auction on Saturday, October 6, 1979 for some of their surplus equipment. The auction will be held at the Public Works Garage, 50 W 98th Street, from 10 am to 1 pm. Of the nine pieces of equipment being auctioned, six are Oldsmobiles (Delta 88's), formerly used by the Police Department. Average mileage on these vehicles is 63,000. The village will also auction off a Dodge pickup truck, Austin Western Grader and a fully equipped Chevrolet tow truck C-50.

The village officials stated that Oak Lawn "reserves the right to reject any or all bids and to accept the bid most favorable to the interest of the village."

The auction will be held by the Public Works Dept.

HLR BOOSTERS TO MEET OCTOBER 10

The Bulldog Athletic Booster Club from Harold L. Richards High School in Community High School District 218, will meet at 7:30 pm October 10 at Richards Campus, 107th Street and Central Avenue, Oak Lawn.

The agenda for the meeting, which will be held in the school's Learning Resource Center, will include discussion of the club's plans for the Fall Sports Awards Night, a bowling night planned for November 3 and discussion of the Winter Sports Book published by the club.

All Booster Club members and parents of HLR students are encouraged to attend.

Open swim night offered at OLCHS

A Community Open Swim Night will be held on Wednesday evenings from 7 - 9 pm at the Oak Lawn High School pool and will continue each Wednesday evening thru November 14. The Wednesday night Open Swim program will re-open in March and continue thru the end of the school year.

Admission for swimmers will be $1.25 for adults and $1.00 for students. Students of any age will be admitted, but children, age 10 and under, must be accompanied by an adult. All swimmers must wear suits provided by OLCHS. Vern Scarpelli, OLCHS staff member, will supervise the open swim.

Any questions regarding the open swim night should be directed to Fred Parks, 424-5200, ext 68.

Steady enrollment decline seen in Dist 126

District 126 enrollment dropped 7% in the past as 127 less students were in the five District 126 schools on September 12th as compared to one year ago. This continues the nine year steady enrollment decline in District 126. From a peak of 2522 in 1970, enrollment has fallen by 858 pupils to 1664 in September, 1979, according to an enrollment study by Superintendent William Smith.

Only Hazelgreen School has a steady and increasing enrollment in the past year. Gloria Walsh, Hazelgreen Principal, reported an increase of 17 students from September, 1978 to September 1979. The other four district schools have had a decline: Stony Creek -69, Lane -5, Oak View -36, and Prairie Junior High - 34. Enrollments as of September 12, 1979 was: Stony Creek 519, Prairie Jr. 440, Hazelgreen 173, Lane 231 and Oak View 173.

Enrollment projections are for continued significant decreases in Stony Creek, Oak View and Prairie Jr High, with some decrease at Lane and increase at Hazelgreen. Total District 126 enrollment should continue to decline - 100's a year for the next few years. Clark Alford, Board President, noted that enrollment, between 1960 and 1970, greatly increased from 500 pupils to 2500 pupils but in the 1970s has declined 850 in nine years.

One benefit of the declining enrollment, according to Boad Secretary Henry Kramer, has been the reducing of average class size from 31 in 1968 to 24 in 1979. Kramer also noted that auxiliary/supportive and special services to children have greatly increased in the past decade.

Oak Lawn Kiwanis Peanut Day - September 28

Kiwanis Peanut Day is Friday, September 28th! Kiwanis is a non-profit civic organization consisting of community leaders from all walks of life. The money collected from Peanut Day goes to organizations such as Southwest YMCA, Park Lawn School for the Handicapped, Kiwanis Crippled Children's Camp in Plymouth, Indiana.

Oak Lawn Kiwanis raised $15,000 last year. All of the money from Oak Lawn Kiwanis stays in the area to assist local organizations in needy programs for individuals or groups. So come out and get involved by donating your time and money to Peanut Day!

White House Fellowship open for competition

Congressman Edward J. Derwinski (R-4) announced that the President's Commission on White House Fellowships is seeking high-qualified candidates for its 1980-81 competition. Fourteen to nineteen positions are open for this exceptional but highly competitive opportunity.

The Fellows serve for one year, usually as a special assistant to the Vice President, to a member of the President's Cabinet, or to a Presidential assistant.

The Commission is looking for persons who will be future leaders in their chosen career or profession and in their community. Applicants should possess enough credentials of their accomplishments to show their potential for their leadership and their community or professional contributions.

The competition for the Fellowships is open to all United States citizens. There are no occupational, age, sex, racial, or religious restrictions. However, current employees of the Federal Government are not eligible, with the exception of career military personnel.

"I certainly recommend that anyone who feels they have a chance to compete, pursue one of these fellowships," Derwinski said. "In previous years I have had constituents who qualified, and the experience they gained was tremendously valuable to them. The responsibility of this assignment was both challenging and stimulating."

For additional information or an application, send a postcard with name and address to the President's Commission on White House Fellowships, P.O. Box 7737, Washington, D.C. 20044 or call (202) 653-6263. Requests for applications must be postmarked no later than November 15; completed applications no later than Dec 1, 1979.

Richards' Homecoming Celebration October 13th

Finalizing plans for Richards Homecoming Parade are: (l to r) Robert Guenzler, Director of Student Activities; Joe Ficaro, Director, Oak Lawn Chamber; Barbara Kozlarek, Chamber President; and members of the Student Council: Patty Kick, Karen Flynn, Kathy Hickey, Sherri Tsms, Renee Balsavich; Fred Monk, Faculty Sponsor; Mark Fifles; Lloyd Lowe, Building Principal; and Milt Andersen, Chamber Parade Coordinator. Kneeling are: Julie Ritchey, Jayne Flynn and Geri Ready. (Not pictured is Bernie Chrobak.

H. L. Richards High School Student Council has completed plans for this years Homecoming Celebration. Festivities began on October 8 culminating on Saturday evening October 13. The overall theme for Homecoming is "Richards Remembers". The parade theme is "Let the Good Times Roll!" and the dance theme is "We May Never Pass This Way Again".

Final Homecoming Court elections for Senior Class King and Queen, and Prince and Princess for the Juniors, Sophomores and Freshman classes took place on Tuesday, October 9.

The parade planned in cooperation with the Oak Lawn Chamber of Commerce will line up at the Richards East Building, 107th & Kilpatrick at 9 am. After the judging of floats and decorated cars, the parade will step off at 10 am. The route will be 107th Street east to Kostner, north on Kostner to 103rd Street, west to Central and south on Central to the Campus Stadium. Floats and cars will represent all the many clubs and groups in the school as well as Athletic Boosters, PTSA Board, Board of Education and various community service agencies and officials.

Trophies and prizes are provided by the Oak Lawn Chamber of Commerce, Richards Athletic Boosters, and the Student Council. Winning floats and cars as well as marching units, will be announced during half time activities of the varsity football game.

A Spirit Breakfast will be held at the Campus Building at the end of the parade route. At 12 noon, the Sophomore Football Team, coached by James Gardner, Ron Oigesby and Robert Bolton, will play the Thornton Wildcats. The Varsity Squad coached by Gary Korkonen, Head Coach, and Assistants, Jim Cygan, Dave Piper, Frank Salvatori and Bill Porter, will meet the SICA North Wildcats from Thornton of Harvey at 2 pm. Admission is $1 for students with ID; $2 adults; and free to senior citizens.

The Homecoming Dance featuring the band "Unity" will honor alumni as well as current students and guests. This will be held in the Campus Building Cafeteria from 8 to 11 pm. Tickets will be available at the door for alumni or students with ID's for $3 per person. The Homecoming Court will be crowned around 10:30 pm.

Student Council Sponsor at Campus is Fred Monk, and at Richards East Albert Tounissen. The Council this year is led by President

Holiday Inn honors Alaniz

Art Alaniz (r) accepts award from Joseph English, general manager of the Holiday Inn of Oak Lawn, after he was named Top Food and Beverage Director for all of the Holiday Inns in the United States.

The award is one of many the Holiday Inn of Oak Lawn has received including Top Ten in 1971, 1972 and 1975 and the Innkeeper of the Year Award to Joseph English in 1975.

Alaniz, who resides in Oak Lawn, joined the Holiday Inn of Oak Lawn in 1969 and has received honorable mention as sales manager of the year three times prior to the present award.

Alaniz and George Wiegel, major owner of the Holiday Inn of Oak Lawn, recently returned from San Francisco where the awards presentation was held.

Carter town meeting in 3rd District

President Carter will hold another in his series of 16 presidential "town meetings" in the auditorium of Thornridge High School, 15500 Cottage Grove Avenue, Dolton, Tuesday, October 16.

Next week's appearance will be Carter's first town meeting in Illinois since taking office in January, 1977.

A lottery for tickets will be held Friday, according to Robert Macari, administrative aide to Rep Martin A. Russo. The White House contacted Russo last week about his staff cooperating with a south suburban public appearance by Carter, and Macari spent time with a White House staffer and secret service agents surveying potential locations.

Doors to the high school's auditorium will open at 8 am the day of Carter's appearance, and members of the audience must be seated by 9 am.

Macari said that coupons for the ticket lottery were to be printed in last Sunday's editions of south suburban community newspapers.

Questioners in the audience will be preselected at random, Macrai said, and there will be an attempt to get a wide cross section of persons, Macari said.

The President's appearance is nonpolitical and is for the entire south suburban region, not just the 3rd Congressional District, Macari said.

The contact with Russo on the town meeting also should demonstrate that "problems that existed (between Carter and Russo) are there no longer," Macari said. The White House and Russo had a falling out last year when Russo cast a deciding vote to block passage of the President's hospital cost containment bill in a House committee.

VFW sponsors drug abuse program

A Drug Abuse program featuring Oak Lawn Police Chief John Haberkorn as the guest speaker, is being sponsored by the Johnson-Phelps VFW Post and Ladies Auxiliary on Tuesday, October 16 in the post hall, 9514 S. 52nd Avenue starting at 7:30 pm.

Elementary students, their parents, high schoolers and anyone interested in combating usage of drugs and its effects, is invited to attend. Refreshments will be served following the program.

Mc Carthy speaks to Revenue Sharing charge

Worth Township Supervisor Dr Joseph McCarthy has strongly objected to a letter from the Federal Office of Revenue Sharing indicating the township did not comply with certain regulations guiding the publication of legal notices.

McCarthy said: "We certainly followed the spirit of the law, even though they (ORS) say we did not comply with the letter of the law. To date we have received all our revenue sharing entitlements and our funds have not been cut off."

McCarthy also stated, "The information was always posted regarding unappropriated funds, funds expected during the fiscal year and the budget summary. Our compliance with the law was within the regulations and guidelines, and the township amended its budget and that lawful amendatory process cured any defect in the original use and budget hearing procedure."

With respect to the fiscal year, 1977-1978, the Worth Township administration only has second hand information available since these actions, that are complained of, were the acts of the prior administration.

The Office of Revenue Sharing has ordered Worth Township to return all the revenue sharing money it disbursed in fiscal years 1977-78 and 1978-79, an amount totaling $1.4 million.

According to McCarthy, Worth Township, in an effort to reduce taxes, has disbursed revenue sharing money to parks and libraries, which are special taxing bodies, in the hopes that they would not have to increase their tax levy.

The Township has also funded worthwhile organizations within Worth Township, such as Family and Mental Health Services, Park Lawn School for the Handicapped, Blue Island's Retarded Children's Fund and many more.

McCarthy indicated he has a thick file of letters from revenue sharing recipients indicating that they had sent letters of support for the township to key public officials.

Tickets now on sale for Richards' play

Tickets are on sale now for the fall production at Harold L. Richards High School, Community High School District 218.

This year's production, "The Great All-American Musical Disaster," will be performed at 8 pm October 26 and 27 at Richards Campus, 107th Street and Central Avenue.

General seating is $2 and tickets for reserved seating are $2.50 each. Senior citizens' tickets will be 50 cents for reserved seating and free for general seating.

To obtain tickets for the performance, call the Student Activity Office at 499-2550, ext 630.

Cable television proposals hearing postponed

A meeting, planned for Tuesday, October 16 in the Oak Lawn Village Hall, to hear proposals from the many cable television companies has been postponed.

The decision came at a recent budget meeting where the pros and cons of cable television were being discussed. It was by mutual agreement that the meeting be re-scheduled at a later date to enable Mayor Ernie Kolb to be in attendance. Mayor Kolb is in Passavant Hospital after having a leg fractured while attending the Illinois Municipal League Convention.

Trustee John Hardek seemed not too enthused over the approximately $42,000 in revenues that may be derived from cable television revenues.

He spoke of the young people being able to tune in on R and X-rated movies and spoke of the necessity to tear up streets and parkways for installation.

Hardek attended the session by a panel of experts at the Illinois Municipal League who warned the listeners of caution in awarding a franchise. Hardek said, "We should take a long look before taking on something for dollars that may backfire on us."

Village Manager Dick O'Neill said that a date for the meeting will be set for sometime in November.

"This will give us an opportunity to take a more conservative look at it and see what is happening in other areas," O'Neill said.

Volunteer coaches needed

Help develop the Man of Tomorrow thru todays youth activities. The Oak Lawn Park Districts basketball program depends upon help of volunteer coaches. If you have any knowledge of basketball, regardless of how limited, and the time you may devote as a coach helps not only the program but the development of young men and athletes.

If you are interested please contact the park district at 424-7300 and leave your name and number.

More information may be obtained from Ray Ochromowicz at the park district office 424-7300.

George Washington Sponsors a Winning Combination

Out to repeat last years winning way is the George Washington Savings Bowling Team who compete in the St Linus Ladies Bowling League. The league takes over the lanes at the Oak Lawn Bowl every Thursday afternoon.

Proud of their accomplishments are (l to r) Flo Ladik, Mildred J. Sujka, Vice President of George Washington Savings, accepting the first place trophy for 1978-79, Bea Zirngibl, Captain Esther Schwarta and Trese Mazurowski.

Senior Citizens holding Flea Market

The Senior Citizen Council will hold a Flea Market at the Center, 5330 W 95th Street, on Friday and Saturday, October 26 and 27, 9:30 am to 4 pm.

On Thursday, October 25 donations and contributions will be accepted. This is the time the Council sets up and prices the items for the sale.

Please do not bring items to the Center before October 25 as they do not have the facilities to store the donations.

Soup, sandwiches, coffee and dessert will be served for a nominal fee during the two day Flea Market.

Stewart visits Rotary Club

Roy Bothe, (c) President of the Oak Lawn Rotary Club, is shown between District Governor, Robert Stewart at left, and District Governor Nominee, Robert Harvey.

District Governor, Robert Stewart, visited the Oak Lawn Rotary Club to discuss the club's upcoming activities. He is past President of Chicago Rotary, and past Rotary International Chairman of World Fellowship Activities. Currently, he is the District Governor of District 645 which consists of the Oak Lawn Club and 42 other Rotary Clubs, with a total membership of approximately 2500 Rotarians. Bob Stewart is the Chairman of the Board and the man who led and built the National Can Corporation.

At this meeting, Oak Lawn Rotary President, Roy Bothe announced the October 20 arrival of a team of five outstanding young business and professional men from Australia. Their friends from down under are a part of Rotary's Group Study Exchange Program and will be hosted by the families of Oak Lawn Rotarians — Brian Andersen, Harold Bacon and Ed Johnson. During their stay they will experience the friendly hospitality of the Oak Lawn Community and will be exposed to the American systems of government, business, and education.

Parent teachers conference

Parents of students at Harold L. Richards High School's East Building, Community High School District 218, are invited to attend parent-teacher conferences starting at 7:30 pm October 25 at Richards East, 107th Street & Kenton.

These conferences are sponsored by the Parent-Teacher-Student Assn for parents of students who are freshmen at Richards East. They provide an excellent opportunity for parents to meet with teachers and learn of their child's progress in school.

For more information, call the high school at 499-2550, ext 501.

Named presidential scholar

A 1978 graduate of Harold L. Richards High School, Community High School District 218, was one of five freshmen at Illinois Wesleyan U to be named presidential scholars.

Jennifer Cunningham, the daughter of Mr and Mrs James Cunningham, of Oak Lawn, will receive a $1000 scholarship from IWU President Robert Eckley. This scholarship was based upon her scholastic potential, her personal qualities and her leadership abilities.

Miss Cunningham is majoring in pre-med and Spanish at IMU in Bloomington. While at HLR, she was named an Illinois State Scholar, Most Valuable Senior Speech Team contestant and named in the Who's Who Among High School students.

A member of the National Honor Society at HLR, she was also a member and vice president of the Spanish club and a member of the Modern Music Masters, Concert Choir, Varsity Singers, Student Council, Mathletes, Committee for Better Communications, Thespians and Readers Theatre.

Miss Cunningham was also one of the top 10 students in the 1978 graduating class from HLR.

Service desk set up to explain FDA rules

Representative Marty Russo applauded recent small business initiatives launched by the Federal Food and Drug Administration. Russo, Chairman of the House Subcommittee on Special Small Business Problems, had urged such actions in hearings last Congress.

"The FDA has set up service desks in four regional offices around the country. I am pleased to say one of the offices is in Chicago. The desk will help small businesses understand FDA rules, obtain information, fill out applications, and on occasion visit small firms to discuss problems. Any business involved with medical devices, drugs, foods, biologics and radiation emitting products can get help from the desk," Russo said.

The regional FDA desk person in Chicago is Danny Forner, (312) 353-9406. In addition, as part of its small business assistance program, FDA is encouraging small manufacturers to comment on proposed Agency rules and to serve on advisory committees. The Agency has established in the Office of the Commissioner a coordinator for small business to be sure small business views are reflected in FDA rules and to coordinate FDA's activities in this area.

Time for State Representatives to pay their dues to voters on override

It is time to make the Republican State Representatives you put in office pay their dues! Their responsibility is not to save face for Governor Thompson on his meager offer of a reduction of one cent on the sales tax of food and medicine, their responsibility is to their constituents. Thompson forced the Transportation Package down the throats of the people and if they don't rebel they will soon have to be looking for a "Proposition 13" as a means to be able to exist.

Most persons of age hear that a President, Governor or a Mayor "vetoed" something or other and it seems to give them an aura of strength and can be erroneous. The veto is a powerful tool for these honorable persons to have it "their way" and does not necessarily mean it is the right, or best, way.

Thompson's veto of HB2564, a bill phasing out the sales tax on food and non-prescription drugs in a four year period had been passed, now it will be very difficult as it takes two-thirds of the vote for an override where only a majority was needed for passage.

Our Republican statesmen should also ignore whether it is a political battle between Thompson, Byrne or Daley, their battles have absolutely nothing to do with the issue at hand. Two of them failed to support HB2564 because it was sponsored by Democrats. Their infighting should not be detrimental to the people.

It is fine for those officials who get their pay and cost of living raise, those in civil service, in the police and fire departments and the larger companies. They can also afford the tax. What of those that are in the majority and don't make a living wage, the sick and aged. Especially the seniors and those on small pensions and Social Security -- these are the people who spend a higher portion of their income on food and drugs.

State Representative Harry "Bus" Yourell predicted that the General Assembly will override the governor's "insensitive and illogical" veto of legislation to end the state and local sales tax on food and drugs.

Yourell said HB2564 is designed to provide tax relief and to limit the size of government. It is simple, immediate and automatic. It requires no application forms, no new bureaucracy and no lawyers or accountants to obtain the relief. Its effects are certain and substantial and provides tax relief for all in direct proportion to their purchases of food and drugs.

Yourell would like you to know that Rep Jane Barnes and Rep Herb Huskey refused to support this tax relief for the people of Illinois when it did pass. He now pledges to make every effort to guarantee that the General Assembly will override the veto of the sales tax exemption in October, during the veto session.

"But I need the help of every resident in the 8th district, too," Yourell said. He urges 8th district consumers to write or call Rep Jane Barnes and Rep Herb Huskey and ask them to change their mind and support the gradual phase out of the sales tax on food and drugs in October.

"You can tell them that the governor's veto was insensitive because it denied tax relief to the people who need it most, and illogical because it was based on the false premise that the state can't afford to give people this relief," Yourell said.

Rep Yourell noted that the balance in the state's general funds at the end of July was $552 million, the highest in Illinois history. "With that much money in the state's bank account, how can anybody say that we can't afford a tax relief program that would cost the state only $45 million in its first year?"

Rep Yourell suggested that the 8th District residents could send Barnes and Huskey some of their families' own grocery store receipts to illustrate the importance of removing the sales tax from food and drugs.

"The governor is against tax relief, but I believe we can convince many legislators that people are more important than big bank balances," Rep Yourell said. "I hope you'll spend a few cents on postage and join me in this campaign to save legislation that could save each one of us hundreds of dollars each year."

"This important tax relief bill would keep substantial amounts of money in the pocket of every Illinois consumer," said Rep Yourell, co-sponsor of the sales tax exemption measure. "Savings for consumers would range from $100 to $400 each year."

State Comptroller Roland Burris reported the state finished September with an available balance of $575 million. Burris, the keeper of the state's checkbook, said a record high was reached even though the state made payments to school districts totaling $118 million and finished paying bills left from the last fiscal year.

The first vote on the override motion is expected shortly in the House. Leaders of the Sales Tax Override Proposition (STOP) have scheduled a rally outside the Capitol October 16 in support of the override.

questions and answers

Q. I heard that social security benefits were increased recently. Can you tell me how much they went up and when I'll get the raise in my monthly check?

A. Social security benefits were increased by 9.9 percent effective June 1979. This reflects the rise in the cost-of-living over the past year. The increase will be included in the social security checks for June, which should be delivered about July 3rd.

Q. I've taken a job as a waitress in a neighborhood restaurant until I go back to school in the fall. Another waitress told me I'll have to pay social security taxes on my tips. Is that true?

A. Cash tips that add up to $20 or more in a month in your work for one employer count for social security. You are required to give your employer a written report of your tips if they add up to $20 or more in a month. For more information, ask for a copy of *Social Security and cash tips* at any social security office.

Q. I hired a gardener to do some landscaping and general gardening around my house this spring. I understand that I'm supposed to pay social security taxes on his wages and file a report with IRS. When should I do this?

A. If you pay a gardener or other household worker $50 or more in cash wages in a calendar quarter, you must deduct social security taxes from the wages and pay an equal amount as the employer. Send the taxes and a report of the wages to the Internal Revenue Service before the end of the month after the calendar quarter—before July 31 for the second quarter of 1979. The report, *Form 942 (Employer's Quarterly Tax Return for Household Employees)*, is available from local IRS offices.

UNITED STATES COAST GUARD ACADEMY NATIONWIDE COMPETITION

Today, I'd like to announce that the United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1984. Applications are being accepted from both men and women. Let me stress that appointments to the United States Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas involved. Applications for appointment must be submitted to the Director of Admissions, United States Coast Guard Academy, prior to December 15, 1979.

Candidates must arrange to participate in either the College Board Scholastic Aptitude (SAT) Test or American College Testing Assessment (ACT) prior to or including the December 8, 1979 administration for the ACT and the December 1, 1979 administration for the SAT. The competition for appointment as Cadet is based on the candidate's high school rank, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in high school extracurricular activities, community affairs and/or part-time employment.

To qualify for the competition, an applicant must be unmarried at the time of appointment, have no legal obligation resulting from a previous marriage, and must have reached the age of 17 but not 22 by July 1, 1980. All applicants must be assured of high school graduation by June 30, 1980. Applicants must have completed three units in English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical and moral requirements.

I'd like to emphasize that Coast Guard Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum offers nine majors which include: electrical, civil, ocean and marine engineering; marine, mathematical and physical sciences; management and government. Graduates of the Academy are awarded a Bachelor of Science degree and are commissioned as Ensigns in the United States Coast Guard. Selected officers may pursue further postgraduate education and specialized training in many leading civilian and military graduate or professional schools in such fields as aviation, business administration, electronics, engineering, law and oceanography.

The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard Officer. The Coast Guard performs essential humanitarian missions vital to the safety and saving of lives at sea. Under the auspices of the Department of Transportation, the Coast Guard establishes and coordinates search and rescue operations by shop and plane, maintains advanced electronic and other aids to navigation scattered around the globe, operates the icebreakers which clear the way for all polar expeditions, and enforces marine law and all aspects of Merchant Marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

Applications and additional information may be obtained by writing to: Director of Admissions, United States Coast Guard Academy, New London, CT06320.

Delegate process to be discussed on Affirmative Action Day

In compliance with the Review Commission of the Democratic National Committee, Committeeman Joseph Griffin has designated Wednesday, October 17 as the Affirmative Action Day in the 3rd Congressional District.

The meeting will be held at 8 pm on Wednesday, October 17 at the Worth Township Annex, located at 11601 S Pulaski, Alsip, IL.

At the meeting, Griffin will explain the delegation selection process to the Democrats in the congressional district. Included in the discussion will be the process by which one may run to be a Delegate, Alternate Delegate, Delegate and Ernest Spatola and Anthony Turner.

Little Village Chamber hosts Moats

Jose Pietz, Program Chairman of the Little Village 26th Street Area Chamber of Commerce, has announced that Gene P. Moats will be their guest speaker on Thursday, October 25 at 12:30 pm. The luncheon will be held at the Red Steer Restaurant, 3950 W 26th Street in Chicago.

Gene Moats is one of the top union officials here in the Chicago area. He is International Vice President and President of the Service Employees' International Union Local 25, and President of Joint Council No. 1. Both of these organizations being in the Chicago area. Moats is the leader of about 90,000 members in the S.E.I.U. AFL-CIO throughout the State of Illinois.

Gene P. Moats

Joseph Griffin is presently engaged in a special appeal to all segments of the Party to participate in the Delegate selection process.

All interested persons and groups are invited to participate in the Affirmative Action Day meeting.

Huskey again seeking residents who may have unclaimed assets

State Rep Herb Huskey has joined efforts with the Illinois Department of Financial Institutions to locate area residents who may have unclaimed monetary assets.

This property, Huskey says, consists of abandoned paychecks; cash; dividends; insurance policy assets; accounts receivable; checking and saving account surpluses, and other personal property of varied monetary value. In accordance with Illinois law, banking institutions and other businesses notify the state about these assets after seven years of inactivity.

"The department, thru published legal notices, and I, by letter, have tried to locate persons whose last known address was in the Eighth Legislative District," Huskey explained.

"But because most people don't routinely read legal notices, and because many persons also relocate, a great number of these assets could go unnoticed and unclaimed by the November 7th deadline," he said, "and they will revert to the state after that date.

Anyone who receives a notice of possibly abandoned property should write directly to the Illinois Dept of Financial Institutions, Unclaimed Property Division, 421 East Capitol, Springfield, IL 62701. All correspondence should include a name, address and country of current residence.

Oak Lawn residents included on the abandoned property list are: Rose K. and Verona Moreno; Marie Szymczak; Lois Bell; Richard Grautopf; Gerald and Joan Brown; E.V. Carruthers; E. D'Onofrio; Raymond G. Hosmer, Jr.; Stephen Lawrence; Thelma

Weatherproof energy.

In winter. For the past several winters, many parts of the country have experienced energy shortages. The oil and coal needed to make electricity couldn't be delivered. Rivers were frozen. Stockpiled coal was frozen solid. The machinery to move coal was frozen.

As fuel ran low, electricity had to be rationed. Plants and schools were closed. People were laid off. Shivering became the national pastime. But not in northern Illinois.

Commonwealth Edison electricity is made mostly from abundant coal and uranium. That helps to conserve the scarce fuels oil and natural gas

It wasn't luck that got us through those winters; it was nuclear power. Over 40% of the electricity we make comes from nuclear fuel. Because no matter how much it snows or how cold it gets, nuclear fuel is available—weatherproof. Enough uranium to provide all the electricity we need for an Illinois winter can be stored in a one-car garage.

In summer. Nuclear power gives us the reliability we need to respond to summer peak demands without brownouts. In the last decade, when growth of air conditioning helped increase demand for electricity more than 50%, Edison's nuclear stations had an unbroken record of summer availability.

And nuclear power is today's great energy bargain. It costs about a penny a kilowatt hour less than coal and two to three cents less than oil. If we'd replaced our uranium with low sulphur western coal in 1977, it would have cost an extra $280,000,000 in fuel expense. Oil or gas would have driven the cost up to over one-half billion dollars. Instead, the nuclear fuel we used, the equivalent of 47,000,000 barrels of oil, saved over 10% on your electric bill.

With our strong nuclear capability, we're ready for the weather. Let it snow. Let it sizzle.

Business and Professional Women's Club looking for 'Young Career Woman'

The Oak Lawn Business and Professional Women's Club is looking for a club member to be the "Young Career Woman".

In the recent past, the Oak Lawn BPW Young Career Woman has been an "OUTSIDER". They would like to determine if one of their current members would like to represent Oak Lawn at the district competition.

To be eligible, a member must: 1. Be between 21 and 30 inclusive at the time of the National convention in July, 1980; 2. Be or have been employed in business or the professions with at least one year of full-time work experience in her career area; 3. Be outstanding in schoolastic work, community service and/or church work; 4. Be living, working, training or continuing her education in the State of Illinois; 5. Support the goals, objectives, and legislative platform of the National Federation.

Any member who is interested should call Emily Zerolis at 836-3875 (office) or 371-9682 (home after 6:15 pm).

K-ID Tag program

Big kids, little kids, young kids, old kids, all kinds of kids. Does your "kid" carry identification? Does your "kid" have a medical problem?

Think about it. . you have an ID tag for your dog or cat, but your "kid" roams to and from home, school, park, store and "just around". If he were unable to tell someone about himself, would anyone know his name or phone number?

In 1977, the Morgan Park Junior Women's Club introduced a program called K-ID Tag System. They enlisted the cooperation of Christ Hospital, Oak Lawn, for the program.

How does it work? At present almost 1000 children in the Beverly-Morgan Park area wear K-ID Tags, on a chain, around their necks. The tag says Christ Hospital, Oak Lawn, IL, 312-425-8000, the reverse side has the wearer's name, and phone number and if any major medical problems or allergies. Hopefully, a parent could be reached just by calling, but if not, another hospital, a policeman, a paramedic, or other authorized individual could call Christ Hospital Emergency Room and receive, on a 24 hour basis, more detailed information about the wearer.

PTA and other parent groups are called "service organizations". What better service could you offer in your community? If your organization is interested in such a program uou can call Representative Rosemarie Coogan at 239-4367 or K-ID Tag at 736-1519.

SAN CARLOS FOR SUN AND FUN

In Mexico that is - - this great vacation community just north of Guaymas on the Sea of Cortez is alive with the big deep-sea fishing sports. It's the greatest place you can find for family fun with something for everyone. Secluded beaches, sparkling warm waters, a sub-tropical climate, seafood cuisine just "out-of-this-world". These are only a few of the vacation attractions here.

The unique amblence of Old Mexico pervades everything from the old markets, plazas and churches to the music and fiestas.

By jet plane it is easy to get to this sea-side Mexican resort - - a little over 250 miles from the States.

TRAVEL TIP — For the most relaxing holiday in these parts of the world, do your sightseeing in the morning, break for a long late lunch, shop and explore until dusk and dine late as the Latins do.

Here is a chance to wear your brightest, most beautiful resort clothes. Around the markets and in the restaurants, print shifts or sundresses are fine.

THIS IS TRULY A WONDERFUL WORLD! Why not take a look. All the fun and adventure of traveling can be yours. We here at WORLD TRAVEL MART can plan this great vacation from here in Oak Lawn to whereever. Just like these articles mention we have interesting places for you to consider on that next trip. Come in soon and let us show you how easy it can all happen. We suggest early plans for accommodations are filled up quickly.

Library Friends have "sold out" tickets

"Sold out". If you have been disappointed in trying to purchase tickets for the Goodman Theater production of "A Christmas Carol" or for a Lyric Opera performance, you will be interested to know that the Friends of the Oak Lawn Library have reserved tickets for both of these events. Come to the library, 9427 S Raymond Avenue, on October 15, 9 am to 9 pm to register for the November 25 bus trip to "A Christmas Carol" and/or the December 13 performance of "La Boheme". Fees of $10 and $15 cover the cost of bus and admission tickets. Seating is limited and will be done on a first-come first-served basis.

The Friends will also offer a bus trip to the Art Institute Saturday, November 3, at 1 pm to see the Toulouse Lautrec exhibit. Cost is $6, and pre-registration on October 15 is required.

Two informative lectures at the library are planned prior to the bus trips. the first, on Toulouse Lautrec, will be at 7:30 pm October 25. The second lecture, on La Boheme, is scheduled for December 4 at 7:30 pm. The lectures are free and open to everyone.

Information on the many other activities planned by the Friends will also be available on the October 15 date. These include a monthly Wednesday afternoon Book Discussion Group, an evening Play Reading Group, and a crafts program to be presented Saturday, October 20 at 1 pm at the library.

Barb Rentzsch of Frank's Nursery and Crafts will demonstrate how to make table and door decorations for Halloween, Thanksgiving and Christmas.

Judith Doerr earns doctor degree

Judith E. Doerr, Oak Lawn, recently received a doctor of philosophy (PhD) degree in political science from Northern Illinois U.

Doerr is an assistant professor of administration and management program coordinator at Sangamon State U. The title of her dissertation was "National Priorities and Local Responses: The Case of Non-Metropolitan Municipalities, Housing and Senior Citizen Services".

Doerr received her B.A. degree in 1967 from Duquesne U and her M.A. degree from Western Michigan U in 1971. She was awarded a fellowship for returned Peace Corps volunteers in 1970 from WMU. In 1972, she received a National Defense Education Act fellowship for studying Indonesian from Cornell U in New York.

Red Cross opens volunteer drive

American Red Cross, South Cook Region of the Mid-America Chapter, now actively seeking volunteers for motor transportation, blood service aides and disaster representatives. Volunteer drivers will handle special requests, such as transporting veterans and other patients who have no transportation for doctor appointments and treatment. Drivers may also drive aides to blood mobiles and deliver life saving blood units in the South Cook Region. Red Cross vehicles will be provided. To apply or for more information, call the Red Cross office at 331-1075.

Blood service aides perform several helpful and interesting tasks at blood mobiles. Registering donors, preparing blood bags, escorting donors to the nurses for blood drawing and serving refreshments are some of the duties. There will be a two-hour blood aide training on November 2. Call 331-1075 to register.

Volunteer disaster community representatives are needed to service victims of disasters. The South Cook Region office at 157 East 155th Street in Harvey is open from 8 am to 4:15 pm Monday thru Friday.

Leadership training sessions will be offered by volunteer chairmen and staff. "HELP US HELP".

Gazetteer speaks on Chicago

From the 1832 *Gazetteer of the States of Illinois and Missouri*: "Chicago, a village in Pike County, situated on Lake Michigan. . .contains 12 or 15 houses and about 60 or 70 inhabitants." (Report by Henry Schoolcraft.) Just 25 years later another writer extolled, "Chicago, the Wondrous, sits amid her wealth, like a magnificent sultana, half-reeling over a great oval mirror, supplied by that lake of lakes, the fathomless Michigan. . .The ills are those of a city of Construction. . .Chicago people, it is well-known, walk with their heads in the clouds, and, naturally, do not mind what happens to their feet. Chicago — most grasping."

HWV DINNER DANCE JANUARY 28

Blind veterans from local hospitals have long been the special interest of the Hospitalized War Veterans organization, headed by Pat Sullivan. In an effort to continue the work of the HWV, a benefit dinner dance has been set for Friday, January 28 at the Martinique restaurant. Tickets are $10 and profits will benefit the hospitalized war veterans. For ticket information call Sullivan at 636-5087.

Sullivan is able to entertain the men thru most of the year with the sort of cooperation offered by the Lions and other service organizations and people. However, travel expenses are incurred and he also likes to give holiday parties for those unable to leave the hospital. Thus the dinner dance is scheduled to raise money to cover the expenses of travel and hospital parties.

Sullivan reported than 22 blind veterans were treated to a day on the lake recently when Stan Dawson of Evergreen Magnovox provided his yacht and Evergreen Brown's Chicken donated the food for the nautical outing.

The Great All-American Musical Disaster

The cast has been chosen for "The Great All-American Musical Disaster," the fall production to be performed in October at Harold L. Richards High School in Community High School District 218.

This hilarious, fast-paced production will be performed at 8 pm both October 26 and 27 at Richards Campus, 107th Street & Central. To obtain tickets, which are $2 and $2.50 for reserved seating, call Activities Director Robert Guenzler at 499-2550, ext 630.

Major roles in this production, which is about a film producer who devises a scheme to get major stars interested in his new film, will be played by HLR students Jane Flynn, Marge Jamroz and Bob Bergquist, all of Oak Lawn.

Other performers include Karen Flynn, Pam Panos, Cathy Baltzer, Deneen Kaly, Diane Chrisler, Annette Bilhorn, Lisa Mayer, Craig Rucia, Dave Slanika, Tony Caputo, John Klatt, Melinda Felton, Jeff Gilles, Nancy Jamroz, Jeanne Wagner and Glenn Leszcak, all of Oak Lawn.

Also, Nancy Jakuta, Julie Ritchey, Paul O'Toole, and Bill Landry, all of Chicago Ridge and Melanie Barnes of Robbins.

Brother Rice Dads holds Annual Smoker October 26th

Brother Rice Dads' Club and the Alumni Dads will hold their annual Smoker, complete with all you can eat and drink, on Friday, October 26 in the school at 10001 South Pulaski Road. Doors open at 6:30 pm.

Door prizes are topped by a $1000 first prize, a second prize of $500 and five additional prizes of $100 each.

Chef Mike Solfrizzo and his kitchen crew will serve an all you can eat dinner with something for everyone's taste. Ham, Smoked Polish Sausage with Sauerkraut, Italian Sausage with Green Peppers, and Mostaccioli are all on the menu.

All your favorite games of chance will be available, or join your own group, with chips and cards provided. A giant Barrel O'Booze will be raffled off to provide some lucky patron with lots of cheer for the holidays ahead.

A donation of $10 includes all you can eat and drink, $1000 in play money, and participation in the door prize drawings. Proceeds will benefit the club's tuition fund, which pays tuition for children of deceased members, and the school building fund. Tickets are available at the door, or from any Dads' Club member. For further information, call the school at 779-3410.

President of the Dads' Club is George Miller and of the Alumni Dads' Club, Robert Darnell. Moderator of the club is Brother Peter Martin, C.F.C. General chairman of the Smoker is Ron Johnson.

Twelfth Night at Moraine

Viola (Ellen Kaiser) and Sebastian (Tim Boyd) are twins caught in a confusing romantic triangle in Shakespeare's Twelfth Night' The play will be presented by the Moraine Valley Community College Theater October 25-28 and November 1-4. Tickets, at $3.50 per person, are available at the MVCC Bookstore, 800 Building, 10900 S 88th Avenue, Palos Hills.

Beverly Theatre announces fall musical "Gypsy"

The Beverly Theatre Guild has announced the completion of casting for their fall musical, "Gypsy," which will be presented on November 16, 17 and 18 at the Beverly Art Center, 2153 W. 111th Street, Chicago.

Over ninety people auditioned for the show, which is a musical biography of the famous Gypsy Rose Lee. The show recounts her upbringing as a member of a second-rate vaudeville troupe managed by her ambitious mother, up to her reign as the "Queen of Burlesque".

The major role of "Gypsy" went to Gail Domer of Western Springs with Marie Perovic of Mt. Greenwood as her mother, Rose; John Neumann of Beverly as Herbie; Jeanne McNamara of Evergreen Park as June; and Matt Thompson of Orland Park as Tulsa.

Three residents of Oak Lawn who will be appearing in the production include Willie Mann, Laurie Reed and Joyce Vitalo.

Tickets are now available for the Beverly Theatre Guild's production of "Gypsy". Group ticket prices are available for all three productions. For ticket information, please call 445-2588.

Ribbon Cutting at Boblak

Mayor Ernie Kolb of Oak Lawn gets ready to snip the ribbon to officially open the new office of Boblak Real Estate. Standing between the two open doors (l to r) are: Roy Bothe, President of Oak Lawn Rotary, Pansy and Frank Boblak, Mayor Ernie Kolb, Barbara Kozlarek, President of Oak Lawn Chamber of Commerce and Jane Powers, Oak Lawn Village Club. The smiling faces at the event belong to associates and friends of Boblak Real Estate.

After more than 15 years at 96th and 97th and Cicero, Boblak decided to move to the Oak Lawn Postal Square at 9241 S Cicero. "Everyone stops in at the post office at one time or another. We welcome them to stop in to visit with us when they do," said Frank Boblak.

HELP WANTED

Four Halloween events for young people

In celebration of Halloween, Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, will again conduct their annual pumpkin carving contest in local schools of the community. The children will be invited to bring a precarved and/or decorated pumpkin displaying their individual artistic talents to their respective school to compete with other classmates for cash prizes. The contest is set up with first and second prizes awarded based on originality in each school category.

Participating schools in the contest are Christ the King, Most Holy Redeemer, Queen of Martyrs, St Barnabas, St Bernadette, St Thomas More and St John Fisher. Robert J. Conlan, vice president and cashier, and one of last year's judges, commented, "The imagination and creativity used by the children each year is remarkable. We are looking forward to the pumpkin carving contest."

*****

All grade school students are eligible to enter the Pumpkin Decorating contest held at the Oak Lawn Library, and there will be prizes awarded for each of the following grade levels: first and second, third and fourth, fifth and sixth and seventh and eighth.

No carving or cutting of the pumpkins is allowed. Decorations must be added to the pumpkin. Pumpkins may be brought to the Children's Room at the library from October 22 to 27 with the judging on the 27th. For further information call 422-4990.

The program is free.

*****

Every monster, spook and goblin is invited to the Oak Lawn Park District's Ice Arena, 9400 Kenton for their annual Halloween Party, this year it will be October 29th from 4:30 - 6 pm. There will be plenty of candy and prizes for the winners of our costume contest. The categories are littlest goblin, scariest, funniest, most original and couples.

You must be in a costume in order to ice skate. Skates are available for rental at only 50 cents a pair. Admission is free. See you there if you date! ! !

*****

A special Halloween program is scheduled for October 26 at the Oak Lawn Library, featuring "Ghosts and Ghoulies," "Beware, Beware My Beauty Fair" and clips from the movies "Frankenstein" and "The Invisible Man".

All movies are shown in the lower level community room and are free.

Oak Lawn Library Happenings

The mellow sounds of Glenn Miller, Tommy Dorsey and Count Basie will fill the library on Sunday, October 14 at 2 pm as the Commanders perform in concert.

The 18 piece orchestra will play such oldies but goodies as "Begin the Beguine," "Don't Get Around Much Anymore," "String of Pearls," "In the Mood" and the "One O'Clock Jump."

The concert is part of the monthly Sunday Afternoon Series held in the lower level Community Room at the library and is free.

The band has played at the Coco Loco Supper Club and many country clubs in the area. Several members of the group are bandmasters at local high schools and have played with big name bands throughout the nation.

For information on any of the above events call 422-4990.

*****

The Oak Lawn Public Library will launch its World of Art Film Series on Tuesday, October 16 at 7 pm with "Moulin Rouge" starring Jose Ferrer, Zsa Zsa Gabor and Colette Marchand.

The film is based on the life of the famous poster artist Henri de Toulouse-Lautrec and comes to life in great splashes of color both from the art itself and from the dazzling settings.

*****

Imagination Theatre will present "Discovery, an Odyssey in Motion, Space and Sound" on Saturday, October 27 at 2 pm. The films are shown in the lower level and are free.

*****

The popular lecturer, Lee Gibbs, will give a talk on the life and times of Henri de Toulouse-Lautrec on Thursday, October 25 at 7:30 pm.

Lee's program reveals a man who was small in stature but large in scope. The painter is seen through his drawings and art work and tells the story of the talented but tortured artist who was an aristocrat by birth but chose instead the low life of the Left Bank of Paris. The audience will get to know the artist by seeing his relationships with family and friends.

Lee Gibbs, whose lectures at the library on Pompeii and King Tut have been very well received, is a member of the Field Museum of Natural History, the Art Institute of Chicago, the Lyric Opera, has performed in a variety of roles in Lyric Opera productions, is a world traveled photographer and the mother of five.

The lecture will be held in the lower level community room and is free.

*****

The library will sponsor a program on Deaf Awareness on Wednesday, October 17 at 7:30 pm. This interesting and entertaining study is designed for both children and adults and meant to be shared by both deaf and hearing audiences.

The Traveling Hands Troupe, composed of hearing and non-hearing children from Children's Theater will perform dance, mime, and sing along/sign along.

The movie "Daddy Can I Hear the Sun?" will be shown. It concerns the meaning and advantage of total communication; interaction between the hearing and non-hearing world; community integration and the disintegration of stereotypes.

The program is free and will be held in the lower level community room.

Chuck Thompson announces "Show Time"

Both looking forward to 1980 are Chicago White Sox Greg Pryor, and Oldstown's Chuck Thompson shown here with one of the brand new year's models.

Oldstown at 95th and Pulaski is crowded with new '80 Oldsmobiles which will be shown to the public beginning this weekend, Thursday, Friday, Saturday and Sunday.

"Everyone's invited for champagne, hors d'ouvres and an exciting hour of family fun viewing the beautiful 1980 Oldsmobiles. Bring the kids, and the whole family", Chuck Thompson invites.

Speakers invited for work study program

The Cooperative Education Department at Oak Lawn Community High School is continuing its tradition of inviting speakers to the school to talk to the work-study students. Once a week these students will be exposed to some kind of business and career opportunity upon their graduation from high school. This year's first speaker was William Poerstel, from United Airlines, who discussed employment opportunities in the airline industry. In the weeks to come, representatives from Illinois Bell Telephone, McDonalds and the Dept of Labor will be at the school to present information about jobs available in their companies.

Students participating in the discussions with speakers from private companies are enrolled in various Cooperative Education programs. The Coop Program provides on the job vocational training on a part time basis for students. Students are enrolled in regular classes during one-half of the school day, including one related occupational class, and are trained on the job during the other half day. Two regular school credits are earned for the one-the-job training and related class instruction.

218 Sponsors Career and College Night

Community High School District 218 will sponsor its annual Career and College Night on October 23 at Harold L. Richards High School, 107th Street and Central Avenue.

The program will kick off at 7 pm with a 45-minute presentation on financial aid. Following the presentation, students and their parents will be able to talk with representatives of their choice.

This year, the district expects to host representatives from approximately 100 colleges, universities, trade and military schools.

The Career and College Night is open to students and their parents and to private and parochial high school students who live within CHSD 218 boundaries.

SUMMARY
BOARD MEETING

A 1979-80 operating budget of $11,363,728 was adopted by the board of trustees at its regular meeting of September 18. Of that amount, $9,584,334 is budgeted in the educational fund and $1,829,394 in the building and maintenance fund.

Other budgeted funds are $850,000, site and construction fund; $1,168,150 bond and interest fund, and $724,055 auxiliary expense fund.

The board named three banks as depositories of college funds. The general checking account was placed with Worth Bank and Trust. The auxiliary expense fund and the restricted purposes fund were placed with the Bank of Hickory Hills. The federal restricted purposes fund and the student activities fund were placed at the First National Bank of Evergreen Park.

The board granted a seven percent raise for hourly employees effective July 1, 1979.

A salary classification system prepared for the board by Hayes and Associates was adopted. The system is for college personnel on contract (except faculty). The board authorized administration to issue appropriate contracts with the recommended Hayes adjustments and with total increases not to exceed six percent of the current payroll.

In regular business, the board approved expenditures of $496,330 from the educational fund; $127,788 from the building and maintenance fund; $2,442 from the site and construction fund; $38,791 from the auxillary enterprise fund; $44,493 from the restricted purposes fund; and $5,709 from the student activities fund.

Richards' Cheerleaders have much to "Cheer" about

The Sophomore and Varsity Cheerleading squads from Richards High School had much to cheer about during this past summer.

Both squads walked away with several awards from cheerleading camps they attended in July and August, according to Cheerleading Coach Barbara Romani.

The Varsity squad took 2nd place in the overall camp competition held at the All-Star Cheerleader Conference in Michigan. The girls also won a "Good Job" ribbon, two blue superior ribbons and a Spirit Star.

Senior Patty Kick, of Oak Lawn, was chosen a "Miss All-Star," which qualifies her as a possible staff member for next year's conference. She was the only girl chosen from Illinois and one of only four chosen by this staff, Ms Romani said.

Varsity squad members include: Annette Bilhorn, Nancy Capatan, Lorrie Churan, Janet Fagan, Cheryl Jurkacek, Patty Kock, Geri Ready and Renee Tomes.

The Sophomore squad, which attended camp in Indiana sponsored by the United States Cheerleader Association, won ribbons for three of the four cheers they performed, Coach Romani said.

Their efforts earned them 3rd, 4th and 6th place ribbons.

Members of the Sophomore squad include: Glenora Croucher, Lisa Foley, Denise Marshall, Silvia Schielter, Tracy Stone and Susan Sullivan. Sue Suzzo is also a squad member, but was unable to attend the camp.

Reynolds now paying 23cents for aluminum

With school now in full swing, academic officials are reminded that aluminum recycling, through Reynolds Aluminum Recycling Company's on going program in northern Illinois, is an easy method of raising money for school programs and projects.

Reynolds pays 23 cents per pound for all-aluminum beverage cans and other clean household aluminum products such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers. Certain other items including aluminum siding, gutters, storm door and window frames, lawn furniture tubing and aluminum castings are also worth 23 cents a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans.

Location of the nearest Reynolds collection point may be found at Zayre's, 87th & Harlem Avenue.

PUBLIC NOTICE

In compliance with Chapter 102 Section 42.02 of the 1975 Illinois Revised Statues public notice is hereby given that the REGULAR MEETING of the TOWN BOARD OF TRUSTEES, Town of Worth, Cook County, Illinois, scheduled for Wednesday, October 31, 1979, has been changed to Wednesday, October 24, 1979, Audit Portion at 7 pm, Regular Meeting at 8 pm.

Regular Meetings will be held on Wednesday, October 10, 17 and 24.

The Regular Meetings will be held at the Worth Township Civic Center, 5831 W 115th Street, Worth, Illinois.

Given this the 1st day of October, 1979.

Eagle Scout Robert Berquist honored

Robert Berquist, Oak Lawn, an Eagle Scout, was presented a proclamation by Worth Township Supervisor Dr Joseph McCarthy during a ceremony held recently at the Worth Township Civic Center.

Joining the ceremony were (l to r) Trustee Robert Maier, Trustee Les Grant, Berquist, McCarthy, Trustee John McNamara and Worth Township Clerk Jean F. Murphy.

The proclamation complimented Berquist on his Eagle Scout award and is part of the Worth Township continuing program of singling out youth within the township who display excellence in youth activities.

Hardek calls slate making committee meeting in 3rd District

John J. Hardek, Republican State Central Committeeman in the 3rd Congressional District, has called a slate making committee meeting of all committeemen in the district. The meeting will be held on November 3, 10:30 am at the Holiday Inn, 4140 W 95th Street, Oak Lawn in the King James room. The committee will consist of Republican committeemen in the 13th, 15th, 18th and 19th wards in the City of Chicago, and committeemen of Calumet, Thornton, and Worth Townships.

The primary purpose of this meeting will be the selection of delegates and alternate delegate candidates to be elected in the March, 1980 primary, who will attend the Republican National Convention to be held in Detroit in July of 1980. Delegates will then select a Republican Candidate for the office of the President of the United States of America.

There will also be a preliminary screening of candidates for the office of Congressman in the 3rd Congressional District.

Anyone wishing to appear as a candidate for delegate or congressman, please call your committeeman or John Hardek at 423-1007, so that a time may be set aside for you.

Delegates and alternates who are elected to attend the Republican National Convention serve without pay and must be able to spend 5 days in Detroit with no reimbursement for hotel, food, or transportation costs.

Competition among Republican Presidential Candidates has been keen, and the Republican National Convention in Detroit promises to be one of historic importance for the citizens of Illinois and the Nation.

Vogrich named to office in Worth Township

Joseph D. Vogrich

It was announced this past week that Joseph Vogrich was named Collector of Worth Township. His appointment was approved by the Worth Township Board of Trustees.

Vogrich, former trustee in the Village of Oak Lawn, said that he is pleased with receiving the appointment.

There is no salary for the above mentioned office.

Marion Busch named to March of Dimes Executive Committee

Marion Busch, a member of the Illinois PTA, has been elected to the Metropolitan-Chicago Chapter - March of Dimes Executive Committee.

Currently the Parenting Chairman of the Illinois PTA, and National PTA Honorary Life Member, Mrs Busch has been an active March of Dimes volunteer for the past two years.

Mrs Busch and her husband live in Oak Lawn where she has been active in the PTA for the past 25 years. She has also been both a Girl Scout and Cub Scout leader. The Busches have two children.

The Metropolitan Chicago Chapter, serving Chicago and surrounding suburbs, is dedicated to the prevention of birth defects through improved maternal and newborn health. To become a March of Dimes volunteer, call 341-1370.

Park plans family hayride, bon-fire and sing-a-long

The Oak Lawn Park District invites your entire family to attend two special evenings that have been planned for you!

On Saturday, November 10 you and your family can enjoy a night of square dancing, a hayride and a bonfire and sing-a-long at Acorn Ridge in Lemont, IL.

The evening will begin with a square dance from 6 to 7 pm in an old fashioned dance hall. Following this there will be a one hour hayride through the woods and private roads. To conclude the evening from 8 to 9 pm, there will be a campfire for roasting hot dogs, marshmallows, drinking cider and singing along. The fee is $4 per person. Bus transportation will be provided if enough people are interested at an additional fee of only $2 per person.

The second event scheduled for your enjoyment will be a trip to Ringling Brothers Barnum & Bailey Circus "The Greatest Show on Earth"! The circus trip is planned for Wednesday, November 14 for the 7:30 pm performance. You'll have the opportunity to see a dazzling array of circus acts as well as the first white tiger in circus history. The cost of tickets is $8 per person which includes tickets and bus transportation. The bus will leave the park district office, 9400 Kenton, at 6 pm for the International Amphitheater.

So don't miss the chance to spend two exciting evenings with your family. Registration is being taken at the park district office for both of these events. There are a limited number of tickets available so register now! For further information call 424-7300.

Oak Lawn Firefighters honored

Seven Firefighters, Thomas Finn, David Gudyka, Calvin Laird, Robert Pattituci, Thomas Shervino, Gary Sievert and Al Tregoning, were presented Firefighter II Certificates, from the Village of Oak Lawn.

These firefighters had successfully completed a three hundred hour course of instruction which covered twenty-eight subject areas determined by the Office of the State Fire Marshall of the State of Illinois. These men were the first in the State to be examined via the state-wide competitive examination for Firefighter II.

Taxpayers shortchanged says Huskey

State Rep Herb Huskey says Illinois taxpayers have been "shortchanged" by lawmakers who "used tax relief as a convenient but insincere campaign promise" for election to public office.

Huskey's remarks came after the Illinois House failed to override Governor Jim Thompson's veto of legislation (H.B. 2564) which would phase-out the 4 cents state and 1 cent local sales tax on food, prescription drugs and health aids over 3½ years beginning January 1, 1980.

"I was the only representative in the Eighth District who voted for this override," Huskey stated.

"It's unfortunate and inexcusable that all suburban representatives did not support their constituents' position on this crucial matter," he said. "A University of Illinois study clearly shows that 79.4% of those Cook County residents polled in various age and economic backgrounds supported this override, and the response was similar in the other five RTA collar counties and across the state, too.

"House Bill 2564 was the only way available for suburban residents to offset the full impact of the new regressive RTA sales tax," Huskey noted. "Suburbanites begged the General Assemby not to pass that tax in the first place, but it happened anyway.

"Now their pleas for responsible and affordable tax relief have also been ignored," he stated. "What's the point of telling voters to become actively involved in our democracy. . .to vote and express their opinions. . .if they're continually pushed aside?"

Charging Chicago Mayor Jane Byrne, Thompson and House members who did not support the override with "political dictatorship," Huskey says they should "come out from hiding behind fancy excuses and political mumbo jumbo."

"I did not have a position on House Bill 2564 when final action was taken by the General Assembly last spring because .I honestly didn't know if the state could afford its $1.6 billion price tag," Huskey said.

"However, our state checkbook balance subsequently hit new all-time highs, while suburban residents became burdened with the highest sales tax in Illinois," he noted. "From then on, I couldn't see how the state could not afford immediate tax relief."

Huskey says Illinois residents will not be "fooled" by "misleading threats" of service cutbacks or by promises of a new replacement tax as "excuses" for blocking the sales tax override.

"It's time for bureaucracy to go on a strict financial diet," he stated. "Taxpayers are tired of shelling out their hard-earned money for programs and services which are unnecessary, unproductive, inefficient and outrageously expensive.

"Instead, they want high school graduates who read well enough to get into college or to get jobs. . . they want businesses and new jobs to locate here. . . they want welfare cheaters off public aid rolls. . .they want more of their salaries in their own pickets instead of having government tax it away," he said. "In short, taxpayers are asking state government to prove that existing programs and services justify the use of their money.

"The time for making excuses is over."

Huskey says he welcomes calls or letters from eighth district residents who want to discuss the sales tax override in more detail. Interested persons can contact him at either 6201 W 95th Street, Oak Lawn 60453 (424-5000) or 2061 Stratton Building, Springfield, 62701 (217-782-8161).

American Education Week

School District 126, the Alsip, Hazelgreen and Oak Lawn Elementary Schools, will have several events between November 8 and 21 to celebrate American Education Week. The kickoff will be Open House at Lane, Hazelgreen and Oak View Schools, on Thursday, November 8, 7:30 to 9 pm.

Stony Creek and Oak View Schools will welcome parents for a visitation morning Tuesday, November 13. The four K-6 buildings, Lane, Stony Creek, Hazelgreen and Oak View, will have evening parent conferences Tuesday, November 13 from 6:30 to 9 pm. Wednesday, November 14 will be an early dismissal day for the K-6 buildings. Children will be dismissed at noon.

Lane and Hazelgreen Schools will welcome parents for a visitation day Thursday, November 15. Hazelgreen School is also having the Great American Smoke Out Campaign on November 15.

Prairie Junior High is hosting a question and answer session for parents in the PJH Learning Center on Tuesday and Wednesday, November 13 and 14, from 11:45 am to 1:15 pm. Staff members will be on hand to answer questions from parents regarding school related topics. Stony Creek School will be having a Book Fair the week of November 12-16.

Stony Creek School will end the American Education Week with an installation of service organizations which will also highlight some special awards to students for outstanding performances in the school or community.

The Monday, November 19 PTA meeting at Hazelgreen School will feature a program on "ESP and Palmistry". The PTA meeting will be preceded by a 7 pm "Pre Meeting" for Special Education, "So you think it's easy" presented by Maureen Fournier, District 126 Gym Instructor.

The events will conclude with the November 21 School Board Meeting, 7:30 pm at the Administrative Center, 5201 W 115th Street. Board President Clark Alford reminds us that all are welcome to attend the meetings. "All those interested, parents, grandparents, friends, residents and neighbors — all are most welcome to visit District 126 during the American Education Week activities," concluded Alford.

Mayor Vacco's benefit for Carol's Van more than successful

Smiles of appreciation were the order of the day for Beverly and Tom Horrell at Mayor Anthony Vacco's Golf Day Dinner.

Earlier this year, the mayor held a benefit for the Horrells' oldest daughter, Carol. She had been paralyzed from the neck down. The family needed a van with a hydraulic lift to transport Carol to therapy sessions.

Thru the generous support of fellow residents in Evergreen Park as well as numerous friends from surrounding areas, the mayor was able to purchase (at cost) the van selected by the Horrells at Bob O'Connor Ford. On September 12 at his annual Golf Outing, Mayor Vacco gave a check for $1,796.18 to the Horrells which was donated above the cost of the van.

President Joy announces attorney appointment

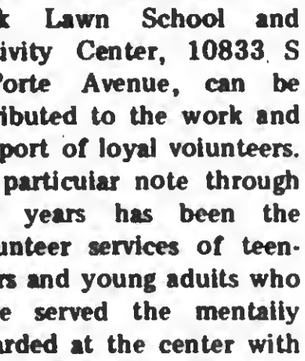
Marjorie Ann Joy, President of the Oak Lawn Park District Board of Commissioners, announced the appointment of Thomas Farrell as the attorney for the park district. Farrell will succeed Terrance Hillard who had served as interim attorney after the resignation of John Turner.

Farrell is a graduate of Loyola School of Law. He resides in Oak Lawn with his wife and four children, and also maintains his law offices within the village.

Having fun with Park Lawn Youth Volunteers

It is a known fact that much of the success of the Park Lawn School and Activity Center, 10833 S LaPorte Avenue, can be attributed to the work and support of loyal volunteers. Of particular note through the years has been the volunteer services of teenagers and young aduits who have served the mentally retarded at the center with outstanding enthusiasim.

For this reason, Park Lawn is now recruiting teenagers and young adults to join the Park Lawn Youth Volunteers in service to the mentally retarded. Those in organized church, school or other groups are also invited.



The young people plan parties for the students of the school, participate in parades, special field trips and much more. Interested persons may call Park Lawn at 425-3344 from 9 am to 4 pm.

Where else can one find such a meaningful endeavor that is also a great deal of fun?

Russo appointed to Speaker's Special Task Force on PAC reform

Congressman Marty Russo has been appointed to the Speaker's Special Task Force on Political Action Committee (PAC) Reform recently set up in Congress. The task force will work to achieve passage of the bill H.R. 4970, which limits the amount of money a political action committee may contribute to a House candidate.

Political action committees are political campaign fund committees formed within special interest groups such as labor, business, trade and professional groups. They provide money and assistance to candidates who they feel represent their viewpoints.

Over the last five years, the number of PACs has increased from 500 to 2000. The amount of PAC money in House elections in 1978 totaled $25 million, an increase of 70% over $14.7 million in 1976 and 200% over 1974 when PAC spending on House races totaled $8.4 million.

"PACs are becoming too powerful and influential in the election process," Russo said. "Special interests will soon dominate the legislative process unless some steps are taken, and we need this legislation if we are to preserve the integrity of our political system."

"I am pleased to serve on the Special Task Force and have the opportunity to work actively to encourage fellow members to support PAC reform legislation."

Earlier this year, an effort to pass public financing legislation was defeated. Russo commented that the PAC reform legislation was introduced to help eliminate abuses in the campaign finance process. In addition, he cited the bill as a balanced one in terms of the impact on PACs and the rights of individual citizens.

"The Campaign Contribution Reform Act places reasonable restraints on PACs. The bill will allow special interests to play an appropriate role in the political system but at the same time will protect the integrity of the legislative process and the rights of all citizens."

The legislation is expected to come before the House in the next few weeks.

Marty Russo receives prestigious appointment

The residents of the 3rd District should be very proud that it was their young Congressman, Marty Russo, who in an uncontested election heid in the Democratic Caucus, was chosen to fiii the vacancy on the powerful and prestigious House Ways and Means Committee. The position was ieft open when Congressman Abner Mikva (D-IL) was recentiy appointed to a federal judgeship.

Speaking on the assignment Speaker of the House Thomas P. O'Neill, Jr. (D-Mass) said, "The House Democratic Leadership enthusiastically supports the assignment of Marty Russo to this important Committee. I know Marty well; he is abie, talented and deeply concerned about the future of our country. I have every confidence that Marty has the background, political instincts and maturity of judgment to fuifiil the responsibiiities and obligations of this assignment."

Russo first won approval for the committee seat wben the Steering and Policy Committee endorsed him over Rep. Sam Hall (D-TX). To assume the committee asignment, Russo will be giving up his seat on the Interstate and Foreign Commerce Committee as well as his own Subcommittee on Special Small Business Probiems of the Small Business Committee.

The Ways and Means Committee is charged with responsibility for writing revenue measures, tariff and reciprocal trade agreements, public assistance and social security measures.

Fellow Illinois committee member, Representative Dan Rostenkowski said of Russo's appointment, "Marty Russo is the clear choice to maintain tbe geographical and ideoiogical balance of the Ways and Means Committee. I am very confident that Marty will be an effective member of our committee."

Young Congressman Russo, who has just begun his 3rd term, has been one of the most active and most visibie to be enjoyed by the residents in his district.

Russo, wbo has done much for the seniors while working on the Commission for the Aged, will try to maintain this position.

Yourell absentee election law in effect

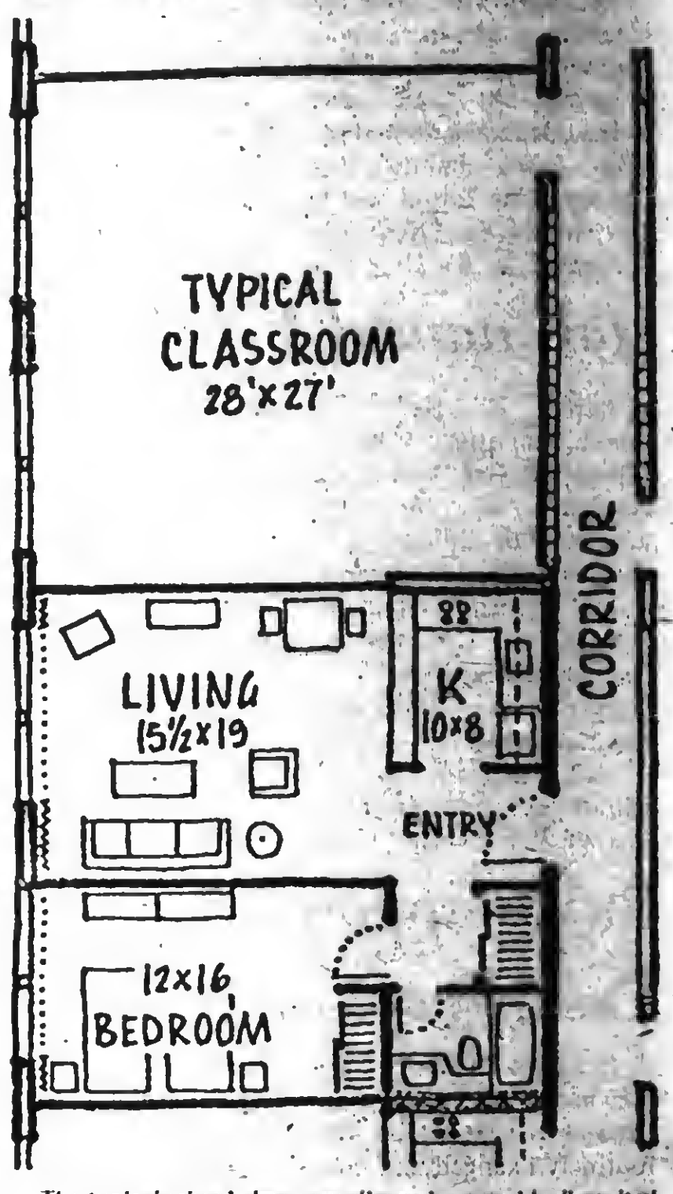
Legislation sponsored by Rep Harry "Bus" Yourell (D-8) to allow law enforcement and state election board employees to vote absentee on election day was signed into law by Gov James Thompson, but another part of the bill which could in some cases cut costs of special congressional elections was vetoed.

Youreil, who was in sponsorship of House Biii 1914 by Rep William J. Laurino (D-15) said the absentee ballot provision is needed by those persons engaged in officiai duties while the polls are open on election days. The new iaw is effective immediately.

The Eighth Legislative District lawmaker attempted in certain situations wbere time aiiowed to permit the governor to set special elections to fiii congressional vacancies.

Although such simultaneous elections would have saved taxpayers money, the governor's amendatory veto message concluded: "I see no reason to abandon" the present system wbich allows bim to set the dates - - both primary and general.

Stancik speaks to school recycling



In 1977, when the first indications of possible school closings due to declining enrollment became known, I publicly suggested that all interested citizens consider using empty schools to house senior citizens.

Since that time, a growing trend towards converting rental units to condominiums has continued to become an immense fact of life within our village. It is becoming more obvious by the day, that many long-time residents of our village, namely our senior citizens, are being forced, through economic pressures, to seek more reasonably priced housing outside of the Village of Oak Lawn.

At the recently concluded convention of the Illinois Municipal League, I was pleased to learn through a publication of the Illinois Department of Local Government Affairs, that several schools in our state have been successfully converted to senior citizen housing.

As you can see from the accompanying diagram, the typical school classroom dimensions are ideally suited to the creation of one bedroom apartments. In addition, the kitchen, gymnasium and library areas of our schools may be well suited for the special recreational and social needs of our senior citizens.

It must be further noted, that because of the usual location of schools in residential areas, that the conversion of a school use into a housing use has proven to be the least disruptive land use change that could occur. This concept has proven to be successful in Buffalo, Dawson and Champaign, Illinois.

The typical school classroom dimensions are ideally suited to the creation of one bedroom apartments. The apartment shown above contains 756 square feet of floor area, and features a very spacious living room and bedroom. Drawing courtesy of the Council of Educational Facilities Planners, Columbus, Ohio.

I can recall two churches petitioning the Village of Oak Lawn to create housing for senior citizens a few years ago. Unfortunately, the plan was too intense for the neighborhood involved, and this plan was being subsidized by agencies of our Federal government.

I must ask if the churches of our community, perhaps through inter-denominational cooperation, would be willing to consider spending their mission funds within our community, to fund and provide administration for housing of our senior citizens in our vacated schools.

If you believe that this plan has potential merits within our village, I would ask that you contact School Board No. 123, our churches, this newspaper, or myself.

/s/ Ronald M. Stancik, Trustee — District II
Village of Oak Lawn

Le Newsletters

Trustee Ron Stancik was the advocate of a "Newsletter" for the Village of Oak Lawn and proposed that funds be put aside to cover the cost of printing and postage to mail it to each home in the village. He said it would be non-political and geared to informing the residents of matters if importance. Trustee Jay Bergamini also approved the "Newsletter" and recently made a plea to print it at least once with its contents explaining the new "Snow Removal Ordinance". Bergamini claimed that it is essential that all residents understand the ordinance before the snow falls to make it work. (See Page 17 — VILLAGE VIEW). Bergamini in his statement said that all people do not read the newspapers and that all newspapers do not reach all of the people.

Trustees Anderson, Hardek, Meloun and Petrozza voted against the "Newsletter" as being too costly. Hardek and Anderson suggested that each trustee send out their own newsletter and pay for it from their own pocket.

Now. . .along comes the individual letter by Anderson, Hardek and Petrozza, each delivered in their own district and designed in such a way that they could very well be misleading.

The three are members of the newly formed political party "Oak Lawn First". Their logo is on the letterhead. Along side of it is a replica of the familiar "Village of Oak Lawn" seal. It would seem to denote that the "Oak Lawn First" and the "Village of Oak Lawn" are one and the same. After questioning we found that unless there is an ordinance on the village books saying it was illegal to use the seal, on other than village matter, it would be highly improbable that the practice could be stopped.

With regards to the context of the letters let's take Hardek's first as he is recognized as the leader by his peers.

Hardek states that he voted against the increased tax levy because it might not be abated at the end of the year. Hardek has done this ever since he took office but the levy has always been abated. He talks of a "zero increase" and yet he must realize inflation affects the employees, the costs of material to the village, the cost of equipment — salt alone doubled in cost this past year.

Hardek speaks of better utilization of equipment and manpower and more "productivity" thru increased supervision of personnel.

What he is saying then, in fact is that someone is stuffing off but he gives no specifics.

In the next paragraph he speaks of the sidewalks, curbs and resurfacing that will be done next year. He is not being very practical if he believes costs for this work won't inflate.

Hardek attends the budget meetings but offers no solution or direction on how to cut the budget. Of course, if it was cut, he wouldn't be able to vote against an increase!

Anderson's letter starts out about family business and one wonders why it would be considered village business written under the guise of the seal of the "Village of Oak Lawn".

He later states that one of his campaign promises was to make the summer of '79 one of the quietest in recent history. He then speaks of the work of the aggressive police protection we now have. Was there something he did to help the police? The paragraph is not clear.

Further on he claims to have worked for two years for a new snow parking ordinance and it is now in effect. All of the trustees worked for this ordinance and all six helped to get it passed. He speaks in part to the ordinance and the removal of heavy snow but he doesn't say whether the present manpower and equipment can do the work or will we need more spending?

Anderson is the only one of the three that would like to blame the "Kolb" administration and the Citizens Coalition for your last raise in taxes. He also sat back in budget hearings and like Hardek, offers "no" solutions but votes against the budget. One thing is for sure - - it makes good political propaganda!

Petrozza's letter speaks to Lake Louise and how "we" will complete filling the lake, spread, grade and landscape the entire site for a beautiful green space area for the residents. He forgot to say that the people are paying for it themselves. The village only gave them free dirt from the Harker Pumping Station.

He also said that he will continue to fight for lower village spending and lower taxes! We can then assume that he believes the village is overspending but he does not say "where".

Woman to Woman with OL Family Services

Oak Lawn Family Service, a department of the Village of Oak Lawn, is currently offering group counseling in three different areas: Mothers' Group, Single Women's Group and Divorced Women's Group.

The Mothers' Group meets Thursday mornings at 10 am. Members discuss the issues and problems they are facing in raising children today. Among their many concerns are how to maintain consistency and discipline, how to help children who are having problems in school, and how to deal with influences in society which run counter to family values.

The Single Women's Group is a group open to any woman without children who has never been married or who has been single for more than two years. This group provides a situation whereby a woman could freely express her feelings of what it's like to be single in today's society. Some of the concerns which are discussed deal with living alone, meeting other single men and women, and career potentials. This group meets on Thursdays at 7:30 pm.

The Divorced Women's Group is open to any woman recently separated or divorced who would like the support of a group of women who at times experience frustration and loneliness, and would like a safe place to talk about those feelings while doing some goal-setting and self-image building. The group meets at 8 pm each Wednesday night.

Oak Lawn Family Service serves residents of Oak Lawn and is located at 9526 South Cook Ave. Call 423-3361 for further information.

LETTERS TO THE EDITOR

RESIDENT ASKS BETTER LIT STREETS

There are some streets in Oak Lawn that are not well lit. There are more accidents on poorly lit roads. Government studies proved this to be true. The village of Oak Lawn should look into the matter for safety reasons. I realize that there may not be any more money ready for this project but every effort should be made to get more and better lighting.

Perhaps the taxes would have to be raised but I'm sure the residents of Oak Lawn would feel safer even if the taxes were raised.

Le Newsletters

Petrozza said that "we are considering changing the auditing firm in Oak Lawn for a fresh approach," and suggests that they can save $3000. The auditing firms are routinely changed and unless he got the $3000 figure from the finance director there is no basis for this assumption. The auditors have not been interviewed to date and therefore no cost established.

On the back of the letter is a nine point questionnaire. Contrary to all their comments about taxes one of the questions asks "Would you support an increase in Real Estate Taxes in order to increase village services?". If enough people answer "yes" that blows their arguments!

Question nine asks "Are there any unsolved problems in Oak Lawn which are bothering you? Please specify." It makes this humble writer wonder if they are looking for campaign issues.

"It certainly smells like it!" was the quote of one citizen.

We believe that the trustees should not just take it for granted that all residents are against a raise in taxes to the detriment of the village. On these pages is a "Letter to the Editor" in which the views of one resident is stated very clearly. It may be wise to take the writers opinion into consideration.

Grace Morris to hold workshop at Oak Lawn Towers

When someone in your family sounds angry, do you think they are angry with you? A workshop designed to help you "really" listen to what others are saying and hear the feelings behind the words will be held on Saturday, November 3 at the Oak Lawn Towers, 93rd and Cicero Avenue, Oak Lawn, from 9:30 am to 3:30 pm. Call Grace Morris, 636-3858 for further info.

Two other workshops to be offered this winter are "The Complete Management of Stress" on Saturday, February 9, and "Time Management and Goal Setting" on Saturday, March 15.

Mrs Morris, M.A.F.A., is director of the School of Psychological Astrology. The seminar workshops are designed for the general public as well as for students, clients, business and professional people, for all those who want to learn to communicate better, understand themselves and use time and energy effectively.

Make Today Count

The Oncology Committee of Little Company of Mary Hospital is conducting a program called "Make Today Count" for persons having cancer or other life-threatening diseases, their families, friends and community members. This program is open to interested people who are hospitalized as well as those who have returned to their homes. Having been a patient at LCM Hospital is not a prerequisite to attend these sessions.

Meetings are held from 7:30 to 9:00 pm on the second Monday of each month are are coordinated by Lois Sharp, R.N., M.S., Clinical Specialist and Sister Rosemary Abramovich, O.P., Certified Pastoral Associate.

In these regular monthly sessions, participants share the problems of learning to live with a disease and trying to cope with these problems in a positive way. Depression, loneliness and fear often trouble persons with life-threatening illnesses. Frequently, they feel isolated in this new identity when confronted with their diagnosis. "Make Today Count" offers an opportunity to work through these common problems.

Interested persons are cordially invited to attend the next session that will take place on Monday, November 12, 7:30 pm in the Oncology Center located in the lower level of the hospital. For further info call 422-6200, ext 5515.

Park Lawn ask for bingo volunteers

The members of the Park Lawn Parents Association recently launched their drive for volunteers for their weekly Bingo games.

The center, located at 10833 South LaPorte Avenue, Oak Lawn, is the site of the games which are held each Saturday evening and Sunday afternoons.

Tom Fratto, bingo chairman, states that volunteers fill an important need when working at the games, but it is also enjoyable for those who participate. "Working for the benefit of the mentally retarded as well as making new friends can add true enrichment to a volunteers life."

For additional information on volunteer service, call Tom Fratto at 430-1661weekdays, 9 am - 5 pm.

Jessie Barry named Monticello candystriper of the year

It takes a great deal of dedication, caring and professionalism to nurse back to health the many residents of the Monticello Convalescent Center in Oak Lawn. To honor employees and candystripers for an especially high calibre of care, Monticello held its annual Recognition Banquet.

Guest speaker, State House Representative Harry "Bus" Yourell, presented a resolution passed by the Illinois House of Representatives honoring Monticello's candystriper of the year. The recipient was Miss Jessie Barry of Worth who had donated 633 hours to candystripe work at Monticello this year. She is a student at Alan B. Sheperd High School and daughter of Mr and Mrs Jerry Barry.

In all, 21 candystriper volunteers were honored as were 18 adult volunteers and three organizations. These awards along with employee recognition awards were presented by Joseph McGee, Executive Vice President of Monticello Convalescent Center, and Joyce Hrabec, Administrator of the Oak Lawn Center.

Pins rewarding 10 years of dedicated service were presented to Jean Barry (mother of Jessie); Florris Brewer; Joyce Hrabec (Administrator); Florence Martel and Genevieve Phillips. Five year pins went to Katherine Christensen, Mary Molitor and Martha Wyman.

In the last 10 years alone, candystripers and volunteers have dedicated over 82,000 hours to work at Oak Lawn Monticello. Couple this with Monticello's large, dedicated staff and it is easy to see who so many sick persons have regained health and a new spirit for life.

During the Monticello Annual Recognition Banquet, State House Representative Harry "Bus" Yourell, presented Monticello's Candystriper of the Year award to Miss Jessie Barry. Pictured are (l to r) State House Representative Harry "Bus" Yourell; Miss Jessie Barry (of Worth); Joyce Hrabec (Administrator of the Monticello Convalescent Center of Oak Lawn) and Joseph McGee (Executive Vice President of Monticello Convalescent Centers).

Shown with the winning posters are standing (l to r) Pat Stancik, PTA President and Carnival Co-Chairman; Gina Mazzocco, 7th Grade; Ron Stancik, Carnival Co-Chairman; (kneeling) Dina Goldstein, 5th Grade; and Johnny Garcia, 3rd Grade.

First prize winners of the 1979 Covington Carnival Poster . Contest were annoucned by carnival co-chairmen, Pat and Ron Stancik. They are: Grades 1-3: John Garcia; Grades 4-6, Dina Goldstein; and Grades 7-8, Gina Mazzocco. All the children partici-pating did beautifui work on the posters. These were outstanding.

The Covington PTA Carnival date has been set for Saturday, November 3, 4 to 8 pm at the schooi, 9130 S 52nd Avenue, Oak Lawn. Games this year include the Pink Panther, Star Warz, Poster Toss, Aliey-Oops, Jaws and many more for all ages. The Moonwaik air ride wiii be back. Win a cake in the Cake Waik (or if that faiis, buy one in the Sweet Shop). The Kitchen is serving Bar-bequed Hamburgers, Hot, Dogs and other good things.

If you like garage sales, don't miss the 300 family Country Store at the schooi. For bazaar shoppers, try the Boutique Booth - - hand-made items to smiie at, wear, sit on, hang up, swing from, etc.

For the really brave, take a walk through the frighten-ing, haunted Spook House. It's an unforgettable, moving experience.

The whoie evening should be a delight. Kids of all ages are welcome and parents will enjoy it, too. Don't miss it!

Winner of Child Art Contest

Angie Witek of Oak Lawn is shown above at a recent iuncheon honoring her as a winner of the WMAQ-TV International Year of the Child Art Contest which was their way of recognizing and creating an awareness of UNICEF's International Year of the Child.

Children were asked to submit drawings that showed something about themselves, their families or where they iive. Fifty of the best pictures were selected by a panel of judges. The drawings were done in crayon or water colors and are currently on display in various Chicago Branch Libraries.

Winners and their parents were invited to attend a iuncheon where the winners were given certificates and slides of their winning art work. These slides will be used on the air through the end of the year.

First Grand Prize winner at Oak Lawn Chamber of Commerce Third Annual Pet Parade

At the Third Annual Pet Parade sponsored by the Oak Lawn Chamber of Commerce little Kim Stasky and her "lion" (pet cat), entered in the Circus Category, won the first grand prize -- trip to Disneyworld, including round trip fare, car rental and choice accom-modations, courtesy of Oak Lawn Trust and Savings Bank.

With well over 100 entrants in the parade, the judges had their work cut out for them, deciding on the three grand prize winners. Second prize was a $100 Savings Bond, courtesy of Heritage Bank of Oak Lawn, won by Diane Mondello. Winner of the third grand prize was Leah Bennett, who was awarded a $50 Savings Bond, courtesy of the House of Mary.

Shown shortly after the great award ceremony are (top) Barbara Koziarek, Koziarek Realty World, President of the Oak Lawn Chamber of Commerce; LeRoy Corradino, Oak Lawn Trust and Savings Bank. On the bottom (l to r) Karen Stasky, proud mother; Kim Stasky, holding her Grand Prize Trophy; and Bob Gaul, Oak Lawn Pet Center, Parade Chairman.

"Respect Life Week" proclaimed

Mayor Ernie Kolb proclaimed "Respect Life Week" October 7-13, 1979 with a unanimous second by the Board of Trustees whereby the life of each person is sacred - the born and the unborn, the young and the old, the healthy and the sick, the gifted and the disadvantaged.

The purpose of "Respect Life Week" is to re-educate the American people to the dignity of human life. Exemplifying the span of lifetime years are (l to r) Baby Ann Marie Joy, Ethel Cox and Jayne Powers, Village Clerk. (Photo by Oak Lawn Fire Department).

Elrod and Finley supervise destruction of 300 stored firearms

Circuit Court Clerk Morgan M. Finley and Sheriff Richard J. Elrod recently supervised the destruction of nearly 300 firearms which had accumulated in Sheriff's Police and Clerk's Office storage facilities.

The weapons, ranging from an M-16 automatic rifle to a home made zip gun were crushed into small pieces by a giant automobile-shredding machine at the Prolerized Chicago Corporation's yards, 3151 S California Avenue, Chicago.

Guns destroyed by Finley's office were impounded evidence from jury or lengthy bench trials. The weapons in Sheriff's Police custody were either court-confiscated or abandoned property. Confiscated weapons are brought into court by the arresting officer at the time of a short bench trial. Upon a finding of guilty the judge signs an order confiscating the weapon and ordering its destruction. Abandoned guns are destroyed if a lawful owner does not claim them.

As the weapons which had been dumped into a junk car went through the shredding machine, Sheriff Elrod noted that their destruction represented some 300 less chances of innocent citizens or police officers being wounded or killed by gunfire.

Finley said the ridding of court files of the evidenciary weapons will "solve a major headache" for the Circuit Court Clerk's Office in that special security precautions are necessary for their storage.

Under state law, weapons used as evidence in court cases must be held for five years following final disposition of the case. Then upon court order, they may be destroyed. Finley's office has inventoried more than 500 of these weapons and will destroy the remainder as soon as additional court orders can be obtained.

Above Sheriff Richard J. Elrod, (l) and Circuit Court Clerk Morgan M. Finley look at some of nearly 300 guns that were destroyed in an automobile-shredding machine. The machine, located at the Prolerized Chicago Corporation's yards smashes the guns into small pieces of twisted metal. In the photo on the right Finley and Elrod examine the remains of rifles, pistols and shotguns which were shredded. The battered, hardly recognizable chunks of steel will be melted down and sold as scrap for recycling in some manufacturing process.

Hynes receives award

Cook County Assessor Thomas C. Several hundred community and civic leaders attended the first Annual Neighborhood Awards Luncheon at the Chicago Public Library Cultural Center, Preston Bradley Hall.

THE OAR celebrates first anniversary

Dick Lamb and Rosemary Bradley, seated to the right of Lamb, (both of Blake-Lamb Funeral Homes) enjoyed the fabulous array of folk music performed by Sheila McKenzie (standing with guitar), as did all who attended the 1st Year Anniversary meeting of THE OAR.

It was the first anniversary of THE OAR educational and discussion meetings. In place of the usual interesting speaker, Blake-Lamb Funeral Homes (who sponsors the free meetings) arranged for musical entertainment. Sheila McKenzie, nationally know folk music artist showed everyone a grand time with music from her repertoire of over 200 songs in 12 languages. The meeting took place on September 14 at St Xavier College.

THE OAR educational program is a monthly service to widowed people of all faiths. THE OAR which means To Help Each Other Accept Reality - is designed to give widowed people the support and understanding of people who have suffered a similar loss.

All widowed people are cordially invited to attend these meetings. There is no charge. Refreshments are served. For [illegible] watch this paper for announcements or [illegible] Rosemary Bradley, 7[illegible]

PARK LAWN DINNER DANCE MARKS 25TH ANNIVERSARY

The members of the Park Lawn Association announce plans for their exciting Fall Dinner Dance to be held at the beautiful Martinique in Evergreen Park on November 9. This year, the event will be of particular significance as it will mark the association's Silver Jubilee.

Don Maty, general chairman, states that all of the proceeds of the affair will benefit the Park Lawn School for the mentally retarded which is located at 10833 S LaPorte in Oak Lawn. For further information or tickets call 425-3344.

Dignitaries to preside at Huskey testimonial dinner

A large crowd is expected for a testimonial dinner honoring State Representative Herb Huskey on Thursday, November 8th, at the Martinique Restaurant, 2500 Drury Lane Drive, Evergreen Park.

Channel 7 Political Editor Hugh Hill will be the master of ceremonies for the event.

Dinner chairman Nick Ruggiero of Evergreen Park says ticket sales are "excellent".

"Many residents of the Eighth Legislative District and other nearby communities want to thank Herb Huskey for representing them so ably in Springfield," Ruggiero said.

"Herb has proven himself to be a true friend of the people, as he is always ready to help anyone with a problem by cutting through government's bureaucratic red tape," he noted.

"Herb Huskey is a man of principle, commitment and action," Ruggiero said, "and this dinner is one way for his friends, neighbors and constituents to recognize those efforts."

Dinner tickets, Ruggiero says, can still be purchased from him at 423-4733 or 425-4511. They are $20 each.

Cocktails will begin at 7 pm with dinner following at 8 pm. The Variety Pac will provide music for after-dinner dancing.

Persons who have not as yet received a dinner invitation but wish to go should contact Ruggiero as soon as possible.

Lieutenant Governor Dave O'Neal will be the featured speaker at the testimonial dinner honoring Herb Huskey.

Trinity College instructor to present lecture - recital

Stephan Husarik, piano instructor at Trinity Christian College, will present a lecture-recital entitled, "Pictures at an Exhibition and Slides of the Original Hartmann Drawings" on Sunday, November 11. The multi-media concert will be held in the community room of the Oak Lawn Public Library at 2 pm. Admission is free. For further information call 597-3000, ext 58.

Modeste Musorgskii composed a set of piano pieces called Pictures at an Exhibition after having visited a memorial exhibit of art works by his good friend, the architect, Victor Hartmann. Husarik located the drawings and watercolors that inspired Pictures and set them to music. The text from their recital is soon to be published in Clavier magazine.

Trained in both music and art, Husarik has performed throughout the midwest and south. His principal piano instructor was Soulima Stravinsky. In November, 1978, Husarik read a paper, "Musorgskii's Promenade and Its Influence on the Pictures at an Exhibition," for the American Musicological Society Midwest Chapter meeting.

OL Holiday Inn listed in "Top 300 Hotels"

Lodging and Hospitality magazine, nationally circulated trade publication for the hotel industry, has placed the Holiday Inn of Oak Lawn in 59th position and listed the complex as one of the "Top 300 Hotels" in the entire United States, according to Joseph English, general manager of the Inn.

Art Alaniz, food and beverage director for the Inn, was recently cited as Top Food and Beverage Director in the United States by the Holiday Inn Systems.

The Holiday Inn of Oak Lawn, winner of numerous awards over the years, has also been named in the "Top Ten" of all the Holiday Inn operations in the United States in 1971, 1972, and 1975.

In 1975, English was named "Innkeeper of the Year" by the Holiday Inn Systems.

Christmas in November

A "Christmas in November" bazaar will be presented by the combined Womens Circles of Chicago Southwest Christian School at 101st & Central Avenue on November 3, beginning at 10 am.

Featured will be handmade articles including macrame and needlecraft. There will be a wide variety of Christmas decorations. The Bake Shop will have lots of homemade goodies. There are free movies for the children and "Santa's Workshop" so they can shop for parents inexpensively.

A "Trash & Treasure" used items sale will be held. Almond paste, ornaments, wreaths, greeting cards, and many other holiday items will be available. Fresh produce and oranges and apples as well as coffee and donuts will be sold.

Lunch will be served. Plan to come out with the entire family.

Sky Show features Space Storms

New moons, new rings and new understanding of the giant ringed planet Saturn will be highlights of "Space Storms," the fall Sky Show which will run thru November 26 at The Adler Planetarium.

Pictures and information sent to Earth on the first of September by Pioneer II, the first space mission to Saturn, will give Sky Show audiences the most up-to-date Saturn report available anywhere.

Mars and Jupiter will also be included in the Sky Show survey of the violent worlds beyond the seemingly peaceful night sky seen from Earth.

"Earth's weather looks pretty tame compared to the stormy weather in space," Associate Astronomer Dr James S. Sweitzer commented. "Even hurricane David was far milder than the 400-year cyclone which we see as Jupiter's red spot, or the incredible force of particles blasted into space by dying stars."

Four familiar weathercasters who usually describe the weather on our own planet will tackle a different challenge as they make "on location" weather reports to the Astro Weather Center on current conditions farther afield in the universe.

WMAQ-TV weatherman Jerry Taft will report from the sun; WBBM-TV's John Coughlin will call in from Jupiter; WLS-TV meteorologist Dr Frank Sechrist will describe the weather one million light years from Earth high above the Milky Way galaxy and WGN-TV's Tom Skilling will report from 60 million light years away in the Virgo cluster of galaxies.

Sky Shows are presented Monday thru Thursday at 2 pm; Friday at 2 and 8 pm and Saturday, Sunday and holidays at 11 am, 1, 2, 3, and 4 pm. Admission is $1.50 for adults and 75¢ for children 6 to 17. Senior citizens with identification and Planetarium members are admitted free. Children under six are not admitted to Sky Shows but are welcome to the building and exhibit areas.

The Adler Planetarium is located at 1300 South Lake Shore Drive.

Beverly Theatre announces fall musical "Gypsy"

The Beverly Theatre Guild has announced the completion of casting for their fall musical, "Gypsy," which will be presented on November 16, 17 and 18 at the Beverly Art Center, 2153 W. 111th Street, Chicago.

Over ninety people auditioned for the show, which is a musical biography of the famous Gypsy Rose Lee. The show recounts her upbringing as a member of a second-rate vaudeville troupe managed by her ambitious mother, up to her reign as the "Queen of Burlesque".

The major role of "Gypsy" went to Gail Domer of Western Springs with Marie Perovic of Mt. Greenwood as her mother, Rose; John Neumann of Beverly as Herbie; Jeanne McNamara of Evergreen Park as June; and Matt Thompson of Orland Park as Tulsa.

Three residents of Oak Lawn who will be appearing in the production include Wille Mann, Laurie Reed and Joyce Vitalo.

Tickets are now available for the Beverly Theatre Guild's production of "Gypsy". Group ticket prices are available for all three productions. For ticket information, please call 445-2588.

OLCHS presents fall musical Pippin

Oak Lawn Community High School is proud to present this years fall musical, Pippin. Pippin is the story of King Charlemagne's oldest son. Thruout his life Pippin has encountered many things, knowledge, war, lust, frustration, and love. But none of these things pleases Pippin. He keeps searching for something completely fulfilling.

The show contains numerous songs in all different styles and has only one intermission. Performers are mostly veterans of previous sell-out Oak Lawn shows. Much work and effort has been put into this show. They hope you can make it November 1, 2 or 3 at 8 pm. There will also be a show the afternoon of the 3rd at 3 pm. Prices are $2.50 and $2.

For tickets call 424-5200 or stop by the school at 95th & Southwest Highway.

AN ORDINANCE AMENDING CHAPTER 13 OF THE CODE OF ORDINANCES OF THE VILLAGE OF OAK LAWN PERTAINING TO SNOW REMOVAL

BE IT ORDAINED by the President and Board of Trustees of the Village of Oak Lawn, Cook County, Illinois, as follows:

Section 1: The Presidsnt and Board of Trustees find as follows:

A. The Village of Oak Lawn has a population of more than 62,000 persons and is, therefore, a home rule unit as defined in Article VII, Section 6 (a) of the 1970 Constitution of Illinois.

B. Said section of the Constitution authorizes a home rule unit to exercise any power and perform any function pertaining to its government and affairs.

C. The Village of Oak Lawn Street Department has been severely hampered in performing snow removal operations on Village streets because of motor vehicles parked on said streets during and continuously after snow storms.

D. The Board of Trustees has determined that the inability of the Street Department to remove snow from those areas of Village streets obstructed by parked cars has created a nuisance and constitutes a hazard to the public health, safety and welfare.

E. The Board of Trustees has further determined that in ordsr to provide for the effective removal of snow from Village streets, the present ordinance regarding parking during snow removal operations is essential to the public health, safety and welfare.

Section 2: That Chapter 13 of the Code of Ordinances of the Village of Oak Lawn is hereby amended by adding thereto and inserting therein Article XI to read as follows:

"ARTICLE XI SNOW REMOVAL

Sec. 13-140 Definition.

A snow removal emergency state is defined to mean: A condition when streets or public highways where the snow has fallen at a minimum rate of 1" per hour and has accumulated to 4", or has fallen in such a manner as to produce a congestion of traffic.

Sec. 13-141 Notice - Snow Removal Emergency State.

The President of the Village, or his designated representative, shall give notice to the media of the existence of a snow removal emergency state, however, the failure to give such notice shall not excuse any person from complying with the provisions of this Article.

As long as a snow removal emergency state exists on any street, no vehicle shall be parked on such street. A snow removal emergency state shall remain in effect for a period of 24 hours after going into effect, or until the snow has been plowed to the curb lines.

Sec. 13-142 Parking Prohibited.

At such time as there is an accumulation of 1" or more of snow on the ground in the Village of Oak Lawn, it shall be unlawful for the driver of any vehicle to park such vehicle or for the owner of any vehicle to permit such vehicle to be parked on a West or North side of any street (even house numbers) on an even numbered day of the month, and on the South or East side of any such street (odd house numbers) on any odd numbered day of the month during the hours of 6:00 A.M. through 3:00 A. M. Provided, however, the provisions of this Section shall not apply to those streets presently designatsd 'snow thorofares.'

The Municipal forces will remove snow from the odd numbered side of the street (South or East side) on the odd numbered calendar days - and will remove snow from the even numbered side of the street (North or West side) on even numbered calendar days.

Sec. 13-143 Removal of Snow from Driveways, Sidewalks, Etc.

No person, firm or corporation, in cleaning snow from private lots, parking areas, driveways, filling stations, garages or other large areas, shall pile or redistribute such snow on any strset, alley or sidewalk

Free diabetes test Nov 4th

WHO NEEDS A DIABETES TEST? You! Everyone! For 1 of 20 apparently healthy people today do have diabetes and don't know it. Because, while diabetes usually has many symptoms, sometimes it shows no symptoms. This is what makes the diabetes tests so important.

WHAT ARE THE SYMPTOMS? Some common symptoms are: frequent urination; abnormal thirst; rapid weight loss; extreme hunger; drowsiness; general weakness; visual disturbances; skin infections, boils, etc. Some diabetics, especially those who are middle-aged or older, may experience none of these symptoms.

WHO WOULD FALL INTO THE "HIGH RISK" OF CANDIDATES FOR DIABETES; Those overweight, over forty, with a family history and women more often than men are "high risks".

WHY BOTHER TAKING A TEST? It can be a life-saver. Undiagnosed diabetes is dangerous. But, diabetes is no big problem if you know you have it and try to maintain control. Early detection of diabetes means early treatment. Early treatment means better control . . . better control means a longer healthier life.

WHEN ARE THESE FREETESTS AVAILABLE? November 4 - 10. However, appointments must be made prior to November 4 to insure proper time for preliminary instructions.

HOW CAN I MAKE AN APPOINTMENT? Call 266-2506 before November 4 Monday thru Friday.

LEGAL

which in any way tends to narrow or restrict the travelled portion of the street, sidewalk or alley, block the vision of motorists at an intersection, prevent parking at a curb, or in any way impede snow removal or create a traffic hazard. Sidewalks in business districts are to be kept clean by the abutting property owners."

Section 3: This Ordinance shall be in full force and effect from and after its adoption, approval and publication as provided by law.

MEMO FROM THE

OAK LAWN PUBLIC LIBRARY

FREE CONCERT NOVEMBER 11

A unique lecture and recital combination on Mussorgosky's "Pictures at an Exhibition" will be held Sunday, November 11 at 1 pm as the monthly Concert Series continues.

Stephen Husarik, who is trained in both music and art and is currently a piano instructor at Trinity Christian College, Palos Heights, has found the pictures that inspired Mussorgsky to write the piano suite. The audience will see slides of the artwork of architect Victor Hartmann from the 1874 exhibit held in St. Petersburg, Russia.

"Pictures at an Exhibition", though written for piano, has been adapted for full symphonic orchestra and inspired other composers such as Ravel to write their own adaptations. The rock group Emerson, Lake and Palmer have the latest arrangement of the piece.

Also on the program for the library's concert is the Rachmainoff Prelude No. 10 in B Minor that was inspired by the painting "Die Heimkehr" by A. Bocklin.

All of the movements of "Pictures at an Exhibition" will be played by Husarik including "Promenade," "Gnomus," "Il Vecchio Castello," "Bydlo," "Tuileries," "Catacombae" and culminating in the popular "Great Gates of Kiev."

218 Seeking board member candidate

The Community High School District 218 Board of Education is seeking candidates to fill a vacancy created October 22 by the resignation of board member Walter Hopkins.

Hopkins, who has served on the board for a total of nine and one-half years, has resigned for health reasons.

To be in compliance with state statutes that call for a new board member to be selected within 30 days, the board has scheduled a meeting for November 5 to interview candidates. The candidate selected will serve in this position until the next Board of Education election, which will be held in April, 1980.

District residents interested in obtaining more information on the position, should address a letter to board secretary Vernon Lentz, at the Administration Center, 5933 W 115th Street, Worth, IL 60482.

Worth Twsp Seniors announce film program

The Worth Township Senior Citizen Organization has announced the Friday morning film programs.

Friday, November 9, 10 am, "Circus Town" — the sights and sounds of the circus at Peru, Indiana, taken at the Hagenback and Wallace Headquarters.

Plus: "Beau Geste" — Laurel and Hardy join the Foreign Legion. A Hal Roach comedy.

Friday, November 23, 10 am, "The Voyage of the Brigantine Yankee — this Yankee sailing ship goes around the world in 18 months. Narrated by Orson Welles.

Plus: "The Tramp" — a Charlie Chaplin comedy. Produced in Chicago when Chicago was Hollywood.

218 Selected for National study

Community High School District 218 has been selected to participate in the newly-formed "High School and Beyond" program, a national longitudinal study.

Included in the selection of 1,100 high schools from across the country, are Dwight D. Eisenhower and Harold L. Richards High Schools. A selected number of sophomores and seniors from DDE and HLR will participate in this research program.

The study will be administered in the spring of 1980 and will study young people during the period of transition from high school to postsecondary education, work, and family formation.

The study, which is sponsored by the U.S. Dept of Health, Education and Welfare, is designed to provide information of value for the development of future educational policy at the federal, state and local levels.

Several different kinds of tests will be included. In addition to the tests of vocabulary, reading and quantitive ability for all students surveyed, the tests for sophomores will include brief achievements measures in science, writing and civics.

The tests for seniors will include abstract reasoning and other non-verbal abilities.

The National Opinion Research Center, an affiliate of the University of Chicago, will conduct this survey at DDE and HLR for the Dept of HEW's National Center for Education Statistics.

MAYORS PROCLAIM
NOVEMBER PTA MEMBERSHIP MONTH

Mayors Ernest Kolb of Oak Lawn and Philip [illegible] of Hometown have proclaimed November PTA Membership Month.

Nancy Vervaet, Oak Lawn — Hometown PTA Council Membership Chairman, urges everyone to join the PTA, the one organization whose only concern for 82 years has been the welfare of children and youth. Some of the action and accomplishments of the PTA through the years shows this concern, in many instances before anyone else had thought of them:

In 1898 the PTA advocated Sex Education before puberty. . .worked for state laws on dependent handicapped and delinquent children in 1904. . .started hot lunch programs in 1912. . .in 1917 urged class limit of 25 students in high schools. . .in 1920 the PTA worked for establishing schools for deaf children. . .had lectures given in high schools on narcotics using educational approach in 1937. . .in 1954 opposed loyalty oath for teachers and state censorship of textbooks and favores nonpartisan state board of education. . .in 1965 worked with judges to help improve Juvenile Courts. . .launched innovative education information program on alcoholism in 1972. . .1976 helping the schools attack the problem of absenteeism.

Membership in the PTA is open to everyone regardless of age (child to grandparent) who are interested in the welfare of all children and youth.

JOIN THE PTA TODAY!

Village of Oak Lawn "Career Day" Nov. 30th

Chamber Winter Wonderland Christmas Parade November 17th

Mayor Ernie Kolb and President of the Oak Lawn Chamber of Commerce, Barbara Kozlarek as they announce the coming "Career Day" to be held on Friday, November 30 at Simmons Jr High School.

Barbara Kozlarek, President of the Oak Lawn Chamber of Commerce is shown in the bucket with Sam Mondello (l) parade chairman and Tom Gavin, co-chairman. In front of the tree from (l to r) is Maureen McGrath; Village Clerk Jayne Powers; Sandy Moran; Chamber Director Joe Fiorre, Jr; Mayor Ernie Kolb and Karen Schneider.

Mayor Ernie Kolb and the Oak Lawn Chamber of Commerce have together planned a "Career Day" for all of the eighth grade students in the Village of Oak Lawn.

At a recent meeting with many of the administrators of the schools, of all denominations, the idea was hailed with great enthusiasm and community spirit.

"Career Day", according to Mayor Kolb, "is intended to make the young people aware that they are the future of all our tomorrows. The village administration wants the youth of our community to know that we are deeply interested in them. We must prove ourselves to them, not they to us."

Barbara Kozlarek, President of the Oak Lawn Chamber of Commerce, and who will preside over the "Career Day", said, "Our young people have leadership potential that even they do not as yet know exists. We must offer our services to assist in grooming them as they reach for maturity.

"Much deliberation has been given to the choice of speakers for this great event and hopefully they will provide thoughts that each of our 1980 graduates will carry with them as they seek further education in their chosen field."

Nancy DeLap, Director of the Oak Lawn Family Services, will speak on Social Services and the varied and intensely interesting studies related to the welfare of others.

Oak Lawn Police Chief John Haberkorn will speak on the legal aspects of the police and fire departments.

Otto Janke, Administrator of Christ Hospital, has appointed one of his representatives to speak on the many facets of institutional training.

Dr Max Bailey, Associate Professor of Loyola U, School of Education, will speak on teaching as a profession and the many advantages of higher education.

This is a first for Oak Lawn when over 1500 students will gather from all of the corners of the village to participate in "Career Day" at Simmons Jr High School, 6500 W 95th Street, Friday, November 30 at 9:30 am.

Mayor Ernie Kolb and Barbara Kozlarek both said that they intend to make this an annual event.

Jack Brickhouse, famous television personality and sports announcer from WGN-Channel 9, will speak to them on Public Relations and the growing popularity of this particular field.

Thomas Nayder, of the Chicago and Cook County Building and Construction Trades Council will speak to the many positions in the trades and trade education opportunities. Nayder is also chairman of the Illinois Building Trades Conference.

"It's that special time of the year again and Santa and Mrs Claus are coming to town," announced Barbara Kozlarek, President of the Oak Lawn Chamber of Commerce.

The festive day will be Saturday, November 17, with the parade starting off promptly at 12 noon. The parade will form at 95th and 51st Avenue and will proceed west (on the north side of the street) to Austin Avenue.

Children 12 years or under are invited to wear costumes and enter the parade. Children under 6 must be accompanied by a parent.

Prizes are to be awarded for the best and most original Christmas costume.

*1st Place Prize will be a 20" Schwinn Sting-Ray or Lil 'Chick thru the courtesy of the First National Bank of Oak Lawn.

*2nd Place Prize will be a $50 U.S. Savings Bond thru the courtesy of House of Mary, 95th & Cicero.

*3rd Place Prize will be a $50 Gift Certificate thru the courtesy of the Oak Lawn Pet Center.

*Christmas goodies will be handed out to all of the youngsters who participate.

*To be eligible for costume awards, children must register at the tables located at 95th and 51st Avenue from 11 - 11:45 am.

The Color Guard Unit of the Johnson Phelps VFW Post 5220 will lead the parade.

The Grand Marshals of the parade will be the Honorable Mayor and Mrs Ernest Kolb and Barbara Kozlarek, President of the Chamber of Commerce.

In addition, there will be a high school marching band, local girl scout and boy scout divisions, the Womens Auxiliary and Junior Girls Unit of the Womans Auxiliary, VFW Post 5220 participating.

There will also be decorated floats portraying various Christmas themes sponsored by business and shopping centers of the Oak Lawn area.

Sam Mondello and Tom Gavin are co-chairmen of the Oak Lawn Chamber of Commerce Christmas Parade.

Oak Lawn Youth Commission sponsors Leadership Conference

Twenty-seven students from Community High School District 218 participated in the 2nd annual Youth Leadership Conference held at Moraine Valley College.

The CHSD 218 students were among other local high school students who attended the October 3 conference which had planned such workshops as "Self Awareness," "Leadership Training," "How to Run a Better Meeting," "Group Decision Making," "Feedback Training," "How to be a Discussion Leader," "Active Listening Skills," and "Problem Solving".

Harold L. Richards High School students included: senior Bob Bergquist, junior Patty Brennan, sophomore Bill Buckley and junior Nancy Capatan, all of Oak Lawn; and Lisa Foley, a sophomore from Chicago Ridge.

Also, junior Janis Kick, sophomore Andrea Klatt and senior John Klatt, all of Oak Lawn; freshman Elizabeth Schleiter from Chicago Ridge; freshman Lynette Frederick and senior Robert Mockus, of Oak Lawn.

Mary Ann Olczak, Julie Ritchey and Maria Rybowiak, all juniors from Chicago Ridge; Silvia Schleiter, a sophomore from Chicago Ridge; sophomore Tracy Stone, senior Renee Tomes, sophomore Sue Sullivan, freshman Colleen Sullivan and Beth Buckley, all from Oak Lawn.

The conference was sponsored by the Oak Lawn Youth Commission, MVCC and co-sponsored by the Oak Lawn Rotary and Interact Clubs. Robert Guenzler, Student Activities Director at HLR, was on the planning committee for the conference.

T.H.E. O.A.R. to hear guest speaker

If you're a widowed person and have questions regarding widow status and your income tax, come to a free discussion meeting on Friday, November 23. This T.H.E.O.A.R. meeting ("To Help Each Other Accept Reality") is one of a program of meetings where widowed people gather to discuss and learn how to cope with their loss and new challenges in every day living.

Guest speaker at this meeting will be Gerald J. Honey of Oak Lawn who is himself a widower. Honey who has been doing tax returns for the public since 1965, is a licensed Illinois accoutant, a certified public accountant with a masters degree in accounting and is eligible to represent tax clients before the federal courts.

How to reduce the cost of having a tax return prepared is only one item to be discussed. Honey will also talk on: special aspects of the tax laws that concern widowed people; what goes into the tax return; how to find a CPA; and personal observations that will be helpful.

Come to this informative meeting Friday, November 23rd at St. Xaviers located at 103rd and Central Park Avenue, Chicago. The meeting will begin at 7:30 pm and end at 9:30 pm. Refreshments will be served. There is no charge. T.H.E. O.A.R. educational meetings are sponsored by Blake-Lamb Funeral Homes. For more information call Rosemary Bradley at 735-4242.

Yourell to repeat as Chairman on rules and regulation committee

Rep Harry "Bus" Yourell was elected as Secretary of the Joint Committee on Administrative Rules. Yourell had served as the first Chairman of the Joint Committee from November 1977 to October 1979.

The Joint Committee on Administrative Rules is a legislative agency which reviews the rules and regulations of all state agencies prior to their adoption. The agency was created in 1977 by major legislation, amending the Administrative Procedure Act, sponsored by Yourell.

"We have made some significant progress with the Joint Committee during these first two years. We have made agencies consider the impact of their rules and regulations on the public and we have restored some accountability to the rulemaking process," Yourell said.

"I believe the Joint Committee is one of the healthiest additions to state government in a long time and we need to continue its development and make it even more effective in controlling rules and regulations of state agencies."

The Joint Committee reviews each new proposed rule of all state agencies and is also reviewing all the existing rules of all state agencies on a five-year cycle. The Joint Committee also considers complaints regarding specific state agencies and rules submitted by members of the public.

"For too long, we have simply allowed agencies to make rules which often impact more directly on citizens than the laws enacted by the legislature, without even looking at them. The Joint Committee's creation and continuing development are major steps toward more responsible regulation," Yourell said.

Yourell is a veteran legislator. He was first elected to the Illinois House of Representatives in 1966 and is currently serving his seventh two-year term.

Water Journal recognizes "Water Wise Community"

For many years the Village of Oak Lawn has been known as the 'Water-Wise Community.' A recent article in the Water Journal, published by the Municipal and Utility Division of Rockwell International, supports this unique distinction.

The article, in a special technology issue, outlines the fact that back in 1947, the Village of Oak Lawn negotiated a contract with the City of Chicago to tie into the Chicago Sanitary District and its water supply system, and it quotes Oak Lawn's Public Works Director, Donald R. Canning, as stating "Lake Michigan water has been a key factor in our growth and development during the 1950's, 60's and 70's. Our Public Works Department is planning to upgrade the water system to fulfill our needs for the next twenty years, all with due credit to our Mayor and Board of Trustees for their support of the Expansion Program."

John W. Orr, Superintendent of the Water Division, also stated "We have carefully managed and monitored our water supply through the application of Rockwell Act-Pak (Automatic Control Translator Package) which allows us to maintain an even draw on the City of Chicago's Lake Michigan water supply." Orr added, "We try to balance the water we draw from the City of Chicago with the water we discharge from our system to customers in Oak Lawn and communities which purchase water from us: Chicago Ridge, Palos Hills, Oak Forest and Tinley Park."

In the article, Canning states further, "Oak Lawn is 100% metered. We use only Rockwell SR Meters, so we have our accountability built into the system. Your meter is your cash register; and if you're water conscious, you don't like to see good clear water going down the drain."

The Village President and Board of Trustees complimented Canning and Water Superintendent Orr and his staff for their success in helping to keep Lake Michigan water flowing smoothly in Oak Lawn mains and operating a "tight system" which enables us to keep any water loss at a minimal percent.

If citizens wish information, or have any questions on a water problem, they should feel free to contact the Public Works Department office at 636-4400, ext 256 or 257 during regular working hours, Monday thru Friday.

Tournament benefits LCM Hospital

The fifth annual Little Company of Mary Invitational Golf, Tennis and Racquetball Tournament was held recently to raise funds for the fifteen million dollar modernization and renovation program that is now in progress at the hospital.

Attending this gala affair were 186 golfers, 42 tennis and racquetball players and 460 dinner guests. Entertainment was provided by the Original Red Garter Band and the John Kenny Trio.

Pictured above with Sister M. Terrence Landini, LCM, President of the Board of Directors, are the four physicians who were honored for 40 years of service as members of the medical staff of LCM Hospital. They are, from left, Francis W. Young, M.D.; Lambert J. Nejdl, M.D.; Thomas E. Leahy, M.D. and Francis J. Young, M.D. Each doctor was presented with a beautiful engraved wrist watch from the hospital as a memento

PLOWS inducts Executive Board

The 1979-80 PLOWS Council on Aging Executive Board was inducted at the Annual Luncheon, October 26 at the Lexington House. The new officers and board members were elected at the October 8 membership meeting.

Returning for another year as PLOWS officers are President Virginia Wrobel, director of Evergreen Park Office of Citizens Services; Vice President Roger Johnson, executive director of Southwest Cook County Family Service and Mental Health; Secretary Marge Sturm, treasurer of the Senior Citizen Council of Evergreen Park; and Treasurer John Zinngrabe, a former director of Lemont Senior Citizens.

Board members who were also re-elected include Donna Gesell, social rehabilitation director for Crawford Terrace Nursing Center; Rev Edward Goltz, pastor of Pilgrim Faith United Church of Christ; and Martin Ozinga, president of First National Bank of Evergreen Park.

New board members elected this year are James E. Glerach, an Oak Lawn attorney and past president of Oak Lawn United Way; and Nancy Rockwood, active in senior programming at Moraine Valley College.

Beginning the second year of their two-year terms are board members Mary Cannon, admission director and community relations at Amesiana Health Care Center; Arvin Kreutzer, former president of Orland Park Senior Citizens; Walter Lennartson, a former board member of Suburban Cook County Area Agency on Aging; Rev. Timothy Reeves, assistant pastor of Grace United Methodist Church in Blue Island; Ann Sevik, president of Palos Heights Senior Citizens Club; and Jim Sherman, executive assistant to Cong Martin Russo.

The new Executive Board will be responsible for the policy, directions and operation of PLOWS for the new fiscal year, which began October 1, 1979.

Ray Bothe, President of the Oak Lawn Rotary (c) and (l to r) Frank Bohlak, Vice President, Robert Stewart, District Governor, Bill Rus, Treasurer, and LeRoy Corradino, Secretary are making plans for the Annual Robert Turner Thanksgiving Ball. Bothe has announced that the annual fund raiser for the Oak Lawn Rotary Club will be held at Willowbrook, 8700 Archer Avenue, Willow Springs on Tuesday, November 20.

The Ball is a benefit for the Scholarship Fund for the students at Moraine Valley College and other activities which the Oak Lawn Rotary supports, such as the Annual Christmas party for the Garden School for the Handicapped. Tickets are $25 per person, which includes dinner and dancing from 6:30 to 12 midnight - black tie optional. Music will be by George Leacher's Band featuring Dottie Bee. Tickets can be obtained by telephoning Ken Rehnquest on 422-1510 or 636-3222 or LeRoy Corradino on 425-4900.

Community Servant

State Representative Herb Huskey (r) recently presented Amoco dealer Earl DeMonbreun with a special Certificate of Recognition from the Illinois House "for being an honest and dependable businessman". DeMonbreun was also honored by WLS-TV, Channel 7, after a grateful motorist reported the courteous, honest and efficient service she had received from DeMonbreun at his 87th and Harlem station. Given a $380 estimate for extensive repairs by another garage, the motorist was impressed by DeMonbreun's $45 charge and the quality of work done on her car.

Huskey praised DeMonbreun, calling him ". . .a credit to your community and an invaluable friend to your customers".

Trinity Lutheran of Oak Lawn installs Rev Harold Nelson

The Rev Harold I. Nelson was installed as minister of evangelism at Trinity Lutheran at Oak Lawn, on Sunday, September 30. Pastor and Helen Nelson will reside at 10311 Mason Avenue.

A graduate of Augsburg College and Luther Theological Seminary of St. Paul, Minn., Pastor Nelson served his first pastorate at Souris, N. Dakota. From there the Nelson family moved to Ottawa, Illinois and then to Lindenhurst, Illinois. The past five years found the Nelsons in their second American Mission, in Morris, Illinois.

The Nelsons have four children, the eldest, Paul serves the parish in Lanesboro, Minnesota. The eldest daughter, Solveig, lives in Minneapolis. The youngest son, Mark, lives in Zion and the youngest daughter, Sonja, lives in Milwaukee. Pastor and Helen boast six grandchildren.

Four parishes have provided the experience of four church building projects. The two American Mission experiences have provided opportunity for a strong emphasis on Outreach Evangelism, as well as an emphasis on growth in spiritual life. The Nelsons look forward to the opportunity to share in a ministery that will support the leadership of the Rev. Karl Landgrebe at Trinity Lutheran Church of Oak Lawn.

Stone Church film on life after death

The subject of life after death will be dealt with in a newly released film, "If I Should Die," to be shown at the Stone Church.

This dramatic, full-color motion picture explores this age-old topic, examining life after death experiences and asking: Are they real or simply hallucinations of a dying brain? Are they revealing that the Hell talked about in the Bible was really a myth or a remnant of primitive religion? No one is immune to the sting of death and its grief or sorrow, yet through personal testimonies the film shares a living hope for man – to face not only death itself but also the loss of loved ones.

All area residents are invited to attend the showing at 7:30 pm on November 28 at the Stone Church, 6330 W 127th Street, Palos Heights. There is no charge for admission.

Democrats seeking candidate for state representative

The Democratic slate-making committee of the 8th Legislative District will meet at 8 pm on Tuesday, November 20 to interview and consider the credentials of individuals interested in becoming a Democratic candidate for state representative in the district.

The slating session will be held in the office of State Rep Harry Yourell, 4740 W 95th Street, Oak Lawn. Yourell, who is also Worth Township committeeman, will chair the committee made up of the five Democratic committeemen of the 8th District. Lemont Township committeeman Joan Heeg will serve as secretary. Other committeemen members are: Larry Petta, Calumet township; Jerome Cosentino, Palos township; Thomas Charnogorsky, Orland township and James Jesk, Bremen township.

Rep Yourell is a candidate for his eighth consecutive terms in the House of Representatives. He will seek the committee's endorsement at the meeting in order to continue his work in the General Assembly.

Four candidates, two Democrats and two Republicans, will be vying for the three 8th District House seats in the 1980 election.

"The other committee members and myself are encouraging residents of the district to consider becoming involved in the political process, and we hope we will be interviewing some of them on November 20," said Yourell.

Any questions regarding the slating procedure or any other issue should be directed to the chairman of the committee, State Rep Harry "Bus" Yourell, either in person or by calling him at 422-9300.

Brand New Airline Jets into Service

Martin Ozinga Jr., (l) President of the Clearing Bank and the First National Bank of Evergreen Park, stalwart crusader for the reactivation of Midway Airport, is pictured congratulating Irvin Tague, president of Midway Airlines, on inauguration day of the new DC9 low cost jet flight service to Detroit, Cleveland and Kansas City. Through a series of meetings, Ozinga enthusiastically promoted and encouraged business leaders to support the rebirth of Midway as an economic boom to Chicagoland's southwest communities.

Friends of Shirley Pheifer to hold benefit ball at St Geralds

The friends of Shirley Pheifer invite you to be a friend too. Shirley is a widow with three children and a member of St Gerald's Parish, Oak Lawn. This summer Shirley underwent critical heart surgery and now faces a long recuperation period at home, coupled with monumental medical bills.

Saturday, December 1 at 8 pm a benefit party will be held in Chapell Hall, 93rd & Central Avenue.

A free buffet of delectable foods, a cash bar, a band for dancing and entertainment will add to the pleasure of your evening. A cash donation of $5 will be accepted at the door.

Raffle tickets are $1 each and like flowers they're more beautiful when you take a bunch. They may be obtained by calling Mr & Mrs Collins, 422-7568, Mr & Mrs Guca, 425-1402 or Mr & Mrs Houlihan, 636-8515.

At the bottom of the news release was the following poem from Ecc Chap 3:

"There is a time to be born
and a time to die
A time to plant
A time to uproot
A time to weep
and a time to laugh"

Now is the time for Shirley.

Plaza inviting choir groups to perform

The Evergreen Plaza, 95th and South Western Avenue, invites all local school and civic choir groups to perform in their shopping center during the Christmas season. Evergreen Plaza will furnish all staging and microphones, all you have to bring is your favorite Christmas melodies.

If you belong to a choir group and wish to participate in the Christmas Choir program, just call the Merchants Council Office at 636-2800 to make your reservation. Act now to reserve a performance date for your group.

Article written by Richards' teacher published in Ill. Research magazine

An article written by Jeannette Ridderhoff, an English/Reading Teacher at Harold L. Richards High School, Community High School District 218, has been published in the Fall issue of the Illinois School Research and Development magazine.

The article was written by Mrs Ridderhoff and Jerry L. Johns, a professor at Northern Illinois U. The two collaborated on the article entitled, "Survey of Secondary Reading Programs," which detailed how they surveyed reading programs in nine public high schools located in Northern Illinois.

Mrs Ridderhoff, a resident of Oak Lawn, is also the sponsor of the National Honor Society chapter at HLR.

Start Saving With A Christmas Account

A Capitol Federal Savings Christmas Club Account offers savers a systematic method of saving for the up-coming holiday season. You may open your Christmas Club Account at anytime during the year. You determine the amount per week you want to save $1.00–$5.00–or more. Your deposits are placed in your Christmas Club Passbook to create a permanent record.

A check for the total amount less one dollar will be mailed to you the first week of November. The dollar remaining in your account keeps the account open, so you can begin saving for the next Christmas without opening a new account.

Newsletters prompts answers to questions on taxes in Oak Lawn

John Hardek, Oak Lawn trustee and prominent member of the Oak Lawn First political party, has released the percentages on answers to questions that were a part of the newsletters sent out by Trustees Hardek, Lester Anderson, Charles Meloun and John Petrozza.

The questions were from 1 to 10 and all had a "yes" or "no" choice.

1. Do you feel that real estate taxes in Oak Lawn are excessive? 72% answered "yes".

2. Do you feel that the Village Administration is delivering $1.00 worth of services for every $1.00 paid in taxes. 52% answered "yes".

3. Would you support an increase in real estate taxes in order to increase village services? 96% answered "no".

4. Would you support a small increase in real estate taxes in order to maintain present services? 77% answered "no".

5. Would you support a small cut in village services in order to hold real estate taxes at their present level? 60% answered "yes".

Questions 6, 7 and 8 were eliminated as they referred to elected officials.

9. Are there any unsolved problems in Oak Lawn which are bothering you? 74% answered "yes". (Most of the complaints were related to traffic, more police protection, better snow removal and many were individual complaints. Most of the people agreed that last year's snow removal was excellent.)

10. Would you be in favor of an ordinance that would limit village spending to the national inflation rate of 13%? 59% answered "yes", but a large number thought it should be less than 13%.

What do you think?

LETTERS TO THE EDITOR

MAYOR KOLB AND HIS LADY SENDS THANKS

We would like to take this opportunity to thank all the people who were so kind and thoughtful to us, as a result of the accident that occured this past October. Words could not begin to express how we felt when we received your response at the hospital.

The hundreds of letters and cards from the school children, the mass and prayer cards and various churches and organizations were just something that made us feel so humble and thankful. We also appreciated the assistance we received from all the Village employees, Fire Department, Police Department and Public Works Department.

It was your thoughts and prayers that brought us through this trauma. We do thank God that we are both alive. We will always remember you.

/s/ Peg and Mayor Ernie Kolb

KENNEDY AND ABORTION

Now that he has officially become a candidate for the Democratic presidential nomination, Senator Edward M. Kennedy (Democrat-Massachusetts) will find it necessary to try to camouflage his pathetic voting record. It will not, however, be possible for him to cover up his support of abortion.

In the last six years, Senator Kennedy has cast more than two dozen strongly pro-abortion votes. Few members of Congress have so consistently contributed to the taking of innocent human life.

More than one million unborn children are being murdered in America each year. Edward Kennedy's participation in this slaughter makes him morally unfit to lead our nation.

Evergreen Park Unit taking orders for Cancer Christmas cards

A way to say "Happy Holidays" and fight cancer at the same time is being offered by the Evergreen Park Unit of the American Cancer Society. Dr Robert Wall, Chairman of the Evergreen Park Unit, said recently that the Cancer Society is making holiday greeting cards available again this year. Proceeds from the project will support programs in cancer research, education, service and early detection.

These cards are available in boxes of 25 for a minimum contribution made payable to the American Cancer Society of $15 per box. Cards can be ordered with or without a personal imprint by contacting Mrs Blasi at the First National Bank of Evergreen Park or by calling her at 422-6700.

"Last year, a large number of south suburban residents obtained holiday cards through a contribution to the Cancer Society," Dr Wall said, "and we hope that even more people will take advantage of the offer this year. The cards are very attractive and also contain a logo showing that they represent a gift to the American Cancer Society. Sharing these cards with friends and loved ones is not only a nice way to wish them happy holidays, but also an excellent way to help in the efforts to conquer cancer in our lifetime."

Elrod thanks supporters of 'Very Special Teen' project

Sheriff Richard J. Elrod expressed his thanks today to the Chicago Police Dept's Beat Representative Program for lending its support to the "Very Special Teen" project.

Sheriff Elrod announced the project last August in an effort to encourage adults in Cook County to think about and reward the positive accomplishments of today's young people, and to celebrate UNICEF's International Year of the Child — 1979.

Any adult in Chicago or suburban Cook County can recognize a special teen by obtaining a recognition form, filling it out and mailing it to the Sheriff's Youth Services Dept. All teenagers whose names are submitted will receive a certificate naming that young person a "Very Special Teen in Celebration of the International Year of the Child," and bearing the sponsoring adult's name and the Sheriff's signature. In addition each teen will also receive an iron-on decal proclaiming, "Someone thinks I'm special," and free admission to a 1980 professional athletic event.

Recognition forms are available from Chicago Police Beat Representatives, the Sheriff's Youth Services Dept, telephone 865-2900, and at Dominick's and Jewel Food Stores in Chicago and the suburbs.

Russo Reports from Washington

by Congressman Marty Russo

RUSSO SPEAKS TO AMENDMENT TO FURTHER DECONTROL CRUDE OIL PRICES

Recently the House defeated an amendment to Energy legislation that would have prohibited further decontrol of crude oil prices. Certainly this is a controversial question and widely debated here in Washington. I supported the amendment and I wanted to share some of my reasons for doing so with you.

The President noted earlier this month that "had it not been for energy price increases, for instance, the inflation rate during this summer would have been the same as it was in 1978 and 1977." He went on to say that "we were all surprised by the rate of inflation – brought about primarily as I said, by an annual rate of increase of energy prices the last few months of more than 100 percent per year."

The massive OPEC price increases certainly have been responsible for a significant portion of the recent price increases. But most economists also attribute energy inflation to the decontrol program. And we are only in the early stage of that program. By 1985, the overall cost of decontrol may be as high as $209 billion, a cost which doesn't factor in any future OPEC increases. And many think another OPEC increase will be announced in December, or sooner!

Inflation is our nation's number one problem now and I think the relationship between spiralling energy prices and continued inflation is clear. As Presidential advisor and economist Alfred Kahn said in September were it not for energy, "we would be seeing clear, clear deceleration of inflation. We would clearly be out of this double-digit range."

But a policy of decontrol adds to inflationary pressues. A member of the Council of Economic Advisers has estimated decontrol will add 8 cents a gallon to product prices! Ted Eck of Standard Oil of Indiana says the cost of decontrol will be even higher, adding 10 cents to every gallon of fuel.

No one opposes adequate incentives for the oil industry to ensure maximum domestic production. The Amendment would have still permitted newly discovered, marginal and Alaskan oil to receive necessary incentives but would prevent unwarranted price increases for oil which would be produced anyway. Also, most estimates show that decontrol would add less than three percent to our national supply, with the CIA and Energy Information Administration saying it will not increase production above current levels.

Finally, it is not at all evident that we will successfully pass on effective windfall profits tax revenues from which could be used to offset the inflationary and social impacts of greatly increased oil prices.

This is basically my thinking on this important issue. My concern is inflation and how energy costs add to our woes. I cannot support "decontrol" as the solution.

Heritage Standard Bank supports "Shop in Evergreen"

"Shop in Evergreen," an activity of the Evergreen Park Chamber of Commerce and the Evergreen Plaza Merchants' Council was supported and celebrated at Heritage Standard Bank, 2400 West 95th Street, Evergreen Park. In honor of the people and businesses in the community, the bank held four weekly prize drawings for Sunbeam appliances.

Shown in the photo as the name of the last winner is drawn are (l to r) Marlene Cassidy, of the Proof department and Francis DeWier, of the Brinks department, both residents of Evergreen Park. Mark Joslyn of Commercial Banking reads the entry blank, while Chamber representative Laura Krause, Personal Banking officer, looks over the vaccuum broom, the day's prize.

"Heritage Standard Bank was enthusiastic about participating and contributing to the event. We look forward to the same active involvement in next year's 'Shop in Evergreen' festivities."

'Profound Transformation' slide at 126

A 30 minute slide/tape presentation "Profound Transformation" will be shown on Wednesday, November 21, 7 pm at the District 126 Administrative Center, 5201 W. 115th Street. Profound Transformation covers recent population trends, projections for the future, school enrollment decline, altering housing patterns and changing family life.

The presentation, is sponsored by School District 126, to anyone in the general public who is interested. "Population, Housing, Family Life and School Enrollment are all undergoing dramatic changes," according to Janet Dal Ponte, District 126 School Board Member. "Profound Transformation portrays those changes in an understandable manner," she stated.

Profound Transformation was compiled by the American Association of School Administrators under a federal grant, the Illinois Council for the Improvement of Education is coordinating the showing of Profound Transformation. District 126 Superintendent of Schools, William D. Smith is a ICIE presenter.

Sertoma Center offering course on hearing aids

Occasionally just wearing a hearing aid does not allow a person to understand a conversation as well as he/she would like. The Sertoma Center for Communicative Disorders is offering a course to hearing aid users which is directed at improving their understanding of speech by the teaching of specific techniques. This course will also allow for an interchange of ideas, solutions to problems and general geelings to be discussed between the group participants and the hearing health professional. Two sections of the course will be offered (Mondays at 10 am and at 6:30 pm) starting November 26.

Enrollment for the seven week course (one time a week for 1½ hours) is limited to ten people per section. The cost is $25. All inquiries should be directed to the Sertoma Center, 361-2121, Monday thru Friday, 9:00 to 5:00.

WHY USE A TRAVEL AGENT?

Perhaps you have some misconceptions about travel agents and don't even know it. For some reason, people tend to misunderstand the travel agent's function and how they make their living.

The travel agent is in business to serve you, the traveling public. They act as the "middle-man" in planning your trip. Their extensive training, plus the factual, up-to-date material at their fingertips can be put to work for you. They can reserve planes, hotels, automobiles, tours, theater ticket, etc. more quickly and less expensively than anyone else. Their knowledge of hotel services offered, places to eat, and interesting sights to see can be the difference between a drab trip or a memorable vacation.

The travel agent doesn't charge you for this service. They receive commissions from the airlines, hotels, car rentals, etc. This service to you, the traveler, is free. For a more rewarding travel experience, why not consult our travel agency, WORLD TRAVEL MART, when planning your next vacation. We'd like to assist you with all of your vacation plans. Stop in anytime and talk with us. You'll find us very interesting.

YMCA offering Air Flow Deluxe

The Southwest YMCA Youth and Government Program will present the big band sound of AIR FLOW DELUXE on Friday, November 30 at 8 pm at Mother McAuley High School Auditorium, 3737 W 99th Street. The performance includes Broadway tunes, music of the 20's, 30's, and 40's, skits and comedy with a nostalgic flavor.

Tickets for the event are $9 first section donation, $5 general admission, and $3.50 student and senior citizen. Tickets may be purchased by mailing your check to the Southwest YMCA, 4951 W 95th Street, Oak Lawn, IL 60453. Of course, tickets can be purchased by calling the "Y" at 424-8100 or from any staff person. They are open Monday thru Friday from 9:00 to 5:00.

The Southwest YMCA Youth and Government program involves over 200 youths in eight high schools all over the southwest area.

The students are hoping for a big turn-out for this fund raising event. With ever increasing expenses, they don't want the program to be out of reach of any interested student.

They are publishing a Program Booster Book. Businesses, clubs, community groups, and well-wishers are urged to utilize the Youth and Government Program Booster Book by placing an ad that will reach over 1000 persons in attendance that evening. If you are interested in placing an ad, call 424-8100.

Lions change meeting place

The Oak Lawn Lions Club will have its next regular meeting on Tuesday, November 20 at the Golden Age Restaurant, 4545 W 95th Street. After meeting for 22 years at Banana's Steak House, it was necessary to find a new location because of an extensive remodeling program undertaken by the restaurant's new owners.

The meeting will begin with cocktails at 6:30 and dinner will be served at 7:15. Speaker for the evening will be Lion District Governor Ken Accola, Jr. This night will have special significance for Lions members since Lion Accola will highlight his talk with news of the activities of the various Lions Clubs in the Chicago area as related to aid for the blind and deaf.

Ladies have also been invited and, in keeping with the Thanksgiving holiday nearly upon us, Lion Hank Latus, program chairman, has included a turkey raffle as part of the program.

Skip Pearson, President, and Oak Lawn Lions invite all interested men to come and see what Lionism is all about.

"Market Day Ireland" with Marist moms

Marist mothers and their friends are cordially invited to a special program which will be presented by the Marist Mothers' Club at the next general meeting to be held on November 20 at 8 pm at Marist High School, 4200 W 115th Street.

"Market Day Ireland", back by popular demand, will feature a beautiful array of Waterford Crystal, Belleek China, Irish Hand Knits and jewelry, and Llandro ceramics from Spain. Every item that will be displayed can be purchased so you will have a perfect opportunity to do some Christmas shopping.

Refreshments will be served after the meeting.

Kistner honored at ceremony

Kenneth Kistner, Chairman of the Oak Lawn High School Music Dept, attended the 1979 Governor's Awards for the Arts ceremony recently held in Springfield. The event honored the state's leaders in the Arts. Kistner was one of those nominated for the annual award presented by the Illinois Arts Council for "his lasting and significant contribution to the arts in Illinois."

In addition to his duties as the music department chairman, Kistner conducts the school's beginning band and jazz band. During the past five summers, he has offered a jazz workshop as part of the Saskatchewan School of the Arts summer music camp. The summer program, located in the Echo Valley Centre near Fort San, Canada, gives Canadian music students an opportunity to work and study with outstanding artists. Kistner also performed with the art school's profesional wind ensemble.

Kistner is also very active in the Illinois Music Education Assn (IMEA). On December 1, he will be the guest conductor for the IMEA District VII Jazz Ensemble at Rolling Meadows High School.

On December 8, Kistner is participating as a clinician and adjudicator at the Augustana College Jazz Festival.

He is currently planning the 21st Annual Oak Lawn Jazz Festival which will be held at OLCHS on February 2, 1980. The festival traditionally attracts over 100 different junior high school and high school hazz groups and has the reputation of being one of the outstanding jazz festivals in the country.

Dist 126 Board Meeting to cover hospital coverage

The regular meeting of the School Board of District 126, the Alsip, Hazelgreen and Oak Lawn Elementary Schools will be held on Wednesday, November 21 at the Administrative Center, 5201 W 115th Street. The 7:30 pm meeting will be preceded by a 7 pm showing of the slide/tape "Profound Transformation", which discusses the changing population trends and declining enrollment.

Topics on the regular meeting agenda include a decision of major medical and hospitalization coverage for 1980, a Life Insurance option and the replacement of the Stony Creek Dean. A presentation will be made by Frank Tantum, Special Ed. Coordinator on the Districts Special Education Programs. A past and future enrollment study will be discussed. A report on the recent American Education Week events will be made.

The meetings of the Board of Education are open to the public. "Your schools are your business and your interest is welcomed," stated Clark Alford, School Board President. Other members of the school board are Henry Kramer, Reed Powers, George Lehman, Ken Wasberg, Janet Del Ponte and Sue O'Dwyer. Regular District 126 meetings are held on the third Wednesday of each month at the Administrative Center.

OLCHS and PTSA to hold Open House Nov 15th

Oak Lawn High School, in cooperation with the Parent Teacher Student Association, is holding an Open House on Thursday, November 15. Beginning at 7 pm, teachers will be available in their classroom to meet parents and hold brief conferences. This is a good opportunity for parents to see examples of student work and to tour the high school facilities. Teacher conferences will end at 9 pm, when light refreshments will be served in the Jr. Sr. Lounge. Entertainment will be provided by the Music Department. All parents are cordially invited to attend the Open House.

218 Students qualify as State Ambassadors

The Distributive Education class at Harold L. Richards High School, Community High School District 218 has had one student elected to a state office and three students who qualified as State Ambassadors.

Diane Atwood, a senior from Chicago Ridge, was elected one of five members to serve on the State Distributive Education Executive Council. Miss Atwood is working at Tampa Jewelry in Oak Lawn as part of her DE training.

Qualifying as State Ambassadors are: Jackie Matejka, a senior from Chicago Ridge; Lisa Plofka, and Carol Spitkovsky, both seniors from Oak Lawn.

These students were among 200 from high schools in Illinois who attended the State Executive Conference October 19 and 20 in Springfield.

"Sniffy" the Smoke Detector visits local schools

Pictured above is Lieutenant Thomas Moran and his friend "Sniffy". "Sniffy" the smoke detector is the newest public education program of the Oak Lawn Fire Prevention Bureau. Sniffy's goal is to inform the students of the importance of a smoke detector. The National Fire Protection Commission states that 64% of the people killed in house fires could have been saved if they had a smoke detector. Also to teach the student how to react when their smoke detector activates in a fire emergency. It is the hope of the Oak Lawn Fire Department that every home be protected by at lease one smoke detector. (Photo courtesy of the Oak Lawn Fire Dept.)

Richards' Debate Team takes 3rd place

The Debate Team from Harold L. Richards High School was again successful in a recent tournament with North Suburban school districts.

The team took third place out of 36 teams that participated in the November 3 Second Wheeling Invitational Tournament. One HLR team member also took third place on an individual-basis competition.

Christine Knott, in individual competition, won third place in Novice Division Speaker out of 72 students. Christine received 91 out of a possible 120 points.

Still undefeated is the team of Christine, a junior form Chicago Ridge; and Belinda Bogan, a junior from Oak Lawn. The two successfully debated against the increased sale of arms and against the United States providing food for the rest of the world.

Splitting the outcome of their debates with two wins and two losses, Ty Gee and Marielle Grein, both juniors from Oak Lawn; were the affirmative group debating in favor of creating a separate Department of Trade within the confines of the government.

The judges in the tournament had many favorable comments on all four of the HLR Debate team members.

Comments about Christine included that she was well organized, did an excellent job and had good construction. Speaking on Belinda, the judges pointed out that she had a nice speaking style, good construction and a good supply of reasoning.

Commenting on Ty, the judges said he had a carefully prepared case and provided an interesting talk. The judges also said Marielle had good poise and voice variation and that her refutation was good.

The team also took third place in the First Wheeling Invitational Tournament held in October.

DOLLHOUSE ON DISPLAY

A cozy dollhouse is now on display at the Oak Lawn Public Library, handcrafted by retired carpenter and millworker John Koziol.

Koziol, who has lived in Oak Lawn since 1939, worked at Argonne Laboratory, and has always had a love for fine wood. In his dollhouse, he uses seasoned pieces of walnut, birch and Russian olive to fashion his miniature furniture. He then leaves the furniture unfinished so the grain of the wood can be seen and appreciated.

Koziol started building the dollhouses as a hobby and first put one on display during an arts and crafts fair at the Oak Lawn Senior Citizen Center. Several persons at the fair asked if he would build more dollhouses. So he did.

The dollhouse will be on display throughout the month of November

Open House for Wholistic Health Center December 2nd

On Sunday, December 2 an Open House will be held at the newest Wholistic Health Center to open in the Metropolitan Chicago area. The center is based in Oak Lawn at the Pilgrim Faith United Church of Christ, 9411 S 51st Avenue. Dr John Devitt will serve as the center's physician and Rev Gerald Johnson will serve as pastoral counselor. Mrs Elaine Hiskes, R.N., formerly employed with Christ Hospital's Nursing Quality Assurance Department will be the Wholistic Health Center's nurse. Coordinator will be Ms Pamela Hickey, who will serve as stenographer, medical secretary and office manager.

Co-hosting the gala event, which will begin at 3 pm, are the three institutions who jointly operate it: Christ Hospital of the Evangelical Hospital Assn., Wholistic Health Centers, Inc., Hinsdale, and the Pilgrim Faith United Church of Christ congregation. The public is welcome to attend, meet the staff who will be operating the new Wholistic Health Center and enjoy a relaxing Sunday afternoon with friends and neighbors from the community. Tours of the facility will be provided and refreshments will be served.

An alternative to the traditional health care experience, the Wholistic Health Center of Oak Lawn offers a unique approach to patient care that treats the whole person – body, mind and spirit. Through the team approach, physicians, nurses and professional counselors review the patient's needs working together to develop a program designed to enhance the patient's health.

Personal, professional, primary care is available from a qualified, licensed physician, a specialist in Family Practice. He oversees all the health care offered through the center including clinical testing and treatment. Unlike many traditional doctors office, the Wholistic Health Center is a relaxed, unhurried atmosphere in which patients are treated for both physical and human problems in an accepting atmosphere.

Basic to the philosophy of "wholism" is that a healthy religious faith contributes to a healthy body and mind. Staff members represent many denominations, but all share a concern for helping the individual develop the vital elements of a faith related life.

A not-for-profit health care facility, the Wholistic Health Center relies on patients' fees to make it self-supporting. The local church supports the center by providing space, utilities and custodial service. Dr Devitt, Rev John, Mrs Hiskes and Ms Hickey are salaried by Christ Hospital. Some hours of service are donated by professionals and volunteers.

Using the interdisciplinary approach, the patient meets together with the doctor, nurse and pastoral counselor to discuss his concerns and questions. A health care plan is then developed by the team based on the patient's perception of his needs and the input of the team members.

For further information about the December 2nd Open House or about the Wholistic Health Center itself, please call the center at 422-4200.

Swearing in ceremony for Vogrich

Joseph Vogrich, former Oak Lawn trustee, was sworn in as Worth Township Collector by Clerk Joan P. Murphy following a unanimous vote by Worth Township Supervisor Dr Joseph McCarthy and the Board of Trustees.

As an Oak Lawn trustee, Vogrich served on the Finance, Public Safety and Public Works Committees, and was former Planning and Development Board Commissioner for Oak Lawn.

Vogrich also served with the Illinois Municipal League on the Policy and Goals Committee, the Legislative Implementation Committee and the Resolutions Committee. He is presently Vice President of Worth Township Democratic Organization.

Vogrich is a member of the National League of Cities, and has been active in various civic clubs and organizations including Oak Lawn Elks, St Linus Church and past president of the Oak Lawn Baseball Little League.

Pattison winning sculpture dedication ceremony at Oak Lawn Library Dec 9th

Formal dedication ceremonies and an open house will be held on Sunday, December 9 at 2 pm at the Oak Lawn Public Library to unveil the new sculpture placed on the library building's south wall and to introduce its creator, sculptor Abbott Pattison.

The art work was funded through a $15,000 federal revenue sharing grant awarded by Worth Township in 1978. Abbott Pattison was the winner of a national design invitational competition conducted a year ago. Judging of the invitational competition was by a committee made up of representatives from the art departments of area high schools and colleges.

The committee's recommendation was made to the library's board of directors who made the final decision.

"I hope to portray the relationship of reading and knowledge to the community and how that endeavor is again returned to the community," Pattison explained. He added that he sees each viewer's interpretation as a very personal thing.

Pattison has a Bachelor of Fine Arts from Yale, served as a Captain of a Destroyer Escort in the U.S. Navy from 1942 to 1945, was an instructor at the Art Institute school and was sculptor in residence at the University of Georgia.

A resident of Winnetka, Pattison has [illegible] worked in both France and Italy and his art is included in collections throughout the United States and Europe.

He has 19 commissioned works in the Chicago area alone including the Chicago Public Library, the Glenview and Northbrook libraries, and the University of Chicago. His most recent commissions include a life size bronze figure at the Illinois State Capital building in Springfield and an 18 foot bronze fountain at Oak Brook.

His sculpture is part of a great many public and private collections at the Menninger Foundation, Ravinia Park, the Art Institute, the St Louis Museum and many private collections such as Buckingham Palace and the [illegible] tion of the Duke and Duchess of Windsor.

The public is [illegible] to attend the [illegible] Open House and [illegible] ments will be served by the Friends of the Oak [illegible] Library.

Russo announces Business Advisory Group Meeting

Cong Marty Russo has announced that a meeting of the Third Congressional District Business Advisory Group will be held on Saturday, December 1 at the Thornton Township Hall, Lower Level, 333 E 162nd Street in South Holland, between the hours of 1 and 3 pm.

The Business Advisory Group was established by Marty Russo to address the needs and concerns of local Third District businessmen. The December 1st meeting was arranged to accommodate the many businesses in the Third District that are currently suffering some form of economic loss as a direct result of competitive foreign importers. In addition to the local manufacturing concerns that are adversely affected, special attention will also be directed to the employee who has been laid off as a result of a decline in production, once again attributed to the foreign importer.

Russo has enlisted the assistance of the Illinois Institute of Technology Research Institute, which has established a Midwest Trade Adjustment Assistance Center (TAAC), one of ten such centers in the U.S.

The TAAC team will be on hand to provide technical and management counseling services for trade-impacted or potentially trade-impacted firms to help them regain or maintain a competitive position.

In addition to the TAAC team which will be in attendance to address the concerns of business owners or employers, will be Ms Thomasina Smith from the United States Department of Justice. Ms Smith will direct her comments to those employees who have been laid off or lost work entirely as a result of foreign competition. Ms Smith will detail what type of federal assistance is available to such individuals.

Everyone is welcome to attend.

Pilgrim Faith Annual Advent Workshop

Pilgrim Faith Church, 9411 South 51st Avenue in Oak Lawn, will be holding its Annual Advent Workshop on Sunday, December 9. The workshop is a time for the families of the church and community to gather together to prepare for the celebration of the coming of Christ.

At 3 pm the Craft Session begins where projects will be made to decorate the Sanctuary and homes and giffts will be made to give at Christmas time. Cost of materials is collected. At 5:30 pm, a light supper will be shared.

The day is brought to a close when the Church Christmas Tree is decorated by the children to the tune of the beloved caroles of Christmas by parents and friends. A Christmas film will be shown by Pastor Ed Goltz and the season of Advent is upon Pilgrim Faith.

GOP Anderson to speak at library

John B. Anderson, a candidate for the Republican Presidential nomination, will appear at the Oak Lawn Public Library, 9444 S Cook Avenue on Saturday, December 8 at 4 pm.

Anderson, a native of Illinois, has served as Congressman for 20 years. Although he is fiscally conservative, Anderson is a moderate on social issues, and has consistently supported civil rights and women's rights causes.

Anderson presently represents the 16th Congressional District which includes Rockford. For 11 years he has served as Chairman of the House Republican Conference, making him the third ranking Republican in the House of Representatives. Anderson is also a senior member of the House Rules Committee, and has served as Ranking Republican on the Ad Hoc Energy Committee.

Anderson voted for ratification of the Panama Canal Treaty, and is opposed to the programs which have been proposed to date to aid the Chrysler Corp.

Anderson, 57, is a Phi Betta Kappa graduate of the University of Illinois and has a Masters of Law degree from Harvard. He earned four battle stars during WWII, and served in the Foreign Service before being elected State's Attorney and then Congressman.

Residents are invited to meet with Anderson at the library between 4 and 5 pm. He will speak briefly and answer questions.

Dr Smith to conduct Nova Public Administration Doctoral program

An information meeting on the Doctorate in Public Administration program will be offered by Nova U. at Oak Lawn Public Library, 5250 W 95th Street, Oak Lawn, Wednesday, December 12 at 7:30 pm. Both a Masters Degree and Managerial Experience are required for entrance in the Nova Public Administration Doctoral Program. For more information contact Dr Ray Garritano, 479-3100.

Conducting the December 12 information meeting will be Dr William Smith, Superintendent of Schools District 126, Alsip and Oak Lawn. The Nova Public Administration program is designed for middle and upper public administration managerial people. Participants include managers in hospital and health care; law enforcement; public housing; mental health; local, state and national government; elementary, secondary and higher education.

The three year Public Administration Nova Program consists of two all day class sessions monthly for two years, three week-long intensive workshops at Fort Lauderdale, Florida, the writing of 21 commentaries (term papers), a case study, an analytical report, and an applied research project. A seven hour written comprehensive exam is given at the 20 month mark; and oral exams are required at the conclusion of the program.

There have been four Nova Public Administration Clusters meeting in the Chicagoland area. Chicago I (1974-77), Chicago II (1975-78), Chicago III (1977-) and Chicago IV (1978-). The next group will begin in February, 1980 according to Cluster Director Dr Garritano. Nova U is fully accredited by the Southern Association and is approved by the Illinois State School Board.

Yourell receives award for support of Illinois parks

The long time interest and support of State Rep Harry "Bus" Yourell (D-8th) for recreational sites and park facilities for Illinois citizens was recognized on November 10th.

At that time Yourell was presented with an award at the annual convention of the Illinois Association of Park Districts held in Park Ridge.

The award was presented in appreciation for Yourell's "interest, support and sponsorship of park and recreation legislation beneficial to all part districts throughout the State of Illinois".

The presentation was made by Eugene Berghoff, Director of Governmental Services for the Illinois Association of Park Districts.

Air Force job openings

Immediate job openings are available in the Air Force, Lt Colonel William D. Sheppard, commander of the 3351st Air Force Recruiting Squadron, Elwood, IL announced.

"We are able to offer a variety of incentives to young men and women who select and can qualify for key jobs," Lt Colonel Sheppard aid.

Incentives include:

—An initial assignment to the Air Force base of the applicant's choice from among the more than 60 bases available. Locations are in states like Hawaii, Florida and California, cities like Denver and Las Vegas.

—The chance to live in Germany, Italy or Spain, or any of a dozen foreign countries on the initial assignment.

—Accelerated promotions - meaning more money, more quickly - for those who select certain career fields.

"New airmen will be guaranteed the job they choose, or a general career area they choose, and for which they qualify," Lt Colonel Sheppard said.

Interested young people between the ages of 17 and 27 are invited to contact their local recruiter for further information.

Foundation needs motor help

If you own a four-wheel drive vehicle, jeep or snowmobile, the Kidney Foundation of Illinois needs your help. The Kidney Foundation is looking for volunteers to drive kidney dialysis patients to and from their life-saving treatments during extreme weather emergencies.

Patient Services Director Joan Shepard explained how the emergency transportation program will work. "We particularly need volunteers from Chicago and the surrounding suburbs. Each volunteer will be assigned to a nearby dialysis facility before any emergency occurs. Then in the event of a blizzard, each driver will be contacted directly by the facility personnel with the names and addresses of the patients who need emergency transportation. Drivers will not be contacted unless weather conditions are extreme and not until all of the normal resources have been exhausted."

Volunteer drivers can contact Joan Shepard at the Kidney Foundation of Illinois, 127 N Dearborn, Chicago, IL 60602, (312) 263-2140.

Unique Driver Program comes to 1st National of EP

The first nationwide driver education program specifically designed for older motorists will be offered in a six session course, taking 3½ hours per day for two days. Attendance for all sessions will be held in the community room of the First National Bank of Evergreen Park, 3101 W 95th Street on December 5 and 6 between 2:30 and 6 pm. The program 55/Alive Mature Driving is sponsored by the American Association of Retired Persons and the National Retired Teachers Association.

Ray Patten, state coordinator of this training program will personally conduct the classes at First National. Certificates will be awarded to senior drivers upon completion of all six sessions. 55/Alive Mature Driving will help you pass your driving tests and emphasize age related changes such as vision, hearing, reaction time and the effects of medication. Topics will also include safer driving rules, accident prevention measures, adverse driving conditions, other road users, local driving problems, license renewal and road sign recognition.

The U.S. Department of Transportation is assisting the Associations to evaluate this significant new driver education program. It is hoped that 55/Alive Mature Driving will become the model for traffic safety officials nationwide.

Persons who want to participate in the program must be Illinois licensed drivers age 55 or older. A fee of $3 is charged to offset the program start up costs. NRTA/AARP will subsidize the remaining expenses. Reservations should be made by writing to Ray W. Patten, 7951 Lavergne, Burbank, IL or phone 312-422-8060.

Dr Custard introduces eye information on tape

"Eye Care Information on Tape" is relatively new, availaibe 24 hours and is free!

According to Dr Custard, all that is necessary is to pick up the phone and dial 425-6644 and a young lady will answer. The tapes are numbered and you only ask for that tape which describes the subject in which you are most interested.

As an example, E1 discusses Vision Examination & Prescription. The tapes run from E1 to E9 and cover cataracts, contact lenses, glaucoma, etc. E9 discusses Fashion Eyewear.

Shown below on this page is an insertion from Dr James G. Custard & Assoc., with instructions and tape numbers for your convenience. Clip out and save for now, or the future, should a question about eye care arise.

Are you worried about your eyes? Do you wonder if you have cataracts?

Dr James G. Custard & Assoc., 2537 W 95th Street in Evergreen Park has initiated a 24 hour tape series as a community service that will answer many of your questions.

1980 budget hearing Thursday, Dec 6th

Whether the people in Oak Lawn have not received a raise in taxes, or have received a raise by a more dubious route, is the question yet to be answered for 1980.

Not all of the people read all of the papers and very few attend board meetings each month. We hope to reach enough people thru VILLAGE VIEW to let them know the surprises that are in store for them in the near future.

The residents paid $2.70 a month for scavenger pick-up during 1979. The village always subsidized part of the cost, or $1.09, making the total $3.79 a month paid to the scavenger service.

The new contract from Meyer Bros Scavenger Service has raised the pick-up rate to $5.16 per resident, per month. The village is planning to drop the subsidy of $1.09 and the resident will now pay the full $5.16 per month.

In 1979 the service cost each resident $32.40 a year. In 1980 it will cost each resident $61.92 per year.

Trustee Jay Bergamini, who was against the proposal, said, "What do we tell the people? We didn't raise your taxes but we have taken away the subsidy."

The question on vehicle stickers also arose at this time and it was determined that the sticker fee would be raised from $15.00 to $20.00 per year, and from $4.00 to $10.00 for senior citizens.

Again Bergamini jumped in saying to the five other trustees, "You are coming from the wrong premises. You think it is more fair to increase vehicle tax than property tax". He then suggested a raise in taxes of 1¢ per hundred dollars of assessed valuation and that this would cost the taxpayer about $1.20 a year. (Higher or lower would depend on the difference in assessed valuation of each individual home.)

"We're going to strive to send licenses up," Bergamini said, "but if we raise the tax levy on all real estate, including apartments and businesses, the net cost to each person is reduced. I don't see the validity of maintaining the same tax rate as last year in view of the inflation we have experienced. I don't see all that much mystery about raising the tax and putting the burden on all of the people". He then asked that this proposal be considered.

Trustee John Petrozza argued back that he had talked to some of the other business owners in Oak Lawn and they said that they would have to pass it on to the consumer. "Many of the businesses in Oak Lawn are going out of business because of taxation," he said. "Some of them are still in the red from last year."

Hardek defended the increase in vehicle stickers. "The homeowners don't want to pay more taxes. It is more fair to raise the vehicle sticker fee because it is a user fee."

He went on to say that the senior citizen who doesn't own a car will not have any raise but the guy that owns three or four will.

Later, on November 13, an ordinance was passed raising the sticker fee from the present $15.00 to $20.00 and it is now in effect. The senior fee was raised from $4.00 to $9.00 and will be allowed for one car only. Bergamini was the only trustee that voted against the raise.

The BUDGET HEARING is Thursday, December 6, 8 pm, in the Oak Lawn Village Hall, 5252 Dumke Drive.

There has been no ordinance passed as yet on the scavenger pick-up. According to the Village Manager, Dick O'Neill, it will not come to the board until December 11, after the Budget Hearing.

Many people do not understand the Budget Hearing, think of it as a bore, but the passage is something you live with all thru 1980.

Perhaps the process is misunderstood and needs defining. You, as a taxpayer, must realize that for several months the mayor, the village manager, the board of trustees and the department heads have met where the majority has decided on a final package.

The budget is printed and put on display in the village hall for anyone to look at from then until the date of the hearing. Every nickel and dime that will be spent is recorded for your perusal.

On December 6, at the meeting, Mayor Ernest Kolb will announce that this is the Budget Hearing. No part of it is read as they assume you have looked at it in the interim. He then asks for a motion. One of the trustees will move to accept the budget as presented and it will then be seconded by another trustee.

It is at this point that Mayor Kolb will open it for discussion, first from the board of trustees, and if he hears no comments he will open it for discussion from the public. It is at this point that you either speak or hold your peace for the rest of the year.

If there is no response from the audience the mayor will ask for a roll call. After that it is all over but the paying!

We urge all of the taxpayers to attend the Budget Hearing. You will have the opportunity to talk or ask questions if you so desire. Remember it is your dollars that are being spent and it is up to you to show that you care how they are being spent.

We'll see you there, Thursday, December 6, 8 pm. Don't forget!

Marine "Toys for Tots"

As Christmas '79 rapidly approaches, the U.S. Marine Corps Reserve "Toys for Tots" program is moving into full swing. This traditional Chicagoland effort does much to insure that Christmas cheer is not confined only to the affluent.

White Hen Pantry (division of Jewel Companies) is once again an OFFICIAL SPONSOR and DROP-OFF point for all Toys. Barrels to be filled with the toys woll be placed in over 150 Chicagoland White Hen Pantry Stores. The media support is being supplied by WMAQ-Radio AM 670, through the dynamic help of Lee Sherwood, popular morning DJ. Lee will make remote broadcast appearances at selected White Hen Pantry Stores, encouraging people to come in and help fill the barrels.

On the video side, WMAQ-TV, Channel 5, is doing its part with Monte Newman, Vice President and General Manager of the station in charge of efforts here.

With over 150 locations, and WMAQ Radio and TV plugging away, the Marines will once again help Santa make a succesful landing in Chicagoland.

Remember, when you run out, run out to White Hen. . .and bring a toy with you.

Announces deadline for Circuit Breaker Program

The Illinois "Circuit Breaker" benefit program helps senior citizens pay taxes on their homes or obtain a refund on some taxes paid as part of their rent.

All seniors and disabled persons with income under $10,000 per year can receive some payment.

The deadline for 1978 Grant application is December 31, 1979.

Application forms are available at the Worth Township Senior Citizen Center, 11601 S Pulaski Road, Alsip. For information call 371-2900, ext 19.

CATS driving survey to compare with 1970

Faced with skyrocketing prices at the gasoline pump are motorists in northeastern Illinois changing their driving habits? Researchers for the Chicago Area Transportation Study (CATS) will be looking for answers to that question this month as they interview members of several hundred households to determine trends in regional travel patterns.

CATS is an interagency organization that coordinates transportation research and planning in the six-county (Lake, Cook, McHenry, DuPage, Kane and Will) northeastern Illinois region.

The survey, to be carried out thru December 7, has been designed to ensure that its results provide a profile of travel habits for all parts of the Chicago area.

Persons living in households chosen to make a statistically valid sample will be asked to keep a log of all trips made during a three day period. The log will indicate destination, purpose, means of transportation (auto, public transit, etc.) and what time of day the trip was made. Other questions will provide needed socioeconomic data such as age group and income range. Individual responses will of course be kept confidential.

Survey results will be compared to the region's 'base file' of information compiled by CATS in a 1970 survey of more than 20,000 households. The survey will provide transportation agencies with needed information on shifts in trip making patterns and the acceptability of public transportation programs. The geographical spread of participating households will make the results useful in pinpointing areas for new transit service and/or ride-sharing programs.

Attends Ireland BPW seminar

Peggy Nevins

The Dublin BPW Club was formed in 1961 and was followed by The Dun Laoghaire Club in 1962, with The Howth Club in 1963. The National Federation was formally affiliated with The International Federation in April, 1965 and is thus closely linked with BPW Federations all over the world. The clubs meet once or twice monthly, arranging their own programs of lectures, study group discussions and other action within the framework of the national program theme. The October 19-21 seminar which Peggy attended was held this time in Dun Laoghaire, a short drive south of Dublin, along the Irish coast.

Peggy's parents and in-laws were born in Ireland and she has visited her many relatives there on several occasions, each time staying in their homes. In this way, she has come to know and share the many problems and concerns of the Irish people and the Irish women in particular. The speeches at the seminar, and the questions afterwards, therefore, were of genuine interest to Peggy. When word spread that there was an American BPW member present, the Irish BPW women sought Peggy out, eager to welcome her and talk to her about common concerns. The warmth and hospitality that filled every hour of the seminar left Peggy with a new understanding of the true meaning of the word "sisterhood". It was a happy accident that Peggy's trip coincided with the seminar and she is sincerely grateful for the privilege of sharing those few memorable days with her BPW sisters from all over Ireland. While on a periodic visit to Ireland in October, 1979, Peggy Nevins was invited to be a guest of The National Federation of Business and Professional Women's Clubs of The Republic of Ireland. Shortly after arriving in Dublin, Peggy contacted Dorothy Dennis, President of The Dublin BPW Club. Dorothy invited Peggy to The North/South Seminar, which takes place about every two years, when The Federation joins with The Northern Ireland Division of The United Kingdom Federation to conduct a joint seminar.

The theme of the seminar was "Europe – Where Do We Go From Here," with the focus on Ireland's role as a member of The Commission of the European Community (E.E.C.). A number of prominent Irish government leaders addressed the BPW members and responded to questions afterwards. Monica Barnes, a member of The European Commission on The Status of Women, was the guest speaker on the final day of the seminar. A very dynamic lady, she strongly urged the group to continue diligently in their efforts to raise the consciousness of men everywhere in order to make them aware of the valuable contributions BPW women can make to their country in countless areas. She stated that women must become active in every level of government if the quality of life is to be improved for everyone. "We live in a global village," Monica said, "and women everywhere can make this a better world for us all".

Elks kick-off fund drive

The Oak Lawn Elks, No. 2254, "Needy Childrens Christmas Fund" which helps make the holidays a little brighter for some local residents, kicked off its 1979 drive recently.

Last year the Elks provided a large turkey, canned goods and all the trimmings and numerous toys, etc., to more than 50 needy families in the Oak Lawn, Chicago Ridge, Hometown, Burbank and southwest side of Chicago areas. This year the Elks hope to do even more.

School District 123, local family agencies, and police, help to select the families that receive assistance. The Elks also attempt to reach any victims of recent tragedies, blind, elderly or disabled and those who have no close relatives to assist them during the holiday season. All contributions are used for the needy.

Chairman Earl J. Konecki said, "Donations of cash, canned goods, non perishable food stuffs or new toys would be appreciated". Any donations can be mailed directly to the lodge at 10720 Central Avenue, Chicago Ridge, IL 60415. The Elks will also pick up any donations. Delivery of the food baskets and toys is scheduled for Saturday morning, December 22.

Bride

Lori Ann Zeller, daughter of Mr and Mrs Roy Zeller of Oak Lawn, and Robert James Chesna, son of Mr and Mrs Joseph Chesna, also of Oak Lawn, were united in marriage on November 17 at Most Holy Redeemer Church in Evergreen Park. Father William Burke officiated.

The attendants included Mary Ruscio, as maid of honor; Laura Giampoli, the groom's sister, Pamula Muth, Dawn Sobscak and Sandi Ivey.

Best man was Tom Alger and serving as ushers were Bill Chesna, the groom's brother, Don Banach, Rob Walsh and Dan Zeller, the bride's brother.

After a reception at the Delphian House, Hickory Hills, the newlyweds honeymooned at Chestnut Mountain Lodge in Galena, Illinois. Lori and Bob are both 1978 graduates of Oak Lawn High School. Bob is employed by Trans Lift Corp. and Lori is with Bell Federal Savings in Oak Lawn. They are now residing in Burbank.

Celebrate Golden Anniversary

More than 200 family and friends attended at 50th wedding anniversary party for Antoinette and Dewey Del Guidice, Evergreen Park residents, at the Holiday Inn of Oak Lawn on Saturday, November 24.

The golden wedding anniversary party was arranged by the three Del Guidice children, Delores, Gene and Sharon.

Del Guidice, now retired, operated a barber shop at 69th and Wolcott for over 40 years.

Golden Tones Handbell Choir Dec 6th

A Christmas concert by the Golden Tones Handbell Choir will be presented on Thursday, December 6 at 8 pm at First United Methodist Church of Evergreen Park, 94th & Homan. The concert is free and refreshments will be served by the United Methodist Women.

The Golden Tones choir comprises nine persons playing four octaves of fine English handbells, calling for considerable dexterity. Working for nearly three years under the direction of Mrs "Ness" Carlson of Orland Park, the choir has a wide repertoire and produces a near-professional range of expression from the bells. This group recently presented a concert at Medinah Temple.

A brief UMW business meeting will precede the concert, and some handmade items held over from the recent bazaar will be displayed for sale.

St Ignatius Christmas Party stars Ella Fitzgerald

St. Ignatius College Prep will hold its Annual Christmas Benefit on December 8 at 8 pm at the Auditorium Theatre. The show will star the great Ella Fitzgerald, gifted with song, smile and goodwill; along with the man who tickles so many of our funny bones, Myron Cohen; and the Arbors, a well-known singing group.

The proceeds of this year's benefit will be earmarked to help the school in its current renovation program. The program includes a new library, a biology lab and a completely rebuilt ground floor in the school's 1895 wing.

Tickets for the benefit range in price from $10 to $100. Tickets are available at the school or by calling 421-5900, ext 275.

LOCAL BRIEFS

via vina...

How about congrats to KATHY ANN LEE, a psychology major at WIU, who was promoted to ROTC cadet captain and public affairs officer. Kathy Ann is the daughter of Mr and Mrs James Lee. . . . . .

More than 130 persons from the Independent Order of Foresters High Court recently held a seminar at the HOLIDAY INN OF OAK LAWN. B.C. HALLUM, Supreme Chief Ranger; LARRY ALLEN, Director of Fraternal Activities; and KENNETH R. PODEWELL, High Chief Ranger, were the principals who conducted the seminar . . .

ALICE EISELE and GLEN IMLAY received a Senior Recognition Award for outstanding community service at the PLOWS recent annual luncheon. . . . . .

Happy belated November 24 Anniversary to LES & JUDY GRANT. . . . . .

And happy belated birthday to GINA MACARI and again to BARBARA SHERMAN. . . . . .

Let's not forget JOYCE HRABEC, who also celebrated in November. . . . . .

KENNETH GUTSCH was involved in the production of "The House of Blue Leaves" at Knox College. Kenneth is the son of Mr & Mrs Kenneth Gutsch, Oak Lawn . . . . .

Congratulations to MICHELLE DIXON, who was chosen as president of the freshman class at Mother McAuley High School. Quite an accomplishment for this young lass . . . . .

MATT & ROSE LAMB have just returned from a trip to Africa. Next "The Land of Oz", that's all that is left! . . . . .

MIKE KOLODZIEJ, son of Mr & Mrs Joseph Kolodziej, played the role of Malvolio in North Central College Theatre Guild performance of Shakespeare's "Twelfth Night". . . . . .

How about CELIA DUMKE, who donated a liquor basket as first prize at the PLOWS luncheon, then organized the raffle also . . . . . .

At the Chamber of Commerce luncheon, POLICE CHIEF JOHN HABERKORN was explaining about the Career Day in Oak Lawn for approximately 1700 eighth grade students. He said the school board would entertain at a rest period for the young people. DON CANNING, also at the luncheon was overheard to say, "I wonder if the band will play "Hail to the Chief" . . . . . .

Cox gone Hollywood!

"WE"FM's COX-ON-THE-RADIO has gone Hollywood!! While shooting scenes in Chicago, writers Dan Akroyd and Steve Landis decided to do a special role for Don Cox in their Universal movie "Blues Brothers". When asked what he would be doing Cox replied "A role thought up to fit his character!" Cox left for L.A. on November 19 and plans to return to Chicago December 1st. "COX-ON-THE-SCREEN" has a nice ring!

'Grattimaa' old Swiss tradition

On December 6th in Switzerland, St. Nicholas Day is celebrated. Some time before that special event all bakers are up to their elbows in kneading-troughs and the work of bringing hundreds of "grattimannen" to life — men made from sweet dough and varying in size.

Children, infected by the festive atmosphere, join in the preparation of this old custom with enthusiasm.

Dough is weighed out then formed into amusing looking figures who later look at you irresistibly through eyes made of big raisins and clad in decorative vests and caps of dough.

Along with hundreds of identical companions they are shoved into a hot oven. When done, a pipe in the corner of their mouth and a switch under their arm completes the miniature sculpture.

The origin of this pastry remains a mystery.

Annual AAI Tax Seminar

Stanley Hagendorf

Norman B. Stivers, newly elected president of the Independent Accountants Association of Illinois, has announced that Frank A. Vechiola and Richard Allen of Oak Lawn, will be co-chairmen of the speakers committee for the Annual Tax Seminar that will take place November 29, 30 and December 1. The seminar will take place at the Ramada O'Hare Inn, 6600 N Manhiem Road.

Co-chairmen Vechiola and Allen have stated that John J. Vassen of Belleville, Illinois, will conduct the seminar on Thursday, November 29. Stanley Hagendorf of Coral Gables, Florida, will conduct the seminar Friday, November 30 and on Saturday, December 1 Neil E. Harl of Ames, Iowa will conduct the last day of the seminar. The sessions for the seminar will be from 9 am to 5 pm.

Phillip Rizzo of Oak Brook, and Sol Pavio of Skokie, who are newly elected delegates to the White House Conference on Small Business, will also participate in the seminar. Rizzo and Pavio are past presidents of the I.A.A.I.

The Independent Accountants Association of Illinois is affiliated with the National Society of Public Accountants.

OLCHS English chairman participates as panelist

Thomas Reiter, Chairman of the English Department at Oak Lawn Community High School, recently participated as a panelist at the annual Illinois Association of Teachers of English Convention. This year's convention, held in Springfield October 25-27, was attended by some 400 English educators from all areas of the State of Illinois.

The topic of Reiter's workshop was "Chairing the English Department: A symposium". Also appearing on the panel was Ann Ludwig, Area Chairman in English and Reading for District 218.

The symposium was a three hour workshop that was attended by forty English educators.

This is the third year that at least one member of the OLCHS English staff has been invited to participate in one of the sessions at the I.A.T.E. Convention.

"Everyone -- is reading it! Just like you. . ."

A Message to Our Readers:

The slogan reads "The Largest News Source in the Oak Lawn Area" and that's a fact!

Many of the residents, or newcomers to the Village of Oak Lawn, want to know what's going on — where it's going on, and who is putting it on! This is all brought to you on the pages of VILLAGE VIEW, the only Oak Lawn based newspaper.

We make every effort to introduce you to the mayor, village clerk, the village manager, the board of trustees and the department heads. We tell you what your congressman and state representatives are up to.

Our reporter covers all meetings in the Oak Lawn Village Hall. We think of ourselves as the "watchdog" for the residents. When things are good we tell you and when they are bad we tell you too — softly. We try to keep you informed on the trustee in your area until you, the reader, can call him by name.

We want to tell you about our busy Oak Lawn Park District and their offerings for the youths and adults, that are many and diversified. We keep you posted.

The Oak Lawn Library is one of the finest in any village. Free movies, talks, meetings and displays in abundance. There is something for everyone. We have a special library column that stands out just to make the finding easier.

Our Senior Citizen Center, built by the village fathers, is comparable to only one other in the United States. Friendly people, beautiful building, loads of activities and lots of parking space. Look for their special column in VILLAGE VIEW.

You can read about your fire and police departments and the many community services they offer. Don't just know them when you get a traffic ticket, or have a fire, know them as they really are — all nice people.

We also have a PTA column and tell you when they meet, stories about the local schools and what the students are doing, and your own Moraine Valley Community College.

There is a "Social Scene" that keeps you up on all social events and many that you might like to attend if you knew when and where. We have a gossipy little column where you may read your neighbor's name.

Probably best of all is the Editorial Page (6) where we express our thoughts and views as we see them. Mostly we feel that our reporter is very well informed and will pass the information on to you in an unbiased manner. We just try to tell it like it is and let you form your own opinion.

We welcome your homey stories that may not be right for the larger papers but are just right for VILLAGE VIEW. Tell us about your weddings (pictures accepted), anniversaries, babies, the son or daughter you are proud of, we print them all.

On the bottom of our letter we have supplied a subscription blank. VILLAGE VIEW is printed on the 1st and 15th of the month, and costs just $5.00 a year. Once you have become a subscriber the newspaper is mailed first class to your home for one year. There are no collections, no picking it up off the street, and no drying it off over the register.

Stop guessing! Be the best informed resident on all village events. Subscribe today!

Thank you,
Vina O'Malley

Gregg Kunes named assistant sales manager at Terry's Lincoln-Mercury

Gregg Kunes (r) is being congratulated on his recent appointment as Assistant Sales Manager in Orland Park by the owner and his father Terry Kunes.

At the age of 23, Gregg has served an eight year apprenticeship working at Terry's Lincoln-Mercury. He started as a porter, and then moved into the Parts Department; for the past two years he has been selling new cars and undergoing special training. Gregg was Salesman of the Nation for the Lincoln-Mercury Division in 1978.

Like all fathers, Terry is extremely proud to have his son associated with his business.

Gregg lives in Orland Park, and is a real sports enthusiast.

"Gregg has been learning the automobile business from the ground up," stated Terry. "He has become a valuable asset to the business, and will carry on the Terry's tradition of dedication to serve the cary buying public".

Park offers ski lessons

A series of five ski lessons at Four Lakes Village Ski Area, Lisle, IL will be offered by the Oak Lawn Park District again this winter for youths and adults. The series of five weekly lessons includes slope fees, lessons, ski rentals and transportation will cost $65 per person.

The adult lessons for those 16 and older will be on Wednesday evenings beginning January 9. The bus will leave Worthbrook Park, 89th and Ridgeland at 6 pm and return around midnight. The youth lessons for those 10 to 15 years old will begin Saturday, January 12. The bus will leave at 8 am on Saturdays from Worthbrook Park, 89th and Ridgeland and return around 5 pm.

Ski lessons at Four Lakes are by the A.T.M. method of instruction. Each day will include a one hour lesson with the rest of the time devoted to practice skiing.

Registration will begin for Four Lakes Ski lessons on December 10, 1979 and make great Christmas presents. Registrations are accepted at the Oak Lawn Park District office, 9400 S Kenton. Call 424-7300 for more information.

100 Field trips completed

Oak Lawn Community High School science instructors John Brodemus and John Thompson have just completed the 100th field trip they have taken their students on since September, 1974. With the philosophy of "taking the students to see the environment first hand", Brodemus and Thompson plan an average of one field trip per month.

The trips have included a variety of activities including hiking, photography, cross country skiing and overnight camping. Before the acutal trip students review what they expect to see thru reading, viewing films and film strips and discussions. Students take a lot of photos and when they return, time is spent processing their experiences.

Brodemus and Thompson teach environmental science and science seminar. In addition, they sponsor the school's Ecology Club. Over 80 students are currently members of the club and are involved in numersous ecology related activities during the year. The Ecology Club activities have taken them to five states. In their next outing they are planning to visit the Kellogg Research Facility in Michigan.

Oak Lawn Lions Third annual Christmas auction

The Oak Lawn Lions will hold their Third Annual Christmas Auction on Tuesday, December 4, 6:30 pm, at the Golden Age Restaurant, 4545 W 95th Street. Lion Warren Koopman will be the auctioneer.

Each year the Oak Lawn Lions raise up to $1200 to help needy families in the Oak Lawn area with a large basket of fruit and a check for Christmas. All Lions are urged to bring a gift for the auction and bring a friend.

"CRICKET ON THE HEARTH"

A special holiday showing of Charles Dicken's "Cricket on the Hearth" will be held on Saturday, December 15 at 2 pm sponsored by the Children's Department at the Oak Lawn Public Library.

An added attraction for the Christmas season will be "The Night Before Christmas", a color film feature based on the traditional poem, which will also be shown.

"Cricket on the Hearth" is the story of the poor toymaker, his daughter and the unusual cricket who helps them share a joyous Christmas. The animated movie features the voices of Danny Thomas and his daughter, Marlo, Ed Ames, Roddy McDowell as Cricket and the Norman Luboff Choir.

The films will be shown in the lower level community room and are free.

Pictured is Firefighter/Paramedic George Ranke giving instructions in the proper way of performing C.P.R. to students who are attending the Oak Lawn Fire Department Babysitting Safety Course.

During the six week course the students are instructed on how and when to call the fire department, how to handle common emergencies, and the parents view of good and bad sitters. Also how to entertain children and the care and feeding of infants. This includes a police officer's view of safety while babysitting. This free course is offered twice a year by the Oak Lawn Fire Department, for further information call 422-0388.

Recreation area brochure available to handicapped

Handicapped individuals who enjoy the outdoors or who wish to visit Illinois historic sites may find useful a brochure recently made available by the Illinois Department of Conservation.

The publication is called "Handicapped Individual's Guide to Illinois Recreation Areas", and it outlines 47 Illinois state parks, historic sites, conservation areas and state forests where facilities have been specifically adapted for use by handicapped persons. A brief characterization of each state-managed site is included along with the availability of specially adapted facilities for parking, privies, hiking, camping, picnicking and fishing.

Currently, the Dept of Conservation owns or manages 119 areas. Adapting more of these areas for access by the handicapped is now an ongoing process which begins with the master management planning process for every state park, noted Dr Silar P. Singh, Handicapped Program Coordinator for the Illinois Dept of Conservation.

Free copies of "Handicapped Individual's Guide to Illinois Recreation Areas" can be obtained by writing the Illinois Dept of Conservation's Chicago office, Room 100, 160 N LaSalle Street, Chicago, IL 60601, or by calling (312) 793-2070.

It's beginning to look a lot like Christmas

The Birthday of the Saviour is here,
and we are once again reminded that
Christmas is a family day . . . a
day of reunions and feasting, and
a day of joyous gifting. But let us
not forget, as we fill the stockings
and surround the tree with packages,
the most important gifts of all
. . . the gifts that bear neither
price tags nor gay wrappings, yet are
of infinite value. These are the
gifts of kindness, tolerance,
consideration and compassion. Let us
hope that this Christmas will revive
the true spirit of giving that began
with the Birth of a Holy Child . . .
to bring peace and good will to all.

Residents getting the short end: Huskey

Rep Herb Huskey says suburban residents are "already getting the short end" of a statewide transportation program approved by the General Assembly in September.

"The Byrne-Thompson deal forced suburban residents, and especially those in southwest suburban Cook County, to suffer the most thru the loss of a crosstown expressway, and the implementation of a new regressive sales tax," Huskey said. "Unfortunately, in return, they're getting very little in the way of new or improved roads."

According to Huskey, the Illinois Department of Transportation's District 1 area, which includes Cook, DuPage, Kane, Lendall, Lake, McHenry and Will Counties, contributes two-thirds of the state's highway revenues. Over the department's last six statewide contract lettings (July 27 thru October 26th), he says, District 1 averaged only 25% of the road revenues.

"Under no circumstances should District 1 ever receive less than 40% of these revenues," Huskey said. "However, on the October 26th letting, for example, it only received 23.6%. All we're doing is subsidizing downstate roads and downstate economies, and it just isn't fair."

"I have invited Illinois Transportation Secretary John Kramer to tous the Eighth District and other nearby areas, and also meet with the local council of mayors, so he can have a first hand view of how his transportation plan is hurting the suburbs, and especially local businesses.

"People aren't going to do either commercial or retail business in the part of the state that has the highest sales tax and the poorest roads," Huskey said.

"I'm very interested to hear Secretary Kramer's reasons why we're paying 66 2/3rds of the road costs, and getting only 25% of the service."

Additional information can be obtained from Huskey at 424-5000.

Clerk Powers announces vechile sticker sale

Village of Oak Lawn vehicle stickers are now on sale at the Village Hall, 5252 Dumke Drive and at the Municipal Annex Building at 9630 Southwest Hwy. The fee on all passenger cars is $20 regardless of horsepower; motorcycles, scooters and mopeds are $15 each. Senior Citizens (62 and over) may purchase their vehicle stickers for $9. They will be required to show proof of age and are limited to ONE vehicle sticker per family at the decreased rate. Boards agree attorneys straighten out library and village dilemma

"We don't want to cut the legs from under you," Mayor Ernie Kolb told the members of the Oak Lawn Library board this past Tuesday, "but we do want to reach a compromise."

The discussion came about at a meeting called by the village administration when it was found that the library was levying 35¢ per $100 assessed valuation and the maximum allowed by state statute is 15¢ per hundred dollars.

Should the tax levy be held at $464,000, the legal maximum, from the $1,040,000 the library is asking, the library would suffer substantially according to George Morrisey, member and spokesman for the library.

He said the levies had been approved by the board each year and cited an agreement with the village board at the time of the library expansion to raise the levy to pay the mortgage. This had been approved by referendum.

After much give and take it was decided that the two attorneys, Pat Lucansky for the village and Louis Cainkar, attorney for the library, get together and determine all that has taken place in prior years and come to a suitable decision.

Trustee Ron Stanclk proposed that the library be allowed to levy 32¢ per hundred as they did last year. He said that this was not the time to pull the rug from under them (the library).

Trustee Charles Meloun argued against this saying more or less that the library should abide by the law and stay at the 15¢ per hundred. Trustee John Petrozza agreed with Meloun.

A decision will have to be made before the passage of the budget that will take place on Tuesday, December 18.

At the original budget hearing on December 6, the Oak Lawn Youth Commission showed up in a body to resist the cuts in their staff which would reduce their programs. The board agreed to authorize a salary for an additional social worker for the commission.

Christmas at First National

America's Christmas Heritage is beautifully portrayed on collector plates currently exhibited at the First National Bank of Evergreen Park, 3101 W 95th Street. Display is provided through the courtesy of the Bradford Museum, Chicagoland's newest and most unique repository of plate art. Museum is operated in conjunction with the Bradford Exchange, the world's largest trading center in collector's plates. The bank exhibit, which runs thru December 31, includes the work of Norman Rockwell and other well known artists. The collector plate exhibit is but a part of the "Joy to the World" array of ethnic Christmas trees and other holiday decorations featured annually at First National. As an added attraction the Musichorale Caroiers will be at the bank at 11:30 am, Saturday, December 22 to provide vocal inspiration for a Blessed Christmas.

Nancy's expansion bond approved by village board

A major move by Nancy's Restaurant, located at 103rd & Cicero, to purchase the Granada Funeral Parlor, 106th & Cicero was approved by the Oak Lawn board of trustees this past Tuesday.

David Howey, owner of Nancy's appeared before the board with a request for $2,600,000 at the village rate of interest. The bonds, classified as Nancy's Restaurant Revenue Bond Issue, received a unanimous vote.

The cost includes purchase of additional property for parking and the basement area to be used for the packaging of frozen pizzas.

Mayor Ernie Kolb congratulated Howey and wished him good luck with the development.

Worth Twsp Youth Christmas Party

The Worth Township Youth Commission will hold their Christmas party for children ages 12 years and under on Sunday, December 16 from 2 to 4 pm.

A cast of puppets will entertain the children until an appearance from our favorite visitor from the North Pole. This same visitor will present each child with a gift.

The Youth Commission is located at 11601 S Pulaski. For info call 371-2900, ext 20.

Santa to visit Oak Lawn Trust and Savings Bank

Oak Lawn Trust and Savings Bank at 4900 W 95th Street has made special arrangements to have Santa make a personal visit at the bank. So bring the kids to see Santa. He'll be at the bank Friday, December 14th from 5 to 8 pm, Saturday, December 15th, and December 22nd from 9 am to noon!

Worth Township speakers attend Evergreen Park Democrats Seminar

Worth Township officials, Lester Grant, trustee; Joan P. Murphy, clerk; and William E. Connors, assessor, recently addressed a seminar held by the Evergreen Park Regular Democratic Organization.

The trio of officials provided information on Worth Township services for senior citizens and youth including detailed explanations of the medical, dental and podiatry clinic available to residents of Worth Township.

The seminar was under the direction of Colleen McLaughlin, newly elected president of the Evergreen Park Regular Democratic Organization.

In the happy tradition of this Season we send our heartiest of wishes to all of our neighbors a merry, old-fashioned Christmas.

Many thanks for your loyal support this past year.

Public Works announces snow removal program and regulations

The Village of Oak Lawn Public Works Department, Street Division recently displayed some of their snow control equipment in front of the Village Hall. With the past two winters being devastating, there has been a sustained public demand that the public roadways be open continuously for travel regardless of weather conditions or time of day.

In order to achieve this goal, there must be joint cooperation between the municipal authorities and the citizenry. The Board of Trustees, therefore, have amended the ordinance pertaining to Snow Removal Regulations, and now respectfully ask your cooperation in making the ordinance work.

Following are some of the highlights of the new Snow Removal Ordinance:

AN EMERGENCY STATE: A snow emergency means snow has fallen at the rate of 1 inch per hour up to 4 inches, or has caused congestion of traffic.

NO PARKING REGULATION: No vehicle shall be parked on any street during the 24 hour period that a snow removal emergency state exists, or until the snow has been plowed to the curb lines.

ODD-EVEN PARKING RULES: After 1 inch of snow, the street crews will plow the even numbered side of the street on even calendar days. On odd calendar days the crews will plow the odd numbered side of the street.

IMPROPERLY PARKED VEHICLES: Enforcement will be strict. Improperly parked vehicles will be removed by towing trucks at owner's expense, and "No Parking" citations will be issued to owners of the vehicles.

The Village President and the Board of Trustees also ask for the asistance of our village merchants, as well as residents, that if a fire hydrant is situated in front of your business or home, please arrange to clear away any snow which may accumulate around it, and make sure that the hydrant can be easily located from the street.

The village board extends their best wishes for a happy and safe holiday season.

Street Department personnel shown with their equipment are (l to. r) Chester Kwiatkowski, James E. Sweeney, John W. Pauly, William J. Brandt and Phillip A. Crowley.

Oak Lawn Lions to ring bells

The Oak Lawn Lions Club, in keeping with the tradition established over the past several years, will again assist the Salvation Army in their annual Christmas fund-raising for needy families. Members of the club have volunteered to "ring dem bells" on Saturday, December 15 at various locations thruout the Oak Lawn area.

All money collected in the familiar red bucket will be used solely to provide food baskets, toys and other worthwhile gifts for those less fortunate at Christmas-time. This years bell-ringing activities, as in the past, are being arranged and coordinated by Lion Herman Nebel.

Free copies available for "Christmas Wish List"

Free copies of the 1979 edition of the "Christmas Wish List" are now available by contacting Catholic Charities' Public Relations office, 126 N Desplaines Street, Chicago, Illinois 60606; 236-5172, ext 376.

The Christmas Wish List is a reference booklet for individuals, organizations, schools and businesses who wish to donate food, clothing, toys and other items to needy people at Christmastime or other times of the year. All items are distributed through the sites listed in the booklet which include Catholic Charities' own service programs as well as parishes which serve large numbers of poor families and individuals on a year-round basis.

Also identified in the booklet are sites which would welcome parties and entertainment for children and senior citizens as well as those which will accept used items such as clothing and furniture if they are in good condition.

Practical details about the age and size ranges of the recipients of the gifts, storage space, pick-up and delivery information, and names of contact people at each site make the booklet a handy, year-round reference.

Big Brother and Big Sister needed

Would you like to help the youth of Oak Lawn? There is a big need for volunteers functioning as a Big Brother or Big Sister. All you need to do is spend 4 - 6 hours per week and be at least 18 years of age. Oak Lawn is in need of you and your help. For more information call 636-4400, ext 337 or 338.

Yourell resolution recognizes Park Lawn

It was at their annual Park Lawn Fall Dinner Dance recently that State Representative Harry "Bus" Yourell presented a House Resolution to the members of the Park Lawn Assn. The resolution, which was adopted by the General Assembly of the State of Illinois, recognized the Assn's Silver Jubilee which is being observed by their members throughout the remainder of this year and through June, 1980.

As president of the Park Lawn Assn, Maurice W. Barger, Jr., accepted the plaque from Rep Yourell.

The Park Lawn School and Activity Center is located at 10833 S LaPorte Avenue in Oak Lawn and currently serves 130 mentally retarded children and adults from Chicago and the southwest suburbs.

Hearing test available at Senior Center

Diane Traficanti, Project Director for the Chicago Hearing Society will be at the Senior Center for Hearing Tests on Thursday, January 31 and Friday, February 1, 1980.

A limited number of tests are available on these two days, so it is imperative to make a reservation for a hearing test. The actual procedure will take about twenty minutes.

Reservations will be taken beginning Monday, December 17 by calling the Senior Center, 499-0240.

The Oak Lawn Senior Center is located at 5330 W 95th Street.

GOING TO FLORIDA?

Jim Buschbach

If you're planning a trip to southern Florida's gulf coast, you'll want to set aside some time for a trip to Sanibel Island. Sometimes known as the Seashell Capital of the' World, Sanibel is located in the Gulf of Mexico, just 18 miles southwest of Fort Meyers.

Those looking for exciting nightlife will be disappointed in Sanibel. This island is tailor-made for lovers of nature and those who like to spend their time outdoors. Fishing, beachcombing, swimming, picture taking, bird watching – these are some of the activities that bring people to this lovely island. Sanibel is a shell collector's dream. The shallow waters and strong breezes bring to its beaches a multitude of shells of every shape and size. Here too, you can view the marvelous shell collections from around the world.

For animal lovers, Sanibel offers the J.N. Ding Darling National Wildlife Refuge. Operated by the United States Department of the Interior, this 3,000 acre refuge is ideal for viewing native animals and birds in their natural surroundings.

Before you plan that Florida vacation, come in and talk with me, at WORLD TRAVEL MART, 5615 W 95th Street. I'll help choose the type of lodging that's best for your family and assist you in selecting trips and tours that you'll enjoy most. All at no extra charge to you, the traveler. Let me hear from you soon, so I can save you time and money for the best in travel.

Gifted students to hear topic on American culture

The Community High School District 218 Archeology Field School, on December 18, will host John White as the instructor.

White, the Director of Native American Studies in the Northwestern University Archeological program, will stress native American culture and will link tool making with culture and native American crafts.

White is an anthropologist of Cherokee and Scottish descent and has developed his knowledge of Native American history and culture through years of living and working with craftsworkers in North American Indian communities.

He has also participated in programs in traditional technologies during travels to Scandinavia and England.

Prior to his involvement with the Northwestern Archeological program, White was director and designer of the Pawnee Earth Lodge permanent exhibition at the Field Museum in Chicago.

White is one of several speakers planned for the CHSD 218 Archeology program classes. This program, which is being run in conjunction with Northwestern University's Archeology program, is part of the CHSD 218's program for gifted students. There are approximately 30 students enrolled in the class, which began in October and is believed to be the only high school ongoing in-residence field school in Archeology in the Chicagoland area.

Dine Out

One nice thing about Christmas is planning for New Year's Eve! We can leave the wrapping, the buying, the empty boxes all behind us as we ring in the "Happy New Year". And the great choices we have...

To enjoy a fun filled New Years Eve go to GREENE'S WEST, 8624 W 95th Street in Hickory Hills for a real treat. Your choice of two complete dinners, Prime Rib or Strip Steak, drinks, 9 pm - 2 am. Two bands for dancing plus entertainment, hats, noise-makers, plus a champagne toast. The cost, $27.50 per person includes tax and tip.

*****

For a New Years Eve all year long visit REILLY'S DAUGHTER PUB. This is a lively spot and especially on Sunday night when they have a good old fashioned sing-a-long. Stop at the pub and tell the boys we sent you - they will like that and we will too.

The address is 4010 W 111th Street. Have fun!!

*****

Your friends at the ORIENT VIEW, 5617 W 87th Street wish you a merry Christmas and thank you for your patronage. They hope you will drop in and enjoy their Cantonese and American dishes soon. They also prepare carry outs.

The owner would like you to know that Orient View will be open New Years Eve.

*****

Wouldn't it be fun to get a two carat brilliant cut diamond from Santa Claus? Well, getting down to earth, most of us would get a thrill if we were treated to New Years Eve at the BLACK KNIGHT, 5200 W 159th Street in Oak Forest. For just $50 per couple you can enjoy two bands, unlimited drinks and a hot hors d'ouvres buffet all evening long.

Ask for host Pat Capuzzi he will be delighted that you did.

*****

The GOLDEN PHOENIX at 10555 Southwest Hwy, is featuring a gala Hawaiian Review with the Kauai Surfriders for your pleasure New Years Eve.

Dancing, favors and free Champagne will be served to toast in the brand new 80's.

Golden Phoenix offers both American and Cantonese food and is also open for lunch thru the week. A carry out service is also available.

*****

Have you waited for hours and are your feet tired while the lady of the house did the shopping for gifts?

Surprise her, take her to THEODORE'S, right around the north corner of the Evergreen Plaza. It's where the stars dine, at 2501 W 95th Street, Evergreen Park. Treat her to the finest breakfast, lunch or dinner, and relax completely after Christmas shopping.

*****

If you are too tired to cook because you have been out comparing the many New Years Eve Parties this year, spend it at the ROYAL PALACE, 6524 W 111th Street. You will love the fine selection of steaks, chops, chicken and fish dinners offered. Le Chef at the Royal Palace is thinking of you. Please call for reservations.

Tom and George are offering complimentary Champagne at midnight. Music is by Al Michaels.

Royal Palace will be closed Christmas Day.

*****

A traditional Christmas dinner featuring roast turkey will be served at the HOLIDAY INN, 4140 W 95th Street but you may choose one of several entrees for which the Holiday Inn is famous. Nothing is over-looked in an effort to make your holiday dining a truly satisfying experience.

If you are planning to attend the great New Years Eve party better call now as they sell out fast and reservations are limited.

The Holiday Inn features "Father Time" and "Miss 1980" along with prizes galore.

Music is furnished by the Ralph Sterling Strings and the dancing goes on 'til 2 am.

*****

Having a Christmas or New Years Eve Party? For a bit of added glamour rent a champagne or punch fountain from MURPHY'S RENTAL, 3114 W 95th Street.

It doesn't have to be for just those parties but can also be used at banquets, showers and wedding receptions. The fountain adds festivity to a festive occasion. Call 423-1810 to order yours now.

HLR PTSA offers restaurant coupons as perfect gift idea

If you're looking for the perfect and practical gift for the hard-to-buy-for person on your Christmas list, the Parent-Teacher-Student Association has just the gift idea for you.

The PTSA is selling restaurant discount coupons good at 18 popular southwest suburban restaurants as a fund raiser for the PTSA Scholarship fund. These restaurants do not include fast-food chains.

The coupon booklet sells for $12 but has a value of $175 for coupons good thru June 30, 1980. There is a limited supply available. Persons who would like to purchase a booklet should call Robert Guenzler, Student Activities Director, at 499-2500, ext 630. The booklets, which will be on sale until January, can also be obtained through an HLR PTSA Board member.

Pebble Stone Puppets to present Christmas musical

The Pebble Stone puppets and the Stepping Stones Choir from the Stone Church, 6330 W. 127th Street, Palos Heights, have scheduled four performances of the Christmas musical, "Mary Had A Little Lamb."

The Christmas story is told by the animals who were present in the stable on the night that Jesus was born.

On Saturday, December 15, the musical will be presented at the Orland Square shopping mall at 11:30 am and 12:30 pm. It will be repeated on Sunday, December 16 at 10 am in Kids Church at the Stone Church, and again in the family worship service at 6 pm on Sunday, December 23.

All area residents are invited to attend. There is no charge for admission.

Rev T. G. Morrow, pastor, has announced the holiday schedule of services at the Stone Church, 6330 W 127th Street, Palos Heights.

The regular schedule will be in effect on Sunday morning, December 23, with worship services at 8:30 am and 11:15 am. School of the Bible classes are set from 10 to 11 am. In the evening, at 6 pm, the Stepping Stones Choir and the Pebble Stone Puppets will present a Christmas musical, "Mary Had a Little Lamb."

On Christmas Day, December 25 there will be one service at 10 am.

The New Year's Eve Watchnight Service on December 31 will begin at 9:30 pm with a time of fellowship and refreshments. A Sing-Along will run from 10:30 to 11 pm, followed by a family communion service from 11 pm to midnight.

All area residents are invited to attend.

"THE LAST CHRISTMAS"

"The Last Christmas", a musical with drama, will be presented on December 16 at 6 pm by the sanctuary choir at the Stone Church, 6330 W 127th Street, Palos Heights.

The public is invited to attend this special performance. There is no charge for admission.

Minus None Teen Center features big band sounds

Where can teens go to see their favorite local band or hear the latest hits played by area bands?

It's a question being asked by many Oak Lawn youth. The problem, as anyone under 21 years old will say, is that the only place to see live bands locally is in a tavern or an occasional school dance.

Now, however, youths from 13 thru 20 years of age have the opportunity to see live bands every Friday night at the Minus None Teen Center.

A variety of bands including popular rock, new wave, folk, bluegrass and southern country rock are featured on Friday nights from 7 to 10:30 pm.

"Home Brew" will aim to please southern country rockets on December 21. On December 28 a new band, "Breakdown" will rock and roll with three former members of "Xyphold". A local group, "Methylene Blue" will debute January 4.

Admission is $1.50 for members and $2.50 for non-members. Membership I.D.'s for 1980 may be purchased at the door or from the Youth Commission any time for $5. An I.D. also entitles members to check out pool table equipment and be admitted to the teen center for free on nights when no special events are planned.

The Minus None Teen Center is open to all youth who live or go to school in Oak Lawn. The center is located in the back of the Village of Oak Lawn Annex, 9630 Southwest Hwy. For more information call the Youth Commission at 636-4400, ext 337 or 338.

Richards to hold Christmas Concert

Harold L. Richards High School, Community High School District 218, will host a Christmas Concert at 2 pm December 16 at Richards Campus, 107th Street and Central Avenue.

Admission is free to the concert, which will feature all of the bands and choirs in the school's gymnasium.

The concert will be under the direction of Peter Bertuca and Donna Peterson. The public is cordially invited to attend.

Magician to perform at Oak Lawn Lions Christmas Party

The Oak Lawn Lions Club will hold its Annual Christmas Party at the Golden Age Restaurant, 4545 W 95th Street on Tuesday, December 18, starting at 6:30 pm. Chairman Don Suhr has promised an exciting program featuring Magician Billy Bishop performing astounding feats of magic.

The highlight of the evening will be the arrival of Santa Claus with his bag of gifts for the children. The party will be attended by many blind and handicapped children in the area as guests of the Lions.

Music will be provided by the Joe Pat Orchestra. All Lions, their wives and children are cordially invited.

SAS meeting celebrates 1st anniversary at Holiday Inn

Southwest Archidocesan Singles will hold their next general meeting on Tuesday, January 8 at 8 pm at the Holiday Inn, 4140 W 95th Street, Oak Lawn. This is a special meeting celebrating SAS's first anniversary as a Catholic singles club. A mixer (cash bar), with recorded music for dancing, will follow the meeting.

Upcoming activities include: weekly volleyball, tobogganing, informal bible study group, dances, Candlelight Playhouse dinner-theatre night to see "South Pacific," ice skating, square dancing, amateur night, sleigh ride, dining night at ethnic restaurant, and a Singles Christmas Mass on December 22.

SAS is a Catholic singles club open to all adults, 21 and over, who are eligible to marry in the Catholic Church. To receive a newsletter, please call 597-2464, 425-2897, 425-0234 or 599-5024 (Monday - Thursday 7 to 9:30 pm).

From Mrs. Sherwood's "Manners and Social Usage" (1884) comes advice on etiquette for "elderly girls," aged 35. "An old maid can do almost anything without violating etiquette if she consents to become a chaperon, and takes with her a younger person. . .An elderly girl must even think how she looks. A woman who at a water-place dresses conspicuously, wears a peignoir to breakfast, dyes her hair, or looks as if she did. . .sits on a hotel piazza showing her feet, may be the best, the most cultivated woman in the house but a superficial observe will not think so. In the mind of every passer-by will lurk the feeling that she lacks the first grace of womanhood, modesty — and in the criticism of a crowd there is strength. . . It takes a very superior woman to be an old maid."

Angelic Christmas idea

A project to keep little devils out of mischief during the holiday season — let them join in the finger-licking fun of making this "Littlest Angel."

It's easy to assemble and will leave very little mess for mom to clean up afterwards. The body is made from Hostess Twinkies, always a favorite with the kids. Just add frosting and candy decorations and they'll have the ingredients for a whole afternoon of creativity. Here's all you need for this mini-angel:

7 Hostess Twinkies
toothpicks
1 6-inch styrofoam cone
½ can ready-to-spread white frosting
silver cake decorations
2 cloves
1 Hostess doughnut

Cut Hostess Twinkies in half length-wise, separating flat bottoms from curved tops. Leave overnight to stale slightly. Fasten halves with toothpicks vertically in two tiers around the cone. Toothpick two halves together for each wing and skewer to the top tier.

SURPRISE YOUR own little cherubs with a special holiday dessert, a pretty Christmas angel made from Hostess Twinkies. It's so easy to assemble that you might want to let them make it themselves for a holiday project that's both fun and delicious.

Frost the cakes and sprinkle with silver cake decorations. Use cloves to make eyes in the styrofoam ball. Toothpick doughnut to ball and ball to cone.

T.H.E.O.A.R. MEETING TO FEATURE CHRISTMAS ENTERTAINMENT

To celebrate the holiday season, this month's meeting of T.H.E.O.A.R. will feature entertainment in place of the discussion format. Kay Kulpinski will sing accompanied by Patrick Azzarello at the piano. Both are residents of Oak Lawn. Presently, Kay is attending Illinois U Cicle Campus as a finance major. Along with finance, she also studies music, and sings at weddings, church groups and in choir groups at Circle campus. Upon graduation, Kay plans to attend The American Conservatory of Music.

T.H.E.O.A.R. — To Help Each Other Accept Reality - is a program designed to give widowed people the support and understanding of people who have suffered a similar loss. T.H.E.O.A.R. educational meetings are sponsored by Blake-Lamb Funeral Homes.

All widowed people are invited to hear Kay Kulpinski and Patrick Azzarello on Friday, December 14 at St Xavier College, 103rd and Central Park Avenue in Chicago. This holiday meeting will begin at 7:30 pm and end at 9:30 pm. Refreshments will be served. There is no charge. For more information contact Rosemary Bradley at 735-4242.

Oak Lawn High number "one" in SICA Mathletes Conference

After the first two competitions, the Oak Lawn High School (OLCHS) Mathletes are the number one team of the schools competing this season in the SICA Conference. The standings are based on a cumulative point total of the individual contests. Oak Lawn's Mathletes have a cumulative total of 817 points followed closely by Lincoln Way with 756 points.

In the last contest at Stagg High School, OLCHS, with 415 points, defeated Rich Central (291), Thornton (265), Stagg (225), Rich South (177), and Richards (96). Results of the topics won by OLCHS were:

In the Senior Division a perfect score of 50, which is rare — Limits, Jan Warpinski, Phil Yontez, Randy Moline, Nam Le Van, Lisa Maracich scored 50 points.

Archeology Program a success

The Community High School District 218 Archeology program Parents Night held November 27 proved to be most successful, according to Mike Harkins, Area Chairperson for Social Studies and coordinator of the program.

There were more than 40 parents who attended with their students. "I was pleased with the interest and support demonstrated by the parents," Mike Harkins said.

Ellen Gantner, Director of Special Programs in Northwestern Univeristy's Archeology Program, was the guest speaker. Gantner spoke to the parents and students about Kampsville, an excavation site and research center of NU located in Southern Illinois.

The students in the program, part of CHSD 218's Gifted program, will attend Kampsville in April for a week to conduct actual excacations.

The CHSD 218 Archeology class, which is being run in conjunction with NU's Archeology program, is the only high school ongoing in-residence archeology field school in the Chicagoland area.

Bit O' Trivia

In a letter from John Hay to Hannah Angell in 1858, Hay describes one Illinoisan: "W is a singular fellow. The whole West is in him. Generosity & selfishness, shrewdness & stupidity, sincerity & deceit, all unite to form a character whose ruling & guiding principle is inordinate and unbounded vanity. . .the average Westerner always spells badly and rides well. We already have enough coal lined up to last until 2020.

Nearly a billion tons of it. Enough to provide electricity until well into the next century, based on our projected fuel mix. We own much of it, waiting to mine it when we need it.

And we will need it. Because by the end of this century, the demand for electricity is expected to triple. Our coal will help meet that demand.

But it's also doing something else very important. It's helping conserve scarce fuels: oil and natural gas.

Coal Uranium

Commonwealth Edison electricity is made mostly from abundant coal and uranium. That helps conserve the scarce fuels: oil and gas.

Over half of the electricity we make comes from coal and most of the rest comes from uranium. Both are abundant fuels. Last year these fuels provided us with energy equal to 100,000,000 barrels of oil.

Coal is one important reason we can call electricity the Conservation Energy. It's one way we can make sure there will always be enough electricity.

Oak Lawn Youth host veterans

Shown above at the Veteran's Dinner are back (l to r) Veteran Frank Wesner, Waukegan, Illinois; YAC members Chris Hatmaker, Ann Hatmaker and Laura Gaughan, all of Oak Lawn. Front (l to r) Garland Patton, Kentucky and Carlton Shanks from Texas.

Veterans Day, for many, frequently means no more than a day without mail, but a group of Oak Lawn Youth and blind and hospitalized veterans made it a fun day to remember.

High school volunteers from the Youth Advisory Council (YAC) of the Oak Lawn Youth Commission spent most of a weekend preparing a homemade style Thanksgiving banquet for eleven blind veterans from Hines Hospital.

The Veterans Day feast features the traditional Thanksgiving turkey with all the trimmings. Oak Lawn Restaurant offered their expertise in baking turkeys while the youth made all the trimmings.

Food and centerpieces were donated by many area businesses and individuals from the community.

However, what made it somewhat unusual was the impromtu musical entertainment by both the youth and veterans. The youth sang a few of their "favorite camp songs" and the men added some of their old favorites.

Most of the veterans who attended the dinner are part of a schooi for the blind program at Hines. The men stay in residence at the hospital for a number of weeks to receive the training they need.

Although they are kept reasonably busy during the week, Sundays can be the loneliest day so the non-profit organization, Hospitalized War Veterans was formed. The group's chairman, Patrick Sullivan, says the veterans have gone on boat excursions, snowmobile rides, golfing, and more as a result of the organization and its supporters.

The Youth Advisory Council is a volunteer group open to all junior high and high school students who attend Oak Lawn schools. the councils' primary responsibility is to manage the Minus None youth center, 9630 Southwest Highway and offer trip ideas through the Oak Lawn Youth Commission.

In between work and play YAC members often volunteer their time for community service projects such as the dinner. Although much work went into preparation for the dinner, responses from the youth were similar; "This is a blast," one youth said. "Can we do this again?" another asked.

As a result of the get-together, the youth are planning a trip to Hines in the near future to visit the men and learn more about training for the blind.

YAC members who helped cook the dinner were: Tammie Miller, Denise Hatmaker, Donna Walker, Chris Hatmaker, Brenda McLemaore, Julie and Laura Gaughan, Ann Hatmaker.

Special guests included: Evergreen Park Mayor Anthony Vacco, Oak Lawn Youth Commissioner Robert Klein, Hospitalized War Veterans Chairman Patrick Sullivan, Vice Chairman George Johnson, Transportation Director Mac McCurdy.

ALEXANDER BEIFUSS
ARTIST OF THE MONTH

Artist of the month at the Oak Lawn Public Library is Alexander Beifuss whose work can now be seen on the Balcony Gallery.

Beifuss worked with pastel on paper in a unique abstract and cubist mode. He exhibited at many art fairs and won prizes for his drawings at the Ridge Art Fair in 1975 and 1978 when he took a first place in the judging.

He was a printer by trade who blossomed into an artist after his retirement. Also a free-lance writer, Beifuss was a contributor to the Chicago Tribune's column "A Line O'Type or Two" and to the Daily Calumet.

The drawings are part of the collection of Cathye Mickley, Head of the Adult Circulation Department at the Oak Lawn Library and will be on display throughout the month of December.

Four score "perfect" on Baby Sitting Course

Four students attained perfect scores on the written test upon completion of the Baby Sitting Safety Course. Pictured (l to r) are Cathy Grabowski, Laura Kobilarcik, Bridgid Sullivan and Lieutenant Ronald Murray (Cheryle Akouris not in the photo.) Sixty-seven students completed this fall's (sixth session) course offered by the Oak Lawn Fire Department. The purpose of this course is to instruct those interested in baby sitting to be well trained to handle any emergency that may arise. The fire deparemtnt can offer this course twice a year through the generosity of the First National Bank of Oak Lawn, and the instructors who give so freely of their time.

Students attend Pre-Legislative meeting

Several students and teachers from Harold L. Richards and Alan B. Shepard High Schools, Community High School District 218, November 17 attended the first Pre-Legislative meeting as part of the Southwest YMCA Youth and Government program.

The students from HLR in the legislative group are proposing a bill to prohibit the use of lie detector tests for employment.

The bill sponsor is John Klatt, a senior at HLR. The Senate sponsor is Julie Thomsen, an HLR senior, and the House sponsor is Kathy Thompson, a junior at HLR.

According to Mike Harkins, Area Chairperson for Social Studies in CHSD 218, if the bill survives the Pre-Legislative meeting in December, it is expected to be debated during the Youth and Government General Assembly in April in Springfield.

In addition to the legislative group, four seniors at HLR are part of the Judicial group. These students include Marlene O'Connor, Karry Carrillo, Kim Raschke and Joe Aiello. These students will be defending and prosecuting cases concerning child abuse and manslaughter.

Guy Zyla, an HLR senior, is part of the Youth and Government Press Corps. He will be responsible for writing and editing stories, interviewing legislators, video tape recording issue and answers programs with student state senators.

New Year Message from Mayor Ernie Kolb

"We enter the 1980's with a view toward being prepared to respond to the citizens needs for this decade," said Mayor Ernie Kolb in his State of the Village Message for the coming year.

"The liability that comes across to your elected officials is that need for maintaining the lowest possible cost in the provision of services.

"The burden now lies upon them to clearly outline their priorities in order that services rendered may be property balanced with the cost entailed. The alternatives may mean a very hard look at all the services rendered in order to be certain that they are necessary as well as cost effective. We shall be certain that you are informed of what our costs are and the services that these costs provide. If we reach the point where a service reduction is necessary, such actions will be taken following consultation with you the residents.

"Ours is a diversified village and this is the plain and simple reason for our success," Kolb said. "We do not have to depend on a major shopping center for Retail Sales Tax Revenue as it comes from the four corners and center of town and provides your government with invaluable assistance in keeping down tax costs for all property owners within the village. We appreciate the excellent merchandising done by our retail interests in providing this strong fiscal pillar. On our behalf, we pledge the maintenance of every proper service within the scope of this village to be certain that they can do business in an orderly, well-kept, properly maintained environment that is conducive to good business."

Speaking to the energy crisis Mayor Kolb said, "It is imperative on the part of our community to provide support for the mass transit system.

"Although a parking facility was promised in the fall of '79, we found that a $1 million grant application will be approved for the use of Federal Funds that will provide a far better parking lot on the Brandt Coalyard site than we had anticipated and at no cost to the village. The only provision was that the work did not start until the grant was approved in the spring. In cooperation with other government agencies, we anticipate a proper commuter train station to serve our residents. This should provide for not only mass transit needs but also allow for additional parking within the heart of Oak Lawn area for both business and residential interests.

Mayor Ernie Kolb

"The Motor Fuel Tax fund has been utilized historically by Oak Lawn to fund the Public Benefit Portion of major street, curb and gutter improvements. That fund has now been brought in balance due to prudent use of current funds which now include payments of both Principal and Interest."

Kolb went on to explain, "Previously, the interest on each installment was scheduled to be paid from the General Corporate Fund and, as we found, it was not, and we were faced with a staggering interest deficit.

"This new financing program will now keep us on a pay as you go plan, and also allow us to catch up and pay off our interest deficit that was allowed to build up over many years. The Board of Trustees is to be congratulated for reaching this position. Although the energy crisis may provide some loss of revenue for this fund, the municipality is still in a position to meet all its obligations. It is anticipated that we may also be able to provide contingency that will enable us to move forward with major improvements in the calendar year of 1981 thru the cooperation of the private property owners and the municipality.

"Industrial Revenue Bonds are a vehicle of financing that are available to the private entrepreneur with a passage of an enabling ordinance by the Village of Oak Lawn. Although these bonds do not serve as any liability against the full faith and credit of the village, they do present the businessman with an opportunity to finance his project at a lower interest rate. While being careful and prudent with whom the Board of Trustees will sponsor, it has been the practice of the board to pass the enabling ordinance for businesses that present good prospects of enhancing employment opportunities for the residents of the village.

"In 1980, it is anticipated that the First National Bank will have completed their building project via these bonds, as well as an Air Conditioning & Heating Distribution firm that will add to the employment market of this community," Kolb said. "Several other enterprising business people have business affairs that are being put together now that will also add to the ever growing sales tax of this community.

"As one looks down 95th Street you can see the large addition to the Illinois Bell Telephone, the expansion of the Oak Lawn Trust and Savings Bank, the Heritage Standard Bank on the Venture site, as well as a contemplated improvement of the Brandt business area which acknowledges the stability of our community.

"The provision of water is a keystone to the establishment of any community," said Kolb with pride in the ongoing efforts of the Board of Trustees. "In 1980, we anticipate we will complete a beneficial major improvement on our water system. With these improvements, we will continue to provide quality water to our own residents and have the ability to serve outside communities that are not as fortunate in having separate water systems established in each town."

Speaking on the schools Kolb said, "We are aware of the declining school population and its impact upon the community. We stand ready to cooperate with those districts in any way possible to lessen the severity of this changing experience.

"In particular, the board wants a close intergovernmental cooperation with other taxing bodies within the village limits. The school districts, library and park district all have shown a spirit of harmony and cooperation that speaks well for the best interest of this village. Your village government intends to seek out and support this kind of continuing cooperation for the benefit of all concerned.

"The village management and board of trustees enjoy a good relationship with the Oak Lawn Chamber of Commerce and work together for the betterment of the business community.

"On the personal level, the elected leaders express their views to all village employees that we intend to treat them fair and equitable," Kolb said. "Further, we know we must plan the needs of our employee groups with the needs of the taxpayers. While this is a difficult task, it will be approached with good faith on both sides. We appreciate the generous efforts made by employee groups in increasing productivity as well as maintaining their expressed concern about the load the taxpayers may bear. As elected officials, we will seek good balance between fairness to employees and fairness to taxpayers.

"We believe we have provided for the manpower necessary to provide the services required. The village cannot answer all the needs but it will make strong efforts to meet its reasonable share of responsibility in maintaining Oak Lawn as the very best town in which to live your [illegible]."

"Joy to the World" Christmas display

Students of the German class at Carl Sandburg High School, under the direction of Frau Schmid and Frau Toerge, produced the German motif ornaments for the "Joy to the World" Christmas tree display at the First National Bank of Evergreen Park, 3101 W 95th Street. Participating in the decoration of the tree at the bank were Sherry and Jodi Meyer, Jean Leturno, Laura Grunler, Candy Keller, Linda Anderson, Linda Hoffman and Steve Meysing. Every yuletide season, the bank's Public Relations Department encourages interested ethnic organizations to join this group as an expression of faith, hope, and love for all people. Also exhibited is an All-American tree in red, white, and blue; another is decorated with crocheted novelties created by ladies of the Evergreen Park Senior Craft Class, and also a Christmas tree representing Young America, featuring ceramic ornaments shaped by the tiny fingers of first and second grade students at the Scarlet Oak School of Oak Forest where Joyce Smith is the coordinator. The First National "Joy to the World" Christmas display will continue thru December 29.

Mrs Murphy goes to Washington

Joan P. Murphy, Clerk of Worth Township, was invited to meet with President Carter on Thursday, December 20. The mailgram she received read in part, "On behlaf of President Carter, I invite you to a meeting with the President and some of his senior advisors, covering both foreign and domestic affairs, on Thursday, December 20th".

Mrs Murphy stated when she called to confirm that she would attend and asked how she had been selected, she was informed that approximately one hundred prominent Illinoians had been invited to meet with the President to discuss the state of the nation.

"I am honored and delighted to have the opportunity to meet with the President and his advisors," Joan stated. "I never expected to receive such an invitation, but it is a fact of America's greatness that an ordinary citizen like myself has the opportunity to meet with the leader of our country. I shall give a full report of what was discussed when I return."

Financial aid offered to combat energy cost

The Illinois Dept of Commerce and Community Affairs has begun accepting applications to provide financial assistance to low-income families in an effort to help them meet the high costs of energy, according to Senator Frank M. Ozinga, R-Evergreen Park.

Families whose annual income is at or below the federal poverty level will be eligible for the energy subsidies, Ozinga said. A non-farm family of four with an income not exceeding $8375 is eligible for assistance. A farm family desirous of receiving financial help must not have income exceeding $7125.

"I have been told by the state Dept of Commerce and Community Affairs that the money will be made available on a first come - first served basis," Ozinga stated. "Therefore, persons wishing to participate in the program should apply for the home heating reimbursements immediately.

"Renters will qualify for the money the same as homeowners," Ozinga continued.

Trustee voices disappointment over board decision on Brown's

Both surprise and disappointment showed on Fred Brown's face as his request for a special use permit to build a Brown's Chicken at 6049 W 95th Street was turned down by a vote of 4 to 3 by the Board of Trustees.

Brown did not agree with Trustee Les Anderson who said the restaurant would make 95th look like "fast food heaven".

Brown, who said he lived in the area for 26 years and is now a disabled veteran, said that he wanted to live and do business in Oak Lawn.

Mayor Ernie Kolb, who cast the vote breaking the tie said, "That he would like to see something else go in that area. Other trustees said that it would increase traffic in the area.

In part of a statement to VILLAGE VIEW, Brown said, "We feel for the size of the piece of property we can utilize it best. No other business could give such a high service rate and employment rate for the size. Therefore the revenue to the town would also be very high for the amount of property.

"The resident's of the area did not object to the Brown's," he said. "Over 50 householders signed a petition. We take this to mean they do not think that the character of the area would change.

"The retired people like chicken and they cannot go very far for the service. Several retirees wished us Good Luck and said they were pleased with the idea."

Brown went on to say that he did not think this operation would create that much traffic. "It is not the type of restaurant where they eat the food in their cars," he said. "They just mostly pick it up and move on."

Trustee Ron Stancik, who along with Jay Bergamini and John Petrozza voted in favor of the Browns, said that the refusal to grant the permit was one of the most unfair things he'd seen since he was on the board.

"At a public hearing where residents expressed their concern over parking and drainage Brown's cooperated to the point of even building a fence for them.

"Over the past few years it seems to have become the practice of the village to deny first rate businesses that may need a slight variation," Stancik said.

"The end results are that something goes in that meets the code but not as good for the village. This action is breeding mediocrity in other parts of Oak Lawn," Stancik said.

Kolb answered that Oak Lawn is well-balanced but he believed "we are a little over developed in restaurants".

Voicing his disappointment over the Brown's denial, after the meeting, Stancik said, "The board has not heard the last of this yet".

County officials meet Russo

At a recent meeting of the Federal Election Commission in Washington, D.C., Stanley T. Kusper, Jr. (l) and Bart Burns (r) of 9119 S Mozart, Evergreen Park, met with Illinois 3rd District Congressman Marty Russo.

The meeting of the Federal Election Commission was attended by many election officials from all over the Untied States. Cook County Clerk Kusper delivered one of the main addresses at the commission meeting. Congressman Russo was one of the honored guests at the meetings.

Director of Elections for Cook County, Bart Burns, was commended for the superb job he has been doing with the new election machinery in Cook County. Burns is considered one of the most competent election officials in the United States today.

Lyons named member of stock council

Eugene W. Lyons, President of Evergreen Savings Assn, Evergreen Park, IL was elected a director for the Illinois Savings and Loan Stock Council at their annual meeting held recently. Lyons was welcomed as a director and his input will be most enlightening at future board meetings.

Evergreen Savings joined the Stock Council in 1978 and has been a strong supporter of the achievements of the Councils role in legislation action in Springfield.

Lyons stated: "It was a great distinction to be elected a director for the Stock Council. I will do my very best to advise the Council of any legislation benefitting all stock chartered Savings and Loans."

Stivers IAAI President

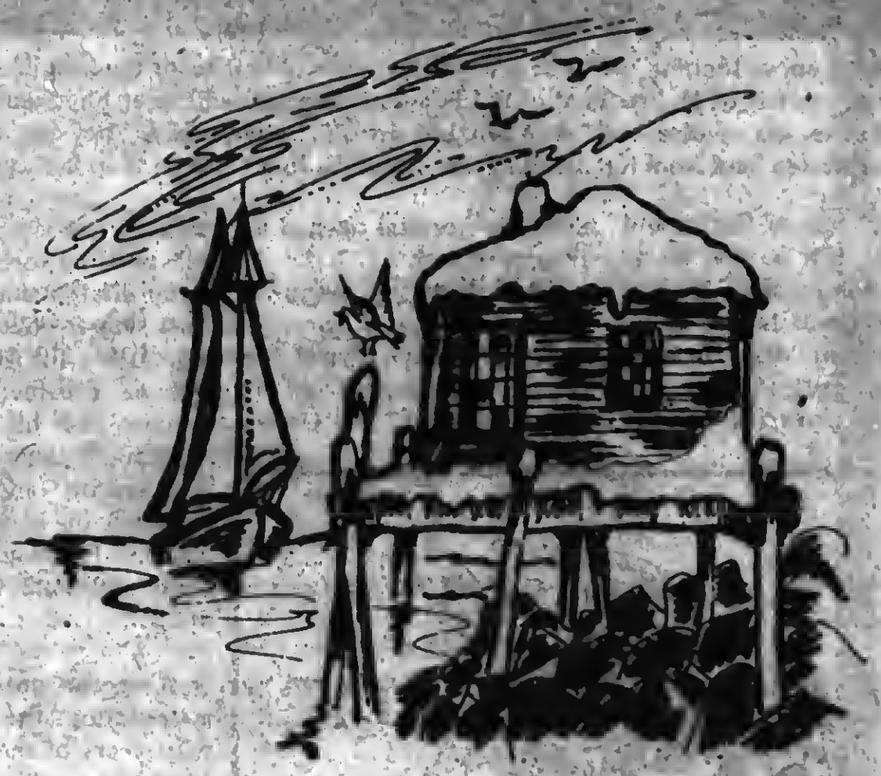
Norman B. Stivers

Norman B. Stivers was recently elected President of the Independent Accountants Assn of Illinois. Stivers succeeds David Gilbert of Lincolnwood, Illinois. Stivers has been an accountant for 20 years and is known to be one of the finest in the State of Illinois. He and his wife, Mary, are the parents of two grown daughters.

In a recent interview by the news media, Stivers had three suggestions for those who are shopping around for an accountant. No. 1 — Find out if the accountant is an enrolled agent, that is, whether or not he is recognized as an accountant by the United States Treasury Department. Only enrolled agents can represent taxpayers before the I.R.S. No. 2 — Find out the fees in advance or get an estimate. No. 3 — Determine whether or not the accountant really has enough time to do the job he is being hired to do.

The newly elected President of the I.A.A.I. said the federal government no longer consists of just three branches of government, as traditionally taught by civics teachers in the public schools. The nations forefathers established the executive, legislative and jusicial branches. Now there's the fourth, Stivers says, "The Regulatory Branch".

The Independent Accountants Assn of Illinois is affiliated with the National Society of Public Accountants.



Huskey named to Midway Airport Commission

State Representative Herb Huskey (R-8) has been named to the General Assembly's new Commission on the Revitalization of Midway Airport. His appointment was announced recently by House Minority Leader George H. Ryan (R-Kankakee).

"During the past 18 years, Midway has gradually deteriorated from the world's busiest airport to a vast wasteland," Huskey said, "and the tremendous economic potential of our southwest area has been seriously hampered by this lack of airline transportation.

Three firsts still on LCM staff

Pictured above looking over a scrapbook from the early days of the hospital is Sister M. Terrence Landini, LCM, President of the Board of Directors and three physicians who were appointed to the medical staff in 1930 and are still active today. They are, Dr. Roy M. Langdon, seated, and from left standing, Dr. Ralph E. Jones and Dr. Lep P. Sweeney.

"50 Years of Caring and Sharing" will be the theme for a community celebration that will honor Little Company of Mary Hospital on Saturday, January 19, 1980, fifty years to the day after the hospital opened in Evergreen Park.

This event will begin at 5:30 pm with a concelebrated Mass a St Bernadette Church with John Cardinal Cody presiding. The Grand Ballroom at the Martinique will then be the scene of a social affair starting at 7 pm with dinner following at 8 pm. Music for the evening will be provided by Rich Daniels and his Big Band Machine. Tickets are $12.50 per person and can be obtained by contacting the Public Relations Department at 422-6200, ext 5045.

A special program commemorating the hospital's fifty years of service to the community will be presented by Dr William J. Farrell at the dinner party. One of the many highlights of the evening will be the presen presentation of Douglas Kier, the first baby delivered at Little Company of Mary, five days after the hospital opened.

New social worker for Park Lawn

It was only recently that the members of the Park Lawn Association and staff welcomed Mrs Joan Vida to the faculty as the new social worker.

Mrs Vida, her husband and seven children, have been residents of Oak Lawn for the past sixteen years. She received her Bachelor's degree from St Xavier College and her Master's Degree in Social Work from Loyola U of Chicago.

Having completed her education in seven years, Joan credits her husband, a mechanic employed by the Village of Oak Lawn, for his helping her to achieve her degree. "Without his assistance it would have been almost impossible," she stated.

Besides her background in various in-service training programs, Joan's most recent experience in social work was with the Oncology Department of Little Company of Mary Hospital in Evergreen Park.

Outside of her involvement at Park Lawn and with her family, Mrs Vida enjoys the study of interior design, sewing, gardening and cooking.

Mrs Vida is already proving to be an asset to the organization which is located at 10833 S LaPorte in Oak Lawn and serves the mentally retarded in the Chicago and southwest suburban areas.

The critical difference - Medic Alert

Johnson-Phelps auxiliary to post 5220 Veterans of Foreign Wars have sponsored for a second year a very important safety project Medic Alert. Despite its success last year we must not consider everyone with hidden medical problems is covered in our community. On Tuesday, January 15 at 9 pm after the regular auxiliary business meeting held at 9514 S 52nd Avenue the guest speaker will be Addy Weinstein, Chicago Regional Director of Medic Alert International Foundation.

She will answer any and all questions. The film that evening is open for public viewing after 9 pm. Bernadette Kurtz is auxiliary chairman of Medic Alert. The President of Johnson-Phelps is Betty Feltes and post commander is Orville Roeder. They would like as many people as possible men and women alike. Members of all clubs and non-club members are invited.

When a victim is unable to communicate, emergency medical identification may mean the difference between life and death, an accurate or inaccurate diagnosis, increased or reduced suffering and the wasting or saving of time for emergency personnel.

The film helps to create awareness of the need for those with hidden medical problems such as diabetes, acute allergies, cardiac and respiratory conditions, etc, to protect themselves by wearing the Medic Alert tag. Scenes showing the Medic Alert system in use provides the viewer with an understanding of this service, coffee and cake will be served.

Sertoma offers new program for adult stutterers

The Sertoma Center for Communicative Disorders in Palos Heights is offering a unique therapy program for adult stutterers. The Adult Stuttering Program is held two evenings a week. It consists of two one-hour sessions of individual therapy and one hour of group discussion.

In the individual sessions, the client learns the mechanics of his or her own speech pattern, for all stutterers do not stutter in the same way. Next, the client learns to analyze and modify his or her speech pattern through a controlled series of steps. The final stage in therapy is developing a new easy and relaxed manner of speaking and habituating its use in every day situations.

The group discussions serve several purposes. First, they provide a place to practice the skills learned in the individual sessions. Second, information is given to the members on the various theories of stuttering. Third, the individuals share their past experiences, reactions to their stuttering and their experiences while in therapy. Last, and the most important of all, the members form a close bond that provides them with much needed support for the duration of the therapy program.

Other aspects of this program include family involvement in home assignments and occasionally in group discussions. The members of this years program have found it to be quite beneficial. All services are available to persons regardless of race, creed, sex, age, handicap, national origin or ability to pay. Clients with limited financial means may be eligible for reduced fees. For further information regarding the second Adult Stuttering Program beginning March 1, 1980, please call the Sertoma Center at 361-2121.

PEACE

Candles in the window and happiness in your heart . . . may they each glow steadily . . . today and in the days to come.

New Year's Eve Italian Style at Nancy's Restaurant

Why not be different this New Year's Eve — go Italian!

Nancy's Restaurant, 4700 W 103rd Street, is offering a combination that you can't resist.

For your pleasure Dave Howey has brought you the well known and delightful "Fantastics". Entertainment will run all night from 9 to 1:30 am.

Nancy's, best known for the fabulous deep dish pizza, has imparted selective food from parts of Italy to tempt your taste buds. These, and many other of their own favorite specialties will be served buffet style and best of all "eat your heart out" and an "open bar".

To top that off for the sweets lovers there is going to be a giant Italian dessert bar. If you haven't eaten Italian goodies you haven't really lived.

To help ring in a "Happy New Year", Nancy's is having a fun raffle. Not just one (1), but six (6) Las Vegas vacations will be raffled off thru the evening.

The cost for this delightful evening is just $25.00 per person and $45 per couple. Call 857-8550 for reservations — do it now!

As an added note — if you haven't been to Nancy's before you probably don't know that although their deep dish and thin pizza is probably the best in town, the restaurant offers a full menu of many entrees. Steaks, fowl and their fish dishes are excellent. Other pasta dishes are also served.

New Year's Eve or any "eve" stop in at Nancy's — you will be glad you did and so will Dave Howey, the young restaurateur.

"The Foggy River Boys" make return engagement

America's most versatile entertainers, "The Foggy River Boys," those heart-warming masters of music, are heading north again by popular demand.

Queen of Martyrs Senior Citizens have arranged a scintillating return engagement for April 9, 1980, 2 pm and 7:30 pm performances at Mother McAuley Auditorium, 3737 W 99th.

The Foggy River Boys review is A-1 family entertainment. When the boys belt out "I Believe in Music" you know they do! And their super renditions of Gospel, patriotic or barbershop tunes (to name a few), lets the audience know they believe in God and country too!

Price of individual tickets is $5 or you can arrange for a group of 30 or more at a special club incentive rate. Students and children are $3.50.

Remember, reservations must be in by February 15, 1980. For tickets in info call 423-0853 or 422-8053.

The Orient View for a special treat

The ORIENT VIEW, 5617 W 87th Street, would like you to know they will be open New Year's Eve but closed New Year's Day.

This lovely restaurant, on the outskirts of Oak Lawn, has much to offer in both Cantonese and American food.

The menu consists of a large variety from various styles of fried rice to Chow Mein Cantonese Style.

They offer sea foods of shrimp and lobster, poultry and pork. Especially good is the sweet and sour dishes.

Orient View is a nice stop for women's lunches. They serve nice frosty cocktails and you can order for two, three or four and enjoy all the tastes!

A carry out service is available if you are in a rush during the holidays. Just call 424-6225 and your order will be ready when you arrive.

Paperworks

PAPERWORKS, an exhibition by 24 artists at Illinois U at Chicago Circle (UICC), opens in the A. Montgomery Ward Gallery of Chicago Circle Center, 750 S. Halsted Street, on Wednesday, January 2 and continues thru January 18. It also will be displayed in the Library of the Health Sciences, Illinois U at the Medical Center, 1750 W Polk Street, from January 25 to February 15.

According to Ann Goodfellow, curator of the Arts Study Collections Program of the two Illinois U campuses in Chicago, the exhibit represents a challenge to the conventional idea that works on paper must be two-dimensional.

"All of the exhibitors are papermakers and, in this growing movement, the artist's role begins with the creation of the material," Goodfellow explains. This will be the largest show of its kind presented in Chicago and will include such nationally known artists as Bill Weege, Rafael Ferrer, Sam Gilliam and Alan Shields, among others.

SOCIAL SCENE

Noted economist addresses community leaders

The First National Bank of Evergreen Park recently hosted several hundred business and community leaders at the Holiday Inn of Oak Lawn to hear Dr Herbert Neil, noted economist, speak on the subject of "1980 Inflation, Recession and Politics".

The seminar luncheon was MC'd by Dr Robert C. Wall, Executive Vice President of First National. Closing remarks were made by Martin Ozinga Jr., president of the bank followed by the presentation of a First National souvenir memento to Dr Neil. Seminar is one of many services which the First National Bank of Evergreen Park provides for the best interests of its community.

Sharrett Brothers at Maranatha Chapel

Pastor R. Steven Warner of Maranatha Chapel, 9755 S Pulaski, has announced that the Sharrett Brothers will be ministering in music at Maranatha's Watchnight Service on December 31, 8 pm thru midnight.

Fred and Ed Sharett are twins; Bob is two years younger. Together the brothers form a trio that brings a new sound to the Gospel scene. Not since the Lettermen and the Beachboys has there been such a "pleasure to the ears" harmony. Yet the Sharrett Brothers' spirit-filled music is pure praise for the Lord.

Though the Sharrett Brothers are still fairly new to nationwide concerts, their booking dates are filled well in advance. They are frequent guests on PTL, a nationally syndicated TV show, and make regular appearances at the Joyful Noise in Atlanta, Georgia.

Pastor Warner, says that this New Years Eve Service promises to be not only a time of fellowship, but inspirational as well. The public is invited to attend. For further information call 422-4340.

Holiday Inn Oak Lawn for the "Holiday" spirit

If you haven't been to the KNIGHTS ARMS RESTAURANT lately in the Oak Lawn Holiday Inn you had better catch it during the Christmas Season. Always a lovely dining room it is now all a-glitter with festoons of gold tinsel and a beautiful tree surrounded by live plants.

Innkeeper Joe English is often hailed as one of the finest Holiday Inn managers in the midwest. He is always on hand carefully surveying the operation and is well aware of people's comforts.

Mr English has brought the lovely voice of Geraldine McMahon, who accompanies herself on the harp, for your evening dining pleasure from Wednesday thru Sunday nights. Miss McMahon, who is from Bunratty Castle, County Clare, Ireland, will be leaving shortly so you must drop in soon.

Art Alaniz

Art Alaniz, Director of Marketing, seems to have success at everything he touches. Among his many responsibilities is the choice of food on the menu at the Holiday Inn.

The Knights Arms is open to the public seven days a week, Monday thru Saturday for lunch and dinner, and on Sunday they feature an early buffet and dinner later in the day.

The Knights Arms luncheon menu always features the "Chef's" special of the day, such as home-made French onion soup, cream of asparagus, cheese croutons. Then try pot roast of beef, deep fried mini-cod, creamy whipped potatoes, buttered vegetables, and rolls and butter.

There are fresh crisp salads like the "Hollywood and Vine" and the "Aristocrat" or the "Cold Specials" — California fruit plate, shrimp plate, for the weight watchers.

The Knights Arms features the famous reuben, delmonico steak, turkey divan, beefburger, Sir George, and the Monte Cristo to mention a few.

For the larger appetite there's the Flambeau dishes, Calf's liver saute, chopped sirloin of steak, golden brown scallops, tender butt steak, and French fried shrimp, all served with soup, salad, potato and rolls.

The "Ships Galley Special" (Monday thru Friday only) includes cup of soup, hot sliced sirloin of beef on onion roll or hot sliced ham or turkey on onion roll, potato chips, cole slaw and your favorite cocktail all for one price.

Stop by during the Holidays, Joe English, Art Alaniz and Ed Stack will be happy you did!

Hannum School of District 123 wishes "Godspeed to Hostages"

The children at the Hannum School, 98th and Tripp, Oak Lawn, of District 123, with all their children's hearts and enthusiasm wished to share some of their joy and love at Christmas with their fellow American hostages so far away from home and in a land where their very lives are in danger.

Each child at the school designed his own personal Christmas card with lots of care and love. Individual sentiments were written by each child. They noted that they were happy to participate in a worthwhile project which promotes the Christmas spirit and at the same time instills a sense of pride of country and patriotism in our younger generation.

Huskey seeking unclaimed assets owners

State Rep Herb Huskey is looking for more than 100 Eighth District residents who may have unclaimed monetary assets at the Illinois Department of Financial Institutions.

"Everyone doing business in Illinois must notify the department when property has been unclaimed for seven years if all attempts to reach the owner have been unsuccessful," Huskey explained.

"Neither I nor the department knows how much, or what kind of, property is involved," he emphasized. "We're only trying to put the owners in direct contact with the firm or institution holding the property."

According to Huksey, this property consists of abandoned paychecks; cash; dividends; accounts receivable; checking and savings account surpluses, and other monetary personal property valued at $100 or more. If not claimed by March 14, 1980 the department will receive this property and deposit it in the state pension fund until claimed by the rightful owners.

"It's a great deal easier for people to get their money from a local firm or institution that it will be to claim it after the state has taken custody," Huskey said.

Anyone on the abandoned property list, Huskey says, should write directly to the Illinois Department of Financial Institutions, Unclaimed Property Division, 421 East Capitol, Room 205, Springfield, IL 62706. All correspondence should include a name, address and county of current residence.

Area Eighth District residents included on the abandoned property list are:

Evergreen Park: Beatrice Ahren; Richard G. and Lucy Anderson; Russell N. Bean; Patricia Biondo; James, Jr. and Ruth Dox; Helen A. Gargola; Hugh and Rose Gallagher; Samuel and Margaret Jacobson; Elizabeth G. MaClean; Gladys Ristau; Mary G. Scarborough; Raymond W. Starmann, and Dorothy and William Smith.

Hometown: Marion Carlson; Bonnie and Michael Shahahan; and Anna M., Norman E. and Steve V. Simek.

Oak Lawn: John G. Anagnos; N. A. Biersmith; Elizabeth Burgres; Evelyn Czarnecki; Edward Donovan; Joan O. Goldstein; T. Haggerty; Julie A. WILL BURYING NUCLEAR WASTE BURY US ALL?

It's enough to strike fear in anyone's heart.

Nuclear waste, by-product of every reactor in the world, radioactive for tens of thousands of years, lying there like some malevolent genie in a bottle waiting to be let loose.

That's what the future of commercial nuclear power hinges on. What do we do with the waste? Where on earth is it safe? Can burying it really keep it from coming back to kill us?

No matter what you've heard, there are answers. Solutions exist. Now.

One is reprocessing. Dissolving spent fuel rods in a strong acid, then separating out the plutonium and leftover uranium for reuse. It leaves just four percent of the total to bury. And in six hundred years, that four percent won't contain any more radioactivity than all the uranium ore mined to make the fuel in the first place.

Now, if six hundred years still sounds like an eternity, consider the process called vitrification. In plain English, that means immobilizing the waste. Actually turning it into a piece of solid glass. Inert, chemically stable glass, enclosed in a steel jacket an inch thick and buried.

Really buried. A good two thousand feet down in a bone-dry salt bed or granite formation whose very existence means it hasn't been disturbed by groundwater or an earthquake in at least ten million years. And in all probability, won't be for millions more.

But what if? If there were a quake. If the shifting earth drowned the site in a river of water. If the steel jacket ripped apart. If the glass inside were exposed to the current for ages to come. If somehow, in some inexplicable way, though glass is highly insoluble in water, it still managed to dissolve. And the water, though separated from the surface by two thousand feet of rock and soil, still managed to find a way up.

If all that happened, against all odds, the very volume of water would dilute the dissolved waste even further. And the slow flow (groundwater travels less than a hundred yards a year) would give the radioactivity remaining more than enough time to decay to about the same level as the background radiation we're exposed to all the time.

None of that is a pipedream. It's fact. Documented fact. Spelled out again and again in countless government reports and independent studies. Proven again and again in exhaustive tests and pilot projects (in England, France, Germany, Sweden and Canada, as well as Kansas, Nevada and Washington State). And almost universally accepted by the scientific and technical community world-wide.

What's more, there are literally thousands of square miles of salt beds and granite formations under America, and only a few square miles could easily hold every ounce of high-level waste generated by all our nuclear power plants put together. Not to mention the eighty million gallons stored up in the thirty-five years our country has been making atomic weapons.

The only problem we haven't solved yet is how to get the show on the road.

We can't reprocess because the government won't okay it. Despite the knowledge that every pound of plutonium we salvage not only leaves one less to bury, but also can produce as much energy as seven hundred fifty tons of coal or one hundred thirty thousand gallons of oil.

And we can't bury what we've already got, even though doing it safely doesn't depend on reprocessing, because Congress gave the government a monopoly on permanent storage back in 1970. And despite the weight of affirmative evidence, it hasn't acted yet.

The problem is, if all seventy-two nuclear power plants in the United States vanished tomorrow, nuclear waste wouldn't. There's still a lot sitting around, and less than one percent of it is from power plants. Remember, years of nuclear weapons production have amassed eighty million gallons, and there's more coming.

Isn't it time we laid the problem to rest?

Speech team wins top honors

The Speech Team from Harold L. Richards High School, Community High School District 218, has won top honors in two recent tournaments.

In the most recent, the team placed eighth out of 32 schools. Individual winners were: Mike Mulcroney, of Oak Lawn, who won a first in Humorous Interpretation; Holly Maiter, of Chicago Ridge, who won second place in Radio Speaking; Lisa Mayer, of Oak Lawn, who was a finalist in Prose Reading; and Jane Flynn and Cathy Baltzer, both of Oak Lawn, who were finalists in Verse Reading.

In its first tournament, the team won tenth place out of 43 schools. Mike Mulconrey also placed first in Humorous Interpretation at that tournament.

HLR chooses Century III winner and runner up

Harold L. Richards High School Acitvity Director Robert Guenzler congratulates Robert Bergquist (r) and John Klatt on being chosen winner of the Century III Leaders Competition, and runner up, respectively. The students were judged on the basis of their leadership abilities, community involvement and score on a current events examination. To compete at the state level, Bergquist must write a brief projection outlining what is one of America's future challenges and how it should be met.

OLCHS National Honor Society inducts new members

The Oak Lawn High School Spartan Chapter of the National Honor Society recently held the formal induction of new members for the 1979-80 school year. Seventeen seniors and 47 juniors took the oath of membership bringing the total membership of the organization to 91.

William Hill, faculty sponsor, welcomed the students, parents and guests and explained the purpose of the National Honor Society. Guest speaker Superintendent Hal Wiltshire challenged the inductees to use their talents wisely and effectively in "their" lives.

Current officers of the National Honor Society are: Douglas Schmidt, president; Phillip Yontez, vice president; Nadia Bedwan, secretary and Denise Rynkar, treasurer.

Each of the officers participated in the induction ceremony by explaining the NHS Cardinal Principles and lighting the symbolic candles. Four large candles were lit to symbolize the criteria for membership in the society — Leadership, Scholarship, Service and Character.

The following members were inducted into the Spartan Chapter: Seniors — Daniel Charleston, Cathy Fadden, Tina Haisma, William Henry, David Kilgore, Susan Leach, Jeff Lehmann, Laurie Petricia, Anderea Reed, Leonetta Rizzi, Bill Tasker, Brian Smith, David Szum, Karen Vinci, Robert Wagner, Sheri Wantiez and James Xeros.

Juniors — Cathy Alexander, Mary Bachelder, Lynette Belin, Mary-Kay Bourbulas, Patrick Bowden, Margaret Brooks, Marjorie Burns, Michael Burns, Judity Carlo, Robert Chapelle, Deena Coakley, Tammy Carstens, Mary Divencenzo, Lynette Dunn, Christine Fenton, Jan Genis, Larry Hinz, William Hogan, Susan Jaksich, Joy Kakta, Peter Kollpoplas, Keith Krout, James LaGiglia, Mary Murray, Caryn Meyer, Cynthia Niziolek, Michael Novak, Wendy O'Brenski, Lisa Parson, Jean Paterson, Jerome Pender, Karen Peterson, Judy Porembski, Joann Preto, Mari Schmitz, Kristie Schryver, Carolyn Sexton, Penny Sierros, John Smarz, Robert Springer, Debbie Swan, Michelle Szum, Linda Wahlfeldt, Carol Wendling, Kathleen Woods, Sherry Wortel and Gerald Whiteford.

Each member received a framed membership certificate. Hill presented the seniors with the NHS pin. Each of the officers also received a special pin honoring their service and leadership during the year.

Carry over members of last year's NHS Chapter include: Nadia Bedwan, Ellen Cizek, Chris Cubr, Elizabeth Dorgan, Deborah Dougherty, Elizabeth Drogos, Michael Flis, Leslie Heidenreich, Barbara Hornick, Lisa Maracich, Robin McCourt, Kristi Meadows, Randall Moline, Christine Morrell, Jane Pajor, Denise Rynkar, Judith Schieve, Douglas Schmidt, Michael Sears, Laura Shambo, Patrick Slovik, Charles Suchy, Barbara Sullivan, Eva Wang, Janet Warpinski, Phillip Yontez and Joan Rainsford.

Entertainment was provided by Larry Hinz - violin solo; Kristi Meadows - piano solo; Jim Xeros and Brian Smith - skit; and Sheri Wantiez and Nadia Bedwan - pantomime.

A reception was held for National Honor Society members, parents and friends following the ceremony.

Richards students partake in mock trial

Students in the Youth & Government program and the Government classes at Harold L. Richards High School, Community High School District 218, recently had an opportunity to learn first-hand about the law and the judicial system.

A guest speaker for the class, Charles Duesing, Student Activities Director at Alan B. Shepard High School, discussed the differences between voluntary and involuntary manslaughter, murder and finidng probably cause.

Duesing is currently a part-time police officer in the village of Merrionette Park.

The students also had an opportunity to partake in a mock-trial of an alledged murder. Those students who acted as the prosecutors received some assistance from CHSD 218 Attorney Robert Pearson, who was on hand to talk to the students about the legal procedures involved in a trial.

Linda Johnson and Chuck Shelton, government teachers at HLR, team taught the program, along with Mike Harkins, Area Chairperson for Social Studies.

OLCHS Courtyard receives Service Citation

Oak Lawn Community High School's Horticultural Courtyard has received a "Distinguished Service Citation" from the Keep America Beautiful, Inc., New York. The beautification of the courtyard was a project of the school's Ecology Club. The Class of 1978 donated money for the project as part of their class gift to the school. The high school category is one of 16 categories in which the foundation makes awards.

The award is one of six made to high school groups across the country, and the only one made to a high school in Illinois.

Science teachers and Ecology Club sponsors John Brodemus and John Thompson and students Nancy Dunning and Patrick Slovick will travel to New York's Biltmore Hotel on December 6, 1979, to receive the award at the National Awards Luncheon.

The Ecology Club worked over a two year period planting flowers and shrubs and landscaping the inner courtyard of the school. They will continue to plant and tend flowers and shrubs to keep the courtyard beautiful during the various seasons. Plans are for students to use the courtyard during their free time.

Teachers Brodemus and Thompson operate on the philosophy of "getting students involved with their environment first hand". The courtyard is a good example of this kind of involvement.

Upon entering the Courtyard, visitors come upon a placque which states "Horticultural Courtyard A Living Gift Presented by the Class of 1978 and the Ecology Club".

The living gift of beauty will be enjoyed by many students now and in the years to come.

Students receive awards at conference

Students of the Advanced Journalism class at Oak Lawn High School recently attended two conferences on journalism and received individual awards for quality writing.

The first conference was sponsored by the National Journalism Education Assn. and was held in Milwaukee, Wisconsin on the weekend of October 26. Students attended sessions on sports, features, news and other writing topics. Awards for the write-off contest were received by: Laura Galzin, third place in advertising, Carolynn Dwan, honorable mention in newswriting, and Joe Sapulich, honorable mention in editorial cartoons.

The students also attended the SICA Conference Workshop held at Kankakee Community College on November 27. Students went to sessions dealing with topics of photography, interviewing, sports, layout and others. Brian Smith received a second place award in the headline writing contest which was held that day.

Each of the 22 schools that attended the conference was allowed to enter one student per topic for the ten mail-in writing contests. The materials for the contest were articles, ads, pictures, etc. that were published in the 1979-80 school year before the workshop.

Five OLCHS students received awards. Joe Vajarsky, 1st place in graphics; Bill Henry, 2nd place in advertising; Margie Berkery, 3rd place in feature writing; Carolynn Dwan, 3rd place in in-depth news writing; and Chris Morong, 3rd place in sports feature writing.

The students in Advanced Journalism class publish the school newspaper — Spartanite. The class is taught by Ray Elliott.

"Out to Win as the 80's Begin"

Finalizing plans for the Chamber of Commerce gala affair are (l to r) Art Alaniz (Director Marketing and P.R. Holiday Inn - Oak Lawn); Milt Andersen (Oak Lawn Camera Shop), Banquet Chairman; Barbara Kozlarek (Kozlarek Realty World), President-elect, Chamber of Commerce; Joseph English (Innkeeper - Holiday Inn - Oak Lawn); Joseph Ficaro, Jr., (Executive Director, Chamber of Commerce).

The 33rd Annual Installation Banquet of the Oak Lawn Chamber of Commerce will be held Saturday, January 26 at the Oak Lawn Holiday Inn, Lord Nelson Room. Cocktails 6:30 pm and dinner at 7:30 pm. A choice steak dinner with all the deluxe trimmings will be served. The Tempos will provide the musical entertainment.

The Chamber's theme for 1980 "OUT TO WIN AS THE 80's BEGIN" indicates the Chamber's intentions of resolving some problem situations in the year ahead with their Executive Officers out front: Barbara Kozlarek, (Kozlarek Realty World), President; Sal Crivellone, (Suburban News Marketer), 1st Vice President; Gene Swanson (Mal's Mens Shop) 2nd Vice President; Dave Sheppard (Heritage Bank of Oak Lawn), Treasurer; Vina O'Malley, (Village View) Secretary; and Linda Kotsovos, (Concordia Federal Savings and Loan) Recording Secretary.

Anyone interested in Oak Lawn's business community is invited to attend this occasion starting out the new year. Call the Chamber Office, 424-8300, for information.

Heritage Standard Bank sees building completion in early spring 1980

Construction is quickly progressing at the site of Heritage Standard Bank's new facility on the southwest corner of 95th and Pulaski, Oak Lawn. With exterior work near completion and the building under roof, interior work is scheduled to begin shortly. Customers can look forward to banking at this new location by early spring, 1980, in addition to Heritage Standard Bank's present office at 2400 W 95th Street, Evergreen Park.

The new facility will feature a lobby with five teller stations, the full complement of new accounts and customer service representatives, and a customer waiting area. Six drive-in lanes, a walk-up window, and ample parking facilities are some of the other conveniences of the location. New customers, in addition to existing customers of the bank, will be welcomed to the second office to open accounts, cash checks, and make deposits, as well as to inquire of the many professional services offered at Heritage Standard Bank.

Shown in the photo at the site of their new facility under construction at 4001 W 95th Street, Oak Lawn, are Alfred J. O'Malley, (left) chairman of the board and chief executive officer, and Robert E. Kennedy, (right) president, of Heritage Standard Bank, 2400 W 95th Street, Evergreen Park.

The building under construction is within the two-mile limit required by Illinois banking law, which states that a bank may maintain one facility within 1500 feet and one facility within two miles.

Tax relief claim forms offered at Ozinga office

Senator Frank M. Ozinga announced recently that senior citizens and disabled persons can pick up their 1979 State Tax Relief Claim form at his office at 3101 W 95th Street, Evergreen Park.

Illinois residents who are 65 or over with an annual household income under $10,000, and disabled persons, are eligible to receive up to $650 as a cash rebate for property taxes, plus another $50 to $100 for additional taxes paid.

The property tax rebate would be for relief of 1978 taxes paid in 1979 and must be filed in 1980. The property tax rebate would be the amount of property taxes paid that exceeds 4% of household income. However, this grant cannot exceed $650, minus 5% of household income. The second grant is figured strictly on an income basis and ranges from $50 to $100.

Senator Ozinga said that renters, as well as homeowners, are entitled to rebates, along with those who live in mobile homes or nursing homes. Thirty per cent of a persons annual rent is considered property tax under the circuit breaker program.

"This is a very meaningful tax relief program for senior citizens and the disabled," said Senator Ozinga, "and I want to make certain that all eligible persons apply for their rebates."

The form for such grants entitled, "IL-1363 Circuit Breaker" is very easy to fill out and only the one form, available in Senator Ozinga's district office, is needed for both grants.

"Those of us in the General Assembly wanted to reduce the tax burden for senior and disabled citizens who generally have fixed income," said Senator Ozinga, "and I think we are doing that with the circuit breaker program. I urge all qualified residents to fill out their state tax relief claim so they can get their tax rebates."

Huskey earns ICCTA grade

State Rep Herb Huskey has received the highest grade of all Eighth District representatives from the Illinois Community College Trustees Assn (ICCTA).

This rating, Huskey says, is based on 16 roll call votes in the Illinois House during the 1979 legislative session which the association considered important to the welfare of public colleges. These areas included teacher tenure, remedial programs, campus traffic fines, budget appropriations, rates for paying state grants, leaves of absence and collective bargaining.

Other subjects considered were employee contributions to the retirement system, membership on the Illinois Community College Board, construction and tuition equalization grants for private schools, defective building construction, student chargeback claims, state bonding authority and permanent capital improvements.

The ICCTA gave Huskey a 68% rating of support.

Wholistic Health Center sponsors Mid-Winter Hopefest

The newly opened Wholistic Health Center of Oak Lawn will be sponsoring a Mid-Winter Hopefest January 15 thru February 19 for individuals and families to help them cope with post-holiday "blahs" and winter depression and support the Center's dedication to the concept of "wellness".

There will be six different activities in the Hopefest, five of which will be classes held from 7:30 to 9:30 pm. The first class, on January 15, is entitled "Stress and Post Holiday Survival"; on January 22, "Sharpen Your Communications Skills"; on February 5, "Health Living-Healthy Diet"; on February 12, "Aerobic Dancing for Everyone"; and on February 19, "Faith and Hope - Essential for Life". All classes will be held at the Wholistic Health Center which is located within the Pilgrim Faith Church, 9411 S 51st Avenue, Oak Lawn.

The sixth activity in the series is an afternoon of tobogganing at Swallow Cliff in Palos Park. Tobogganers will leave the Wholistic Health Center at 2 pm and return there at 5 pm for hot chocolate.

Classes are $5 apiece. There will be a special fee of $20 (plus tobogganing costs) for persons who wish to enroll in the entire HopeFest and $35 (plus tobogganing costs) for families.

Individuals and families interested in enrolling in the Mid-Winter Hopefest must call 423-8905 to make a reservation because spaces are limited. The activity series is open to the general public and not just to Wholistic Health Center patients.

Babysitting will be provided by the church for infants through children ten years old at $1 per family.

The Wholistic Health Center of Oak Lawn is co-sponsored by Christ Hospital, the Pilgrim Faith United Church of Christ and Wholistic Health Centers, Inc.

Shop N Share for Park District

Pictured above are Jewel's 103rd and Cicero Manager Don O'Heir shaking hands with Park Commissioner Patrick J. Sullivan, and Jewel's Grand Bazaar Manager John Hurd shaking hands with Park Board President Marjorie Ann Joy as they along with Park Director Martin Larson, Jr., and his secretary Ann Weiser, view one of the sites to be included in this Beautification Program.

The Oak Lawn Park District Board of Commissioners is pleased to announce their participation in Jewel Food Stores SHOP N SHARE promotion. When you shop at your neighborhood Jewel on January 14, 15 and 16 and use the Shop N Share coupon, your Park District will receive 5% of the total sales.

The Board of Commissioners is earmarking the funds realized from this promotion to plant trees, flowers, bushes and shrubs thruout the 23 parks within the district as part of their ongoing Beautification Program.

Not only are beautiful parks pleasing to the aesthetic senses, but they are also instrumental in maintaining the high realty value of the surrounding properties.

This is your opportunity to put your food dollars to good use. Simply clip out the coupons found in your Park District Winter Program Brochure, or pick up some coupons at the Park District Office, 9400 S Kenton, and shop at your Jewel Food Stores on the designated days. Support your Park District!

Dist 126 "Lincoln Quiz 1980"

To commemorate the 171st anniversary of the birth of Abraham Lincoln, School District 126 is offering to students in grades 5-8, the opportunity to participate in the "Lincoln Quiz — 1980". The 100 written question test will be given January 24th to all District 126 students who choose to take the test. Three plaques will be awarded to the top 3 finalists, with honorable mention ribbons to the top 3 at each grade level.

The Lincoln Quiz will cover all facts of Lincoln's life. Author of the quiz is Dr William D. Smith, Superintendent of District 126.

The plaques and ribbons to winners will be awarded at both the February 18 PTA Meeting, 8 pm at Oak View School, 4625 W 110th Street, Oak Lawn and at the February 20 Board Meeting at 7:30 pm at the Administrative Center, 5201 W 115th Street, Worth.

Air Force wants grads for engineering program

Captian James Keen, Officer Procurement Manager, stated, "The Air Force will send some college graduates selected for Officer Training School (OTS) back to college to earn master's degrees in certain engineer discipline.

The plan calls for 25-50 engineers with baccalaureate degrees to attend the Air Force Institute of Technology (AFIT), Wright Patterson AFB, Ohio, after they successfully complete the 12 week OTS at Lackland AFB, Texas.

Cost of the program per student, about $62,000, will be totally absorbed by the Air Force. That figure includes all tuition and related fees, salary and allowances. When AFIT class starting dates don't coincide with OTS graduation, selectees will be assigned as second lieutenants with full salary and entitlements to an Air Force Systems Command Laboratory at Wright-Patterson AFB until the next class begins.

To be eligible for consideration for the AFIT master's degree program, applicants must either possess a baccalaureate degree or be within 12 months of obtaining such a degree, in one of these disciplines: aeronautical, aerospace, astronautical, chemical, electrical, mechanical, nuclear, or systems engineering, engineering mechanics or engineering science.

Additional information about the program and other opportunities for men and women entering the Air Force is available by contacting Captain Keen at 312-824-7444 or your local Air Force representative, whose number is listed in the white pages under "U.S. Government".

Unclaimed checks waiting for claimants

Undelivered Federal tax refund checks totaling over $1 million for 2,870 Northern Illinois taxpayers are waiting to be claimed, the Internal Revenue Service said.

Many of these checks remain undelivered because taxpayers have moved and left no forwarding address with the U.S. Postal Service, according to the IRS. Other refund delays are caused by errors or omissions on the tax return, such as illegible names or addresses.

In all refund inquiries, the IRS said, taxpayers should provide the names and addresses as they appear on the return, the actual names and addresses if different, the social security numbers, and the type of forms filed.

Chicago taxpayers should call 435-1040. Suburban taxpayers residing in th area code 312 and thos living in the Joliet phon region should call 800-972 5400 toll-free. All othe Northern Illinois taxpaye should call 800-252-2921;

Under most circun stances, an undelivere refund check can b reissued to the new addre and received within thre to four weeks.

Attached is a list area taxpayers for whos IMF refund checks are bei held: George Valentino Edna Corroo, Annamae Eberhardt, Edward Klatt, John J. McHug Larry J. and Karen Waleski, Wilma McCumb and Joseph T. Connell Local taxpayers on th listing of BMF undelivere refund checks include To Makropoulos, Teds Texa and Ulysses E. Cunninghar

Red Cross offers speakers for groups

The Mid-America Chapter of the American Red Cross announced that trained volunteers from the chapter's speakers bureau are available for speaking engagements for community groups, organizations or any gathering where the audiences would like to learn more about the essential health services provided by the American Red Cross.

"The trained volunteers and staff are ready to tell the Red Cross story throughout the area," said public relations chairman Robert E. Bouzek. "We can speak on first aid, water safety, nutrition, home health care, disaster preparedness, the Red Cross blood supply system and our many other important human care services."

Over 500 community and professional groups scheduled Red Cross speakers last year to help their members become more aware of the importance of physical and mental health care.

The Mid-America Chapter also has an audio visual catalog listing films and tapes available for the public's use.

If any group or organization is interested in a talk by a trained Red Cross speaker, call the public relations department of the Mid-American Chapter of the American Red Cross at 440-2025.

Worth Township earns clean slate

"Much "to-do" about nothing", would seem to have been the political motivation for all the adverse publicity given the new administration of Worth Township.

For over a year the administration has been plagued by stories creating an atmosphere of criminal intent, misconduct and inefficiency. The trouble started when, obviously thru the prompting by others, it was noted that when the Township published the Legal Notice for Public Hearings on the Revenue Sharing Funds (RSF), the address of where they were to be held had been omitted. What had never been stated was the fact that those in office were following the same procedure as used by the former administration. With, or without the address, all of the parties interested found their way to the Worth Township offices where the funds were distributed, in full compliance with the law. Among the many recipients benefiting from the funds were the Oak Lawn Youth Commission, the Oak Lawn Senior Citizens and the Oak Lawn Library.

Following is a statement from Supervisor of Worth Township, Joseph McCarthy, and we wonder if it will make the headlines that were accorded the adverse publicity.

Supervisor McCarthy has stated that Worth Township and the Office of Revenue Sharing have reached an accord. On November 14, 1979 the Office of Revenue Sharing had apparently requested the reimbursement of $1,367,250 to the Township revenue sharing trust fund.

Supervisor McCarthy noted that reimbursement of $1,367,250 would have drastically affected services to the senior citizens, the poor, mental health organizations, libraries, parks and numerous other organizations benefiting from revenue sharing funds.

The original investigation by the Office of Revenue Sharing was prompted by the complaint of one anonymous person.

Joan Murphy, Township Clerk, stated "No person or organization has ever publically or privately criticized the legal notices or public hearings held by Worth Township prior to expending revenue sharing monies. In fact, Worth Township has had more public participation than any other township in Cook County."

The Office of Revenue Sharing has complained that Worth Township published legal notices for fiscal years 1977-78 and 1978-79 concerning revenue sharing hearings which omitted some information required by federal regulations.

The Office of Revenue Sharing under the new leadership of Acting Director Kent A. Peterson has worked with Township Officials to reasonably resolve the matters in dispute.

Supervisor McCarthy compliimented President Carter's administration and his new Acting Director for their cooperation in settling the matter. The December 21, 1979 letter from the Office of Revenue Sharing requests that the Township republish legal notices for the two fiscal years involved and to hold new use and budget hearings. Upon a determination by the Board of Trustees that the revenue sharing monies "be obligated as originally spent", the matter would be considered closed without affecting the taxes levied in Worth Township and without affecting the revenue sharing available to future revenue sharing recipients.

QUESTIONS LIBRARY NEWSLETTER

The Village of Oak Lawn has considered putting out a nice newsletter, such as the monthly one the Oak Lawn Library prints and mails to all residents of the Village. However, it seems, they do not feel the residents would like to pay for it in their taxes at this stage of inflationary times. Most of us, I think, are cutting down on our own normal operating expenses where we can today.

In the January Library newsletter, the feature story is "Village Cuts $81,000 from Library Budget". (Their budget is close to a million dollars.)

Oak Lawn already pays a higher than most Library tax. Perhaps if the library cuts its monthly newsletter, or a few of their abundance of employees, or auctioned off their new "statues", or just operated a little more conservatively, they would be doing a better service to the taxpayers.

/s/ An Oak Lawn Taxpayer

DEAR FRIENDS IN THE NEWS MEDIA:

Grateful thanks are extended to you by the office staff of the Ambassadors for Christ, for your faithful coverage of our activities for the youth of today, throughout 1979.

Your organization has played a major role in focusing the attention of the public on A.F.C. activities. Your support of our ministry in the area of publicity has meant a great deal to us.

Best wishes for a happy and prosperous new year!

Library Taxes

by
Charles T. Meloun, Trustee 3rd District

When I became a Trustee in April, 1979 I took an oath to uphold the Law and Constitution - to this end I am doing my utmost. I also said I would work towards reducing village taxes. This I am trying to do. First let me state that I am not an enemy of the Library. Many people of Oak Lawn, and other communities use the references available to them. My concern is the overall tax structure in the village and availability of monies to fund various necessary services to be extended to the taxpayers of Oak Lawn at the least possible cost.

This is why, after three attempts to have the Library Board meet with the Board of Trustees I began in investigation as to what is considered to be a request for an excessive amount of money. After a few weeks it was found that the levy request was approximately 100% over that which they are legally entitled by state statute. (Illinois Library Laws - Chapter 81.)

What went on in the past is regrettable, but it is in the past. But now that the law and legal limits are known, and with home rule powers, I tried to bring their request in line with the state law. I know this is a drastic cut over what they were getting in the past, but the strings to demands must be cut, the longer you postpone the harder it will be to return to the legal limit.

I don't regret making the request to cut back, however I do regret the lack of support for helping to the legality of the subject.

The taxpayers need a break. There are many senior citizens and people of fixed incomes out there at present who are looking for ways to make ends meet.

The Library Board now has a request before the Township Board for $64,000 to be used for purchase of books. This is in addition to the $109,000 set in their budget for 1980 to be collected by the village.

The fact that the Library Board asked for and received from the Township $15,000 for sculpture to hang on the outer walls make me suggest that the Township Government more closely review request for revenue sharing to make certain that this taxpayers money be applied to programs which would benefit the taxpayer.

It would be most beneficial to me to see how many Oak Lawn citizens agree with me. You may wish to send a post card to me in care of the Village Hall at 5252 Dumke Drive, Oak Lawn, 60453 and tell me how you feel.

Despite my concern for the Library, I cannot support any tax levy, library or otherwise, which is in excess of the limit allowed under state law. To do so would be to ignore the duties and responsibilities of my office.

(VILLAGE VIEW has offered space to the Oak Lawn trustees at any time to enable them to "Speak Out" if they so wish. The only restriction is that the article be of some benefit to the residents, is not derogatory in nature and not politically motivated.)

Little Company holding Open House

Prospective Little Company of Mary Hospital School of Nursing students for the class of September, 1980, are cordially invited to attend an open house in the Education Building on Sunday, January 20 from 2 until 4 pm. This program, available to junior and senior high school students and their parents, will also include a tour of the hospital and School of Nursing by Alumnae members and student nurses, a question and answer period and refreshments.

Interested students are urged to have a transcript of their high school credits sent to Little Company of Mary Hospital School of Nursing as soon as possible, obtain an application form from the school between the hours of 8 am and 4 pm, Monday thru Friday, and be prepared to take a nursing aptitude test.

The LCM School of Nursing opened in 1930 and conferred diplomas to its first six graduates, all Sisters of Little Company of Mary, in 1933. Since then, 1582 registered nurses have graduated from the school to take their places in a variety of health care areas including hospitals, homes, schools, business and government.

The integrated, team approach is designed to meet the needs, skills, talents, interests and concerns of the adult woman.

Oak Lawn History slide presentation

Did you ever wonder where Raymond Avenue (5300 West) got its name? Or Franklin Avenue? Harnew Road and the Harnew School?

These and other questions about the early history of Oak Lawn will be answered during a slide presentation Wednesday, January 16 at 7:30 pm at the Oak Lawn Public Library.

Gordon Welles, Local History Librarian, has researched and prepared the slides on the village's beginnings tracing the events that led to the village incorporation in 1909.

The sequel which will bring the history from 1909 to the present will be shown at a later date.

Raymond Avenue is believed to have been named after Benjamin Raymond who was an early land speculator in the area, an early Mayor of Chicago and the founder of the Elgin Watch Company.

When did the tiny settlement of Black Oak become Oak Lawn? Find out on January 16 at the library.

Seven enjoy 46 years of service as board members

The seven members of the District 126 School Board have a total of 46 years of service as School Board Members. Veteran of the Board is Clark Alford with 15 years of board service. Alford of 12641 S LaPorte, has served as Board President for 11 of those years.

Henry Kramer, 11942 S Komensky, has served 11 years on the Board and is presently School Board Secretary. Reed Powers, 11725 S Ridgeland, has 8 years of service and was Security Committee Chairman, George Lehman of 10733 S Lawler, Oak Lawn, with 5 years of service was a member of the Security Committee.

Ken Wassberg, 12549 S Tripp, has served 4 years. Sue O'Dwyer, 11549 Lee Road and Janet Dal Ponte, 10929 S Kolmar, were elected April 1979 and will serve until November 1971. Clark Alford and Henry Kramer will serve until April 1980.

School Board meetings are held on the third Wednesday of each month at 7:30 pm at the Administrative Center, 5201 W 115th Street. The meetings are open and the public is most welcome according to Board President Clark Alford. "Audience presentation is welcomed early in the meeting and audience participation is solicited at the end of the meeting," stated Alford.

LCMH to celebrate 50th Anniversary

The annual Sugar and Spice luncheon honoring the Sisters of Little Company of Mary was held recently at the hospital. This event is hosted by LCM Auxiliary members who present monetary gifts to the Sisters in appreciation for their efforts in serving the medical and nursing needs of community residents during the past fifty years.

Mary Jane McDonough, Auxiliary President, is pictured above presenting a check from the auxiliary membership to Sister M. Magdalen Nolan, Provincial Superior. Observing the presentation, seated from left, are Sisters Eugene Trenner, Teresa Oleniczak, and Margaret Christina Hoban. Standing from left are Sisters Nancy Boyle, Terrence Landini and Michael Murray.

The entire community will honor the Sisters on the occasion of the 50th anniversary of Little Company of Mary Hospital that will take place on Saturday, January 19, 1980. A concelebrated Mass, with John Cardinal Cody presiding, will take place at St Bernadette Church starting at 5:30 pm.

The Grand Ballroom at the Martinique will then be the scene of a social hour at 7 pm followed by dinner and a special program honoring LCMH for "50 Years of Caring and Sharing".

Reservations for the party can be made by calling the Public Relations Dept at LCMH, 422-6300, ext 5045.

LOCAL BRIEFS via vina...

Congrats to DEE DEE CHAPMAN of Oak Lawn who is participating in College Bowl competitions at Millikin U, often referred to as the "varsity sport of the mind".

Miss Chapman, a June graduate of H. L. Richards High School, is a member of Millikin's James Millikin Scholars program and recently joined Zeta Tau Alpha social sorority. She is the daughter of Mr and Mrs Donald Chapman of Oak Lawn . . . . . .

Did you know that the ingenious idea of sandwiching copper, between two outside layers of copper - nickel alloy to eliminate the severe silver coin shortage was thought out by ROBERT ASH WALLACE, candidate for senator . . .

Best of luck to MELVIN SHACKEL, familiar Social Security Rep who announced his retirement January 11. . .

Among the 59 students who have been named Presidential Scholars this year at St Xavier College are: ANN MARIE BEGY, KATHRYN KLOSAK, LAURA LAMOUREAUX and MICHELLE MAYER, all of Oak Lawn . . . . . .

PATRICIA KICK, a senior at Richards High School, Community High School District 218, has been selected as a staff member for the 1980 All-Star Cheerleader Conference summer camp. She had qualified by being chosen a "Miss All-Star" during the 1979 cheerleading camp. . . . . .

Well known composer commissioned for Oak Lawn Jazz Festival

Internationally known jazz composer and pianist, Frank Mantooth, has been commissioned by the music department of Oak Lawn High School to compose a new work for use as part of the 1980 Oak Lawn Jazz Festival, February 2.

Mantooth, a resident of Vienna, Austria, performs with the Vienna National Radio Orchestra and tours Europe with visiting jazz artists.

This work is commissioned as part of the jazz festival competition. Each jazz band that has been chosen on the basis of its performance earlier in the day must sightread this new work before a judge as part of the evening finals. Their proficiency in the area of sight reading, combined with their performance will determine the festival winners. This new music is also sought to encourage jazz composers to write for school jazz ensembles without the constraints of high volume sales of their music.

The nationally known Oak Lawn Jazz Festival attracts hundreds of school jazz groups from all over the state. It is known as a festival where significant young performers are to be found.

For further information regarding the Jazz Festival, call or write to Ken Kistner, Oak Lawn Community High School, 9400 Southwest Hwy, Oak Lawn, IL 60453, 312-424-5200.

While on tour of the United States to gain a feed of current jazz trends and record some of his newest compositions, Mantooth (seated left) stopped in Chicago to explain his music to Ken Kistner (seated right) Chairman of the Oak Lawn Jazz Festival. Jack Roeckeman, Director of Oak Lawn's Jazz Singers, and Laurel Osterman, Co-Chairman of the Oak Lawn Jazz Festival, look on.

Bit O' Trivia

Name calling. John Regan, in his book *Emmigrant's Guide to the Western States of America*, (1852) lists such favorites as Shann, Parmenio, Chauncey, Imre, Dewey and Albion for boys, and Pernicia, Harmonica, Prudence, Clementine, Livonia and Gustava for girls.

In that same volume, Regan reports on medical advice from a justice of the peace: mineral cures were to be avoided as being extracted from the bowels of the earth; they have "a tendency to carry all down into the earth." Vegetables on the other hand spring up from the earth and "tend to invigorate and fructify."

"Everyone --
is reading it!
Just like you. . ."

WE'RE WORKING FOR YOU. AND WE NEED A RAISE.

About eight months ago, we asked the Illinois Commerce Commission for an emergency rate increase. Several weeks ago we got a very small portion of it.

Now, we can't blame you if you're not broken up about that. It seems like every time you turn around these days, prices are going up. So it must be nice to see somebody hold the line for a change.

But this isn't the right time.

We're getting hit by inflation the same as you. It's costing us more and more to generate the electricity you use. And the plain truth is, we can't keep up.

Transformers that were $600 five years ago cost us $950 now. Fifty-eight percent more.

The poles that we need to hold our power lines. Fifty-three percent more.

The crossarms on those poles. One hundred and thirty-three percent more.

And that's just for instance. It's the same story with every piece of equipment we need.

If that's not enough, wages have gone up, and just about everything else as well. Even our state and local taxes are sixty-five percent higher than they were back then. Three hundred and thirty-seven million dollars in 1978 alone, the biggest tax bill in the state.

So the money's been going out faster than it's been coming in. Earnings are down. And our stock has sunk to less than half its 19[illegible] value.

If we can't turn that around, if we can't keep attracting investors, if we can't borrow the money we need at reasonable rates, we simply won't be able to keep going.

Not only won't we be able to cover the rising cost of day-to-day operations, we won't even be able to maintain the kind of reliable service you're getting now. Because reliable service takes new plants and equipment to handle the increasing demand for electricity.

But say the impossible actually happened. No one ever bought another appliance or built another home; no new office buildings went up and factories never expanded an inch; northern Illinois quit growing tomorrow. Even then we'd still need new plants and equipment. Virtually everything we own, from wires and poles to our generating stations themselves, is going to wear out. Sooner or later, one by one, they'll have to be replaced.

The trouble is, that's an awfully expensive proposition. More than one billion six hundred million dollars for a single generating station, like the one we're finishing up right now at LaSalle. And what our customers pay for electricity doesn't begin to provide enough money.

The difference has to come from investors. Only, investors aren't likely to put up the money without a fair rate of return, which they won't get as long as our rates stay where they are. And whether you realize it or not, where our rates are is cheap compared to most places our size.

Roughly half of what they pay in New York City. Over twenty-five percent less than in Boston or Newark. Even substantially less than in lots of smaller cities close to home, like Terre Haute and Des Moines; and their costs—for wages, land, construction, and much more—aren't anywhere near what ours are.

There's just one solution. Adequate rate relief. A realistic increase, and soon. Before it's too late.

Since we're all in the same boat, we thought you ought to know.

Oak Lawn firm wins bronze medal in pool design

A swimming pool for Mr and Mrs Robert Zimny of 82 Horseshoe Lane, Equestrian Estates, Lemont, Illinois was one of 129 residential pools to win awards in the 1980 Design Awards competition sponsored by the National Swimming Pool Institute.

The pool, built by Oko Pools, 9733 Southwest Hwy, Oak Lawn, was selected for a bronze medal from among 560 entries in its category, residential.

More than 550 entries were reviewed by a panel of nine judges consisting of NSPI builder members and experts from the fields of health, landscaping, design and communications. Judging was based on design excellence and quality of construction and the awards were presented at the National Swimming Pool Institute's annual convention held this month in Chicago.

"We are very pleased that this pool was selected for an award from a field which really represents the best pools built by the industry this year," said Alex Oko, owner. "But much of the credit naturally goes to the Zimny's. Their cooperation enabled us to design and build an award-winning pool to meet their requirements for a family recreation center."

The winning pool is a custom design, featuring an attached spa and an Arneson Pool Sweep-Automatic Pool Cleaner. The walk around the pool was finished in colorful dark buff desert sand decking. The award winning pool also features Hallmarks Solor Heating unit.

The National Swimming Pool Institute is an international trade association with more than 2000 member firms in the United States, Canada and 21 foreign countries. Among the objectives detailed in its charter are: "To dignify and elevate the standards of the swimming pool industry; to conduct a program of public education with respect to swimming pools; and to establish uniform standards for the design, construction and equipping of swimming pools.

In addition to rewarding pool design and construction excellence through its annual design awards competition, the institute offers opportunities for continuing education to its members, apprising them of current technological developments through seminars, workshops and an annual convention and exposition.

Through its ethics program, NSPI encourages strict adherence to ethical business, construction and advertising practices. The protection offered the consumer in grievance procedures and consumer education programs at both chapter and national levels is the pool-owning family's assurance of satisfaction with their purchase.

Heritage Standard Bank "Santa" presents children with gifts

Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, helped children celebrate the holidays this year. Each child who visited the bank during the holiday season received his choice of a "Santa Fun Book" or a "Christmas Carol Book". Over one thousand coloring books and song books were distributed to local children in anticipation of Christmas.

Shown in the photo are bank employees (l to r) Glenn Krietsch, vice president of Commercial and Industrial Banking, and John O'Gara, assistant cashier, watching as "Santa" Ronald Gortland, vice president of Personal Banking, presents gifts to (l to r) Erik and Leigh Krietsch, Jennifer O'Gara, and Ryan Krietsch. Joyce Krietsch (far left) joins in the excitement.

Robert E. Kennedy, president of Heritage Standard Bank, stated, "I was elated to see the smiles and happy faces on the children receiving our gifts. It was gratifying to know that Heritage Standard Bank played a part in adding to the chidlren's joy at Christmastime".

Planning on buying a used car? Shop in the Oak Lawn Library

If you are planning on buying a car, some comparative shopping in the Reference Department at the Oak Lawn Public Library can save you money and help you to make an intelligent choice.

There are many publications that can help you in your search. Illustrated sales brochures for all 1980 domestic models and most foreign models are available. Consumer Guide's "Auto '80" and "Buyers Guide Reports: 1980 Autos" are now on file and other rating service publications will be added as they are issued.

The Reference Staff can help you locate in-depth reports on specific models in Consumer's Research, Consumer Reports, Motor Trend and other periodicals. Other useful aids are "Edmund's 1980 New Car Prices" and "Edmund's Foreign Car Prices".

If it's a used car you're interested in, Consumer Reports' "Guide to Used Cars," which rates 1972 to 1977 models, and Consumer Guide's "Used Car Rating Guide" evaluates both domestic and import models. The "Magazine Index" can also help you if you want to find out how a car was rated when it was new and what its repair record has been.

Richards selects recipients of DAR and SAR Good Citizenship Awards

The students and staff at Harold L. Richards High School, Community High School District 218, have chosen the 1979-80 recipients of the Daughters of the American Revolution (DAR) and Sons of the American Revolution (SAR) Good Citizenship Awards.

The HLR Good Citizenship award from the DAR goes to Cheryl Jurkacek, daughter of Mr and Mrs Albert Jurkacek, of Oak Lawn.

The HLR Good Citizenship award from the SAR goes to Robert Mockus, son of Mr and Mrs Alexander Mockus, of Oak Lawn.

The two students were nominated by their fellow students on the basis of dependability, service, leadership and patriotism and selected by secret ballot by the faculty.

Cheryl has been active in Marching Band all four years at HLR, freshman class treasurer, softball for three years, a member of Modern Music Masters for three years and the National Honor Society for two years.

She has been a football and basketball sophomore and varsity cheerleader for three years. Cheryl plans to attend Augustana College following graduation from HLR.

Robert, a National Merit Semifinalist, is president of the Modern Music Masters, a member of the Varsity Singers, Concert Choir accompanist for three years, Student Spring Musical Director for two years and a member of the National Honor Society. He plans to attend DePaul University upon graduation from HLR.

OLCHS Forensics Team begins new season

The Oak Lawn High School Forensics Team has begun the new season on a positive note. They placed second at the 25 school invitational speech tournament held at Fenton High School, the 1979 Illinois High School Assn State Champion. Leading Oak Lawn's trophy winning performance were Cindy Russ - 1st in Original Comedy; Cathy Smitko - 2nd in Dramatic Interpretation; Shari Simpson - 2nd in Prose; Jeff Bass - 2nd in Oratory; Sue Kramer - 3rd in Oratory; Laurie Bujanski - 3rd in Declamation; and Aimee Fleming - 3rd in Humorous Interpretation.

In the second meet of the year the Oak Lawn team competed in the Eisenhower-Richards-Shepard Invitational Speech Tournament. Competing against four of the top five teams in the 1979 IHSA State finals the locals placed third.

Pacing Oak Lawn in its third straight trophy winning performance were Shari Simpson - 1st Prose; Cathy Smitko - 2nd Dramatic Interpretation; Nicole Nicosia - 2nd Verse; Rick Bradley - 3rd Original Comedy; and Jeff Bass - 3rd Oratory. Honorable Mention went to Cindy Russ and Paul Reed, Humorous Duet Acting; Shari Simpson, Verse; and Aimee Fleming, Humorous Interpretation.

Oak Lawn placed ahead of state champion Fenton (4th) and state runner-up Thornwood (5th), while Wheaton Central and Homewood - Flossmoor placed first and second. The triangular hosts placed 6th (Richards), 8th (Shepard) and 12th (Eisenhower).

Brandenberg finds slot in agriculture

A young man from Oak Lawn who started to work as a bank teller and businessman, believes that he has found his niche in life now as he studies and trains for work in the outdoor field. Steve Brandenberg is now a student at Danville Area Community College, majoring in Agriculture Supply, really likes his studies and Supervised Occupational Experience, and is strongly considering advanced schooling at a state university so that he may become a teacher of vocational agriculture.

It's quite a distance from Cook County to DACC but Steve is happy that he found his way here with the help of a good college counselor and understanding parents. He was graduated from Oak Lawn High School in 1976. After several job attempts which he did not like during consultation with a counselor, Steve's interest in agriculture was aroused - partially because of the number of job openings in that field.

"I was impressed immediately by the friendliness and helpfulness I found at Danville Area Community College," Steve said. "I also found DACC affordable money-wise, I found good friends from Milford to room with, I'm happy and pleased with my studies and am proud to say that I have a B average now."

Steve Brandenberg is shown above testing grain for moisture.

Steve has a brother, 18, who is attending another community college and hopes to be a forest ranger or park manager, and a sister, 14, in high school. His father is a vice president-cashier for a bank and both parents are vitally interested in his career. He plans to graduate from DACC in May.

Seniors train for volunteer tax aid

Once again the Oak Lawn Senior Citizen Commission has arranged to have the Internal Revenue Service offer the Volunteer Income Tax Assistance (VITA) training course at the Oak Lawn Senior Center, 5330 W 95th Street.

The VITA courses are taught by qualified IRS agents and consist of classroom training in preparing tax forms.

The IRS agents will offer a beginners class which will meet Monday thru Friday, January 14 thru 18 from 9 am to 3:30 pm.

A refresher course will be offered on Thursday and Friday January 17 and 18 from 9 to 3:30 for those who have already completed the beginners course.

After you have completed the training session you will then be prepared to volunteer your time in helping other seniors prepare their 1979 income tax forms. Last tax season VITA Volunteers assisted 273 senior citizens complete their tax forms at the Oak Lawn Senior Center.

If you are interested in registering for this class please call the Senior Center at 499-0240. There is no charge for this course.

Tenth production of "Way Off Broadway"

Pictured above accepting the first tickets for "Way Off Broadway '80" is Msgr John I. Cardiff, Gene Sablick and Keith Johnson, co-chairmen, on the left and Bob Black, general chairman on the right.

Opening night for "Way Off Broadway '80" is fast approaching. The costumes are ready, the scenery is painted and the lines are learned. This tenth anniversary production will be held on Friday and Saturday, February 15-16 and 22-23 at St Linus School, 103rd and Lawler Avenue. Tickets are reasonably priced at $6 for Friday and $7.50 for Saturday performances and can be purchased by calling Ticket Central at 424-7800.

A short history of Way Off Broadway is presented here in an effort to answer questions that have been asked about how it all began.

The seeds for Way Off Broadway were planted back in 1963 when St Linus parish was experiencing tremendous growing pains. Jean Walsh, St Linus Ladies Guild president at that time, was trying to find some way to bring the older and new parishioners together. She came up with the idea of putting on a show. A committee was formed that included talented directors, Tom Folliard and Mille and Ted Cronin, then members of an amateur variety group called "The Cavaliers". The first show was staged in the Evergreen Park High School auditorium in 1964, lasted 2½ hours and was called "Sounds of Broadway". It ran for three nights and was such a success that it was put on three more times during that year. It surely did accomplish what Jean had wanted. First and foremost, it drew the parishioners closer together and they loved it. Secondly, $7000 was realized from this show and donated to the parish.

In 1970, with the growth of the parish and particularly, the school, the same needs became apparent once again. Barbara Ryan, then Ladies Guild president, and her husband, Dick, took a small group of people, including the directors, to see a show in Glenview similar to the one put on now at St Linus. The adrenalin, which had been dormant for six years, began to flow.

Parishioners of all ages, teenage to senior citizen, religious and lay alike began to pitch in. Even an honorary parishioner and artist, Jim Boland, joined the ranks at St Linus to help put the show together. The scenery was painted in various houses and garages and finally in a 20 x 20 foot room in the church loft. Holding rooms were limited to one per show. The Palace had a bare stage, practically no dressing room but it had a very talented cast. Several members of "The Cavaliers" were in the original production. This show, called "Way Off Broadway" was presented in 1971; was seen by 3100 people and brought in $24,000 to the parish.

The rest is history. Preparation for the new show starts right after the last one is finished. Rehearsals and scenery design and preparation begin five months before show time. Scenery is now painted in a warehouse, there are three holding rooms for each show and the Palace not only has a classy stage, but also a balcony. Up to the present time about 75,000 people have attended and enjoyed "Way Off Broadway" and proceeds of more than $350,000 have been turned over to St Linus Parish.

All performers are members of the parish with the exception of two who have been part of the show since 1971. Costumes are designed and made by artistic women in the parish. Performers and workers alike buy tickets just as our guests do, and anyone in the parish desiring to be on stage is on stage.

The most important contribution "Way Off Broadway" has made to St Linus is that it has brought almost 1000 people together in one common effort.

The history of "Way Off Broadway" is people at work, activity at every [illegible] and wonderful and [illegible] patrons and customers. [illegible] most of all, "Way Off Broadway" is love.

Oak Lawn police make three major strikes in three days

Oak Lawn Police Chief John Haberkorn and his boys in blue have been busy trying to impress those who would defy law and order that Oak Lawn is a "no nonsense" town.

On Wednesday, January 23 the robbery of the Heritage Bank of Oak Lawn was interrupted when Haberkorn tackled Mark Von Perbandt who was armed with a revolver and attempting to walk out with $6700. Moments later the bank was filled with Oak Lawn police. Haberkorn, who appeared later on Channel 7, gave this message to would be robbers:

"We won't tolerate any robberies here. Don't even consider robbing a bank in Oak Lawn."

On January 24 the Manor A Go Go, 9542 Southwest Hwy, received a surprise when the tavern was raided by the Oak Lawn police.

Haberkorn said the site was under suspicion for over a year and was frequented by well known hoodlums. One such customer was Timmy O'Brien, now deceased, who had met his death in a syndicate type murder.

About a week prior to the raid the chief said that thru reliable information they heard that gambling equipment, drugs and weapons were in the place.

After obtaining a search warrant, about 2 am in the morning, with 25 customers present, 2 employees and 3 dancers, the search was executed.

Among those arrested was Thomas Mulrenin, 37, 9600 S Marion, Oak Lawn, the manager of the business.

Nicknamed "Slim" because he weighs about 280 pounds, Haberkorn said Mulrenin was charged with possession of a controlled substance, serving liquor to minors and possession of gambling devices.

Jeffery Herling, 20, 8350 S 86th Court, Justice, was charged with underage consumption of alcohol; John Wirth, 31, 6071 S Archer, Chicago, charged with possession of marijuana; and the bar maid, Bonnie Leubscher, 31, 8907 S Main, Hometown, was charged with possession of a controlled substance, "speed".

Haberkorn said a hearing on the possible revocation of the club's liquor license will be held next month. All suspects posted bond and a March 7 court date has been set.

Commenting on the raid, Haberkorn said, "This is just my first visit. I will be back and make all my visits a surprise party".

On January 25, at 2 am the Oak Lawn police and the Cook County Sheriffs police raided an apartment in Burbank which they figure may be a main distribution point for PCP (Angel Dust).

Haberkorn said that an informant and a policeman set up a bust and went to the apartment using the password "pantyhose" to get in, they were asked to come back later.

However, although they had been told the drugs were in a hollowed out book in a freezer, the police backed off.

They then surrounded the building while one of the officers went for a search warrant.

While police were waiting Haberkorn said, a woman left the building thru a back door with the book under her arm. The chief, who is both stern and humorous, said that the woman was asked to "show her library card".

Charged with possession and deliverence of a controlled substance was Rocco Sodomire, 24, 8616 S LaVergne, Burbank. Charged with possession of a controlled substance was James Berlin, 20, and his wife, Donna, 18, both of 6322 W 87th Street and Rick Domina, 19, who gave two addresses, 7049 W O'Connel, Chicago Ridge and 8635 S Lamon, Burbank.

Nine people arrested, and under bond, in three days.

At the last meeting of the Board of Trustees, and previous to these events, John Haberkorn and his police officers were commended by Trustee John Petrozza for the outstanding work done in the 5th District in the Stony Creek area. He was commended by Charles Meloun, Trustee in the 3rd District for handling problems in that area. This past Saturday evening at the Chamber of Commerce dinner he and his men were publicly commended by Joseph Hefferman, President of the Heritage Bank of Oak Lawn.

Doppler Radar Warning System

The Metropolitan Fire Chiefs Association has given its support to the installation of a Doppler Radar Warning System in this area. This equipment would allow a minimum of 20 minutes warning of an approaching tornado. As this association is well aware of the loss to life and property when a tornado strikes, they are making every effort to expedite this installation.

Marty Russo, Congressman of the Third District, realizing the importance of this project in our area has offered his full supprot. Pictured above, submitting resolutions for municipalities and petitions from citizens are (l to r) Al Hoelbl, Chief of the Niles Fire Department; Ernie Kolb, Mayor of the Village of Oak Lawn; Marty Russo; Nicholas Blase, Mayor of the Village of Niles; and Al Harker, Chief of the Oak Lawn Fire Department.

YSP to hear Judge Rosenberg

Liz Pacheco, program chairman of the Young Single Parents (YSP), has announced that Judge Edward D. Rosenberg of the Circuit Court of Cook County will be their guest speaker on Thursday, February 7 at 9 pm. The meeting will be held at the Golden Age Restaurant, 4545 W 95th Street in Oak Lawn.

Judge Rosenberg was appointed a Circuit Court Judge of Cook County by the Illinois Supreme Court in June 1979. Prior to being a Circuit Court Judge, he was considered one of the top matrimonial lawyers in Chicago.

He graduated from the John Marshall Law School in 1954.

In 1979, Judge Rosenberg was the Chairman of the Family Law Section of the Illinois State Bar Assn.

In 1973, he was the National Secretary of the American Academy of Matrimonial Lawyers.

In 1975, he was chairman of the American Bar Assn Committee on Liaison with Commissioners on Uniform State Laws, and back in 1976, he was co-chairman of the Family Law Section of the Illinois State Bar Assn Seminar.

Judge Edward D. Rosenberg

Judge Rosenberg has published many writings relative to drug liability, Ex Parte Injunctions in Matrimonial Litigation, and many many others. Besides being a guest lecturer on many occasions, he has also received many awards.

He is the father of two daughters. Judge Rosenberg is presently assigned to the Daley Center.

Cancer Society honors Evergreen Park Unit

The Illinois Division of the American Cancer Society has conferred an outstanding award to the Evergreen Park Unit for being one of the top ten in the state for their Service and Rehabilitation Program.

Pictured above accepting the award certificate are, from left, Dr John Uhrich, Little Company of Mary Hospital; Doris Dykstra, Chairman, Service and Rehabilitation Committee, and Dr Robert Wall, First National Bank of Evergreen Park.

The Service and Rehabilitation Committee works with the Reach to Recovery Program, sets up cancer displays at professional and public education meetings, provides for the transportation of residents to local hospitals and helps to rehire people having cancer.

Oak Lawn History Week

Declaring that "the history of Oak Lawn remains a lively concern of its citizens" as reflected by "the coalition of amateur and professional people working to preserve our history", Mayor Ernest F. Kolb has proclaimed February 2 thru 9 OAK LAWN HISTORY WEEK. The proclamation also designates February 2 as FOUNDER'S DAY - the 71st anniversary of the date that Oak Lawn settlers voted to incorporate the village.

The proclamation was issued, Kolb said, "to focus the attention of all of our citizens on the history of Oak Lawn". The mayor admonished Oak Lawners "to study our village's history and to support their local historical society and agencies".

As a part of their celebration of Oak Lawn History Week, the Oak Lawn Historical Society will sponsor a bus tour to the Chicago Historical Society on February 9. The visit is to enable Oak Lawners to join the President's birthday party for an afternoon of music, dances, games and military drills from the times of George Washington and Abraham Lincoln. Cost for the tour is $3 for members and $4.50 for non-members of the Oak Lawn Historical Society. Further information may be obtained by mailing reservations to the Society at 9526 South Cook Avenue, Oak Lawn, or by calling 425-3424 and asking for Bill Sullivan. Membership information may also be had by either calling or writing at the address above.

Yourell Honored

Rep Harry "Bus" Yourell (l) this week was presented a placque in appreciation of his creation and support of the Illinois General Assembly's Joint Committee on Administrative Rules by Committee Director Bruce Johnson on behalf of his staff. The Chicago lawmaker sponsored legislation which created the watchdog committee studying state agency rules and regulations, and served as its first chairman from the time it became effective in October, 1977 until November, 1979. The placque commends Yourell's efforts "to make the committee an effective arm of the legislature" to see laws are not violated and best interests of citizens are protected.

Connors stated, "I hope that all those people who may know of Senior Citizens who may not read this release to advise them of their eligibility for the exemption. We intend to remain sensitive to the needs of Senior Citizens and their very special problems.

Dr Custard introduces eye information on tape

One of your dearest possessions - your eyes! Yet many people have a concern and are too frightened to question it or ask about it. If you do have a problem, and you do not have an eye doctor, there is a way you can find out without leaving your home.

Dr James G. Custard & Assoc., 2537 W 95th Street in Evergreen Park has initiated a 24 hour tape series as a community service that will answer many of your questions.

"Eye Care Information on Tape" is relatively new, availalbe 24 hours and is free!

According to Dr Custard, all that is necessary is to pick up the phone and dial 425-6644 and a young lady will answer. The tapes are numbered and you only ask for that tape which describes the subject in which you are most interested.

As an example, E1 discusses Vision Examination & Prescription. The tapes run from E1 to E9 and cover cataracts, contact lenses, glaucoma, etc. E9 discusses Fashion Eyewear.

Shown here on this page is an insertion from Dr James G. Custard & Assoc., with instructions and tape numbers for your convenience. Clip out and save for now, or the future, should a question about eye care arise.

Keeping your schools for your children

Mayor Jane Byrne has been a source of amusement for suburbanites each evening as we see her on the 6 and 10 o'clock news.

But, now that she is proposing a "privilege tax" for those who work in the city she has become very un-funny! Her honor would impose the tax to help pay to keep the schools working in a city that no longer works.

Many of the people that still work in Chicago were driven to the suburbs by conditions in the city and an intolerable school system that was detrimental to the education of their children.

Those of us that pay high taxes already for the "privilege" of living in the suburbs also pay our school bills. In fact we pay for grade schools, high schools and Moraine Valley College. Many residents send their children to parochial schools, causing an additional drain on their take home dollars. If Chicago would stop playing politics and raise the taxes to meet ours the mayor would soon find that the residents are not living there for the "privilege", and they would all run to the suburbs. Most of them stay there because taxes are cheap and you only get what you pay for.

Even though we pay our bills, and the "privilege tax" is not implemented, we should not sit back in complacency and ignore the fact that our own schools are threatened.

State Representative Herb Huskey says he supported a rescue plan for Chicago's financially troubled schools "so city children wouldn't be bussed into suburban classrooms."

"The federal government, the State Board of Education and the State Superintendent of Education all favor, and are promoting, racial bussing programs," Huskey stated.

"If the state did not approve legislation enabling Chicago to help itself out of this money mess," he noted, "you can be sure that all empty seats in our local schools would be eyed seriously as possible alternatives for placing city students.

(When Huskey made this statement it was assumed that the Chicago school board would have worked out its part of the agreement for the "bail out" which at this point has not been accomplished and creates further cause for alarm.)

"We have to fight our own battle to keep the schools which we support with property taxes open for our children," he said. "Passage of the Chicago plan was an important round to win in that fight."

Calling the financial plan "questionable," Huskey says he has "serious doubts" about its effectiveness to improve the quality of education in Chicago schools.

"The success of the newly created School Finance Authority and the Board of Education will depend on whether or not existing financial attitudes can be changed," Huskey stated.

"They must, for example, have the political courage to substantially increase operating tax rates in Chicago while at the same time drastically cut the Democratic patronage army operating within the schools," he explained.

"However, I fear the Chicago Board of Eudcation will forget all about its promises of accountability and responsibility soon after it gets out of the present financial jam," he said. "I would not be surprised if it's broke again within the next five years."

Huskey says he would "definitely oppose" any attempts by the Chicago Board of Education to secure state funds for a bailout in the future.

"Not one downstate tax dollar was spent for Chicago schools this time that wasn't entitled to them long ago," he said. "All we did was given them a shovel to dig their way out of their own mess.

"It's about time Chicago stops getting special treatment and learns to conduct its business like all other cities in Illinois."

Huskey says his new Crisis In Education Committee will be drafting strategy to oppose various racial bussing plans on the legislature's spring agenda. Persons interested in serving on the committee can contact him at 424-5000.

Drivers between 16 and 24 cause most accidents

Forty per cent of all the fatal motor vehicle accidents in Illinois last year involved drivers between the ages of 16 and 24. Yet that group of drivers made up only 22.1% of the state's licensed drivers.

Drivers from the same youthful group were involved in 35.5% of last year's accidents in which someone was injured. And overall, drivers in the 16 to 24 year group had 31.4% of all accidents reported in Illinois last year.

These figures were compiled by the Illinois Insurance Information Service from the 1978 accident records of the Secretary of State and the Illinois Department of Transportation.

Those records also revealed that 29% of the 16 year old drivers; 23% of the 17 year old drivers; 22% of the 18 and 19 year old drivers and 19.5% of the 20 to 24 year olds were involved in motor vehicle accidents last year.

As for the rest of the drivers, those 25 and over – a group making up 77.9% of all the state's licensed drivers – only 11% were involved in accidents.

In totals, rather than percentages, 1,019,934 of Illinois 6,854,515 licensed drivers of all ages were involved in motor vehicle accidents during 1978. A total of 2,949 drivers were involved in accidents in which a death occurred and 232,454 in accidents resulting in injury.

American Red Cross sponsoring First Aid competitions

The American Red Cross Youth Services is sponsoring Regional First Aid Competitions throughout the Mid-America Chapter. In the South Cook Region it is being held February 16, 9 am - 1 pm at Oak Forest High School, 151st and Central.

The purpose of the Youth First Aid Competition is to provide the opportunity for youth to measure personal achievement in mastering skills in Red Cross First Aid. It also seeks to encourage participants to become further involved in Red Cross First Aid Training.

Each team entering the competition will consist of 4 members (ages 13-19 years), 2 alternates and 1 adult sponsor. All team members must be certified in Standard First Aid, Multi-media or Advanced First Aid and Emergency Care. There is a registration fee of $5 per team to cover patches and awards given at the competition.

All interested parties should contact the Red Cross office in Harvey at 331-1075 or call 440-2085.

Russo Reports from Washington

by Congressman Marty Russo

RUSSO CO-SPONSOR JUNK TELEPHONE CALL BILL

We're all beseiged with too much junk mail it seems, and now, thanks to technology, we can have an increase in junk phone calls as well. Actually, this is no laughing matter if you've had meals and conversations interrupted by advertising spiels.

I am one of eight co-sponsors of a bill to restrict companies making so-called "junk" calls. This "Telephone Privacy Act" was introduced by Rep Les Aspin of Wisconsin and this is not our first attempt to secure passage of the legislation. We are hopeful of holding hearings this spring on the measure.

According to the telephone marketing industry itself, every day some four million people object to junk call interruptions and hang up on the advertising spiels. Last year Congress got the Federal Communications Commission (FCC) to open an investigation of the "Junk" call industry, an investigation that is continuing. After the introduction of the legislation in the last Congress to restrict these calls, the FCC told Congressman Aspin it received more individual mail on this single subject than on any other in the FCC's history.

As I indicated, the potential for invasion has soared in recent years with the development of machines that can dial homes and play advertising tapes. One new British machine is so capable that only 193 are needed to telephone every home in this country in just one week. So there is potential here for disturbing our privacy on a scale never before considered.

The four main points of the bill are:

*It requires the telephone companies to give all subscribers the opportunity at least once a year to indicate if they do not wish to receive unsolicited commercial telephone calls;

*Every firm making such calls would need to obtain the list of subscribers who have hung "no solicitors" signs on their phones and to delete those numbers from their own call-out lists;

*Violators would be subject to a fine of up to $1000 for each call made in violation o the act. Becasue a firm could be expected to make honest errors, the bill provides that no prosecution can begin until the local U.S. attorney has received 10 complaints against the same firm;

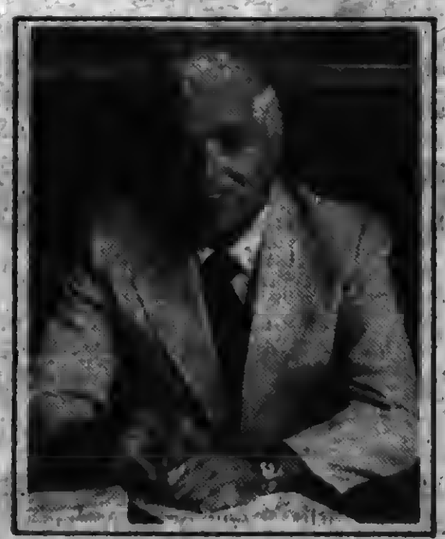
*The costs to the telephone companeis of administering the act are to be recovered from the firms making the "junk" calls through fees charged for the lists of persons who do not wish to be called. No extra charges may be assessed against telephone subscribers.

Huskey senior directory Update available now

Additional copies of State Rep Herb Huskey's revised senior citizen directory, Update, are now available.

Eighth District residents can obtain copies from him at either 6201 W 95th Street, Oak Lawn 60453, or 2061 Stratton Building, Springfield 62706.

Senior citizen clubs and other organizations wanting multiple copies, Huskey says, can pick them up at his Oak Lawn office. Phone 424-5000.



The guide features a listing of programs and benefits available to senior citizens in Illinois, and a list of senior-related bills passed by the General Assembly last year. It also contains a directory of state agencies most frequently called to help with problems, and a list of senior citizen clubs in the Eighth District.

According to Huskey, the guide is available without charge on a first come, first serve basis. It has been editorialized by one major Chicago newspaper.

Heritage Standard announces promotions

Russell Hollender

Therese Griffin

Bonnie Balko

Carolyn Merino

Barbara Sherman

Marion Shallow

Alfred J. O'Malley, chairman of the board and chief executive officer of Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, is pleased to announce the following promotions: Russell Hollender, vice president; Therese Griffin, vice president; Bonnie Balko, assistant vice president; Carolyn Merino, assistant cashier; Barbara Sherman, assistant secretary - personnel officer; Marion Shallow, assistant secretary - investments.

Russell Hollender began his employment with Heritage Standard Bank in 1972 as a brinks teller. He was a drive-in teller prior to his appointment as a Personal Banking officer in 1974. Although his current duties as vice president are predominatly in Personal Lending, he will be manager of the Heritage Standard Bank Oak Lawn facility now under construction. Russell is a member of the Oak Lawn United Way board and the Beverly Ridge Lions Club. He and his wife, Lynndell, reside in Beverly with their five-month old daughter.

Prior to her promotion as vice president of the accounting and control division, Therese Griffin held such positions as file clerk, bookkeeper, note teller, accounting clerk, and assistant cashier since her first job at Heritage Standard Bank in 1949. She has completed course work for numerous certificates from the American Institute of Banking and has taken accounting courses at Moraine Valley. She holds membership in such organizations as the National Assn of Bank Women and the South Suburban Assn of Bank Women; she is a bank representative to the Bank Admin Institute and finance committee member of the Assn of Chicago Bank Women. Therese's role in the Evergreen Park Business and Professional Women's Club is that of first vice president. In addition, she is publicity chairman for St Germaine's Women's Club and a board member for the Mercy High School Alumnae. Therese and her son, Donald, reside in Oak Lawn.

Employment with Heritage Standard Bank began in 1972 for Bonnie Balko, who has worked as a receptionist and in the trust and cashier's divisions prior to her duties as a Personal Banking loan officer and her current appointment as assistant vice president. She is pursuing a degree from Saint Xavier College. A resident of Oak Lawn, Bonnie manages a little league team in Mount Greenwood.

Having started her career at Heritage Standard Bank in 1959, Carolyn Merino, assistant cashier, has worked as a brinks teller, a special services teller, a mortgage bookkeeper, and the new accounts and customer service manager. Carolyn has attended numerous college and American Institute of Banking classes. She is a member of the BPW Club of Evergreen Park and is vice president of the Greater Mount Greenwood Youth Basevall. The Merinos have three children and are residents of Mount Greenwood.

The position of assistant secretary - personnel officer is held by Barbara Sherman, who has worked with the bank since 1976. Previously, she was employed by Heritage Bancorporation as a secretary. A resident of Evergreen Park, Barbara is a representative of the Chamber of Commerce, a member of the BPW Club, and treasurer of the League of Women Voters. She and her husband, Jim, have seven children.

Marion Shallow, promoted to assistant secretary - investments, is secretary to the chairman of the board. She has worked at the bank for nine years, and previously held such positions as receptionist and new accounts representative. She is a member of the Saint John Fisher Women's Club. Marion and her husband, Jack, live in Chicago and have four children.

RESTAURANT GUIDE

"SAS Singles are Special"

John Cardinal Cody, Archbishop of Chicago, was the guest of honor at a special general meeting of the Southwest Archdiocesan Singles celebrating the club's first anniversary. During his remarks, Cardinal Cody stated, "SAS, Singles are Special"—they have a special role to play as an integral part of the laity of the Church. He invited a committee of the singles to meet with Fr Raymond Sullivan, Vicar of the Office of the Laity, to discuss priorities of the laity in the Church.

In addition to Cardinal Cody, and Rev Sullivan, other distinguished guests included: Urban Vicars, Very Rev John W. Curran and Very Rev Edward Brozowski, and Rev Peter A. Franzen, pastor of Most Holy Redeemer Church in Evergreen Park.

Cardinal Cody told SAS's Chaplain, Fr Dave Byrne, that he would be happy to offer one of the Singles' Masses that the club sponsors monthly. His Eminence congratulated the club on attaining 390 members during its first year. He said, "Even though it is only one year old, it can more than tottle. It seems to be a standing adult that can get along pretty much on its own, and certainly it is a new organization in the Church."

Threatre - dinner party announced by St Xavier

Casting for the Neil Simon comedy, "Last of the Red Hot Lovers" has been announced by the Theatre II troupe at St Xavier College.

"Last of the Red Hot Lovers" is a hilarious comedy which tells the tale of Barney Cashman, a bumbling middle-aged fish restaurant owner who is bent on having the one wild fling of his life. Joe Collins, a senior at SXC and president of Theatre II, was chosen to play the lead role of Barney Cashman.

Starring with Collins are Anna Ortigara as Jeannette, Kelly Sirles as Bobbi Michelle and Kate Kisner as Elaine Navazio.

"Last of the Red Hot Lovers" will be presented at 8 pm on February 22, 23, 24, 29 and March 1 and 2 at SXC. Sunday matinees will be held at 2 pm on February 24 and March 2. Tickets are $2.50 for general admission; $1 for senior citizens. For reservations, call 779-3300, ext 287.

The SXC Alumni Assn will hold a theatre-dinner party on campus Saturday, February 23, combining a gala dinner with the play.

Theatre II also plans a spring presentation of Lerner and Loewe's musical, "Camelot" and summer performances of William Inge's "Picnic". Ron Mark, a Beverly resident, is the director of Theatre II and a faculty member in the SXC Speech Department.

OLB & PWC meeting

The monthly meeting of the Oak Lawn Business and Professional Women's Club will be Wednesday, February 6 at the Golden Age Restaurant, 4545 W 95th Street. Cocktails at 6:30, dinner at 7 pm.

Pictured above are cast members rehearsing for "Way Off Broadway" (l to r) Paul Nirchl, Irene Lenz, Joan Hoskins, Mary Jane Martin, Pat Daly and Gerri Grabowski.

The St Linus Players, for the tenth consecutive year, will present their famous "Way Off Broadway" production on Friday and Saturday, February 15-16 and the following weekend February 22-23. Three spectacular musical shows will be featured this year based on the best of Way Off Broadway in addition to the ever popular Palace Revue. All performances begin at 7 pm and tickets are reasonably priced at $6 for Friday performances and $7.50 for Saturday performances.

Way Off Broadway will again be produced by Ted and Mille Cronin. Decorated show lounges will feature entertainment for those waiting to see the shows and restaurants will be open for refreshment breaks. Nearly 1000 parishioners are involved in this extravaganza in order to assure a most enjoyable experience for those in attendance. Join them for an evening of fine entertainment and be sure to purchase your tickets early. The number to call for Ticket Central is 424-7800. All proceeds from Way Off Broadway '80 will be donated to St Linus Parish, 103rd and Lawler Avenue, Oak Lawn.

Historical Drama films series offered at Trinity

An "Historical Drama" film series will be sponsored this semester by the Public Service/Cultural Affairs Committee of the faculty of Trinity Christian College, Palos Heights.

The series begins on Friday, February 15 with "The Lion In Winter," a film depicting the struggle of Henry II as he deliberates over a successor to the throne. "A Man for All Seasons," the life of Thomas More, is an award-winning film presenting his conflicts as both a statesman and saint. This will be shown on Friday, March 14.

"Lawrence of Arabia," scheduled for Friday, April 18, recounts the drama of T. E. Lawrence, the British archaeologist, solider, and writer. And the final film, "Nicholas and Alexandra," is an epic depicting the Russian Revolution and the final days of Tsarist Russia. It will be shown on Friday, May 2.

Tickets may be purchased at the door for $1.50 each; series tickets may be purchased for $4. All films will be shown at 8 pm in the Chapel.

Trinity Christian College is located at 6601 W College Drive. For further information concerning ticket requests, call Dave Larsen, Dean of Students, at 597-3000, ext 31.

A cash bar and sandwiches will be available. Admission tickets may be purchased at the door.

Minus None Youth Center offers live band sounds

Live bands, are what being a teenager is all about. But where can Oak Lawn teens between the ages of 13 and 20 go on Friday nights for less than $5?

The "Minus None Youth Center" has solved that problem by sponsoring live bands every Friday from 7 to 10:30 pm, for only $1.50 with 1980 I.D.'s or $2.50 without I.D.'s.

On February 1 hear some original rock from "Static Cling". On February 15 "Equinox" will be performing the rock of the 70's.

The "Minus None Youth Center" is located in the back of the Village of Oak Lawn Annex, 9630 Southwest Highway. For more information call the Oak Lawn Youth Commission at 636-4400, ext 337 or 338.

FIELD TRIALS FOR HUNTING DOGS

Chicago area field trials this winter and coming spring are an excellent opportunity to see high quality hunting dogs of several breeds do their stuff.

Nearest to Chicago, the DesPlaines Conservation Area offers full schedule of trials nearly every weekend in February, March and April. More will undoubtedly be planned for later in the spring as well.

One of the DesPlaines trials, sponsored by the LaSalle Brittany Club on March 22 and 23, is a licensed American Kennel Club regional trial that will draw about 150 dogs from several states.

Meanwhile, over at the Green River Conservation Area in Lee County, three highly prestigious trials will head the bill in March and April. On March 29 and 30 the Illinois Winners' Classic will pit pointing dogs of all breeds against each other.

On April 5, the best German shorthaired pointer in the country will be chosen in the National German Shorthaired Pointing Dog All-Breed Championship. Agian on April 10, Green River will be the site of the Illinois Open Shooting Dog Championship, one of the top events in the country for pointers and setters, and one of the few events to offer cash prizes.

T.H.E. O.A.R. to hear Howard Dwan

All widowed persons are invited to attend a free program called T.H.E.O.A.R. —To Help Each Other Accept Reality. It consists of a series of meetings where widowed people talk to others who have suffered a similar loss. People who understand exactly what you're going through, comfort you and explain how they manage to cope with their loss and everyday living.

The topic of next months' meeting is "Payback with Energy Conservation". Guest speaker will be Howard Dwan, president of Energy Conservation Services Corp. Dwan who has a degree in aeronautical engineering and is an air movement specialist will discuss cost management of energy and how each individual can save money thru energy conservation.

Come and hear Dwan speak Friday, February 1 at St Xavier College, located at 103rd and Central Park Avenue in Chicago. The meeting will begin at 7:30 pm and will end at 9:30 pm. Refreshments will be served. There is no charge. T.H.E. O.A.R. educational meetings are sponsored by Blake-Lamb Funeral Homes. For more information call Rosemary Bradley at 735-4242.

Scholarships offered by District 34

All graduating seniors in the upper 20% of their class are eligible for the scholarships offered by District 34 of the Illinois Congress of Parents and Teachers. Students must live within the area of District 34 which encompasses the area in the southwest suburbs from LaGrange to Calumet Park.

The only stipulation for the one time, one year non-renewable scholarships of $500, $200 and $100, is that the scholarship must be used in a program which would help prepare the student to become a responsible citizen.

Applications are in all high schools within the District 34 area. Deadline for District 34 receiving the applications is March. Applications should be sent to District 34 Director Louise Kountz, 8937 S Richmond Ave, Evergreen Park, IL 60642.

Presentation of the scholarships will be made at the District 34 Scholarship Dinner, Monday, March 31, Evergreen Park High School, 99th Street and Kedzie Avenue.

OLCHS 21st Annual Jazz Festival February 2nd

Final stages of preparation are in progress as Oak Lawn Community High School prepares for its 21st Annual Jazz Festival. The festival will be held on Saturday, February 2, 1980 at the school, 94th and Southwest Highway.

This year there are a record 114 entries — 79 jazz bands, 18 vocal groups, and 17 combos — all ready to compete in one of seven different centers. Six of the centers are in the school proper and the seventh is in Harnew Elementary School located at 91st and Austin Avenue.

The competition begins at 8 am and continues all day until 4:30 pm. Following the day's activities, Roger Pemberton's Big Band will perform a free jazz concert.

This is not the end of the day, however, ten outstanding ensembles that have been selected from the day time competition will compete in the evening for the Best of Festival Traveling Trophy. This trophy is awarded by the OLCHS Band Parents Assn. The 1979 winner of the trophy was the Elk Grove High School Jazz Band with Doug Peterson as the director.

Hours of the festival are from 8 am until 4:30 pm followed by the Roger Pemberton Big Band Concert. Admission is free to this portion of the festival. The evening competition begins at 7:30 pm and admission is $3 for adults and $1.50 for students.

WILL BURYING NUCLEAR WASTE BURY US ALL?

It's enough to strike fear in anyone's heart.

Nuclear waste, by-product of every reactor in the world, radioactive for tens of thousands of years, lying there like some malevolent genie in a bottle waiting to be let loose.

That's what the future of commercial nuclear power hinges on. What do we do with the waste? Where on earth is it safe? Can burying it really keep it from coming back to kill us?

No matter what you've heard, there are answers. Solutions exist. Now.

One is reprocessing. Dissolving spent fuel rods in a strong acid, then separating out the plutonium and leftover uranium for reuse. It leaves just four percent of the total to bury. And in six hundred years, that four percent won't contain any more radioactivity than all the uranium ore mined to make the fuel in the first place.

Now, if six hundred years still sounds like an eternity, consider the process called vitrification. In plain English, that means immobilizing the waste. Actually turning it into a piece of solid glass. Inert, chemically stable glass, enclosed in a steel jacket an inch thick and buried.

Really buried. A good two thousand feet down in a bone-dry salt bed or granite formation whose very existence means it hasn't been disturbed by groundwater or an earthquake in at least ten million years. And in all probability, won't be for millions more.

But what if? If there were a quake. If the shifting earth drowned the site in a river of water. If the steel jacket ripped apart. If the glass inside were exposed to the current for ages to come. If somehow, in some inexplicable way, though glass is highly insoluble in water, it still managed to dissolve. And the water, though separated from the surface by two thousand feet of rock and soil, still managed to find a way up.

If all that happened, against all odds, the very volume of water would dilute the dissolved waste even further. And the slow flow (groundwater travels less than a hundred yards a year) would give the radioactivity remaining more than enough time to decay to about the same level as the background radiation we're exposed to all the time.

None of that is a pipedream. It's fact. Documented fact. Spelled out again and again in countless government reports and independent studies. Proven again and again in exhaustive tests and pilot projects (in England, France, Germany, Sweden and Canada, as well as Kansas, Nevada and Washington State). And almost universally accepted by the scientific and technical community world-wide.

What's more, there are literally thousands of square miles of salt beds and granite formations under America, and only a few square miles could easily hold every ounce of high-level waste generated by all our nuclear power plants put together. Not to mention the eighty million gallons stored up in the thirty-five years our country has been making atomic weapons.

The only problem we haven't solved yet is how to get the show on the road.

We can't reprocess because the government won't okay it. Despite the knowledge that every pound of plutonium we salvage not only leaves one less to bury, but also can produce as much energy as seven hundred fifty tons of coal or one hundred thirty thousand gallons of oil.

And we can't bury what we've already got, even though doing it safely doesn't depend on reprocessing, because Congress gave the government a monopoly on permanent storage back in 1970. And despite the weight of affirmative evidence, it hasn't acted yet.

The problem is, if all seventy-two nuclear power plants in the United States vanished tomorrow, nuclear waste wouldn't. There's still a lot sitting around, and less than one percent of it is from power plants. Remember, years of nuclear weapons production have amassed eighty million gallons, and there's more coming.

Isn't it time we laid the problem to rest?

Unions help handicapped

Park Lawn School and Activity Center and Garden School for the Handicapped were recently beneficiaries of a generous donation from the South Side Safety Committee, Tom Sinclair, President.

The members of this committee which is composed of business agents of various trade unions, toured Garden School in Burbank and presented a check to Mrs D. Durante from Park Lawn and Robert Norris from Garden School. This is the fourth year that this group has donated to the handicapped at both facilities.

Students participate in Mock trial

Students from the Youth In Government Program and Government classes at Harold L. Richards High School recently had an opportunity to take part in a mock trial before a judge at the Worth Township Court building.

The HLR students participated with students from Amos Alonzo Stagg High School in a mock murder trial that was heard before Fifth District Judge James J. Brennan.

Judge Brennan ruled the trial a mistrial, as requested by the students from HLR.

Student Brian Scofield, who was one of the defense attorneys, said he was "really in court. It was realistic and I was nervous at first," he said.

Brian's partner, Cary Carilio, who was also a defense attorney, said she felt it was a rewarding experience. "It was interesting to see what it's really like in court."

Bailif John Klatt, who got a overview of the court proceedings, said he felt it was a good learning experience because he is contemplating a career in law.

Marlene O'Connor was a prosecuting attorney and found this program to be a benefit to her because she, too, is planning to study law.

"This gave me an idea of what to expect in an actual courtroom. I learned a lot and this program has really benefited me," Marlene said.

Lynn Syring, who portrayed the woman on trial for the alleged murder, said it was a "very real situation" for her. "I really felt like I was on trial.

Marlene's parents attended the session and her mother, Arlene, who is a clerk in the Learning Resource Center at Richards Campus, said she believes this is a "fantastic program".

"I think these students are learning more by doing this than having it taught in a classroom situation," she said.

The students had an opportunity to practice at school prior to conducting the trial before a judge. They portrayed prosecuting and defense attorneys, bailiffs, witnesses and defendents.

News from Greater OL

Sr Citizens Club

The Greater Oak Lawn Senior Citizen Club met on Friday, January 11 with Al Rask, President, presiding.

Rask appointed Blli Borman, Rose Arnold and Bertha Dugdale to serve on the Auditing Committee. The books are to be audited the last Friday in February.

Rask also appointed the Nominating Committee: Nell Brown, Chairman; Chris Dahl and Margarge Burke.

The election of officers for 1980 will be held the first Friday in February, and the installation will be held Friday, March 7.

Dads and lads basketball game

Covington School PTA hosted a fathers vs the Covington Cavaliers Basketball Team game on Tuesday, January 29. The team was selected in November after try-outs and compete against other schools in the district. Coach Anzelmo works with them daily. Members of the Cavaliers are; Tom Baxa, Randy Stancik, Bill Strenk, John Dvorak, Scott Peters, Jeff LaFoy, Skip Morris, Derek Sobczak, Rich Owen, Chris Randle, Mike McGrath, Steve Fabian, Mike Biros, Kevin Farley, Jim Casson, Jim Collachia, Al Zad and John Atkinson.

Hopeful fathers, under the direction of Bernie Malas, have been working out on Wednesdays in the Covington Gym.

Cheerleaders for the Cavaliers are: Indy Nowak, Carrie Daum, Pam Tynan, Julie Fionda, Kim Brines, Martha Vida, Shelley Schroeder, Tammy Fritz and Mary LaGiglia. The girls are coached by Miss Moan, the Covington Music teacher, and do a beautiful job.

Since the dads couldn't get the Dallas Cowboy Cheerleaders, some moms volunteered to keep up their spirits. The mom cheerleaders were under the direction of Maureen Edling, former Covington PTA President. Jim Ruth was the program chairman for the fun evening.

HLR Freshmen orientation

Freshman orientation for students who next year will enter Harold L. Richards High School, Community High School District 218, will be held February 5 at Richards East, 107th Street and Kenton Avenue.

The program, scheduled to begin at 7:30 pm is open to eighth grade students who live within the boundaries of HLR and their parents.

Representatives will be available from each department to discuss academic courses and involvement. There will also be representatives available to discuss athletic programs and extra-curricular activities.

Associate Principal Glenn Ambler and Dean of Students Judith Dain will explain general information concerning the school, rules and regulations and what is expected of a student who attends HLR.

A brief tour of the building and facilities, along with refreshments, will be provided. For more information, call the school at 499-0225, ext 501.

OLCHS Booster Club honors fall athletes

The Oak Lawn Community High School Spartan Athletic Booster Club recently honored the school's fall sports athletes at their 13 Annual Sports Award Night. Students recognized participated in girls cross country, swimming, tennis and volleyball and boys cross country, football and golf. Also honored were the cheerleaders along with their sponsors Ms L. Ragsdale and Ms K. Pilat.

Ed Marks, Director of Curriculum, who was the Toastmaster for the evenings program, delivered the invocation. The athletes, their parents, coaches and guests were welcomed by Supt Hal Wiltshire on behalf of the District 229 Board of Education. Spartan Booster Club Vice President Ralph Schmidt congratulated the award winners and thanked the parents attending for their support of the Spartan Booster Club event.

After refreshments were served, each varsity coach introduced their coaching staff and announced their Most Valuable Player. Each of the MVP's, who was selected by teammates, received a trophy in honor of their outstanding achievement. After the MVP presentations, each sport moved to their own location to distribute individual awards.

Recipients of the MVP awards were:

GIRLS CROSS COUNTRY — Carol Ryan (senior). Carol was a unanimous pick by her teammates. She placed first in all dual conference meets and finished in the top ten in all invitationals. Carol was 2nd in Conference and 3rd in District to qualify for the State meet. She placed 69th out of 236 in the State meet with her best time of 12.48.0 for 2.1 miles. Ms Linda Reynolds coached the girls cross country team.

Oak Lawn Rotary host Australians

Pictured above is the Group Study Exchange team from Australia and members of the Oak Lawn Rotary Club who took part in hosting these young men during their recent stay in the Oak Lawn community. From (l to r) are: Davis Boyd, Bruce Gall - a wildlife biologist, David Hallam - a rancher, Brian Anderson, Gordon Ross - Rotarian and team leader from Australia, Robert Webster - a Grazier, Ray Elder - an accountant, Ron Conaghan - a detective, Harold Bacon and Ray Blake.

The Group Study Exchange Program is an educational activity of the Rotary Foundation. It provides awards for an exchange of groups of young business and progessional men between paired Rotary districts in different countries for one or two month periods. This program is an opportunity for young people to study another country, its people and institutions.

These young men from Australia were all very interested in our way of life and enjoyed many tours in the Oak Lawn and Chicago areas. The Rotarians and their families also benefitted greatly by sharing experiences and learning much about Australia.

GIRLS SWIMMING—Nancy Lough (senior). Nancy was the team captain and broke a school record in the 200 yeard and 500 yard free style. She was also part of a 500 year relay team that broke a school record. Nancy won two medals at the conference swim meet (a third and fourth place). Switching to the distance events after competing as a sprinter for the past three years, Nancy was the teams best individual medley swimmer. Gabriel Minc is the coach of the swimming team.

GIRLS TENNIS — Shiela Burgess (senior). Shiela played both singles and doubles as she completed her fourth year on the varsity with a record of 52-12. This year in doubles, she was chosen All Conference, won the District Championship, and qualified again for the State Tournament. The tennis team is coached by Ms Cindy Sternisha.

GIRLS VOLLEYBALL — Caroline Barajaz (senior). Caroline completed her fourth year on the team and was chosen as the captain. She played spiker/defense and was named to the All Conference Team as All Around. Ms Joyce Icenogle coaches the volleyball team.

BOYS CROSS COUNTRY — Dave Szum (senior). Dave earned his second letter this year. He worked his way up from 7th man as a junior to first man this year. He ran the fastest time on the home course this year. Jim Piaskowsy is the cross country coach.

GOLF — George Matulik (senior). George played in all but two of the 58 dual matches during his four years on the golf team. He earned his second varsity letter, had the team's second best score for the Conference meet, had the best score in the District meet, and the 3rd best 9 hole score during dual match competition. Bob Gates coached the golf team.

FOOTBALL — John Major (senior). John played running back and defensive end. He carried 132 times for 788 yards and a 5.6 average, 8 touchdowns and two 2 point conversions. On defense he had 41 tackles, 45 assists, 3 interceptions and one sack. John was named to the First Team All Conference as a running back.

New president named for Oak Lawn Trust

LeRoy Corradino

Thirty years ago in June of 1949, a young man began his career with the Oak Lawn Trust and Savings Bank as a Teller Trainee. Upon his return from the United States Air Force in 1956, LeRoy M. Corradino continued his career with the Oak Lawn Trust & Savings Bank as Vault Custodian. In 1957, LeRoy married Augustina Di Nova, known to all in the Oak Lawn area as "Gussie", and was promoted to manager of the Bookkeeping Department. LeRoy's dedication to the Oak Lawn Trust & Savings Bank and to the Oak Lawn community have led to his recent election as the Bank's new president.

LeRoy Corradino is a past president of the Oak Lawn Chamber of Commerce and is currently serving as Director and Secretary of the Oak Lawn Rotary Club. He has served as a District Chairman and Finance Chairman of the Timber Trails Boy Scout District. His time and efforts have been given generously over the years to the Oak Lawn Heart Fund, March of Dimes, Oak Lawn Community Chest and the Parish of St. Linus. LeRoy has served the Village of Oak Lawn as a member of the Zoning Commission and as financial advisor to the Park District. He has served as an advisor to Moraine Valley Community College and Oak Lawn High School and has made munerous other contributions to the growth and development of the southwest suburban area.

Mr. and Mrs Corradino and their three children, David, Dean, and Denise, have made many friends in the southwest area over the years. LeRoy proudly regards these friendships and business relationships as his finest achievements.

Mother McAuley Mothers Club kicks-off Benefit Drive and Grand Raffle

The Mothers Club of Mother McAuley Liberal Arts High School kicked off the annual Benefit Drive for the school on Monday, January 28, 1980. The Benefit Drive is the school's yearly fund-raising event that enables Mother McAuley to meet the deficit between the price of tuition and fees and the continually spiraling costs of school operations. It is estimated that the cost of education for one student is $1000, while tuition for the 1979-80 year is $850.

The end product of the Benefit Drive is the program book displaying ads purchased from McAuley students by donors from both local businesses and private beneficiaries. In addition to the program book, a Grand Raffle will be held. Cash prizes of $1000, $500, and $200 will be offered.

Committee members of the Mother McAuley Mothers Club preparing for the benefit drive are (l to r) seated: Mrs Jeanne Amendola of Palos Heights; Mrs Rosemary Roache of Chicago; Mrs Joan Stenson, co-chairman of Chicago; Mrs Joan Schimanski of Oak Lawn and Mrs Sylvia Lotak of Oak Lawn. Standing: Mrs Mary Sosna of Oak Lawn; Mrs Jo Mc Kane of Palos Heights; Mrs Arlene Sheely of Oak Lawn; Mrs Barbara Mullarky of Oak Lawn and Mrs Alice Clark of Chicago.

The Benefit Drive helps parent supporters of Mother McAuley High School, to secure quality Catholic education in the future.

Seniors concerned with rent increases and condo conversions

A number of concerned senior citizens gathered at Oak View School, 4625 W 110th Street, this past Monday, February 11, to speak out against the continued raises for their rental units. The majority of these renters are on fixed income and where the rent continues to escalate, their income does not.

The other problem they face is the conversion to condominiums. They cannot afford to purchase because many do not have the down payment. If they should have the down payment the interest rates on the mortgage are so high that the payments become prohibitive on their income.

Oak Lawn Trustee Jay Bergamini, was present at the request of the seniors, and he spoke to them of the inequities in the property tax systems.

"We're in a situation between emotion and economics," Bergamini said, "the developer can't make enough money on his investment by renting and is forced to convert. The condo's are destroying rental housing and driving the poor and elderly from their homes and also making it almost impossible to relocate."

Explaining the higher rents Bergamini told the seniors that the homeowners are taxed at a rate of 16% of assessed valuation, rental units (over six units) are assessed at 33% of assessed valuation. As the assessed valuation rises, the amount of taxes to be paid rises and the landlord has to pass the burden of payment on to the tenant. When the burden becomes greater than traffic will bear the landlord converts to condo's thereby getting his money back from his investment.

John Hayes, spokesman for the group who said he had received a $30 a month raise and another party in the group had received a $50 a month raise, called this "discrimination" against the renter.

Bergamini agreed saying that part of it was politics and offered a solution to attack the inequity. He said that he would ask the support of the board of trustees on a resolution to be drawn up that would be directed at the governor, the state legislature, the county assessor, the congressman and all other officials to consider some type of relief.

"We have to tell them we want it," he said, "and it's up to them to think of a way to help but not be counter productive to our community."

He told the seniors to start organizing their many senior groups in Oak Lawn and have them start writing, calling and sending telegrams to all their officials telling them "we vote too!"

Trustee Bergamini told them that he will have the resolution drawn up and ready for presentation at the regular meeting of the President and Board of Trustees in the Oak Lawn Village Hall, Tuesday, February 19, 8 pm.

Park commissioners honor Yourell and Zajac

The Oak Lawn Park District Board of Commissioners at their regular meeting of January 14 honored State Representative Harry "Bus" Yourell and Joseph J. Zajac with Resolutions. Yourell was presented with a resolution in recognition of his service and dedication on behalf of parks and recreation. Zajac, a long time resident of Oak Lawn, was presented with a resolution in recognition of his many contributions to the youth of the village.

Stronger legislation sponsored for rapists

Legislation to increase prison sentences for convicted rapists is being co-sponsored in the Illinois House by State Rep Herb Huskey.

Under the present ILLINOIS CRIMINAL CODE, Huskey says, rape is designated a Class X felony with a determinate sentence between 6 and 30 years. The judge may impose an extended sentence of not less than 30 years nor more than 60 years where certain factors of aggravation exist.

According to Huskey, the proposed change (H.B. 2856) would "give judges greater discretion" by allowing them to impose a natural life sentence in cases of exceptional brutality or heinous behavior indicative of inhumane cruelty. In addition, the bill requires extended term penalties for a second conviction of rape.

"Anyone who inflicts such great physical and emotional trauma on another individual deserves harsh punishment," Huskey said.

"The ever increasing number of reported rape incidences alone show that our present law doesn't either successfully deter would-be rapists, or reduce repeated offenses," he noted.

"Moreover, the many rape victims who do not now report this crime to the police might be more willing to press charges if they know their attacker would be adequately punished."

House Bill 2856 will now be heard by the House Judiciary Committee.

Park District receives huge grant

Senator Frank M. Ozinga announced that the Illinois Department of Conservation has approved development grants within the 8th District for Oak Lawn Park District, $750,000; City of Palos Heights, $82,500; Alsip Park District, $102,500; Chicago Ridge Park District, $100,000 and the Oak Lawn Park District, $200,000.

The grant applications will now be submitted to the federal government and when final approval is given, the park districts will add baseball fields, tennis courts, small recreational lagoons and children's playground areas.

Senator Ozinga said that under the Federal Land and Water Conservation Fund program, the park districts have to pay for the improvements but will then get reimbursed half the amount from the federal government.

Through the State of Illinois, the Department of Conservation has given final approval for 121 projects which will now be submitted to the Department of the Interior. The grants are awarded thru the Heritage, Conservation and Recreation Service.

GOP meeting February 21

The Worth Township GOP will hold its regular monthly meeting Thursday, February 21 at 8:15 pm, at the Johnson-Phelps VFW, 9514 S 52nd Avenue.

J. Robert Barr, Chairman of the Republican Central Committee of Cook County will be the guest speaker and installing officer at this meeting.

Numerous other candidates for office will be in attendance, including Larry Sarsoun, 3rd District Republican Candidate for Congress, Christy S. Berkos, Candidate for Circuit Court Judge, and speakers from various Presidential campaigns.

In addition, Barr will install the new officers of the organization: President Tony Bejeck, Honorary Executive Vice President Hamilton Maher, Vice Presidents Leo Gutchewsky, Lee Lehr, Mary Lea Swanson, and Chuck Wagner, Recording Secretary Arlyne Justus, Financial Secretary William Fullerton, Corresponding Secretary Gerry Elzinga, Treasurer Lawrence Hupe, and Sergeant-at-Arms Rich Miller, Sr.

Committeeman Herb Huskey urges all Republicans to attend this meeting and to unite behind the 1980 leadership team. He stated, "1980 is an extremely important election year. The Presidential election magnifies the importance of voter participation. However, there are a number of other crucial offices to be voted upon, such as the U.S. Senate and Supreme Court Judge. This is the time to study the issues and the candidates."

All Worth Township residents are invited and refreshments will be served immediately following the meeting.

CHEAPER THAN NEW YORK. SAN DIEGO. LOS ANGELES. BOSTON. BALTIMORE. PHILADELPHIA. CLEVELAND. GARY. PITTSBURGH. TAMPA. NEWARK. KANSAS CITY. TERRE HAUTE. DES MOINES. ETC. ETC. ETC.

No, the grass isn't always greener everywhere else.

There are plenty of places where the price of electricity is higher than it is here. Big ones, like New York City, where it's nearly twice as much.

And some not-so-big ones, not so far away, where they pay more too. In Lafayette and Des Moines and Terre Haute, for example. Even though it costs more here for land, taxes, wages and almost everything else we have to contend with, like laying 138,000-volt cables under downtown Chicago.

Now, if you're tempted to ask how come we're cheaper in spite of all that, there are really several answers.

The fuel we use. About forty percent of it is uranium. And from a cost standpoint, that's as good as you can get.

The innovative technology we've developed. Like refrigerating those cables we mentioned so they can carry bigger loads. In other words, move more electricity for less money.

And something else just as important, called "economies of scale." Lower costs due to larger size. It saves us a bundle, which helps keep our rates down.

What it all means is that even with the rate increase we need, when all's said and done, your electricity should still be cheaper. Because nobody's rates are going to stay where they are until America finally licks the problem of inflation.

So the next time you think we're asking for too much, take a minute to think about the people in New York and Los Angeles and little Lafayette.

A lot of them would probably like to be in your shoes.

Fire department free babysitting course

The Oak Lawn Fire Department will conduct a free baby sitting course beginning Thursday, February 28 and running thru Thursday, April 3 from 7 to 8:30 pm each Thursday night. Classes will be held at the Church of the Nazarene, 6343 West 90th Place.

Fire Chief Elmore Harker announced that the course will be open to all Oak Lawn residents twelve (12) years and older. The purpose of the course is to instruct students in the handling of emergencies and to insure Oak Lawn parents that their children are being taken care of by a qualified and competent individual.

The 6 week course will be conducted by Fire Department Lieutenant Ron Murray, head of the Fire Prevention Bureau.

SESSION ONE, February 28 will be an orientation program by Chief Harker and Lieutenant Murray. Subjects covered will be "Why we are here", "When to call the Fire Department", "How to call the Fire Department" and a movie "Have a wonderful evening".

SESSION TWO, March 6, will be "Common emergencies", burns, poison, bleeding, shock, etc., conducted by the Fire Department Paramedics and the "Parents viewpoint" of good and bad babysitters such as use of refrigerator, TV, telephone, wages, conducted by Mrs Kay Siple.

SESSION THREE, March 13, will be the movie "The new pulse of life" and C.P.R. technique using "Resusi Annie" and "Baby Annie" conducted by the Fire Department Paramedics.

SESSION FOUR, March 20 will be "How to entertain children" conducted by the Sismilich family of the Papoose Pre School and "The nurses view" care and feeding; handling and bathing of the baby conducted by the Assistant Director of Obstetrics of Christ Hospital.

SESSION FIVE, March 27, conducted by Sergeant Macke of the Oak Lawn Police Department will cover the safety to and from sitting jobs, prowlers and phone cranks. (Written test.)

SESSION SIX, April 3, conducted by Chief Harker and Lieutenant Murray of the Oak Lawn Fire Department will review the written test, present awards and baby sitting kits.

If you are interested in this course, apply at the McCastland Fire Station, 103rd & Kostner Avenue or call 422-0388 from 9 to 5 pm. The course is limited to 75 students, so early registration is encouraged.

LETTERS TO THE EDITOR

TEDDY KENNEDY ADVISING MRS BYRNE?

Mayor Jane Byrne has suggested a "privilege" tax for those suburbanites working in Chicago. This proposal would be beneficial to no one.

Chicago businesses already pay substantial taxes for essential services like police and fire protection. Taxing workers for services already paid for by their employer would be unfair.

Were such a tax imposed, the suburbs possibly would retaliate with a "privilege" tax of their own. Hundreds of thousands of Chicago residents, already paying excessive taxes for living in "the city that works", have jobs in outlying areas. Certainly these people should not be further penalized.

Mrs Byrne's proposed tax would reduce the number of suburbanites working in the city. Perhaps she feels this in itself would help relieve unemployment in Chicago. Realistically, however, few employers would accept limiting themselves to hiring only Chicago residents. The failure of the city school system to teach basic skills would lead to an exodus of businesses and jobs.

In short, the "privilege" proposal would mean higher taxes and fewer jobs. Such an idea suggests that Mrs Byrne is getting economic advice from Teddy Kennedy.

Student writes card to Iran hostages

Dan Stack, an 11 year old student at Caroline Bentley School, wrote the American Hostages in Iran a poem inside his Christmas card. His teacher selected Dan's poem to share with the readers of the Herald-News in New Lenox, IL:

"It's not your fault,
Whatever people say,
It's Iran's,
And Ayatollah's way,
They kicked out the Shah,
and blamed it on you,
Now you're stuck in a room
with nothing to do.
You've all been brave,
And also strong,
You're being mistreated
But, held out long,
We'll get you out
Without a war,
So don't you worry,
And don't be sore,
Merry Chrsitmas and Happy New Year.

Dan Stack is the grandson of well known Ed Stack of the Holiday Inn, Oak Lawn.

WOMEN AND BUSINESS CONFERENCE — 1980

With growing numbers of women entering or already active in the business world our offices in the District receive many calls from women looking for information of a "how-to" nature.

Often the answers are not readily available but now I can make a recommendation to interested women.

The United States Small Business Administration, in co-sponsorship with the Loop Center YWCA is sponsoring a "Women and Business Conference — 1980; Tools for Success", to be held from 8:30 am to 5 pm on Thursday, March 13, 1980 at the Conrad Hilton Hotel.

The conference has been designed especially or those who want to enter or to advance in mid-management or to change careers. Also featured will be a full day workshop for those who want to start their own businesses and to learn about government assistance programs. Emphasis will be placed on concrete business information a woman needs to assess and decide where she is and where she wants to go, and how to get there.

It is the sign of economic health when there is so much active interest by women in pursuing careers in business. This conference is an affirmation of the new spirit of cooperation between the federal government and the private sector.

News FROM Rep Harry "Bus" Yourell

Rep Harry "Bus" Yourell

YOURELL TAX RELIEF MEASURE

The Democratic tax relief package offers immediate tax relief with no restrictions on local government. Rep Harry "Bus" Yourell, who co-sponsored the legislation, said the Democratic plan was "a package we can live with".

Yourell's legislation raises the general Homestead Exemption by $1500 to give homeowners a total exemption of $3000 off the increased equalized assessed value of their homes.

"For most homeowners, this means an additional tax savings of more than $100 a year," Yourell said.

Unlike the Thompson plan which was vague and untested, the Democratic plan utilized a well known and reliable tax relief mechanism which has proven equitable and effective with no restrictions on local governments, Yourell said.

Yourell, who has sponsored legislation to require the state to pay for mandated programs, and explained, "We, who sit in Springfield, should not be telling local officials what to do with their programs without providing the funding".

Although Thompson called his plan a tax limitation, Yourell said it actually would have forced automatic annual tax increases as local government would always levy up to the maximum allowed to avoid losing money in the future. Also, the Thompson plan would have penalized governments which have acted with fiscal responsibility and conservatism in the past, Yourell added.

Included in Yourell's legislation was a provision allowing local governments to abate tax levies by resolution. Previously, only certain municipalities had that power.

This provision was included to allow those government bodies which overlievied because of uncertainty about the constitutionality of the corporate personal property tax replacement to abate those levies.

However, Yourell suggested that all local governments reexamine their spending needs in the next few weeks to see whether they could use this provision to lower their tax requirements.

"We rejected Thompson's plan because it imposed too many restrictions on local governments," Yourell said. "Now we are asking local officials to make a voluntary effort to cut taxes now to avoid any future attempts by the legislature to restrict their taxing powers."

Mail fraud complaint information

A consumer protection program to guard against mail fraud swindle is now available from the United States Post Office, says State Rep Herb Huskey.

Area residents who have complaints related to a mail fraud swindle or an unsatisfactory mail order transaction should contact the Postal Inspection Service, Consumer Protection Program, P. O. Box 7975, Chicago, IL 60680.

According to Huskey, postal inspectors are also available for group speaking engagements to discuss common types of mail fraud swindles and offer preventive measures. Additional information is available from Postal Inspector Donald Davis, 886-2836.

During the past five years, Huskey says, American consumers have lost almost $500 million annually to mail fraud schemes. More than $74 million has been lost to land fraud swindles alone since 1960.

A Message to Our Readers:

The slogan reads "The Largest News Source in the Oak Lawn Area" and that's a fact!

Many of the residents, or newcomers to the Village of Oak Lawn, want to know what's going on — where it's going on, and who is putting it on! This is all brought to you on the pages of VILLAGE VIEW, the only Oak Lawn based newspaper.

We make every effort to introduce you to the mayor, village clerk, the village manager, the board of trustees and the department heads. We tell you what your congressman and state representatives are up to.

Our reporter covers all meetings in the Oak Lawn Village Hall. We think of ourselves as the "watchdog" for the residents. When things are good we tell you and when they are bad we tell you too — softly. We try to keep you informed on the trustee in your area until you, the reader, can call him by name.

We want to tell you about our busy Oak Lawn Park District and their offerings for the youths and adults, that are many and diversified. We keep you posted.

The Oak Lawn Library is one of the finest in any village. Free movies, talks, meetings and displays in abundance. There is something for everyone. We have a special library column that stands out just to make the finding easier.

Our Senior Citizen Center, built by the village fathers, is comparable to only one other in the United States. Friendly people, beautiful building, loads of activities and lots of parking space. Look for their special column in VILLAGE VIEW.

You can read about your fire and police departments and the many community services they offer. Don't just know them when you get a traffic ticket, or have a fire, know them as they really are — all nice people.

We also have a PTA column and tell you when they meet, stories about the local schools and what the students are doing, and your own Moraine Valley Community College.

There is a "Social Scene" that keeps you up on all social events and many that you might like to attend if you knew when and where. We have a gossipy little column where you may read your neighbor's name.

Probably best of all is the Editorial Page (6) where we express our thoughts and views as we see them. Mostly we feel that our reporter is very well informed and will pass the information on to you in an unbiased manner. We just try to tell it like it is and let you form your own opinion.

We welcome your homey stories that may not be right for the larger papers but are just right for VILLAGE VIEW. Tell us about your weddings (pictures accepted), anniversaries, babies, the son or daughter you are proud of, we print them all.

On the bottom of our letter we have supplied a subscription blank. VILLAGE VIEW is printed on the 1st and 15th of the month, and costs just $5.00 a year. Once you have become a subscriber the newspaper is mailed first class to your home for one year. There are no collections, no picking it up off the street, and no drying it off over the register.

Stop guessing! Be the best informed resident on all village events. Subscribe today!

Thank you,
Vina O'Malley

P.S. Please trade with the ADVERTISERS on our pages. They alone make VILLAGE VIEW possible.

TOURS ARE A BARGAIN

Jim Buschbach

Whether traveling abroad or in the United States, package tours are popular choices at vacation-time. Here is a brief description of the tours available from our office.

A PACKAGE TOUR is a pre-arranged itinerary which has been put together to appeal to people interested in visiting a certain place or places or people who share a commont interest – such as ski enthusiasts, theater goers, or art lovers. These tours may be either escorted or unescorted.

The ESCORTED TOUR takes advantage of low group rates. This is a good way for the first time traveler to see a country, since a tour director travels with the group and handles all details (reservations, transportation, baggage, customs, etc). The UNESCORTED TOUR enables the traveler to purchase a pre-arranged package complete with transportation, hotels, transfer, etc., yet he travels alone instead of in a group. The GROUP TOUR is one in which a number of people from a club or organization travel together. Traveling in such a group brings lower prices.

Whether you'll be travelling with a group or would prefer a specially planned itinerary suited to your own needs, we'll be happy to help. Stop in at WORLD TRAVEL MART, 5615 W 95th Street and talk with us today.

Zoo open to amateur photographers

Winter is a great time to photograph animals at Lincoln Park Zoo. To help you get the best shots of winter animals in their element, The Lincoln Park Zoological Society is hosting an afternoon workshop for photographers of all ages on Saturday, February 16. Noted professional photographer, Carl E. Krupp, will share his experience photographing animals at the zoo, particularly "Bertha", Lincoln Park Zoo's own jaguar.

Refreshments will be served while guests meet Krupp and browse in the Zoo Shop where all gifts are on an animal theme. Krupp will also discuss his limited edition color print of "Bertha", now available for sale at the shop.

The workshop begins at 2 pm at the Zoo Shop in the Crown-Field Center, Lincoln Park Zoo. For more information, call The Lincoln Park Zoological Society at 935-6700.

McAuley Annual Father Daughter Dance

Freshmen of Mother McAuley High School recently had the honor of being escorted by their dads to the Annual Faither Daughter Dance. Making up an attendance of approximately 800, these lovely "couples" danced to the music of the Dave Adamonis Band. Chairmen of the dance were Mrs William Claussen, Mrs Raymond Schwaller and Mrs Thomas Owens, all of Oak Lawn. Once again, members of the Mother McAuley Mothers' Club made sure dad's night out was a very special one. Shown above are (l to r) Raymond Schwaller, Nancy Schwaller, Joan Claussen, William Claussen, Mrs Robert Sheely and Mrs Wayne Kuchan, all of Oak Lawn.

"ANDROCLES AND THE LION"

The students at Lawn Manor School in District 125 hosted the play "Androcles and the Lion" sponsored by the Drama Club from Oak Lawn High School. Each month the students at Lawn Manor host a play, musical, speaker, and other special programs that are appealing and culturally enriching.

Upcoming events include a presentation by NBC's weatherman, Terry Burhams; a special book fair; a visit to the Hamlin Upper Grade Center's gymnastics demonstration; and the Cole Marionettes presentation of "Beauty and the Beast".

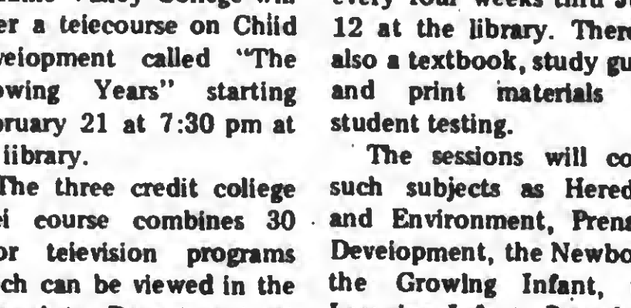
The Growing Years

The Oak Lawn Public Library in cooperation with Moraine Valley College will offer a telecourse on Child Development called "The Growing Years" starting February 21 at 7:30 pm at the library.

The three credit college level course combines 30 color television programs which can be viewed in the Fine Arts Department at the library at any time and five class meetings held every four weeks thru June 12 at the library. There is also a textbook, study guide and print materials for student testing.

The sessions will cover such subjects as Heredity and Environment, Prenatal Development, the Newborn, the Growing Infant, the Learning Infant, Pre-school Mental Development, Childhood to Adolescence and Adolescence to Adulthood.

The cost for the telecourse is $15 a credit hour or $45. Registration coupons will be available at the library but will be handled by MVCC. For further information call MVCC at 974-4300, ext 237. Henry Allan, of the Non-Traditional Learning Center at MVCC, is coordinating the telecourse.



Ice Capades Trip

The Youth Service League of the Southwest YMCA is sponsoring a "farewell to winter trip" to the Ice Capades on Wednesday, March 5. Reserved seats in the mezzanine are available for the 7:30 pm performance at $8 each. The show will feature well known skating star Dorothy Hamill.

For reservations call Rose Cloban at 423-0047 or Terese Tomalewicz at 599-9389. The trip is open to families. The chartered bus will leave the Alliance Savings & Loan parking lot, 95th Street and Cicero Avenue, Oak Lawn at 6 pm and return about 10:30 or 11 pm..

Andrews to speak at SSCA Banquet

The staff of the South Suburban Council on Alcoholism is delighted to have Dana Andrews at their Fourth Annual Banquet. Andrews is well known for his many important roles in film and TV.

His concern for the plight of those suffering from the disease of alcoholism is evidenced by the amount of time he takes from his busy schedule to help combat the stigma attached to this disease. Whenever time will permit, Andrews makes speaking engagements throughout the country. This will be his first presentation on alcoholism in the Chicago area.

The date is Friday, March 28, 6:30 pm until ? at the Condesa Del Mar. The cost is $16 per person, including dinner.

Please make your reservations early. Tickets will be sold on a first come, first served basis and will be mailed to you upon receipt of your check.

"The Foggy River Boys" make return engagement

Mayor Ernie Kolb above has offered his support for the Queen of Martyrs Senior Citizens' musical show "The Foggy River Boys". Catherine Croix (l) and Annette Vaneelow are members of the senior group.

"The Foggy River Boys" masters of entertainment have been brought back for a repeat performance by the Queen of Martyrs Senior Citizens.

So great was the response that the afternoon performance on April 9, at the Mother McAuley Auditorium, 3737 W 99th Street, has been completely sold out. Tickets are still available for the evening performance at 7:30 pm.

The seniors have been contemplating holding the entertainers over until April 10 for a 1 pm performance. Much will depend on the demand for tickets to see this group belt out their super renditions of gospel, patriotic or barbership tunes.

The price of individual tickets is $5 or you can arrange for a group of 30 or more at a special club incentive rate. Students and children are $3.50. For ticket info call 423-0853 or 422-8053.

FIELD TRIALS FOR HUNTING DOGS

Chicago area field trials this winter and coming spring are an excellent opportunity to see high quality hunting dogs of several breeds do their stuff.

Nearest to Chicago, the DesPlaines Conservation Area offers full schedule of trials nearly every weekend in February, March and April. More will undoubtedly be planned for later in the spring as well.

One of the DesPlaines trials, sponsored by the LaSalle Brittany Club on March 22 and 23, is a licensed American Kennel Club regional trial that will draw about 150 dogs from several states.

Meanwhile, over at the Green River Conservation Area in Lee County, three highly prestigious trials will head the bill in March and April. On March 29 and 30 the Illinois Winners' Classic will pit pointing dogs of all breeds against each other.

On April 5, the best German shorthaired pointer in the country will be chosen in the National German Shorthaired Pointing Dog All-Breed Championship. Agian on April 10, Green River will be the site of the Illinois Open Shooting Dog Championship, one of the top events in the country for pointers and setters, and one of the few events to offer cash prizes.

You do not have to be divorced to attend. The public is invited.

*****

BLAKE-LAMB SPEAKERS BUREAU

The Blake-Lamb Funeral Home "Speakers Bureau" will present a program to the South Chicago Community Hospital Student Nursing Staff on Tuesday, February 19, 1 to 2 pm. The topics of discussion will be: "Coping with Grief", "Helping the Terminally Ill" and "Ethnic Traditions in Funerals". The Blake-Lamb speaker will be David Culyat. Included in his discussion, will be informative filmstrips on these topics.

Ms Virginia Lapic, head of the student nursing program at South Chicago, has requested Blake-Lamb for this presentation.

The purpose of the Speakers Bureau is to educate and provide interested community groups and organizations with pertinent information and literature relative to death and dying. Blake-Lamb would like to offer the services of the Speakers Bureau to any responsible group, community organization or school. Films and printed literature are also available upon request. There is no charge for any of these services provided by the Blake-Lamb Speakers Bureau. For more information contact Marilyn Youngbloom at 735-4242.

When winter storms rip through our area, leaving a blanket of snow and ice behind, power lines can be knocked out. What should you do if the lights go out? Here are a few tips to help you weather the storm:

Always keep a fresh supply of batteries on hand and place a flashlight in a convenient location so you can find it quickly. Transistor radios come in handy, too. Stay tuned to local stations to keep informed about the outage and when the utility expects to have power restored.

If your lights go out, check to see if power is out in the neighborhood or if only your house is affected. If it seems to be affecting only your house, call the local utility office and report the problem. Otherwise, wait a few hours before calling to avoid overloading the switchbaord. Chances are, the crews are already on their way.

There are a few precautions that you should take when the power goes out. Unplug or turn off appliances such as toasters and televisions. Also, keep doors and windows shut and drapes and curtains drawn. Food will stay fresh in the freezer for up to 24 hours, but it's a good idea to keep the regrigerator and freezer doors closed as much as possible so that the cold air does not escape.

Do not try to operate a furnace which requires a blower while the power is off.

If you do spot a fallen power line or burning transformer, don't hesitage to give the utility a call. However, do not attempt to move the power line yourself and do not step in nearby puddles.

While electricity is usually restored within a few hours, damage caused by severe winter ice storms may take longer to repair. This is because heavy ice may cause large sections of wire to fall, and crews must exercise extreme caution when working under these dangerous conditions.

Remembering and practicing these few suggestions will help you and your family through a power outage.

Oak View captures championship

Oak View Elementary School, 4625 W 110th Street, captured its first championship in volleyball by defeating Stony Creek 15-7 in the final of a three game match. Oak View won the first game 15-12 while Stony Creek stormed back after being down 8 to 4 to win the second game 15-11. Both Oak View and Stony Creek finished the regular season with 5-1 records with each of their losses coming at the hands of each other.

Oak View Coach, Karen Vrshek, said, "Our team showed real improvement from the first game of the season in which we lost to Stony Creek to our final victory in the championship." Oak View Principal, George Kernwein, commended both Mrs Vrshek and the Oak View team members for their fine performance throughout the season and their six game wining streak which brought the school its first Volleyball Championship.

Members of the winning team were: Nick Cappas, George Capra, Louis George, Mike Connors, Paul Stefanos, Matt Wasielewski, David Salem, Mike Lehman, Phillip Moy, Tina Jansto, Jeralyn Zawacki, Carol Rook, Denise McDonald, Any Mikitka, Julie Armstrong, Carla Guastella and Debra Pirkle.

Oak Lawn high school career center combines services with state services

The Oak Lawn High School Career Center recently expanded its services to students. On January 28, an agreement was implemented with the Illinois Department of Labor thru the Illinois Job Service. The Career Center now has the use of the Illinois Department of Labor job listings for Chicago and its suburbs. These listings, along with a microfiche reader, will be located in the Career Media Center in Room 105. The new service is available to all students and residents who reside within the District 229 boundaries.

The Career Media Center houses numerous books, pamphlets and other miscellaneous information on careers and the world of work. Also located in the Center is the Guidance Information Systems (GIS), a computer based information system that allows students to receive a variety of information about jobs including the training and education required for a variety of careers.

For any further info about the Career Media Center contact Jim Smenos at 424-5200, ext 48.

Ex-smokers offered kit to help others

The American Cancer Society now has a kit available for ex-smokers to help their friends and family quit smoking. This kit is designed as a tool that can be used quite effectively to help inform others why they should also make the crucial decision to quit smoking.

The main premise behind this kit is to help smokers understand why they smoke (there are six basic factors), and then to offer helpful suggestions and advice on how to overcome the habit. The benefits of quitting are emphasized over the dangers of continuing as a puffer; the positive approach is very evident.

A seven-day quitters guide outlines specific activities and instructions that may be used (at your own rate, if desired) to help the smoker quit now and keep off cigarettes in the future. One example is. . . Take a shower, you can't smoke in there!

Also included is a daily Cigarette Count Chart that can be wrapped around a pack of cigarettes. The smoker learns to evaluate his need of each cigarette and cut down on the less important ones, gradually working up to cutting out the more important ones also.

If you are interested in helping a friend quit smoking, or if you are a smoker who wants to quit, your local American Cancer Society office in Park Forest has free literature and materials to help you along the way. Interested persons may also call the office at 747-0403 to obtain information on when the next I Quit Smoking clinic will be held in the south suburban area.

This will continue as long as the Americans are held hostage in Iran.

Mrs Arlene Diericks, school principal, states that all classes say the Pledge of Allegiance every morning.

Minus None Youth Center open house February 27th

Parents and Oak Lawn Youth of all ages are invited to an evening of family fun at the Oak Lawn Youth Commission's open house February 27 from 7 to 9 pm.

Family games, a slide show of activities, refreshments and a karate demonstration will be a part of the activities at the open house in the Minus None Youth Center, 9630 Southwest Highway, Oak Lawn.

The open house will also be an opportunity for residents to meet the Youth Commission staff and members of the board of youth commissioners. Representatives from the counseling, job referral, and recreation staffs will be on hand to answer any questions about all the services which are available free of charge to Oak Lawn Youth.

Supervision will be provided for young children.

The double-door entrance to the Minus None Youth Center is located in back of the Village of Oak Lawn Annex building on Southwest Highway.

The Oak Lawn Youth Commission is a public service agency for youths between the ages of 6 and 20 who live or attend school in the Village of Oak Lawn.

Oak View announces Lincoln Day quiz winners

Oak View Elementary School, 4625 W 110th Street had over 25, 5th and 6th grade students compete in the District 126 Lincoln Day quiz. Students took the 100 question written exam on the life of Abraham Lincoln, Illinois' most famous son.

Karen Vrshek, 5th grade teacher at Oak View, worked with the members of her class in reviewing the significant events in Lincoln's life. The school's Learning Center, according to Learning Center Director, Bill Boucek, enjoyed a real run on books, materials, and encyclopedias that dealt with the life of Abraham Lincoln.

The hard work paid off for four Oak View students who received honorable mentions for their high scores on the exam, Cathy Bolanos, Chuck Szurgot, Mike Stiber and John Stefanos. Mr Kernwein, Oak View Principal, said, "We were pleased with all those 5th and 6th grade students who took part in the quiz and especially proud of those students who received a honorable mention."

Dr Nolan opens new Optometry Building

Dr Joseph Nolan (right), world renowned optometrist, is shown with his son and partner, Dr John Nolan in front of their new Optometry Building located at 114th and Harlem in Worth.

In 1967, Dr Nolan became one of the world's pioneers in Orthokeratology research, which is the practice of controlling and correcting nearsightedness by the use of contact lenses. During the past 14 years, he has completed thousands of hours of research and has published over 17 major articles and research findings on Myopia control. Dr Nolan has guest lectured and presented research findings to major Contact Lens Congresses all over the world.

The new facility, as well as their Oak Lawn office, is equipped with the most modern Photo Electronic Keratoscope which photographs the cornea of the eye. The procedure measures the entire corneal curvature which allows for the best possible fitting of contact lenses. The computerized fitting is utilized for hard, soft, and semi-soft contact lenses in regular contact fitting, bi-focal contact lenses, cataract, monovision and Orthokertology.

Prevention is a major consideration in their Optometric practice. Dr Nolan has been very much involved in the prevention of Myopia (nearsightedness) in children for many years. Presently he uses environmental controls, vision therapy, glasses and contact lenses to help his patients prevent what has been referred to as a myppia epidemic.

Although Drs Nolan specialize in contact lenses, their office also provides for regular patients that require glasses and/or vision therapy. The frame room is spacious, bright and well-mirrored and contains hundreds of frames for the patients' selection.

The new office in Worth and their Oak Lawn office in Green Oaks Shopping Center, is open from 9 am to 8:30 pm daily and 9 am to 5 pm on Saturdays.

First State Bank houses postal facility

A new U.S. Postal facility opened in the lobby of the First State Bank of Alsip February 29. The announcement was made by Mace Rubenstein, President and Chairman of the bank at 11346 South Cicero.

"We are opening this facility to provide a new and improved service for the residents of the area," said Rubenstein, noting that neither Alsip nor Crestwood has a post office and that the Oak Lawn post office is two and one half miles north of the bank.

Among services to be provided will be sales of stamps, deposit of outgoing mail, mail weighing on official scales, and bulk mail services to businesses. Bank money orders will also be available.

Two tellers have been given intensive training by postal officials and will staff the two teller windows which will be dedicated to postal business during regular lobby banking hours, 9 am to 4 pm Monday thru Friday and 9 am to 1 pm Saturday.

U.S. postal service trucks will take outgoing mail directly to the Chicago Post Office daily.

"With the opening of the new facility on February 29, we are continuing our program of offering all possible conveniences to the communities we serve," Rubenstein added. "Naturally we hope to make friends for the First State Bank of Alsip, but the windows will of course be open to customers and non-customers alike."

Postal officials assisting in the establishment of the bank facility are Chicago Postmaster Frank Golde, Robert Tugrove, director of customer service, Janet Williams, manager of retail service, and William Oliver.

Condo moratorium ordinance fails

Trustee Jay Bergamini's attempt to pass an ordinance for a six month moratorium on condo conversion went down to a 5-1 defeat at Tuesdays board meeting.

Bergamini had proposed the moratorium after having met with a group of senior citizens concerned that the high rents and condo conversions were displacing them and could force them out of Oak Lawn.

Bergamini said that, "The ordinance would give us time to put together plans to build rental units."

His suggestion was for possibly 2-100 units financed by industrial revenue bonds. He suggested a cost of $1 million a piece and said that it would not be a low income housing project.

Bergamini said, "It won't be geared for any particular group but our seniors would be the first to be considered. We could become innovative with a plan such as this for housing for our seniors and young people."

Trustee Ron Stancik, who voted against the moratorium, said, "It is the unfair property tax that is a disease and the renters should direct their attention to the county assessors office."

The property tax rate is 33% of assessed valuation on apartment rentals and a 16% rate for condos and homes.

At a previous meeting Hardek said the politicians place the tax burden on renters because as a rule they do not vote.

Ed Meier, President of the Southwest Suburban Board of Realtors asked to speak and said that this is the third time he was here to oppose the erosion of the rights of owners. He said they have been working on the proper way to handle condominium conversions and that they were, "much closer to providing one that you could live with".

John Hayes, speaker for the seniors who were present, said, "If we accomplished according to this gentleman it would take 5 years."

Barbara Kozlarek, realtor and president of the Oak Lawn Chamber asked to speak.

"We feel that this (the moratorium) is an invasion of our free enterprise system. In this process owners are being penalized.

"We need something," she said, "we must find a way to help our seniors and it has be to immediately."

Trustee John Hardek said that Bergamini was misleading the seniors as his motion would not solve tax problems.

"There can be no condo conversions unless there are people to buy them," he said, "and the people are buying them."

Hardek suggested tax incentives to builders to build. He said the people should ask the politicians to help cut taxes.

Bergamini replied that he hadn't said this was a "solution" but would give them time.

Mayor Kolb said there are probably solutions but not on a local level. Anything done locally can be defeated in court. He went on to say that if it behooves the trustees to get into senior housing perhaps Mr Meier could help the board.

Many of the seniors left the meeting very upset leaving behind a comment that they came for help and nothing had been done to ease their problems.

Delegates huddle on GOP leader

As the political winds continue to shift, the uncommitted delegates, (l to r) Walter Cox, Chicago, John Hardek, Oak Lawn, Senator Frank Ozinga, Evergreen Park, Ronald Sulkens, South Holland and Owen Thomas, Hazel Crest, continue to evaluate who best will lead the Republican party in 1980.

Richards opens swim school for all ages

Registration will be held March 1 and 5 for the Harold L. Richards High School swim school. The swim lessons will be offered to residents in the HLR attendance area. Minimum age is 6.

Interested persons can register from 8 am to 10:30 am March 1 and from 6:30 to 8:30 pm March 5 at the Richards Campus swimming pool, 106th Street and Central Avenue. The first lesson will be Saturday, March 8 and each Saturday for 10 lessons. Cost is $10.

The beginning class for adults will meet at 8 am. The advanced strokes class, no maximum age, will meet at 9 am. Beginning classes for students 6 and above will meet at 10 and 11 am.

On dates when swim school is in operation the pool will be open from noon to 1 pm for recreational use. Cost is $1 per person. $3 per family of 3 or more. No advance registration necessary.

All swimmers must supply their own suits and towels. Persons with long hair must wear a bathing cap.

For more information on any of the programs, contact Tom Kobierski at 499-2550, ext 648.

Governor Thompson proclaims Nurses Week

Governor James R. Thompson has proclaimed March 9 thru 15 Illinois Nurses' Week.

The annual week-long celebration honoring the state's 80,000 registered nurses is sponsored by the Illinois Nurses' Assn. Using the theme "Horizons '80 — Nursing Unlimited", INA local district organizations across the state will conduct special activities calling public attention to the essential and varied roles nurses play in providing high quality health care for all citizens.

Nurses today are highly-skilled, well-educated professionals working in many settings and capacities. Through their professional organization, the INA, Illinois nurses work together to secure passage of health care legislation, improve standards of nursing education and patient care and promote nurses' economic and general welfare. 1980 marks the 21st consecutive year that INA has sponsored Illinois Nurses' Week.

Plaza College and Careers Fair

Selecting a college and career is a confusing decision that many young adults must face. To aid in making this complicated decision, the Evergreen Plaza at 95th and South Western Avenue will hold a "College and Careers Fair" on February 29 and March 1 and 2.

The "College and Careers Fair" was designed to give local and state colleges and the armed recruitment offices the opportunity to distribute materials about their academic offerings, fees and other necessary information which would be of aid to prospective students. Representatives from the participating colleges and recruitment offices will be in Evergreen Plaza on Friday, February 29 from 12 noon to 8 pm, Saturday, March 1 from 10 am to 5 pm and Sunday, March 2 from 12 noon to 5 pm.

Many of the local colleges will also have information on the adult education programs they have to offer. These enlightening programs are sure to have something for everyone's interests.

For an experience that may aid in making one of life's most important decisions, mark your calendar to visit Evergreen Plaza's "College and Careers Fair".

Judge Elward receives award

At a recent dinner held at the Sabin Restaurant in Berwyn, Judge Paul F. Elward of the Circuit Court of Cook County was presented a "Public Service Award".

The award was presented to Judge Elward for his outstanding interest and loyal support of law enforcement officers and the community's Law and Order Program. President Luzin went on to say that Judge Elward's support has made the community a better place in which to live and work.

Judge Elward served 14 years in the State Legislature and has been a judge for the past 10 years. He is presently assigned to the Law Division at the Daley Center in downtown Chicago. Judge Elward and his wife, Eileen, live on Chicago's north side and he is the father of five children.

Edward F. McElroy, Director of Special Events for WJJD Radio, was toastmaster of the dinner.

The Illinois Police Federation makes their headquarters at 4205 W Irving Park Road in Chicago.

Shown above with Judge Paul F. Elward are Attorney Sheldon Sandman of Wilmette (l) and Rick Luzin, (r), President of Illinois Police Federation.

RTA announces additional and easier transportation service

Route 379 (West 79th Street) was extended from 87th to 95th Streets and from Narragansett Street to Cicero Avenue on February 25 by the Regional Transportation Authority in order to serve additional riders and make easier connections to other RTA routes.

The east end of Route 379 will now serve St Laurence High School, Queen of Peace High School and Scottsdale Shopping Center. It will connect to RTA Routes 382 (Central Avenue), 383 (South Cicero Avenue), 79 (79th Street) and 54B (South Cicero).

The west end of Route 379 will now serve K-Mart and Forest Hill Medical Center and connect to RTA Routes 381 (95th Street) and 386 (127th/Harlem). The new extension of service will operate hourly.

The basic adult fare on Route 379 is 60 cents. Transfers are available for an additional 10 cents and senior citizens with RTA Special User Travel Cards may ride for 25 cents.

The Route is operated by Suburban Transit System, Oak Lawn.

The RTA is also issuing schedules for Route No 385 (87th/111th serving Moraine Valley College).

Schedules are available at the RTA South Suburban Cook County Regional Affairs Office, 4744 W 135th Street, Crestwood or by phoning RTA Travel Information, toll free, 800-972-7000.

Richards' "Shamrock for Dystrophy" Drive

The student council members of Harold L. Richards, Community High School District 218, have joined in the 1980 Shamrocks Against Dystrophy campaign scheduled for March 14, 15 and 16.

The students will be in the Oak Lawn community exchanging green "Shamrocks Against Dystrophy" buttons for voluntary contributions to the Muscular Dystrophy Assn.

Last year, more than 100 Chicago area schools and youth organizations, collected $65,000 to benefit children afflicted with muscular dystrophy and related neuromuscular diseases.

Proceeds from the annual "Shamrocks" campaign will help support research projects, free "muscle" clinics and the special Bob Kennedy Muscular Dystrophy Summer Camp in Lake Villa, IL.

Anyone interested in signing up for the "Shamrocks Against Dystrophy" drive should contact Fred Monk, Student Council Advisor, or Geri Ready, Student Chairperson, at 499-2550.

Hinde promotion announced

The promotion of Charles J. Hinde to the position of plant engineer at Electro-Motive Division of General Motors has been announced by Garner W. O'Leary, works manager.

Charles J. Hinde

Hinde served in the Army Air Force during World War II. He then attended Notre Dame U where he earned a bachelors degree in mechanical engineering. He continued his education at Chicago U where he was conferred a master of business administration degree.

Hinde joined Electro-Motive Division in 1950 as a process engineer at Plant Two in Chicago. In 1951 he transferred to quality control as a supervisor, and in 1952 he was promoted to general foreman in the same department. In 1956 Hinde became assistant superintendent in production and moved to the LaGrange plant. He held a number of positions of increasing responsibility, the last of which was superintendent of plant engineering, prior to his recent promotion.

Hinde and his wife, Virginia, are the parents of three children and they reside in Oak Lawn.

Mc Currie announces candidacy

Lester McCurrie, long-time Oak Lawn resident and well known southwest side attorney has announced his candidacy for circuit court judge. McCurrie is running to fill the vacancy created by the retirement of Judge Robert L. Hunter.

McCurrie, a former Chicago policeman who obtained his law degree by attending school at night while on the police force, has specialized in criminal and civil trials since becoming an attorney in 1963. He also worked for the office of Assistant State's Attorney from 1963-55.

Mark Zuro, Campaign Coordinator, announced that there will be a fund raising cocktail party for the campaign on March 4 at the Chateau Bel Aire, 10312 S Cicero. Anyone interested in assisting should call 423-5414.

McCurrie, a graduate of St Rita High School, '48, is married to the former Mary Lou Clark, is the father of four and currently resides in Palos Park.

Irish Harpist concert at library

Irish Harpist Margaret Kinnally will give a concert of classical music of Ireland on Sunday, March 9 at 2 pm at the Oak Lawn Public Library Sunday Afternoon Concert series continues.

Mrs Kinnally has studied with Sean O Riada at University College Cork, where she heard a tape of the famous Trinity College Harp, one of Ireland's national treasures. She then set about finding a similar harp. After several years she acquired a harp built by Jay Witcher of Santa Rosa, Cal. It is made of California walnut and is an exact reproduction of a 17th century Irish harp with its characteristic bell-like resonance. It is played by plucking the brass wire strings with the fingernails, the same technique used by the ancient, itinerant Irish harpers.

Mrs Kinnally, a native Chicagoan, is a member of the Chicago Irish Folklife Society.

La Rabida doctor chairs Lupus Society

The Lupus Society (L.E.) meets monthly at various locations in the Chicagoland area. This non-profit organization currently has approximately 800 members, mostly lupus patients and their families, and is a chapter of the Lupus Foundation of America. The goals of the group are briefly, to raise funds for Lupus research, to educate public and patients about S.L.E., and to provide moral support when needed.

The Lupus Hotline (312-779-3181) is manned by volunteers, and anyone seeking information on lupus will receive a packet of excellent material. Currently spearheading the organization is President, John Walsh of Beverly, who is also vice president of the L.F.A.; Ron Martin of Arlington Heights, vice president; John O'Hara of Flossmoor, treasurer; Mrs Pat Galloway of Oak Forest, secretary; Mrs Nancy Walsh of Beverly, corresponding secretary; Mrs Lois Burleson of Oak Lawn, membership chairman and Mrs Joy Everson of Oak Lawn, publicity chairman.

Membership chairman Lois Burleson and Dr Severro Guerrero are shown above planning future meetings. Lois and daughters Julie and Diane are active Lupus organizers.

The society is fortunate in having a fine Medical Advisory Board, with Dr Burton Grossman of LaRabida currently serving as chairman. Others serving on the M.A.B. are newly appointed members, Dr Daniel Hirsen of Northwestern and Dr John Verier Jones of Presbyterian St Lukes. Returning for a second year are Dr M. Edward Medof of Chicago U and Dr Lauren Pachman from Children's Memorial. Dr Severro Guerrero of Illinois Masonic is an honorary board member.

LUPUS is a chornic inflammatory disease of the connectlve tissue which afflicts primarily young women of child bearing age. For further information dial 779-3181 or write L.E. Society, Box 812, Chicago, IL 60642.

Capitol Federal offers free blood pressure test

Capitol Federal Savings at 3960 W. 95th Street, Evergreen Park will have nurses from Home Care Services South & West, Inc, on Monday, March 3, to give free blood pressure readings.

For more information call Capitol Federal at 239-3500.

District 122 announces caucus

The caucus is a group of local people sponsored by your PTA's churches, and other community organizations in the district. The purpose is to encourage people to run for membership on the School Board and to screen candidates who appear before them. After all candidates have been screened, the caucus members vote for all or any candidates. The caucus, as a whole, endorses all candidates that receive a 2/3 quorom vote.

This election year there will be two vacancies to be fill, both are three-year terms. Meetings are held twice a month with the exception of July and August when they are held once a month. Filing dates are from February 27 - March 21. The last day to withdraw your filed petition is March 25. Petitions may be obtained from the District 122 Administration Office located at 6500 W 95th Street, 8:30 am to 4 pm Monday thru Friday, phone 599-5550.

Those interested in Caucus endorsement can contact Mrs Doris Wallace at 425-4891.

The election will be held on April 12, if you intend to be out of the district, you are urged to pick up an absentee ballot. Absentee ballots may be requested by mail no later than April 7 or they may be picked up in person no later than April 11. These ballots may be returned by mail or brought back in person to the administration office.

Ridge church welcomes new pastor

Faith Baptist Church of Chicago Ridge welcomes Pastor and Mrs Lowell Barnard to minister to the needs of the church and the community.

It was a privilege for those that heard Pastor Barnard deliver his first message on December 9. Being a missionary pastor he has served in a number of baptist churches over the past 20 years. Building each one in number until they were financially self supporting. It is now a pleasure for Faith Baptist Church to welcome him and his wife.

Pastor Barnard came from the Calvary Baptist Church in Bergland, MI and now resides in Chicago Ridge. He is presently serving under the auspices of the Fellowship of Baptist for Home Missions.

Installation services will be held on Sunday, March 2 at 3 pm. Refreshments will be served following this joyous occasion. An invitation is extended to everyone to attend and take this opportunity to meet Pastor and Mrs Barnard and welcome them to both the church and the community.

Faith Baptist Church is located at 11025 S Ridgeland in Chicago Ridge. Sunday School for all ages starts at 10:45 and morning worship services are at 11. Evening gospel hour is at 6 pm followed by Young Peoples Training Hour at 7:15. Wednesday prayer meeting gathers at 7:30 pm.

Westside baseball to enjoy new facilities

This coming season, people from Westside Baseball can enjoy a new building being constructed by the Oak Lawn Park District for their enjoyment. It will house a consession stand, meeting rooms, equipment room and washrooms. The building should be completed by April 1. It will add a new look to the fields, thanks to the Oak Lawn Park District.

Anyone still wishing to register their children for this season should contact Al Stermer, c/o Westside Baseball, P. O. Box 1372, Oak Lawn, IL 60453. Give your child's name, address, phone and age (must be 7 by August 1, 1980). You will be contacted about all the details.

Nursing and the legislative process

On Thursday, March 6 District 20 Illinois Nurses' Assn will present a program entitled "Nursing and the Legislative Process". Debbie Smith, the Illinois Nurses Assn lobbyist in Springfeild, will be the speaker. The meeting will start at 7 pm at the Thorton Township Hall, 333 162nd Place, South Holland. All registered nurses are invited to attend this discussion of legislation and political manuevering.

Volunteers needed for Big Brother or Big Sister

Someone needs you. Would you like to be that someone? There is a big need for volunteers functioning as a Big Brother or Big Sister. All you need to do is spend 4-6 hours per week with a Little Brother or Little Sister, and be at least 18 years of age. Whatever your hobbies may be, stamp collecting, golf, hiking, macrame, or bowling, you will find your Little Brother or Little Sister willing to share it.

In a village the size of Oak Lawn, there should be many people willing to care for these children generally from single parent homes. If you're willing to donate your time to help a boy or girl call the Oak Lawn Youth Commission at 636-4400, ext 337 or 338.

"Because Somebody Cares"

The film "Because Somebody Cares" will be shown at the PLOWS Council on Aging general membership meeting on Monday, March 10. Produced as part of Project Chicago's Forgotten, the film focuses on the need of the isolated elderly for companionship, a need that is often overshadowed by their economic and physical needs. Included in the film is a segment featuring one of the PLOWS friendly visitors.

The meeting will begin at 1 pm in the 700 Building at Moraine Valley College, 10900 S 88th Avenue, Palos Hills.

Seniors are invited to preview this film, soon to be aired on local television. The public is also invited. Coffee and refreshments will be provided. For more information call the PLOWS office, at 422-6722 or 422-6769.

LCMH Reflections '80 Luncheon

The tenth annual Little Company of Mary Hospital Luncheon and Fashion Show, Reflections '80, will take place at the Martinique in the Grand Ballroom and in the Main Dining Room on Wednesday, March 12, starting with a social hour at 11:30 am, lunch at 12:30 pm and the fashion show at 1:30 pm. Participating models will represent auxiliaries from some 30 hospitals, parishes, high schools and civic organizations. Over 1000 guests are expected to attend this affair.

Vivian Sowa, left, and Colleen Gallagher, general co-chairmen, are pictured above in the Oncology Department at the hospital viewing the Clinic 4 Linear Accelerator. Five years ago, the LCM Auxiliary pledged $325,000 to purchase this machine for the Radiation Therapy Department. Their final payment will be given to the hospital at the Reflections '80 Luncheon. This sophisticated and powerful tool provides over 8600 treatments for more than 400 cancer patients each year.

Reflections '80 has become one of the largest and most spectacular of all fashion shows presented in the southwestern suburban community. Its success can be attributed to many dedicated LCM Auxiliary members, participating models and organizations and numerous friends of the hospital who attend this show. Luncheon reservations and additional info regarding this event can be obtained by calling LCMH at 422-6200, ext 5043.

Reflections '80 will be one of the many events held this year to focus attention on the golden jubilee anniversary of the hospital whose motto for 1980 is "50 Years of Caring and Sharing".

Oak Lawn — Social Event of the Year

St Louis de Montfort Women's Club will hold a broadway style musical fashion show "Magic of Spring" at the Lexington House, 8 April 6:30 pm. The women's club is quite excited introducing Joanne Brooks Productions Ltd. (Glencoe) to Oak Lawn and the surrounding areas. Joanne has held fashion shows at such places as the Park West, Northbrook's Court, and the Pump Room to name a few. She is noted for "her always excellent musical fashion revue" says Tower Ticker by Aaron Gold. Fashions will be by the Velvet Trunk and Lor Vals Emporium of Jeans, both from Oak Lawn. For ticket information contact Marge Matson, 599-5300. Tickets are $15.00.

Shown above (l to r) Mary Jane Carroll, vice ticket chairman; Marge Matson, ticket chairman; Eleanore Chap, treasurer; Ruth Negrete, president; Leslie Zajack, school chairman; Linda Graff, vice president; Jackie Adomovicz, Arts and Crafts chairman.

Ballet trip offered by Moraine

A Saturday afternoon with the Joffrey Ballet is offered by Moraine Valley College on May 10. The package includes bus transportation to the theater and back and prime seats for the performance. The price is $18 per person.

Ballets in the Joffrey's performance include Petrouchka, L'Apres-Midi D'un Faune (Afternoon of a Fawn), Le Spectra de la Rose, Parade and several others.

A limited number of reservations are available from the MVCC Community Services Center 8900 W 111th St, Palos Hills; 974-4300, ext 362-363.

SENIOR ARTS & CRAFTS SHOW AND SALE

The third Arts and Crafts Show and Sale conducted by the Worth Township Senior Citizen's Organization will be held on Saturday, March 29, from 9 am to 3 pm. They hope you are ready with your wares to sell for the "Easter Bunny".

Large tables will again rent for $3.00 each and card tables will be $1.

They would like to see every Senior Citizen Club in Worth Township represented, but tables may be rented on an individual basis also.

Please call 371-2900, ext 19, if you are interested in participating in the third Arts and Crafts Show and Sale.

RICHARDS PTSA TO SPONSOR COFFEE

The faculty and Parent-Teacher-Student Association Board of H.L. Richards High School will host a coffee February 26 for local elementary PTA presidents and executive boards.

Jean Smoots, HLR PTSA president, said the purpose of the meeting is to acquaint the local PTA presidents and executive boards with the HLR PTSA Board and to inform them of the educational program at HLR.

In addition to an informal discussion, those in attendance will be given a guided tour of the school.

MEMO FROM THE OAK LAWN PUBLIC LIBRARY

CAPTIONED FILMS AT LIBRARY

"Butch Cassidy and the Sundance Kid," with Paul Newman and Robert Redford, a captioned film for the deaf and hearing impaired, will be shown at the Oak Lawn Library on Sunday, March 9 at 2 pm.

On Saturday, April 5 at 2 pm the "Trial of Billy Jack" with Tom Laughlin will be shown. The film for May 4 will be "Five Easy Pieces" starring Jack Nicholson and Karen Black also to be shown at 2 pm.

The captioned films series is made possible thru a federally funded program and is coordinated at the library by Nadine Walsh. Due to occasional cancellations, those wishing to attend should ask a friend or family member to call Ms Walsh before coming to the films.

The movies are for the deaf and hearing impaired, only. The changes in scheduling were made necessary because the library is closed on Friday evenings when the films were shown previously.

Admission is free and the films are shown in the lower level community room.

Granato earns Knox varsity football letter

John R. Granato

John R. Granato, son of Mr and Mrs John Granato, Sr, Oak Lawn, has been awarded a varsity letter for his participation on the 1979 Knox College football team.

A 1978 graduate of St Lawrence High School, John, who is a sophomore, was one of 52 to earn a football award. This was his second season of participation on the team.

Under the direction of third year coach Joe Campanelli the Siwash gridmen ended the season with a sound victory over arch-rival Monmouth College, which rounded out the Knox record to 4-4 and 2-2 in Midwest Conference play.

John started out very well at the quarterback position but injured his shoulder. Coach Campanelli is looking forward to John's return. John threw the season's longest pass, an 80 yard touchdown completion.

Energy corner

by John Hogan
News Information Supervisor
Commonwealth Edison Co.

The unseasonably warm temperatures in November, December and much of January were great for holding down heating costs, but counting on help from the fickle weatherman is not one of the ways Edison recommends to conserve energy at home.

Do you know that for every degree under 70 you set your thermostat you save about 3% on your heating costs? On the other hand, every degree that you set your thermostat over 70 adds about 3% to your heating costs. Keeping an eye on the thermostat is one of the best ways to save energy and money.

If fact, you may want to reduce the setting at night or when you will be away for longer periods. But don't shut off your heating system completely because cold weather could freeze the water pipes.

Setting a thermostat higher will usually not heat an area any faster. If you set your thermostat for 70 degrees, your system will probably heat your home to 70 degrees as soon as possible. Setting the thermostat to 75 won't raise the temperature to 70 any faster. A higher setting may eventually overheat your home.

You can feel more comfortable at lower temperatures if the air has enough moisture. The humidity in your home can be raised by installing a humidifier which could enable you to lower the thermostate setting.

Drapes, blinds and curtains can act as insulation, so on these winter days, let sunlight into your home to warm the air and cut the heating system's load. Close them at night to help hold in the heat.

Make sure you don't block warm air circulation with furniture, drapes or shades. Also, if you have unused space in your home, close the registers or radiators so you don't have to pay to heat them.

In most homes the single greatest area of heat loss is the roof, which is also usually the easiest area in which to install adequate insulation. An uninsulated home can lose up to twice as much heat as an insulated one. Properly insulated homes' heating plants operate less frequently and require less energy.

Other items that should be included on any winterization list are storm windows and doors, weather stripping and caulking and heating plant maintenance.

Storm windows and doors can significantly cut heat loss and reduce drafts.

Since air can leak in and out through windows and door frames, you should make sure all joints are weather stripped and the frames are caulked.

On forced air heating systems, make sure the filter is cleaned at least every 30 days for peak operating efficiency. This will reduce energy and keep your home cleaner.

There are at least 101 ways to conserve electricity at home, and Edison has compiled them in a handy, 21-page booklet called "The Waste Watcher's Guide". To obtain a copy, free of charge, write to: Commonwealth Edison, P.O. Box 767, Dept. AVI, Chicago, IL 60690.

Chicago Christian receives high marks

The Chicago Southwest Christian School, 5665 W 101st Street, recently received high marks from an examining team sent out by the Illinois State Board of Education.

In a written report, the evaluation team specifically commended the elementary section of the school for its highly motivated, positive teaching staff, its library, and its "well defined" goals in reading, mathematics and language. The team also studied the Junior High program, and formulated this statement: "A positive, productive atmosphere permeates the school, indicating a cooperative effort involving students, staff and the administration."

The evaluation team also remarked on the absence of graffitti in the building which is attributed to "a high level of student morale".

The Chicago Southwest Christian School was founded in 1925. Since 1958, its main campus has been in Oak Lawn. Its enroliment is open to children of parents who are members of evangelical churches and who are committed to Christian education. The school is run by an association composed of Christian parents.

The purpose of the school is to provide a Christian education for pupils in kindergarten thru 8th grade. Even in subjects such as mathematics and chemistry, students are taught that there are divine laws which govern the structure of the world. Bible courese are also included in the curriculum.

The school system currently contains 640 students, of which many are from Reformed or Christian Reformed denominational backgrounds. Students from 24 other denominations are also enrolled at the school.

There are 32 teachers in the system, of which 19 work on the elementary level and 13 in Junior High. Herman Kok, of Oak Lawn has served as the superintendent for 17 years.

The visit of an evaluation team is a periodic event in area nonpublic schools. The team itself is made up of educators from the Office if the Illinois State Board of Education and local administrators from public and private schools. Their reports are filed with the Department of Recognition and Supervision in Springfield.

Chicago SW Christian also prides itself on the number of programs which involve parents. A volunteer parent. health committee, for example, is headed by a parent who is a registered nurse. A picture-lady program is coordinated by an ex-teacher.

Fred Hulzenga currently serves as principal of the elementary school and Stewart Vander Woude is principal of the Junior High school.

OLCHS enjoys exceptional year for art

Oak Lawn High School was one of 24 area high schools represented in the 1980 Scholastics Art Exhibit held in the Wieboldt's Department Store in Oak Park. Ninety one pieces of art work from OLCHS art students were chosen for the exhibit. Art Department Chairman, Bob Dominiak said, "This has been an exceptional year for quality art work. In previous years, the most work accepted for display in the exhibit numbered about 50". The work represented a variety of art forms — pottery, photography, painting, drawings, illustrations, textiles and sculpture.

Among the awards received by the Oak Lawn students were one Hallmark award, six Blue Ribbons (finalists); twenty three gold keys (outstanding); and 89 certificates of merit.

The recipient of the Hallmark Award is Dawn Pacourek for her water-color painting. Blue ribbon winners are Scott McGrail, Kristi Medows, Greg Olejniczak, Dawn Pacourek, Terri Wysocki and Joyce Moore.

The Blue Ribbon and Hallmark Award winners' work will be going on to New York City to be judged in the national competition.

Gold Keys were won by Jean Brouillette, A. Cuellar, D. Emerson, Sue Leach, Tina Marcek, Scott McGrail, Kristi Medows, J. Moore, L. Mora, Greg Olejniczak, Dawn Pacourek, Marilynn Petrolt, Monica Ranalli, Joe Vajarsky, Terri Wysocki, Gerald Busking, A. Scaccio, and Lori Sorenson.

Teachers sending their students work to the competition included: Kathy Coons, Anna Marie Coveny, Robert Dominiak, Penny Erickson, James Horejs, Joyce McMahon, Kathy Pilat and Richard Scherubel.

Robert Dominiak is the chairman of the OLCHS Art Department.

St Linus likes being "One of the Family"

Miss Cremin is encouraging her morning kindergarten class.

These fifth grade boys are doing research for their religion project in the library.

Preparing for a science experiment in sixth grade.

St. Linus School, located at 10400 So. Lawler in Oak Lawn, takes great pride in the on-going practice of being "One of the Family"... the theme of Catholic Schools Week. The dedicated Felicians Sisters and lay teachers, in demonstrating their deep committment to the total welfare of the child, have always maintained an open and warm relationship with the school families and the parish community.

In the Christ-centered atmosphere of St. Linus School, religious education is a primary concern and therefore, woven throughout the entire curriculum. It is the main ingredient that has made St. Linus unique and the very reason for existing.

Classrooms are learning centers in themselves and house the latest in audio-visual equipment and material. Regular class programs are enriched further through an exceptioual Library and Learning Center, containing additional equipment and material to stimulate the mind and make learning challenging and fun.

A wide variety of extra-curricular programs and activities are provided in an effort to increase learning experiences and to broaden the students' range of interests. Included in these are an excellent band program, a comprehensive sports program for both boys and girls, music and art classes, and the student-produced newspaper. A Learning Disabilities Center, established in 1977 has proven very effective, as well as the Speech Therapy classes. As a further aid to families and students, the Family Life Service Program was initiated this year. This program is designed to encourage the growth of emotional maturity of each family member and assist in "better parenting."

Very successful Pre-School and Kindergarten programs begun in 1978 have been further enhanced by the use of innovative educational apparatus and the creative talents of the teaching staff.

An added dimension to the atmosphere in the school these days is the bevy of activity surrounding the celebration of the St. Linus Parish Jubilee. The children have been encouraged to broaden their knowledge of the 25 year history of their parish and explore their heritage.

Art work on display as these eighth grade students finish arranging the bulletin board.

To begin the celebration of Catholic Schools Week, special liturgies have been planned for each grade level of the school, using many original writings of several students. An open house will be held during the week, at which the families and friends of the school may see the many cirriculum displays in each room, and the religion and literature exhibits created by the children.

With the multitude of activities going on in St. Linus School at all times, it might be hard to believe that much could be accomplished....but a walk through the school halls would soon make any visitor aware of the warm and caring Christian attitude of the teaching staff and the children themselves, which has generated the spirit that is behind the quest for excellence in academics, the deepening of our Catholic faith and the pride in St. Linus School. Come and see for yourself!

Oak Lawn undercover agents confiscate marijuana

The 55 pounds of Colombian marijuana seized by the Oak Lawn undercover agents last week had a street value of approximately $60,000. The photo is thru the courtesy of Robert Smith of the Oak Lawn Police Department Photo Unit.

A large drug bust that produced over 55 pounds of Colombian marijuana, that was finding its way into the hangouts of young people in Oak Lawn, was executed by undercover agents of the Oak Lawn Police Department last week.

Arrested were Paul Sheehan, 23, of 9922 Harnew Road West, Oak Lawn; Richard Bouton, 27, 14003 James Drive, Crestwood and Lawrence Dambowski, 2094 Mallard Lane, Hanover Park. Sheehan was since released on a $50,000 bond.

After a lengthy investigation, the undercover agents finally made contact thru Sheehan with Bouton at his apartment where four pounds of marijuana was purchased for $1800. After the sale Bouton allowed the officers to enter the apartment where another 6 pounds of marijuana was found.

Bouton then offered to turn in his supplier and made contact with Dambowski, who believing he was making a sale, met the agents in a parking lot in Hickory Hills with 10 pounds of marijuana.

According to Police Chief John Haberkorn, after Dambowski was arrested, he gave a written consent for a search of his apartment where an additional 20 to 22 pounds of marijuana were found, making the total a staggering 55 pounds.

Haberkorn said the Colombian is the cadillac of all marijuana and sells for $450 per pound. After the pound purchase it is broken down to one (1) ounce bags that are sold for $60 each. Each one ounce will make approximately 300 cigarettes.

Dambowski admitted supplying in Oak Lawn and on his person a slip of paper was found with names of people who owed him money in acces of $19,000.

Haberkorn went on to praise Mayor Ernie Kolb, the board of trustees and the village manager who he said gave them the tools to do the job. He also said that the job is being done by dedicated men who have been sent to drug enforcement schools conducted by the government.

Carter-Mondale Rally at McAuley

The White House and the Third Congressional Carter/Mondale Delegate Committee announced that Vice President Walter Mondale will be the featured speaker at a rally at Mother McAuley High School, 3737 W 99th Street, on Saturday, March 15 at 11:30 am.

Cook County Assessor Thomas C. Hynes, a Carter Delegate, said the Vice President's willingness to appear at a major rally just before election, serves to re-emphasize the importance the President and Vice President place on the delegate contest in the Third Congressional District.

"We will have a good old-fashioned rally with music, speeches and, in general, have a good time," said Congressman Marty Russo, also a Carter Delegate. "We want to show the President, the kind of strong support he enjoys in our area."

In addition to Hynes and Russo, the other Third Congressional District Carter delegates who will be in attendance are State Senator Jeremiah Joyce, Patricia O. Driscoll, Edith L. Holloway and Mary Zahora. The Alternate delegates are Robert Macari, Robert Kellam Jr., and Karen Vogel.

Everyone is invited to attend the event, but it is suggested that all those planning to attend, be seated before the 11:[illegible] starting time. Admission is free.

Jennings family offer $50,000 reward for information

The family of an Oak Lawn girl whose skull was discovered two weeks ago in rural Will County is offering a $50,000 reward for information leading to the arrest and conviction of person or persons responsible for her murder.

Kathleen Jennings (17), of 9646 So. Major was last seen early December 9 leaving Hooker's Highway Lounge, a tavern located in Chicago Ridge.

The Oak Lawn police, who are still investigating the young girl's death, said in early January that the Oak Lawn girl was an apparent runaway and that a call had been received from her stating that she was alive and living in another suburb. Police later said the information had been released with the knowledge of her parents to take pressure off any suspects and to assist in the investigation.

Len Wisdom Spelling Bee March 29th

A Spelling Bee for 5th, 6th, 7th and 8th grade students from schools in Worth Township will be held on Saturday, March 29 at Oak View School, 110th and Knox, Oak Lawn, it has been announced by Caren Kovach, Worth Township Youth Commission, sponsor of the annual Len Wisdom Memorial Spelling Bee.

Individual schools in the Worth Township area are encouraged to enter one student from each of the 5th thru 8th grades in the annual Spelling Bee.

According to Kovach there will be one Intermediate grade contest for 5th and 6th graders, and a second Junior High contest for the 7th and 8th grade students.

The Spelling Bee will be held from 7:30 to 10 pm.

Three trophies will be awarded for each of the two contests, and each participant and participating school will receive a certificate of recognition.

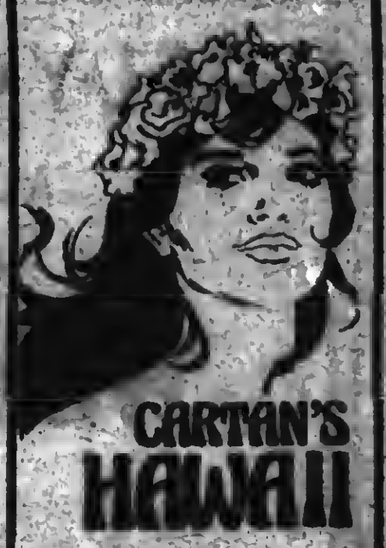
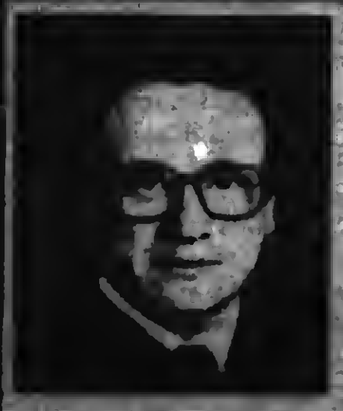
Kolb appointed Vice-Chairman on Revenue Sharing committee



Mayor Ernie Kolb has been appointed Vice Chairman of the Third District for the purposes of serving on a state-wide Reenactment Committee for Revenue Sharing. Congress will be considering the reenactment of Federal Revenue Sharing during 1980.

Mayor Kolb pointed out that the impact of the reenactment cannot be understated. It will be critical for all Illinois municipalities to actively participate in the efforts to assure reenactment of General Revenue Sharing.

He went on to say that Oak Lawn's share in 1980 was $538,877. For the past five years the Village of Oak Lawn has averaged $535,000 per year in Revenue Sharing. It is important for our village to make sure that the formula for the distribution of Federal Revenue Sharing is not changed so that municipalities can be assured of their same allotment after 1980.



The President of the Illinois Municipal League, Mayor Bob McGaw of Rockford, has appointed Mayor Nicholas Blase of Niles to head this State Committee and, in turn, select a Vice Chairman for each Congressional District.

Mayor Kolb stated he would be more than willing to serve in the capacity of Vice Chairman for the Third District and he will do all he can to represent the municipalities in this district to see that the Revenue Sharing will continue for the State of Illinois. Mayor Kolb concluded that there will be a state-wide committee meeting in April.

Helen Brown named to new position at Worth Federal

Helen Brown, who has been employed as a bookkeeper since October 1960, has been elected Assistant Vice President at Worth Federal Savings & Loan, 6838 W 111th St, Worth.

Mrs Brown and her husband, Victor, reside at 7438 W 114th Place in Worth. Long-time residents of Worth, they moved here in 1956 from Ottumwa, an agricultural community of 30,000 in southeastern Iowa.

Married for 34 years, they have three sons and a daughter, all of whom reside in the southwestern suburbs of Chicago: Stephen and his wife Darlene of Worth; Douglas and his wife Linda of Tinley Park; Gregory at home; and Cherilyn Ness and husband Norman of Hometown.

Having raised their own family, Helen and Victor now have the time to enjoy their four grandchildren. Helen's hobbies include caring for her beautiful green house-plants and preparing for those many large gatherings her closely-knit family has.

Helen Brown

The Browns are members of Palos Park Presbyterian Community Church.

Airman First Class rank available

Seventeen to twenty-seven year olds with 45 semester or 67 quarter hours of college credits may now apply for enlistment in the Air Force in the rank of Airman First Class (two stripes), Air Force officials announced recentiy. Aiso, 20 semester or 30 quarter hours may qualify a person for a guaranteed enlistment in the rank of Airman, said SSgt, Lynn Gasaway, Air Force Recruiter in Oak Lawn.

The Air Force impiemented the new "stripes for college experience" options for people without prior military service to enhance the recruitment of highiy qualified people for the Air Force.

Persons with dependents qualifying for the rank of Airman First Class will begin earning $776.70 per month in pay and allowances while a person with 20 semester hours will earn $757.20 per month as an Airman. Additionally, all Air Force enlistees earn four semester hours after successfully completing six weeks of Air Force basic training thru the community college of the Air Force. The college is similar to any other community college.

Airmen attending Air Force technical training schools also earn credits thru the CCAF and may supplement these courses by attending nearby colleges during off-duty hours. In the latter case, the Air Force pays 75% of the tuitlon.

For more information about the "stripes for college Experience" options and what otheropportunities are available call SSgt Lynn D. Gasaway or David W. Gasaway at 425-4922 or 425-4454 or stop by and see them at 10735 S Cicero.

IRA notes deadline

Eligible workers have until Tuesday, April 15, 1980 to make their 1979 contributions to their Individual Retirement Savings Arrangements (IRA's); however, if they file their 1979 income tax returns after April 15 on an extension, they have until the date that they file their returns to make their contributions.

Since penalties are assessed for excessive contributions, this period for making contributions allows taxpayers to closely calculate the amount of the contribution, make the contribution, and still be able to deduct it from their 1979 taxable income, the IRS explains.

IRA's are taxpayer-initiated retirement plans set up by workers not covered by qualified pension or retirememt plans where they are employed. IRA's also are available to non-working spouses of eligible workers.

Many banks, insurance companies, credit unions, and other financial institutions can provide additional information on setting up and maintaining IRA's. In addition, the IRS has a free booklet, IRS Publication 590, "Tax Information on Individual Retirement Arrangements," which can be ordered by mail using the order form [illegible] package.

PTA hosts scholarship dinner and mock convention

PTA District 34 will host a scholarship dinner and mock convention Monday, March 31 at Evergreen Park High School, 99th Street and Kedzie Avenue. The spring event is attended by several hundred area PTAers. According to Louise Kountz, District 34 Director, it is also a preview of the April 23-26 Illinois Congress of Parents and Teachers meeting to be held at the Conrad Hilton Hotel in Chicago. Tickets for the dinner can be obtained by calling 423-5037.

The highlight of the scholarship 6 pm dinner will be the announcement of the three scholarship winners. PTA District 34 will award a $500, a $200 and a $100 scholarship to high school seniors in the southwest suburban area.

The aim of the 7:30 pm mock convention is to help prepare PTA members for the actual convention floor procedures as to debate, parliamentary procedures and voting. The procedures are taught through the "fun" atmosphere of the mock convention by dealing with some aspects that afford participants plenty of opportunity to "ad lib" humorous positions and rationales. "Rather than a stuffy meeting, the mock convention is a fun time," according to Marion Busch, former District 34 director and presently State PTA Parenting Chairman.

The ICPT convention will begin April 23. Key local participants in the convention will be Helen Whalen, ICPT Vice President and District 123 School Board Member; James Bokenkamp, School Education and Finance Chairman and Superintendent of District 111; Marilyn Sobbe, ICPT Cultural Arts Chairman and Evergreen Park PTA Chorus Director; Marion Busch, ICPT Parent Education Chairman; Louise Kountz, District 34 Director; Diane Rosenlund, District 34 Secretary; Eileen Stephenson, District 34 Director Elect; and William D. Smith, District 34 Publicity Chairman and Superintendent of School District 126.

Helen Whalen, of Hometown has been nominated as President of the Illinois Congress of Parents and Teachers. Mrs Whalen is a member of the School Board of District 123, Oak Lawn and Hometown Elementary Schools. She has served as Clark School PTA President, District 19 PTA Council President and District 34 Director. She has served as State ICPT Legislative Chairman and as State ICPT Vice President.

Irish dancers to perform at library

The Harling Irish Dancers will perform at the Oak Lawn Public Library on Saturday, March 15 at 10:30 am in the lower level community room.

The 13 dancers, dressed in traditional costumes embroidered with Celtic designs, will perform hornpipes, jigs, reels and several Ceili dances.

Members of the dance troup have recently won the Midwest Irish Dance Competition and will display some of their fancy footwork. Included in the program will be music on the tin whistle by John Harling and some of his students.

The group has travelled throughout the United States and Canada performing at major folk festivals and recently performed for Illinois Governor James Thompson at the state house in Springfield.

The program is sponsored by the Children's Department at the library but children of all ages are welcome. There is no charge for admission.

Detroit or bust

The five uncommitted Republican delegates, (l to r) Ronald Bulkema, Walter Klitz, Senator Frank Ozinga, John Hardek and Owen Thomas, show their unity at a recent meeting. With the number of presidential candidates continuing to dwindle, the possibility of a deadlocked convention on the first ballot appears imminent.

Mark your calendar for Park District Easter Party

The Oak Lawn Park District Board of Commissioners invites the young children of the village (ages 4 thru 10) to Easter Parties on Saturday, April 5, as follows: McDonald School, 99th and Kostner from 9 - 11 am and at the Menard Activity Center, 90th and Menard, from 1 - 3 pm.

The Easter Bunny will be the guest of honor, with candy, cartoons and prizes for the children. Be sure to mark your calendar.

Dems criticize Thompson tax relief plan

Most of those in Springfield agreed with Governor Thompson's $14.5 billion budget but the Democrats complained of a need to realize priorities.

Many of the negative comments were aimed at Thompson's tax relief plan, which calls for giving a one-time $115 million rebate of $10 to each taxpayer and dependent, knocking another penny off the sales tax on food and patent medicines, and expanding the tax break for senior citizens.

State rep Harry "Bus" Yourell had this to say:

His "one-time" limited divident will amount to a paltry $40 for a family of 4 and that in an election year. They will have to show this refund as income on federal income tax returns, thus subsidizing the federal government with additional payment.

Comptroller Roland W. Burris joined in the Democratic chorus of criticism of the tax rebate plan, saying that mailing the 4.7 million checks will cost up to $700,000 in postage alone.

"The Governor has spent much of the past 3 weeks criticizing the Democratic Party for sponsoring the revised general homestead exemption which he has called "a slap in the face to voters. . .", Yourell said. His criticisms were based on the limited nature of the tax relief. However, the general homestead exemption (a Democratic initiative from its inception) has provided tax relief since 1979, will do so in 1980 and, for most taxpayers, again in 1981.

Relative to the Food/Medicine Sales Tax Reduction - providing a 1¢ reduction beginning January 1, 1981, Yourell had the following comments: In addition to making Illinois the only state with a statutory sales tax differential which causes permanent difficulties for retailers, the Governor has engaged in another about-face on this issue.

Yourell would also like to remind you that when the Democratic Party sponsored the permanent phase-out of sales taxes on food and medicine, the Governor engaged in a 6-month tirade against the effort saying the State could not afford it. Late in 1979, when the pressure on the Governor was building and overwhelming expressions of support were evident, the Governor offered his compromise which was a 1¢ reduction.

At that time, he stated that further reductions were possible if the State could afford them. Determining whether or not such reductions are affordable should be a joint effort between the executive and legislative branches. However, with no reference to the General Assembly, the Governor has announced his intention to execute another reduction.

Remember, the Democratic Party originated the permanent phase-out of this tax which the Governor vetoed. Rep Yourell and others have introduced HB 2822 which will provide an additional 1¢ reduction from the state's sales tax on food and also a complete elimination of the tax of 5% on prescelption and non-prescription medicines, medical appliances. Yourell and the co-sponsors of this legislation feel that this will be a permanent phase-out of the sales tax in this area and will greatly benefit not only senior citizens but everyone in the state.

Connors again turns down higher salary

William E. Connors

William E. Connors, Worth Township Assessor said recently he was once again refusing a higher salary made available to him thru a budgeting error by the past administration.

The higher salary became allowable when the previous administration passed a salary resolution one day after the legal date set by state statute. When the salary resolution was found to be illegal the Township Assessor's salary rose $3000. The level set by the Township Board with passage of the Township Appropriation Ordinance.

Connors said, "I'm refusing the extra $3000 a year, for the same reason as in the past two years. I just believe it would be improper to take advantage of a honest mistake. I simply think refusing this increase is the right thing to do."

Connors added, "I've written the Township Board of Trustees informing them of my decision. I've also recommended to them that this extra money be used for the printing and mailing of a tax brochure that would show the level of spending by different taxing bodies within Worth Township. Connors went on to say that he made the same recommendation last year but the Board decided to use the money for other purposes. If they agree to it this year, I'll prepare the brochure, and get it out to the public.

LETTERS TO THE EDITOR

Mr Hank Latas received the following letter from the White House recognizing his suggestion to the administration of the Village of Oak Lawn to fly the American flag until the hostages in Iran are freed.

Dear Mr Henry Latas:

Through the courtesy of Congressman Marty Russo, the President received your February 2 letter expressing your support for his handling of the situation in Iran.

The President is heartened to learn of your idea to continuously fly the American flag until all the hostages are freed. He wishes to commend you and the citizens of Oak Lawn for this expression of solidarity, and also for your thoughtful gesture of gratitude to Canada for its efforts in returning six American diplomats from Iran.

Please be assured that the President will continue to pursue every avenue to secure the safe release of the hostages, while preserving our country's honor, as soon as possible. He values your support, along with the many demonstrations of solidarity across the country, in this endeavor.

As an expression of his gratitude, the President has asked me to send you a ceremonial copy of his proclamation for National Unity Day. Please accept it with his best wishes.

Hynes praises legislation reducing property tax

Cook County Assessor Thomas C. Hynes praised recent legislation granting homeowners a substantial savings on their property tax bills.

When Hynes was President of the Illinois Senate in 1978, he sponsored a major tax relief bill, now known as the Hynes Exemption. It provided for the exemption from taxation of the first $1500 in equalized assessed valuation over the 1977 equalized assessed valuation.

When originally passed, the Exemption resulted in a reduction of anywhere between $50 to $135 on a homeowner's property tax bill.

Recently, the Hynes Exemption was increased to $3000, which will result in a much larger savings for the taxpayer.

The Exemption applies to the nearly 1,000,000 parcels of residential property in Cook County, which includes single-family homes, condominiums, cooperatives, and small apartment buildings.

There is no need to apply for the Hynes Exemption. It is granted automatically. Taxpayers will find a notation that it has been granted on the second installment of their property tax bills this year (1980).

"I am pleased that the Hynes Exemption was already on the statute books, so the Legislature and the Governor could use it to bring much-needed tax relief to homeowners this year," Hynes said.

"When it was first conceived, I hoped this bill would fight the ravages of spiraling inflation. It has helped. But, this increase in the maximum exemption to $3000 was needed to keep pace with our economy," the Assessor explained.

The following hypothetical example, using estimated figures, shows how the Hynes Exemption works and how it reduces your property taxes.

If a Chicagoan owned a single-family home valued at $50,000 in 1979, his taxes would be calculated like this without the Hynes Exemption:

$8,000	— Assessed Value (16% of Fair Market Value of $50,000)
X 1.4966	— State Multiplier for 1978
$11,972	— Equalized Assessed Valuation
X .09016	— Chicago Tax Rate for 1978
$1,079	— Property Tax Bill

With the Hynes Exemption, this same homeowner will save $271. in property taxes, as the following example demonstrates:

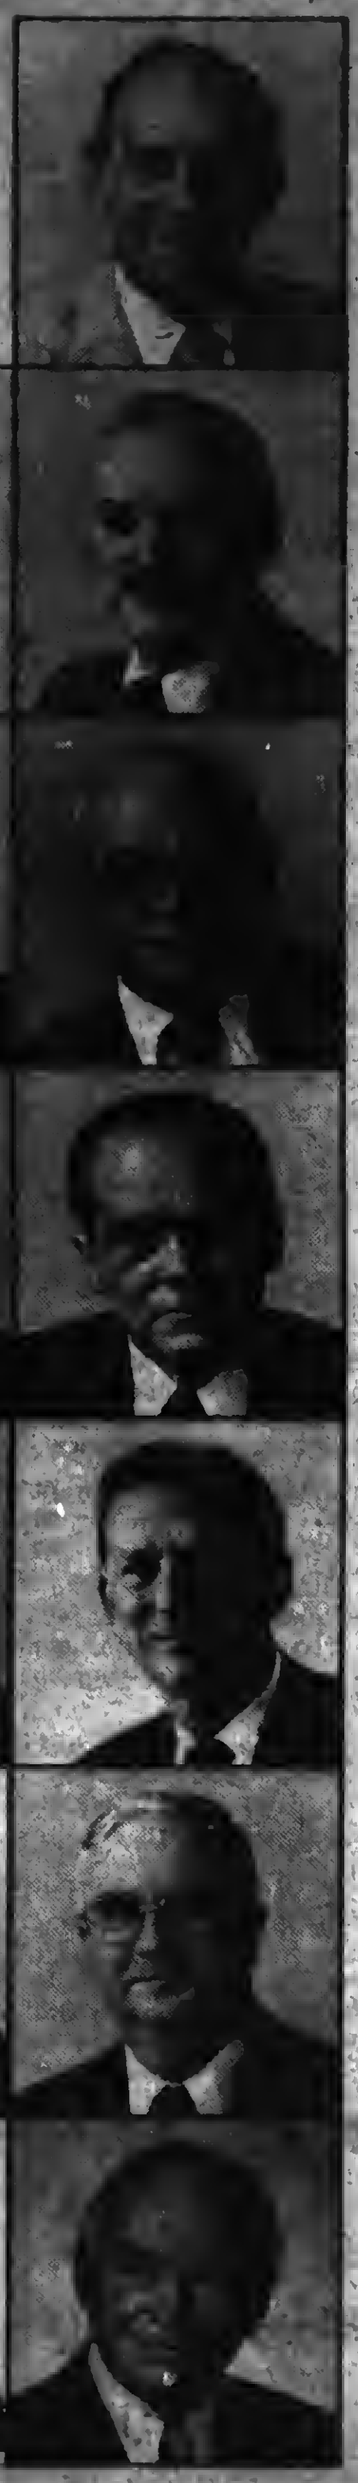
$8,000	— Assessed Valuation
X 1.4966	— State Multiplier for 1978
$11,972	—
−3,000	— Hynes Exemption
$8,972	— Equalized Assessed Valuation
X .09016	— Chicago Tax Rate for 1978
$808.	— Property Tax Bill

Any questions regarding the Hynes Exemption may be addressed to the Cook County Assessor's Homeowner's Assistance Department at 443-7550.

STORAGE PROBLEM OF "SPENT" RADIOACTIVE RODS

In 1969-70 the Department of the Interior had an informal task force working on the problems of storage of "spent" radioactive rods from neclear generating plants.

The scientists recommended that these rods never be stored in an area which has substantial ground water or which is a part of a substantial surface system. They also recommended that there be a substantial depth to the storage area and that the rods be warehoused rather than disposed of. This provision for warehousing was based on the possibility that advances in science and technology would enable industry to reutilize the balance of the energy in the tubes.



In other words, the facility for storage of these potentially dangerous rods should be

1) In a dry rock formation area;
2) at least 3000 to 4000 feet deep;
3) the storage area should be fail-safe, for possible future entry for removal of the rods.

It is obvious that only certain parts of the Rocky Mountain area qualify for as such a storage area.

SHOPPING, THE GREAT PLEASURE

Jim Buschbach

On trips to other countries, shopping is one of the great pleasures. But in unfamiliar surroundings it's good to get advice on where to go. Local knowledge is what's needed. Just as with stores in your own city, prices will vary depending on the items, the quality of workmanship or intrinsic value. The "Best Buys" for each city are the products indigenous to the country. Well worth considering, since in other countries their price might be higher. But - as at home - compare before you buy.

We recommend that you leave some empty space in one of your suitcases, for packing your purchases. Loose packages can be lost or forgotten. TIP: Clothing sizes may differ in other countries - the best idea is to try one, if possible. Keep an accurate purchase record of items and prices for customs declaration on your return home. Try to familiarize yourself with custom regulations before you leave on your trip.

Your first stop is our travel office, we like to help plan and if we don't know all the answers we can find them. . . fast. We can plan a good itinerary to give you the most pleasure, the most convenience - at the lowest cost. And this service is without extra charge to you. TRY US.

OL Heritage promotes Mary Crowe

Mrs Mary B. Crowe, a resident of Oak Lawn, has been appointed assistant vice president of the Heritage Bank of Oak Lawn, 6001 W 95th Street, by the bank's Board of Directors.

Mrs Crowe is now responsible for handling personal and installment loans as well as personnel management at the bank. She had served as the bank's loan service administrator since January, 1979.

Before joining Heritage Bank of Oak Lawn, she was associated with Heritage Bank Corporation, Inc. With that firm she served as credit and collection manager and later as plan administrator for the Heritage Bancorporation Pension and Retirement Plan.

Long active in community affairs, Mrs Crowe has worked with the American Red Cross and currently handles Crusade of Mercy drive efforts at the Heritage Bank of Oak Lawn. In addition, she is currently taking adult continuing education courses at Moraine Valley College.

Mrs Crowe, her husband Robert and daughter Mary Patrice live in Oak Lawn. Son Daniel, attorney at law, is a resident of Chicago.

Art history workshop scheduled

"From Prehistoric to Pop", an art history workship for Picture Ladies and Gentlemen, is scheduled for 9 am - 12:30 pm Saturday, April 26 and May 3. The workshop was requested by those who attended the 1979 workshop for Picture Ladies and Gentlemen.

The program will cover major trends in art thru the centuries, highlighting what the Picture People should know in order to make presentations interesting for elementary students.

Workshop leader is Phyllis Kozlowski, MVCC professor of art. She will use slides and other audio-video techniques with her presentations.

Fee for the workshop, which includes coffee and rolls, is $6 per person. Registration deadline is April 14. Sessions will be held in Room A109 on the campus, 10900 S 88th Avenue, Palos Hill. For info call 974-4300, ext 362.

Use your library — help it *and* yourself!

Traditionally, bad years for the economy are good years for libraries. When people find themselves forced to live on limited resources, they quickly tap the nearly unlimited educational and recreational resources of their libraries.

Unfortunately, though, the financial resources of libraries are far from unlimited — and they're becoming increasingly limited as costs and demands for services swell at the same time that funding support shrinks.

Even when federal funding was at its peak in 1973, Washington was supplying only 7 percent of libraries' total funding needs. The lion's share of support — a whopping 81 percent — came from local communities.

That's one of the reasons why, during National Library Week (April 17-23), the American Library Association is urging you to "Use Your Library." After all, the more that people use their libraries — and the more they let their local officials know they're using their libraries — the more leverage librarians have when budget time rolls around.

There's another good reason for the slogan "Use Your Library." There's no place in town where you can get so much for so little. Whether you're a truck driver or a doctor, a housewife or a college professor; whether you're 65 and retired or five and just starting school, your library offers an incredible array of services; services that'll entertain you, inform you and, in general, enrich your life.

Mundelein offers women seminars

Four seminars designed specifically for adult women are being offered during the spring term at Mundelein College. All courses are for academic credit and meet once a week from March 28 to June 6.

"Psychology of Women" will examine important experiences in women's lives from the viewpoint of contemporary psychology. This course meets 9:50 am to 1:20 pm Mondays.

"Philosophical Sources: Women in Western Culture" will look at the manner in which different philosophers from Plato's time to the 20th century have understood the nature and role of women. Classes will meet 10:30 am to 2 pm Tuesdays.

"Religion and Psychology" is designed as an introduction to the emerging dialogue between the disciplines of psychology and religion. Sessions are scheduled 11 am to 2:30 pm Wednesdays.

The last course offered, on "Interpersonal Communication," will attempt to help students develop a greater sensitivity and understanding of communication processes and to develop skills to improve their own communications.

All continuing education seminars are open to persons wishing to take courses but not necessarily to pursue a degree. For further information, call Mundelein's Admissions Office at 262-8100, ext 406.

Mounted patrols for Forest Preserve

County Commissioner Carl R. Hansen (Mt. Prospect) enthusiastically greeted the 1980 budget proposal to completely reorganize the ranger operation of the Forest Preserve District. Hansen had called for such a change beginning in 1976, and since 1977 had submitted budget amendments to accomplish this shift.

"The citizens of all Cook County should be very pleased at this change in police operations philosophy by the Forest Preserve District," Hansen said upon presentation of the 1980 District budget. "Taking the rangers out of the Maintenance Department, under which jurisdiction the police function has been split by various geographical divisions, and consolidating their operations in one department is long overdue. Police effectiveness requires not only thorough training and good communications equipment, also proposed, but even more an esprit which can only be generated through a smoothly functioning unit under one commander. This has finally been accepted as a necessity."

"The addition of mounted patrols will help significantly in both crowd control and law enforcement in areas difficult to reach," Hansen added. "The changes being made are a giant step forward in ensuring the safety of our Forest Preserves for all the citizens of Cook County. They come as a much-needed answer to the many problems we have encountered in recent years in our groves and recreation areas."

Legislative Coffee inspires views and positions

The February 23 Legislative Coffee dealing with educational matters was attended by seven area State Representatives. The legislators and an audience of 50 shared views, positions and information on upcoming legislation before the Illinois General Assembly.

Bus Yourell, Democrat 8th District, mentioned his continued efforts to have the 2 cent Special Education Building Levy altered to permit its use for any special education purpose. William Mahar, Republican 9th District, cited the revenue breakdown for education in the Governor's budget of 50% of funds from the State of Illinois, 41% from local taxes, and 9% from federal funds.

Jim Keane, Democrat 28th District, cautioned the audience to be careful of a constitutional tax limitation proposal which would destroy local governmental bodies ability to deliver local services. Herb Huskey, Republican 8th District, reiterated his strong opposition to Bills 2208 and 2209, the voluntary interdistrict bussing proposals.

Jane Barnes, Republican 8th District, reported that the free textbook plan, now in its fourth year of operation, will be funded with 16 million dollars. Edmund Kucharski, Republican 27th District, indicated that his constituency is strongly opposed to the voluntary bussing proposals of 2208 and 2209.

Richard Kelly, Democrat 9th District, emphasized that the 1980 legislative session will only deal with appropriate and emergency legislation and will not deal with the hundreds of educational bills, as it did in 1979.

The Legislative Coffee was sponsored by the Illinois Congress of Parents and Teachers, Helen Whalen, Vice President; Louise Kountz, PTA District 34 Director; South Cook of the Illinois Assn of School Boards, Jean Christianson, Legislative Chairman and June Sorrick, Director; and Administrators De Douglas McGugan, District 123 Oak Lawn and Dr William Smith, District 126 Alsip. Also in attendance were Arlene Zielke, State Board of Education member and Michael Stritch, Assistant County Superintendent of Schools.

Moraine Valley board capsule

A reorganization plan for Moraine Valley College was adopted at the regular meeting of the board of trustees, February 19. According to the new plan, three vice presidents' positions are created; vice president for instruction; vice president for student development and community services and vice president for college services. All report to the college president. Previously, the college had an executive vice president only. Dr Richard DeCosmo held that position until January when he resigned to become president of a community college in Pennsylvania.

The current deans of instruction and student development were named to the respective vice presidencies. A wide search will be instituted for the dean of college services.

The board established a new tuition fee of $18 per credit hour starting with the 1980 summer session.

The board approved a bid of $51,110 from the James L. Cunningham Co for renovation work in the labs [illegible] and for [illegible].

The board also approved the purchase of five A.B. Dick Magna II typewriters (a magnetic card typewriter) for $6,528 each, a total of $32,644. The typewriters will be used in the MVCC secretarial science program's word processing classes.

In regular board business the board approved payment of $721,434 from the educational fund; $111,543 from the building and maintenance fund; $35,146 from the site and construction fund; $113,672 from the auxiliary enterprise fund; $24,028 from the restricted purposes fund; $13,490 from the student activities fund.

The board changed the next meeting date from 7 pm March 18 to March 25. Meetings are open to the public in the 200 Building on the college campus, 10900 S 88th Avenue, Palos Hills.

Orient View will be closed on Easter Sunday.

Exploring Unknown World at Adler Planetarium

Visits to all nine planets of the solar system are featured in "Exploring Unknown Worlds," the new sky show which will run thru March 17 at The Adler Planetarium.

Included in the interplanetary tour is an amazingly realistic "landing" on Venus, where temperatures reach 900 degrees and the atmospheric pressure is as great as the pressure 3,000 feet below the sea on earth.

A stop-over on Mars provides a close-up view of one of the red planet's polar ice caps and of a long, deep canyon which winds across the Martian plains.

"Exploring Unknown Worlds" is the first of five sky shows in the special "Golden Years of Astronomy" series produced to celebrate both the 50th anniversary of The Adler Planetarium and the incredible achievements which have revolutionized astronomy during the past 50 years.

"Exploring Unknown Worlds" will run thru Monday, March 17. Shows are Monday thru Thursday 2 pm, Fridays 2 and 8 pm, Saturdays, Sundays and holidays at 11 am, 1, 2, 3 and 4 pm. For further information on special group showings call 322-0329.

Admission to the Sky Show is $2 for adults, $1 for children. Members and Senior Citizens are admitted free. Children under 6 are not admitted to the Sky Show, although they are welcome to the building and exhibits. Admission to the building is free.

The Adler Planetarium is located at 1300 S Lake Shore Drive.

PTW "Daisys Do Tell"

The Business and Professional Women's Club of Oak Lawn (BPW) have been finalizing arrangements for their 17th Annual Fashion Show and Dinner. This exceptional affair is the result of months of diligent planning and a total coordination of efforts by the BPW members. "Daises Do Tell" is the theme of this year's show, which will be held in the beautiful surroundings of the Lexington House in Hickory Hills. The date is Tuesday, March 25, cocktails begin at 6 pm and dinner will be served at 7 pm.

A lovely array of fashions will be presented by The House of Mary in Oak Lawn, Jerry's Furs of Elegance in Oak Lawn and Women's World in Orland Park. Models appearing in the fashion show are members of the BPW. The evening's activities will include a raffle with first price being 8 days and 7 nights in the Bahamas. Other specially selected prizes will also be raffled.

Decorations for this annual event will be provided by Monticello Convalescent Center in Oak Lawn as part of their public spirited involvement in community projects. Carefully handcrafted garnishments, (such as centerpieces and wallhangings) emphasizing the show theme "Daises Do Tell", are being made by the residents of Monticello. Joyce Hrabec, administrator of Monticello and a member of the BPW, is chairman of decorations.

Members are looking forward to another splendid show this year. There is an eleven dollar donation. All proceeds go towards scholarship funds. For reservations call 422-8496. The Business and Professional Women's Club is dedicated to helping women in business and in the professions.

Joyce Hrabec, seated, (administrator of Monticello in Oak Lawn) presents some of the lovely hand-crafted decorations to Dorothy Meppiel, (member of the BPW of Oak Lawn) during a recent meeting at Monticello Convalescent Center in Oak Lawn. As part of a community project, residents of Monticello are providing decorations for the 17th Annual Fashion Show of the Business and Professional Women's Club in Oak Lawn.

MEMO FROM THE OAK LAWN PUBLIC LIBRARY

GREER GARSON FILM FESTIVAL

The Oscar-winning film "Mrs Miniver" will be shown on Tuesday, March 18 at 7 pm at the Oak Lawn Public Library as the Greer Garson Film Festival continues.

The movie tells the story of an upper middle class English family and how it copes with the Battle of Britain and the evaculation at Dunkirk during World War II. Greer Garson plays the title role with Walter Pidgeon as her husband. The movie became a symbol of home front courage and bravery when it was released in 1942.

On April 15, "Blossoms in the Dust" also co-starring Walter Pidgeon, will be shown. The final film in the series will be the venerable "Goodbye, Mr Chips" released in 1939 to be shown on May 20.

The feature films are shown on the third Tuesday of each month at 7 pm in the lower level community room at the library and are free.

The Northern Lights have seen strange sights, according to poet Robert Service, but even he might have done a double take at this sight from the glistening Arctic frontier transplanted to a former railroad right-of-way in northeastern Illinois. Yet, dogsleds are right at home on The Illinois Prairie Path, one of many recreational areas in the state established with the assistance of Commonwealth Edison.

Thousands of people every year enjoy bicycling, hiking, baseball, football, golf, fishing, hunting – and dogsledding – on land the company makes available to little leagues, church groups, municipalities, park and forest preserves and the Illinois Department of Conservation. In all, Edison leases 63 separate parcels totaling several hundred acres for recreational activities.

One of the busiest areas is The Prairie Path, a 45-mile getaway in an urban backyard that forms a "Y" between Elmhurst, Aurora and Elgin. In a recent study, more than 1000 people passed a checkpoint in a single day, and during a week, the Path's traffic averaged about one person a minute past certain points.

Most people use less exotic forms of transportation than dogsleds to travel the Path. Bike riders have discovered its a great way to get to work, school, shopping or simply get some fresh air and exercise. Hikers, joggers and people on horseback also are familiar sights.

One of the Path's chief assets is its smooth, limestone screening surface, which is kept in tip-top shape, thanks to good conservation and local pride. The Prairie Path has been designated a National Recreation Trail, the only one in the state.

Other popular recreational sites include:

—Sangchris Lake State Park. Located a few miles southeast of Springfield, the 2700 acre lake cools Kincaid Generating Station's two units. Fishermen troll for bass, perch, crappies, bluegills and channel catfish which thrive in the waters.

—Waukegan Generating Station pier. After a bridge was built to a breakwater, giving anglers without boats a better chance, the entire pier was turned over to the City of Waukegan. Word's been out for years that the fishing is great.

—Collins Generating Station lake. The 2000 acre lake is open to waterfowl hunters in the fall. Access is coordinated by rangers from nearby Goose Lake State Park.

For additional information on these and other recreational areas, write to Commonwealth Edison, Public Affairs Department, P O Box 767, Chicago, IL 60690.

Information directory available

A State of Illinois Information Directory is available from Rep Herb Huskey. The publication, Huskey says, was prepared by Governor Jim Thompson's Office of Interagency Cooperation. It gives a brief descirption of 58 state agencies, departments and commissions which handle consumer complaints and/or inquiries, and an updated listing for each.

Copies of the directory are available without cost on a first come, first serve basic in English and Spanish. Requests should be sent to Huksey at 2061 Stratton Building, Springfield, IL 62706.

Park Lawn seeking volunteers

Volunteers help make the world go round at the Park Lawn School and Activity Center for the mentally retarded. Pictured here are Mrs Grace Stienz (l), Park Lawn staff person, with volunteer Mrs Helen Bade, preparing a mailing for the center.

Park Lawn's special need for volunteers at the present time is in the public relations office as well as in the classroom.

Office duties include typing, operating office machines, preparations of mailings, art work, telephone and other miscellaneous activities. Volunteers in the classroom work with children or young adults under the direction of the class teacher.

Those interested may work all or part of any day. For further information please call Mrs Durante at the school, 425-3344.

Park Lawn is a non-profit organization located at 10833 S LaPorte Avenue, Oak Lawn.

Reynolds now paying 23cents for aluminum

With school now in full swing, academic officials are reminded that aluminum recycling, through Reynolds Aluminum Recycling Company's on going program in northern Illinois, is an easy method of raising money for school programs and projects.

Reynolds pays 23 cents per pound for all-aluminum beverage cans and other clean household aluminum products such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers. Certain other items including aluminum siding, gutters, storm door and window frames, lawn furniture tubing and aluminum castings are also worth 23 cents a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans.

Location of the nearest Reynolds collection point may be found at Zayre's, 87th & Harlem Avenue.

OL Fire Department to expand services

The intensity and seriousness of students from Oak Lawn Community High School are expressed on the face of Paramedic Charles Barsevick as he details C.P.R. procedures in one of the many different programs offered by the Oak Lawn Fire Department.

During the upcoming year the Oak Lawn Fire Department intends to expand their services available to the community. Involvement of the public in the many programs presented by this department is one of the main topics being pursued by the newly formed Public Relations Committee. A few examples of the programs that proved successful in the previous years are the babysitting courses, C.P.R. training classes, and the Pre-Planning of the business districts.

Among the many services provided by the fire dept are the ambulance-paramedic services, the Fire Prevention Bureau and 24 hour fire protection by the 95 highly skilled men. With the help of the Public Relations Committee, they hope to keep not only the public well informed, but also give the community a complete outline of the function of the Oak Lawn Fire Dept.

Students compete in Office Education Program

Sixteen students in the Office Occupations Work Program at Oak Lawn Community High School recently competed in the regional Office Education Association contests that were held at Andrew High School in Tinley Park. Nine students placed in the competition and will now compete at the state-level contests which will be held in Chicago on March 20-22.

Placing for OLCHS were: Linda Galati - 1st place, Shorthand II; Doreen Balachowski, 1st place, Computer Problems; Christie Morrell, 2nd place, Records Management; Cindy Slawecki, 3rd place, Typing II; Lynn Olson, 3rd place, Shorthand I; and Cindy Slawecki, Donna Bujanski, Tina Gill and Mike Manley, 2nd place, Bulletin Board Display.

These contests, sponsored by the Office Education Assn, give each senior who is enrolled in the program a chance to perform the skills they have learned in preparation for future office careers. It also gives the students a chance to meet their fellow members in this nation-wide assn. The Office Occupations Program is under the direction of Mrs Laura Karpiak.

Modern Music Masters inducts new members

Several students at Harold L. Richards High School, Community High School District 218, March 2 were inducted into the Modern Music Masters Society.

The students from Concert Choir include Andrea Klatt, a sophomore from Oak Lawn; Lisa Mayer, a sophomore from Oak Lawn; and Michael Onjack, a senior from Chicago Ridge.

Margaret Jamroz, a senior from Oak Lawn, was inducted as a member of the A Cappella Choir.

Students from Concert Band include Oak Lawn residents Janet Fagen, junior; Sue Nizzo, sophomore; Dave Slaninka, junior; Amy Smoots, sophomore.

In addition, David Tebo, a senior from Chicago Ridge, was named a chapter honorary; and Donna Peterson, music teacher, was named a faculty honorary. The Special Honorary was Margaret Hillis, dounder and conductor of the Chicago Symphony Chorus.

The HLR Chapter 1102 of the Modern Music Masters Society is sponsored by Peter Bertuca, with Robert Guenzler as the sponsor emeritus and Mrs Peterson as the apprentice sponsor.

Several students also presented a musical program at the ceremony.

Murray earns Knox letter

David A. Murray, son of Mr and Mrs John Murray, Oak Lawn, has been awarded a varsity letter for his participation on the 1979 Knox College football team.

A 1978 graduate of Marist High School, Dave, a sophomore at Knox, was one of 52 to earn a football award. This was his second season of participation on the team.

Under the direction of third year coach Joe Campanelli the Siwash gridmen ended the season with a sound victory over arch-rival Monmouth College, which rounded out the Knox record to 4-4 and 2-2 in Midwest Conference play.

HLR students learn of European Common Market

The Learning Resource Center and Social Studies Department at Harold L. Richards High School is hosting an exhibit of the European Economic Community. The exhibit is part of the learning experiences planned by the LRC and Social Studies Department to increase student understanding of the European Common Market.

Teacher Sue Guthrie (r) explains some of the items on display to students Michele Lias of Chicago Ridge; and Mike Baltzer of Oak Lawn.

Speech Team has good year

The Speech Team at Harold L. Richards High School has had one of its most outstanding years this season.

The most recent tournament, the SCOTIE Tournament of Champions held February 23 at Eastern Illinois U, proved most successful for the HLR team as students Mike Mulconrey and Marge Jamroz won 1st place in Humorous Duet Acting. Jayne Flynn placed in the top six in Verse Reading.

At the state tournament, held February 15 and 16 at Bradley U, Flynn made the finals in Verse Reading and captured 2nd place in the state.

The team members also earned top honors in the Sectionals tournament held February 9 at Proviso East.

Mulconrey and Jamroz won 1st place in Humorous Duet Acting and Flynn won 3rd place in Verse Reading.

The team is coahced by Scott Hanawalt, who was assisted by George Michelini.

Election consolidation would help voter, save state money

We hope that Governor Thompson will sign the bill now on his desk consolidating elections throughout the state. It would help the voter and it would enable the state to save an estimated $10 million. Two of the local sponsors are Phil Collins, Republican of Calumet City and Harry "Bus" Yourell, Democrat of Oak Lawn.

How would it help the voters?

It would end the confusion that engulfs the Illinois voter, who has more elections to keep track of than a voter in any other state.

In some areas in Illinois the voter must visit the polls seven times in three months to cast his ballot. He is asked to vote for municipal and township officials, library boards, road district commissioners, even commissioners of public graveyards.

New 'Red Tape' Law One That's Long Overdue

The circumstances were unusual, to say the least. A state governor signing new legislation to reduce the amount of bureaucratic red tape in government. And, wonder of wonders, it happened in Illinois.

The bill, sponsored by Rep. Harry Yourell of Oak Lawn and signed by Gov. James Thompson, calls for the creation of a 16-member legislative joint committee to make a thorough study of rules and regulations set by hundreds of state agencies over the years. Special targets of the study will be rules that are outdated, new rules that are confusing, cumbersome or duplicative, and proposed rules that are wide of the mark.

Library to go with referendum for autonomy

Members of the Oak Lawn library board met with Mayor Ernie Kolb and the board of trustees this past Monday to discuss the feasibility of becoming a separate taxing district and would allow the library to levy its own taxes.

Larry Collings, president of the library board asked the board members if they had any objections.

"We would like to be out from under," Collings said. "You have the right to cut or increase. We are elected officials too and have exercised fiscal responsibility and we would like to be independent. This would take the heat off the village and the library would become a line item on the tax bill.

The autonomy request came about after the village board, who has final approval over how much the library will receive and then levy the tax, reduced the library's 1980 tax levy by $82,000 causing the library to purchase less books and close one evening a week.

Realizing that the library board would have to hold a referendum to create the separate taxing district, Mayor Kolb said, "I personally feel, if its what you desire you will have to go to the people and do a selling job."

Trustee Ron Stancik said he had mixed emotions. He said that he believed in consolidation of districts rather than their further separation, "However," he said, "I would be happy to observe and let other people decide."

The library board members stressed their wish to receive backing from the board as it would give them a much stronger case.

"Rather than go out for a referendum," Trustee Jay Bergamini suggested," get some legislation to put a line item on the tax bill then you could have your cake and eat it too."

The problem lies in the fact that the library board levies after the village has prepared its levy raising the amount.

Trustee Charles Meloun, who originally proposed cutting the library's tax levy, said that the thrust should be on the legal limit. (The legal limit set by state legislation is 40 mils).

"The people are paying now," he said "and don't know what they are paying for. If you can sell it to the people go ahead."

Library board member George Morrissey said that by referendum the people would know how much it was going to cost.

Saying that they were elected officials also he could not see why they (the village board) were "right and we are wrong."

"I don't think a special taxing district is bad," said Morrissey, "and it will make us accountable to the people."

Trustee John Hardek asked what they would say on the referendum and if they would state the amount of the levy.

Trustee Lester Anderson said, "If you're going to referendum it could be beneficial to all. You're going to have to justify your expenses and there will be accountability — if it can be sold to the electorate.

Hardek was pleased that the discussion took place this early without trying to "sneak it thru".

The referendum will be put to the voters in late November. The Oak Lawn Library will assume all costs.

Safety patrol members treated to Circus

The Oak Lawn Police Department treated 450 Oak Lawn area safety patrol members to a day at the Shriners Circus on March 14. Chaperoned by eight members of the Oak Lawn Police Department Club, this fun filled day was provided in appreciation for their participation in school safety programs thruout the year. School related forum at Roy Clark School

A Forum on Legislative Issues sponsored by the Illinois Congress of Parent and Teachers will be held Tuesday, April 1 at Clark School, 105th & Lockwood (5300 W) in Oak Lawn. The 10 am to 2:15 pm forum will feature four topics according to Arlene Zielke, ICPT Legislative Chairman.

Tax Limitations: Should PTA Oppose Tax Limitations? will be led by James Bokenkamp, ICPT School Finance Chairman and District 111 Superintendent. Attorney Everett Nicholas will host the seminar on Aid to Non-Public Schools: Is it a threat to public schools?

Truth in Testing: Do you know your child's test results? will be chaired by Phillip Harvey of the Educational Testing Service. Dr William Smith, Superintendent of Schools District 126, will lead the Forum on Collective Bargaining: Does the PTA have a place in collective bargaining?

The Forum is open to PTAers, administrators and anyone who has an interest in any of the topics. "The forum is open to the public," acording to PTA District 34 Director Louise Kountz. Lunch will be only 45 minutes, so "Brown Baggers" will be the usual fare.

Russo legislation against 50% levy on Social Security Benefits

Congressman Marty Russo is cosponsoring legislation to maintain the tax-exempt status for social security benefits. A bi-partisan action in Congress in support of the bill is in response to a recommendation by the Advisory Council on Social Security that there be a 50% levy on the benefits.

"I am shocked by this suggestion," Russo said. "The imposition of such a tax would be an unconscionable reversal in the established policy on the tax-exempt status of social security benefits," he continued. "It is a reversal which violates the established legal status that has been upheld by the Supreme Court since the founding of the social security system."

Social Security benefits are not explicitly precluded from taxation by statute, but derive their tax-exempt status from administrative rulings by the Internal Revenue Service going back as far as 1930.

Russo serves on the House Ways and Means Committee which would consider the bill. He said that he did not feel that such changes in the tax treatment of social security benefits could be made in a vacuum.

"It would be ludicrous to put an additional tax burden on disabled retirees and survivors receiving social security payments while doing nothing to reduce the extreme inequities in the existing tax system."

Russo argued also that there is no justification for changing the social security rules for participants who had joined with an understanding that they were entitled to a certain set level of benefits, especially since participants had no option to drop out of the social security program.

"We're not going to change social security now on participants. I'm going to continue my efforts to see this bill passed to firmly establish in the Social Security Act that the retirees, survivors and disabled persons who receive social security payments will not be subjected to income tax on those benefits."

Park Lawn honors Eberhardt

A job well done is worthy of praise. Therefore, the Park Lawn Association recently honored one of its members, Charles Eberhardt, a resident of Oak Lawn, for his long term of service on the center's parent cleaning committee.

As a momento of the occasion, a plaque was presented to Eberhardt in appreciation of his long term of service to Park Lawn and his diligent effort in the upkeep of this facility for the mentally retarded.

Thomas Stepanek, executive director of Park Lawn School and Activity Center, is pictured presenting the plaque to Eberhardt who served on the committee for seven years. This was a longer period of time than any other chairman served in that capacity.

Pat Stancik announces candidacy

Pat Stancik, 5516 Alexander Place, announced her candidacy for School Board Member, Oak Lawn - Hometown School District 123. Pat states, "Too few people realize that the biggest portion of our tax dollars goes to the school. And for what better cause than the education of our children which insures both their and our futures!"

Pat Stancik

Motivation and dedication are the assets that Pat will bring to the board. She is a communications expert and will add strength in vital decision making during these trying times for the school district. Pat feels she is close to the people and can represent their wishes to keep the schools healthy and operational.

Pat is a resident of Oak Lawn for ten years; married to Oak Lawn Trustee Ron Stancik. They have two children in District 123, Randy, 13, Covington School, and Julie, 10, Brandt School. Pat currently serves as President of the Covington PTA and is a Sunday School teacher at Pilgrim Faith Church. Her past accomplishments include: Village of Oak Lawn Special Events Commission; Oak Lawn Bicentennial Commission; Oak Lawn Youth Advisory Study Committee; past president, Brandt PTA; Oak Lawn-Hometown PTA Council Board Member; Life Member, Illinois PTA; Cub Scout Den Mother; Girl Scout Leader; Oak Lawn Chamber of Commerce Publicity Chairman; area coordinator, American Cancer Society; Oak Lawn Community Chest Committee; Palos Worth Montessori Mothers Club Board; Recording Secretary, Oak Lawn Baseball for Boys Women's Auxiliary.

The election will be held on Saturday, April 12 in all school districts.

Other candidates for the District 123 board are: Robert J. Medinger, 4509 W 105th Street; John Bisbikis, 10336 S. Kolmar; Mrs Judith Rosenow, 10129 Laurence Court and Frances Martincic, 10413 S. Kildare.

Oak Lawn honors Ron Siwinski

Ron Siwinski is shown above after having received the honorary plaque from Mayor Ernie Kolb and in the presence of his mother Mrs Siwinski.

The President and Board of Trustees commended 16 year old Ron Siwinski and recognized his heroic effort in saving the life of a Burbank teenager Mary Sullivan on the evening of February 4.

Mary, who was involved in a sledding accident, sustained a head injury and was unconscious. Ron, who was fortunately on the scene at the time offered mouth to mouth resuscitation as a result of first aid training that he had received at school and in Boy Scouts. This treatment helped to reduce shock.

The quick action by Ron stabilized Mary until the Oak Lawn paramedics arrived and took over. Mary was then taken to Christ Hospital where she recovered.

218 Candidates

Three persons as of March 11 have filed for candidacy in the upcoming Board of Education election in Community High School District 218.

The election will be held from noon to 7 pm April 12 to elect two board members for a full term of three years each. The deadline to file was March 21.

Those persons who have filed include Edward Cole, Calumet Park; and incumbents Gerald Hochheimer, Blue Island; and Richard Massey, Palos Heights.

Persons will vote in the precinct in which they reside. The polling places are as follows: precinct 1 - Eisenhower-Old Main High School; precinct 2 - Kerr Junior High School; precinct 3 - Sanders School; precinct 4 - Paul Revere School, precinct 5 - Calumet School; precinct 6 - Lincoln School.

Precinct 7 - Lane School, precinct 8 - Stony Creek School; precinct 9 - Hazelgreen School; precinct 10 - Meadow Lane School; precinct 11 - Richards East High School; precinct 12 - Kolmar School in Oak Lawn; precinct 13 - Clark School, precinct 14 - Gasteyer School.

Precinct 15 - Ridge Central School; precinct 16 - Worth School; precinct 17 - Independence Junior High School; precinct 18 - Robbins Village Hall; precinct 19 - Thomas J. Kellar School; precinct 20 - Sauk Area Career Center; precinct 21 - Nathan Hale School.

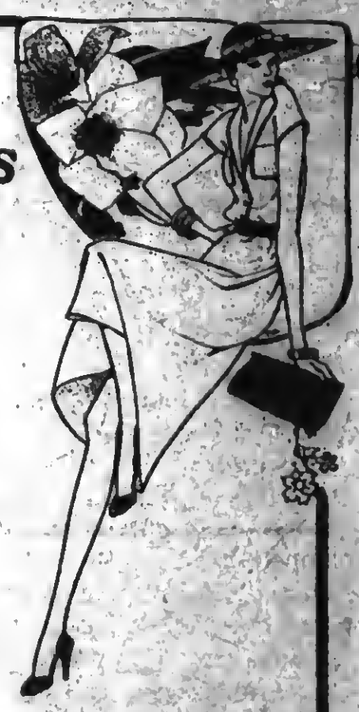
OL Lions to hear Judge Sklodowski

Oak Lawn Lions will have as their speaker on Tuesday, April 1 the prominent and newly-elected Justice of the Illinois Supreme Court, Judge Robert Sklodowski of Cook County Circuit Court. Sklodowski led the entire criminal division in the trial and disposition of criminal cases in 1978 and has made the present backlog of criminal cases in Illinois courts a campaign issue. He is the only Circuit Court judge without a backlog. Sklodowski's background includes being a partner in several law firms, Assistant Attorney-General of the State of Illinois, a graduate of Roosevelt U and Chicago Kent College of Law.

As an added note of interest, he is the great-great nephew of Madame Marie Sklodowska Curie, discoverer of radium.

Meeting will be held at the Golden Age Restaurant, 4545 W 95th Street at 6:30 pm.

For further information call Dale Clinkman, 424-4846 or Bill Cummens, 423-5581.



Nurses Assn meeting

District 20 Illinois Nurses's Assn will present a program entitled "Home Health Care—The Propriety Agency's Point of View" on Thursday, April 3.

The speakers will be Jackie Ambrosine and Ruth Topping, representing one of the Home Health Care Agencies serving the south suburban area.

A District 20 business meeting with announcement of the results of the election of officers for 1980-82 will also be conducted. The meeting will be held at the Thorton Township Hall, 333 E 162nd Place, South Holland, starting at 7 pm. All registered nurses are invited to attend.

Hornburg - Klein receives 1980 Certification Award

Art Hornburg

The Illinois Funeral Directors Assn announced recently that Art Hornburg of Hornburg-Klein Funeral Home, located at 2955 W 95th Street in Evergreen Park, has qualified for the Association's 1980 Professional Certification Award which five percent of the membership achieved in 1979.

Professional Certification is earned by the funeral director's voluntary participation in continuing education, professional community education series involving appearances and presentations, as well as association participation on committees, assignments or literary contributions.

The Certification Program is concluding its seventh consecutive year. Those qualified practitioners will be further recognized at the Association's Centennial Convention Celebration, June 24, 25 and 26 at the Prairie Capital Convention Center, Springfield.

Hornburg-Klein is entering into their 71st year of services to the community. This year represents the seventh consecutive year Hornburg-Klein has received the Professional Certification Award.

Worth Lions to hear Judge Rosenberg

Vernon Thompson, President of the Worth Lions Club, has announced that Judge Edward D. Rosenberg of the Circuit Court of Cook County will be their guest speaker on Monday, April 7, 2:30 pm. The meeting will take place at the Royal Palace Restaurant, 6254 W 111th Street in Chicago Ridge. Judge Rosenberg will speak on "Divorce Laws in Modern American Society". There will be a question and answer period following.

Judge Rosenberg, who graduated from John Marshall Law School in 1954, was appointed a Judge of the Circuit Court by the Illinois Supreme Court in June, 1979. Prior to being a Circuit Court Judge, he was considered one of the top matrimonial lawyers in Chicago.

In 1979, Rosenberg was the Chairman of the Family Law Section of the Illinois State Bar Assn. In 1973, he was the National Secretary of the American Academy of Matrimonial Lawyers.

In 1975, he was Chairman of the American Bar Assn Committee on Liaison with Commissioners on Uniform State Laws, and back in 1976, he was Co-Chairman of the Family Law Section of the Illinois State Bar Assn Seminar.

Judge Rosenberg has published many writings relative to drug liability, Ex Parte Injunctions in Matrimonial litigation, and many others. Besides being a guest lecturer on many occasions, he has also received many awards.

Judge Rosenberg is presently assigned to the Daley Center. He is the father of two daughters.

Woodburning stoves increase fire problems

The Office of the State Fire Marshal urges everyone to check their wood-burning stoves for proper installation and to operate and maintain wood-burning stoves to prevent the tragic losses that have already taken the lives of 16 Illinois residents during the last 2 months.

The recent increase in wood-burning stoves to heat homes has created fire problems throughout the state. Heating with wood with modern, high-quality wood stoves can be efficient, comfortable, convenient, economical, and a great way to keep warm. But, wood stoves can be hazardous and can cause a fire or explosion if they are: improperly installed and used, not kept in safe condition, or treated carelessly. For example, ceiling or walls may overheat if stove is too close, falling sparks may burn floor, too much wood in stove may burn out of control, sparks escaping from chimney top may burn roof, creosote buildup may lead to chimney fire, sparks or flames escaping from faulty chimney may ignite walls. The results include injury, damage to or loss of home and property, and the most tragic - death.

You can be safe if you know how to choose, install, operate, and maintain a wood stove.

CHOOSING A STOVE — Select a safe stove with a label from a nationally recognized testing laboratory.

MATERIAL — Life-span of stove depends on its materials. Cast iron and steel plate; safest, most durable but cost more; barrel and sheet metal; cheaper, but may eventually burn thru.

Quality of Construction: door gaskets - air tight; joints - sealed; firebox - lined with brick, cast iron; latch - secure; draft control - to regulate the fire.

Size: stove should fit space to be heated: too small - might burn too hot, weakening stove; too large - might burn too cool, causing creosote buildup.

INSTALLATION — Installation isn't a job for novices. Get expert help. Contact the Oak Lawn Fire Prevention Bureau of Building Department about safety guidelines and local regulations. Have your installation checked. Follow manufacturer's instructions. Read the owner's manual. Notify your insurance company. Installation may have to meet certain safety standards; policy may be void if this isn't done.

1. Choose the right location. Central location is best for even distribution of heat. If connecting to existing chimney, make sure that it is the proper size. Stove should be away from stairs (heat will rise upstairs). Never put stove in alcove or closet. Don't block exits or hallways.

2. Have proper clearance. Protect Walls: stove must be at least 36" away from anything that can burn, 60" from combustibles. Stove can be 18" away or less from wall if wall is fireproof brick, concrete, etc., or shielded with ¼" asbestos board, 28-gauge sheet metal, or both, with 1½" air space behind. Protect Floor: stove must be at least 18" above floor, and have fireproof pad underneath which extends at least 12" around all sides of stove, 18" beyond fire door. Floor pad can be made of concrete; mortar, brick or stone (at least 4" thick); precut asbestos millboard (at least ¼" thick) covered with 24-gauge sheet metal; or approved stoveboard.

3. Install stovepipe safely: use steel stovepipe, at least 24-gauge thick. Secure each joint with at least three screws; never pass pipe thru ceiling; stovepipe should be easily reached for inspecting, cleaning, etc.; connect pipe to chimney. Either cement pipe to it, or have a tile or metal thimble (sleeve) installed and fit pipe tightly into that; keep pipe as short as possible, if more than 6 feet long, support it securely; use no more than two elbows. Horizontal part must rise at least ¼" per foot; install damper in pipe to control amount of air drawn into stove; if pipe must pass thru unprotected wall, install a thimble (metal cylinder). Diameter should be three times pipe diameter; pipe should be at least 18" from celling and walls.

OPERATION: 1. Put 2" sand or ashes in stove to protect stove bottom; keep floor cool; 2. Don't let stove overheat. A too-strong draft can cause a dangerously hot fire; 3. Don't let fire burn too low. A too-low draft will cause incomplete burning and dangerous creosote buildup; 4. You must keep the fire under control at all times by adjusting the dampers and air inlets to regulate the amount of air entering the stove.

WOOD STOVE SAFETY TIPS: 1. Don't get burned. Keep children and pets away from hot stove. Use potholders to remove pans, open stove doors. 2. Keep fire tools handy. 3. Keep away anything that can burn: don't store wood near or under stove; don't dry wood on stove; keep curtains, clothing, etc., well away. 4. Open a burning stove carefully: flames could puff out at you; embers could drop to floor; remember to secure latch when done. 5. Burn seasoned wood. Dry wood stored for a year gives more heat and forms less creosote. 6. Don't burn trash or garbage - it will damage pipe, stove, chimney. 7. Empty ashes regularly: put them outside in a metal container with tight cover and let them cool before throwing out. 8. Check ceilings and walls: if they're too hot to touch, there is danger!

MAINTENANCE: check chimney regularly - at least once a year. All wood stoves cause some creosote buildup. A cold chimney, slow fire, and green wood make it worse. Scrape creosote off chimney using chains or a burlap sack wired to long pole. Take flue apart, if possible, to clean.

Check chimney: fire can spread through chimney thru cracks, loose mortar, flue caps into wall partitions or onto the roof.

GI benefits running out

"The clock is running on the GI Bill," says Ed O'Donnell, vets coordinator at Moraine Valley College.

"A GI Bill education is a case of use it or lose it," O'Donnell continued. He noted that benefits begin on the day of release from active military duty. They continue for ten years and then expire.

According to O'Donnell veterans can contact him at Moraine Valley to check their eligibility and their benefits.

O'Donnell is in the MVCC Financial Aid Office, L Building, Room L100P, 10900 S 88th Avenue, Palos Hills. O'Donnell's phone is 974-4300, ext 217.

Russo Reports from Washington

by Congressman Marty Russo

APRIL 1ST IS OFFICIAL "CENSUS DAY"

Next month the federal government will be contacting your household to ask about your plumbing, among other matters. The 1980 Census will be underway, the twentieth decennial census since the first one in 1790.

This may be the most significant census in our nation's history and I want to emphasize that public cooperation is essential to an accurate and complete census. This is vital to the country and every community in it because up-to-date statistical findings have become critically important to the orderly functioning of government, business and industry at every level.

As specified in the U.S. Constitution (which requires the census), the population totals are the basis for apportioning the seats in the house of Representatives, and more recently, are used to redistrict many state legislatures. In government, census data are essential components in state funds, Without the census, proper planning and management would not be possible in such areas as economics, military manpower potential, school requirements, employment, national and international finance, social security levels, business cycles, highway use and the health service needs. Programs ranging from Revenue Sharing to nutritional programs for the elderly are determined by census data.

So while it may not be apparent to you as you answer in the privacy and convenience of your own home, you are one of some 222 million Americans involved and making a personal contribution to an undertaking so vast that it qualifies as one of the largest peacetime efforts ever mounted in this country.

CENSUS CONFIDENTIALITY

Concern is often voiced about why some questions are included in the census. "Why plumbing?", one may ask, for example. Because, for several decades, plumbing facilities have been an important indicator of housing quality. The adequacy of plumbing facilities is a key factor in determining which communities receive federal housing assistance funds.

You needn't worry about the entire federal government knowing about your personal data. Each household's answers are protected from disclosure to any other government agency by a special air-tight federal law (Title 13 of the U.S. Code). This includes the IRS and the FBI or local agencies, including the police and social services departments.

Only Census Bureau employees who are sworn to secrecy may see the census forms and there has never been a proven case of a census employee divulging personal information secured from the American people. Also, census procedures are designed to assure confidentiality. Social Security numbers are not requested on the census form and an individual's name, address or telephone number is never entered into a computer.

COMPLETION OF FORM

Your census form will arrive in the mail around March 28th. You are asked for basic information - age, sex, occupation and about such subjects as housing, personal transportation and energy sue.

Most people will be asked to answer a basic census questionnaire, which has 19 questions. About one of five households, chosen randomly, will be asked to answer a longer version with 46 additional questions.

I urge you to complete your form and mail it back on April 1st, the official "Census Day", or hold it for a census taker to pick up, depending on the instructions. The Census Bureau estimated after the 1970 Census that some 5.3 million of the American people had not been counted. Don't be one of them this time. It will make a big difference to our local communities as well as the country.

ILLINOIS CENSUS PROGRAMS

Illinois is one of the states chosen for a new census effort called the "Community Services Program". This is part of an intensified effort to assure that every U.S. resident is counted.

Community Service Specialists have been hired from the community they are serving and are working with local organizations to reach their memberships with information about the value of the census to them. The specialists will serve Chicago, Peoria, East St. Louis and Springfield.

Chicago also will be one of four American cities to participate in an experimental program during the 1980 Census. The decennial census questionnaire will be hand-delivered by census takers, rather than mailed to each household, between March 11 and March 28. At each household, ennumerators will ask for the resident's names and the telephone number and whether any foreign language assistance is needed.

The questionnaires are to be returned by mail, postage-free on or about April 1. If this procedure results in a higher percentage of people responding properly to the census, it could become the standard method used nationwide in the future.

PICTURE OF THE COUNTRY

We're going to learn a lot from the Census about who we are and where we are and how we're living here in America. We have to know. Perhaps there was a time when Americans could squander with abandon, knowing that our resources far exceed the number of people making claims on them. Those days are gone forever. Nowhere is that clearer than here in Congress.

We now recognize that our resources - natural and financial - are limited and that decisions must be made carefully to assure that limited supplies are effectively and efficiently dispersed to people who need them. This is why "Census '80" is so significant.

As the Saturday Evening Post noted back in 1958:

"Without the census, we wouldn't plan a school or a drive-in. . .Census fact-finding is not the collecting of statistics for statistics' sake. It is the absolutely essential benchmark for measurement of the condition of a country where nothing is taken for granted."

Teenager Pageant Finalist

Miss Vicki Sue Brockman, age 15, Oak Forest High Sophomore, is a finalist in the 1980 Illinois National Teenager Pageant to be held at the Holiday Inn of Decatur, Illinois on March 28, 29 and 30. Born and raised in Evergreen Park, Vicki presently resides in Oak Forest with her parents. She is athletically involved in gymnastics, basketball, tennis, track, swimming, and Pom Pom sports activities. Roller skating, horseback riding and disco dancing are her favorite hobbies. Recently, Vicki graduated from the Barbizon Modeling School which has enhanced her career interests. Vicki's participation in the Teenager Pageant is sponsored by the First National Bank of Evergreen Park, 3101 W 95th Street.

"Whistlestop" program for Hometown

Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, again showed active community involvement by introducing a "Whistlestop" program to the City of Hometown. The bank generously gave a helping hand to the City by donating and distributing colorful safety whistles to the senior citizens.

The blue and white whistles, imprinted with the phone numbers of the Hometown police and fire departments, can be sounded by the citizen in the event of an unexpected emergency. The noise of the protective device is recognized as a signal for help.

In addition to presenting local seniors with the whistles, Albert C. Baldermann, vice president, secretary, and trust officer, Heritage Standard Band, delivered a presentation on trust and estate planning to the group at a recent meeting. Phlip Lucerto, Mayor of Hometown, was present at the meeting. Both the whistles and informative speech were well received by the group.

Robert E. Kennedy, president of Heritage Standard Bank, commented on the event, stating, "It is encouraging to know that the City of Hometown and their Senior Citizens Club support our "Whistlestop" program and appreciate our strong community spirit and action."

Albert C. Baldermann (r), vice president, secretary, and trust officer, Heritage Standard Bank, presents safety whistles donated by the bank to women at a recent meeting of the Hometown Senior Citizens' Club, as Mayor Philip Lucerto (c) and John Delehant (l), president of the club, join in the activity.

Oak Lawn Youth Commission offers new Tuesday program

Beginning in April the Oak Lawn Youth Commission will be sponsoring a Tuesday evening program of special interest to junior and senior high school age youth. The series will feature guest speakers, demonstrations, discussions and films on a wide variety of subjects.

The first program to be presented in this series will be 'Teenage Attitudes Toward Alcohol'. It will take place on April 8 at 7 pm and last approximately an hour and a half.

The speaker, Kathy Hibach, is a alcoholism counselor from Christ Hospital and has had many years experience in alcohol rehabilitation and education. Ms Hibach will lead a discussion, show a film and encourage the audience to present their views or ask questions.

The program will be offered free of charge at the Minus None Youth Center, located in the back of the Village Annex building at 9630 Southwest Hwy. For information call 636-2929.

RESTAURANT GUIDE

Make it an Italian evening at the Black Knight

Make an Italian evening of it at the Black Knight Restaurant. You never know when your host PAT CAPUZZI will appear with a special dish that he has cooked himself and surprise the diners by serving it himself.

The whole scene takes place on Wednesday night when the Black Knight serves an Italian Fiesta Buffet with everything from fresh vegetables, relishes and dip, gourmet dishes, Italian cookies, spumoni ice cream and fresh fruits in season for dessert.

The menu is going to change some each week to enable the guests to sample the many Italian dishes. However you will also find soup, appetizers, salads, fish and pasta such as the Italian Wedding soup, spicy tomato salad, Calamari deep fried and also served in salad. Also, cold and crisp Italian celery and sliced homemade fried zucchini.

The eggplant or veal parmigiani is served with layers of the above ingredients and mozarella cheese then topped with a thick rich tomato sauce.

Smelt, peppers and eggs, lasagne, stuffed noodle shells with ricotta cheese, roasted peppers, chicken vesovia are an assortment of the many entrees that may appear on the table and are yours for your entire entree or for sampling each one.

Pat Capuzzi is a superb chef himself and specializes in "frotta", like a souffle, it is made with five different cheeses and sausage.

Remember, you don't have to eat, jump up and run on this very special Wednesday night. Pat wants you to relax, take your time, and dine as long as your appetite holds. The cost for this dining experience is the low price of $9.95 complete.

The Black Knight is located at 5200 W 159th Street in Oak Forest. For information call 687-6676.

This is their first joint-reunion, but because of past successes, they feel this will be an especially gala affair.

If you have NOT received your invitation, or you know of anyone on the "missing persons list", please contact Grayce (Dickson) Vanerio in Chicago, GR 6-5321 or Joy (Waleryszak) Everson in Oak Lawn, 636-0112 or Dorothy (Honsa) Peterson in Elmhurst, 530-8554.

Others working on the committee are Ann (Goering) Carbaonneau of Chicago; Gerry (Weaver) Hilger, Chicago; Evelyn (Hanlon) Lage, Burbank; Robert Ferry, Oak Lawn; and Bob Rago, Chicago, all from the June class.

From the January class, Jean (Gade) Boling, Chicago; Dixie (Crane) Larson, Worth; Beverly (Oliver) Kuper, Oak Lawn; Pauline (Caseb) Patula, Chicago; and Ed Reeves, Flossmoor.

The June 50 Class has held a reunion every five years, so if you would like to leave the "mad, mad now generation" for an evening of Lindblom High 1950 atmosphere be sure to contact Grayce, renew old friendships and let 30 years just slip away!

Minus None Youth Center offers live rock 'n roll

If you like listening to good live rock 'n' roll, come to twelve hours of live music by four local bands at the MInus None Youth Center.

The Minus None Youth Center and the Oak Lawn Youth Commission are sponsoring an all day concert Saturday, March 29 from noon to midnight. The Minus None "Jamin' Into Spring" concert will feature live rock by the bands Desiderata, Ridin' High, Equinox and more.

Tickets for the concert will be sold in advance for $3.50 or may be purchased at the door for $4. Advance tickets will be sold in Oak Lawn and Richards high schools a few days before the concert.

Profits from the concert will be split three ways; one third will go to the bands, one third will be reinvested in the Minus None Center and one third will be donated to Little Brothers of the Poor, a Chicago-based organization which assists families in need of food, clothing and household needs.

The Minus None Youth Center, located in back of the Village Annex at 9630 Southwest Hwy, is one of the largest youth centers in the Chicago suburbs.

For more information about "Jammin' Into Spring" or the Minus None Youth Center, call the Oak Lawn Youth Commission, 636-4400, ext 337 or 338 or 636-2929.

Heritage Standard Bank congratulates employee

The officers and staff of Heritage Standard Bank, 2400 West 95th Street, Evergreen Park, recently honored employee Ronald O. Gortland, vice president of the Personal Banking department, on the occasion of his 25th anniversary with the organization. Employees surprised him with a dinner party attended by more than 70 people held at Lauer's In-Town Restaurant in Calumet City.

Gortland curiously views a centerpiece, decorated as a bank, with his employees (l to r) Bonnie Balko, assistant vice president, Russell Hollender, vice president, Carolyn Merino, assistant cashier, and Mary Ann Wright, receptionist. The unique arrangement was one of many gifts he received as momentos of his silver anniversary with the Heritage organization.

Red Cross Parking Lot Fun Tent sale

The Mid-America Chapter of the American Red Cross announces "The Magnificent Mile's First Red Cross New and Used Only Good Stuff Parking Lot Tent Sale". This unusual and spectacular event will be held May 16-17 at Red Cross headquarters at Grand and Wabash in downtown Chicago.

New and slightly-used merchandise is being solicited as sale items for the event. Margorie Marston, chairman for the sale said, "We are asking people to donate items that could be sold during the two-day event. It will be similar to a garage sale, but with unique items in good condition that would interest the general public."

Small appliances (all in working condition), memorabilia, and small furniture items (in good condition, no clothing please) are needed.

Merchandise can be dropped off at Red Cross headquarters, 45 E Ohio Street, from 8:30 am - 8 pm Monday thru Saturday. If you are unable to bring the items to Red Cross a limited pick-up service will be available in some parts of the metropolitan area.

"We really need everyone's help," Marston continued. "In order to make this event a success, the public needs to support our efforts."

For more information call the Red Cross financial development office at 440-2203.

Dr McCarthy welcomes Debolt

Dr Joseph McCarthy (l), Worth Township Supervisor, welcomes Robert F. DeBolt to newly created post of Veterans Affairs Counselor for Worth Township.

Robert F. DeBolt, an Evergreen Park resident and former Disability Rating Specialist with the Veterans Administration, has been appointed to the newly created post of Veterans Affairs Counselor for Worth Township, it has been announced by Dr Joseph McCarthy, Worth Township Supervisor.

DeBolt, an 18-year veteran with a B.A. degree from Southern Illinois U, will assume his duties with Worth Township effective immediately, according to McCarthy and the Worth Township Board of Trustees.

As Veterans Affairs Counselor for Worth Township, DeBolt will counsel veterans and their families on the many benefits available to veterans from World War I and II, Korea and Vietnam.

"We feel very fortunate to have a man of DeBolt's background and experience in veteran affairs and benefits with Worth Township," McCarthy said.

DeBolt will be available to counsel veterans and their families on compensation for service connected disabilities, pensions for veterans, death benefits for widows and children of veterans, as well as information on Veteran Administration home loans, education, medical and dental benefits, employment, insurance and burial rights.

DeBolt, who resides in Evergreen Park with his wife and two children, is a member of the Disability Rating Board and currently Senior Vice Commander of the Evergreen Park American Legion Post 854.

McCarthy said DeBolt will office at the Worth Township Annex, 11601 S Pulaski, Alsip, and counseling hours will be: Monday, 1 - 5 pm; Wednesday, 9 am - 1 pm and 6 - 9 pm; and Friday, 9 am - 1 pm.

Veterans from Worth Township, or their families wishing to discuss or review their benefits, may call 371-2900, ext 10 for an appointment.

Name Outstanding Vocational Students

Six students at Harold L. Richards High School have been named this year's Outstanding Vocational students. Teacher Dale Janssen (far left in back) congratulates (from left front row) Eileen Finan, outstanding business student; Gail Glowala, outstanding horticulture student enrolled at the Sauk Area Career Center; Sheila Witt, outstanding child care student enrolled at the SACC; (back row, l to r) Tom Evans, outstanding industrial arts student; Linda Benck, outstanding cosmetology student enrolled at the SACC; and Lynell Godfrey, outstanding cooperative education student. The students were nominated on several factors by their teachers and were invited to attend the Illinois Vocational Assn luncheon held in February as guests of the American Technical Society.

Emergency medical services

Pictured above is just one of the 3700 emergency calls that the Oak Lawn Fire Department Ambulance responded to in the last year. Oak Lawn has 3 emergency medical vehicles: 2 ambulances and a paramedic rescue squad. Manning the ambulances are a paramedic and an emergency medical technician (E.M.T.), while on Rescue 15 two paramedics respond. Rescue 15 carries telemetry equipment, which monitors the patient's vital signs and various drugs, which help stabilize the patient's condition. The paramedics are in constant communications with the hospital emergency room at Ingalls Hospital which is kept aware of the patient's condition.

The Emergency Medical Service that is provided to the village has 10 E.M.T.'s and 15 paramedics. In order to become an E.M.T. a fireman must complete 81 hours of classroom instruction, whereas a paramedic must take an additional 390 hours of classroom instruction plus continuing education to keep abreast of the ever changing techniques. All of this training enables a paramedic to successfully identify and aggressively treat life-threatening emergencies, such as shock and cardio-respiratory failure at the scene or enroute to the hospital.

For years, people have thought about their fire department as serving only one purpose that of fire suppression. Hopefully, now people will realize that most fire departments provide two services, that of fire suppression and as in the case of Oak Lawn an excellent emergency medical service program to the community.

Worth Township Mini Bus Program logs 20,541 goodwill miles for seniors

Since introducing a mini-bus service program for Worth Township senior citizens, the two mini busses have logged a total of 20,541 with over 4800 passengers in the past year, according to Dr Joseph McCarthy, Worth Township Supervisor. McCarthy (r) is shown here with Joan P. Murphy, North Township Clerk and Congressman Marty Russo.

McCarthy said the mini bus program for seniors averages 20 passengers a day and each unit has travelled an average of 395 miles a week.

In the past year the Worth Township Mini-Bus program has transported senior citizens to local hospitals and nursing homes, doctor and dental appointments, shopping, beauty shops and to hospitals as volunteer workers. McCarthy also indicated the township has made arrangements with the American Cancer Society for patients to be transported to hospitals for cancer and dialysis treatments.

Both of the mini busses are equipped with wheel chair lifts and mobile radio units for instant communication.

Saint Catherine Parish hosts Apostolate of the Handicapped.

Over 200 members of the Apostolate of the Handicapped gathered at St Catherine of Alexandria on Saturday, July 12. The group, most of whom are in wheelchairs, met to enjoy the once a month, five hour program. Innovator of the social, which is now in its twentieth year, was Father Meyer of Christ the King Church.

Apostolate of the Handicapped groups are in four areas of the archdiocese. Those at St Catherine's were from the south area.

The program, intended to enable the handicapped to leave their homes at least once a month, starts with a holy mass offered by the priests of the host parish. Following was a delightful and full lunch also provided by the host parish.

Guest speakers, to both address the members and answer questions, were provided by the combined efforts of Oak Lawn Trustee Jay Bergamini and Blas Olivares.

Mayor Ernie Kolb was the first guest speaker. Kolb, who has been on crutches since his accident last September, said that this experience has helped him to understand some of the many inconveniences suffered by the handicapped.

He said that it is a blessing that we have our family and friends. He was referring to those present that are responsible for getting the handicapped to their destination.

"Thank you for coming to the Village of Oak Lawn," he said. "If there is anything we can do for you just call on us."

Congressman Marty Russo was the next speaker introduced.

Russo said, "Fortunately, during the last decade, there has been a growing awareness of the needs of the handicapped in our country. Until the last decade we, as a nation, were not sensitized to the needs of the disabled when we built buildings, designed our transportation systems or set up educational institutions.

"We should have been, it was not until the new focus of the government and activism of the handicapped, themselves, that meant specific programs for today. And this also insures that we do not again commit these thoughtless oversights in the future. We must stay committed to improving the quality of life for all people no matter what their race, color, creed or disability may be."

Russo, after relating a few of the new programs provided by the government said, "It is important to realize that everybody is not eligible for all program. Eligibility requirements must be met before you become a program recipient of any program."

Senator Richard Daley was the last to speak. He spoke of the many inequities in state government with regards to the handicapped. Daley said also that it was up to the people to pressure their senators into accountability.

"If you have a problem come to me or the congressmen. If either of us are not aware of your problems we cannot help you with them."

The next meeting of the Apostolate of the Handicapped will be at St Bede's the Venerable in Chicago.

St Germaine plans Silver Jubliee Testimonial

Final preparations are being made for a Silver Jubilee Testimonial honoring Rev William O. Goedert, Pastor of St Germaine's Catholic Church in Oak Lawn. A brunch will be held at the Beverly Country Club on Sunday, April 27, 11:00 am to 3:30 pm in honor of Father Goedert's 25 years of service as a priest. Tickets are $17.50 each and can be obtained by calling John Barich at [illegible] or Ron Gamble at [illegible]. Planned fundraising plans are [illegible] Sullivan, Ron Gamble, Father Goedert, John Barich, and Rich Hudson.

Gem, Mineral and Fossil Show

The Greater Oak Lawn Diggers in cooperation with Moraine Valley College will hold its third annual Gem, Mineral and Fossil Show at the college from noon to 5 pm on Sunday, April 27.

The show is a family affair with exhibits, demonstrations and films to entertain and inform those interested in finding fossils, learning about archeology and seeing the creation of jewelry from raw gems.

One of the features of the show is a collection of Indian artifacts gathered by Oscar Bidese, president of the club. The arrowheads and artifacts came from Bidese's boyhood farm in the Lake Calumet region. The farm was the site of an Indian campground, and most of the materials were collected about 60 years ago.

Paul Sipiera of the Center for Meteoritics and Planetary Studies at Rainey Harper College, in Palatine, will give a slide lecture on planetary geology titled "A Close Up View". Star Wars fans will enjoy

Films will include "Pit Eleven Fossils" and "Navajo Silversmith".

A small donation for research will make the donor the owner of a genuine meteor segment or an arrowhead.

Members of the Greater Oak Lawn Diggers and other area clubs will be on hand to demonstrate scrimshaw (carving on ivory), faceting of gems, opening of geodes, mounting of stones, gem trees and electroplating. Exhibits will include the unique Mazon Creek fossils found only in Illinois and displays of fossils and their locations from [illegible]

The show is free and will be held in the [illegible] 9 [illegible] Avenue, [illegible]

Princeton recognizes Grace Morris

Grace Morris, professional astrologer and counselor, was one of 47 astrologers and teachers in the United States chosen to come to Princeton U last August to set up a four year university level curriculum in astrology to be recommended for use throughout the country. A return visit this fall will set up a "post-graduate" professional level. Of the 47 astrologers attending, many are also university professors, medical doctors and psychologists. Astrology is taught to graduating psychiatrists at the Jungian Institute at Berne, Switzerland. Astrology is the study of cycles and patterns; its best use is as a diagnostic tool in counseling and therapy.

The meeting at Princeton was sponsored by the National Council for Geocentric Research. The NCGR is offering testing and lectures on the curriculum April 25, 26 and 27 at the Sheraton O'Hare, Chicago. Morris will be one of the speakers.

Grace Morris is director of the School of Psychological Astrology, 4931 W 95th Street, Oak Lawn, 636-3858, teaching classes in beginning to advanced levels of astrology.

Loretto sisters to celebrate 100th Anniversary

On August 17 the Sisters of the Institute of the Blessed Virgin Mary, commonly known as Loretto Sisters, will be celebrating their 100th Anniversary in the United States. Presently, the IBVM Sisters are serving in St Catherine of Alexandria Parish, Oak Lawn; St John of the Cross, Western Springs; St John Vianney, Northlake; Loretto, Wheaton; St Adrian's, St Bernard's, St Bride's, St Cyril's and Loretto Adult Center in Chicago; as well as in California, Arizona and Michigan.

In preparation for the Centenary, there will be a Pilgrimage of thanksgiving and reparation to Joliet, the site of the first Loretto foundation. On Sunday, April 20 the pilgrimage to Joliet will begin at 2 pm in Mt Olivet Cemetery with a Graveside Service. Bishop Joseph L. Imesch of Joliet will celebrate mass at 3 pm in St Mary's Carmelite Church on Ottawa and Clinton Streets. There will be a reception in the Carmelite Priory following Liturgy.

All are invited to join in sharing their gratitude for the past and the present, and their hope for the future.

Dr Nederhood to speak on abortion

On Sunday evening April 20, at 6 pm widely noted Dr Joel Nederhood will speak on the subject, "The Abortion Trap", at The First Christian Reformed Church of Evergreen Park, 9540 S Homan Avenue. Persons of all faiths are cordially invited to attend and hear the views of Dr Nederhood on this most vital topic dealing with the preservation of human life.

Dr Nederhood, Director of the "Back To God Hour" ministries of the Christian Reformed Church, located in Palos Heights, has been associated with this broadcasting outreach since 1960 and has served in his present capacity since October 1965.

Dr Nederhood was ordained as a minister in the Christian Reformed Church in 1960, after studies at the Free University of Amsterdam, where he wrote a doctoral thesis called "The Church As Mission and the Educated". He is also a graduate of Calvin College and Seminary in Grand Rapids, Michigan. He attended Christian grade schools.

Dr. Joel Nederhood

Dr Nederhood is the editor of TODAY, a devotional guide that enjoys international circulation. He is active in pro life circles and spoke in Washington, D.C. for the annual "March for Life".

GOP to hear RTA Leonard

Gene Leonard, Board Member of the Regional Transportation Authority (RTA) will be the guest speaker at the next meeting of the Worth Township Regular Republican Org. This meeting will be held Thursday, April 17 at the Johnson-Phelps VFW, 9514 S 52nd Avenue, Oak Lawn.

Leonard, who is also the Republican Committeeman of Bremen Township, has been a member of the RTA Board since February 1976. Prior to this appointment, Leonard served as a member of the RTA's Metropolitan Area Transportation Council. This Council is an advisory board which makes recommendations to the RTA.

Leonard's presentation will feature a slide display, elaborating and highlighting upon the new services being provided in South Suburban Cook County. He will also comment upon the pending proposals regarding the continuation of service of the now defunct Rock Island Lines.

Committeeman Herb Huskey invites all Worth Township residents to attend this informative meeting. Refreshments will be served immediately following the meeting.

Anhalt receives commendation

Detective Edward J. Anhalt Jr. (l) has been commended by Mayor Ernie Kolb (r) and the board of trustees for his professional performance of duty resulting in the apprehension and arrest of a subject in connection with a fire by arson.

Fire Chief Elmore Harker while recommending the commendation said that it is dedicated efforts like these that will curtail, and hopefully eliminate, the problem of arson in the village.

Seniorama Health Screening Fair

Senior citizens can now make an appointment for the blood cell profile tests being offered at the Seniorama Health Screening Fair on Friday, May 23. Seniorama is cosponsored by the PLOWS Council on Aging and Moraine Valley Community College and will take place at the college, 10900 S 88th Avenue, Palos Hills.

Provided by technicians from Hinsdale Hospital and Sanitarium, the blood cell profile reveals information about a variety of different conditions in the blood including uric acid, cholesterol, iron, blood sugar and others. One week after the test, a physician will conduct a follow-up meeting to discuss test results.

Normally these tests cost approximately $45. However, for Seniorama Hinsdale Hospital will offer the blood cell profile for only $15. Appointments for this test are limited. Seniors are urged to call early to make their appointment.

Other health screenings at Seniorama that require advance registration include testing for dental problems, foot disorders and vision. No advance registration is required for the blood pressure, colon cancer, hearing and height and weight screenings.

This is the fourth year that the Seniorama Health Fair will be offered to seniors in Palos, Lemont, Orland and Worth Townships. To make appointments for the health screenings, call the PLOWS office, 422-6722 or 422-6769.

Park Lawn turns the table on United Way

Each year for many years, the United Way of Oak Lawn has directed a portion of its funds to Park Lawn for operational expenses. Needless to say, Park Lawn depends upon this charitable contribution for its programs for the mentally retarded.

Because of their loyal support, the Park Lawn staff recently decided to turn the tables on United Way by participating in an all staff drive to raise funds for them.

Setting a goal of $500 for their total contribution, the staff under the co-chairmanship of Ms Ellie Crumback, Ms Barbara Reilly and Ms Kathy Krueger, conducted a one-day-a-week raffle for six consecutive weeks.

The prizes, all donated by local business people and friends, made it a fun event as well as a nice way to say thank you to their friends from Oak Lawn United Way.

Park Lawn is located at 10833 S LaPorte, Oak Lawn.

New youth program at Menard Center

A new recreation program for young people has started at the Menard Activity Center, sponsored by the Oak Lawn Youth Commission.

The program offers to Oak Lawn children, between the ages of six and thirteen, a chance to participate in a variety of games, crafts and special events.

The center, located at 90th and Menard in Oak Lawn, is open Monday and Thursday afternoons from 3:30 to 5:30 pm.

Some of the events scheduled include a Mexican pinata party, old time movies with popcorn and a junior olympics with prizes. Membership I.D.'s can be purchased at the center for $1 and can be used to borrow game equipment and for discount admissions to special events. This I.D. can be used at the Menard facility and the Minus None Youth Center at 9630 Southwest Hwy.

The program will be supervised by qualified and experienced recreation staff from the Oak Lawn Youth Commission. For more info call 636-4400, ext 338 or 337.

Huskey questions utility rates and charges

Legislation which prohibits public utilities from including costs of unfinished construction work in their rates and charges is being proposed by State Rep Herb Huskey (R-8).

His proposal (HB 2923) Huskey says, will "protect consumers" by ensuring that costs associated with such construction, ownership, maintenance or financing "are kept out of monthly bills".

"Public utilities should only be able to base their rates on the current level of service they actually provide," Huskey said. "It makes sense, therefore, that a facility must be providing service to utility customers before its expenses can be considered for rate making purposes."

Citing Commonwealth Edison as one example, Huskey says its construction of an atomic energy plant near Braidwood could increase both commercial and residential rates in the southwest suburbs without any corresponding improvement in services.

"We're already feeling the pressure of inflation in our regular utility bills," he said, "and there's no reason why anyone should also bear the higher costs involved with constructing facilities that are many years away from being completed and functional.

"If a private firm engaged in such unfair practices, we would have the option to take our business elsewhere," Huskey said.

"Unfortunately, we don't have that recourse available when dealing with public utilities, so it's up to government to safeguard the public's well being."

The House Rules Committee will now determine if House Bill 2923 can be considered as an "emergency" matter during the upcoming budgetary legislative session.

Additional information can be obtained from Huskey at 424-5000.

30 Years of service for Kennedy

Alfred J. O'Malley (l) chairman of the board and chief executive officer, Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, proudly congratulates president Robert E. Kennedy for 30 years of dedicated and professional service to the Heritage organization.

Robert E. Kennedy, president of Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, recently celebrated thirty years of service with the Heritage organization. To honor him on this special day, bank personnel surprised him with a party attended by his family, friends, and other Heritage personnel.

Robert E. Kennedy was elected to the position of president of the bank in May, 1978, having served as executive vice president since May, 1976. Prior to this time, he was vice president of Heritage Bancorporation, where he handled the marketing, advertising, and public relations functions. Previous positions included assistant vice president of commercial and industrial banking, assistant cashier, pro cashier, manager of special services, and note teller, since his first job as a commercial teller.

Heritage Standard Bank's president actively supports and participates in community efforts. Currently, he holds the position of president-elect for the Evergreen Park Chamber of Commerce. He is a board member of the Evergreen Park Unit of the American Cancer Society and a member of Robert Morris and Associates. Bob and his wife, Shirlee, reside in Flossmoor with their daughter Judy and son Robert Jr. Their son and daughter-in-law, Kevin and Linda, reside in Clarendon Hills.

Alfred J. O'Malley, chairman of the board and chief executive officer, Heritage Standard Bank, was pleased to present Robert Kennedy with gifts on behalf of the bank and staff, and commented, "The day was a memorable one for both Robert Kennedy and Heritage Standard Bank. We are very proud of our fine president and his many professional accomplishments."

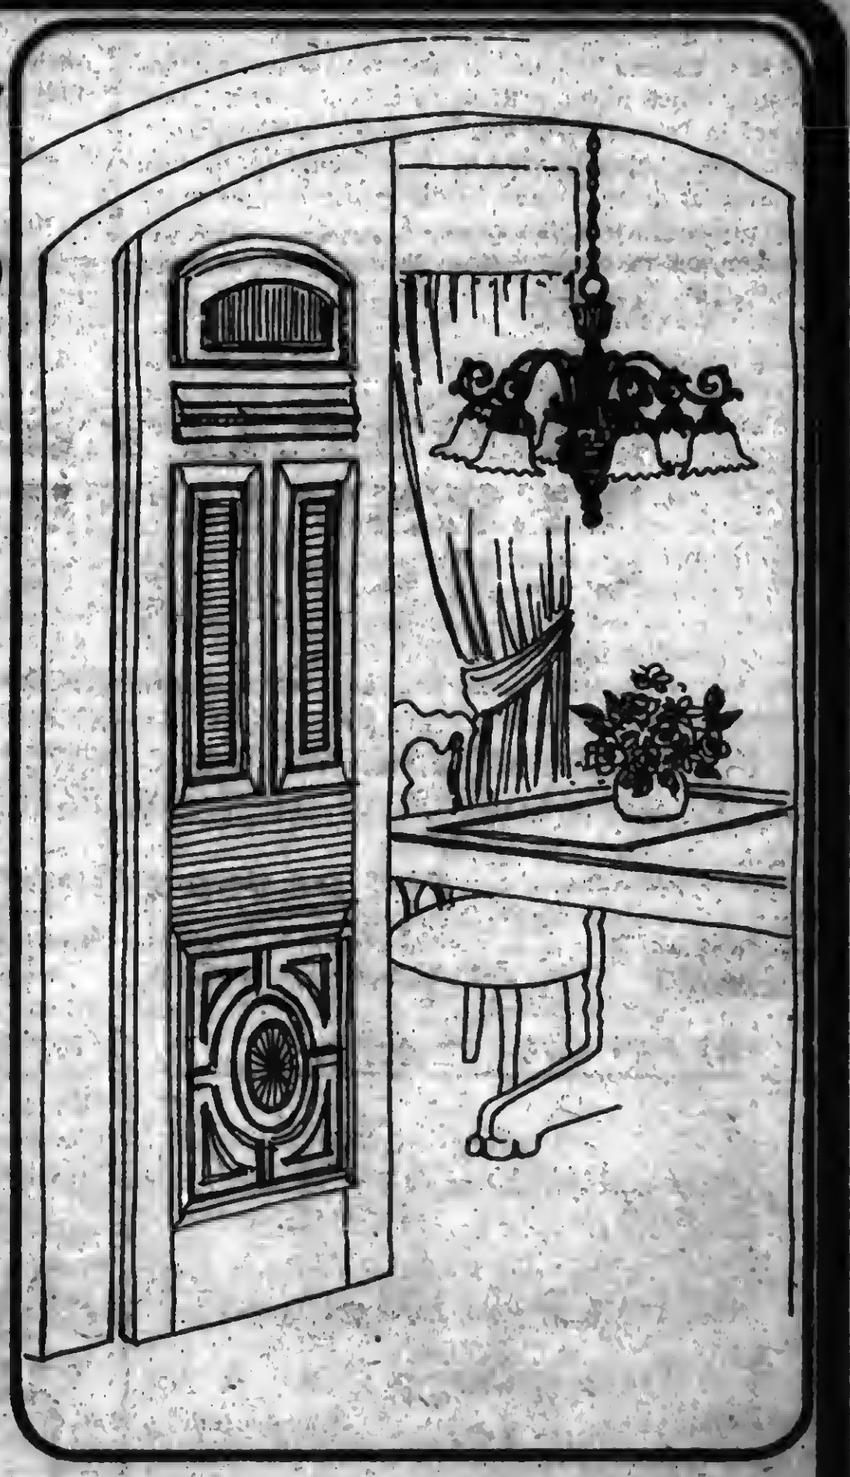
Exhibition due from Smithsonian

The Oak Lawn Historical Society has announced that it will be the recipient of two exhibitions from the Smithsonian Institution in Washington, D.C. The society was informed by telephone by Sally Slater, Registrar for Shipping, that they had been chosen to receive two exhibitions last month. The exhibitions which were organized by the Smithsonian Institution Traveling Exhibition Service have been on tour around the country and will become a part of the permanent collections of the Oak Lawn Historical Society.

The first exhibition, Five Critical Elections, which is expected to arrive by April 15 deals with five presidential elections that took place at particularly critical times and has lasting consequences: 1800, 1828, 1860, 1896 and 1936. The exhibit was researched and organized by former Smithsonian curator Dr Keith Melder.

Expected to arrive in February of 1981, the second exhibition, Suiting Everyone, is a history of ready-made clothing adapted from the larger exhibit at the Smithsonian Institution's Museum of History and Technology, which was researched and organized by Claudia Kidwell on the Division of Costume and Furninshings.



Five Critical Elections is expected to be on view to the public after the re-opening of the Historical Society's exhibit room next month after its 15 month hiatus said society spokesman Bill Sullivan. Sullivan also stated, "It is fitting in a way that we should re-open with a Smithsonian exhibition, since we originally opened with one in 1977. The Board of Trustees are most honored that the Smithsonian should single us out for this donation." Society members are even now at work on the exhibits area which was turned into a courtroom by the county last year and recently returned to the society.

Victory over voter apathy?

Give them an issue, worry them enough, push their kids around and the voters will come out. The results of the Oak Lawn-Hometown School District 123 election this past Saturday proves the point of a letter on this page from Congressman Ed Derwinski with regards to "voter apathy". Unfortunately, it was not true for Districts 126, 218 or 524.

Lack of money, school closings and who or what would occupy them when empty, has brought much attention to the District 123 school board this past year.

In April of 1979 the top three vote getters were: Zurawski with 605 votes; Bulow with 516 votes and Smith with 424 votes, average for any school election.

This April election Pat Stancik was top vote getter for one of the three seats with 1133 votes, incumbent James Clark, 943 votes and Judith Roseneow, who failed in her bid for election in 1979, came in third with 859 votes.

Now referring to Derwinski's letter once more, in District 126, Oak Lawn, Alsip, Hazelgreen, Raymond Arthur was the winner with 193 votes and incumbent Clark Alford won the second open seat with 174 votes.

Again in District 218, one of the largest school districts in Illinois, which includes Richards School in Oak Lawn, Sheppard in Palos Heights and Eisenhower in Blue Island, consuming the largest portion of the tax dollar for those in that particular district, voters hardly managed to get to the polls to protect their vast interest.

Claiming the two open seats in District 218 were Elaine Schubert with 1156 votes and Joan Baldouf with 1036 votes.

Using comparitive figures once more in the case of Moraine Valley Community College, ten times larger than any of the above, was probably the type of instance which prompted us to disagree with the "Letter to the Editor" from Derwinski.

The team of Joseph Heffernan and Maureen Pecor claimed the two open seats. Heffernan received 3475 votes and Pecor received 3405 votes.

PS: All of us are paying taxes for Moraine - check it out on your tax bill under Community College 524!

PSS: And be sure to read the letter from Ed Derwinski, this page.

Air Force offering cash bonuses

The Air Force is now offering cash bonuses to qualified 6-year enlistees in three highly specialized career fields.

According to SSgt's David and Lynn Gasaway, Air Force Recruiters, 10735 S Cicero, the bonuses will be paid to recruits who complete technical training requirements for Radio Communications Analysis/ Security, Voice Processing, or Explosive Ordinance Disposal.

Bonus amounts will vary. Radio Communications Specialists will receive $1000, Explosive Ordinance Disposal Specialists, $1500; and Voice Processing Specialists $2000. Sergeant Gasaway explained that enlistees will be authorized a lump sum payment at their first duty assignment following completion of training.

Applicants for training in these Air Force Specialties must be high school graduates or possess a state certified GED. They must have no prior military service and be fully qualified for training in the specialty.

Further information about the bonus plan and other Air Force opportunities is available from either Sergeant Gasaway at their office or by calling them at 425-4922/4454.

LETTERS TO THE EDITOR

VICTORY OVER VOTER APATHY

Now that we have had the opportunity to analyze all the results of the recent primary election, there is one clear victory that the public can claim. I am referring to the victory over apathy.

The primary results in Illinois, especially in Cook County, demonstrate the healthy, spirited, and positive public interest in political participation. This is a very good sign as we look forward to the general election campaign.

Under our system of government, public officials are to reflect the views of their constituents in so far as practical. Maximum public input into government policies is in direct relation to the intensity of the public participation in elections. When we have a large public vote cast, this minimizes the organized pressure groups which often achieve disproportionate influence in government decision making.

The 1980 primaries in most states have shown a similar heavier voting pattern as exhibited by the citizens of Illinois. If this momentum for increased voting participation continues to build throughout the year, we, as Americans, can truly say that we have "A government of the people, by the people and for the people."

LARSON RECOMMENDS FOREST PRESERVES

It is unimportant who receives credit for the recent proposals regarding the Cook County Forest Preserves – what really matters is that the Cook County Forest Preserve District Board (Board of County Commissioners) provides clean, safe Forest Preserves to visit.

In the past year, I along with others, have attempted to highlight the problems encountered by people utilizing the Forest Preserves. In conjunction with this, I made a number of concrete recommendations to prevent further occurrence of these negative incidents.

Fortunately, the airing of these problems received the necessary attention to stimulate action. Michael A. Spiotto, former Superintendent of Police in Chicago, was commissioned to undertake a study regarding present conditions.

Spiotto's report is in agreement with a number of the ideas I proposed in August 1979. The key element of necessary action is the upgrading of the standards and training of potential members of the newly developed "Cook County Forest Preserve Police Department". I am extremely pleased Spiotto and I are in accord on this vital reorganizational effort.

The organizational structure will be revised, enhancing the procedural directions in the "chain-of-command". Supervisory personnel will specialize in police activities and will not be distracted by non-law enforcement responsibilities.

Upgrading the present "ranger" force and the introduction of a complete communication system should reassure those people hesitant about using our preserves.

Picnic permit applications for 1980 are already up 20% over last year's record. This is undoubtedly due, in part, to the reduction in lengthy travel because of the gasoline crunch. With the acceptance and implementation of the above mentioned proposals, along with the other modifications, I am certain we will be able to enjoy our summer outings in the forest preserves.

Board of Commissioners

WRITER SAYS OIL IMPORT PROBLEM MAGNIFIED

Former Secretary of the Interior Walter J. Hickel, (and previously Governor of Alaska) clarified the Alaskan oil situation in his remarks to the Chicago Club last week.

The oil field at Prudhoe Bay is on state owned property and the production of 1,600,000 barrels a day are being delivered to West Coast and Gulf Coast ports for American use. The field capacity is estimated at 10 billion barrels.

The geological structures on federal lands in the area indicate other capacities of 10 billion to 14 billion barrels, but no drilling no leasing is being done because of orders from the Carter White House.

We could have production as a starter of another 1,600,000 barrels daily if the federal fields were opened, and this could be doubled and trebled for the next 20 years after capability was proved out.

There would be two benefits:

First: Imports could be dropped to 20% or 25% rather than todays 50%. Interior's report to the White House in 1970 pegged the critical percentage at 20% to 25%. Anything over these percentages could be disastrous, the report stated. This prediction has been proven to be correct.

Second: The Federal Government collects a royalty of 16 2/3% on each barrel of oil. On 1,600,000 barrels at today's price, the U.S. Government would have an income of $2.5 billion a year, plus the Income Tax on the Oil Corporations. With OPEC we get nothing but further dependence, higher prices, and a deforming influence on our foreign policy.

The potential shortage, the high prices and the oil import problem have been magnified by the refusal of the Carter Administration to make the federal oil in Alaska available to the American people.

And at that time 10 years ago we were discussing the problem of importing oil at $1.85 per barrel.

BOBLAK SPEAKS TO HOME BUYING

If you think now is a bad time to buy a home, wait until next year! "If you were thinking of buying a home, don't put if off," this is the advice of Realtor Frank Boblak of Oak Lawn. "The longer you wait, the more that home is going to cost. It's that simple," he contends.

Maybe people have advised you to wait for housing costs to drop, or for interest rates to relax. Follow that advice and you could be waiting for the rest of your life. Because the factors that determine the cost of housing, availability and demand, won't be going down. They haven't for 30 years, and there's no reason to believe they'll start dropping now.

Lets face it, right now rates are higher than a few years ago. This is a time for creative financing. In some cases you might be able to assume the present mortgage at a lower rate. In others, the owner will accept a mortgage himself, or sell to you on a land or installment contract. This is why it is important to deal with a knowledgable broker. Boblak said that we can be sure of three things:

1. A certain amount of inflation is going to be part of the economic picture. This means the dollars you use to pay off your mortgage will be cheaper dollars each year.

2. During the first several years of your mortgage most of your payments represent interest. Interest charges are deductible from your federal income tax. So are the real estate taxes you pay and if you don't think these items don't help out at income tax time, talk to property owners.

3. Mortgage rates aren't likely to fall drastically. But should they go down, they will be offset by higher prices of homes.

March of Dimes Walk-A-Thon

The Oak Lawn Park District, the South Suburban Park, Recreation and Professional Association, and the March of Dimes are jointly sponsoring a March of Dimes Walk-A-Thon.

The Walk-A-Thon is scheduled for Saturday, April 19 (rain date, April 26) and will consist of a 20 mile walk throughout the village and surrounding communities. The hikers will meet at the Park District Ice Arena, 9400 Kenton at 9 am and return there after the completion of their walk.

Everyone is invited to participate, simply pick up your "walk-card" at the Oak Lawn Park District, 4700 W 95th Street, put on your walking shoes and walk for this worthy cause.

Students alerted to early admissions closing at ISU

Students planning to enter Illinois State U (ISU) at Normal this fall as freshmen should apply now, says State Rep Herb Huskey.

"The Illinois Board of Higher Eudcation is recommending that Illinois State reduce its enrollment for the upcoming term," Huskey explained.

"University spokesmen report students are enrolling earlier than usual this year, and residence halls are already reaching their capacity," he said.

"Freshmen admissions for the fall semester are expected to be closed as early as May," Huskey noted, "and late applicants will be disappointed. Once admissions are closed and university housing spaces are gone, ISU will only be able to help students find suitable options at other schools."

Additional information can be obtained from Art Adams, director of community college and external relations, at 307 Hovey, Illinois State U, Normal, IL 61761. Phone 309-438-2279.

Talent and beauty combined

Attractive Mary Kloak, soon to become a Bachelor of Fine Arts graduate at the Chicago Art Institute, is the current artist exhibiting at the First National Bank of Evergreen Park, 3101 W 95th Street. Miss Kloak is a native of the Beverly area and a graduate of Mother McAuley High School. Last summer, she spent her time painting in Newport, Rhode Island followed by a gallery exhibit in the Newport Art Festival and Old Colony House. The display at First National will continue thru April 30 and is the premier showing of Miss Kloak's work in the Chicagoland area.

Oak Lawn high students win Budding Artist's awards

Oak Lawn High School students won eleven awards at the "Budding Artist's" show held at Moraine Valley College on Sunday, March 30. The "Budding Artists" competition was one of the many activities presented at the college as part of "Super Sunday". Sixteen high schools participated along with the OLCHS art students. The award winners are: 1st place in painting and pencil drawing, Dawn Pacourek; 1st place in ink drawing and illustration, Joe Vajarsky; 2nd place in pencil drawing, Jean Brouillette; 3rd place in illustration and fibers, Nina Grossman; 3rd place in pottery, Monica Ranalli; 3rd place in photography, Melissa Hall; honorable mentions went to Marilyn Petroit, Joe Sapulich, John Bohne, Tim Artus and Laura Marotzke.

In addition to ribbons, the winners received monetary awards of $50 for 1st place, $25 for 2nd place and $15 for 3rd place. Seniors will receive their awards during the Honors Night program which will be held in the Spartan Gym on Monday evening, June 2.

Senior Council sponsoring April Flea Market

The Oak Lawn Senior Citizen Council is sponsoring a Flea Market to be held at the Oak Lawn Senior Center, 5330 W 95th Street, on Friday and Saturday, April 18 and 19 from 9:30 am to 4:30 pm.

Thursday, April 17 is the day set aside for drop off and delivery of donated articles.

If you are doing your spring cleaning, please keep the flea market in mind when you are thinking of giving things away. Unfortunately they do not have storage space and will not be able to accept your donations until April 17.

There will also be a bake sale, lunch will be served at reasonable prices and a raffle will be held.

Stepanek recipient of Park Lawn recognition award

The members of the Park Lawn Association have just cause to be proud of Tom Stepanek, the executive director of the Park Lawn School and Activity Center.

Tom was the recipient of a Recognition Award bestowed upon him by the Illinois Association for Retarded Citizens recently.

The award reads, "In honor of Tom Stepanek who has been an inspiration to the thousands of retarded children and adults in this state - and whose love and dedication to improve our society has helped to create a better world for all mankind".

The Park Lawn School is located at 10833 S LaPorte Avenue in Oak Lawn and serves the mentally retarded and their families residing in the south-southwest suburban area.

OBERAMMERAU PASSION PLAY

Jim Buschbach

The world wide famous Oberammergau Passion Play is presented by WORLD TRAVEL MART as a highlight of the tour including Germany, Austria, Switzerland and Denmark.

To witness the Passion Play is to feel oneself part of history.

The year was 1633. Like wildfire, the Black Plague coursed unhindered thru Europe. In the little Bavarian village of Oberammergau 84 of the 600 inhabitants had already fallen victim to the dreaded scourge.

Desperate, the parish elders made a vow that, if the village were spared, they would stage a performance of the Passion of Christ every ten years, in perpetuity. From that very hour, it is said, there were no further plague victims.

The grateful villagers managed to put on a performance of the Passion Play the very next year, 1634. It was held in the cemetery in front of the church. In 1680, the Play was scheduled for every succeeding decade, and so it has been ever since, with these exceptions: in 1770, it was prohibited by the Elector; the 1920 performance was postponed to 1922; the 300th anniversary performance was held in 1934; and World War II cancelled the 1940 play.

A unique feature of the Play is that all the actors are amateurs, natives of Oberammergau. 700 adults and 250 children take part and, in the mass scenes, there can be 600 actors on stage at one time. The lives of the actors are affected by the Play from infancy, as were those of the generations gone by. The casting committee, in addition to theatrical qualities, considers moral and personal reputations, especially for the major roles.

The villagers take pride in being selected, are honored to perform. Tradition dictates that all props and costumes be made in the village itself. A human-interest note is that the Burgomaster orders all males to start growing beards at least one year ahead of time.

The form of the old Play was revised in 1811 by Father Ottmar Weis and further elaborated upon in 1860 by Councilor Daisenberger. This is the version performed today. The music was composed by a local schoolmaster, Rochus Dedler, and was first performed in 1811. 48 male and female singers participate, as well as 50 musicians.

The Passion Play Theater was constructed in 1900, on the old "Passion Meadow," which had replaced the cemetery venue in 1830. The increasing world-wide popularity of the Play necessitated the construction in 1930 of the present theater. Prior to 1930, the audience sat or stood outdoors. Today, the auditorium seats 5272 people, under a roof.

Your hosts for the 18 day tour from September 16 to October 3, 1980 are Pastor Karl and Leota Langrebe.

Stop in at WORLD TRAVEL MART, 5615 W 95th Street, and pick up a brochure on this only "once in ten years" opportunity.

Stock Yards recreation at library

Beautiful designs etched in wooden boxes, lifelike animals carved from logs and a historic recreation of the Chicago Stock Yards of yesteryear are now on display at the Oak Lawn Public Library.

Mark Meyer, using a hand routing technique, has carved designs of fish, flowers, animals and birds on the tops of wooden boxes that can be used for knick knacks, jewelry or tackle. He started out to make a jewel box for his girl friend and the next thing he knew he had orders for ten more. He found many of his designs here at the library, he said.

The Komodo dragon looks so real that you are afraid it might bite. C.P. Pasciak, a master wood carver, has created detailed carvings of ducks, fish, a penguin and a leopard frog. His painting and glazing techniques make the figures look like ceramics.

Nancy Denigan and Rita Connelly, sophomore students at Mother McAuley High School, have recreated the Chicago Union Stock Yards in model form. Using the library for their historical research, the girls created the tableau for a History Fair at the high school.

All the displays will be at the library thruout the month of April.

Kiwanis help handicapped

Pictured (l to r) Ed Loeffler, Art Anderson, and Willard Nelson from Southwest Kiwanis were given a tour of the Garden School Workshop by Jack Regan, Workshop Director. The Kiwanis annually donate to help the handicapped at Garden School. The money they donated recently went to help buy additional equipment for the workshop where subcontract work from industry is done by handicapped workers.

Youth Service League Holland Trip

The Youth Service League, a YMCA women's auxiliary, has scheduled a salute to spring trip to Holland, Michigan on Wednesday, May 14. Many events are scheduled in Holland at this time and the group will have the opportunity to see the Traditional Folk Festival of Klompen Dancers (high school students wearing costumes of various provinces of the Netherlands), the lovely Tulip Gardens with more than a million flowers, windmills, canals and a Dutch garden in miniature, the "Bit of Holland" village which contains a Dutch farmhouse, street organ, wooden show corners, movies on the heritage of the land, and the Netherlands Museum which features distinctive Dutch rooms with 1800's furnishings and a 150 year old doll house.

During the mid-day break, a specially prepared chicken dinner will be served at the church hall.

Cost of the trip, (bus, museum fees, lunch and tour) is $25. Reservations are limited so call now to reserve your seat on the bus. In charge are, Harriet Pollaway, 425-4579 and Adeline Weglarz, 424-4609.

The bus will leave the Alliance Savings and Loan Assn parking lot, 95th and Central in Oak Lawn promptly at 8 am and return about 9 pm.

St Xavier Theatre II Camelot cast

Casting for the musical "Camelot" has been announced by the Theatre II troupe at Saint Xavier College, 3700 W 103rd St. Students, alumni and several community members with an interest in music and theater are included in the cast of 28.

A Lerner and Loewe musical, "Camelot" tells the legendary love story of the days of King Arthur. Playing Arthur will be Jim Sherman of Evergreen Park. An alumnus of SXC, Sherman earned a master's degree in 1971. He has been active with Theatre II, playing the lead in the 1979 production of "God's Favorite".

A Chicago school teacher, Kate Kisner, will portray Guinevere. Ms Kisner has appeared as Lizzie in Theatre II's 1979 presentation of "The Rainmaker". She is a Hyde Park resident.

Rob Dvorak of South Holland will appear as Lancelot. A newcomer to Theatre II, Dvorak is at home in the part since he played Lancelot last year in the St Jude Players production of "Camelot".

SXC students with key roles include Joe Collins, Beverly, as Pellinore; Dan Brogan, Chicago Ridge, as Mordred; Chuck Fiala, Burbank, as Merlyn; Joe Smyth, Hometown as Dinadan; Kate McDermott of Oak Lawn as Nimue, and Teresa Magero, Tinley Park, as Lady Sybil.

Alumna Anna Ortigara '77 of Tinley Park will play Morgan LeFey. Jim Johnson of Evergreen Park has the role of Lionel. Cast as the Three Dancers of Morgan LeFey are Teresa Magero, Mary J. Foley of Mt Greenwood and Kim Hayes of Woodridge.

"Camelot" will be presented at 8 pm April 25, 26, 27, 30 and May 2, 3 and 4 in SXC's McGuire Hall. Matinee performances will beheld at 2 pm Sunday, April 27 and May 4. General admission is $3.50; $2 for senior citizens. For groups, call 779-3300, ext 287, by April 15.

"Camelot" will be directed by Ron Mark of Beverly, director of Theatre II and an SXC faculty member.

Pat O'Brien of Chicago Lawn is the choreographer. A lecturer in the Department of Sociology and Anthropoiogy, Ms O'Brien was choreographer for Theatre II's 1978 presentation of "Kiss Me Kate".

Chorus members for "Camelot" include SXC students Madeline Spurck, Oak Lawn; Terri Collins and Mike Sheehy, Beverly; Teresa Magero and Marie Lomasney, Tinley Park; Pat Supple, Ashburn; Jean Knox, Dolton; Mary Foley, Mt Greenwood; Sandy Stancik, Palos Hills; and Kim Hayes, Woodridge.

Community members in the chorus include Antonia Carey, Tinley Park; Esther Stratton, Oak Lawn; Sean Sullivan, Beverly; and Jerry Speelman, Gus Casey, Mike Griffin and Tom Marsh of Evergreen Park.

Bluegrass group concert at Moraine

Hot Rize, a bluegrass group from Colorado, will appear in concert Friday, April 18, at Moraine Valley College, 10900 S 88th Ave., Palos Hills. The hours are 8 pm - midnight. The program will be held in the 100 Building.

Kevin Kenney, folk music stylist, will open the show. The concert is open to persons who are at least 18 years of age.

Advance tickets, at $2 per person, are available in the Student Activities Office, B240. At the door, the charge will be $3 per person. For info call 974-4300, ext 278-279.

Losers Club First Annual Dinner Dance

The Losers Club held their first annual dinner dance at the Condesa del Mar, 12200 S Cicero Avenue in Alsip, on Friday, April 11. The Losers Club membership consists of any person who has run for paid public office and lost. The "Losers" pictured above discussing the plans for the gala affair are (l to r) Nick Ruggiero, President; Anthony Yukich, Treasurer; John Ringhofer, Secretary and Robert Telander, Vice President.

VIP dinner dance to benefit Park Lawn VIP students

Sharing the VIP spotlight for the Park Lawn Association's upcoming VIP Dinner Dance are chairpersons Mary Senkpeil (l), tickets, and Helen Maty, reservations, as they plan the big event. The affair, which will be held at the Lexington House on May 10, will benefit Park Lawn youngsters, all VIPs, as represented here by little Carol Maty, a student at the center for the mentally retarded.

Park Lawn, located at 10833 S LaPorte, Oak Lawn, serves the Chicago and greater southwest suburban area. For information about the dinner dance call the Park Lawn School at 425-3344.

SOCIAL SCENE

St Gerald's Parish "Showtime '80"

St Gerald's Parish will present "Showtime '80", a dinner show with dancing and casino, to be held on two consecutive weekends (April 18, 19 and 20 and April 25 and 26) in the church hall, 93rd and Central. This years show will feature "The Grammy Award Songs of the 70's". A filet mignon dinner will be served immediately following the cocktail hour which starts at 6:30 pm on all dates except Sunday (5:30 pm). Tickets are $16.50. Reservations are a must because of limited seating. Only 400 people can be accommodated each night. Box office phone numbers to call are 636-2366 and 422-8146.

Chairmen for "Showtime '80" are (l to r) Ron Gorka and Audrey Gorka; musical director, Bernie Misiora and chairmen Jerry Glebelhausen and Jackie Glebelhausen (not pictured).

Park Lawners visit area restaurant

Hospitality was the keynote of the day when a group of young adults of the Park Lawn Work Activity Center were guests of the Alsip Poppin' Fresh restaurant recently.

After a tour of the restaurant and learning all about the inner workings of the facility, the Park Lawners pictured clockwise, Joan Nardi, Roseanne Graziano, Charlene Trafficanta, Janis Hofflander and Delores Linares were served by Spiro Spiropoulos, assistant manager of the restaurant, who also arranged for the young ladies to take the tour.

Childrens Touring Theatre available

Moraine Valley College students, under the direction of staff member Kate Wulle, are offering the second annual production of the Children's Touring Theater. The troupe can take the current production to a classroom, auditorium or gym for viewing by children five-eight years of age.

The production this year is The Mirrorman by Brian Way. The play features a Toyman and Mirrorman (his reflection); Beauty, a doll that can walk and talk; and a wonderful Witch. The play is ideal for children who are not "conditioned" to adult theater. The youngsters react spontaneously to the characters and become involved in the improvisations that are part of the performance. The production runs about 50 minutes. Fee for each performance, 45¢, includes royalty.

The Mirrowman is available Tuesday, Thursday and Friday from April 15 thru May 29. Performances must be scheduled between noon and 4 pm. Because of student schedules, morning performances are not possible.

For info call Alice Ihrig, 974-4300, ext 360-361.

Musicial program at The Stone Church

Jeremiah People will present a program of music, comedy and drama at 6 pm on April 20 at the Stone Church, 6330 W 127th Street, Palos Heights.

Set in a fast-paced format, the 90 minute program combines comedy sketches, original music, pantomime and monologues. Now in its eighth year, the purpose of Jeremiah People is not only to entertain but also to communicate. These nine individuals confront Christians everywhere with the Biblical truths of commitment and discipleship.

Over the past seven years, the group has recorded five albums on the Light label. They have also appeared on several national television programs and recently appeared in a movie, "Say It With Music".

All area residents are invited to attend. There is no charge for admission.

Senior Council Spring Luncheon

The Oak Lawn Senior Council will hold their Annual Spring Luncheon at the Sabre Room on Saturday, April 26 at noon. There will be a full Chicken Kiev dinner followed by the Sabre Room show.

Tickets are $6 and all Oak Lawn seniors are invited to attend. Tickets may be obtained from Oak Lawn Senior Clubs or from the Senior Center at 5330 W 95th Street, Oak Lawn.

Moraine announces two plays

The plays "The Bald Soprano" by Eugene Ionesco and "The American Dream" by Edward Albee have been selected for a double bill student production at Moraine Valley College. The dates are April 24, 25, 26 and May 1, 2 and 3.

The Bald Soprano was Ionesco's first play. His portrayal of laughter and nightmare anxiety in this play altered the face of modern drama. The play is funny, crazy and hilarious as it becomes a maniacal assault on English Suburbia.

The American Dream is a comedy of middle class and murder. It is a fantasy with wild humor. Albee wrote this play before his famous Who's Afraid of Virginia Woolf?

The plays demonstrate the difference between British and American lifestyles as seen by an American and a Frenchman. For info call 974-4300, ext 360.

St Xavier plans President's Ball

Looking over final plans for the 1980 President's Ball at Saint Xavier College are (l to r) Dolly Evans, Palos Heights; Sister M. Irenaeus Chekouras, RSM, president of Saint Xavier College; Ave Green, Oak Lawn; and Marilyn Johanet, Evergreen Park.

The President's Council of Saint Xavier College has announced plans for the sixth annual President's Ball, to be held Saturday, May 10. This year, the gala event will take place in a festive tent in the College Quadrangle on the SXC campus, 3700 W 103rd St.

Co-chairing the event are Dr and Mrs Thomas Evans, Palos Heights; Dr and Mrs John Green, Oak Lawn; and Dr and Mrs Enrique Johanet, Evergreen Park.

Invitations are in the mail for the 1980 Presidents Ball. The evening will begin with cocktails at 7:30 pm, followed by dinner at 8:30 pm and dancing under the stars.

Serving on the Presidents Ball committee are the following members of the President's Council: Mr and Mrs Robert Boucek, Palos Heights; Mr and Mrs William Grede, Palos Park; Mr and Mrs Kenneth Jones, Country Club Hills; Mr and Mrs John McDermott, Hyde Park; Dr and Mrs Thomas Moran, Oak Lawn.

Also, Sister Patricia Murphy RSM, Evergreen Park; Mr and Mrs Charles Reilly, Palos Heights; Mr and Mrs John Rohan, and Mr and Mrs William VonderHeide, Beverly.

The President's Council supports Saint Xavier College in its programs and activities. Council members serve in an advisory capacity to Sister M. Irenaeus Chekouras RSM, president, and assist the college in program development, community relations and fund raising.

Post 5220 receives Medic Alert Award

Shown above (l to r) Luke Ryan, Sr Vice Commander, Ron Kribs and Tom Carey, Oak Lawn Paramedics, Bernadette Kurtz, Medic Alert Chairman receiving plaque, Addy Weinstein, Regional Director of Medic Alert and Betty Feltes, Auxiliary President.

The Johnson-Phelps Auxiliary to Post 5220 Veterans of Foreign Wars held a Medic Alert program on January 15. The public was invited to learn the value of this life-saving program. Addy Weinstein, regional director of Medic Alert International Foundation attended and explained the film of "The Critical Difference" and how the program worked in aiding and saving lives of people while stricken and unable to speak. If they do have a problem their Medic Alert tag will inform emergency personnel of their hidden problem and aid can be determined.

Weinstein applauded Bernadette Kurtz, past president of Johnson-Phelps Auxiliary for all the time and publicity she has given to make the community aware of Medic Alert and what it represents. For supportive help of the auxiliary is Betty Feltes, auxiliary president and sr vice commander Luke Ryan from the post.

The Oak Lawn paramedics explained their role in an emergency situation. They were Ron Kribs and Tom Carey. Showing the film was Sgt Bob Macke of the Oak Lawn Police Dept.

Johnson-Phelps Auxiliary to Post 5220 were recipients of a Medic Alert Award from Weinstein, representing the International Foundation. For the second year the auxiliary sponsored this important safety project and made available over 2000 applications. Kurtz has spearheaded the program as auxiliary chairman for 2 years.

Energy corner

by John Hogan
News Information Supervisor
Commonwealth Edison Co.

Spring, which the calendar tells us is just around the corner, means robins, dandelions, baseball and for many people, the search for a newly constructed home. Before you begin that seach, think smart -- energy smart.

First of all, look for a home displaying an Energy Smart House sign outside. That means the home has met a number of rigorous, energy-saving standards that could reduce heat loss by up to 65%. Before he can hang that Energy Smart shingle, the builder must install a number of conservation features which have been reviewed by an engineer. Nowadays, builders are realizing that many home buyers are willing to pay a little more for quality so they can get their money back and then some by saving on operating costs.

Step inside the Energy Smart House. You'll find a minimum of R-19 insulation in the ceiling and R-11 in the walls (the higher the R-Value, the more heat the insulation will keep inside in winter and outside in summer); weather stripping and caulking around the windows to keep them airtight; a well ventilated attic; double glazed windows; an electric water heater with an insulation jacket; water flow restrictors; and the most efficient solar heating and cooling device on the market today -- an electric heat pump.

Basically, the heat pump moves heat from one place to another, extracting it from outside and transferring it indoors, and when it's extremely cold outside electric resistence heating elements supplement what can't be provided from the solar heat in the outside air.

In the summer, the heat pump works like an air conditioner, transferring indoor heat and humidity outside. The heat pump can produce more than 1½ units of energy for every unit it consumes.

If you decide to buy an Energy Smart House, you'll be investing in the best protection against rising energy costs and dwindling fossil fuel supplies. It's also a good idea to equip the house with energy smart appliances. For the short term, you should be able to negotiate a larger mortgage commitment because of reduced operating costs. For the longer term, all of the energy saving benefits will speak for themselves if and when you want to sell the home.

The Energy Smart House was developed as part of the National Energy Watch, a program of the Edison Electric Institute, the national association of investor-owned electric utilities.

If you can't find one of the Energy Smart model homes, call (312) 294-2975 for a location convenient to you.

Oak View students compete in "Hoop Shoot"

Oak View Elementary School, 4625 W 110th Street, sent five of its students to the preliminary rounds of the 1979-80 Elks National "Hoop Shoot" Free Throw Contest. These students competed against other students in their age group to see who would have the best percentage after attempting to make 25 baskets.

The following students represented Oak View in the first round of local competition held at Mt Greenwood Park District: Bill Burke and Carrie Kern qualified for the 8 to 9 year old category; Mike Stiber and Lynda Parz qualified for the 10 to 11 year old category and Lou George qualified for the 12 to 13 year old category.

Mr Kernwein, Oak View principal sied, "We are very proud of these boys and girls and of the athletic abilities that they demonstrated."

EXPLODING THREE MILE ISLAND.

Think back. It hasn't been that long ago.

Pennsylvania looked like it might be blown off the map any minute, turned into a radioactive no-man's-land forever. "Permanently uninhabitable" was the way they said it in the movie, *The China Syndrome.*

That's the trouble. A lot of people said a lot of things. And a lot of it just wasn't true. Not even close.

Take the hydrogen bubble that made all the headlines. Bubble, nothing. The implication was time bomb, ticking away. And that would've frightened anybody who didn't have a degree in chemistry.

The fact is, that bubble couldn't explode. Not by any stretch of the imagination.

To understand why, you have to understand how the hydrogen got there in the first place. And that takes some understanding of how the reactor at Three Mile Island was designed to work.

It's the pressurized-water type, meaning the fuel core was cooled by keeping it submerged in water. H_2O. Hydrogen and oxygen. Heated by the core to more than 550 degrees, well beyond the boiling point.

What kept it from boiling was pressure, approximately 2,000 pounds worth. But on March 28th, last year, a relief valve on the pressurizer stuck open, the pressure dropped, and the water—the H_2O—inside the reactor boiled into steam.

When that happened, the zirconium-alloy tubes housing the fuel underwent a chemical reaction. A kind of accelerated rusting that combined the zirconium from the tubes with oxygen from the water to form zirconium oxide.

That's important, because with all the oxygen used up by the chemical reaction, the only part of the water left was hydrogen. The bubble. And what nobody bothered to tell you at the time was that without oxygen, hydrogen can't explode.

On May 1st, more than a month later, the Nuclear Regulatory Commission admitted the scare was all a mistake. Roger Mattson, Director of its Systems Safety Division, told a congressional committee there "never was any danger of a hydrogen explosion in that bubble."

That never made headlines.

And more than likely, neither will the fact that even if there had been a meltdown, it wouldn't have spelled disaster for Pennsylvania. It couldn't have.

First of all, the fuel core in the reactor vessel was surrounded by a containment building. Not just any building, an immense fortress with an enormously thick floor. Eleven feet of solid concrete reinforced with steel.

Second, for a molten mass to eat through it, that concrete-and-steel floor couldn't be covered with water. But water is what's used to cool the core. And when the relief valve on the pressurizer stuck open, sending several hundred thousand gallons shooting out, the law of gravity gave it only one place to go.

Down to the floor, right under the reactor vessel. Right in the path a molten mass would take.

That's the fallacy of the meltdown theory. In spite of the overwhelming odds against it, if all systems failed, if the entire core melted, if it got through the foot-thick steel reactor vessel in one piece and dropped to the floor below, it would've been stopped right there. Cooled by an ocean of water inside the containment building, not 20 feet from where the meltdown started.

As for any sudden burst of steam pressure that might be released when the molten mass hits the water, it wouldn't be nearly powerful enough to rupture the walls of the building. Walls capable of withstanding almost twice as much force.

In other words, there was no way for significant radioactivity to reach the atmosphere outside.

The point of it all is that Three Mile Island and nuclear power itself deserve a fairer shake. A second look minus the hysteria, the hyperbole, the half-truths, and the untruths. They deserve a close, careful reading of the facts.

True, we've experienced the worst accident in the 22 years America has been using nuclear energy to produce electricity. But it wasn't the apocalypse. No one died. And except for the stress of being scared stiff, no one was injured. Despite the equipment failures and failures in judgment, despite everything that went wrong, the safety systems worked.

What really exploded were myths.

HLR students take tops in state

Four students in the Distributive Education program at Harold L. Richards High School, Community High School District 218 have earned highest awards in the recent State Career Development Conference. The winning students are (l to r) Patricia Shannon, Oak Lawn, 1st place in general marketing; Guy Werderitch, Oak Lawn, 1st place in free enterprise; Jackie Matejka, Chicago Ridge, 5th place in food service; and Diane Atwood, Chicago Ridge, 5th place in general merchandising. Kathy Budzik, HLR DE Coordinator, said three of seven scholarships awarded in the state went to HLR students. Those students are Patricia Shannon, Diane Atwood and Guy Werderitch.

Install HLR Student-Driver Signs

John Burke, a driver education teacher at Harold L. Richards High School, displays the finishing touches added to the driver education cars at HLR. The cars, loaned to the district by Hawkinson Ford in Oak Lawn, now display roof and bumper signs alerting motorists the driver is a student. Each year the driver education courses in Community High School District 218 provide approximately 2000 students with classroom and actual driving instruction.

Wins top awards in State - Solo Contest

Several students at Harold L. Richards High School won top awards in the recent Illinois High School Assn State-Solo Contest held at Dwight D. Eisenhower High School.

Seconds can add up when searching for house address

Have you stopped to consider that your address might well be the difference between life and death to you or a member of your household?

The message that the Oak Lawn Fire Department is trying to convey is that house numbers should be conspicuously displayed so seconds are not lost when and if the police or fire departments are responding on an emergency call to your home, especially if it is an ambulance. For example, the chances for a person's come back after the heart has stopped beating and cardiopulmonary resuscitation (CPR) is started would be as follows: within one minute, 98 out of 100 would recover; 2 minutes, 92 out of 100; 3 minutes, 72 out of 100; 4 minutes, 50 our of 100; 5 minutes, 25 out of 100 and 6 minutes, 11 out of 100.

This should make everyone realize how precious seconds can be when the fire department is looking for the address of a home or building in response to a call. In addition to not having any numbers at all, many of the existing addresses may not be visible at night, which might delay the ambulance and paramedic unit by several minutes, and in an emergency situation time is crucial. If you should ever need an ambulance and the situation will allow it, try to leave some indication of the exact residence. When it is possible, have someone wait by the door or even stand in front of the house, so as to direct the emergency vehicles to the correct location. This will avoid the checking of numerous addresses before finding the right one.

Another essential aspect is the initial call for help. When placing the call for emergency service, please try to remain calm and state the information as slowly and clearly as possible.

With your aid, in the future the Oak Lawn Fire Department hopes to eliminate the confusion and unnecessary time loss that often occurs.

The photos are thru the courtesy of the Oak Lawn Fire Department.

PTA PROGRAM WORKSHOP

A PTA Program Workshop will be offered by PTA District 34 on Friday, April 18, 9:30 am in the Southeast School, 98th Street and Francisco, Evergreen Park.

Conducting the workshop will be Leon Eich, Superintendent of Evergreen Park District 124 Elementary Schools, and also PTA District 34 Program Assistant. "PTA programs are the heart of PTA," according to Louise Kountz, District 34 Director and she encouraged all interested to attend the April 18 workshop. "All PTAers are welcome," said Kountz.

PTA District 34 consists of 60 separate PTA units in the southwest subuebs, ranging from LaGrange on the west to Calumet Park on the east. District 34 Director Elect is Eileen Stephenson.

The State of Illinois Congress of Parents and Teachers will be April 23 to 26 at the Hilton Hotel in Chicago. Helen Whalen of Hometown is the nominee for President of ICPT.

District 218 host foreign educator

Community High School District 218 is one of only 12 high school districts in the country selected to host a foreign educator as part of the United States-United Kingdom Administrator Exchange program.

This is the second consecutive year CHSD 218 has been selected to act as a host in this program, which is sponsored by the National Assn of Secondary Principals.

Maurice Geoffrey Drake, Headmaster of the Bournville School in Birmingham, England, will visit the district from April 12 thru 17. Drake has been headmaster at Bournville School for the past three years and was a headmaster at another English school for 10 years.

While visiting CHSD 218, Drake will have an opportunity to teach in the Social Studies classes, visit with the building and central office administration, observe classes, attend school activities and meetings, and will review the curriculum and administrative operations and organization.

Mike Harkins, Area Chairperson for Social Studies, said CHSD 218 has been chosen based on the application, ability to provide an educational experience, size of district and administrative organization; adding that it is rather unique that a district would be accepted for this program for two consecutive years.

Harkins is coordinating the program along with the Social Studies Department; Lloyd Lowe, Harold L. Richards High School Principal; and Dr Warren Vorreyer, Assistant Supt for Curriculum and Instruction.

Area residents plan "Worthy Cause Benefit"

Residents of the southwest Chicago and suburban areas are busy planning for this spring's "Worthy Cause Benefit" (cocktail party) which will take place Sunday, June 8. The benefit will raise money for the Chulucanas Mission in Peru, South America. Bishop John McNabb, formerly principal of Mendel High School, has headed this Peruvian prelature since June of 1967. Proceeds will aid in a self-help program in human moral and religious formation for over 350,000 Peruvians in this missionary diocese.

There will be entertainment and refreshments. The "Worthy Cause Benefit" (cocktail party) will be held at the home of Mr and Mrs John Hardek, 9732 S Tripp Street from 2 to 5 pm. Tickets may be obtained by calling Matt Lamb at 735-4242. Everyone is welcome. There is a donation of $25.00.

Area residents who have gathered to plan the "Worthy Cause Benefit" are (standing, l to r) Donald Sowa, Ed Temmel, Blas Olivares, John Hardek and Matt Lamb, all of Oak Lawn; Ed Franz of Evergreen Park; John McGonigal and Dr Tom Powell, both of Oak Lawn. Seated (l to r) Father McDonnell of the Tolentine Center in Olympia Fields, Terry Kenny of Oak Lawn, Norb Kelemba of Palos Heights and Bishop John McNabb, head of the Chulucanas Mission.

Motorist warning of manhole repair on Central Avenue

Motorists will want to be warned that reconstruction of existing Illinois Bell Telephone Comapny manhole at the intersection of 95th Street and Central Avenue and 95th Street and Kilbourn Avenue is ready to proceed. The work will be started on May 5, 1980 and will require approximately four (4) weeks to complete the Improvement at each intersection.

According to Mario Valente of the Illinois Dept of Transportation the intersection of 95th Street and Central will be completed before work commences at Kilbourne. This will require the closing of two (2) eastbound lanes. When this is done the following restrictions will be in effect:

Traffic will be channelled to allow left turn into northbound Central with lane adjacent to curb available for right turn into southbound Central as well as thru traffic.

Northbound Central will not be allowed any turning movements.

Southbound Central will not be allowed left turn into 95th Street.

Westbound 95th Street will not be allowed left turn into southbound Central Avenue.

It is recommended that eastbound traffic use southwest highway to Cicero Avenue and then south to 95th Street.

At 95th Street and Kilbourn Avenue two (2) eastbound lanes will be available to traffic at all times.

According to Police Chief John Haberkorn, three off duty Oak Lawn police officers will be in the area to assist with traffic.

Two honored for 40 years of fire service

On April 22 the Village of Oak Lawn, in conjunction with the Oak Lawn Fire Department presented Certificates of Award to James Bennett and Clarence "Dutch" Deckelmann for their 40 years of fire service. Both having joined in January of 1940, Jim began serving with the Oak Lawn Fire Department, while Dutch became a member of the former Columbus Manor Fire Department. However, the Village of Oak Lawn incorporated the Columbus Manor area in 1965 encumbering all fire personnel at this time into one fire department.

Shown above during the ceremony at the Oak Lawn Village Hall are (l to r) James R. Bennett, Clarence Deckelmann and Mayor Ernie Kolb.

Dutch Deckelmann has been a resident of this area for a number of years with his wife, Mary, at 9758 Melvina. He started the fire service as a firefighter and was later promoted thru the ranks of Lieutenant (Nov, 1944), Captain (Nov, 1954) Assistant Chief (August, 1960), to the position of Chief in June of 1954.

Jim Bennett has also been a resident of Oak Lawn for years with his wife Ann, at 9510 Campbell. He was appointed to the Oak Lawn department as a fire engineer in 1951 and promoted to the rank of Captain in 1962. Jim has been an active member of the VFW Post 5350 as well as various other organizations within the community.

Their dedication to the fire service has helped to bring your fire department to the status it is today.

A day in the field with Oak Lawn's John Cody

A day in the field with an experienced building inspector is being offered by Moraine Valley College on Wednesday, May 14.

Building Inspection On-Site Workshop will include tours of several types of incomplete structures to show how violations are spotted. The group will be led by John Cody, chief building inspector, Oak Lawn.

The workshop is designed for employees of building departments, construction workers, employees of financial institutions and real estate personnel. Elected and appointed officials who are interested in understanding building codes are encouraged to enroll.

The fee, including lunch, is $35 per person. Deadline for reservations is May 6.

Additional information and registration are available from the MVCC Community Services Center, 974-4300, ext 360-361.

Figure skating competition

The Oak Lawn Park District Figure Skating School will be holding its 3rd annual I.S.I.A. Competition Sunday, May 4. The categories consist of Pre-Alpha thru Free Style VII levels. All I.S.I.A. skaters are welcome for information call the Oak Lawn Park District at 424-7800.

Census Bureau in need of workers

The Census Bureau will be testing for persons interested in working for the bureau, at the Oak Lawn Public Library, 94th & Cook Avenue, May 5 at 9:30 am; 12 noon and 2:30 pm.

Anyone, 16 years of age and older, interested in scheduling an appointment may call the office in Evergreen Park, 424-0100.

Country Fair time again!

It's Country Fair time again! And this year, the Trinity Christian College Women's Guild is featuring "The Trinity Touch," and old fashioned Country Fair with a taste of the college campus.

Located at 6601 W College Dr. (Rt 83), the annual Fair opens at 7 am on Saturday, May 10, with a pancake breakfast in the college dining hall that includes pancakes, sausages, orange juice, coffee, and milk. Aduit tickets are priced at $2.50, and children's breakfasts are $1.50. Tickets may be purchased at the door.

Shortly after breakfast, the "Troli Trot," a cross country race named for the Trinity Mascot, kicks off the day's outdoor activities. The 10,000 meter (6.2 miles) race begins at 8:30 am.

An added Dutch touch this year is the performances of the South Holland Wooden Shoe Dancers, sponsored by the South Holland Jaycees. Audiences can listen and learn their fancy "clompin and stompin."

For those who care to browse and shop, an array of gift booths are open in the gymnasium at 9 am. The Guild members, dressed in country attire, will greet you and attempt to sell you their goods. Plan to pick up some late Mother's Day gifts. Some 30 booths will include patchwork, handicraft items, jeweiry, books, macrame, pillows, neediework, quilts, toys and food. The Country Fair features such specialties as Dutch olie bollen, and Wisconsin bratwurst, as well as the good old American favorites: hot dogs, ice cream, donuts, popcorn, and pepsi.

There are special treats for the children too. Skits and plays will be presented at 10:30 am and then again at 11:30 am. Balloons and amusement rides mean that parents can take a break and relax.

The famous Country Fair auction begins at 1:30 pm. The Trinity gym is transformed into an auction barn with Al Buiter, as caller. You'll be sure to find many useful and interesting items.

For more information in this year's Country Fair, contact Fair coordinator, Mrs Rena Compaan, at 429-2557.

Bastys receives commendation

Firefighter/Investigator Alex Bastys (l) has been commended by Mayor Ernie Kolb (r) and the board of trustees for his professional performance of duty resulting in the apprehension and arrest of a subject in connection with a fire by arson.

Fire Chief Elmore Harker while recommending the commendation said that it is dedicated efforts like these that will curtail, and hopefully eliminate, the problem of arson in the village.

Gaddis and Hometown schools featured in annual spring show

The choral groups from Gaddis and Hometown Schools will be featured in the annual spring show, Monday, May 5 at 8 pm. The program, under the direction of Mrs C. Marschke, will be held in the Hometown School gym.

The program will include a mixture of spirituals, folk and popular songs. Musicals such as "Oliver," "Pippin," and "Chorus Line," will also be highlighted.

Soloists will include Jim Pardo, "King of the Road," Lisa Spero, "Oh Shenendoah," Michelle Myers, "What I Did for Love," Chris Schoenbacher, "Who Will Buy," Rich Pollack, "Longer," Kelli Potter and Dawn Peleckis, "Blue Bayou".

The 8th grade students will also be dancing in numbers choreographed by Mrs Marschke and Mrs B. Novak.

Art work and scenery will be done by Mrs A. McKeever and her art committee. Due to limited seating space, the performance will be open to adults only.

Spring Olympics coming to Oak Lawn

Attention all Oak Lawn residents between the ages of 6 and 15 years of age, the SPRING OLYMPICS are coming to Oak Lawn. The Oak Lawn Park District and the Oak Lawn Jaycees are sponsoring a Spring Olympics day on Saturday, May 10. The special events will be held at Oak Lawn High School's Oval Track, 9400 Southwest Highway beginning at 9 am.

The high jump, long jump, baseball throw, 50 and 100 yard dash, 440 and 880 yard run and relay races are some of the events scheduled. All participants will be competing in their own age bracket. Prizes will be awarded to the winners. Registration is free at the Oak Lawn Park District General Office, 4700 W 95th Street. All entrants must be residents of Oak Lawn, and all registrations must be made before Thursday, May 8. For further information, call 424-7300.

Dinner honors youth volunteers

A group of Oak Lawn youths were recently presented certificates at a recognition dinner in their honor for their outstanding service to the Village of Oak Lawn.

The 18 youths honored were past and present members of the Youth Advisory Council (YAC), a group of high school and junior high school age students who volunteer many hours each month to assist the Oak Lawn Youth Commission.

The YAC is less than two years old, however most of the youths honored were actively involved for several months and many were officers at some time.

At the recognition dinner, sponsored by the Youth Commission, the youths were awarded certificates signed by Oak Lawn Village Mayor Ernest Kolb and Youth Commission Chairman, Michael Sullivan. YAC members were also presented with t-shirts bearing the new Minus None Youth Center logo, designed by Chris Kolnoski, an Oak Lawn High School junior.

Oak Lawn youths who were honored are: Anne, Denise and Chris Hatmaker, Donna and June Walker, Laura and Julie Gaughan, Michele Klipp, Cathy Kwick, Leslie Claybourne, and Brenda McLemore.

Past YAC members who were honored are: Tom Lyons, Jerry Busking, Lynn Mora, Maggot Berlin, Bonnie and Penny Colesby and John Mertic.

Membership in the Youth Advisory Council is open to all youths between the ages of 13 and 21 living or attending school in Oak Lawn. New members are always welcome. Elections are every three months to provide many different opportunities for leadership. The YAC meets every other Tuesday from 6:30-8:30 pm. Call the Youth Commission at 636-2929 for more info.

Lion's eye testing May 12

One of the leading causes of blindness in Illinois will be dealt a serious blow May 12 when the Lions Mobile Glaucoma Screening Unit comes to Oak Lawn.

Glaucoma is a symptomless disease in its early stages, but one whose progress towards blindness can be halted thru early detection and treatment. Glaucoma is most prevalent among adults.

The tests will be given free of charge from 9 am to 4:30 pm in the unit, which will be parked at the Oak Lawn Library, Dumke Drive and Cook Avenue. Staffing the unit will be local Lions volunteers headed by Edward D. Meier and licensed medical personnel to do the actual screening. Staffing is done by the Lions of Illinois Foundation and assisted by Illinois U, Department of Ophthalmology.

No appointments are necessary for the test, which takes only a few minutes and are painless.

The Oak Lawn Lions Club announced that screening tests for visual acuity also will be given. All tests are free.

The Lions of Illinois Foundation is a non-profit organization that relies on the contributions of local Lions Clubs, individuals, and businesses to finance various projects and programs for the visually handicapped.

Commissioners honor Herb Huskey

Herbert Huskey, State Representative from the 8th Legislative District was honored by the Oak Lawn Park District at their March board meeting. Representative Huskey was presented with a plaque by the Park Board of Commissioners in commemoration of his many years of service and dedication to the people of Illinois, and particularly his concern and interest in leisure and recreational facilities.

Pictured above are (l to r) Commissioners Patrick J. Sullivan, Janet Swanson, Rep Huskey, Commissioners Marjorie Ann Joy and Donald V. Andersen.

Clerk Murphy urges letters for continued Revenue Sharing

Worth Township, in cooperation with the Township Officials of Cook County, is urging all recipients of Federal Revenue Sharing from 1977 thru 1979 to write their Congressman urging a continuance of the program, according to Joan P. Murphy, Worth Township Clerk.

Clerk Murphy stated the Worth Township Board unanimously agreed to participate in the write-in campaign.

All past recipients of Federal Revenue Sharing funds distributed thru Worth Township have been asked to send their letters to Joan P. Murphy, Clerk, Worth Township, 5831 W 115th Street, Worth, IL 60482.

Murphy said the letters will be copied and forwarded to local Congressmen and to the Committee on Revenue Sharing.

According to Murphy, Federal Revenue Sharing is the one vital federal government program where tax money is returned to local township governments to support programs for senior citizens, youth programs and medical and dental activities.

Congressman Russo holds next workshop in Evergreen Park

Congressman Marty Russo has announced that his fourth workshop of 1980 will be held on Saturday, May 3 .between the hours of 10 am and 12 pm at the Evergreen Park Village Hall, 9418 S Kedzie Avenue, Evergreen Park.

The workshop program will begin promptly at 10 am, with the congressman fielding questions on legislative issues or any other matters that are of interest to those in attendance. The question and answer period generally ends around 11:30 am, with the remaining 30 minutes of the workshop allotted to casework. This is the time when individuals experiencing difficulties with government agencies such as Social Security or Veterans Affairs, may work directly with Congressman Russo and members of his staff in attempting to solve their problems.

The workshops are open to the public and Cong Russo asks that those interested in discussing the issues come out and enjoy an interesting Saturday morning.

Edward T. Knapp (above) asked Congressman Marty Russo what his opinion was on "teachers living in the suburbs". The questioning took place at the recent workshop held in Oak Lawn to a standing room only audience. Knapp resides at 9136 Major. In the photo above right, Mrs Mercedes O'Brien, 8825 Merrimac, said she came not to ask a question but to speak about war involvement.

In the photo on the right Tom Campbell, (11) a 6th grade student at Gasteyer School, stole the show as he questioned Russo. Tom said that the questions were those of his father who was unable to attend the workshop.

Vacation spot maps available from Huskey

Maps outlining 20 vacation spots in Illinois are available from State Representative Herb Huskey. Published by the Illinois Office of Tourism, Huskey says the sites listed are designed to stretch fuel and vacation budgets.

"There's virtually something for everyone," he stated, "as activities range from wilderness hiking to riding on a Mississippi paddlewheeler."

The maps, Huskey says, are available on a first come, first serve basis without charge. Requests can be sent to 2061 Stratton Bldg, Spring field, IL 62706.

Heritage Standard greets first customers

Alfred J. O'Malley, chairman of the board and chief executive officer of Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, is pleased to announce that the bank's new facility at 4001 W 95th Street, Oak Lawn, is open for business. The first customer into the new office was Joseph J. Zaug, of Oak Lawn, who arrived before the doors opened on April 1. New and existing customers of Heritage Standard Bank may now use both the Evergreen Park and Oak Lawn locations.

The new facility features a Personal Banking department, including a new accounts and customer service area, and the full complement of teller services thru use of five lobby teller stations, six drive-in lanes, and an enclosed walk-up window. Other conveniences include a reception and customer waiting area and a premium display. Safe deposit boxes are being installed for use in late spring. Ample parking facilities are available. A traveling message sign compliments the exterior of the bank.

Heritage Standard Bank will celebrate the grand opening of the new facility at both locations thru May 3 at the Oak Lawn or Evergreen Park office where cake and coffee will be served.

"We are proud of our new facility, and hope people of the community will accept our invitations to view the building and meet our staff who will acquaint our customers with the many professional services offered by Heritage Standard Bank," stated Robert E. Kennedy, president of the bank.

Heritage Standard Bank's first customer at the new Oak Lawn facility at 4001 West 95th Street, Joseph J. Zaug (left), received a Sunbeam grandfather clock on behalf of the bank from facility manager Russell Hollender, vice president and Laura Krause, personal banking officer - marketing.

Legislation for vets

Congress has recently passed legislation stating that veterans who have a service connected amputation and subsequently develop a heart condition will be entitled to benefits for the heart condition, according to Robert DeBolt, Veterans Affairs Counselor, Worth Township.

De Bolt said the benefits apply to veterans who establish a service connected amputation of one leg above the knee or both legs below the knee.

Veterans residing in Worth Township who desire further information regarding the recent legislation, or additional veteran benefit information, are urged to contact DeBolt at the Worth Township Annex, 11601 S Pulaski, Alsip, or phone 371-2900.

Getting the taxes straight on library bid for autonomy

The plans of the Oak Lawn Public Library to become autonomous has had more media coverage than did the April primary.

The many "Letters to the Editor" can have only caused confusion and a good deal of misunderstanding.

This article is not written because we are either "for" or "against" the librarys attempt to go it alone. However, we do not believe the residents should be so misled that they will not be able to make an intelligent decision when it will be put to the people to be voted upon late in November, 1980.

It should also be noted at this point that the Village of Oak Lawn has collected the taxes for the library up to this point. The amount was budgeted and presented to the board of trustees, as in any other departmental budget, and the amounts collected was meted out to the library. At a meeting between the two bodies the village fathers made it quite clear that they did not mind if they library wanted to levy and collect its own taxes but that the library must petition and go to the public to separate the two bodies.

While a department of the village the statutory limit allowed by the state for taxation was 23¢ on every $100 of assessed valuation of each home. As the village board of trustees changed, and also those of the library, the library budget was treated the same as any other departmental budget, as their budgets called for increases so did that of the library.

For 1980 the library board asked for 38¢ per each $100 and they were allowed 33¢ which was a raise over 32¢ per every $100 in 1979. In the library funds for the year this meant a decrease of $80,000 that they were asking to operate. The complaint was that due to higher costs they would have to decrease services.

By going autonomous the Oak Lawn Public Library could ask the statutory limit of 40¢ on every $100 of assessed valuation. So now we are talking about the difference between the 33¢ they are getting now and the 40¢ they will probably ask. It would be ludicrous to believe that the board of trustees would ever cut the library back to the 23¢ limit.

Another point that should be brought up is that while under the village the library paid no electricity which amounted to $40,000 and was absorbed by the village from funds allowed the municipality. The library will now have to pay this $40,000 thru autonomy. The board claims they could have paid the $40,000 from the $80,000 cut from the budget and still have funds for other improvements.

It should be made clear that there may be other facts to be taken into consideration. Our concern at this time was the many, and confusing, tax figures that have been published.

The onus falls to the Oak Lawn Public Library to convince the people of its need for autonomy and it is the voters responsibility to get all the facts.

HERB HUSKEY

BUSINESSMEN AND WOMEN URGED TO HELP PASS BILLS

Illinois employers will receive relief from "frivolous" unemployment and workmen's compensation claims if legislation being co-sponsored by State Representative Herb Huskey becomes law.

According to Huskey, the two-bill package (HB3399 and 3400) "establishes and spells out circumstances when a person is not eligible for benefits."

"The present laws are too vague," Huskey said, "thus requiring Illinois Department of Labor referees to use their own discretion when deciding cases. For example, approximately 22,000 Illinois workers each year quit their jobs for reasons totally unrelated to their employers," he stated, "and we've been paying benefits to them.

"Legitimately unemployed and disabled workers are entitled to benefits and should receive them," he noted, "but those who would rather lounge than work should not be given a free ride."

If approved, House Bill 3399 would not allow unemployment benefits for those persons who quit their jobs because of marital, family or domestic problems; move to join a family member in another locality, or seek employment in another state when they are unavailable to work in Illinois.

Persons who retire on a pension or receive disability benefits from their employer, and those workers who refuse to cross a picket line would also be ineligible for benefits.

House Bill 3400, Huskey says, "tightens up" the Illinois Industrial Commission's administration of the workmen's compensation program.

"Employer costs related to payments for permanent, partial disabilities would be reduced through the creation of statewide standards for determining them," he explained.

The legislation also provides employer discounts for pre-existing injuries, and requires the Commission to appoint a panel of doctors to serve in cases where the Commission or employer questions an employee's choice of physician.

"Since the mid '70s, Illinois' business community has been continually hurt by very generous, pro-labor changes in our unemployment and workmen's compensation laws," Huskey said.

"The situation will not improve unless reforms are passed, and these changes cannot be realized without the help of the business community," he stated. "I urge all Eighth District businessmen and women to become actively involved in efforts to pass these two badly needed bills."

House Bills 3399 and 3400, introduced by House Minority Leader George H. Ryan (R-Kankakee), are being co-sponsored by 64 Republican representatives. The House Rules Committee will not determine if they can be heard as "emergency matters" during the present spring legislative session.

Additional information is available from Huskey at 424-5000.

News from Rep Harry "Bus" Yourell

NEW LAWS FOR MOBILE HOME OWNERS

Rep Harry "Bus" Yourell has outlined mobile home owners and residents rights under a new law enacted as a result of legislation which became effective January 1, of this year. Yourell said he wanted to outline some of the detailed and lengthy legislation because he believed it would be helpful in view of the many inquiries he has received from his district.

Rep Harry "Bus" Yourell

"When HB 552 was introduced it was in response to a need to legally set out regulations and determine legal rights, remedies and obligations of parties to any lease of a mobile home or mobile home lot in a location containing five or more such homes," Yourell explained.

"The act severely restricts 'bait and switch' tactics unfortunately practiced by some lot owners -- the system where individuals are persuaded to buy a mobile home, or relocate their home on a site because of an unusually low rental. Once they agree, a 'bait and switch' operator produces a lease which varies greatly from the original offer, and because the tenant already has started the costly process or relocating, often he or she is forced to agree to the new terms.

"A variation occurs when the site owner drastically raises the original lease terms, or suddenly adds costs not mentioned before, and in some cases, not directly related to the mobile home itself -- such as maintenance of unneeded lighting, for instance.

"The Mobile Home Landlord and Tenact Act, which resulted from passage and approval of HB 522," Yourell said, "prevents such arbitrary practices by clearly pinpointing the offer of a lease and its terms.

"Under the new law, before rental a written lease of a minimum of 12 months term must be exhibited with an automatic renewal clause which gives a tenant at least 90 days to accept it or reject it. A certain leeway is allowed mobile park owners.

"Respective rights and duties of landlords and tenants are further set out in the law. Landlords, for instance, are prohibited from charging any penalty fees for payments of their due date, and cannot impose any fees not fully disclosed in the lease's terms. Also, they are not allowed to enforce any rules not disclosed before the lease is signed, and all ruels must be reasonable and applied in a fair manner."

The suburban Cook County lawmaker listed prohibition of restrictions on a tenant's freedom to sell a mobile home as "very important, according to some of the mail I have received." He cited the new law's provisions on the subject:

The park owner cannot limit, restrict, prohibit or obstruct the freedom of a home owner to:

1) Sell the home to a purchaser of his choice, provided that the park owner is allowed to specify any general qualifications on admission of entrants to the park. The law, Yourell emphasized, requires the purchaser, prior to closing the purchase, must obtain a written and signed lease.

2) Employ the services of an independent salesperson in connection with the sale, providing that the salesperson be responsible for collection and payment of all governmental taxes.

Rep Yourell has requested the Illinois Legislative Council to provide him with detailed and in-depth information relating to the new law's lease provisions and other matters. Interested persons may habe a copy of this information by writing: Rep Harry Yourell, 4740 W 95th Street, Oak Lawn, IL 60453.

Perfect score for two

John Harrell and Carol Stancik, shown above with Lieutenant Murray of the Oak Lawn Fire Department, and Reverend Ronald Frye from the Church of the Nazarene, attained a perfect score on the written test on completion of the Babysitting Safety Course. This spring, 65 students compieted the six-week session course offered by the Oak Lawn Fire Department. The purpose of this course is to instruct those interested in babysitting to be well-trained and to handle any emergencies that may arise. A special thank you is given to the First National Bank of Oak Lawn for their financial assistance and to all the instructors who gave so freely of their time and talent.

Hornburg- Klein retains Golden Rule membership

Hornburg-Klein Evergreen Funeral Home, 2955 W 95th Street, in Evergreen Park, has been accepted for membership in the International Order of the Golden Rule for the 15th consecutive year. The announcement was made by executive director Dale L. Rollings.

The Order is one of the world's largest limited membership organizations for funeral directors. Before being admitted, a firm must be recommended by families it has served and by other professionals in the area. To remain affiliated, a firm must requalify annually.

Art Hornburg, Director of Hornburg-Klein, pointed out that regional meetings and an international conference are held each year to offer members sources of new information relative to their profession. "Our continuing goal is to work with families, and community organizations thru public information programs for the improvement of the profession and the benefit of all the people we serve," stated Hornburg.

Final performances of "Camelot"

SXC Theatre II will present four final performances of "Camelot" this weekend at Saint Xavier College, 3700 W 103rd St.

Directed by Ron Mark, the musical will be performed at 8 pm Friday, May 2 and Saturday, May 3. There will be two performances on Sunday, May 4, a matinee at 2 pm and an evening production at 8 pm. Tickets will be available at the door. Admission is $3.50; $2 for senior citizens.

"Camelot" is the Lerner and Loewe version of the legend of King Arthur. Nearly 30 SXC students, alumni and community members with an interest in music and theatre are featured in the cast.

King Arthur is played by Jim Sherman of Evergreen Park who earned his master's degree at Saint Xavier College in 1971. Chicago school teacher Kate Kisner, a Hyde Park resident, will portray the lovely Guinevere. Completing the love triangle as Lancelot is suburbanite Rob Dvorak of Dolton.

Director Ron Mark is an actor, teacher and author. He is a faculty member in the SXC Speech Dept.

SXC Theatre II also plans a summer production of William Inge's "Picnic," to be presented July 11, 12, 13, 18, 19 and 20. For further information call 779-3300.

Joe Collins, a senior at Saint Xavier College, points a finger at page Sean Sullivan, a fourth grader at Morgan Park Academy, during a rehearsal for the SXC Theatre II presentation of "Camelot". Protecting the page is King Arthur as played by Jim Sherman, executive assistant to Congressman Marty Russo.

Honor secretaries at Holiday Inn

The super powers that make the Holiday Inn in Oak Lawn one of the finest in the business have once more put their heads together to host the beautiful 6th Annual Secretaries Lunch given by this enterprising establishment.

Each year the management honors secretaries from all of those companies that they do business with during the year.

The beautiful event starts out with a corsage for each lady as she comes thru the door. The tables this year were especially pretty with the stately centerpieces, with a variety of flowers that reminded one that spring is here!

Cocktails started off the festive afternoon and lunch began with a fruit salad, with an entree of tenderloin steak, surrounded by small carrots, a potato cake coated with cheese and a baked tomato.

Art Alaniz, Director of Marketing went into his little book of old recipes to come up with a desert, Vacherine of Strawberries, that left all the women talking to themselves.

Art Alaniz was Master of Ceremonies and introduced the people, mostly behind the scenes, that are responsible for the success of the popular hotel-motel.

First was George Wiegel, Franchise owner of the Holiday Inn. Joe English, Manager of the Holiday Inn was also introduced as was his wife Berry English. He thanked Pearl Kelly, catering sectetary for the nice job done by the staff.

He called on Celia Corr, secretary to English, and Mrs English to help with the door prizes which is an exciting finish to the festive lunch and all provided thru the courtesy of the Holiday Inn.

A week-end for two drew much excitment from the crowd as did a one night stay for two. Two sets of dinner for four in the Knight's Arms Restaurant made the winners "Queen for a Day". Several dinners for two in the famous restaurant were given as prizes and many bottles of champagne and wine.

Another highlight of the day is claiming your picture. Each year Wiegel roams thru the tables taking pictures. The following year these are posted on a bulletin board and if you find yourself you may take the picture for your own.

When the lunch was over the guests were invited to look at the rooms on floors one to three that have all been redecorated from the carpets on the floor to the drapes on the windows -- and done beautifully too.

Looking forward to another year, another delightful "Secretaries Lunch" at the Holiday Inn, Oak Lawn.

Silver Jubilee open house

He wasn't there when the Park Lawn School began 25 years ago, but student Charles Seeberg, Chicago, participates in the center's Silver Jubilee celebration by presenting his teacher, Ms Jill Eckl, Oak Lawn, with the anniversary cake to mark the occasion.

The members and staff of Park Lawn are planning a Silver Jubilee Open House for Sunday, May 18, 2 to 4 pm. The school is located at 10833 S LaPorte, Oak Lawn.

Parents Without Partners Spring Time dance

On Friday, May 2 the Parents Without Partners, Oasis Chapter 918 will hold their 1st annual fund raiser of the year that will be open to the general public.

The chapter's "Spring Time" dance will be held at Cezar's Inn, located at 5001 W 79th Street in Burbank. Music to please everyone's mood for dancing will be provided for by the "J's" or if you don't care to dance, the music will be a nice background for casual conversation with old and new friends.

Admission at the door will be $4 or tickets may be purchased in advance for $3 by calling 424-4528 or 458-3285. Dance from 9 until midnight, an open bar will also be available for refreshments.

Parents Without Partners, Oasis Chapter 918 meet on the 1st and 3rd Wednesday of each month at the Johnson Phelps VFW Post, 9514 S 52nd Avenue, Oak Lawn. If you are a parent who is widowed, divorced or never married, with or without custody of your children, then you are more than welcome to join them and meet new friends at their regular meetings. If you would like more information as to what the chapter has to offer the single parent, please call 424-4528 or 735-6006.

Early Music Consort at Oak Lawn Library

The Early Music Consort of Moraine Valley College will present a Renaissance Concert on Sunday, May 11 at 2 pm at the Oak Lawn Public Library.

The Consort specializes in music from the renaissance, medieval and baroque periods, using instruments patterned after those of ancient times. Since its beginning in 1976, the Consort has appeared before a wide variety of audiences in and around the Chicago area.

William Babcock, director and founder of the Consort, holds degrees in Music from Sherwood Music School and DePaul U as well as certificates in various musical specialties. In addition to his duties as organist and director of liturgical music at Sacred Heart Church, Palos Hills, he teaches music theory, music history and humanities at Moraine Valley College.

energy corner

by John Hogan

News Information Supervisor
Commonwealth Edison Co.

One question I hear from time to time is, "What ever happend to Little Bill?" (For the enlightenment of the younger generation, Little Bill was a cartoon bird who appeared in Commonwealth Edison television commercials between 1955 and 1970, informing viewers that, "Electricity costs less today, you know, than it did 25 years ago.")

As all of us realize, that bird has flown the coop. He went to that Big Energy Paradise In The Sky, where he drives his Birdmobile on 35 cents a gallon gasoline (less if there is a gas war). The gas, all domestically produced, of course, is pumped by an attendant who cleans his windshield, sells him cigarettes for a quarter a pack and gives him free glassware with each fillup. He also gets trading stamps, redeemable for valuable gifts. Nobody would dream of suggesting that Bill pay for road-maps or for the air he puts in his tires.

Little Bill took off just in time, too. Shortly after he left, the price of coal, which had remained virtually unchanged for decades, suddenly began to climb. In 1970, the year the Clean Air Act became law, Edison could buy coal at the bargain basement price of $6.70 per ton. Today, that same ton of coal costs $32.30.

After OPEC stepped in, the prices of oil and natural gas took off, too. Edison now pays five times as much as it did in 1970 for oil, and more than seven times as much for natural gas.

It's a relief to note that uranium, which Edison uses to make about 40% of the electricity used in northern Illinois, has been relatively immune to fossil fuel price changes and has increased to only about twice its 1970 level.

Inflation and interest rates, however, have soared right along with coal, oil, gasoline and natural gas prices. In 1970, the rate of inflation in this country stood at 5.5% the prime interest rate at 7.9%. The inflation rate over the past several months has been running at an annual rate of more than 15%, while the prime rate recently soared to 19%.

What is remarkable, is not that Little Bill has flown the coop, but that he hasn't flown any higher.

CHSD 218 conducts election workshop

Dr William O. Webb (standing right), Superintendent of Schools in Community High School District 218; and his secretary, Bonnie Carlson (seated to his right) recently conducted a workshp for the judges in the April 12 Board of Education election. The workshop, conducted prior to all CHSD 218 Board of Education elections, hosted approximately 50 persons to acquaint them with the laws and procedures for conducting an election.

HLR Youth & Government students participate in Springfield Session

Students at Harold L. Richards High School who are part of the Youth and Government program recently had an opportunity to participate in the 31st Youth and Government Legislative and Model Court program held in Springfield. Looking over the program's resolution booklet are (l to r) Rich Lyons, of Oak Lawn; Lillian Schleiter, of Chicago Ridge; John Klatt and Julie Thomsen, of Oak Lawn; Marlene O'Connor, (standing) and Kim Raschke, of Chicago Ridge. As part of the weekend-long program, the students served as legislators, lawyers and judges, used the chambers of the Appellate and Supreme courts and wrote legal briefs and opinions.

Youth Center plans alcohol prevention and drug abuse workshop

Are you a teenager willing to share your experiences or feelings on a personal level with other youths your age? A one night Mini-workshop on Alcohol prevention and substance abuse will be held on May 13 from 7 to 8:30 pm at the Minus None Youth Center, 9630 Southwest Hwy.

The group who will lead the workshop are members of a high school age team of students who attended 'Operation Snowball', an educational and peer leadership training program for youth about substance abuse.

The purpose of the workshop, on May 13, will be to bring teenagers together to share information and develop proper attitudes and understanding of alcoholism and other drug dependencies.

The program will be free of charge and is open to teens from 13 to 20 years of age. For more information call 636-4400, ext 377-388.

Dist 125 students ask more gym time

A recent class survey reveals that children are satisfied with their education in District 125. Secretary of Education, Shirley Hufstedler, a former California Judge, has been seeking input from children across the country. Fifth grade students at Meadow Lane participated by completing a survey and then forwarding it to Washington. The survey dealt with discipline, violence in the schools, respect for teachers, amount of homework and suggestions for improvement in the schools. Meadow Lane's fifth graders polled the following survey results: amount of homework was adequate, a mutual respect exists between students and teachers, there is no violence nor fear in our school and that school is not too easy. Class opinion was however, split on what was the most important thing that you can learn in school. Some students chose reading and writing and math, others chose learning about the world we live in, and others chose learning to get along with others. When asked to report on one thing the Department of Education should work on, the students responded by asking for more gym time, more recess, more school activities and more team sports events.

Testing plan needs very young persons

Atwood Heights School District 125 is looking for three, four and five year old children who currently reside within its boundaries. The district serves the communities of Garden Homes, Ranch Manor area of Oak Lawn, Merrionette Park and Alsip (from 123rd to 119th Street, Kedzie to Pulaski).

The purpose of this search is to provide testing to determine the individual needs of future students. The testing process is designed for 3, 4 and 5 year old children regardless of their current ability.

Testing is planned for the week of May 19 thru 23.

If you have a 3, 4 or 5 year old child, live within the district boundaries, and have not yet registered you may do so by calling Meadow Lane School at 388-6958.

Red Cross Parking Lot Fun Tent sale

The Mid-America Chapter of the American Red Cross announces "The Magnificent Mile's First Red Cross New and Used Only Good Stuff Parking Lot Tent Sale". This unusual and spectacular event will be held May 16-17 at Red Cross headquarters at Grand and Wabash in downtown Chicago.

New and slightly-used merchandise is being solicited as sale items for the event. Margorie Marston, chairman for the sale said, "We are asking people to donate items that could be sold during the two-day event. It will be similar to a garage sale, but with unique items in good condition that would interest the general public."

Small appliances (all in working condition), memorabilia, and small furniture items (in good condition, no clothing please) are needed.

Merchandise can be dropped off at Red Cross headquarters, 45 E Ohio Street, from 8:30 am - 8 pm Monday thru Saturday. If you are unable to bring the items to Red Cross a limited pick-up service will be available in some parts of the metropolitan area.

"We really need everyone's help," Marston continued, "In order to make this event a success, the public needs to support our efforts."

For more information call the Red Cross financial development office at 440-2203.

Stickney Twsp observes Senior Citizen Day

On Tuesday, May 27 Stickney Township is observing its 6th Annual Senior Citizens Day. The event will be highlighted by the presence of Joseph Eberhardt, editor of Keen Ager News, who will be introduced at 1 pm by Louis S. Viverito, Township Supervisor.

Jean Sieloff, poet laureate, of Burbank will recite her own poetry which has been published regularly.

This annual event to be held from 12:30 until 3 pm at the Sah's Community Room, 5017 S Long Ave., Central Stickney, is designed to celebrate senior citizens' accomplishments and progress and is in conjunction with the national declaration of May as senior citizens month. Talented seniors from the entire township will display their oil paintings and handicrafts. Entertainment and refreshments will be provided for your enjoyment. The general public is invited, and special invitations are being extended to senior citizens, leaders of religious, educational and various service groups thruout the community. Admission is free.

For questions or to register for the arts and crafts display, call 424-9200, ext 60.

Honda of River Oaks offers economy and fun

Pat Anderson, a suburban housewife, has discovered the many advantages of motorcycling. She reports that her Honda 400 automatic is easy to handle, lots of fun to ride and very economical - giving over 60 miles to the gallon. Pat stated, "It sure saves our household money when a quick errand needs to be run."

Pat is shown atop the all new 1980 Hondamatic 400 with Ron Schneider, manager of Honda of River Oaks in Lansing. Ron points out a few of the finer features of the new Honda which makes it much easier to operate than manual transmission models of the past.

With all transportation costs skyrocketing these days, modern motorcycle transportation offers a fun and economical alternative to the family car.

Honda of River Oaks is located at the northwest corner of Torrence Avenue and I-80 in Lansing. In addition to regular showroom hours, Honda of River Oaks is now open on Sundays from 11 am - 4 pm.

Oak Lawn blood program launched

From the smiles on their faces, donating blood must be a relatively painless and rewarding experience. Standing (l to r) Ed Kasper, Village Liaison Officer; Joseph Nagy, Christ Hospital Blood Bank Coordinator; Judy Rollberg, Blood Bank Technician; J. Michael O'Brien, Head Librarian; Milt Andersen, Oak Lawn Camera Shop and Chamber past president. Seated Nadine Walsh, Senior Library Clerk, Children's Department; Joseph Ficaro, Jr., Chamber of Commerce Executive Director. Not pictured: Donna Tieman, Janice Van Loon and Lorrie Jennings, Blood Bank Technicians who will greet you and help make donating blood a comforting experience for you.

On April 26 a blood replacement program was launched which benefits all residents of Oak Lawn, as well as every employee of every business in Oak Lawn, whether or not they live in Oak Lawn. That's a lot of people! With your hlep we can fill our blood bank at Christ Hospital so that if ever you need blood, it will be there.

The Oak Lawn Village Blood Drive got off to a slow start. Perhaps not enough people read or heard about the blood drive. There is a need for blood in our community and from time to time you, a loved one, or a friend may realistically feel the need for blood that has been unselfishly donated by others.

Some people might fear that donating blood is a painful experience. Well, it's not! As a matter of fact, while you are donating your blood, you can either sit back and relax in silence, or find yourself laughing and sharing with others the good feelings you'll get from helping fellow human beings. After the procedure is done, you'll receive some refreshments that have been donated by some of our local merchants: A&P, Buzz In Buzz Out; Freshline; and White Castle.

The donor station at the Oak Lawn Public Library located at 95th and Cook is open the second Saturday (9 am - 2 pm) and third Wednesday (12 noon - 5 pm) every month for the remainder of the year. No appointment is necessary.

Giving for others is one of the most satisfying experiences in living. Bring a friend or relative. Businesses are requested to encourage their employees to help out just a little.

Businessman chooses to carry less weight in community

Frank J. Cismoski, President of CSH Industries, is the first prize winner in the 3rd Annual Weight-A-Thon contest with an 18 pound weight loss and the most money raised thru supporting sponsors. Dr Robert C. Wall, chairman of the Evergreen Park American Cancer Society unit is seen presenting him with a Get-A-Way Weekend Certificate for two to the Chanticleer Inn in Wisconsin. Runner-up Virginia Wrobel won a $25 gift certificate contributed by Patricia Vacco of Travel Log, Inc.

Chamber honors Corradino

After evaluating many names proposed for the honor, the Oak Lawn Chamber of Commerce nominating committee has unanimously named LeRoy Corradino its "Citizen of the Year". His many past and present contributions to the Oak Lawn community warrant his receiving this special recognition. He is credited as being "a man who cares about people; always willing to give some of his time; a man admired because he's a doer, not just a talker".

"I am really surprised — I didn't expect to receive this honor," Corradino said. As the newly promoted President of Oak Lawn Trust and Savings Bank, LeRoy Corradino has experienced a spectacular beginning of the new decade. Among some of his past and present affiliations are Oak Lawn Chamber of Commerce, Rotary Club, Timber Trails Boy Scouts, Oak Lawn March of Dimes, Heart Fund, Community Chest, St. Linus' Parish Council, Oak Lawn Zoning Commission, Park District Financial Advisor, Moraine Valley College Finance and Credit Advisory Committee, and Oak Lawn High School Advisory Committee.

LeRoy Corradino

Corradino will receive the "Citizen of the Year" award at a dinner dance in his honor Wednesday, May 21, 6:30 pm at the Chateau Bel-Aire. Tickets are $16 and a prime Filet Mignon will be served. Music entertainment will be by the Diplomats.

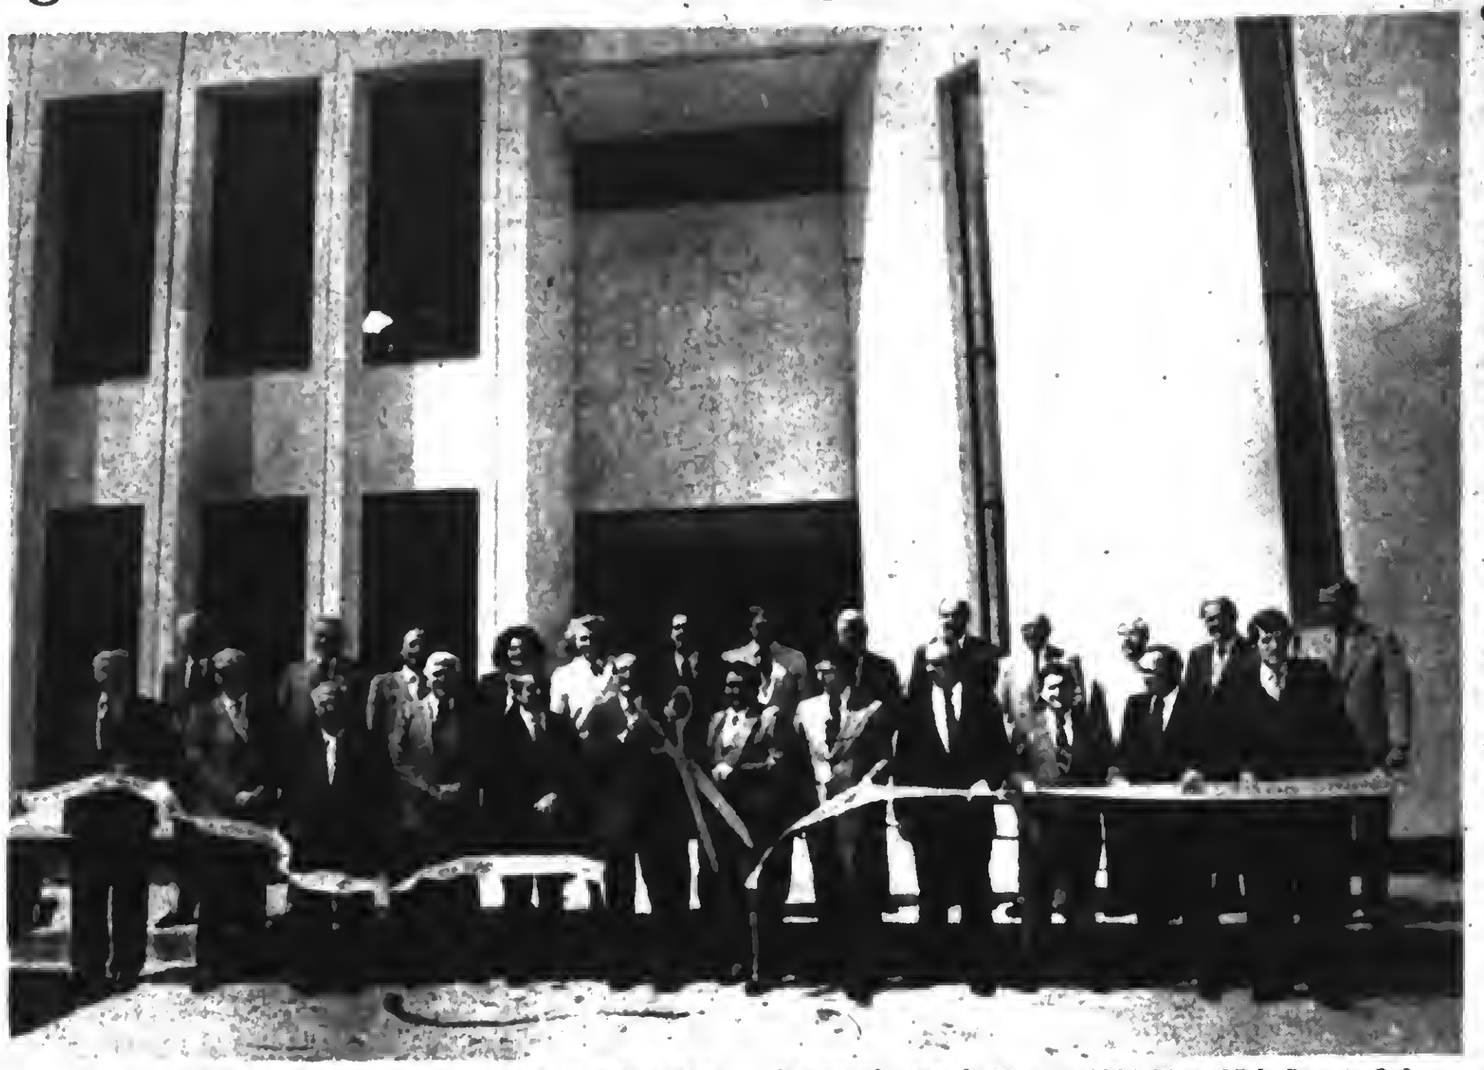
Barbara Kozlarek, Chamber President (Kozlarek Realty World) and Joyce Hrabec, dinner dance chairwoman (Monticello Convalescent Center) invite everyone to help honor another person who has earned this recognition, by attending this special award event and share in the fun and friendship that is a major part of the celebration. For ticket information and reservations, call 424-8300.

Library encounters first snag in autonomy bid

The Oak Lawn Library lost out in setting election date in its bid for autonomy.

This past Tuesday, Trustee Charles Meloun brought information to the board of trustees that the election date for a referendum is decided by the village board and not the petitioner.

The library had chosen Saturday, November 22, three weeks after the General Election, Tuesday, November 4. The reasoning from the library board members was that they would have more time to inform the electorate. Several of the village board members believed it was, in effect, a means to discourage the voters from coming out to vote again after going thru the General Election.



Meloun made a motion to set the date to coincide with the General Election on Tuesday, November 4.

Trustee John Hardek seconded the motion asking for a unanimous vote by the board to set the date as stated. The board replied in unison. Hardek also made the comment that many dollars would be saved by holding both elections the same day.

New Heritage Standard celebrates grand opening

Heritage Standard Bank celebrated the grand opening of their new facility at 4001 West 95th Street, Oak Lawn, thruout the month of April, as well as the beginning of May. This second Heritage Standard Bank office, with the main office located at 2400 West 95th Street, Evergreen Park, opened for business on April 1, 1980.

The ribbon-cutting ceremony on Tuesday, April 15 officially began the grand opening festivities. Following a shareholders' meeting and a directors' meeting, Heritage Standard Bank directors gathered with Mayor Ernest Kolb and Village Police Chief John Haberkorn of Oak Lawn, and Chamber of Commerce presidents Barbara Kozlarek of Oak Lawn, and Caroie Wilson of Evergreen Park. Donald Watson and Robert Burke of the Office of the Commissioner of Banks represented the State of Illinois. George Arquilla, Jr. and Herbert Hoppe of Burnside Construction Company, general contractors for the construction of the facility, joined in the ceremony. Following introductions by Alfred J. O'Malley, chairman of the board and chief executive officer, invited guests enjoyed cake and coffee in the faciiity's meeting room. Tours concluded the morning event.

Heritage Standard Bank directors and friends gather at the bank's new facility at 4001 West 95th Street, Oak Lawn, as Mayor Ernest Kolb (c) "cuts the ribbon" to officially begin the grand opening festivities for the new office. Present at the ribbon-cutting ceremony are (front row, l to r) directors John Merrion, John Morrow, John Purdy, Alfred J. O'Malley, chairman, Anthony DeSantis, vice-chairman, (Kolb), Robert Kennedy, president, Commissioner of Banks representatives Robert Burke and Donald Watson, directors Robert Gallagher, Robert Maes, and Albert Baldermann, vice president and secretary; (back row, l to r) directors Michael Collins, senior vice president, John Brdecka, Robert Apato, Evergreen Park Chamber of Commerce president Carole Wilson, Oak Lawn Chamber of Commerce president Barbara Kozlarek, Oak Lawn Chamber director Joseph Ficaro, Burnside Construction representative Herbert Hoppe, director Cornelius Ryan, Village of Oak Lawn Police Chief John Haberkorn, directors John Wheeler and David O'Keeffe, Burnside Construction Company president George Arquilla, Jr., director Donald Schultz.

In addition to the activities of the morning, the officers of Heritage Standard Bank hosted an open house and cocktail party on the evening of Tuesday, April 15 for special friends of the bank and community. More than one thousand peopie attended the special preview reception. Bank officers conducted tours for the guests. "We are very pleased with the support and encouragement we have received from the community, and are looking forward to serving Oak Lawn, in addition to our other communities," stated O'Malley.

Everson named "Square-Knot-Sailor"

Mark L. Everson, Marine Science Technician, United States Coast Guard, officially has been named a "Square-Knot-Sailor" after having crossed the International Date Line twice, the Arctic Circle, the Equator, and the Antarctic Circle. Mark, of Oak Lawn, is part of Operation Deep Freeze, and serves on the Icebreaker Polar Sea. A five month cruise that made stops at Hawaii, Australia, New Zealand, the South Pole, and several South American ports culminated on April 15 when the ship pulled in at Seattle.

Mark assists civilian scientists in their Arctic experimental work and also predicts the weather. His other duty stations in Puerto Rico, Alaska and the North Pole show that one can truly join the Guard and see the world.

Mark was a 1972 graduate of Oak Lawn Community High School, attended Illinois U for two years and has been in the Coast Guard for six years.

Free Timex watches offered

For many years, a large number of people have asked, "How do I learn electronics?" At Oak Lawn's local electronic parts supply store, Dot Distributing Co., the advice given has always been the same. Start at the bottom, learn the basics first.

Either buy some books on basic electricity, go to the Oak Lawn Public Library and take out these books, or better yet sign up for one of the very reasonable adult courses offered by many of the area schools in the evenings. However, most people believe the grass looks greener elsewhere and if the course is not somewhere else, or does not cost a lot of money, it isn't worth anything.

Every year Dot Distributing has urged people to attend these evening classes. The results have not been good for the amount of time and effort expended. This year Moraine Valley Community College is again offering an adult evening course, TE8-010-01 in basic electricity. If you live out of the state of Illinois, it will cost you $130. - in state, but out of district $100 - here in the district, which is really quite large, only $36. Starting June 6, one evening a week, Thursday 7 to 9:50 pm, for 6 weeks.

John H. McVay of Dot Distributing with Dick Thomas of General Electric Co in Owensboro, Ky discussed this problem. Thomas has also been a leader in helping to promote better education in the electronic field. Together with the help of Raymond A. Budnieski of Busy Bee Instant Printing Center, who has donated the printing and paper for the forms, they are now able to make an offer of a Free Timex Watch and a Free Copy of the New General Electric Semiconductor Guide to those who register early to attend this course.

For further information, and to pick-up registration forms, go to the Oak Lawn Public Library, 9444 Cook Avenue, Moraine Valley Community College, 10900 S 88th Avenue. Admissions and Records 1500 Building, Dot Distributing Co., 9719 Southwest Highway, or Busy Bee Instant Printing Center, 9723 Southwest Highway. Don't miss this opportunity, the number of watches is limited. — Act now!

Park commissioners attend conference

Pictured above at the Legislative Reception are (l to r) Commissioner Donald V. Andersen, Representative Frank Ozinga, Commissioner Janet Swanson, Representative Herbert Huskey, Commissioner James Sitaes of Hazel Crest Park District, and Martin Larson, Jr., Director of Oak Lawn Park District.

The 1980 Annual Legislative Awareness Conference sponsored by the Illinois Assn of Park Districts was held on April 16. Representing the Oak Lawn Park District were Commissioners Donald V. Andersen, Janet Swanson and Park Director Martin Larson, Jr. This conference enabled local officials to meet with their state representatives in Springfield. Many topics were on the day's agenda regarding both state and federal legislation.

"It was very enlightening viewing our government in action, and of particular interest were the reports on pending legislation as they relate to park districts," said Commissioner Swanson.

Singer honored

Country music entertainer Cal Starr of Evergreen Park (r) recently received a Certificate of Recognition from State Representative Herb Huskey honoring his "untiring and excellent efforts" for bring national country music celebrities into the south suburban area. Starr, who has been featured at Drury Lane for several years, is currently promoting a show featuring Loretta Lynn, whose life is portrayed by Sissy Spacek in the film, "A Coal Miner's Daughter".

"We're certainly happy to have Cal Starr in the 8th District," Huskey said. "Many residents are enjoying the ever increasing popularity of country music because of him."

Starr's Certificate of Recognition came from the Illinois House of Representatives in Springfield.

Seniorama Health Fair May 23

The PLOWS Council on Aging and Moraine Valley College have set Friday, May 23 as the date for their fourth annual SENIORAMA Health Screening Fair. Health screenings, educational programs, exhibits, entertainment and refreshments are planned for the fair, to be held from 9 am to 3 pm at the college, 10900 S 88th Avenue, Palos Hills.

Health screenings will include a blood cell profile, colon cancer, dental, height and weight, podiatry, vision, blood pressure and hearing.

Educational programs of special interest to seniors will be presented throughout the day. Topics will include medication, breast cancer detection, physical fitness, eye care, foot care, and arthritis.

In addition, a variety of choral, dance and other entertainment acts will perform at the fair. Also, more than 30 agencies and organizations will present exhibits concerning health care and other services vital to seniors.

At these exhibits seniors will be able to obtain free RTA bus passes, photo I.D. cards and a wealth of information about health care and many government-sponsored programs for seniors.

Seniors are invited to spend the day at SENIORAMA. Free coffee and refreshments will be provided and sandwiches will be on sale for lunch. There is ample parking space for those who drive.

Transportation to SENIORAMA will be provided by these mini bus services for seniors in their areas: Evergreen Park, 422-8778; Otland Township, 349-9101; Palos Township, 430-4500; and Worth Township, 371-2900. Also, RTA has bus service (Route 385) to the college. For travel info call toll free (800) 972-7000.

Nova program at library May 17

An information meeting on the Doctorate in Public Administration program will be offered by Nova U at Oak Lawn Public Library, 5250 W 95th Street, Oak Lawn, Saturday, May 17, 9:30 am. Both a masters degree and managerial experience are required for entrance in the Nova Adm Doctoral Program. For more information contact Dr William Smith, 389-1900.

Conducting the Saturday information meeting will be Dr William Smith, Supt of Schools District 126, Alsip and Oak Lawn. The Nova Public Adm program is designed for middle and upper public administration managerial people. Participants include managers in hospital and health care; law enforcement; public housing; mental health; local, state and national government; elementary, secondary and higher education.

The three year Public Adm Nova program consists of two all day class sessions monthly for two years, three week-long intensive workshops at Fort Lauderdale, Florida, the writing of 21 commentaries (term papers), a case study, an analytical report, and an applied research project. A seven hour written comprehensive exam is given at the twenty month mark, and oral exams at the conclusion of the program.

There have been four Nova Public Administration Clusters meeting in the Chicagoland area. Chicago I (1974-77), Chicago II (1975-78), Chicago III (1977–), and Chicago IV (1978–). The next group will begin in December, 1980. Nova U is fully accredited by the Southern Assn and is approved by the Illinois Office of Education.

Drikos receives commendation

Detective Spiros Drikos (l) has been commended by Mayor Ernie Kolb (r) and the board of trustees for his professional performance of duty resulting in the apprehension and arrest of a subject in connection with a fire by arson.

Fire Chief Elmore Harker while recommending the commendation said that it is dedicated efforts like these that will curtail, and hopefully eliminate, the problem of arson in the village.

Worth Township

GOP to hear Totten

The Worth Township Regular Republican Org will hold its regular monthly meeting Thursday, May 15 at the Johnson-Phelps VFW, 9514 S 52nd Avenue, starting at 8:15 pm.

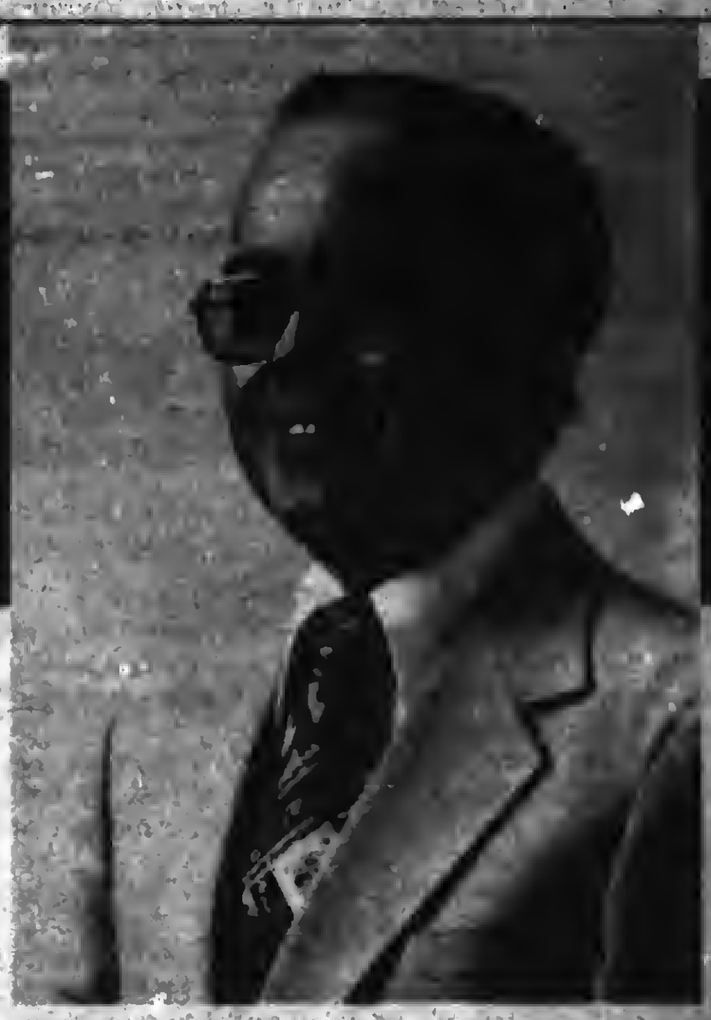
The guest speaker will be State Representative Donald L. Totten (R-3), who is the Illinois Campaign Chairman for Ronald Reagan, the front-runner for the Republican Presidential nomination.

Totten, who was first elected to the Illinois General Assembly in 1972, is the chief sponsor of the "Taxpayer's Rights Amendment". This amendment would limit spending by the State of Illinois.

Totten is actively involved in the Republican Party, serving as Committeeman of Schaumburg Township and as Chairman of the Executive Committee of the Cook County Republican Central Committee.

He is a noted conservative who received the "Legislator of the Year" award from the Illinois Conservative Union in 1977.

Totten's presentation will pertain to the upcoming Republican National Convention and the spending habits of the Illinois General Assembly.



Committeeman Herb Huskey stated, "Our organization has attempted to provide a political forum of great interest. Don Totten will be able to enlighten our membership upon issues of state and national importance. It is my sincere hope that the people of Worth Township take this opportunity and attend this informative meeting."

Refreshments will be served immediately following the meeting.

Some Professional Banking Advice from a Neighbor & Friend

On Inflation.

There has been much publicity during the past months on the costs of various bank services. Increasing interest paid on short and long term savings plans have caused many financial institutions to charge more for the basic services they provide.

Oak Lawn Trust & Savings Bank, through continuity in management and a steady conservative philosophy, has been able to hold the line on bank service charges. This savings to our customers over the years amounts to many, many dollars.

Professional, friendly service has made us one of the most respected banks anywhere in Chicagoland. There are many extra values available today. Be sure you shop and select your bank as carefully as you select other products and services for your family. There is a difference—compare and then visit us!

McCarthy cleared in contract probe

Local politics has taken another slap in the face over its charge that fraud or collusion was intended by the remodelling of the school building at 11601 Pulaski, that now serves as the Worth Township Annex.

The first charge that caused a big to-do about nothing was the charge that the Revenue Sharing had been mishandled. The many news stories were very misleading as they would have one believe that the funds were affected. Actually, all that happened, one woman (prompted no doubt by a politician) noticed that the address as to where the legal document concerning the recipients of Revenue Sharing funds could be seen, was omitted when it was printed in a local newspaper. No impropriety was found at that time other than a lot of paper work to re-print the legal and re-issue the funds to the same parties.

Revenue Sharing is monies returned to the state, cities, villages, townships, etc. from taxes paid to the government.

Now, the Cook County State's Attorney Office has notified Worth Township Supervisor Dr Joseph McCarthy and the Worth Township Board of Trustees that they have concluded their investigation of alleged impropriety on remodeling of the Township Annex building, and find no "fraud or collusion was involved in awarding of the contracts".

Frank DeBoni, Assistant State's Attorney, in a letter to Dr McCarthy, stated; "as a result, criminal prosecution for this violation of Section 191, Chapter 139 of the Illinois Revised Statutes is being declined".

Mike Nash, attorney representing Dr McCarthy, said the Worth Township Supervisor cooperated fully with the investigation conducted by the Cook County State's Attorneys Office.

Dr McCarthy said he appreciates the fairness and impartial professionalism the State's Attorneys office displayed in this matter.

Worth Township Trustees, Lester Grant, John McNamara, Robert Maier and Elmer Mortenson, indicated their combined relief in knowing their judgement and faith in Dr McCarthy had been upheld by the State's Attorneys Office.

We hope this is finally laid to rest and those working at Worth Township can spend their time in productive instead of non-productive activities.

THE US ARMED FORCES — STRONG AND READY

On Saturday, May 17, our nation will celebrate Armed Forces Day. For some, this day will pass without notice, while many others will participate in special events or open houses to mark the occasion.

We in the United States Air Force are proud of our heritage and our role in keeping America free. We take pride in sharing our experiences and showing our way of life on this special day.

The theme of this year's Armed Forces Day is "The U.S. Armed Forces - Strong and Ready".

Thomas Jefferson said that "Eternal vigilance is the price of liberty". President Carter agrees, "We are a strong nation and we will maintain a strength so sufficient that it need not be proven in combat - a quiet strength based not merely on the size of an arsenal, but on the nobility of ideas. We will be ever vigilant and never vulnerable. . .".

Today, military men and women provide eternal vigilance around the world. They readily accept the responsibilities of military service and perform their mission with pride and professionalism.

Air Force people, as well as all members of the military, accept long hours, frequent transfers, family separations and many other hardships as part of their duty. Sacrifice is necessary. Some other careers also require sacrifice, but few, other than the military profession, may require the ultimate sacrifice, having to give up one's life.

We can't protect our nation on a part-time basis. Our aircraft must be ready to fly at all times, under all conditions. We in the Air Force treasure our way of life, which helps preserve the American way of life. That way, we all enjoy the freedoms won by remaining "Strong and Ready".

Sgt, USAF
Air Force Recruiter

Assistance for small and medium size businesses

Illinois' small and medium size businesses can receive assistance from the Office of Business Services, says State Rep Herb Huskey.

According to Huskey, the office tailors its programs to meet the needs of individual firms. It includes:

*A Small Business Office (312/793-6885) which functions as a clearinghouse of information and counseling. Guidance in marketing, management, finance, business organization, licensing and taxes is available. It also assists firms having problems with government agencies.

*A toll-free Business Information Hotline (800/252-2923) which handles any questions concerning state government, and helps track down necessary forms and information.

*An Industrial Services Office (312/793-3270) that provides voluntary on-site safety and health consultations to help businesses understand and comply with OSHA standards.

Speakers from these offices are available on a limited basis for group meetings. Additional information is available from Peter J. Censky, manager of the Office of Business Services, at 312/793-6885.

The Office of Business Services is in the Illinois Department of Commerce and Community Affairs.

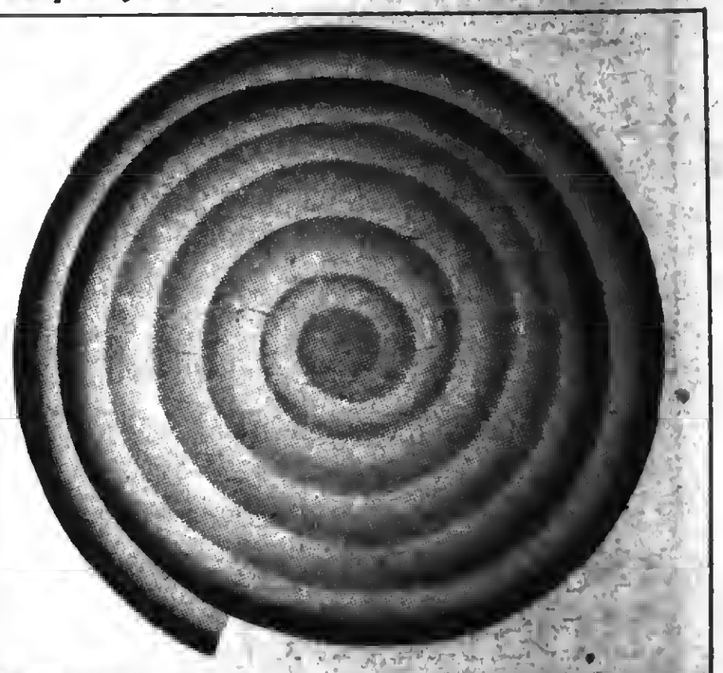
Rep Harry "Bus" Yourell

INCREASED PROPERTY TAX RELIEF PASSES HOUSE

Harry "Bus" Yourell is co-sponsor of a bill passed by the Illinois House which would boost the limit of general homestead exemptions for equalized assessed valuation for homeowners from $1500 to $5000 on increases in such valuation.

"House Bill 262 could be worth $6500 in reduction of equalized assessed value (EAV) because during the last session a basic $1500 reduction of such increases was passed," Yourell says.



"For many elderly homeowners," he added, "this would be the same as a freeze on assessments."

The equalized assessed value of a property would be reduced by the amount of increase up to the new $5000 maximum, and any increase below that amount would be fully exempted. "Homestead property is defined as property owned and used exclusively for a residential purpose. Although it does not apply to rental properties as such, it does apply to cooperative apartments.

"The purpose of HB 262," the suburban Cook County legislator explained, "is to make the recently enacted general homestead exemption an affective means of dealing with inflationary increases in home values as these hikes are translated into tax bills.

"As the present law exists, the $1500 exemption in EAV frees only $4500 in market value increases downstate and only $2400 in Cook County taxation. Reduced by state-decreed multipliers, under a $5000 exemption in equalized assessed value, those figures would become $15,000 and $8000 for downstate and Cook County, respectively."

The tax bill if passed by the Senate and signed by the governor would be effective for the 1979 tax year and subsequent years.

Bridgeview Chamber to hear Crane

Linda Heyse of the Bridgeview Chamber of Commerce has announced that Judge Ronald J. Crane of the Circuit Court of Cook County, will be their guest speaker on Wednesday, May 21 at 12:15 pm. The meeting will be held at Niko's Restaurant at 7600 S. Harlem in Bridgeview.

Judge Crane's topic will be "The Courts and Your Community." He will speak for 15 minutes and there will be a 15 minute question and answer period following.

Judge Ronald J. Crane

Judge Crane has been in the Judiciary for 18 years, trying civil and criminal cases in the suburban courts.

He is a graduate of the Northwestern U School of Law and the National College of the State Judiciary. Judge Crane is a past vice president and director of the Illinois Judges Assn.

Last year he was appointed a circuit court judge by the Supreme Court of Illinois and is presently assigned to the 6th Judicial District Court where he hears all types of cases.

Buddy Poppies annual sale days

The annual sale of Buddy Poppies by the Johnson-Phelps Post 5220, Veterans of Foreign Wars and its Ladies auxiliary will be held on Thursday, Friday, and Saturday, May 15, 16, and 17 in Oak Lawn.

The VFW Buddy poppies are assembled by disabled and hospitalized veterans, and the proceeds of this program are used exclusively for the benefit of disabled and needy veterans and the widows and orphans of deceased veterans in keeping with their motto to "Honor the Dead by Helping the Living".

Al and Pearl Ballik, co-chairmen for the post and auxiliary, along with Commander Orville Roeder and President Betty Feltes, urge everyone to buy and wear a Buddy Poppy as a token of their gratitude to the men and women of this country who have risked their lives in defense of the freedoms which we enjoy as American citizens.

Plan Kolb's Golf-Dinner Day

Circle August 20th on your calendar. It's a very special day in Oak Lawn — Mayor Ernie Kolb's 4th Annual Golf Day/Dinner.

The Citizens Coalition Committee is busy planning a glorious event, gathering gifts and prizes and ordering the many trophies to be awarded.

The important data is the same as last year — golf at Palos Country Club and dinner 'n dancing at the Lexington House.

Do call your friends, declare a holiday and join the festivities on Wednesday, August 20. They need you there and look forward to spending a day with all their friends and supporters!

Worth Dems announce meeting days

At the April meeting of the Worth Township Regular Democratic Org, the membership was thanked by Joe Heffernan and Maureen Pecor for the support given their recent election. Both were elected to the Moraine Valley College Board of Directors with the highest voter turnout the district has enjoyed thus far. Worth Township carried the 3rd largest weighted votes and was thus entitled to send 32 delegates to the Democratic State Convention. Committeeman 'Bus' Yourell was the top vote getter in suburban Cook County surpassing all Republicans and Democrats in the March 18th Primary.

The regular meeting of the Worth Township Regular Democratic Org is the second Monday of the month at 8 pm in the VFW Post, 9514 S 52nd Avenue in Oak Lawn. New members are always welcome so plan to attend and become an informed citizen about what's happening in the Legislature, what bills are pending that will affect you and meet many new friends. Refreshments will be served at the conclusion of the meeting.

Law and Order Night honors Ralston and Grant

The Oak Lawn Lions Club held their "Law and Order" meeting on Tuesday, May 6 at the Golden Age Restaurant.

At this particular meeting the members select someone from the Oak Lawn Police Department or Oak Lawn Fire Department who has been outstanding during the year, to be honored.

Oak Lawn Fire Chief Elmore Harker introduced Richard Ralston, chief mechanic for 14 years at the Kostner Avenue station, who had been selected for the honor. Ralston who is in charge of equipment maintenance, and keeping it ready to roll at all times, has also earned a place of respect with all members of the fire department.

Oak Lawn Police Chief John Haberkorn then introduced Detective Terry Grant, tactical officer, for his many accomplishments in the village this past year.

Grant was credited with 29 felony arrests; 31 vehicle tag arrests; 39 parking violations and 2 driving while intoxicated arrests.

Michelle McBride, who has written a book about fires and fire prevention and what to do in case of fire, was the guest speaker. She herself was a victim of the tragic fire at Guardian Angel School where many lives were lost. Michelle spent over four years in the hospital recovering from her burns.

Len "Skip" Pearson, a Lions activist for many years and chairman of the District 1A Lions Club, was also introduced and commended for his dedicated service to the organization.

Present at the Oak Lawn Lions Club "Law and Order Night" were: (l to r) Hank Latas, chairman of Law and Order Night; Richard Ralston, Oak Lawn Fire Department; Michelle McBride and Len "Skip" Pearson.

Trinity commencement exercise May 24

The Reverend Andrew Kuyvenhoeven, editor-elect of The Banner, the official publication of the Christian Reformed Church, will address the 1980 graduating class of Trinity Christian College with "There Will Always be a Rainbow".

Prior to accepting the position with The Banner, Rev Kuyvenhoeven served the Reformed community in various capacities. In addition to serving as pastor to several churches in Ontario and Toronto, Canada, he was also Theological Editor of the Board of Publications of the Christian Reformed Church. He later served the Board as Director of Education.

Trinity's commencement ceremonies will be the 10th in the college's 21 year history. Seventy-nine graduating seniors will receive their diplomas from acting president Dr Derke Bergsma. The ceremony will be held at the Clavary Reformed Church in Orland Park on Saturday, May 24, 11 am.

Kids' Club Open House at Stone Church

A Kids' Club Open House will be held at the Stone Church, 6330 W 127th Street, Palos Heights, beginning at 7:30 pm on May 28.

The 200 boys and girls currently enrolled in the program, ranging in age from 2 to 14 years, will be receiving awards for their achievements in various categories, including Bible verse memory and campcraft. After the program, which will be held in the sanctuary, the children and their parents will have an opportunity to visit with the adult leaders in the classrooms and see displays of their work. Also, refreshments will be served in the fellowship hall.

Rev Ed Corbin, the children's pastor and coordinator of the Wednesday night clubs, has extended an invitation to families in the community to attend this special service if they might be interested in having their youngsters participate in this Christian scouting-type activity. Forty-five men and women volunteer their time as leaders in the Straight Arrows, Missionette and Royal Ranger program, which is held year 'round.

Foster Care Program needs parents

The Oak Lawn Youth Commission's Foster Care Program, which provides emergency placement for Oak Lawn area teens 17 and under, needs concerned and responsible adults to be foster parents.

The teen can be placed for one night up to a maximum of 2 weeks, during which time the agencies' worker is in daily contact with both foster family and the teen. An allowance is provided for the child's needs. Foster families give guidance, security and provide a listening ear for the teen. For more information about the program, call 636-4400, ext 337 or 338.

Park Lawn Silver Jubilee Open House

Planning ahead for the Park Lawn Silver Jubilee Open House on May 18 obviously includes "looking back" over the organization's old press releases. Pictured enjoying the task are (l to r) Mrs Maureen Springer, Mrs Mae Pietsch, Mrs Barbara Reilly and Mrs Charlotte Morrison, who collectively have devoted over 50 years of service to Park Lawn.

The Silver Jubilee Committee, under the general chairmanship of A. L. Nields, invites friends, both old and new, to come share the joy of the monentous occasion with the members of the Park Lawn Association and staff. There will be guided tours of the center, a short program, refreshments and door prizes.

Park Lawn is located at 10833 S LaPorte Avenue. For additional information about the Silver Jubilee call 425-3344.

Holiday Inn installation aids hearing impaired

The Holiday Inn of Oak Lawn has recently installed a new C-Phone-1-A telecommunicator unit in the reservation office which enables hearing-impaired persons with similar telecommunicator units thru the United States to make reservations, it has been announced by Joseph English, general manager.

The new service, which is reported to be the first of its kind to be offered by a major hotel chain, utilizes the advanced technology of Telecommunications Devices for the Deaf.

The equipment, which a growing number of deaf persons have in their homes, consists of a cathode ray screen and keyboard unit.

Typed messages are transmitted by the caller via a toll-free telephone line to a similar unit at the Holiday Inn reservation center in Memphis and to the Holiday Inn of Oak Lawn. The reservationist responds by typing a reply.

The toll-free number established for this service is 800-238-5544.

The Holiday Inn of Oak Lawn is located at 4140 W 95th Street, Oak Lawn.

The Great Fossil Hunt

Moraine Valley College announces a trip to Pit II to dig for fossils. "The Great Fossil Hunt" is scheduled for 9 am - 3 pm Sunday, May 18. The trip is co-sponsored by the Greater Oak Lawn Diggers (GOLD).

Pit II is an abandoned strip coal mine that is world famous for Pennsylvania Period fossils. The fossils are 280 to 300 million years old. Most of the animal life fossils were in the north end of the site, an area that has been purchased by Commonwealth Edison for a power plant. However, plant life fossils abound in the remaining open area. Participants can expect to find examples of ferns, leaves, fish, insects and horseshoe crabs.

George and Fran Koldoff and GOLD members will be on hand to show examples of what can be found and to help identify specimens.

A bus will provide transportation for participants to and from the site in Braidwood, IL. The fee is $10 per person. For more information on equipment, clothing and lunch, contact the Community Service Center, 974-4300, ext 360.

Honored for 25 years of service

Heritage Standard Bank vice president, Therese R. Griffin, receives congratulations and a gift of appreciation from Robert E. Kennedy (l), president and Alfred J. O'Malley (r), chairman of the board, on the occasion of her 25th anniversary with Heritage Standard Bank, 2400 W 95th Street, Evergreen Park.

The officers and staff of Heritage Standard Bank, 2400 W 95th Street, in Evergreen Park, recently honored vice president Therese R. Griffin for twenty-five years of service to the bank. An appreciation party was held for Therese at Greco's Restaurant. The staff of Heritage Standard Bank and Heritage Bancorporation celebrated with Therese's family and friends on this memorable occasion in her business life. She received many beautiful gifts in honor of the event.

Therese has held such positions as assistant vice president of bank accounting, assistant cashier, accounting clerk, note teller, bookkeeper, and file clerk prior to her appointment to the position of vice president in December, 1979. In her current position, her duties include management of the accounting department. She has completed course work for numerous certificates from the American Institute of Banking, and has taken related accounting courses at Moraine Valley College.

An active member of various banking organizations, Therese participates in the National Association of Bank Women and the South Suburban Association of Bank Women, is a representative to the Bank Administration Institute, and a finance committeeman for the Association of Chicago Bank Women. She currently holds the position of first vice president to the Evergreen Park Business and Professional Women's Club. Publicity chairman for St Germaine's Women's Club and board member for the Mercy High School Alumnae are her other community positions. Therese lives in Oak Lawn with her son, Donald, and her mother, Charlotte.

Robert E. Kennedy, president of Heritage Standard Bank, proudly stated, "Therese's dedication to professionalism and service each day, as well as her twnety-five active years of employment with Heritage Standard Bank, are a tribute to her and our banking organization."

Dream houses start here.

The electric heat pump.

Every year, more and more new homes in northern Illinois are being equipped with electric heat pumps. There's a good reason. The heat pump is the most energy-efficient way to heat and cool a home.

Instead of burning fuels to make heat as oil and gas systems do, the heat pump uses electricity to capture solar heat already in the outside air. By using existing heat, it produces at least 50% more energy than it uses over the entire winter.

As outside temperatures drop, the heat pump is supplemented by electric resistance heat to keep you warm. In summer, it acts as a central air conditioner.

The initial cost of a heat pump is a little higher. But the operating cost is lower. With energy costs rising, that makes the heat pump the energy-smart choice for a new home. Talk to your contractor. Or call us.

Spartan Booster Club honors sports athletes

The Oak Lawn High School Spartan Athletic Booster Club recently honored the school's winter sports athletes at their 13th Annual Sports Awards Night. Students recognized participated in girls basketball and gymnastics and boys basketball, wrestling and swimming.

Ed Marks, Director of Curriculum, acted as the toastmaster for the evening. Spartan Booster Club President, Jack Davis, congratulated the athletes and thanked the parents for their support of the Booster Club.

Each of the varsity coaches introduced their assistants and announced their most valuable players who were selected by their team mates. Each of the most valuable players received a trophy for their achievement. After the MVP presentations the various sports adjourned to other rooms where the coaches presented athletic letters and numerals to the participants.

Recipents of the MVP awards were: girls basketball - Sherri Sawyer. Sherri played center/forward and scored 164 points for the season. She was the 3rd highest team scorer and 2nd highest rebounder and free throw shooter. The girls basketball team was coached by Ms Jane Surma.

Girls gymnastics - Chris Fenton. Chris competed as an all-arounder and compiled an average score of 7.2. In the SICA Conference meet she finished fifth in floor exercise, sixth in vaulting, and tenth on uneven bars. Howard Rubin coached the girls gymnastics team.

Boys basketball - Greg Lehmann. Greg was a SICA West All Conference selection for the second year. He was the second leading scorer in the conference with a 20.2 scoring average. He broke six school records: most varsity points in 2 years - 494; best free throw percentage - .824; most assists - 105; most points in one game - 43; most free throws in one game - 21. Len Scaduto coached the boys basketball team.

Wrestling - John Major. John was the 167 lb champion in the SICA Conference, District and Sectional meets. He placed 2nd in the State Tournament. He led the Wrestling Team to a 9th place finish in the State Tournament. The wrestlers were coahced by Chuck Lawson.

Swimming - Todd Martin. Todd was a three year letterman and led the varsity in points scored, highest finishes and most medals won. He set a new school record in the 100 yd butterfly. Vern Scarpelli coached the swimmers.

Pool chemicals could be hazardous

Spring is in the air, and soon we will be opening up our pools for those long, hot, summer days. This means going to the local store and purchasing the years supply of pool chemicals, but you must remember these chemicals could pose a possible hazard if not handled and stored properly.

Oak Lawn firefighter Tom Shervino is shown before a display of various chemicals used for pools. (Photo thru the courtesy of the Oak Lawn Fire Dept Photo Unit.)

Storage is very important. Never store liquid chemicals near granular chemicals. However, if this is unavoidable, be sure to place a plastic bag over liquid containers and seal it correctly to prevent it from leaking on the granulars. If there is a spillage or leakage, dilute immediately with large quantities of water. If this is not possible, sweep up and place in a container filled with water. Do not return the spilled material to the original package. Keep oxidizing agents, such as granular chlorines, away from reducing agents such as soaps, oils, acids and many others. A combination of these will cause harmful reactions producing toxic fumes and heat.

The handling of these pool chemicals must be done properly to prevent injury. Do not pour water into the chemical when mixing -- always slowly pour the pool chemical into the water. Never combine two chemicals at the same time, like Algecide and a Chlorine. Chemicals like calcium hypochlorite which is found in Gravel Chlorine and trichloride stabilized sticks when combined will explode. If you add more than one chemical thru your skimmer, the proper way is to add one chemical, wait 15 minutes before adding another chemical.

The Oak Lawn Fire Department wants you to remember to prevent injury and fire, read all labels carefully for storage and handling instructions. Also, never store in your home and keep all chemicals out of the reach of children. For additional information about the particular chemicals you will be using ask the sales person from the store you purchased them.

Registration open at Pilgrim Faith

The Pilgrim Faith Nursery School has announced that it is accepting registrations for the 1980-81 school year. The school, located at 9411 So 51st Avenue, Oak Lawn, is licensed and accredited by the State of Illinois and operates three half days a week, Tuesday - Thursday, during the months of September thru May. Children who will be three by December 2, 1980 and will not be five until after December 2, 1980 are eligible to attend.

Under the direction of trained staff personnel, the children participate in creative crafts, music, motor perceptual skills, cooking, play activity, science, and field trips.

Further information can be obtained by calling Diane Flynn, Nursery School Director, 594-7638 or the school, 422-4200.

OLCHS chess team takes 3 in row

The Oak Lawn High School Chess Team won its third North SICA Division Championship in a row. The team's record was 10 wins and 1 loss. This was the best won/lost record posted by Oak Lawn in five years of competition in the South Inter Conference Assn. The team beat Reavis (2), Richards (2), Evergreen Park (2), Thornton, Thornridge, Thornwood and Thornton Fractional North. The only loss was to Thornton Fractional South by 3 points.

The regular players on Oak Lawn are Paul Lundquist, NamLeVan, Dan Charleston, Brian Smith, Phil Yontez, Peter Pollack, Craig Johnson and Tim Poma. The only alternate playing this year was Doug Schmidt. Robert Dominiak, art dept chairman, serves as coach of the Chess Team.

Earns "James P. Norwell" award

David Venkus, Brother Rice senior is pictured above being presented the coveted "James P. Norwell" Scholar-Athlete Award from Willard Kellogg, Athletic Director, at the recently held Brother Rice Senior Athletic Banquet. David starred in basketball and golf and graduated third in a class of 474 students with a grade point average of 4.53.

This award was named for Jim Norwell who died in 1976 of leukemia.

Jim played quarterback on the 1975 prep bowl football championship team, was a starter on the 1976 basketball team, and was consistently on the academic honor roll.

David Venkus is the son of Monica and Dr Carl Venkus, former trustee in the Village of Oak Lawn.

Elect officers for O L Library board

The Oak Lawn Public Library Board of Directors recently held its annual reorganization meeting and elected the following officers to serve for the coming year: (l to r) George Morrissey, Treasurer; Larry Collings, President; Lean Stevens, Vice-president and Arlene Hunt Knowski, Secretary. The board meets on the second Tuesday of each month in the lower level community room of the library.

Kolb and suburban mayors meet with Russo on revenue sharing

Oak Lawn Mayor Ernie Kolb and several other mayors met with Congressman Marty Russo on Saturday, May 17 to discuss the fate of federal revenue sharing which at this point is of great concern to the municipalities.

During the meeting, that took place in the Dolton Administration Building, Kolb explained to Russo that a committee of south suburban mayors had been organized in each congressional district and their mission was to meet with the congressman and field his thoughts on the position of revenue sharing. This information would then be brought back to keep the villages and the National League of Cities informed.

"When all information is in from the various districts," Kolb said, "the National League of Cities will have something to work with. Your statement and those of the other congressmen will all go to Springfield."

The National League of Cities fathered and promoted revenue sharing which has benefitted all recipients. The program allows monies paid from taxes to the federal government to be returned to the cities in the form of cash. Oak Lawn spends the funds on capitol improvements such as street and sewer repairs. Oak Lawn receives approximately $540,000 each year and it would be a great loss to the village if it was discontinued.

The thought at this point is that revenue sharing may be definitely discontinued to the state but there is still a possibility of saving revenue sharing for the municipalities.

Russo said that there had been two major amendments in the house but both had failed. One was to reinstate the states share of 1.7 billion at no increase in the budget as it would be cut from the categorical grant. (The categorical grant tends to lean toward the individual rather than the whole.)

The second amendment was to take the funds from International Foreign Aid.

"Rather than give it to overseas I would rather give it to us," Russo said, "but this also failed."

Russo said he had mixed feelings but he believed he preferred revenue sharing over the categorical grant. He also said that there is a strong move in the house against revenue sharing and partly due to the stronger move to balance the budget.

"They feel we give 80 billion to the state in other programs and they have to cut back by letting it (revenue sharing) expire September 30.

"It's very important that the mayors keep the pressure on," Russo said. "My personal opinion is that 4.9 billion will stay in the budget but the state will go."

"Basically you can see where Carter is coming from," he said, "and you have to be careful of him as he would like to direct the money more to the needy. I think that at this point you can intelligently believe that the state will not get the income."

Russo then told the mayors that they must work on an amendment and get it in at the sub-committee level first. He said that Representative Jack Brooks (Texas) is the chairman of the sub-committee on Government Operations. Russo said that Carter's proposal is in already and if someone offers a sub-proposal they have a better chance.

Russo said from there it should go to Representative L. H. Fountain (North Carolina) who is chairman of the Government Operations Committee.

"The critical thing is after you get to the Brooks Committee you have to get after the Appropriations Committee," Russo told the mayors.

Mayor Kolb asked how, "we" are sitting time-wise.

Russo said that the hearings on Revenue Sharing are finished and they are now sifting thru all of the evidence.

"The league should be doing their work now," Russo said, "they should also be working on the formula. We have problems with the formula and it is not fair to some of the states. An example is Texas that gets two dollars tax returns for every dollar in taxes paid, California gets one dollar fifty for every dollar and we (Illinois) get seventy cents for every dollar."

Mayor Kolb thanked Russo for meeting with them and said that everything that could be done would be taken care of at this end.

Career Day opportunity

The Oak Lawn Youth Commission offers an Employment Referral Service for youths who live in or go to school in Oak Lawn, who are seriously interested in working. They provide a weekly Job Training Workshop which includes writing resumes, filling out job applications, the interview process, money management and budgeting. They are incorporating a Career Day opportunity into the Job Training Workshops. They also provide a job bank filled with positions in Oak Lawn and surrounding suburbs. Many of these positions offer career and skilled training. They also appreciate any local businesses with open positions calling them with the information.

Briefs about thieves

This summer's gas crunch has squeezed "The Great American Family Vacation" from a long haul to a short hop, according to Edward Meier, Executive Officer, Southwest Suburban Board of Realtors.

Gone are the days when mom, pop, the kids and Rover would scramble inside the station wagon for a two-week highway binge. Now a more modest mileage mecca is sought – a nearby amusement park, a local concert, a neighborhood get-together with kith and kin.

So you can forget all that good advice from the police department about locking up your house, seeing that the mail, milk and papers get picked up, putting on the timers. After all, you aren't going to be gone long, just overnight or an afternoon or weekend.

WRONG! Burglars don't need two weeks to wipe out your house. Give them a tip-off to a rip-off, and you'll have these uninvited guests taking home more than the silver.

Here are some briefs about thieves:

. . .They love it when you make their job easier by not locking doors and windows. Batten down all the home hatches even for short jaunts.

. . .They adore it when you leave the garage door open. The car is gone, so what's left to steal? How about your BBQ, garden and lawn equipment, tools?

. . .Most burglars won't risk entering an occupied home. So keep the radio on, use the timers for lights. Make the thief think someone is home.

. . .Most burglars are "sneak thieves" who like to get in and out as fast as possible. So suppose a burglar does get in? Make him really work up a sweat on his "summer job." Keep such valuables as jewelry, watches, personal electronic devices and credit cards locked up. Your valuable possessions should be kept in a safe deposit box at the bank. Hang clothes with the hangers hung in alternate directions so he can't strip the closet in one swoop. The idea is to slow him down, so he'll settle for less.

. . .Most burglars like to get off the hook with stolen property. Do you have an inventory of your valuables? Put on the list the make, model, year, serial number and any special characteristics of the valuable – scratches, markings, etc. This should be done for television sets, radios, stereo equipment, typewriters and electrical appliances. If your property is stolen and recovered, this inventory will make identification easier and return faster.

Pay heed to home security when you hit the road. Would you really want to come home with an empty tank to an empty house – a completely empty house – this summer?

Sesame Street gang at Plaza

The gang from Sesame Street has returned, and they are bigger and better than ever! Beginning June 5 thru the 21st, the characters from the very popular television show will be appearing at the Evergreen Plaza, at 95th and South Western Avenue during regular mall hours.

Parents, be sure to bring your children, because they will be in awe as they stare at Big Bird, Cookie Monster, Ernie, Herbert Bigfoot and Snuffleupagnus. Don't forget to bring a camera so you can capture the looks of delight in your children and treasure the memory forever. You won't want to miss the fun and excitement as the Sesame Street gang sings songs, play games, and teach everyone how to count from one to ten. You don't have to be a child to enjoy the Sesame Street gang, June 5-21 at the Evergreen Plaza.

Library Friends accepting paper book donations

The Friends of the Oak Lawn Library will accept donations of paperbacks and hardcover books beginning June 1, for the Book Sale to be held June 27 and 28. Books may be brought to the library, 9427 S Raymond Avenue, during regular library hours.

Proceeds of last years Book Sale were used to purchase stuffed animals for the Children's Room and equipment for the Local History Room.

Some Professional Banking Advice from a Neighbor & Friend

On Inflation.

There has been much publicity during the past months on the costs of various bank services. Increasing interest paid on short and long term savings plans have caused many financial institutions to charge more for the basic services they provide.

Oak Lawn Trust & Savings Bank, through continuity in management and a steady conservative philosophy, has been able to hold the line on bank service charges. This savings to our customers over the years amounts to many, many dollars.

Professional, friendly service has made us one of the most respected banks anywhere in Chicagoland. There are many extra values available today. Be sure you shop and select your bank as carefully as you select other products and services for your family. There is a difference—compare and then visit us!

Marilyn Hall certified as paramedic

Marilyn Hall, of the Oak Lawn Fire Department, was recently certified at the April 18 graduation ceremony of the tenth paramedic class of the South Cook County Emergency Medical Service (EMS) System.

August V. Paredes, M.D., (l) the system's founder, looks on as Herman C. Hoekstra, of Flossmoor, a member of the board of directors of Ingalls Memorial Hospital, congratulated her.

Hall was among 54 graduates -- all of whom underwent 390 hours of classroom instruction and clinical field experience. A total of 589 paramedics have completed the program since its inception at Ingalls in 1973. The system presently services a resident population of more than one million.

National Hospital Week bonus for Little Company of Mary

"We're Amerisca's Health Team" is what Little Company of Mary and thousands of other hospitals across the country were saying to patients, employees and local communities during National Hospital Week, May 11-17, 1980.

Little Company of Mary has a special reason to celebrate this year because the hospital is observing its 50th anniversary of health care service to the community. Hospital representatives pictured above holding a sign indicating the theme for this year's celebration are, from left, Mary Ann Bailey, Volunteer Service; Martin McCarthy, M.D., Medical Staff; Sister M. Joseph Casey LCM, Patient Representative; May Mulry, Housekeeping; Marge Brosnan, Volunteer Segvice; Mary Alice Cullina, R.M., Nursing Service and Francis Gallagher, Public Relations.

Among various programs that will occur during National Hospital Week at LCM will be the selection of the Employee of the Year, participation in the annual luncheon sponsored by the Chicago Hospital Council at the Conrad Hilton Hotel, open houses for employees, the Pediatrics, Audiology and Communicative Disorders Departments and special tray favors and gifts for patients.

The "we" in "We're America's Health Team" is not just limited to hospitals and health professionals. It encompasses everyone. Meeting the health needs of our community takes teamwork in the broadest sense. It is a responsibility to be shouldered by all.

Vets urged to attend Moraine classes

Illinois veterans of all ages who are interested in attending classes are urged to contact the Veterans Affairs Office at Moraine Valley Community College.

According to Ed O'Donnell, MVCC vets officer, most vets probably are eligible for the Illinois Veterans Scholarship.

"When the vet served is not important," O'Donnell says. "Moraine has veterans attending from World War II through 1979."

O'Donnell notes that 38 new applications for Illinois Veterans Scholarships have been processed just for the summer session that starts June 9.

Additional information and application forms are available from O'Donnell in Room L100P, 10900 S 88th Ave., Palos Hills; phone 974-4300, ext 466.

Finnegan receives commendation

Firefighter/Investigator Edward Finnegan (l) has been commended by Mayor Ernie Kolb (r) and the board of trustees for his professional performance of duty resulting in the apprehension and arrest of a subject in connection with a fire by arson.

Fire Chief Elmore Harker while recommending the commendation said that it is dedicated efforts like these that will curtail, and hopefully eliminate, the problem of arson in the village.

Two chosen Mother of the Year

During Monticello's "Mother of the Year" celebration, Joyce Hrabec, (c) Administrator of the Oak Lawn Center, presented certificates to Barbara Hiveley (l) for being selected employee "Mother of the Year" and to Mary Woods (r) selected resident "Mother of the Year".

Recently two women were honored at Monticello's "Mother of the Year" Celebration held at the Monticello Center in Oak Lawn. Selected by residents, staff and relatives were Barbara Hiveley as the employee "Mother of the Year" and Mary Woods as the resident "Mother of the Year". Barbara Hiveley, mother of three daughters, is the Director of Dietary at Monticello. There to celebrate Mothers Day with Mary Woods and make her day a special one were many of her four children, 12 grandchildren and 18 great grandchildren.

The beautifully arranged celebration provided fresh flower corsages and candy for all the women residents. Cookies and refreshments were served thruout the day for the numerous guests that came to visit. Highlighting the day's festivities was a musical program.

Aging agency urges public attend hearings

The Suburban Cook County Area Agency on Aging urges the public to attend the public hearings to comment on its area plan for funding, objectives, and senior citizen services for fiscal year 1981. Hearings will take place at Niles Public Library at 10 am on June 2; at the 6th District Circuit Court Building in Markham at 10 am, June 4; and at Mills Park Tower in Oak Park at 2 pm, June 4. Written statements can be sent to the area agency as late as June 6, 1980.

Copies of the area plan are available at the Area Agency office, 223 W Jackson, prior to the hearings. Summaries of the area plan will be distributed at all of the public hearing sites.

"No plan prepared by a public body is complete," says Jonathan Lavin, Executive Director of the Area Agency, "until the public it serves has the opportunity to voice comments and suggestions. We hope to hear from suburban elderly and from service providers at the public hearings."

OLCHS Commencement Sunday, June 8th

Oak Lawn Community High School will hold its Commencement for the Class of 1980 on Sunday afternoon, June 8 at 2:30 pm in the Spartan Gym. The June graduating Class of 80 numbers 469 students.

UICC student art exhibit

Graduate students of the School of Art and Design at Illinois U, Chicago Circle will exhibit their work in the Sears Tower Gallery, 233 S Wacker Drive thru June 12. The exhibit, in the Wacker Drive level is open to the public from 9 am to 8 pm daily, including weekends.

The show, entitled "The Graduate Circle," is comprised of the works of 35 candidates for the Master of Fine Arts degree at UICC. The exhibit marks the first time all graduate students will show in one location at the same time.

Reverend Kenneth Kline, Pastor, Hometown Christian Church, will give the Invocation. President of the Class of 80, Bill Tasker, will welcome the parents and guests of the graduates. He will also introduce seniors Sue Kramer and Douglas Schmidt who will address the graduates.

Supt Hal F. Wiltshire will present the Class of 80 and Dr Paul Davies, Asst Supt-Instructions, will announce the graduates.

District 229 Board of Education President Ronald W. Ketchum and Board Secretary Shirley Sears will award the diplomas.

Commencement music will be provided by the OLCHS Concert Band, under the direction of Kenneth Kistner, and the Acappela Choir and Senior Girls Chorus directed by Jack Roeckeman.

The Junior Marshals, representing the top scholars in the Junior Class include: Tammy Carstens, William Hogan, Keith Libert, Paul Lundquist, Caryn Myer, Michael Novak, Debra Swan, Michelle Szum, Gerald Whiteford and Sherry Wortel.

Father Richard Bartulis, Administrator, St Louis de Montford, will offer the Benediction.

Admission to the program is by ticket only.

DAR and Gold Sabre Awards

Kathy Ann Lee (r), senior psychology major, the daughter of Mr and Mrs James Lee, Oak Lawn, was presented the Daughters of American Revolution (DAR) and Gold Sabre Military Association Awards at Western Illinois University. The DAR presentation was made by Mrs. Gail Underwood, Regent of the Macomb Chapter of DAR. Miss Lee was honored by the DAR as a graduating cadet demonstrating loyalty, patriotism, dependability and leadership. The Gold Sabre Award recognizes her contributions to the Gold Sabre activities at WIU.

Senior Emergicard available

Adults and senior citizens residing in Worth Township have an opportunity to obtain a medical Emergicard on Monday, June 2 from 9 am until 11 am at the Worth Township Clinic, 11601 S Pulaski, Alsip, according to Gertrude Wendling, R.N., Clinic Dir.

There is a $15 per person fee for the Emergicard and all adults and senior citizens must call for an appointment at 371-2900, ext 42.

The front of the card will contain all pertinent personal medical data, and the back of the card will contain a 12-lead E.K.G. which can be read in case of emergency by any physician.

Law on child support payments passes

The Illinois House passed legislation sponsored by State Representatives Herb Huskey and Giddy Dyer (R-41) requiring circuit court clerks to monitor child support payments. Approved May 15 by a 140 to 3 vote, it will now be considered by the Senate.

"House Bill 24 is an equal rights bill for children," Huskey emphasized, "because it ensures that they will not go to bed hungry or have Christmas without Santa Claus.

"It is also a tax relief measure for Illinois citizens," he stated. "Every taxpayer here shares in the cost of allowing widespread non-payment of child support obligations thru an ever increasing number of welfare cases.

"This legislation will make sure that court-ordered child support is regarded seriously — and paid on time."

In its final form, House Bill 24 requires child support orders, including public aid cases, entered after October 1, 1981 to be paid directly to the clerk of the court. The court also has the discretion to require these payments in cases decided before that date. The State's Attorney would automatically begin enforcement proceedings when payments are defaulted.

According to Dyer, approximately 75% of the expenses for implementing this statewide court payment system would be financed by federal funds. A $1.50 monthly fee paid in advance semi-annually by the party responsible for child support, and a mandatory 2% arrearage fine on persons 2 months in default would defray other court and State's Attorney costs.

Huskey credits a "wide base of bipartisan concern" as a major factor responsible for the passage of House Bill 24.

"Governor Jim Thompson, Cook County Board President George Dunne, Cook County Circuit Court Clerk Morgan Finley and legislative cosponsors from both political parties have given their time and support to this legislation," he said. "Every woman legislator in the House is either a joint sponsor or a cosponsor of House Bill 24.

"We've also had the expertise of Circuit Court Judge Charles Fleck, presiding judge of the Domestic Relations Division in Cook County; Sharon Sharp, the governor's Woman's Advocate; and Dr Walter E. Johnson, head of the Family Studies Project at the Illinois Legislative Studies Center from Sangamon State University in Springfield.

"With their continuing help and with grass root support of parents throughout Illinois, I feel confident the Senate will also respond favorably to House Bill 24."

Senator Donald Moore (R-9) will sponsor House Bill 24 in the Senate.

Additional information is available from Huskey, 424-5000, or Dyer, 654-3950.

Brother Rice announces summer program

Brother E. T. Hennessy, C.F.C., principal of Brother Rice High School, has announced that summer school will be held from June 16 - July 25. This program is co-educational with registration being held Thursday, June 12 from 9 am to 2 pm.

Chemistry is being offered again this year as a full-credit course. This course is excellent for students who were unable to fit it into their regular school year schedule and future nursing students who failed to take it in high school.

Photojournalism, a full-credit course offered for the first time last year, proved so successful it will be repeated this summer. Geared specifically toward the high school photographer, it is ideal for those interested in photographing for yearbooks and school newspapers, or for those who wish to develop a solid foundation in photographic composition, black and white film development, and picture printing. Cost is $125 which includes lab fee and chemicals. The student must provide his own 35 mm camera and film. Because of limited space, pre-registration is taking place now for this course by calling 779-3410.

Credit courses are also being offered in Algebra I, World History and Typing.

Make-up courses being offered include Theology I, II, III and IV, English I, II, III and IV, Algebra, Plane Geometry, Biology, Spanich I and II, World History and U.S. History. The school reserves the right to cancel any course for which there is not an adequate number of registrations.

Brother W. A. Dogan is summer school director. For further information regarding course offerings and tuition, call the school office, 779-3410, any school day between 8 am and 3:30 pm.

De Haan recognizes winners of Baer art competition

Chesterfield Federal's main office lobby was transformed into an art gallery displaying an award winning sculpture, photograph and painting thruout May. The three artworks were honored during the recent Fourth Annual Arthur A. Baer Memorial Art Competition, sponsored in part by Chesterfield Federal.

In a small ceremony for the two Beverly artists on display, Chesterfield Federal President William DeHaan presented a monetary award to each artist to further their artistic careers. "It was our pleasure to be able to display the work of these two young people and the contest's first place winner in Chesterfield's lobby," said DeHaan. "We hope these peices can serve as an inspiration to other young people considering refinement of their artistic abilities."

Those artworks on display included the first place winner, a sculpture by the Arlington Height's artist Joseph Burlini, entitled "Music Wagon, Motor Driven". The two Beverly residents featured for their awards in the contest are Virginia Casey Siegel and Timothy A. Casey.

Ms Siegel, 24, is a graduate of Clarke College in Dubuque, Iowa. She received a BA in art with an emphasis in drawing. Explaining her award winning watercolor entitled "My Favorite Tints" Ms Siegel said, "Perhaps this piece best exemplifies my attempt to express total freedom; in the approach, medium and final rendition."

Timothy Casey, 20, the other Beverly artist, whose photograph "Stopped" hangs in the Chesterfield Federal lobby, has been interested in photography since 1977 when he attended St Ignatius High School. Explaining his award winning snap shot Casey said, "It was taken along Chicago's lakefront. I saw authority in the police officer, who had stopped to help a youth. I saw exhaustion and resignation in the youth. I saw buildings and graffiti on the walls. I saw Chicago."

Commenting on Chesterfield Federal's opportunity to display these artworks, DeHaan said, "We are proud to be involved in giving recognition to fine artwork. Chesterfield Federal will certainly continue to advance the arts both in our neighborhood of Beverly and thruout Chicagoland."

Chesterfield Federal President William DeHaan is shown as he presented monetary awards to Virginia Siegel and Timothy A. Casey whose works were honored during the recent Fourth Annual Arthur A. Baer Memorial Art Competition.

A message for the Graduates

Best wishes to the graduates on their very special day. May all the good things in life be theirs as they step into their wider horizons that now await them. VILLAGE VIEW has not listed all the names of the many, many graduates as we tend to think in terms of high school and forget about the little "kindergarteners" that have graduated to 1st grade — the elementary grads that have left 8 years behind them) the high school grads that will leave their homes, towns and villages to go to various colleges all over the country. Last but surely not least, those grads who have completed college and may be coming back to where it all began.

The list of names would be prohibitive.

We do want them all to know that the persons, businesses and organizations on these pages of VILLAGE VIEW are very proud of all of them and wish them "Godspeed" in all of their future endeavors whether it is continuing on the higher education or going into the world of business.

Heritage Standard appointments

Russell Hollender

Geraldine Gestaut

Bette O'Brien

Chairman of the board and chief executive officer of Heritage Standard Bank, Alfred J. O'Malley, is pleased to announce the appointment of Russell Hollender to the position of manager of the Oak Lawn facility, 4001 West 95th Street and the promotions of Geraldine Gestaut to assistant cashier - operations and Bette O'Brien to assistant cashier - Personal Banking.

Russell Hollender was promoted to vice president in December, 1979, having worked in Personal Banking as a Personal Banking Officer and later as an assistant vice president since 1974. His duties in Personal Banking were predominantly in the area of Personal Lending. Hollender began his employment with Heritage Standard Bank in 1972 as a brinks teller. He holds a B.A. degree in Liberal Arts from Trinity Christian College. He currently serves as a director of the Oak Lawn Chamber of Commerce and a board member of the Oak Lawn United Way. He is a member of the Beverly Ridge Lions Club. Russell and his wife, Lynndell, and their eight-month old daughter, Emily Ann, reside in Beverly.

Geraldine Gestaut, promoted to assistant cashier - operations, will supervise the teller and safe deposit area at the Oak Lawn facility. Having worked at Heritage Standard since September, 1964, Geri has held numerous cashier division positions, including lobby teller, drive-in teller, and special services teller prior to her promotion to pro-cashier. Geri is a member of the Heritage Bank Women. She lives in Chicago with her daughter, Joanne.

Bette O'Brien, promoted to assistant cashier - Personal Banking, manages the new account and customer service departments at the Oak Lawn office of Heritage Standard Bank. Previously, Bette held the position of secretary for the Commercial and Industrial divisions at the Evergreen Park office. She began working at Heritage Standard Bank in September, 1977 as a new accounts representative of the Personal Banking department. An active resident of Evergreen Park, Bette works with community band groups and cheerleading squads, in addition to serving on the church youth ministry team and the church lector team. Bette and her husband, Joseph, have seven children.

Heritage Standard Bank's new facility features a Personal Banking area, the full teller and drive-in area, a walk-up window, and a customer waiting area.

Congressman Russo presents flag to Heritage Standard Bank facility

Heritage Standard Bank receives a flag for the bank's new facility at 4001 West 95th Street, Oak Lawn, from Congressman Martin Russo (c) on the occasion of their grand opening. Bank employees (l to r) Dana Schat, personal banker, Bette O'Brien, assistant cashier - personal banking, Russell Hollender, vice president and facility manager, Laura Krause, personal banking officer - marketing, Darlene Mathius, personal banker, Mary Swan, personal banker, Barbara Sherman, assistant secretary - personnel, and Geri Gestaut, assistant cashier, listen and watch as Congressman Russo presents the flag, which has flown over our nation's capital. A framed flag certificate, on display at the office, proclaims the event. While visiting the office, Congressman Russo received a guided tour of the building, which is the second bank office for Heritage Standard Bank. The main office is located at 2400 West 95th Street, Evergreen Park.

Are you a Sunday painter?

Are you a Sunday painter, a would-be artist or a frustrated sketcher? "Art in the Park", sponsored by Moraine Valley College, may be exactly what you want.

"Art in the Park" will be held June 6, 7 and 8 at Galena. Particlpants furnish their own transportation. Reservations will be made by the college at two of the town's most comfortable motels.

At 8:30 pm Friday, June 6, a lecture on bird art will be given at Stillman Manor, a residence and restaurant furnished with antiques. On Saturday, particlpants will work at various locations in and about Galena. Instructions will be given by Phyllis Kozlowski, MVCC art instructor.

Those taking instruction pay a fee of $20. Others pay a $5 arrangements fee. Families are encouraged to come as a group. Motels are approximately $35 per night. Rooms hold two or three persons. Community Services Center will make arrangements for families. Deadline for reservations is May 2. For further info call 974-4300, ext 361-362.

Opportunities for women in Air Force better than ever

Opportunities for women in the Air Force are better than ever, according to the Air Force recruiter, here.

Of the 553,376 people on active duty, said SSgt Lynn D. Gasaway, Air Force Recruiting Office, 10735 S Cicero, 7,596 are women officers and 47,930 are enlisted women. Gasaway said the figures equal 10% of the total active force.

"The number of active duty Air Force women will continue to rise," he said. "Recruiting Service-wide, we expect to recruit approximately 2400 women officers and 14,000 enlisted women this year. By fiscal year 1985, some 97,800 women, more than 17% of the force, are expected to be in the Air Force."

Presently 20,000 women, more than 35% are serving in skills such as aircraft loadmaster, mechanics, plumbing, and in pilot and navigator positions.

"Even though these are nontraditional career areas for women," said Gasaway, "many have graduated at the top of their classes in technical and flying training schools".

"However, most Air Force women continue to serve in traditional career fields," he sadded. "Enlisted women comprise 32% of the dental area and 23% of the administrative specialties."

By public law, women are excluded from serving in areas directly related to combat. "However," said Gasaway, "only four of 230 specialties are closed to women: defensive aerial gunner, pararescue/recovery, security and tactical air command and control. All officer career areas are open to women except assignment to fighter or bomber aircrew positions."

For information about the Air Force call SSgt Gasaway, 425-4922.

Worth Twsp Pixie School opens registration

The Worth Township Pixie School Summer Program will hold registrations for area children 3 to 5 years old on June 2 and 3 from 10 am until 2 pm at the Worth Township Annex, 11601 S Pulaski, Alsip.

The program will consist of field trips, special events, indoor and outdoor activities, arts and crafts, and dress-up days.

The cost of the Pixie School Summer Program is $14 per child per session and each child will receive a Worth Township Youth Commission t-shirt.

John J. McNamara, Worth Township trustee in charge of the Youth Commission, said Beth McElroy will coordinate the Pixie School Summer Program.

There will be two sessions from June 17 thru July 17 and July 22 thru August 21.

All children attending the Pixie School Summer Program will attend the sessions on Tuesdays and Thursdays from 10 am until 2 pm.

Further information may be obtained by calling the Worth Township Youth Commission office, 371-2900, ext 26.

Peruvian Art raffle at Worthy Cause Benefit

A raffle of Peruvian art sent here from the mission in Chulucanas will be one of the unique features at the 14th Annual "Worthy Cause" Benefit (cocktail party) on Sunday, June 8. Entertainment will be provided and catering will be done by John McGonigal of Chateau Bel-Aire in Oak Lawn.

The benefit is sponsored by residents of Southwest Chicago and Suburban areas to raise money for the Chulucanas Mission in Peru, South America. Bishop John McNabb, formerly principal of Mendel High School, has headed this Peruvian prelature since June of 1967. Proceeds from the benefit will aid in a self-help program in human, moral and religious formation for over 350,000 Peruvians in this missionary diocese.

Mission club members (l to r) John Hardek of Oak Lawn; Bishop John McNabb, head of the Chulucanas Mission and John McGonigal of Chateau Bel-Aire in Oak Lawn. (Not pictured) Ray Greune, President of the Chulucanas Fellows.

The "Worthy Cause" Benefit (cocktail party) will be held at the home of Mr & Mrs John Hardek, 9732 S Tripp Street in Oak Lawn, from 2 to 5 pm. Tickets may be obtained by calling Matt Lamb at 735-4242. Everyone is welcome. There is a donation of $25.

Alexander Inn the - In Spot!

It all began on Sunday, May 25 and continuing every Sunday thereafter, a great variety of live acts will be presented to the patrons of this popular steak house in Tinley Park.

In keeping with their policy of low prices to help their customers fight inflation (as evidenced by their "All-You-Can-Eat-Buffet - Lunches - and - Dinners" for only $3.25 and $4.95 respectively) the show policy will be "NO cover charge, NO minimum, NO reserved seats, First-come First-served."

The first Sunday Show presented George "Magic" Johnstone, the honest pickpocket. The customers were receptive to this new addition of Sunday entertainment and gave the "light fingered" entertainer a great round of applause.

On Sunday, June 1 "The Incredible Elizabeth" will be on hand to entertain you in Alexander's beautiful cocktail lounge. The young lady is accompanied by Robert Evvers who casts Elizabeth under a hypnotic spell to sharpen her incredible abilities.

At no time in history have the possibilities of ESP and mental telepathy more thoroughly captured the public's attention. Now. . Robert Evvers and Elizabeth offer you the rare opportunity to see it all for yourself. You'll watch Evvers defy the laws of chance by forcing one thought into the minds of a roomful of people. . .marvel as Elizabeth strains to reveal a total stranger's name and Social Security number. . sit in astonishment as she continues to pluck thought after thought from the very minds of the audience.

George "Magic" Johnstone

On Sunday June 8th, Alexander's Inn will feature George Vaughn Lowther, a most "hypnotic" entertainer. You will see a combination of the mystery of hypnotism and the magic of the theatre. . .guaranteed to deliver total audience involvement and entertainment.

Live music at 8 pm for your dancing pleasure until showtime at approximately 9 pm, and music and dancing after the show.

Alexander Inn is the first light West of Harlem Avenue on 159th Street in Tinley Park/Orland Park, 7537 W 159th Street.

Please see discount coupon for the delicious and full buffet on the Restaurant Pages.

Energy corner

by John Hogan
News Information Supervisor
Commonwealth Edison Co.

When you run out of sugar but can't dash to the store, you might borrow a cup from your next door neighbor.

That's what Commonwealth Edison and its neighbors do when unusual circumstances create a greater demand for electricity than a company by itself can supply.

Edison's "next door" neighbors include 15 other electric utilities serving all of Illinois and parts of Wisconsin, Missouri and upper Michigan. For more than 15 years, these power systems have made up the Mid-American Interpool Network (MAIN) which helps ensure those "cups" of electricity will be available when needed.

The high capacity transmission lines that bind MAIN systems to each other are the arteries that help keep power flowing to homes, farms and industries thruout the network's 170,000 square mile area. They are the super highways over which large blocks of power can be wheeled to relieve local power supply emergencies. They also are the transportation grid for routine power purchases or diversity exchanges which help members economize in supplying power, provide back-up for maintenance programs, and utilize energy producing facilities in the most efficient manner.

Power exchanges are important in maintaining reliable service during emergencies -- when nature or an accident suddenly knocks out important transmission lines, or when a generating unit unexpectedly is shut down dur to some mechanical failure, or when a prolonged hot spell builds up air conditioning use. There has never been a widespread blackout in the MAIN area.

The hub of MAIN's day-to-day operations is the network's coordination center in Lombard, IL. Here, personnel monitor network-wide power supply conditions on a continuing basis. Thru a teletype communications system, twice-a-day reports are compiled and issued on the composite of expected power demands, generating capacity, reserves and scheduled power exchanges among members and outlying systems.

Of course, if your next door neighbor isn't home, you might go further down the block to borrow. Edison and other MAIN companies can, too, because MAIN is only one of nine regional networks covering the entire United States and part of Canada.

For example, mutual exchanges of power have been made for many years between Edison and the American Electric Power Company (AEP) which serves many areas to the east, including parts of Indiana, Michigan and Ohio.

Just as you and your neighbor occasionally help each other out, Commonwealth Edison and other electric utilities interchange power to provide electricity in the right amount to the right place at the right time -- like the next time you flip on your light switch.

Seniors speak on economics

Two seniors at Harold L. Richards High School recently made a presentation at two local elementary schools on the principles of economics.

The presentations, by Diane Atwood and Guy Werderitch, both of Oak Lawn, were conducted April 14 at Finley Junior High School in Chicago Ridge and April 15 at Clark School in Oak Lawn.

Conducted in connection with the Distributive Ed program at HLR, Diane and Guy presented a speech highlighting the free enterprise system in the U.S.

In addition, the students successfully requested Oak Lawn Mayor Ernie Kolb and Chicago Ridge President Eugene Siegel to proclaim the week of April 14-18 as "Free Enterprise" week in the respective villages.

Oak View observes Arbor Day

Arbor Day was observed at Oak View School, 4625 W 110th Street, Oak Lawn, when students planted trees on the school grounds.

The trees were paid for by the Student Council and an Arbor Day Used Toy Sale held at the school. The students planted one maple tree, four flowering crab trees, and one evergreen tree. Preceding the tree planting, was an assembly at which students from Miss Jaekel's class read selections about the meaning of Arbor Day. The students also saw two short films about trees.

Chamber features "A Touch of the Greens"

Shown outside of the Golf Shop at Palos Country Club are LeRoy Corradino, Golf Outing Chairman and Barbara Koslarek, Chamber President sitting in cart. Standing (l to r), Dave Boyd, Sal Crivellone, Chamber 1st Vice President; Joe Ficaro, Jr., Oak Lawn Chamber Executive Director; Dave Shepherd, Chamber Treasurer; Joyce Hrabec, Dave Krause, Merrill Stenbom, John Barcelona, Betty Gallo, Linda Kotsovos, Chamber Recording Secretary and Milt Andersen.

The members of the Oak Lawn Chamber of Commerce are getting ready to tee off at their annual golf outing. This year's outing has an Irish theme, "A Touch of the Greens", and will be held on Wednesday, July 9 at the Palos Country Club, 131st and Southwest Highway. Twenty seven holes includes outside 9 for the more leisure golfer.

Besides the Grand Prize Raffle, there is a Special Bahamas Trip Raffle, courtesy of Bud Cole, Travel Unlimited, and Jim Buschbach, World Travel Mart. For those who can't make the outing, but want to try the raffle, tickets are $1 each, or 6 for $5. (Contact Joyce Hrabec, 599-8800). There will be many other exciting prizes, Travelling Beer Cart, Beer Holes, and a free cocktail hour.

LeRoy Corradino, Golf Outing Chairman, invites everyone to come out and enjoy a beautiful day with friends and fellow community members. Tickets are $10 for golf and $15 for dinner and dancing to the ever-popular Merrill Baine Commanders Orchestra. Don't forget the "Early Bird Drawing" - First Come - First Choice - Order Early. Christin snuggles up to "Big Brown Bear"

The "Big Brown Bear" that is sharing his lunch with Christin McDowell, 2, was recently donated to the Children's Department at the Oak Lawn Public Library by Susan Ragan, Oak Lawn. The shaggy-haired bear is as yet unnamed but is a real conversation piece, sitting at a table reading.

$1 Million for Oak Lawn

Oak Lawn signs up for cablevision

After many months of study, comparisons and visiting other states to see cable television systems in operation, Oak Lawn awarded the franchise to Multimedia Cablevision, Inc, who will become the parent company of "Cablevision of Oak Lawn".

Both an ordinance and an agreement between the two concerned parties were examined in detail this past Monday, June 9, to insure that the village and the residents, who will be the future subscribers of cable television, have been fully protected.

The ordinance provides for Oak Lawn to receive $1 million in advance to deposit and use at it's own discretion. The village would then return the advance in a form of credit to be applied to the five percent in gross franchise revenue the village would receive each year.

Multimedia has also awarded a twenty percent ownership of the franchise to a "not for profit" organization, to be used for humanitarian purposes, within the village of Oak Lawn.

The term of the franchise is for 15 years and is renewable at that time.

Multimedia will also provide a letter of credit in the amount of $100,000 which will serve as a completion, or performance bond.

According to Village Manager Dick O'Neill, "The letter of credit puts a little teeth in the time table".

The installation is to be completed in 24 months. The cable television will be comprised of 54 channels of programming that will allow 24 hours a day of uninterrupted news, movies, sports, religion, whatever - once the service is turned on.

The subscriber will pay for the installation and a basic monthly cost for the subscription. There are other costs, such as for home movies, etc and can raise your monthly rate to approximately $20 give or take a little. The subscription can run from around $85 to $200 per year depending on the pleasure of the subscriber of cable television.

It was further suggested that a committee be formed whose only interest would be in the completion, operation and the future service to the community.

The headquarters for "Cablevision of Oak Lawn" will be based in Oak Lawn. The parent company will then try to obtain other franchises from the surrounding villages.

At the regular board meeting on Tuesday the ordinance was passed with only one dissenter.

Following this, with much celebration and flashing of bulbs, Wilson Wearn, president and chief executive officer of the parent company presented Ernie Kolb with a check for $1 million.

Dick O'Neill was commended by the board and Multimedia for the many hours spent, his diplomacy and the intelligent drafting of an ordinance that is a model for the village and one that others may wish to use in the future.

Hometown Decennial parade

Plans are now set for Hometown's Decennial celebration. The parade, featuring over 100 units, will be held June 29 and will kick off at 2 pm. It will begin at 90th place and Komensky Avenue, proceed along 90th place and continue until the parade crosses Southwest Hwy. The parade will then proceed along Duffy Avenue to 87th Place, where it will move west to Kenton, proceed up Kenton to 88th Street and then along 88th Street to Kilpatrick Avenue. The parade will then move up Kilpatrick to 89th Place where it will move onto 90th Place as the streets merge. The parade will then turn north onto Kostner Avenue, where it will proceed to the Lady of Loretto church parking lot and break up.

Interested people are then invited to watch the marching groups perform.

Social security disability amendments passed

Legislation making significant changes in the nation's Social Security disability program, including changes in work incentives and tightening of eligibility requirements for legal aliens has been approved by the House of Representatives.

Congressman Marty Russo praised the legislation for providing more work incentives. "The Social Security Disability Amendments we passed," Russo commented, "are designed to prevent overdependence on disability assistance programs. As they are now designed, once a person is disabled and unable to work for any length of time, the program ends up interfering with his move back to work.

This bill reverses that trend Russo said, by providing incentives for those on disability to try to return to work without being penalized if his or her work effort proves unsuccessful.

Russo said he was also pleased that the legislation will prevent situations where one actually gets more money not to work.

"The bill limits benefits to disabled workers in situations where under current rules a person can actually receive more income in disability benefits that they otherwise would receive had they not left work in the first place! Considering the value we place on the work ethic in this country, this hardly seems a situation the federal government should be encouraging."

The Senate version of the bill contained several other provisions which the House accepted. Russo cited two of these as particularly important:

"In recent years concern has grown over the fact that aliens who legally enter the U.S. are almost immediately eligible to receive Supplemental Security Income benefits, or assistance to needy senior citizens," Russo explained.

"This has led to some persons receiving benefits even when not really needed, so the bill creates stricter requirements that apply the income and resources of the alien's immigration sponsor to the alien himself, thus more accurately measuring the true need for these benefits.

"In 1978 I voted in favor of an even stricter needs test for legal asliens which passed the House - and I'm glad that the problem is being brought under control."

Another portion of the bill added by the Senate expands the work requirements that apply to welfare recipients who are able to work.

"I've been interested in this problem as well," Russo commented. "Just as in the disability program, I feel that the Congress must move responsibly to bring recipients of income assistance back into the mainstream of the economy, I will be interested to see how well these changes work."

Just recently Congressman Marty Russo (D) 3rd District of Illinois, presented an American Flag to Coach Bill Fett (r) of St Gerald's School football team, in Oak Lawn.

The American Flag that Congressman Russo presented to Coach Fett will fly in front of his home at 9736 S Minnick, Oak Lawn, on special occasions.

HLR STUDENT TO STUDY IN BELGIUM

Sandy Perrino, a student at Harold L. Richards High School, will leave July 17 to spend one year in Belgium as past of a foreign exchange program.

Sponsored by the Youth for Understanding organization, Sandy was selected to be among a group of students who will study in Belgium and live with a host family.

"I'm very excited about going. It will be a new experience for me," said Sandy, who will travel to Europe for the first time.

She is the daughter of Mr and Mrs Dan Perrino, of Oak Lawn.

Park District reaches agreement with SPARROW

The Oak Lawn Park District voted last Monday night to enter into an agreement with SPARROW (Special Parks and Recreation Region of Worth Township) which is a confederation of park and recreation districts which will provide continuous recreational programs for the handicapped. This includes all age groups and all physical and mental disabilities.

Worth Township has been the coordinating agency for the project and currently, the park districts of Alsip, Blue Island, Bridgeview, and Chicago Ridge have entered into an agreement with SPARROW and, according to Rich Lombardo of the Blue Island Park District, the cooperation of the Oak Lawn Park District was very critical because other park districts within Worth Township were "looking at their lead".

Park Commissioner president Donald Anderson had the only dissenting vote on the board and he stated that he "agreed with the concept of special facilities for the handicapped but he also felt that more discussion was needed on the subject of funding".

John Joyce of Park Forest was at the meeting to report on the success of a similar program in his community and he stated that the number of participants has grown from 9 to 500 in a period of only five years.

Also in attendance at the meeting were Supervisor Joseph McCarthy, Trustee John McNamara of Worth Township and representatives from the park districts of Alsip, Blue Island, Bridgeview and Mt Greenwood.

In other business, the board discussed the plans for the 4th of July celebration which will include a circus, a carnival, square-dancing, and an election exhibit which comes from the Smithsonian Institute in Washington D.C.

Also discussed but not finalized, was the eviction of a tenant from a home that is owned by the Oak Lawn Park District.

Chesterfield Federal honors Budd on 40th Anniversary

Forty years ago, June 24th, 21 year old Sheldon Budd started with Chesterfield as a loan officer at the old Chesterfield Federal office at 83rd and Cottage Grove. This June 20th, all the employees from Chesterfield's three offices will honor Senior Vice President Sheldon Budd at the Annual Chesterfield employee's banquet at the Martinique in Evergreen Park.

"Sheldon is more than a wise leader at our institution," said Chesterfield President William DeHaan. "He is a friend who constantly reminds us of the one-to-one relationship we have with our customers. And Chesterfield certainly owes a great deal of its success to him."

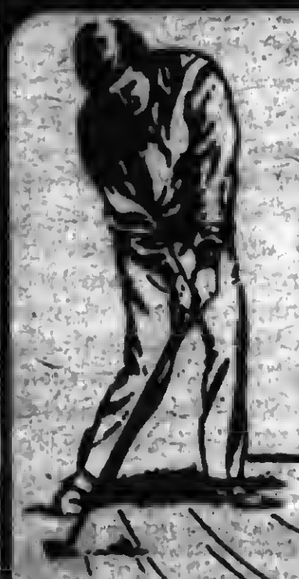
Born in Chicago and educated at Bowen High School, Sheldon Budd worked for Continental Casualty Company for two years before joining Chesterfield.

His first association with Chesterfield was interrupted in three short months by a call to the military. He served first in an Anti-Aircraft battalion, then transferred into the Air Force.

Budd was honorably discharged as a First Lieutenant in 1946. Afterward, he returned to Chicago with his wife Toni, who he had met at Wichita Falls, Texas in 1944.

The war was over and the G.I. Bill was in full swing. Budd's experience as a loan officer and a soldier made him a valuable asset to Chesterfield. From the time he rejoined Chesterfield until his promotion to a corporate office in 1952, Budd helped secure over 1,000 mortgages for G.I.s and other neighbors.

Since 1952, his chain of promotions at Chesterfield has been a tribute to his dedication; 1957, elected Assistant Vice President; 1965, elected Full Vice President, member of the Board of Directors, and Chairman of the Executive Committee; and 1971, elected Senior Vice President. He also studied and received his diploma from the Graduate School of the Savings and Loan Institute.



Sheldon Budd, Senior Vice President, celebrating his 40th anniversary with Chesterfield Federal Savings, will be honored June 20th at the institution's annual banquet.

Today, Sheldon Budd is Chesterfield's longest term employee. In his leisure time he enjoys golf and fishing. He has served as a director of the Ridge Country Club, where he is still an active member.

"Forty years is a long time to dedicate to one institution," said Mr. DeHaan. "But all of us at Chesterfield are genuinely grateful that Sheldon is with us. His wisdom and concern for people will always be felt here. We're looking forward to expressing our gratitude to him at our annual employee banquet June 20th at the Martinique."

The Marontos, of 6913 W 96th Place, were the first residents in Oak Lawn to participate in a Home Fire Safety Survey conducted by the Oak Lawn Fire Department. The Home Fire Safety Survey is now being initiated on the west end of the village, and will be eventually expanded to cover the whole village. The Fire Department hopes to improve public awareness on how to make their homes safer, such as the importance of smoke detectors, emergency fire exits, and fire extinguishers.

The Home Fire Safety Survey is being headed by Deputy Chief Matejka. The goal of the fire department is to make Oak Lawn one of the safest communities in the south suburban area. They feel this program will educate the residents and create a positive atmosphere where the villagers receive a better understanding of fire problems and of the fire department as a public service agency. Pictured above are (l to r) Deputy Chief Don Matejka, Pam and Joe Maronto and Lt R. Schaar.

Central Aviation opens at Midway

Central Aviation has recently become the newest addition to Midway Airport. Shown in the photo at left is Marty Reedy, commercial pilot with Mike Allard, Operations Manager and Pat Rickter, General Manager.

Central is offering charter flights 24 hours a day to anywhere in the United States. Their planes can handle up to 9 passengers. As part of their total service to the general public and flying community, they are offering corporate hangar space, indoor parking for automobiles, and a beautifully remodelled lounge area for passengers and pilots.

"With the de-regulation of scheduled airline flights, the charter service becomes an excellent alternative," stated Pat Rickter. "If two or more people from the same firm are flying to a particular city, the charter flight is competitive with commercial airlines, and it eliminates all the hassle," stated Rickter.

Central is located at 5038 W 63rd Street, and additional information can be obtained by calling 582-3505.

DeBolt notes vets disability increase

Veterans who reside in Worth Township who have suffered the loss of an extremity either service connected or non-service connected are entitled to an increase in disability payments, according to Robert DeBoit, Worth Township, Veterans Affairs Counselor.

DeBoit said the increased disability compensation will now amount to $175 monthly.

Veterans who are residents of Worth Township who would like additional information or assistance regarding veteran benefits are urged to contact Robert DeBoit, Worth Township, Veterans Affairs Counselor, at 11601 S Pulaski, Alsip, or call 371-2900.

Southwest Suburban Realtors announce Merit Scholarship program

The Southwest Suburban Board of Realtors recently announced the formation of a Merit Scholarship Program. The purpose of this program is to grant monetary awards to deserving high school seniors attending high school within the area serviced by the group.

The first four recipients have just been announced: Irene Delgado, a senior at Reavis High School; Rebecca Rodgers, a senior at Oak Forest High School; Eileen Mc Kee, a senior at Carl Sandburg High School and Ann Cullerton Graver, who attends Harold L. Richards High School.

Each of these recipients have shown outstanding academic achievements and have been recommended by faculty members of their respective schools. Each of them have indicated their desire to continue their education. Each of the above recipients will receive a check from the Southwest Suburban Board of Realtors in the amount of $500, presentation to be made by various members of the board at their individual school's Honors Day Program.

The Southwest Suburban Board of Realtors is a non-profit organization composed of approximately 190 realtor offices with nearly 1600 members serving the real estate needs of the southwest suburban communities. The group has taken this action to demonstrate their faith and confidence in the youth of their communities and to demonstrate their total involvement with the civic, social and academic activities of the communities which they serve.

Committeeman Herb Huskey invites all Worth Township residents to attend this meeting and discuss issues with the various candidates who will be in attendance.

Mary Ward will study for a master of arts degree in para legal studies at Roosevelt U.

English major Susan Sotiros will attend the Graduate School of Library Science at Rosary College.

LETTERS TO THE EDITOR

BATES LIKES RUSSO VOTE

As one who has never been hesitant to criticize Congressman Martin Russo's record on spending, I want to commend the Third District Democrat for his recent vote on the Rousselot amendment. In addition to reducing proposed federal spending by $10 billion, the amendment would also have provided for a $17 billion tax cut. This measure was defeated; Congress, as usual, was unable to exercise fiscal restraint. Nevertheless, Marty Russo, by supporting this amendment, exhibited a courage and good judgement that should be appreciated by his constituents.

Officer Cotter cited in armed robbery attempt

Oak Lawn Officer James Cotter received a citation this past Tuesday from the Village of Oak Lawn for apprehending three Robbins men charged with armed robbery of the White Hen Pantry store at 10441 S Cicero.

Two male negroes armed with a knife entered the store and were observed by Joseph Clement, an Oak Lawn resident, and former Chicago police officer. A third suspect was alledgedly waiting in an auto in the parking area.

Clement saw one of the men holding a knife pointed to the clerk and called police on his ham radio. At that point they fled from the store to a parked car and raced east down 105th Street. According to the manager they had taken $195 from a cash box.

As Clement explained later he followed the car at speeds of 90 miles an hour to 111th & Pulaski, where the two speeding cars were spotted by Officer Cotter.

From there on Cotter took over, assisted by Officer Helwig of Alsip, and chased the suspects car at 129th where it struck a stop sign and ran into a ditch.

One of the suspects was apprehended immediately, the other two were found minutes later as they tried hiding in the bushes.

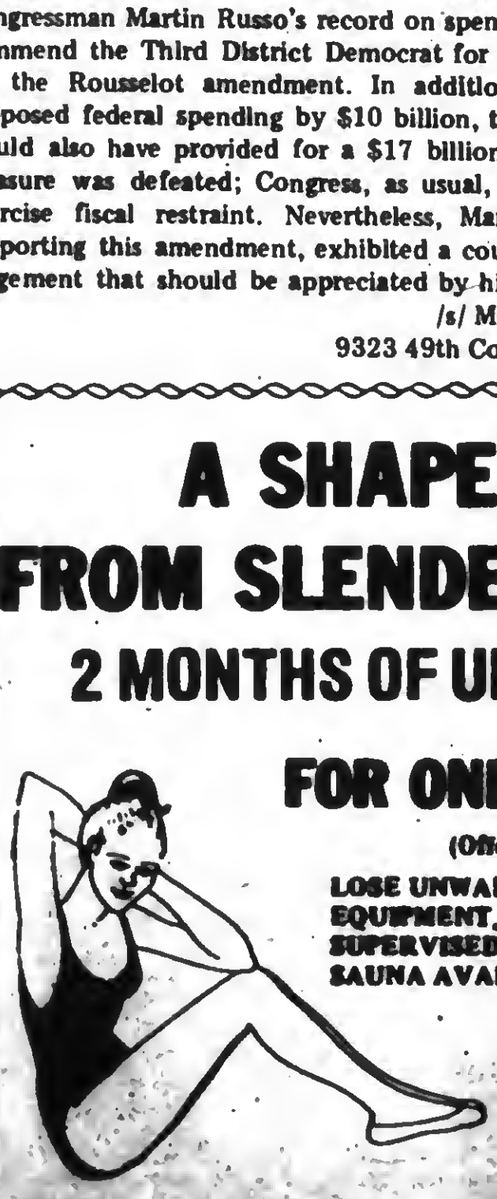
Charged with the crime are Levonis Miller, 29, 13649 Clair; Michael McClinton, 28, 13920 Grace and James Foster, 24, 4113 W 135th Place.

According to Oak Lawn Police Chief John Haberkorn, McClinton and Foster are currently wanted under aliases from other counties charging alledged crimes.

Bond was set at $50,000 for Miller and McClinton and at $100,000 for Foster. All three were scheduled to appear in court this past Tuesday.

At the regular meeting of the board of trustees on Tuesday, Police Officer James Cotter received a department commendation and Joseph Clement was presented with a Citizen Award.

William J. Farrell Jr.



William J. Farrell, Jr. received the degree of Doctor of Medicine at the Stritch School of Medicine, Loyola U at commencement exercises on June 7. He is a former Evergreen Park resident who graduated from Holy Redeemer Grade School and Brother Rice High School.

Dr Farrell's undergraduate studies were taken at John Carroll U in Cleveland, Ohio where he received a Bachelor of Science Degree summa cum laude majoring in Chemistry.

He is a member of the Iota Chi Upsilon Fraternity, Alpha Sigma Nu National Jesuit Honorary Society, and Whos Who in American Colleges. He served as Vice-President of the Senior class at Stritch School.

Dr Farrell, who is the son of Dr and Mrs William J. Farrell, Sr., will begin a residency in Orthopedic Surgery at Hamot Medical Center in Erie, Pennsylvania in July.

Harnew students hear "Grand Dame"

Dressed sharply in a maroon pantsuit, cream colored blouse and a necklace of white pearls around her neck gave little evidence of her 102 years. Mrs Laura B. Meyer, born in 1878, was here at the request of Gladys Olson, president of the Harnew School PTA, to speak with the students in the 2nd and 4th grades.

Mrs Meyer's subject was to cover the many hardships and duties of the young, and what attending school in those days encompassed. The stories of her various punishments and class activities brought a good deal of laughter from the children. Her voice was clear and unfaultering.

Mrs Meyer, in her youth, lived with her husband in the Pullman area on the southeast side of Chicago. She was employed hand stitching window drapes for the Pullman railroad cards. Across the street from her former home is the famous Hotel Florence.

Many years later, actually at 95, Mrs Meyer broke her hip and was in a nursing home in Lansing, Illinois.

Mrs Rosalyn and Albert DeBoer, who also live in Lansing, became enchanted with the fine lady and when it came time to leave the nursing home they "adopted" her. The DeBoers are the parents of Mrs Olson from Oak Lawn.

The story of Mrs Meyer could go on and on. She left the walker behind and manages to walk by herself. She goes to camp with the DeBoers and recently went to Florida with them.

Mrs Meyer still sews, helps with the dishes, cans food and even dusts. She recently attended a wedding wearing a 50 year old lace dress and was asked to speak to the crowd.

The DeBoers had a birthday party for her when she was 100, 101 and 102 which was attended by 125 guests. They are now planning for her 103rd.

Mrs Laura Meyer (l) speaking to the 4th grade class at Harnew School, while Mrs Gladys Olson, president of the PTA looks on.

St Gerald Mothers' Club announces officers

St Gerald Mothers' Club is proud to announce its newly elected officers for the coming school year 1980-81. Officers installed on May 28 were: Peg Houlihan, President (2nd term); Shirley Phelfer, Vice President (2nd term); Joan Vahl, Treasurer (2nd term); and Jeanine Abrams, Secretary (1st term). Officers were installed during a Mass ceremony said by the club's Spiritual Director, Father Michael Hack, with a pot luck dinner immediately following the special event!

The purpose of the club is to establish interest in the school, improve the general health conditions therein, sponsor a hot lunch program and raise funds to be used at the discretion of the principal of the school as the need arises.

The club has been in existence since 1942. Marianne Dunne was the outgoing Secretary of the Club, serving one year. Sister Beatrice Griffin is the Principal of the school with Father William J. White presiding as Pastor of the parish.

Named to Mathletes Team

Two freshman students at Harold L. Richards High School have been named to the South Inter Conference Association (SICA) Novice Mathletes Team.

Kathy McHugh and John Paul, both of Oak Lawn, were named to the team because of their outstanding performances on the HLR Mathletes Team.

Linda Miedlar, a senior from OL received an honorable mention.

The SICA conference team is selected from among the 24 schools participating in SICA Mathletes. The coaches nominated candidates for the team and a panel of coaches from the schools made the final selection.

"This summer it's Hawaii! Thanks to a savings plan from our helpful neighbor, Chesterfield Federal."

"First, we'll work out a short-term savings program for that Hawaiian vacation. Then, we'll plan for long-term goals like college, retirement and overall security." That's what our Chesterfield Federal Savings counselor said.

And it worked great! Thanks to that savings program we're finally enjoying that vacation of our dreams. But that's just part of it.

Our Chesterfield savings counselor helped us set up a savings program for our long-term goals too. Now we're building up our passbook account and will eventually invest in Chesterfield's high interest certificates. Like the 2½ year T-Rate for $1,000 or the 26 week T-Bill for $10,000.

We're even saving taxes while saving for retirement with Chesterfield's IRA, Individual Retirement Account.

Smart financial planning. That's what we get from our helpful neighbor, Chesterfield Federal. You should call them. Chesterfield has the experience and financial tools to help you have a great summer and a secure future too.

Sunday shows succeed at suburban 'Inn-Spot'

If you missed the premier show at Alexander Inn's Cocktail Lounge in the Tinley Park/Orland Park area on that Memorial Sunday, May 25th. . .That honest pickpocket. . .that lightfingered laffmaker is back. . .Sunday, June 15th is the RETURN - ENGAGEMENT OF GEORGE "MAGIC" JOHNSTONE. . .

Watch for INCREDIBLE ELIZABETH and ROBERT EVVERS, pictured above, to return also. . .

The selection of top-talent promises more return-engagements of these ONE-NIGHT-ONLY SHOWS that are being presented by the Alexander Inn. Here is an evening of great entertainment at a show policy of NO COVER. . .NO MINIMUM. . .NO RESERVED SEATS. . .IT'S FIRST COME FIRST SERVED. . . MANAGEMENT ASKS THAT YOU DON'T GET MIFFED AT THEM IF YOU CAN'T GET A SEAT. They suggest that you could come for an early buffet dinner. . ."ALL-YOU-CAN-EAT" for only $5.95 (Look for a Menu-Ad in this paper that provides a $2.00 OFF PER COUPLE WITH THE AD. . .ALTHOUGH you can't beat the price for what you get in quality and quantity. . .and check the variety on each buffet).

The Staff at Alexander Inn wants you to come & get acquainted with their fine food presentation to help you fight the inflationary rise in prices in dining & entertainment. . . The more people we serve the more we can hold the price, says these concerned professionals, who want to give their patrons every consideration possible.

This fine suburban Steak House also provides a REGULAR MENU of Steaks, Chops, Seafood and Flaming Specialty Dishes at no increase in prices for over two or more years. . . which is quite an accomplisments. . .with no diminishment of portions. . .and with PRIME MEATS ONLY WHICH THEY BUTCHER THEMSELVES FOR THE VARIETY OF CUTS SUCH AS FILET MIGNON. . . NY CUTS. . .OR BUTT STEAKS, ETCETERA.

Community Leaders and dollarwise familles from all of the communities in the southwest suburban area, all recommend ALEXANDER INN FOR GRACIOUS DINING, DANCING TO LIVE MUSICAL GROUPS, AND SUNDAY LIVE ACTS OF A GREAT VARIETY OF TALENT. HERE IS TRULY A SHOWCASE

Robert Evvers AND THE INCREDIBLE ELIZABETH

WHICH HAS EARNED ITS NAME. . .THE "INN-SPOT".

Free seminars for expert advice to fishermen

State Rep Harry "Bus" Yourell recently announced the Illinois Office of Tourism will sponsor a series of free fishing seminars directed by E. L. "Buck" Perry, the father of modern sport fishing.

The educational seminars will be conducted by Perry's associates, Fishing Consultants of America, at various locations around the state during June. The following is a list of the seminar dates and locations.

Tuesday	Governor's State U, Engbretson Hall
June 17	Steunkel Road and Governors Highway
7-10 pm	Park Forest South
Thursday	Northeastern Illinois U, Auditorium
June 19	5500 N St. Louis Avenue
7-10 pm	Chicago
Friday	Illinois State Fairgrounds, Illinois Building
June 20	Springfield
7-10 pm	
Monday	Blackhawk College, Cafeteria
June 23	6600 34th Street
7-10 pm	Moline
Wednesday	Belleville Area College, Theater Auditorium
June 25	2500 Carlyle Road
7-10 pm	Belleville
Friday	Southern Illinois U
June 27	Renaissance Room, Student Union Center
7-10 pm	Carbondale

"No pre-registration is required for the seminars," Yourell said. "All you have to do is show up."

"This is a great opportunity for fishermen to get some real expert advice on fishing," Yourell said, "and at no cost - - you can hardly beat a deal like that!"

"Buck Perry is a nationally recognized expert. He and his associates will set forth the basic principles of fish catching from A to Z - for all waters and all conditions. I'm sure these no-nonsence lessons will help beginners and experts alike." Yourell urged sportsmen to make a whole weekend out of attending one of the seminars. "We have many fine fishing lakes in central and southern Illinois. Anyone who wants to do some challenging fishing may wish to attend one of the seminars in Belleville, Carbondale, or Springfield and then visit some of the local lakes.

It would be a great chance to try out the techniques they picked up from the pros."

Anyone wishing more information about the fishing seminars can contact the Illinois Office of Tourism in Springfield at 217/782-7139.

1980 seasonal electric rates that will help us all save.

In the past, our customers paid a uniform rate year round for the amount of electricity used. But times have changed.

Energy conservation is a national policy A necessity. And we believe that seasonal rates, introduced last year, can help. Not only to conserve energy now, but also to moderate rising energy costs in the long term.

Although the old, uniform rate was easier to understand, it didn't actually relate to the cost of producing electricity. Because the cost varies with the season. Customer demands for electricity are highest in summer, so we have to invest in expensive new generating capacity to meet summer peak demands. Reducing these peak loads, therefore, would benefit us all.

Before, with a uniform rate, there was less incentive to hold down use in summer when conservation was most needed.

Seasonal electric rates are, therefore, higher in summer and lower during the rest of the year. For the four summer months, the charge will be 5.9¢ per kwh and then drop back again to 4.8¢ per kwh for the next eight months.

For the average residential customer, the rates will balance out and the total annual cost will be the same. But for the customer who watches summer energy use closely, there's an opportunity to save energy and money.

If you have an air conditioner, you now have an added incentive to keep the thermostat at an energy-saving 78°. Also to clean the filter regularly. To keep storm doors and windows in place all year long. To pull blinds on sunny days. To limit hours of use. Or if you're planning to buy an air conditioner, select a machine with a high-energy-efficiency ratio (EER of 8 or higher).

Lowering summer demand for electricity will reduce the need for new investment. And that will help slow the rise in electric rates in the years ahead.

JANUARY 4.8¢ per kilowatt-hour	FEBRUARY 4.8¢ per kilowatt-hour	MARCH 4.8¢ per kilowatt-hour	APRIL 4.8¢ per kilowatt-hour
MAY 4.8¢ per kilowatt-hour	JUNE 5.9¢ per kilowatt-hour	JULY 5.9¢ per kilowatt-hour	AUGUST 5.9¢ per kilowatt-hour
SEPTEMBER 5.9¢ per kilowatt-hour	OCTOBER 4.8¢ per kilowatt-hour	NOVEMBER 4.8¢ per kilowatt-hour	DECEMBER 4.8¢ per kilowatt-hour

There are 101 additional ways to conserve energy that we'd like to share with you. You'll find them in "The Waste Watcher's Guide." For a free copy, write Commonwealth Edison, Department AV, Box 767, Chicago, Illinois 60690.

Commonwealth Edison
Working for you

The 1980 Electric Year.

The electric rate will be slightly higher in summer to encourage conservation – but lower during the rest of the year. Your summer rate period may begin as early as May 15 and end as late as October 14, depending on when your meter is read. However, it will never exceed four months.

You can determine the approximate beginning for your particular residence by looking at the billing period on the stub of your May bill. If the period ends on May 15 or later, the ending date is the start of the first summer billing month for your home. For example, if it is May 30, the bills for the periods ending on or about June 30, July 30, August 30 and September 30 will be at the higher summer rate. And after September 30, the kilowatt-hours you use for the next eight months will be billed at the lower winter rate.

Enjoy a safe & happy 4th in the village

Come one, come all, everyone's welcome! The Oak Lawn Park District is having a Gala 4th of July Celebration. The festivities begin at 11 am on Friday, July 4, at Southwest Park, 102nd & Major. The event will include carnival games, pony rides, a water carnival at the pool, clowns, a concert by the Buffalo Shufflers, and a Waterball Fight between the Oak Lawn Fire Dept and the Chicago Fire Dept.

After these enjoyable events, the action switches to the Harold L. Richards Football Stadium for a concert by the Merrill Baines Commanders to be followed by a fantastic fire-works display.

All these, plus Circus performances by the Franzer Brothers Circus on both Friday and Saturday at 100th Street and Moody Avenue. Also on Saturday evening, Square Dancing at the Senior Citizens Center.

On Sunday the scene goes to Oak Lawn High School Football Stadium for sunrise church services followed by a pancake breakfast.

Avoid the hassle of crowded highways and soaring gasoline prices, enjoy a safe and pleasant 4th of July weekend right here in Oak Lawn. Please feel free to call the Park District Office at 424-7300 for the exact times and places for these festivities.

Circus coming to Oak Lawn

In cooperation with the Oak Lawn Park District's "Stay-at-home" 4th of July weekend, members of the Oak Lawn Chamber of Commerce will sponsor a circus July 4 and 5 for children of all ages, at 100th and Moody Avenue in Oak Lawn. There will be a performance on Friday, July 4 at 2 pm and on July 5, showtimes are 12, 3 and 6 pm. Tickets purchased in advance are $3 for adults and $2 for children 13 and under.

The Franzen Bros. Circus is presented in the old tradition, under the big top with all the sights and smells of the circus that our grandparents remember. Carrying over 50 wild and domestic animals over the road, this circus is unsurpassed in its quality of animal acts.

In addition to Clyde, the camel, who will appear with Chico the Llama, in an "Arabian Fantasy", there will be 3 ferocious African lions, 2 Royal Bengal tigers, 12 beautiful ponies, 8 comical goats, 3 cannine cuties, schooled pick-out horse, a peacock who appears out of nowhere, and of course Okha the Indian elephant, whom you'll fall in love with! "They all work for a living, even the peacock", says Franzen.

Human acts include masters of juggling, unicycle and wire, beautiful girls on the Spanish Web, magical mysteries and hilarious clown acts.

Chief Wild Feather, dressed in authentic Indian costume, presents the largest display of performing equines in the United States today - an elegantly matched group of 12 leopard ponies. You will witness 10 minutes of horsemanship at its best. This is indeed a sight to behold - you'll love every minute of it!

One of the most difficult tricks ever presented is a wild animal act, that of a tiger rolling a globe! The tiger is Tony and the trainer is Wayne Franzen, owner and star performer of his own Franzen Bros. Circus.

Be sure to buy your tickets in advance as they will be higher at the door on circus day. Phone 424-8300 for further info.

Yourell Golf Outing July 16th

The Worth Township Regular Democratic Organization invites you to a GOLF OUTING honoring State Representative Harry 'Bus' Yourell on Wednesday, July 16. Golf will be at the Palos Country Club, 131st and Southwest Highway [illegible] that evening with Dinner and Dancing at the Martinique. Golf tickets are $12 and dinner tickets are $18. For tee-off times and dinner reservations call 424-9300.

Canning hosts chamber on tour of public works

Water - water everywhere was the consensus of opinion when members of the Oak Lawn Chamber of Commerce went on a tour of the Oak Lawn water plants last week.

Don Canning, Director of Public Works, hosted the tour while the chauffering was done thru the courtesy of the Oak Lawn Park District who provided a bus for transportation.

Canning took the group to the Reich Pumping Station at Kilbourn and Columbus Drive where it was agreed that most had no idea of the size of the plant. All agreed on the extreme cleanliness.

Don Canning pointed out the individual water pumps that supply Chicago Ridge, Oak Forest and Tinley Park and also those that supply Oak Lawn. He explained that when the water line is completed the village will have 200 miles of water mains to 6 to 48" wide.

Canning pointed out the emergency generator, and that should there be a power failure, it would kick on automatically providing Oak Lawn with as much water as needed. He said that only a "major catastrophy", one that at this time he could not envision, would knock out the entire system.

Walking outside he explained that under the ground were large concrete reservoirs. It was inconceivable to realize that Oak Lawn stores enough water to serve some 300,000 families in the southwest side of Cook County.

The group then went into the old station across the street, which has been converted to office space and storage for the clothes worn by the public works employees. Again the members of the chamber commented on the astonishing cleanliness.

The guests were loaded back on the bus and were taken to the Harker Plant at 105th & Lockwood. It was much the same as the former one but not as modern.

On the outside again, like Saudi Arabia's oil, we stood on soil where water is stored under the ground.

A second massive reservoir is being built under ground and when completed will match the 4 million gallon one already in the ground giving Oak Lawn a total of 8 million gallons at Harker for a total of 18 million gallons of water storage in all.

Canning said that Oak Lawn's water is the cheapest to its residents than the costs of other towns and he cited several examples.

Don Canning then thanked the members of the Chamber of Commerce for coming. A spokesman for the chamber said that both Canning and the village administration, who was represented by the Village Manager, Dick O'Neill, should be very proud of this major accomplishment.

Famous contact lense doctors to lecture at European Optometric

Drs Joseph Nolan and John Nolan, Optometrists at 4703 W 95th Street, Oak Lawn, and 11412 S Harlem Avenue, Worth, have been invited to lecture at the European Optometric Congress in Lisbon, Portugal, this November. Dr John Nolan presented a paper last November in London before the same group, and the senior Dr Nolan has addressed the body on contact lenses many times in the past in Geneva, Paris, and London.

Dr Joseph Nolan

Dr John Nolan

Their subject at this Congress will be the use of the new gaspermeable, or semi-soft contact lens which has recently been approved by the Food and Drug Administration. Having been a part of the 3rd stage investigation for the FDA during the past few years, they are now using this material to improve nearsightedness and astigmatism.

Dr Nolan states: "In the past, contact lenses were fit to allow one to see clearly without the cosmetic disadvantage of classes. Now, the primary purpose of the fitting is to actually improve the nearsightedness. If the lenses are properly designed, they will gradually improve the shape of the cornea in a few months time." The lenses designed to improve nearsightedness also, of course, provide good, clear, comfortable vision while wearing the semi-soft lenses. The delightful part of what Drs Nolan call One Lens Ortho-keratology is the fact that even after lens removal, the patient sees better and can adjust to classes easier than with the conventional contact lenses.

This procedure can also be applied to those patients that have been wearing contact lenses for many years. Simply changing to a properly-designed semi-soft lens will usually allow the cornea to improve in shape, with subsequent vision improvement.

House passes sales tax relief bill

State and local sales taxes on drugs and medicines would be completely eliminated next year and the state sales tax on food would be reduced by one more cent by a bill sponsored by Rep Ted Lechowicz and co-sponsored by Rep Yourell and passed recently by the House of Representatives.

"If House Bill 2822 becomes law, it will save consumers millions of sales tax dollars without hurting the local governments that provide necessary services to every citizen," Yourell said after the House voted 93 to 44 in favor of the proposal.

"The bill, which now needs approval by the Illinois Senate, is the only sales tax relief bill now under consideration that would completely remove the state local sales taxes on drugs and medicines," continued Yourell.

"It also is the only one that provides a method for reimbursing all local governments for the revenue they would lose as a result of this tax relief."

If enacted into law, the Lechowicz-Yourell bill would be effective January 1, 1981. The cost to the state would be $73 million in Fiscal Year 1981, which begins July 1, 1980.

The sponsors solved the problem of the financial burden phasing out the sales taxes on foods and medicines would place on local governments by including in the bill a provision that would increase the amount of state income tax money distributed to all counties and municipalities. Specifically, the bill provides for increasing the Local Government Distributive and revenue sharing formula from 1/12 to 1/11 for counties and municipalities.

"This additional state revenue sharing money should more than make up for the projected revenue losses to local governments," Yourell said.

"At the same time, the bill would provide immediate, significant tax relief for senior citizens and others who need it most by completely eliminating the state and local sales taxes on medicines and medical appliances used by diabetics and by removing another cent from the state sales tax on all food except items purchased in restaurants or carry-out establishments."

Four Oak Lawn schools find new and satisfactory tenants

The Oak Lawn Development Board last Monday approved a special-use classification to allow Christ Hospital and Fox Secretarial College to use classroom space in Gaddis School, one of those in District 123 that are being closed.

Gastoyer will be used by the youth commission, the senior citizens and a part is already being used by the Southside Baptist Church.

The Oak Lawn Park District is planning on using the McDonald and Roy Clark schools.

The Oak Lawn officials on Tuesday instructed the village manager to prepare a plan to use school space as it becomes available.

Trustee Jay Bergamini, who had touted the consolidation of school districts, of which there are five in Oak Lawn, suggested the plan as he said the village has a high stake in what goes into these buildings.

Several of the trustees opposed the plan claiming it was interfering with the school district who has final authority on the decision to who the building space would be leased.

Bergamini went on to say that he believed District 123 had done a good job so far on renting space compatible to the area. He believed, however, that without long range planning, "We might find businesses in the middle of a residential area."

Trustee Lester Anderson who voiced much of the protest against the proposal believed the schools capable of running their own affairs.

The vote on the recommendation to Village Manager Dick O'Neill to establish the plan was a 3-3 vote with Mayor Ernie Kolb breaking the tie.

It's spring at Monticello!

Enjoying the quality living at Monticello Convalescent Center in Oak Lawn is Margaret Hund (c), a resident since March of 1979. The beautifully landscaped grounds include a lovely pond surrounded by large willow trees and wild ducks. Spring is a beautiful time at Monticello. The residents welcome the wildlife as the animals make their first appearance of the year.

This is a very special time for Margaret Hund, originally from Michigan City, Indiana, being that this is her 99th spring. She will be celebrating her 100th birthday in October of this year.

Accompanying Margaret, are Cleone Pike (l), director of nursing at Monticello and a resident of Palos Heights; and Vicki Dewinski (r), assistant director of nursing and a resident of Oak Lawn. Both Cleone and Vicki are registered nurses and a part of the "quality care" at Monticello Convalescent Center in Oak Lawn.

Republican delegate to survey for vice-president

Steven F. Rosenbaum, 3rd Congressional District Alternate Delegate for the Republican National Convention, announced he is conducting an advisory poll for the Republican Vice-Presidential nomination.

Rosenbaum stated, "Ronald Reagan has exhibited a vast amount of strength and popularity throughout the primary season. His nomination to carry the Republican Presidential banner in November is virtually assured.

In the suburban area of the 3rd Congressional District, Reagan received 53.4% of the votes cast, an extremely impressive percentage considering there were seven other candidates on the ballot. With these facts in mind, serious thought should now be given to a potential running-mate."

Rosenbaum noted, "There are a number of possible Vice-Presidential candidates, including Howard Baker, George Bush, Philip Crane, Jack Kemp, Richard Lugar, William Simon, and Jim Thompson. It is my intention to poll the electorate to see which individuals have a substantial amount of support. I also encourage additional comments on why a certain candidate is preferred.

The Illinois Republican Delegation Caucus is conducting a poll among the elected Delegates and Alternates. In order to fulfill my duties in a representative manner, as I pledged during the campaign, this poll is being taken."

Rosenbaum concluded, "The names listed earlier are not all-inclusive. I welcome any other recommendations. It is my intention to listen to the people before making my final determination. This is an important decision and an important election, both for the Republican Party and the people of the United States."

If you desire to participate, correspondence should be sent to: Steven F. Rosenbaum, 5700 Circle Drive, Unit 304, Oak Lawn, IL 60453.

Earns Junior Volunteer Award

Junior volunteers at Little Company of Mary Hospital are high school students who bring an abundance of youthful enthusiasm and cheerful cooperation to help brighten the days of patients and personnel.

Once each year, these volunteers are honored at an awards ceremony heid in the hospital chapel that is followed by an appreciation dinner party that includes their parents.

Presentation of the Junior Volunteer of the Year plaque for outstanding service is the highlight of the day. Kathleen McNicholas of Oak Lawn is pictured above receiving this award from Marge Brosnan, Director of Volunteer Services.

Kathy McNicholas, a recent graduate of Mother McAuley High Schooi, where she was a member of the National Honor Society, has volunteered more than 400 hours of service during the past three years. She has worked in the Escort Department, 2800 Gift Shop, Visitor Controi, delivered flowers and surgery schedules, worked as a patient aide and has been a junior volunteer captain during the past year. She will enter St Xavier College this fall to begin preparing for a degree in nursing.

Junior volunteers work in many areas of the hospital helping to make patients more comfortabie and the nursing staff less pressured. Through their activities, they broaden and heip improve total patient care. Young people in the local community are cordially invited to join the volunteer program at LCM Hospital.

Shimkus recognized with safety award

Sister Rosemary Collins, C.S.J., administrator, and Oak Lawn resident Bruno Shimkus (r), engineer, of St Joseph's Carondeiet Child Center are presented with a special award for "outstanding safety achievement" from Jack Campbell, president of the Gallagher and Bassett Insurance Service, as Rev. Msgr. Thomas J. Holbrook (l), administrator of Catholic Charities of Chicago, waits to extend his congratulations. The ceremony took place recently at Catholic Charities' Central Offices.

The safety award is presented after an annual survey of all of the service locations of Catholic Charities of Chicago which conducts a year-round effort to insure that all of its sites are maintaining maximum accident and fire prevention techniques for the protection of both clients and staff.

St Joseph's Carondelet Child Center located at 739 East 35th Street in Chicago, provides residential care, treatment and education for emotionally disturbed boys.

Township clerk named to Credentials Committee

Clerk Joan P. Murphy, Worth Township, has announced that she was elected as a member of the Credentials Committee for the National Democratic Convention by the delegates at the Democratic Caucus which took place on Wednesday, June 4 at the Midland Hotel, Chicago.

Clerk Murphy stated that she was pleased and honored to be one of the eight members who will serve on the Credentials Committee from the state of Illinois. The committee will meet from June 29 to July 3 at the Mayflower Hotel in Washington, D.C.

Joan Murphy

The purpose of the Credentials Committee is to determine and resolve questions concerning the seating of delegates to the Democratic National Convention. Challenges to the seating of any delegate or state delegation shall be in accordance with procedures set forth in "Rules of Procedure of the Credentials Committee of the 1980 Democratic National Convention" hereby approved and adopted by the Democratic National Committee.

Clerk Murphy stated that she would report on the workings of the Credentials Committee after she returns from Washington the first week in July.

Evergreen Park teacher receives internship

The Worth Township Board of Trustees accepted the internship of Dick Dykstra. During the regular meeting of June 11, his various functions were discussed.

Dykstra, a teacher at Evergreen Park High School, stated that his main objectives were "to examine the consistency, predictability and efficiency" of the township thru interviews with the employees and by polling residents on their awareness of the services provided by the township.

When questioned by Trustee Elmer Mortensen as to the outcome of the 6-8 week program, which is in conjunction with Sangamon State U, Dykstra replied that he would be enlightened first hand as to the various roles of township government and his experience may be useful in his teaching. Also, Dykstra stated that he may be able to "suggest alternate courses of action in the policy making decisions" within Worth Township.

In closing Dykstra thanked the board for the opportunity and hoped his efforts there would increase the interest and knowledge of township government.

In other business Trustee John McNamara stated that there were now five (5) park districts committed to SPARROW (Special Parks and Recreation Region of Worth Township) and that Worth Township will end its involvement with the group within a month since its role was only one of a coordinating agency.

The board also discussed the possibility of hiring a firm which would aid the township in receiving grants. It was decided that the firm, Midwest Grants, would be invited to appear before the board at the next regular meeting.

Brandt librarian earns Outstanding Award

Members of the Auxiliary to Veterans of Foreign Wars 5220 posted colors at the Brandt PTA general meeting May 20 held at the school and lead the audience in the Pledge to the Flag.

At the meeting Mrs Beverley Bragg, chairman of the Outstanding Citizen Award for the auxiliary announced "Johnson-Pheips auxiliary to Veterans of Foreign Wars 5220 selects a recipient to receive our Outstanding Citizen Award, from nominees submitted to the committee. This year the recipient is a member of the Brandt school staff."

Every child in this school has been in this classroom every week, at least once, since kindergarten, all to their advantage.

Each child has come away better informed, because of the many things learned from the teacher in this room. (even though they are not graded on report cards for this class.) Each has had the opportunity to view, and examine, enlarged models of the human eye, ear, heart, knee, the skull, with brains and arteries listed, and a small skeleton. All because this teacher thought it easier to explain to the students if they had a model to associate the terms with. Stories have been read to them, many while sitting in a circle on the floor with the storyteller sitting in a rocker (just like grandma). Students are encouraged to write their own plays and perform them. When they leave Brandt school, you can be sure they know how to use a library, how to check out books, and use reference cards to obtain the books or materials they need. All this is due to an individual who has been an educator for over 30 years, the lady that started Brand School's Library, Mrs Eulaliah Adwell. Auxiliary president Betty Feltes, and Americanism chairman Frances Sullivan presented the citation to Mrs Adwell.

60 million Social Security loophole

Just recently on either Prime Time Saturday or 60 Minutes a program was featured showing various individuals incarcerated in prisons who were drawing Social Security disability benefits. The many reasons given were not even logical for the layman watching the television program. It would seem to only confirm that Social Security is short of funds because of the mishandling of millions of dollars that have been paid into it and much of it by those, who years ago suffered while they paid into it, and still suffer from the meager amount meted out to those same people.

Now we find able bodied convicts, who also have a roof over their heads, clean beds and food on the table are also compensated by the government.

We are happy to hear that just recently Congressman Ed Derwinski testified before the House Ways and Means' Subcommittee on Social Security on behalf of a bill he has cosponsored which provides that Social Security disability insurance benefits not be paid to individuals who are confined in penal institutions or correctional facilities.

"Convicts are seeking Social Security benefits on the basis of disability," Derwinski pointed out. "One inmate receives $195 a month as a result of having established that he was mentally incompetent and based his case on the fact that he had murdered four people. Another prisoner receiving benefits is the notorious "Son of Sam" killer, David Berkowitz."

The television program referred to one "patient" who received $360 per month!

"At present, it is estimated that 30,000 people who are serving prison terms are receiving more than $60 million each year in disability insurance payments," Derwinski said. "In the vast majority of these cases, we believe that there is sufficient evidence to prove that these individuals have conspired to exploit a loophole in our Social Security system."

Derwinksi told the Committee that Social Security benefits are intended to help beneficiaries acquire the necessities of life, needs that are already provided to convicted criminals at considerable expense to the taxpayers.

"I hope that the Committee will act promptly to approve this bill," Derwinski said. "It is obvious that it is not in the public interest for convicts to be eligible for disability benefits, and I don't believe this was the intent of Congress. With the Social Security system facing its own fianncial difficulties, closing this $60 million loophole is an absolutely necessary step."

Derwinski should be commended for being aware of this hypocrisy and doing something about it. ..

What do you think?

HERB HUSKEY

RESTRICTS UNEMPLOYMENT COMPENSATION FOR THOSE WHO QUIT JOBS

The Illinois House has approved legislation cosponsored by State Rep Herb Huskey which restricts unemployment compensation for persons who voluntarily quit their jobs without good cause.

"House Bill 2824 isn't a miracle cure but is the very first serious Democratic effort to amend our present unemployment compensation laws in a way fair for both employers and employees," Huskey said.

"I hope this legislation is the crack in the dam, and more wide sweeping reforms can follow."

According to Huskey, House Bill 2824 prohibits persons who voluntarily quit their jobs from collecting unemployment benefits unless they left to:

*Follow advice of a licensed practicing physician either because they are physically unable to perform their job, or because they must care for a spouse, parent or child.

*Accept other employment. However, they must work at that job for at least two weeks, or earn two times their weekly unemployment insurance benefit amount.

*Avoid bumping a fellow employee under provisions of a collective bargaining agreement or company policy.

*Get away from sexual harassment of which the employer had knowledge.

*Find work considered "suitable" under provisions of the unemployment insurance law.

House Bill 2824, Huskey says, also increases minimum weekly unemployment insurance benefits from $15 to 15% of the statewide average weekly wage; extends the time allowed for an employer or worker to appeal an adverse benefit decision from 14 to 30 days; and raises the amount a worker can earn (from $7 to 50% of his/her weekly benefit) during a week of unemployment without offsetting unemployment compensation benefits.

In addition, the measure provides that a first employer would not be charged for a worker who voluntarily leaves to accept another job and then loses it if the worker has earned at least six times his weekly benefit amount from the second employer.

If signed into law, House Bill 2824 will be effective October 5, 1980. Huskey says it's expected to save the state's debt-ridden Unemployment Insurance Trust Fund $50 million in the first year.

The House approved House Bill 2824 by a 165 to 1 margin. It will now be considered in the Senate.

Additional information can be obtained from Huskey at 424-5000.

The sirens- where do we go from here?

It happens to all drivers sometime or another. You may be leisurely waiting for a stop light, rushing to get somewhere on time, waiting in traffic to make a turn or just cruising down the road. Then you hear them, the sirens. And you think, where are they coming from? Or where are they going? Then you see them, the flashing lights, that tell you for sure where they are. All of us have heard and seen them but do we all know what to do?

The first thing to remember is do not panic. If you are stopped remain that way until you are sure of the appropriate move to take. Most often in this situation the driver of an emergency vehicle need only to maneuver around you. Any frantic attempt to get out of the way may only confuse matters. Then, if and when you see you are obviously obstructing the route of the emergency vehicle you can move slowly and cautiously out of the way. If your vehicle is moving along in traffic once again remember, do not panic. Sirens and flashing lights are not intended to frighten drivers or their passengers, but to heed warning that they are approaching. Remain calm and pull over to the right hand edge of the highway and stop if possible until the emergency vehicle(s) has passed. Avoid blocking any intersections.

Remember, you must yield the right of way to police and authorized emergency vehicles which are sirens or flashing lights. However, use care and good driving habits whenever you drive and remember safety and knowing what to do is every driver's responsibility.

Finley announces merit system as Clerk's Career Service

A merit employment system for the country's largest non-civil service office was announced by Circuit Court Clerk Morgan M. Finley.

The system will establish testing procedures for incoming clerks and a Tenure and Promotion System based purely on merit for all promotions among the 1800 employees of Finley's office. It will be known as the Clerk's Career Service.

Finley said the system, which will go into effect within three months, will accomplish several goals for his office:

It will professionalize the staff

It will meet the limitations imposed by the so-called Shakman Case

It will guarantee employment and promotion based on merit.

"This project has been under study for nearly two years," Finley said. "It was drafted by an outside law firm and takes into account testing and hiring practices used in other states.

"It should guarantee that all employees will be covered by a merit system and will eliminate patronage from the office."

The Shakman case has resulted in a series of orders that prohibit requiring employees to take part in or donate to partisan political activities as a condition of their employment. A recent case before U.S. District Court Judge Nicholas J. Bua broadened that decision to say that hiring persons thru political sponsorship also is unconstitutional.

"I believe the public has a right to demand professionalism from its public servants," Finley said. "In order to guarantee that professionalism, we must institute the proper hiring, training and promotion practices."

A professional educator has been named to head the program. He is Clarence Carey, retired superintendent of Jones Commercial High School. His title will be Career Service Manager.

As outlined by Finley, the program will consist of two parts. The first will create a Merit Employment System.

The system will provide testing and hiring lists from which all incoming clerical employees will be hired. These titles accounted for 96% of all new hires in 1979 (196 of 203 hires). The only titles not covered by this system will be those normally exempt and technical jobs covered by other tests such as data processing programmers. Exempt titles include policy-making positions; administrative assistants, employees in confidential positions and in federally-sponsored programs where tenure cannot be guaranteed.

The second system will be the Tenure and Promotion System and involves a series of procedures to guarantee that promotional titles are filled from within the office and are based on carefully structured evaluations.

Finley explained that the Tenure and Promotion System was created after a review of results of promotional systems based solely on tests.

"We propose to follow supervisory recommendations, employee evaluations and review procedures to guarantee that only the best qualified are promoted, not necessarily those who take the best test."

"I do not believe that there is a test that adequately substitutes for good, old-fashioned instinct when it comes to some of these questions," he concluded.

Finley's office is the largest court clerk's office of its kind in the nation. Its employees are located in over 100 locations and its budget exceeds $28 million.

"Over the past five years, we have installed many modern management techniques developed by private industry," Finley said. "We have everything from computers to microfilm, from video-tape training to cost accounting systems.

"The one thing that was lacking was a hiring and promotion program that guaranteed professionalism to the public and tenure to our employees. This system will fill that gap."

LETTERS TO THE EDITOR

DISTRICT 218 THANKS VILLAGE VIEW

On behalf ot the Board of Education and the Administration of Community High School District 218, I would like to take this opportunity to thank you for the coverage your newspaper has provided for our school district and the Sauk Area Career Center during the past school year.

We appreciate your efforts in allowing us to share with our communities the many accomplishments of our students, staff, Board of Education and Administration, and we look forward to working with you during the 1980-81 school year.

"This summer it's Hawaii! Thanks to a savings plan from our helpful neighbor, Chesterfield Federal."

"First, we'll work out a short-term savings program for that Hawaiian vacation. Then, we'll plan for long-term goals like college, retirement and overall security." That's what our Chesterfield Federal Savings counselor said.

And it worked great! Thanks to that savings program we're finally enjoying that vacation of our dreams. But that's just part of it.

Our Chesterfield savings counselor helped us set up a savings program for our long-term goals too. Now we're building up our passbook account and will eventually invest in Chesterfield's high interest certificates. Like the 2½ year T-Rate for $1,000 or the 26 week T-Bill for $10,000.

We're even saving taxes while saving for retirement with Chesterfield's IRA, Individual Retirement Account.

Smart financial planning. That's what we get from our helpful neighbor, Chesterfield Federal. You should call them. Chesterfield has the experience and financial tools to help you have a great summer and a secure future too.

Chesterfield Federal, a neighbor who helps in many ways.

Fourth Annual Justice Essay and Poster Contest winners

Circuit Court Clerk Morgan M. Finley presented a set of encyclopedias to the first runner-up in the Fourth Annual Justice Day Essay and Poster Contest. The winner Tami Hoover, a student at Wilkins Junior High School, Justice and a resident of Bridgeview was first runner-up in the poster contest. Shown in the picture (l to r) Ernie Banks, Tami Hoover and Circuit Court Clerk Morgan M. Finley.

Finley also presented a color television set as a Special Merit Award to Kim Kossel, a student at Orland Junior High Schooi, Orland Park and a resident of Orland Park, for her large poster depicting justice in action. The poster was hooked. Shown in the picture (l to r) are: her teacher, Barbara Kies, Kim Kossei, Ernie Banks and Circuit Court Clerk Morgan M. Finley. Former Chicago Cub great Ernie Banks was the keynote speaker of the evening and helped in the awarding of prizes on behalf of the Bank of Ravenswood for whom he is a good will ambassador.

A group of 48 Chicago and suburban young people has received over $10,000 in prizes as winners in the Fourth Annual Justice Day Essay and Poster Contest.

The prizes were presented at an awards banquet at McCormick Inn attended by 250 people.

The Justice Day Essay and Poster Contest is the brain-child of Circuit Court Clerk Morgan M. Finley who acts as the co-chairman of the Justice Day Committee which sponsors the annual event and raises funds.

Young people who are in the 6th, 7th and 8th grades in pubiic, private and parochial schools in Chicago and suburban Cook County, write essays or make posters on a positive aspect of justice. The city and suburbs are divided into 12 contest districts.

Prizes are awarded for first and second place essay and first and second place poster in each district. First place receives a $250 U.S. Savings Bond. Second place receives a $100 bond.

In addition, several country-wide winners are selected from among the district prize winners.

Those winning top prizes at the banquet include:

ESSAY WINNER ($1000 scholarship): Cary Szymanek, a student in the St Joseph School, Homewood. He resides in Country Club Hiils.

POSTER WINNER ($1000 scholarship): Mario Petropoulos, a student at St John V. Leigh School, Norridge and a resident of Norridge.

ESSAY FIRST RUNNER-UP: (set of encyclopedias); Elizabeth Ward, a student at St Paul of the Cross School in Park Ridge and a resident of Park Ridge. ESSAY SECOND RUNNER-UP: (television set) Mary Zeppieri, a student of St Peter School, Skokie and a resident of Skokie.

Purpose of the contest is to get young people to look at the positive aspects of the system of justice as a way to draw a balance view of the justice system.

Worth seniors to hear Judge Novoselsky

Program Coordinator, Eric Voight, of the Worth Senior Citizen Club, has announced that Judge Benjamin E. Novoselsky of the Circuit Court of Cook County, will be their guest speaker on Tuesday, July 1 at 1:30. The meeting will take place at the United Methodist Church, 111th Street and Depot Avenue, Worth. Judge Novoselsky will speak for 15 minutes and follow up with a question and answer period.

Judge Novoselsky is a former Assistant States Attorney of Cook County and a former Assistant Corporation Counsel for the City of Chicago. He also served in the capacity of a Special Assistant Attorney General.

Prior to being an Associate Judge, he was in the practice of law for some 42 years.

Judge Novoselsky

He was appointed Associate Judge in June, 1973, and is presently assigned to the Probate Court of the Circuit Court of Cook County, working out of the Daley Center in Chiago.

Lions fiscal year to include representation by Lux and Strickfaden

Lawrence E. Lux and William Strickfaden, both of Oak Lawn, will represent Lions Club members from much of the Chicago area when the Lions of Illinois Foundation begins its fiscal year in July.

Both men will serve on the Board of Trustees of the Foundation, the charitable arm of the 33,000 men in more than 670 Lions Clubs in Illinois.

Strickfaden is a newly elected board member, serving as one of 12 district governors in the state. The governors serve on the board for one year terms.

Lux is in the middle of a two-year term as one of the 12 district trustees serving on the board. Lux recently was elected secretary of the Foundation. Other officers elected were Curtis L. Orr, Beaverville, president; William Howell, Crystal Lake, vice president and Dean Strubbe, Jacksonville, treasurer.

Both Lux and Strickfaden will represent Lions District 1-A, which includes almost 100 Lions Clubs in Chicago and some suburbs. The district is one of 12 in the state.

Lux is director of public works for the village of Barrington. He formerly was an engineer and city planner with the village of Oak Lawn. He is a member of the Mount Greenwood Lions Club and numerous professional organizations.

Strickfaden is executive vice president of marketing for Sportseats, Ltd. and Wright Merchandising. He is a published novelist and song writer, an Oak Lawn village commissioner. He is a member of the Oak Lawn Lions Club.

Lamb elected National President of Preferred Funeral Directors

It has been announced that Richard Lamb, who is secretary and treasurer of the Blake-Lamb Funeral Homes in the Chicago area, has been elected National President of the Preferred Funeral Directors. Their National Convention recently took place in Washington, D.C.

The Blake-Lamb Funeral Home is now in the process of celebrating its 100th anniversary.

In recent years the Blake-Lamb Funeral Homes have been noted for their kind thoughtfulness and generosity toward all families while using it's services but especially the families of police officers and firemen within the Chicago area. If any fireman or policeman in the Chicagoland area is killed in the line of duty, the Blake-Lamb Funeral Homes will bury the respected hero for no charge at all to the family.

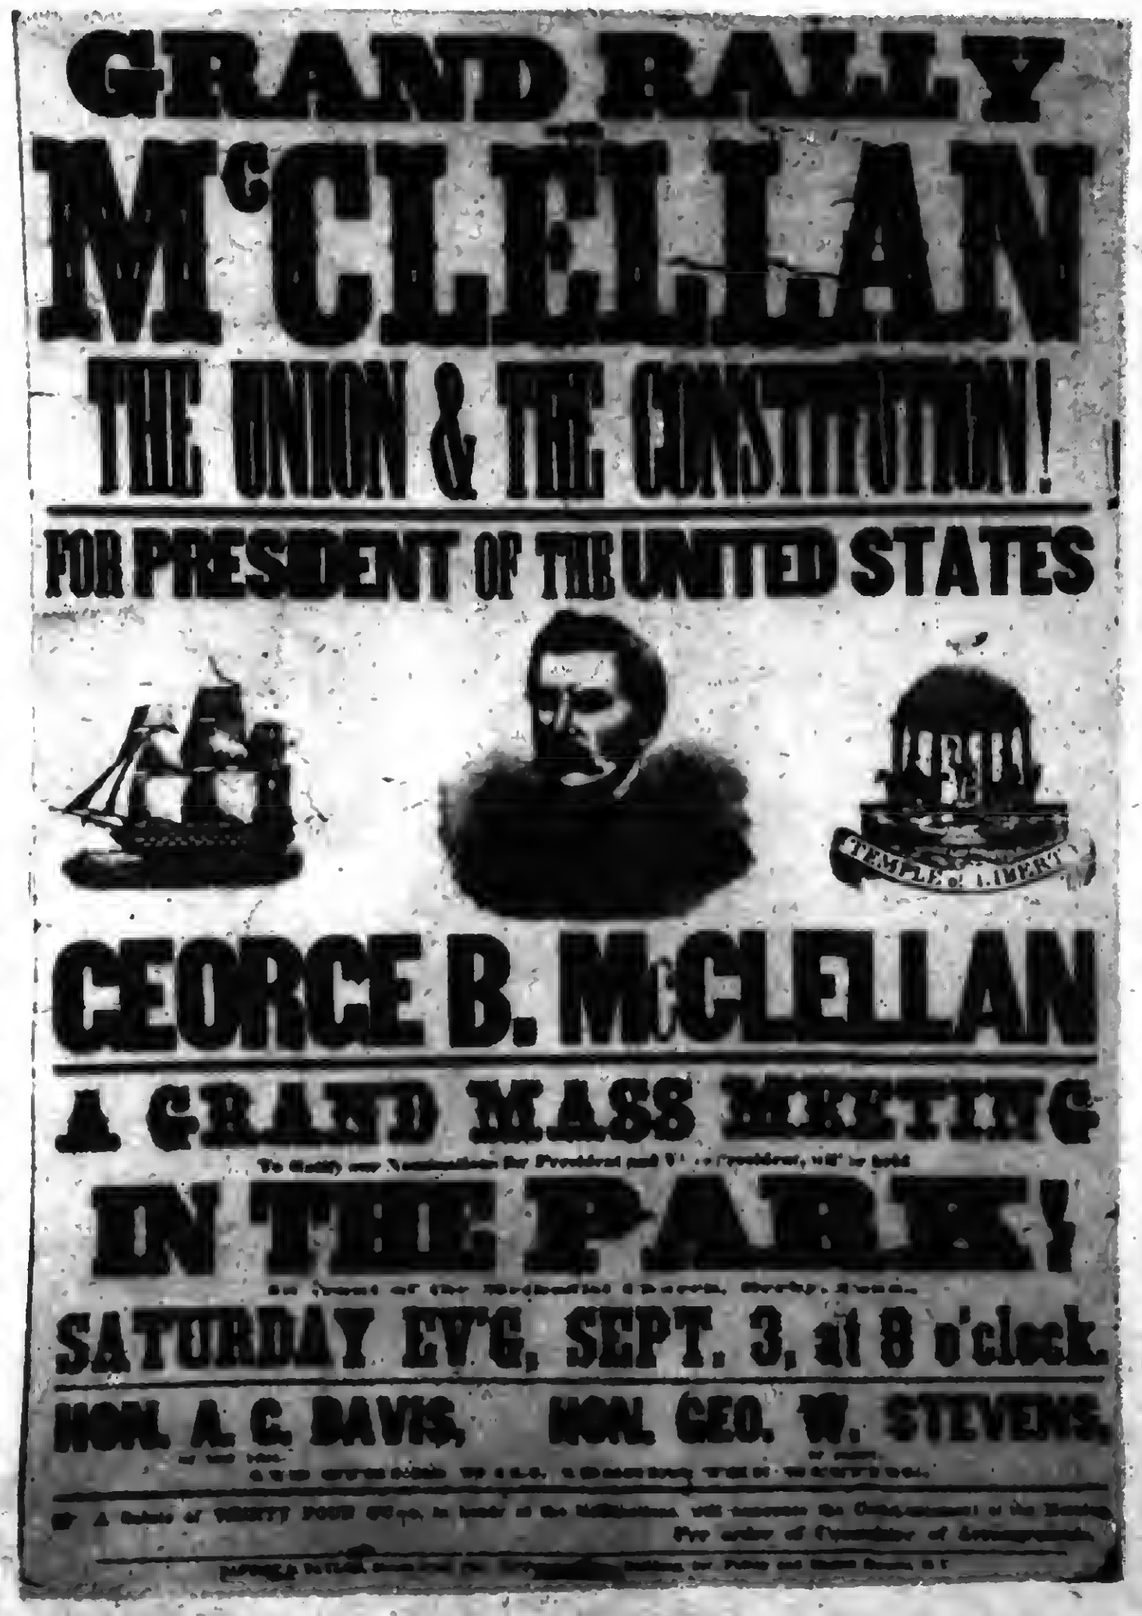
The Senior Center Commission wishes to thank the local merchants who are participating in this program.



Historical Society to feature "Five Critical Elections"

Few events in American life are more dramatic than presidential elections. In this election year, the Oak Lawn Historical Society offers a look at how five previous elections affected the political growth of this country. FIVE CRITICAL ELECTIONS which has been circulated thruout the country by the Smithsonian Institution Traveling Exhibition Service will open in its new home at 9526 Cook Avenue in the Historical Society's exhibit room on July 4 and will continue thru the election in November.

Starting with the election of Thomas Jefferson in 1800, the exhibition also covers the elections of Andrew Jackson in 1828, Abraham Lincoln in 1860, William McKinley in 1896 and Franklin D. Roosevelt in 1936. All five elections took place at particularly pressing times and all had lasting consequences.

During each of the five elections different campaign devices were introduced and used. Broadsides, music, buttons and bumper stickers are illustrated thruout the exhibition. The role of these campaign devices in changing campaign technology is one of the exhibition themes.

The exhibition also attempts to illuminate more recent elections by discussing the role of the airplane and television as principal campaign tools during the last two decades. FIVE CRITICAL ELECTIONS was researched and organized by Dr Keith Melder, former Smithsonian Curator of Political History.

The exhibition is one of two recently donated by the Smithsonian Institution Traveling Exhibition Service to the Oak Lawn Historical Society. The Historical Society will have special hours during the holiday weekend and will be open from 1 - 4 pm on the 4th, 5th, and 6th of July. Further information on the exhibition may be obtained by calling the society at 425-3424.

Senior driver refresher course

A Driver's Refresher Course for Senior Citizens who must renew their driver's license will be held on Wednesday, July 16, 23 and 30 at the Senior Citizen Drop-In Center in the Worth Township Annex, 11601 S Pulaski Road at 10 am.

Seniors are required to attend all three sessions in order to fulfill the course requirements.

Call 371-2900, ext 19 to register.

A Driver's Refresher Course will also be provided at the Worth Methodist Church, 7100 W 112th Street, Worth, on July 1, 8 and 15. If you are interested in attending this class call 448-6866 to register.

Historical Society wants political items

They say that nothing is forgotten faster than a losing candidate. The Oak Lawn Historical Society is asking your help in remembering a few. While they cannot pay for political items, they hope that old and new campaign devices can be donated to help supplement the exhibition Five Critical Elections, which has been donated to the Society by the Smithsonian Institution and is scheduled to open soon. They ask you to look for banners, buttons, bumper stickers and political memorabilia that you have thrown into your drawers, garages and attics. They will appreciate everything that is related to political campaigns. Please bring donations to the Society at 9526 Cook Avenue in Oak Lawn any weekday afternoon.

St Linus Parish to enjoy weekend celebration

St Linus Parish will observe its 25th anniversary with a weekend celebration that will include a teen dance on Friday evening, July 11, a family picnic and adult dance on Saturday, July 12 and a con-celebrated Mass at 12:30 pm Sunday, July 13 with John Cardinal Cody presiding. A reception for all parishioners, past and present, will follow in the parish center.

St Linus Parish was founded in July, 1955, when an influx of families into the area required separate spiritual leadership.

Led by their pastor, Rev Bernard E. Barnes, the first 220 families of the parish originally attended services at Sward School, 98th Street and Brandt Avenue.

The large number of children in the parish indicated a need for a school before construction of a church. So in September, 1956, St Linus School opened under the direction of the Felician Sisters.

The church was built and dedicated in 1961. A modern adaptation of traditional Tuscan architecture, it was dedicated by Albert Cardinal Meyer on August 27 of that year.

Committee members making final arrangements for this celebration pictured above, seated (l to r) are Pat Johnson, Jayne Powers, Ken Toth and George Stratton. Standing, (l to r) are Pat Daly, Keith Johnson and Bob Cahill, general chairman.

Under the leadership of Msgr John Cardiff, Pastor, St Linus Parish has more than 2300 families today and is a major force in the Oak Lawn community.

What first lady did not see: new decor at Tower Inn

First Lady Rosalynn Carter didn't get to see the eye-catching, completely new American-Oriental decor of the Oak Lawn Tower Inn's lobby, to the disappointment of those who made a hectic, speed-up effort to get it ready in time for her recent visit.

For security, Secret Service agents escorted Mrs Carter through a kitchen entrance to the grand ballroom, where she spoke June 12 to Illinois delegates to the Democratic National Convention. She also left by a back way.

"I'm used to that sort of thing," Mrs Carter told Jacques Bossaers, Oak Lawn Tower Inn general manager, when he said he regretted she could not see the freshly redecorated lobby. At another place, she recalled, she missed seeing extensive new relandscaping because of security routing.

The complete redecorating of the lobby, designed by Stephanie Ingram of Creative Showcase, was already planned, but was vigorously expedited when the delegates reception was scheduled.

A warm, home-like setting has been created in the lobby, registration area and adjacent corridors with harmonious combinations of gold, almond, brier green, apricot and peach.

Tuxedo-style sofas and lounge chairs in apricot velvet feature the sitting area. Next to them stand a coffee table with ebony legs, burled wood, and smoked glass, and a mirrored screen with brass, glass and burled wood accents.

Accessories include preserved Areca palms in large brass caldrons, brass sconces on pillars, dogwood tree with silk flowers, pagoda-motif macrame hanging, and trace lighting in coves shining on sheer-on-sheer drapery effects.

Sculptured carpeting of golden almond tones covers lobby and elevator car floors. Samoa-pattern wallpaper features brier green with peach accents.

The hotel general manager, Jacques Bossaers, and interior decorator Stephanie Ingram are pictured reviewing details of the new American-Oriental decor.

Church Music Workshop at Trinity College

Church musicians, pastors, and the general public are invited to attend the Trinity Christian College "Church Music Workshop 1980" which will examine the place and function of music in the church service.

A total of six sessions will be held on two Wednesday evenings, July 16 and 23, at the Palos Heights Christian Reformed Church, 7059 W 127th St., Palos Heights. Sessions will be conducted by the theology and fine arts faculty.

Topics to be discussed on July 16 include: 7 pm - Easy to Moderately Difficult Organ Music; 8 pm - A "How to. . ." Session on the Hymn and 9 pm - Coffee and Questions.

Topics to be discussed on July 23 include: 7 pm - Music for Organ and Instruments; 8 pm - Panel Discussion "Creative Elements In Church Worship" and 9 pm - Coffee and Feedback.

Registration fees must be received by July 9; $8 for one evening, $15 for two evenings. Make checks payable to: Trinity Christian College, Church Music Workshop, 6601 W College Dr., Palos Heights, IL 60463.

SOCIAL SCENE

SHERIFF ELROD HONORED BY OLD TOWN CHICAGO BOYS CLUB

Sheriff Richard J. Elrod will be honored by the Old Town Chicago Boys Club at a dinner dance on Saturday, June 28 at the McCormick Inn. Sheriff Elrod has been an active supporter of the Old Town Chicago Boys Club, 1207 W Taylor Street, Chicago, for many years. The club is sponsoring The Gold Cup Ball to raise funds for its many programs in support of underpriviledged youth.

Festivities will begin with a reception followed by dinner, entertainment and dancing to the music of the Frank York Orchestra. A silent auction will be held featuring paintings, objects of art and other valuable articles. Donations for the auction will be appreciated.

The Gold Cup Ball is open to the public with tickets available at $40 each. For further information, call Calvin Hill, Director of the Old Town Chicago Boys Club at 226-6633.

Trip to Bahamas for two grand prize at Chamber Golf Outing

The Oak Lawn Chamber of Commerce 1980 Irish Golf Outing, "A Touch of the Greens," is Wednesday, July 9 at the Palos Country Club, 131st & Southwest Highway. There are 27 holes including an outside 9 holes for the more leisure golfers. Many trophies will be awarded, and there is a gift for every golfer.

A special raffle this year is for a "ONE WEEK TRIP to the BAHAMAS for TWO", courtesy of Bud Cole (Travel Unlimited), and Jim Buschbach (World Travel Mart). Both businesses have been very generous to our community and the Chamber of Commerce over the past years, and their co-sponsoring this Bahamas trip is another example of their generosity.

Raffle tickets are $1 each, or 6 for $5. For those unable to attend the Golf Outing, the raffle winner NEED NOT BE PRESENT. Contact: Joyce Hrabec (Monticello Convalescent Center) phone 599-8800.

The Grand Prize Raffle is extra Grand this year, with many items donated by other generous businesses in Oak Lawn: 19" Portable Color TV (courtesy of 1st National Bank of Oak Lawn), a Lawn Mower (Heritage Bank of Oak Lawn), 12" Portable Black & White TV (Concordia Federal Savings & Loan), Autumn Haze Mink Beret (Jerry's Furs of Elegance), Afghan (Suburban News Marketer), Weekend for Two (Oak Lawn Tower Inn), Assorted Wine Basket (Caravette Liquors), 2 tickets to Mayor Ernie Kolb's Golf Outing (Citizens Coalition Committee), Gift Certificates (Greager-Kasper Florist, House of Mary, and Mal's Men's Shop).

LeRoy Corradino, (Oak Lawn Trust & Savings Bank) 1980 golf outing chairman, invites everyone to come out and enjoy a beautiful day with friends and fellow community members.

Tickets are $10 for golf, and $15 for the dinner dance. You may dance to your heart's contest to melodies from the 40's and 50's played by the ever popular Merrill Baine Commanders Orchestra.

Don't forget the "Early Bird Drawing". Tickets paid for by June 23 qualify for the drawing. FIRST COME — FIRST CHOICE — ORDER NOW!!

Call the Chamber Office for information and reservations, 424-8300. Come out and try "A TOUCH of the GREENS."

Co-sponsors of the ONE WEEK TRIP to the BAHAMAS for TWO prize are shown with the Oak Lawn Chamber president Barbara Koziarek, (Koziarek Realty World). On the left is Bud Cole (Travel Unlimited), and on the right is Jim Buschbach (World Travel Mart).

Senior Citizens offered Budget Mini-Vacation

Senior citizen couples can get away for an affordable mini-vacation under a new budget package offered by Oak Lawn Tower Inn, 9333 S Cicero Ave., Oak Lawn.

All the "getaway" comforts, amenities and entertainment of a full-service metropolitan hotel are available within a short, gas-saver distance from home. Free rides from and to any seniors center within 10 miles of the hotel will be provided for those who do not drive or do not want to.

The senior citizens budget package for two includes a deluxe room with TV and radio, complete dinner in the Mediterranean Cove restaurant, and a Sunday brunch with cook-to-order omelettes and other dishes, for $29.50 per person (tax and tips excluded).

Guests may enjoy a heated swimming pool and sauna free. For diversion, they may also visit the 12th floor Top of the Tower lounge for drinks, Bob Russell's request songs in the styles of big-name favorite artists, dancing, and spectacular views of sunsets and city lights.

It is suggested that senior citizens may want to organize a group of friends of club members to widen the mini-vacation circle.

Reservations may be made by phoning the Oak Lawn Tower Inn at 425-7800.

Honda of River Oaks
awards anniversary raffle prize

A shiny new Honda CR 125R was awarded to Michael Toney of Gary, Indiana, shown atop the bike. Pictured at right is Pat Anderson of Honda of River Oaks. The proud winner was chosen from over 700 registrants. This drawing, held on Saturday, May 24th, marked the conclusion of a most successful anniversary celebration for Honda or River Oaks.

Honda of River Oaks is located at I-80 and Torrence Avenue in Lansing and has one of the most complete lines of Honda motorcycles and accessories in Chicagoland.

Brother Rice Alumni announces 80-81 plans

Under the direction of Joseph B. Bergmann, the Brother Rice Alumni Assn is moving in full swing with plans for the 1980-81 school year. Bergmann, a teacher at Brother Rice for the past 18 years and a counselor for 6 years, was recently appointed Alumni Director by Brother E. T. Hennessy, principal.

The Alumni Softball League began its season Sunday, June 1, with 20 teams registered. Bruce Young of the class of '65 is coordinator.

Plans for the fall include an alumni smoker, a 10th reunion for the Class of 1970 and alumni participation in the school's 25th Anniversary celebration.

Bergmann is in the process of updating alumni addresses. If you are a Rice alumnus and would like to be kept up to date on alumni happenings, phone the school office - 779-3410 - between 8 am and 3 pm or send a note or card to the Alumni Office, Brother Rice High School, 10001 S Pulaski Road, Chicago, IL 60642. Include your name, present address, phone number and year of graduation.

The best way for younger children to grasp electrical safety is thru the good example of older members of the family. If the parents and older brothers and sisters handle electricity correctly, the knowhow rubs off. On the other hand, if safety guidelines are disregarded around the home, the younger children may imitate unsafe acts.

Proper handling of electrical toys can be a child's first experience with electrical safety. Underwriters' Laboratories helps to insure safety in toy construction as well as in appliances. The UL seal on an electrical toy shows that the item has been tested for the safety of its electrical parts. With various electrical toys, such as stoves and irons, children may need adult supervision to learn how to operate them safely. Remember, a "safe" toy is only as safe as the child who plays with it.

Much of what children learn about the world is thru their play with games and toys, which provides them with a fine opportunity to cultivate good safety habits.

Safety discs and plastic covers offer an inexpensive way of solving this problem. The safety disc covers both plug and outlet. It comes off only by twisting it around, a procedure too complicated for the toddler. Safety discs actually put a low outlet "over a child's head". The more inexpensive, plastic plug covers are also useful in keeping baby and outlet safely apart. Both devices protect the small child from electrical current so mother's watchful eye is freed for other things.

Explaining electrical safety to a small child is not easy. Electricity can't bee seen, and an inquisitive child may ask, "Where does it come from?" It's difficuit to give an answer he can understand.

Do you remember your first impressions of electricity? Were you afraid of it? Curious about it?

Think of a toddler on his daily romp through the home, exploring his newfound universe and seeking adventure in living room, bathroom and kitchen while his mother tries to place certain things out of his reach. But how can you put an electrical outlet on top of the refrigerator?

Electrical outlets are usually close to the floor, well within a small child's reach. Pre-schoolers and even school-age children have been fascinated by these funny holes in the wall. Children are sometimes tempted to stick little objects, including pennies and paper clips, into the outlets.

Brother Rice athletes feted at banquet

Hometown Mayor's Golf Outing

Hometown Mayor Annual Golf Outing

Russell Iser, golf outing chairman on the left, shown with Philip S. Lucerto, Mayor, City of Hometown, invites everyone to come out and enjoy a beautiful day with friends and fellow community members.

On Wednesday, August 6, the City of Hometown Annual Mayor's Golf Outing will be held at the Hickory Hills Country Club.

Tickets are $10 for golf, $15 for dinner and dancing. There will be many golf prizes, door prizes and a free cocktail hour before dinner. For information call 424-7500.

Little Company of Mary arranges 6th Invitational Golf Tournament

Pictured above (l to r) are Dr Frank C. Lawler, Dr James W. West and Dr Michael Vanecko who will be honored for their 40 years of dedicated service to the hospital and their patients. With these honorary chairmen is Dr Thomas S. Patricoski, LCM Medical Staff president.

Final arrangements have been made for the sixth annual Little Company of Mary Hospital Invitational Golf Tournament that will take place at the beautiful [illegible] Country Club on [illegible], August 25. The theme for the entire day will be in keeping with the year-long observation of the hospital's 50th anniversary as the pages of time will be turned back to 1930 when "The Great Gatsby" was still in his prime.

This spectacular tournament is being held to raise funds for the fifteen million dollar development program that is enabling LCM to completely renovate, air-condition and modernize the entire hospital.

Participants will have an opportunity to win fabulous prizes including new automobiles. The entrance fee in the amount of $250 includes a continental breakfast, lunch, a gourmet dinner, caddies fees, cart, liquid refreshments thruout the day, great prizes and fabulous entertainment that will include the Banjo Buddies Dixieland Band and the John Kenny Trio. Further details concerning this event can be obtained by calling the Public Relations Dept at 422-6200, ext 5045.

Hundreds of concerned community leaders and local residents are expected to participate in this tournament that has raised over $250,000 for LCM Hospital during the past five years.

Oak Lawn Youth Commission sponsors First Annual Bed Race

Tired of the same old retail promotions? Want to do something innovative and osiginal. . .a promotion that is certain to win the approval of our community? Well, something very special and very innovative and original, and very exciting is going to happen in Oak Lawn this year! "Beds are going to roll!"

That's right! A bed race! And you are invited to roll along! Think we're crazy? Read on. . .

On August 23 the Oak Lawn Youth Commision will sponsor the FIRST ANNUAL OAK LAWN BED RACE. This unusual "athletic event" will be open to any Oak Lawn business or groups of individuals wishing to participate by entering a "racing bed and team". Young or old or in between may participate -no experience is necessary!

Are we serious? You bet! In Seattle, they are staging their Fourth Annual Bed Race this year. In '78 and '79 they drew large crowds, generated enthusiasm and spontaneity among the merchants, involved the entire community and attracted wide spread TV, radio and newspaper coverage.

In Oak Lawn the event will feature an assembly area where racing teams can display their beds and have them inspected, a drivers meeting and press party, a "Parade to Post" where celebrity judges will select the best decorated bed, eliminations heats with official stewards from a local car club, a final run-off, an award ceremony and much more.

Entry fees will be turned over to the Muscular Dystrophy Association to support further research and summer camp for MDA youth.

Make a decision soon to participate in Oak Lawn's First Annual Bed Race. The field will be limited to 32 entries. . .so act now! Help yourself. Help Oak Lawn. Help the kids suffering from Muscular Dystrophy. . .and have a good time! For information and details call Laura Kamperman, Oak Lawn Youth Commission, 636-4400, ext 337.

Single parents to hear Sheriff Elrod

Liz Pacheco, program chairman of the Young Single Parents (YSP) of Oak Lawn, has announced that Sheriff Richard J. Elrod of Cook County will be their guest speaker on Thursday, July 17 at 9:15 pm. The meeting will take place at the Golden Age Restaurant, 4545 W 95th Street in Oak Lawn.

Sheriff Elrod will speak on "The Sheriff's Department Today". There will be a question and answer period following.

Sheriff Elrod was elected to his first term in office in 1970, re-elected in 1974, and re-elected again in 1978. Sheriff Elrod is the first person who was ever able to succeed himself as the Sheriff of Cook County. In the eight years that Elrod has been chief law enforcer, he has brought in new innovations to the Sheriff's office which have proven to be most beneficial to the people of Cook County.

Elrod made a superb record as an attorney in Chicago prior to his election as the Sheriff of Cook County. He has served one term in the Illinois House of Representatives.

Park Lawn Association repeats on Share Program

The members of the Park Lawn Association for the mentally retarded once again is offering their 50/50 Share Program with the theme, "A Helping Hand Through Sharing."

The Share Program offers an opportunity to service clubs, athletic groups, churches and other organizations to raise funds for their various activities and projects with a minimum of effort while sharing proceeds with Park Lawn.

A spokesperson for Park Lawn, Mrs Dorothy Durante, Director of Public Relations, stated that any group interested in the 50/50 Share Program can call the Park Lawn School at 425-3344 and further details will be supplied.

Park Lawn is located at 10833 S LaPorte in Oak Lawn, however, groups and organizations outside the area served by the facility are encouraged to participate in this fun raising Share Program.

"Science is not magic"

What does the strength of an egg shell have to do with transoceanic telephone cable? Why is the Bell System interested in the generation and transmission of light rays?

These questions and many others are answered in Illinois Bell's new talk program, "Science Is Not Magic." The program will be presented by Walt Lyman a professional speaker from Illinois Bell to the Oak Lawn Senior Center, located at 5330 W. 95th St in Oak Lawn, on Monday, July 21, at 10 am.

"Science Is Not Magic" is an entertaining and informative program casting the speaker in the dual role of scientist and magician. As both, he conjures up some magic to explain and demonstrate some of the science behind the exciting developments going on right now at Bell Labs, the research arm of the Bell System. A question and answer session on telephone service will follow the program.

All OL senior citizens are welcome to attend.

Huskey against gasoline tax for RTA

State Representative Herb Huskey says he is against reinstating a gasoline tax in the six counties served by the Regional Transportation Authority (RTA) and any RTA fare increase.

"The Chicago Transit Authority (CTA) is taking about 75% of all RTA monies," Huskey said, "but approximately 64% of these funds are collected in the suburban RTA areas. Suburbia has to stop feeding the overstuffed hog known as the CTA."

Huskey, who is a member of the House Transportation Committee, feels the city of Chicago should "share the responsibility for public transportation" by increasing CTA fares.

"Suburban residents have not received their fair share of service from the RTA in comparison to the amount of financial support they give to it," he stated. "The CTA is the prime spender of RTA dollars. It's about time it pays for its own extravagances.

"I opposed the creation of an RTA sales tax last year," Huskey noted. "At that time I predicted the RTA would be back for more money because of the CTA. It's not even a year later, and RTA officials are again coming to the state with their hat in hand.

"There's no reason for either the state or suburban residents to pour money into this mismanaged transportation system."

According to Huskey, RTA officials projected a $26.8 million deficit for Fiscal Year 1981 in April. They revised that estimate last week to $140 million.

The State Auditor General is currently auditing the RTA's operations, Huskey says, to "see what fat can be eliminated."

Oak Lawn high senior earns four year scholarship to choice of school

Ellen Cizek, a graduating senior at Oak Lawn Comm High School, has won a four year scholarship to the college of her choice which participates in the Air Force ROTC program.

Ellen was told by Captain Thomas R. E. Waters, Chicago-Area Air Force ROTC Admissions Counselor, AFROTC Detachment 195, Illinois Institute of Technology, Chicago, that she was among a select group of high school seniors selected by an early Air Force ROTC Scholarship Selection Board to receive scholarships next fall when they begin college. "When you register for college, you will have your tuition, books and lab fees paid and also receive $100 a month tax-free from the Air Force," Captain Waters told Ellen, "We're all very proud of you for doing such an outstanding job."

The Commandant of AFROTC, Major General David B. Easson of Maxwell AFB AL, certified that Ellen had been selected to receive the scholarship, ". . .as a result of meritorious achievement in academic studies and extracurricular activities, high standards of physical fitness, and demonstrated desire to serve her country in the United States Air Force."

General Easson, personally congratulated these highly competitive high school seniors who earned scholarships thru which they may complete degree requirements and be commissioned Second Lieutenants in the Air Force. He noted that such AFROTC scholarships, now expanded to include degree areas in scientific and engineering career fields, are awarded on a competitive and highly selective basis.

Little Company Auxiliary announces officers

Pictured above are the new officers of the Little Company of Mary Hospital Auxiliary. They are (l to r) Joan Clausen, Oak Lawn, Recording Secretary; Mary Jo May, Palos Hills, Financial Secretary; Lil Meck, Oak Lawn, Treasurer; Carol Andrews, Oak Lawn, President; Honor Green, Chicago, Corresponding Secretary; Therese Kloak, Chicago, First Vice President and Bonnie Landis, Oak Lawn, Second Vice President.

Since the mid 1930's, when the Little Company of Mary Hospital Auxiliary was founded, dedicated community residents have directed their efforts in the best interests of hospitalized patients thru various volunteer and fund-raising activities. The organization is a living memorial to Mother Mary Potter, who founded the order of the Sisters of the Little Company of Mary in Hyson Green, England, in 1877.

In the beginning, a small group of women gathered together to form the Senior Service Club. They rolled bandages and packaged materials for sterilization, held bake sales and participated in numerous social functions to raise funds for the hospital. Shortly thereafter, a Junior Service Club was formed to support the maternity area of the hospital. In time, these two groups were combined into one auxiliary organization.

In 1960, the auxiliary donated their first major gift to the hospital, a Cobalt Unit to treat cancer patients. The unit was one of the first of its kind in Illinois. This was followed by the purchase of two cardioverters, electronic equipment that restores abnormal heart rhythm by electrical counter shock.

In the following years, other major gifts included the purchase of mechanical beds, scholarships for student nurses, a donation to the Education Building, funds to establish the 2800 Gift Shop and the Fathers' Waiting Room on the eighth floor. Other contributions were utilized to initiate the Arts and Crafts program for patients and the Cart, a miniature shop-on-wheels that is taken to patient floors each day loaded with various sundries that can be purchased by patients for their convenience and comfort.

The latest project completed by the auxiliary is the purchase of a new electrom Linear Accelerator for the Radiation Therapy Department that provides the hospital with one of the most sophisticated and powerful tools known fro the treatment of cancer.

Major functions that will be sponsored by the auxiliary during the coming year include a Brunch, the Sugar and Spice party for the Sisters of Little Company of Mary, Reflections '81 Luncheon and Fashion Show, a Think and Thank Day of Reflection, and the Installation of Officers Mass and Luncheon.

Past presidents of the Little Company of Mary Hospital Auxiliary include Marion Ruzich, LaVerne Stumpf, Kathryn Leahy, Leora O'Donoughue, Mary Lee, Mae Roche, Alice Engdall, Eileen Streff, Betty DeTamble, Julie Leahy, Helene Nesypor and Mary Jane McDonough. Sister M. Mildred Radziewicz, LCM, is the honorary auxiliary president.

Gaddis school quilt finds "Comfy" home

Gaddis School is now closed, but one of its most treasured possessions is beginning a new life. In 1976, the parents, students and staff members of Gaddis School created a spectacular quilt. Materials were furnished, Mrs. Risse and Mrs Koglin volunteered to help with the design and sewing. More than 400 people were involved in its production, and when finished, the quilt measured nine feet square.

On June 2nd, at the final graduation from Gaddis School, three members of the Quilt Committee presented their quilt to the Oak Lawn Historical Society. The sentiments of Mrs Risse and Mrs Carsten were summed up by Miss Francis Foote who said, "We know the quilt will be appreciated at the Historical Society and feel it has found a well-deserved home there". In accepting the quilt, Historical Society Director Bill Sullivan called it "extraordinary work from an extraordinary school". Sullivan also stated that the quilt will be displayed during the re-opening of the Society's exhibit room in the Cook Avenue School. "How could you keep something so remarkable from public view?", he asked.

Each block of the quilt has been signed by the class who designed and executed it, which makes it a "Friendship" quilt according to experts. The quilt had been displayed in Hometown, Oak Lawn and Orland Park during the years since its production.

Magic Brush: Art of living success story

Peg Lowery, founder of Chesterfield Federal's Art of Living Seminars presents a flower to each of the three owners of the new Magic Brush beauty salon, 10902 S Western. Each of the three young businesswomen became motivated to open the shop after attending the Art of Living Seminars. Pictured are: (l to r) Kathy Harrington, Peg Lowery, Shelley Erickson-Schickel and Peggy McMahon.

"Starting our own business has given us a whole new, exciting look on life," said Peggy McMahon, co-owner of the New Magic Brush beauty salon, 10902 S Western, Chicago. "We'd have never thought we could do it if it weren't for the Art of Living Seminars."

After 25 combined years as beauticians, Peggy McMahon and her friends Sehlley Erickson-Schickel and Kathy Harrington had reached a stage all to typical today, the feeling of going nowhere. But when the young Beverly residents heard of the Art of Living Seminar/Workshops sponsored free by Chesterfield Federal, they saw an opportunity to learn through the experiences of personally fuifiiled individuals.

"I love the beauty business," sand Shelley Erickson-Schickel. "But I began wondering 'Am I going to be in a dead-end job forever?' Then Peggy, Kathy and I went to the Art of Living Seminars, and we started realizing that nothing ventured is nothing gained. Some of the speakers had started their own businesses. They told about their own experiences and feelings before and after they made the move. We could relate to it. And the three of us would always leave the seminars feeling more and more confident."

The Art of Living Seminars and Workshops were the brainchild of another Beverly resident, Peg Lowery. "About a year ago, I had attended a conference with the intention of starting my own business," recalled Ms Lowery. "But when I saw all the 'lost' women, looking for some direction in their lives, I came up with the idea for a seminar/workshop format. This way I could invite community experts in varied fields to speak. We could have a seminar where a single topic could be discussed. Or we could have workshops where experts would conduct mini-courses. In one evening, people could share ideas and get the advice they need to better manage certain segments of their lives."

Once she had developed a proposal for setting forth her idea, Ms Lowery approached the president of Chesterfield Federal, William DeHaan. "I was most impressed with her concept," explained Mr DeHaan. "It seemed like the type of program whose time had come.

"I took the proposal to Chesterfield Federal's Board of Directors. They were so impressed with the idea, they not only voted to fully fund the program, but also to make Ms Lowery Chesterfield's Community Service Director.

The first program, entitled "The Contemporary Women: Your Image," premiered in September of 1979. Since then, there have been seven more seminars and a day-long series of workshops. After breaking for summer, the seminars and workshops will resume again this fall. And as before, they will be held free of charge thanks to the sponsorshop of Chesterfield Federal Savings.

As for the success of the New Magic Brush beauty salon, Peg Lowery said, "I'm overjoyed for Kathy, Shelley and Peggy. I hope we can use their success story in future Art of Living Seminars. It would be terrific if, in a few years, our seminars and workshops can be taught by those who have profited through the Art of Living."

As Kathy Harrington put it, "The New Magic Brush is a dream come true for the three of us. We always hoped to start a nice little beauty shop that was clean and comfortable, and where customers could feel at home.

"I'm grateful for the Art of Living Seminars and Chesterfield's support. They are most responsible for getting us to this point."

Celebrates 25 years with Western Electric

Anna P. Bernhagen, Oak Lawn, celebrated 25 years of service with the Western Electric Company in June. An inspection laser operator in thin film circuit manufacturing, Bernhagen is employed at the company's Hawthorne Works, Cermak Road and Cicero Avenue. Western Electric makes communications equipment for the Bell System.

Bernhagen began her Western Electric career as a coil winder and repair worker in 1955 at Hawthorne. She advanced to her present position in 1970. She has received over $500 from the company's suggestion award program for ideas she submitted for thin film manufacturing. She is a graduate of Liberty Center High School, Valparaiso, IN.

Bernhagen and her husband, Don, have been residents of Oak Lawn for the past 18 years. She is a member of Hawthorne Chapter 54 of the Telephone Pioneers of America, a social service organization.

Bail bonds bring $3million windfall for Cook County

Cook County taxpayers received a $3 million windfall from Circuit Court Clerk Morgan M. Finley as a result of his program to open up unclaimed bail bond refunds.

In a final accounting of the 12 month long project, Finley reported that thousands of bail bonds from 1970-75 were turned over to Cook County after the owners could not be located.

Notices were sent to persons who posted the bonds and several thousand files claims with the clerk's office, Finley said. Thousands of others did not file claims. Most of the bonds were $25 traffic bonds.

In prior years, money of this sort had to be kept at least seven years and then turned over to the State of Illinois. In 1978, Finley sponsored legislation that cut the time period to three years and made Cook County the government agency to whom the bonds belonged when they were unclaimed.

Another $2 million will be processed during 1980 as the backlog of old bonds is wiped out. When the new law went into effect, Finley ordered a change in procedure that will eliminate the problem by automatically returning bonds to the person who posted them on the conclusion of the court case. The return of a bond under old procedures required the person who posted it to turn in a bond refund request. Many persons, pelased to have completed their court case without a guilty finding, left court without filing the refund slip. Now the refund will be automatic, he explained.

Monticello accredited

Monticello Convalescent Centers in Oak Lawn and Hinsdale, have been awarded a Certificate of Accreditation by the Joint Commission on Accreditation of Hospitals (JCAH), according to Joseph D. McGee, Administrator, of the facilities.

Monticello was evaluated on the basis of information gathered from questionnaires, other documentation of performance and an on-site survey during which JCAH field representatives conferred with professional staff, management and members of the facilities' governing board. The decision to undergo this evaluation and seek accreditation is a voluntary one.

The goals of the JCAH go hand in hand with Monticello's philosophy of "quality care and quality living". Accreditation means that Monticello is found to be in substantial compliance with JCAH accreditation standards for long term care facilities. Few nursing homes reach this level of standard. All JCAH standards set forth optimal achievable goals of excellence. The JCAH's Accreditation Program for Long Term Care Facilities assists such facilities in pursuing high quality health care thru a process that stresses education, evaluation and consultation.

The JCAH is a private, not-for-profit organization whose primary purpose is to promote high quality health care and related human services. The JCAH also conducts voluntary accreditation programs for hospitals, psychiatric facilities, and ambulatory health care organizations.

The Joint Commission was formed in 1951. Its member organizations are the American College of Physicians, the American College of Surgeons, the American Hospital Assn and the American Medical Assn.

Heritage Banks announce 80-81 officers

The National Association of Heritage Banks (NAHB) has announced its new slate of officers for 1980-81.

Elected at a recent meeting were: president, Scott D. Hunter, president of the Heritage Bank of Bolingbrook; vice president, Robert E. Kennedy, president of the Heritage Standard Bank and Trust Company; secretary, Thomas B. Sullivan, president of the Heritage Bank of Shorewood; and treasurer, William J. Sabo, chairman of the Heritage First National Bank of Lockport.

THIS IS A PRACTICE PEAK ALERT. FOR THE REAL THING, LISTEN TO YOUR RADIO.

If today were a real Peak Alert, we'd be on the radio asking you to conserve as much electricity as you could between 9 a.m. and 10 p.m., when the use of air-conditioning is greatest.

To keep your home at 78 degrees, no lower. (The colder you make it, the more electricity your air conditioner has to use.)

To postpone washing, drying or ironing clothes during the day.

To cook outdoors if you possibly can.

To vacuum early or not at all.

To read a book instead of watching a lot of TV.

To run your dishwasher after you go to bed.

To take a shower instead of a bath. (A bath uses more hot water and makes your electric water heater work overtime.)

Anything you can add to the list would be greatly appreciated.

Now, the world isn't going to come to an end if you don't conserve. Your electric bill is just going to go up.

For instance. Say we have three or four scorchers back to back and everybody turns the air-conditioning on full blast.

When you add that to the normal daily demand for electricity, it's easy to run short. Unless we start every backup power plant that's available, regardless of how small or how old.

Worse yet, some of them use awfully expensive fuels, like oil. Which means the cost of producing each extra kilowatthour of electricity goes up to almost 12 cents, 16 times more than our nuclear generators can do it for. And extra fuel costs get passed along to you in the fuel adjustment charge on your electric bill.

Besides, if everybody can just cut down a little on Peak Alert days, we won't have to build as many plants in the years ahead.

So in peak demand periods, we'll go on the radio to warn everybody that we're having a Peak Alert and it's time to conserve every way they can.

It pays. If we all conserve, we all save.

In case you need practice, make a dry run today.

EXCELLENT SIDE TRIP FROM NEW ORLEANS.

Rent a car and take a trip along Louisiana's Great River Road. It's a journey into the bygone days, of great fortunes made from the soil of the lower Mississippi River Valley. During the 18th and 19th centuries, vast sugar and cotton plantations flourished in this "land of milk and honey."

St. Francisville is the center of a remarkable number of Louisiana plantation homes. The town of St. Francisville, a small gem of lovely homes and churches, seems scarcely touched by time. Rich soil produced ante bellum cotton wealth and beautiful plantation homes; quite a number are open to visitors. Go through as many as you can for the feeling of the deep south.

The Cottage, six miles north of St. Francisville off U.S. 61 dates from 1795 to 1850. It's a complete working, lived-in plantation. They welcome guests here with the same hospitality once extended to General Andrew Jackson, who rested here on his return from the Battle of New Orleans.

And don't miss Rosedown Plantation and Gardens, just east of St. Francisville on La. 10, often called the loveliest ante bellum restoration in the South.

These are just a few of the many suggestions we have for your vacation plans starting in New Orleans. Come in and let us tell you more. We can arrange any number of days or weeks that you wish. Our address is 5616 W 95th St, Oak Lawn.

Home improvement attracts Heritage Standard

Heritage Standard Bank, 2400 W 95th Street, in Evergreen Park, and 4001 W 95th Street, in Oak Lawn, was a leading participant in "Ridge House — Resource for Renovation and Restoration," a home improvement convention sponsored by the Beverly Area Planning Association. In addition to displaying a booth at the exhibit, Heritage Standard Bank participated in workshops, consisting of panel discussions and question/answer sessions.

Personnel from Heritage Standard Bank's Personal Banking and Real Estate departments offered explanations and answered questions at the bank's educational and decorative booth. People interested in rehabilitation, renovation, or restoration of a present or future home, or who desired information, or who simply found the subject to be of special intrigue, left the day's exhibit with knowledge of home financing, home improvement funds, and general new account and banking information. Visitors to the area received free pens and litter bags from Heritage Standard Bank, as well as educational brochures and entry blanks for the drawings held in conjunction with the grand opening of the bank's new facility and second office at 95th and Pulaski, Oak Lawn.

Heritage Standard Bank also contributed to the morning and afternoon workshops, entitled "Money Makes the World Go Round", conducted with other area financial institutions. The panel discussion, followed by questions, centered on such topics as "Loans for Home Improvement," "Applying for a Loan," and "The Financial Picture for Mortgage Money."

Heritage Standard Bank employees (l to r) Laura Kreese, personal banking officer - marketing, Bonnie Balko, assistant vice president of personal banking, and Ronald Vanderwalker, assistant vice president of real estate participate in "Ridge House — Resource for Restoration and Renovation," by displaying a booth where customers receive information, answers to questions, educational brochures, and free gifts with the bank's compliments. In addition to their participation in the exhibit of booths, Heritage Standard Bank was a leading participant in the workshops of the day.

Alfred J. O'Malley, chairman of the board and chief executive officer of Heritage Standard Bank, commented, "We were very proud to have an important role in this informative and innovative area convention, and were glad to see active community support and participation in the event. We are pleased that members of the community took advantage of the tremendous opportunities offered at "Ridge House".

Murphy named to Suburban board

Harriet Murphy, past president and member of the Oak Lawn Public Library Board of Directors, was elected vice president of the Board of Directors of the Suburban Library System (SLS). The Suburban Library System, located at 125 Tower Dr., Burr Ridge, serves 76 public libraries, 12 academic libraries and 33 special libraries in the western and southern suburbs.

The system assists libraries in the sharing of resources, facilitating the interlibrary loan of materials and information thru computerized data bases and an area-wide daily delivery service.

Mrs Murphy has been a resident of Oak Lawn for more than 30 years, a graduate of UCLA and has been active with the League of Women Voters, the American Assn of University Women, the American Field Service Foreign Student Exchange Program and Pilgrim Faith United Church of Christ. She has served on the Oak Lawn Library Board for the past five and one half years.

OLCHS outstanding senior musicians

The Oak Lawn Comm High School Music Dept recently recognized two outstanding senior musicians. Eva Wang received the John Philip Sousa Band Award representing character and musicianship. Eva was a member of the Concert Band, French Club, N.H.S., Spartanettes, Dramatics and Cafeteria Aides. She is the daughter of Dr and Mrs Kenneth Wang, Oak Lawn.

The Louis Armstrong Jazz Award was awarded to Michael Hauser. The annual award is given for musicianship and contribution to the field of jazz music. Michael was a member of the Jazz Band, Concert Band and Office Aides. He is the son of Mr and Mrs Robert Hauser, Oak Lawn.

The awards were presented by Ken Kistner, chairman of the Music Dept and director of the Jazz Band.

Daylily and Iris Sale and Exhibition

The Annual Exhibition of Daylilies will be held at the Hinsdale Community House, 8th and Madison Streets in Hinsdale. The date is Saturday, July 19 from 1 to 4 pm.

This exhibition of beautiful flowers is free to the public. Come, relax and enjoy various colors and form, plus fine arrangements. There are many local women who will compete for the Grand Prize in the arrangement section.

Local growers dig plants of the new improved daylilies and donate them to be sold at the exhibition. Most varieties are priced far below catalog lists. Many beautiful new varieties will sell at very reasonable prices. Proceeds are used to pay for the next exhibition.

In the Chicago area there are some hybridizers who are developing wonderful new flowers. Modern daylilies range in color from near black, through the entire rainbow to near white. A few rare varieties in new ruffled style will be available at 10:30 am to 1 pm.

The 21st Annual Iris Sale and Auction will be held Saturday, July 26, from 10 am to 4 pm.

There are new Iris colors with emphasis on peach pink, purple and lavender. Modern Irises have ruffled or laced petals, and there are beautiful new two-toned varieties. This flower has an important place in a garden because it is one of the most beautiful flowers in the world. Prices range from $1 upward.

Local hybridizers will be on hand to assist you in making selections.

Throughout the sale there will be plenty of free parking for visitors.

July is an excellent season for planting.

SXC presents last days of "Picnic"

Four final performances of William Inge's haunting romantic comedy, "Picnic", will be presented this week at Saint Xavier College, 3700 W 103rd Street.

SXC Theatre II has scheduled performances at 8 pm Wednesday, July 16; Friday, July 18; and Saturday, July 19. The final performance will be a matinee at 2 pm Sunday, July 20. Tickets are $2.50; $1 for senior citizens. For ticket information, call 779-3300, ext 287.

"Picnic" will be directed by Ron Mark, actor, teacher and playwright. He is director of Theatre II and a faculty member at SXC.

Moraine trip to Ravinia Festival

"Preservation Hall Jazz Band" and "A Night in Old Vienna" are available to local residents who join Moraine Valley College bus trips to the Ravinia Festival.

"Preservation Hall Jazz Band" is scheduled for Wednesday, July 30. This band plays real Dixieland, the great all-American music that originated in New Orleans and traveled up the Mississippi to blossom in Chicago. It's "happy music".

The fee, $15 per person, includes bus transportation and pavilion seating. No food is furnished, but participants can bring a picnic lunch.

"A Night in Old Vienna" is scheduled for Sunday, August 3. The program features the music of Strauss, Von Suppe and Kalman, the lilting melodies of the great European ballrooms. Vocalists are Elizabeth Hynes and John Walker.

The fee, $17 per person, includes bus transportation and pavilion seating. No food is furnished, but participants can bring a picnic lunch.

For additional information and registration contact the MVCC Community Services Center, 8900 W 111th Street, Palos Hills, 974-4844.

Energy corner

Picture one of those hot, muggy summer days when northern Illinois seems like a giant frying pan. The sun is beating down unmercifully; there is little or no breeze; the air is soggy with humidity; and the weatherman is telling us there is no relief in sight.

That's when just about everyone is using air conditioning or some other kind of heat relief appliance, creating peak customer demand for electricity. To meet these peak demands, utilities must invest in expensive new facilities and use existing high-cost equipment. Reducing these peaks, therefore, would benefit the customer and utility alike.

This summer, Commonwealth Edison is beginning an experimental program to determine whether peak demand can be reduced by electronically controlling the use of customers' central air conditioning. This experiment will use General Electric's Automatic Meter Reading and Control (AMRAC) system which is capable of both reading meters remotely and controlling individual customer appliances.

The Wheaton subdivision of Briarcliffe was selected as the sample area because of its varied housing styles and its high proportion of central air conditioning. Last February, Edison sent letters to 455 residential customers in the subdibision, inviting them to participate in the load control experiment and explaining that it would allow the company to turn off their central air conditioners for brief periods on hot summer days.

To encourage customers to volunteer, Edison offered each a 15% credit on the four summer month electricity bills and a free inspection of their central air conditioning system. About 250 agreed to participate; most saying they are eager to do something about saving energy and money.

Here's how the program works: A control wire is hooked up at each customer's home. The wire, which is attached between the electronic reading unit and the compressor of the air conditioner, carries the sequencing signal, which tells the air conditioning system when to cycle.

On weekdays, when the temperature reaches 80 to 85 degrees or more, customers will have their central air conditioners switched off for seven to twelve minutes in each half-hour period, on a rotational basis, between 9 am and 10 pm. Electricity use will be compared to hose of homes whose air conditioning is not interrupted.

The switching signal will travel via telephone line from Edison's Technical Center in Maywood to a nearby substation and from there to the individual customers on Edison's wires. At the end of the summer, Edison will evaluate customer reactions to the experiment and the expected load reduction. The program is expected to continue for three years.

Hamlin students take awards at Science Fair

On Saturday, May 10 seven students from the Hamlin Upper Grade Center, School District 125, Alsip, participated in the Illinois Junior Academy of Science statewide Science Fair. The participants in the fair were chosen on the basis of their performance in the regional division of the IJAS competition. A student's project must win an Outstanding placement at the Regional in order to be eligible for statewide competition.

Following are the names of the Hamlin students that participated in the State Fair, along with their project title and award: Chris Steinbach, "How Does the Motor Work" - outstanding; Kim Lash and Andrea Winquist, "Which Material is the Best Insulator of Heat?" - second place; and Amy Sullivan and Joann Maurer, "Does a Hamster's Respiration Rate Change at Different Times of the Day?" - second place.

Also, Donna Walker, "Will Changing the Lens Aperture and Shutter Speed Affect Exposure and the Depth of the Field of Your Film?" - first place and Sandy Starchele, "Probability: What are the Odds?" - second place. Chris Steinbach (far left) winner of an outstanding award is now eligible for statewide competition.

Werkman.

Area graduates receiving BS degrees were Gary W. Borgman, Steven Ray Leffring, Karen Evelyn Racek, Richard Speelman, Jr., Paul Steven Van Zee and Barbara Ann Ziemba.

OLCH students in Skill Olympics

The Oak Lawn High School students recently represented the local Vocational Industrial Clubs of America (VICA) at the Skill Olympics held at the Prairie Convention Center and at various sites in Springfield. Students representing Oak Lawn High in the Individual Skill Contest were senior Doug Jones (full service auto), Bonnie Scheidt (cosmetology) and Heide Koch (cosmetology model).

These students have been studying and preparing for the competition for the past five weeks. They were selected by their classmates and Mr Vazzana, faculty sponsor of VICA.

To qualify for the skill test, a student must pass a written test which consists of a series of questions related to the individuals specific field. Students compete for plaques, ribbons and scholarships in the Skill Olympics competition.

Vazzana indicated that "these individuals are a fine example of students achievement in the various cooperative education programs offered at OLCHS. The VICA Skill Olympics was a good learning experience."

Two earn J.E. Lynch award

Kristie Schryver and Michael Novak were named as recipients of the high school's J. E. Lynch Award, given annually to the most outstanding junior girl and boy, as selected by the members of the junior class and faculty. The award is named for the former supt of Oak Lawn Community High School, District 229.

Junior students who demonstrated outstanding achievement and/or leadership in a subject area and/or extra curricular activity were nominated by faculty members. The junior class then had an election and selected the top five boy and girl vote getters. The final selection was made by a faculty committee.

The five girls elected as most outstanding by their classmates were: Kathy Alexander, Marge Brandt, Marie McGrath, Kristie Schryver and Shari Simpson.

This year's most outstanding girl, Kristie Schryver, demonstrated outstanding academic achievement by earning a 3.725 grade point average. She ranks 14 out of 654 students in the junior class. She has participated in tennis and badminton for three years. She has served as an office aide for two years and became a member of the NHS this year.

The five boys elected as most outstanding by their classmates were: Curt Lang, Phil Leonard, Keith Libert, Michael Novak and Steve Stearns. The most outstanding junior boy, Michael Novak has an earned grand point average of 3.900 and ranks 6 out of 654 juniors. He has participated in football for 3 years and basketball for 2 years. He was a sophomore class officer, a member of the JCA[illegible] Student Council, National Honor Society, and Mathletes. As a sophomore he received the Hugh O'Brien Scholarship Award as the outstanding soph student.

Previous winners of this award were Tracey Thompson and Jim Dunning in 1977; Lorie Matha and Bob Bulow in 1978; and Karen Vinci and Douglas Schmidt in 1979.

This year's winners will have their names added to a placuqe which is displayed in the Spartan gym lobby and each will receive an individual medallion.

Boys Tennis - Todd Frederick. Todd was a three year letterman who provided consistency and leadership for the tennis team.

Girls Track - Carol Ryan. Carol holds the school record in the 880, mile and mile relay.

Boys Track - Jeff Lehmann. Jeff was the state champion in the shot put and sixth in the discus. He was the Conference and Discus champion in the Conference and District Meets. Jeff led the track team in scoring with 203 points.

Alsip businessman offers unique service

Inventive business services are the order of the day for Ralph DeFalco (center). Ralph is President of Trafco, Inc., a truck-trailer repair and custom design shop located in Alsip.

In 1975, Ralph DeFalco recognized a need for this specialized service and started his own company. Trafco, Inc. now provides semi-trailer repair for many large Chicago area and national trucking clients. The custom fixture design and trailer manufacturing equipment design facet of Ralph's expertise have taken him to all parts of the world.

A great deal of specialized financial planning, accounting, and management consulting have been required by Trafco, Inc. in recent years.

Joseph F. Hefferman (left), president of the Heritage Bank of Oak Lawn and Paul Paskvan (right), partner and manager of the Oak Lawn office of Thomas Havey & Co., Certified Public Accounting firm, have been very actively involved in providing these specialized services.

Ralph DeFalco and his professional staff show another way in which local southwest area residents continue to serve a great need among business and industry in the Chicago area, nationally and internationally.

Village claims 'Big is Better'

As further proof of the value of Oak Lawn's new water main, many of those responsible with regards to construction and many that have made it possible stand in the foreground. Flanked (left) by John W. Orr, Village Clerk A. Joyce Powers, Trustee Charles J. Jahnke, Frank DiPaolo, Mayor Ernest F. Kolb, John Marich, Raymond D. Eline and Donald R. Canning.

Oak Lawn's water receiving capacity from the City of Chicago is being doubled with the current installation of 3,100 feet of 48 inch water mains and 10,100 feet of 42 inch mains.

Contracts for the $3.8 million water expansion program were let to the DiPaolo Construction Company, Calumet Park, and J. Marich & Sons, Inc. of Lemont.

Director of Public Works, Donald R. Canning, said the project is expected to be completed by the end of September of this year and gave the following time table of installation locations, so the public can be aware of any traffic interruptions:

July: Along B & O Railroad tracks from Kilbourn to Tripp Avenues and along vacated 91st Place from Tripp Avenue to Pulaski Road.

August: South on 49th Avenue from 95th to 99th Street.

September: West on 99th Street from 49th to 52nd Avenues and South on 52nd Avenue from 99th to 104th Streets.

Canning said this project will have the first concrete mains ever installed in Oak Lawn, as ductile or cast iron mains were previously used. He added "Use of concrete will be a savings to the Village of about $300,000."

John W. Orr, Water Division Superintendent, stated that the water expansion program, consisting of the 13,200 feet of new 42"-48" mains, construction of a new 3-million gallon underground reservoir at the C. J. Reich Pumping Station, 91st & Kilbourn Avenue, a 4-million gallon underground reservoir at the E. J. Harker Pumping Station, 103th & Lockwood Avenue, which is expected to be completed by the end of August and, a 1-million gallon elevated [illegible] at 99th & New England Avenue which was placed into operation last year.

Canning added: "These long-range plans of the Public Works Department is up-grading our water system facilities should provide Oak Lawn with adequate water needs for the next twenty years." He emphasized: "This is possible only because our Mayor and Board of Trustees support the water expansion program to better serve customers in Oak Lawn and the communities which purchase water from us."

Public cooperation will be greatly appreciated during the construction period and, if citizens wish information or have any questions on a water problem, they should feel free to contact the Public Works Department at the Village Hall or call 636-4400 during regular working hours, Mondays thru Fridays.

Kasper and Wrobel named by mayors for charity drive

Ernest F. Kolb, president of the Village of Oak Lawn, has appointed Edwin F. Kasper of the Village to head the volunteer recruitment for the 1980 "Illinois Smiles for Little City" Drive to be held on Friday and Saturday, August 8 and 9.

Also, Anthony Vacco, mayor of Evergreen Park, has appointed Mrs. Virginia Wrobel of the Evergreen Park Community Center to head their volunteer recruitment.

Little City, Palatine, IL, a residential treatment center for mentally retarded and blind-retarded children, needs 3000 volunteers for the massive, areawide drive. If you can volunteer one or more hours of your time, please call Edwin Kasper at 636-4400 or Virginia Wrobel at 422-1551.

You'll be helping children who cannot help themselves. Chicago Cubs baseball Hall-of-Famer, Ernie Banks, for the third straight year, is serving as chairman of the Little City "Smiles" Drive.

Russo Workshop

Congressman Marty Russo has announced that his 7th [illegible] of 1980 will be held on Saturday, August 2, [illegible] hours of 10 am and 12 pm at the Blue Island City Hall, 13051 S Gregory in Blue Island.

The workshop program will begin promptly at 10 am with the congressman asking questions on legislative issues or any other matters that are of interest to those in attendance. The question and answer peropd generally ends around 11:30 am, with the remaining 30 minutes of the workshop allotted to casework. This is the time when individuals who are experiencing difficulties with government agencies such as Social Security or Veterans Affairs, may work directly with Congressman Russo and members of his staff in attempting to solve their problems.

The workshops are open to the public and Russo asks that those interested in discussing the issues come out and enjoy an informal Saturday morning.

O.A.R. to hear Richard Nealis

Featured at the next T.H.E. O.A.R. meeting is guest speaker Richard J. Nealis, trust officer of Beverly Bank, 1357 W 103rd Street.

"To Help Each Other Accept Reality" is a program designed to gather widowed people to discuss and learn how to cope with their loss and new challenges in day-to-day living. Knowledgeable guest speakers attend these meetings to talk about a variety of subjects that are pertinent to all widowed people.

Nealis was admitted to the practice of law in 1979. He is a member of the Fox Valley Estate Planning Council, Illinois State Bar Association, Chicago Bar Association and the American Bar Association.

Before joining Beverly Bank, Nealis worked in estate planning, trust administration and the probate area. He holds a Doctor of Jurisprudence degree and a Bachelor of Science Degree in Banking investments.

Don't miss this informative meeting, Friday, August 8 at St Xavier College located at 103rd and Central Park Avenue in Chicago. The meeting will begin at 7:30 pm and will end at 9:30 pm. Promoted at Clearing Bank

Kenneth J. Ozinga, Executive Vice-President of Clearing Bank, proudly announces the promotion of Jeanette Lang to Assistant Controller and her appointment as an officer of the Bank. In her new position as Assistant Controller, Mrs. Lang's responsibilities include managing the daily accounting functions within the bank and co-ordinating accounting activities with correspondent banks.

Jeanette Lang stated that since she began with the Bank in August, 1980, she has seen many advancements in technology as the Bank's record-keeping system changed from manual posting procedures to a modern computerized operation.

Jeanette Lang

Mrs. Lang and her family had lived in Oak Lawn for many years before recently relocating to Palos Heights. She is a past president of the Altar & Rosary Society of St. Gerald's Parish in Oak Lawn and continues to be very involved in all their parish activities.

Northmen to promote saving 'Viking' dragon ship

All five United States ambassadors in Scandinavia have endorsed the preservation of the "Viking", a 9th century dragon ship replica which was sailed across the Atlantic to Chicago in 1893. Concerned by the historic ship's deterioration in Lincoln Park Zoo, the ambassadors, Warren D. Manshel, Denmark; Richard A. Ericson, Jr., Iceland; Rozanne L. Ridgeway, Finland; Rodney Kennedy-Minott, Sweden; and Sidney A. Rand, Norway, have accepted honorary membership on the Chicago-based Viking Ship Restoration Committee, chaired by Cook County Commissioner Carl R. Hansen.

The committee was formed to save the 760 foot "Viking", a hand-hewn, plank-by-plank copy of the Gokstad ship, which was unearthed from a viking burial site nearly 100 years ago. The replica was built in Norway and sailed to this country under the auspices of Norway and Sweden in celebration of the World's Columbian Exposition.

When the ship's captain Magnus Anderson spoke to the Chicago crowd who welcomed the "Viking" in 1893, he explained that the ship symbolized the spirit of the Northmen, adding, "When we speak of Northmen we consider them to be Danes and Swedes as well as Norwegians". Now ambassadors to all the countries of the Northmen have pledged to work together to save the endangered ship.

To help in this effort with a tax-free donation or for further information, write Viking Ship Restoration Committee, 518 Davis Street, Evanston, IL 60201 or call 492-1829.

Evergreen Sertoma to hear Foreman

Joe Bertucci, program chairman of the Evergreen Sertoma, has announced that Judge Lester D. Foreman of the Circuit Court of Cook County will be their guest speaker on Wednesday, August 27 at 7:30 pm. The meeting will be at the Rosewood West, 131st & Cicero, Crestwood.

Judge Foreman's topic will be "The Courts and Your Community". He will speak for approximately 15 minutes and follow-up with a question and answer period.

Judge Foreman is an Associate Judge of the Circuit Court of Cook County. He is assigned to the Daley Center. He has been a judge for three years. He was a practicing attorney for 25 years before being elevated to the bench. He has been serving as a judge at the Daley Center and at district branches of the courts located on Chicago's West and North sides.

Wall commends cancer committee

Dr. Robert Wall, Executive Vice President of the First National Bank of Evergreen Park and Chairman of the Board, Evergreen Park Unit, American Cancer Society, is pictured above on the right with this committee. They are, from left, Mrs. Diane Hill, Mrs. Thornton Smallwood, Mrs. George Robb, Mrs. Leon Walder, Mrs. Thomas Gillies, Mrs. Betty Rezeler and Mrs. George Rezeler.

The Evergreen Park Unit of the American Cancer Society was formed several years ago to assist local cancer patients, educate community residents regarding the importance of early detection and to raise funds for research efforts. One of the major reasons for the success of this program can be attributed to the dedicated transportation volunteers committee, all Evergreen Park residents.

Evergreen Park residents having a need for information regarding cancer-related services are urged to contact the Cancer Action Line at Little Company of Mary Hospital by calling 422-6300, extension 3620.

Sarsoun to walk 3rd District

Larry Sarsoun, Republican Candidate for Congress plans to walk the Third District to meet the people and bring his program to them.

"I want to represent all the people in the Third, and to have them know that they're sending someone to Washington who will best represent their interests. I think the people want a representative who will be prudent with their money and will work to hold down government waste and inflation."

Sarsoun's itinerary began on July 21, when he walked from campaign headquarters at 18105 S School Street in Lansing, to River Oaks Drive and Burnham Avenue, in Calumet City. Tuesday, he hopes to go from that point north on Burnham to Sibley, and then go west to Torrence.

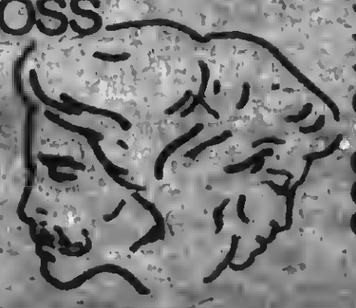
"I should be able to cover the whole district up to 63rd and Western, and then back again to Lansing, in about 60 days or less, if my feet hold out and it isn't too hot out." Sarsoun estimates he will need almost 10,000 pieces of literature to pass out along the way and asked those who are sympathetic to his campaign to help by sending donations for printing to his campaign headquarters, at 18105 S School Street, Lansing, IL 60438.

Park Lawn Association Share Program

The Park Lawn Association, 10833 South LaPorte, Oak Lawn, will hold a Shop and Share fundraising program on August 4, 5 and 6 at all Jewel Food stores and Jewel Grand Bazaars.

By shopping at Jewel on one of those days, 5 percent of the total purchases, excluding tax and Osco merchandise, will be donated by Jewel to Park Lawn.

The members of Park Lawn will use the money generated by the Shop and Share program for the operation of their center for the mentally retarded. This facility presently serves 125 children and young adults in School and workshop programs.



Anyone interested in helping Park Lawn by shopping at Jewel on those dates will need a "Shop and Share Identification Card", and should contact Dorothy Durante at 425-3344 to obtain a card before shopping.

Petri announces YR officers

Lawrence G. Petri of Oak Lawn in Worth Township was elected chairman of the Young Republican (YR) Organization of Cook County, Inc. at the group's recently held annual convention. Kathleen Kelly of Chicago's 40th Ward was elected as co-chairman of the YRs for the 1980-81 term. Three additional county wide officers were elected: secretary - Russell T. Miller of Broadview in Proviso Township, treasurer - Lynell Mims of the 21st Ward in Chicago, and sergeant-at-arms - Marion Anthony Bucaro of the 45th Ward in Chicago.

The Young Republicans also elected eight area chairmen to represent local ward and township clubs on the county level. Those elected from the Wards in Chicago are: North - Angelo R. Chavers, 42nd Ward; Northwest - Eric Ziemer, 40th Ward; Southwest - Joe L. Amos, 19th Ward; and South - Carolyn Betts, 6th Ward.

The area chairmen for the suburbs are: Northwest - Steve Lucas of Buffalo Grove in Wheeling Township; West - John S. Kocielko of Cicero in Cicero Township; Southwest - Matthew Braun of Forest Park in Proviso Township; and South - Thomas Planera, Jr. of Chicago Heights in Bloom Township.

"We plan to hold many special social events and informative meetings for our members this year, including debates on a wide range of topics. With the November elections less than five months away, we also hope to have several of the GOP hopefuls at our meetings for our members and guests to meet.

"As chairman of the YRs, I would like to extend an invitation to all the young people of Cook County between 18 and 38 to join the Young Republicans this year and take part in what promises to be an eventful political season," Petri concluded.

For more information contact Petri at 312-325-1391.

Larson pushes 'Save the Farm' movement

Ronald R. Larson, Member, Board of Commissioners, Cook County, Illinois, has sent a letter to the Chicago Board of Education regarding the "Save the Farm" movement spearheaded by Joe Martin.

We agree with Larson who supports the saving of this historic farm and his comment that "just as certain buildings are bestowed with landmark status, this tract of land merits special designation".

Following is the letter addressed to Mr Michael W. Scott, Chairman, Real Estate Committee, Chicago Board of Education, 228 N LaSalle Street, Chicago, IL 60601.

Dear Mr Scott:

Your consideration of the sale of Chicago's last farm has generated a great deal of interest and opposition. While I understand the financial plight of the Board of Education, I am concerned about the Board undertaking this action without viewing the negative, long-range aspects.

This farm, located in the far southwest region of Chicago, stands as the last agricultural area of Chicago. It is a farm that is historic and educational. The preservation of this area is vital in order to maintain a link with the past.

Progress is positive; however, the sale of this land and elimination of the farm is not being done in order to achieve any progressive development. I strongly urge that all other financial matters be reviewed before selling this land. The short-term financial benefit will be heavily outweighed by the permanent loss of this vestige of an earlier period in Chicago.

In addition to the sentimental value of this farm, there is another important reason to maintain its existence.

Chicago does not meet recommended standards for urban areas in the amount of "open space". The standards suggest that there should be ten acres of open space per every thousand of population. Chicago falls woefully short with only 4.3 acres/thousand.

This lack of open space has a negative environmental effect. To compound this serious shortage will be a grevious mistake.

In conclusion, I hope you decide that for both the heritage and environmental factors, Chicago's last farm be saved and other financial alternatives explored.

/s/ Ronald R. Larson, Member
Board of Commissioners
of Cook County

HERB HUSKEY

SENIORS AND DISABLED PERSONS MAY RECEIVE ADDITIONAL TAX RELIEF

State Representative Herb Huskey says senior and disabled residents will receive additional tax relief if Governor Thompson approves legislation passed by the General Assembly during its recent spring session.

"People on fixed incomes have a difficult time surviving during this rampant inflation," Huskey said. "The bills sent to the governor can help ease their burdens."

According to Huskey, the proposals:

*Exempt up to $1,500 of interest earned on savings from the state income tax for persons age 65 and older.

*Increase the maximum amount of the circuit breaker grant from $650 to $700 less 5% of household income.

*Raise the maximum qualifying level for the circuit breaker and additional grant program from $10,000 to $12,000.

*Create a new fuel cost relief grant for qualified circuit breaker applicants.

*Allow senior and disabled persons who receive less than $55 in public aid cash assistance for any month to also receive circuit breaker benefits for that month.

"Senior and disabled residents could also be helped by a reduction in the sales tax on food and medicine," Huskey said, "and the governor is now considering three proposals in this area.

"One eliminates another penny effective January 1, 1981, and another phases it out completely by August 1, 1982," he explained. "The final bill wants to eliminate the tax completely for medicine and reduce it by one penny for food items upon becoming law."

Information about ongoing state programs and services for senior residents, Huskey says, is available in his directory, Senior Update. Copies can be obtained free of charge from Huskey at either his district office, 6201 West 95th Street, Oak Lawn, IL 60453 (424-5000), or in Springfield, 2061 Stratton Building.

LETTERS TO THE EDITOR

Appeal for messages:

Mr. Frank R. Bertucci, Sr. father of 8, started a normal day, Monday, July 7, 1980. He left home at 6:15 am for work as an electrician at Police Headquarters. He rode Pulaski Road north to the Stevenson and went down the ramp, never getting on the actual road. Still on the shoulder, he might have felt dizzy and parked his maroon Chevy station wagon under the first viaduct at Central Park where he apparently slept, leaning against the driver's side window which was a quarter of the way down. At 8:40 am he was still upright and visible. A trucker from Liberty Trucking saw him. The traffic was going slowly about 5–10 miles per hour. With the thousands of people who went by, who else saw him? We are asking.

Pa woke up, probably felt a chill, rolled up his window and started up his car and drove it 500 yards to the spot where he died. He rode the shoulder of the road all the way, probably hoping to exit at California. He had control over his faculties. He turned off his ignition, vomited in a towel and neatly placed it on the passenger side. We don't know when he died but he laid down across the whole front seat with his legs drawn up on the seat and his arms criss crossed against his chest. With the heat at 102 degrees outside that day, the car had to be at least 150 degrees inside. Because of the heat we had no body to view in the coffin. He did not die from a heart attack. We donated his heart to research.

Pa Bertucci went to heaven with his City of Chicago work uniform, $1.00, a religious scapular and electrical tools in his pocket so that wherever he is he will not be broke, nor without tools, nor without faith.

I am appealing to all people driving and riding every morning the I 55 (Stevenson) send your message that you have seen Mr. Bertucci during the hours he was visible.

Thank you.

Derwinski speaks on defense to summer interns

Congressman Ed Derwinski (R-4), member of the House Foreign Affairs Committee, spoke on the relationship between foreign policy and national security in an address to the Congressional summer interns. "A sound foreign policy is based not only on the ability to respond firmly in a crisis, but also to avert dangerous developments before they occur by maintaining real strength, a firm resolve, and a well defined national strategy," he told the interns. The bipartisan program featured leading Members of Congress who discussed national and international issues with the college students who are working for the summer in various Congressional offices.

Derwinski said that humanitarian goals and inspiring rhetoric cannot, by themselves, preserve the peace and protect American interests in a world beset by continued communist aggression, adventurism and terrorism. He said that only by restoring and modernizing our defense systems can we maintain a foreign policy of confidence and peace.

"We must improve our recruiting system and retain highly trained personnel for our military forces. We must improve the capability of our conventional forces stationed in Europe and encourage the deployment of advanced missiles for NATO forces there," Derwinski said. "We must develop a diversified naval fleet capable of meeting challenges wherever they occur. We must increase research and development to assure peace and security from any potential threat."

In speaking of the proposed SALT II Treaty, Derwinski said that among its flaws is its failure to even count certain Soviet intercontinental offensive weapons. He said the U.S. should start building up our military capability to enable us to be in a strong position when we negotiate any future arms limitation agreements and added that the pending treaty should be renegotiated.

"The Soviet invasion of Afghanistan should remind us that a totalitarian regime doesn't hesitate to use its superior military force to achieve its ends," Derwinski said. "The United States must reward nations which support us and make clear our dissatisfaction to those who challenge us. We must restore the respect we once had throughout the world by the firm resolve of our actions," he said.

Elrod institutes new system for auctioned homes

Sheriff Richard J. Elrod has recently instituted a new system designed to help protect the rights of persons whose homes are ordered by the court to be sold at auction.

David W. Gleicher, recently appointed Supervisor of Judicial Sales and Real Estate for the Sheriff's Court Services Department, initiated the system with a plain language letter which is sent to all persons whose homes are sold.

"Previously," said Gleicher, "all the homeowner received was a summons letting him know that his mortgage was being foreclosed. Even if the bank or mortgage company's lawyer let the homeowner know what was going on, the notice he or she received was so full of legalese that it was incomprehensible to most non-lawyers."

The new letter has two major benefits to homeowners. It lets the person know that the house has been sold at auction under a court order, and that there are steps that can be taken to get it back. It is then up to the homeowner to contact an attorney or call Gleicher's office for information on what must be done to recover the property.

Monticello picnic huge success

During Monticello's Annual Picnic Joyce Hrabec, Administrator of the Oak Lawn Center, (left) presented Mary Duff (center) with a bond for her achievement of a perfect score on a fire prevention test. Millie Connolley (right) is the Clinical Supervisor of the Nursing Department at Monticello.

Recently Monticello Convalescent Center in Oak Lawn held its Annual Family Picnic for residents and their families in observance of the 4th of July holiday. Residents looked forward to and enjoyed such things as chicken, watermelon and punch on the lovely, relaxed grounds at Monticello. And for the children, games were provided with prizes.

The staff also enjoyed the festivities, especially Mary Duff, a resident of Oak Lawn for three years. Mrs. Duff was awarded a bond for her achievement of a "perfect score" on a "Fire Prevention" test that all employees had taken, following seminars given at Monticello by Lieutenant Johnson and Lieutenant Schaar from the Oak Lawn Fire Department. Mary Duff, an employee for two years in Monticello's nursing department, has a daughter, a son and one grandson. To ensure quality care for residents at Monticello, all employees are trained and expected to know about Fire Prevention in a convalescent center.

Sing for fun with Moraine

Those who enjoy singing for fun have an opportunity to join with others at Moraine Valley Community College. Sing for Fun will meet from 7-9 pm on Thursdays starting Sept 11.

The group is sponsored by the college's Community Services Division. It started in June as the Summer Singers. Participants enjoyed the experience so much that they asked to continue. The result is Sing for Fun.

According to MVCC staff members, no choral experience is necessary. Group members get a chance to learn new music, to develop sight reading skills and to sing out.

Fee for the eight-week session is $25.

Registrations are being taken by the college's Admissions Office, 1500 Building, 10900 S. 88th Ave., Palos Hills.

Free concert with the Youth Commission

Enjoy an evening of free live rock 'n' roll on August 15 at an outdoor concert under the stars, beginning at 6:30 pm in front of the Oak Lawn Village Hall, at Cook and Dumke Drive one block north of 95th Street.

The free concert is the second in a series of three outdoor rock concerts sponsored by the Oak Lawn Youth Commission. The third concert, on August 15 will feature "Rampage" with a guest band to be announced at a later date.

The Oak Lawn Youth Commission also sponsors local rock bands twice a week at the Minus None Youth Center, 9830 Southwest Hwy (in the back of the Oak Lawn Village Annex building). The Youth Center is open on Tuesdays from 7-10 pm and on Fridays from 7 to 10:30 pm.

For more information about concerts or youth center programs, call the Oak Lawn Youth Commission at 636-4400, ext 337 or 338.

Holland Home sponsors free lawn concert

On Saturday, August 16, South Holland's Holland Home and Rest Haven South will sponsor a free lawn concert and a variety of other festivities on their campus at 164th and Chicago Road.

Residents of the Holland Home will display and sell hand-made crafts throughout the day, and tours of both facilities will run from 2 to 5 pm. The concert will begin at 1 pm featuring the highly acclaimed Christian ensemble, the Illinois Community Chorale, with their spirited rendition of all your favorite songs.

Master of ceremonies for the day will be Gary Gulbranson, president of His Men Christian Fellowship, and a special address by South Holland Mayor Harold Gouwens will be featured.

Public address systems for the day will be provided by Bill's T.V. in South Holland and all those attending are encouraged to bring lawn chairs or blankets.

To volunteer or for more information about the concert and tours, please call Rest Haven South administrator Richard Schutt at [illegible]. Do a Christian deed and have a day of Christian fun at the same time!

Bronze age of China tour planned

The Oak Lawn Public Library, in conjunction with their Friends organization is sponsoring a tour and lecture about the Great Bronze Age of China.

Registration will be held Monday, Aug 11 at the Library from 9 am to 9 pm for a trip to the Field Museum on Thursday evening Sept 11. A bus will leave the Library at 7 pm on the 11th of September returning to the Library at 10 pm. The cost of the bus and the tour at the museum is $6.

On Thursday, Aug 14 at 7:30 pm the popular lecturer, Lee Gibbs, will give background and history concerning the buried army of the first Emperor of China, who built the famous Great Wall. The entire army, buried in 210 BC, was unearthed in 1974. In addition, the exhibit at the Field Museum features 100 rare bronzes, jades and terra cotta artifacts never before seen in the west.

Mrs. Gibbs, who recently completed a trip to China, will show slides and put the exhibit in perspective for greater appreciation of museum tour. The lecture is free and will be held in the downstairs community room at the Library.

Worth Township seniors to hold Annual Fall Luncheon

The Worth Township Senior Citizen Organization is happy to announce that their 1978 Fall Luncheon will be held on Friday, September 12, at the Sabre Room. Total cost of tickets is $10 but we are again subsidizing this party and the cost for each Senior Citizen residing in Worth Township will be $5.

Tickets for this party will go on sale on Monday, August 4 at 9 am to registered club delegates. If you belong to a Senior Citizen Club you must purchase your ticket thru your club, but if you do not belong to a club, you may purchase your ticket on an individual basis.

Each delegate may purchase thirty (30) tickets for their club and at the time of purchase they must present the name and address of each club member purchasing a ticket and $5 for each ticket purchased.

This promises to be a party to be remembered with a prime rib luncheon plus the beautiful entertainment provided by the Sabre Room.

Nancy's features specials each day

How about NANCY'S and the best stuffed pizza in Oak Lawn? Nancy's is not a pizza house alone but does have a complete menu that features the best of Italian and American cuisine from pastas to steaks and fish.

Did you know that in 1978 both the Chicago Restaurant Guide and the Chicago Tribune gave them the title of "The Best Stuffed Pizza in Chicago."

Nancy's at 103rd & Cicero for specials of the day.

They also have delivery and pick-up and-you can call 857-8550 for fast service.

Beauty and dance contest with prizes at Diorr's

Diorr's, decorated beautifully in silvers and grays is starting something new to delight the customers.

Beginning next Wednesday and continuing for four Wednesdays, there will be a beauty contest to pick Ms. Diorr, with one thousand dollars in cash to be awarded, $700 to the winner, $200 to the runner-up, $100 to the third place winner. In addition the club is designating every Sunday in August to be "Dance Fever Night" with a $100 cash prize for the best dance couple each Sunday.

More big news is that come September -an "American Gigolo" contest every Wednesday with another $1,000.00 to be awarded.

Charlie's Grand Opening Aug 4 thru 11th

Let's all go to Charlie's for the "Grand Opening" August 4 thru August 11.

For the adults there will be a champagne fountain adorning the salad bar that features 30 types of salads.

For the special treat to all pizza lovers they will be one-half (½) price during these special days.

There will be balloons and candy for the "kids" and the biggest attraction of all is to see Charlie doing his magic and tricks from 5-9 daily.

Charlie's also specializes in American and Italian Cuisine, sandwiches and a children's menu. This different and delightful spot is located at 10130 Harlem, Chicago Ridge.

Jasinski artist of the month

Artist of the Month at the Oak Lawn Public Library is Raymond Jasinski, a teacher at Elgin High School and a Master's Degree candidate at Northern Illinois University.

His exhibit of pencil drawings is entitled "Gun Study." He has combined his art work with his fascination for weapons to produce this unique display.

Jasinski has a Bachelor of Fine Arts from Southern Illinois University and is working towards a Master's in commercial art and illustration. This is his first public exhibit.

Visit the balcony gallery Monday thru Thursday from 9 am to 9 pm, Friday and Saturday from 9 am to 5 pm. The Library is closed on Sundays during the summer.

DIVORCE ANONYMOUS

Divorce Anonymous announces its regular south side meeting on Tuesday, August 19, 7:39 pm at Mt. Greenwood Community Center, 11355 S Central Park Avenue. The topic will be Marriage/Divorce Problems.

These are "Drop-In" Rap Sessions consisting of both men and women discussing their personal anguish in the breakup of their marriage. They empathize with each other and attempt to ease some of the emotional conflicts resulting from marriage/divorce situations.

There is no leader giving a speech, but only a moderator directing the conversation. They are all volunteers, non-professional, non-sectarian and are completely self-supporting thru small donations and memberships.

All are welcome, you do not have to be divorced to attend.

PARLIAMENTARY PROCEDURES SEMINAR

Moraine Valley College's annual Parliamentary Procedures Seminar is scheduled for 8:30 am - 2:30 pm, Saturday, Sept 6. The meeting will be held in Room B111, B Building, on the college campus, 10900 S. 88th Ave., Palos Hills.

Fee for the day, including light lunch, is $10 per person. Deadline for registration is Aug. 27. For info call MVCC Community Services Division, 974-4444.

Oak Lawn Youth Commission First Annual Bed Race

On August 23 the Oak Lawn Youth Commission will sponsor the FIRST ANNUAL OAK LAWN BED RACE. This unusual "athletic event" will be open to any Oak Lawn business or groups of individuals wishing to participate by entering a "racing bed and team": Young or old or in between may participate --no experience is necessary!

Are we serious? You bet! In Seattle, they are staging their Fourth Annual Bed Race this year. In '78 and '79 they drew large crowds, generated enthusiasm and spontaneity among the merchants, involved the entire community and attracted wide spread TV, radio and newspaper coverage.

In Oak Lawn the event will feature an assembly area where racing teams can display their beds and have them inspected, a drivers meeting and press party, a "Parade to Post" where celebrity judges will select the best decorated bed, eliminations heats with official stewards from a local car club, a final run-off, an award ceremony and much more.

Entry fees will be turned over to the Muscular Dystrophy Association to support further research and summer camp for MDA youth.

Make a decision soon to participate in Oak Lawn's First Annual Bed Race. The field will be limited to 32 entries. . .so act now! Help yourself. Help Oak Lawn. Help the kids suffering from Muscular Dystrophy. . . and have a good time! For information and details call Laura Kamperman, Oak Lawn Youth Commission, 636-4400, ext 337.

MVCC's annual parliamentary seminars are designed for beginning and experienced would-be parliamentarians and for officers of clubs and organizations.

This session, led by Henrietta Marjan, will emphasize nominations and elections. Participants will practice procedures, including preferential voting; casting votes; counting votes and preparing a teller's report.

VOLUNTEERS. . . VOLUNTEERS. . .

Little City, Palatine, IL, a residential training and habilitation center for mentally retarded and blind retarded children, needs 3000 persons to help in its annual massive areawide "Illinois Smiles for Little City" Drive, Friday and Saturday, August 8 & 9. If you can volunteer one or more hours of your time, please call Little City at 769-4404.

July to September—the most turbulent American disaster period in recent history. The Red Cross fed and sheltered 453,331 people . . . assisted 70,688 families to put the pieces of their lives together. Cost, over $23,000,000. As a result we face the balance of the year until June 30 millions of dollars short of disaster relief funds. Now we're asking you to HELP KEEP RED CROSS READY—

Send a contribution marked, "DISASTER RELIEF," to your Red Cross chapter.
Enclosed is my tax deductible contribution of $_____ to the emergency drive for disaster relief funds.

Energy corner

News Information Supervisor
Commonwealth Edison Co.

Do the summer doldrums have you down?

Are you tired of doing the same old things and going to the same old places?

If your group is looking for a different type of outing, the Visitor Center at Commonwealth Edison's Dresden Nuclear Power Station may be just the thing.

The Center offers, free of charge, an inside look at the way nuclear energy is produced. While security regulations prevent visitors from touring the actual plant, a trip to the Center can be just as informative – if not more so. The "tour" is on film, which shows areas of the plant that would be off-limits, even if visitors were allowed inside. The one and one-half hour program also includes a short talk about Dresden by an experienced guide, a discussion of nuclear power issues and a visit to an exhibition room, where various displays and models are explained. Free educational material is also provided.

To enhance your visit, pack a picnic lunch to enjoy at nearby Goose Lake Prairie State Park. If "the great indoors" is more to your liking, there are many fine restaurants in the area. There are no luncheon facilities at the Center.

The Center can accommodate up to 80 persons, and there is no minimum number requirement. Visits are by appointment only. Normally, the Center is open from 8 am till 4:30 pm Monday thru Friday. In special cases, groups can arrange a visit on a Saturday, Sunday or in the evening. The Center is not open on holidays.

To arrange a visit, either write or call Tour Director Don Bromley as far in advance as possible. The address is Dresden Nuclear Power Station, Rte. No. 1, Morris, Ill. 60450. The phone number is 815-942-2920. Dresden is located just north of Lorenzo Road, four miles west of I-55.

Requests for tours should include the following information: Desired time and date of visit; number of persons in group; makeup of group (senior citizens, scout troop, etc.) and name, address and telephone number of person in charge.

In 1979, the Center played host to 2,436 visitors. Attendance is running well ahead of that pace this year, with more than 1,400 visitors through June and some 3,500 expected by year's end.

The Center has an international flavor, too, having entertained visitors from Australia, China, Japan, France, England, Israel, as well as many other foreign countries.

All types of groups visit Dresden, including grade school, high school and college students, scout troops, service clubs, and church organizations, just to mention a few.

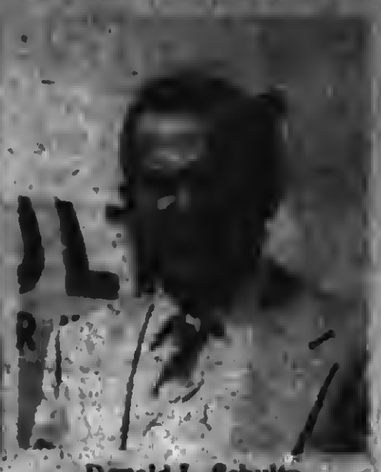
Why not add your group's name to the list?

Two named to Heritage Standard board of directors

Alfred J. O'Malley, chairman of the board and chief executive officer of Heritage Standard Bank, 2400 W 95th Street, Evergreen Park, and 4001 W 95th Street, Oak Lawn, is pleased to announce the election of David F. O'Keeffe and Donald L. Schultz to the board of directors of Heritage Standard Bank.

David F. O'Keeffe, a resident of Oak Lawn, has been president of Star Moulding and Trim Co in Bedford Park since he purchased the company in December of 1958. He has served as treasurer of the Woodworkers' Assn and secretary of the Architectural Woodwork Institute. Mr O'Keeffe's other professional organizations include the Clearing Industrial Assn, where he has served on the board of directors, and the Millmen's Pension Fund, where he has served as trustee.

Mr. O'Keeffe attended Marmion Academy and graduated from Northwestern University with a Bachelor of Science degree in Business Administration. He has also attended classes at Kent College of Law and LaSalle Extension U.



A member of Ridge Country Club, O'Keeffe's hobbies include golf, racquet ball, and bridge. David and his wife, Patricia, have two daughters, Marianne and Monica, and one son, David.

Donald L. Schultz is president of Schultz Gas Service, Inc., a dealer of LP gas, where he has been employed since high school in such positions as driver, serviceman, dispatcher and vice president prior to his appointment as president of the company in 1972. A resident of Lansing, where his business is also located, Schultz is past president of the National LP Gas Assn. He has also served as president of the Lansing Lions and commander of VFW Post 7660. Currently, he is vice chairman of Trinity Lutheran Church.

Schultz is a graduate of Thornton Fractional High School in Calumet City. A member of Olympia Fields Country Club, his hobbies include golf and fishing. Donald and his wife, Rosalie, have one daughter, Terri Lynn. Their son and daughter-in-law, Thomas and Linda, and their two grandchildren are residents of Glenwood.

Richards' Brennan enrolls at IWU

John [illegible], who played [illegible] tackle and end for Richards High School's SICA North [illegible] football team last fall, has decided to enroll at Illinois Wesleyan U, IWU football coach Don [illegible] said recently.

"We consider John a very good prospect who has the frame to increase his weight in college," Larson said of the 6' [illegible] 190 pounder. "He could play in either the offensive or defensive line or might even develop into a linebacker in college. It will depend on how things go in practice."

Brennan is an outstanding student, having ranked in the upper 20% of his class.

Wesleyan won seven of nine games last season, tying Elmhurst for second in the College Conference of Illinois and Wisconsin. The Titans have a large number of lettermen returning and expect to be in contention for the CCIW title again.

Richards High School produced another outstanding IWU lineman in Wes Schneider, a 1975 graduate who helped the Titans tie for the 1974 CCIW championship and also gained second-team Academic All-American honors at defensive tackle.

Annual Rocky Mountain Youth Conference IV August 9-17

The Southwest YMCA is registering high school students who have completed their freshman year for ROCKY MOUNTAIN YOUTH CONFERENCE IV to be held at the YMCA Snow Mountain Ranch near Granby, Colorado August 9 thru 17. The conference has become an annual event and is a unique learning experience in group interaction and outdoor adventure. Plans are to take 35-40 students from the southwest area. This trip is a worthwhile experience in personal growth and allows the opportunity for young people to form close friendships with others their age from the Chicago area and the Rochester, New York area.

Snow Mountain Ranch consists of 2500 acres in the heart of Colorado's most scenic and unspoiled mountain area. Large and small group activities are planned and include hiking, rubber-rafting down the Colorado River, horseback riding, a hayride, and evening campfire, and much more.

The cost is only $225 and includes transportation, room and board, and a variety of activities. This is a small price to pay for the memories and friendships you will form with others your age. For more information and registration materials, contact the Southwest YMCA at 424-8100 or stop in at the Y office at 4951 W 95th Street in Oak Lawn.

Receives Merit Scholarship Award

Realtor James M. Merrion, president of the Southwest Suburban Board of Realtors is shown awarding Eileen McKee of Carl Sandburg High School, a Merit Scholarship Award. This award was just recently created by the board of realtors to honor and recognize outstanding high school seniors in the board marketing area. This award is in the amount of $500 and is unrestricted in its application towards the recipient's further educational requirements. Eileen was one of four recipients, the other three being Ann C. Graver, Richards High School, Rebecca Rodgers of Oak Forest High School and Irene Delgado, Reavis High School.

The Southwest Suburban Board of Realtors will increase the number of scholarships awarded in 1981 to eight $500 awards.

Pre-schoolers graduate from Nursery Program

Thirteen pre-schoolers "graduated" from the Oak Lawn Comm High School Nursery School Program. The course in Child Development helps students understand the needs and development of young children by providing the high school student with practical experiences. The experience also helps students gain an understanding of themselves; prepare to become better parents; and become potential employees in the Child Care area. The course covers pre natal development and the physical, mental and social development of children. Career opportunities are also explored.

The pre schoolers who completed the program were: Alan Bale, Traci Bale, Jeff Burk, Mandi Burke, C. J. Chilvers, Tommy Flannagan, Sarah Funk, Heather Hunhoff, Jenny Kave, David Marek, Dawn Marren, Vicki Miliauskas and Dana Scott.

The children and their parents were treated to a party on the final day. The Child Development Lab is under the supervision of Ms Virginia Holak.

Senior Discount Directory Available

The new Senior Citizen Commission Discount Directory is now available. You may obtain your directory by stopping at the reception desk the next time you are at the Senior Center.

In order to use your directory properly, you must have a green discount card to present to the merchants listed in the book. If you do not have a card, it will be issued to you at the Center.

To be eligible for this program you must be an Oak Lawn resident 60 years of age or older.

Please read each discount description carefully and be sure to show your green discount card to the clerk when making a purchase and before the sale is rung up.

The Senior Center Commission wishes to thank the local merchants who are participating in this program.

Christmas in July at Park Lawn school

It's difficult to project to December and the Christmas Season when the temperature is soaring to over 100 degrees. But it is Christmas in July for the Park Lawn Association whose annual Christmas card sale is already under way.

Catalogs displaying 17 beautiful cards for business or personal use are available for those who wish to make an early selection.

The sale of these cards benefits the mentally retarded of the Park Lawn School and Activity Center, 10330 South LaPorte. For further information, call the Park Lawn school office, 425-3344, 9 am. to 4 pm Monday thru Friday.
